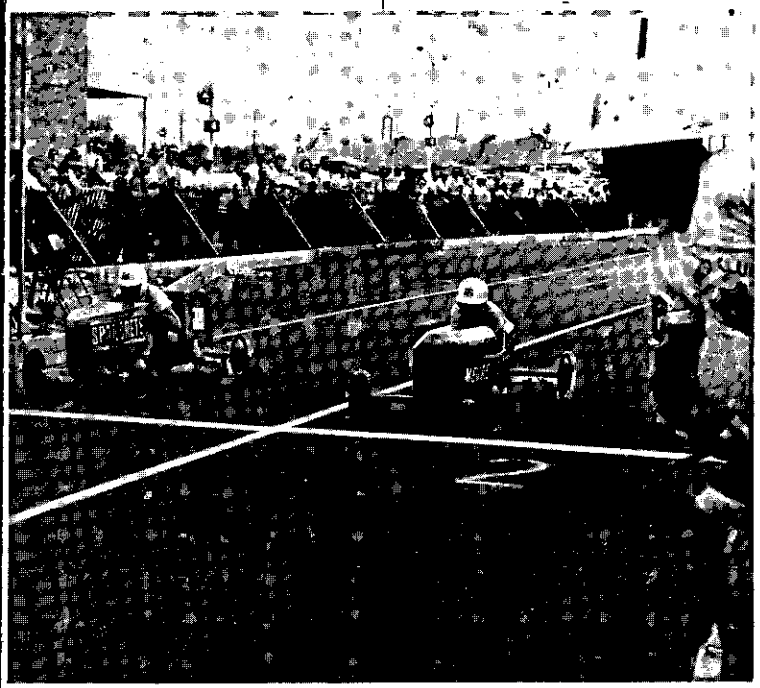
DELMAR'S OWN SOAP BOX DERBY ENTRY



In the top picture is Craig Doremus of 33 Marlboro Road, Delmar, who carried the Tri-Village flag in this year's Soap Box Derby and placed 6th in Class B. In the bottom picture Craig is on the right in one of the 6 heats he had to complete. He raced with 10 stitches in a wound received previously. Craig is 12 years old and was sponsored by Meurs and Dutton. Trophies and prizes will be awarded all winners at the Soap Box Derby Dinner on July 17.

HERE'S THE FIRST LETTER FROM OUR 1965 AMBASSADOR

Mary Ann McManamon, Bethlehem's Community Ambassador to Japan, left Bethlehem June 13. However, it was July 3 before she actually left the United States for Japan. The intervening time was spent in a more intensive and extensive program of orientation than any of the previous ambassadors has experienced. Her letter shares this preparation with the community.

Thursday, July 1, 1965
Katherine Branson School
Ross, California

Dear Folks,

The three weeks since I left Delmar have been exciting and different, even though I am still in the United States. The Experiment in International Living is expanding its orientation program for the Japanese group from the usual three or four day period to a three week period.

Our course certainly has been intensive. Classes are six days a week, with extra time required for language tape practice. The eighty people involved are divided into several groups according to "affinity" for the language, (No one had had previous experience with Japanese), so that class size ranges from seven to ten people. Our teachers are all Japanese, mostly students from California

Mary Ann McManamon

colleges. We have several teachers during the day, so that we will not become used to any one dialect.

Today we had our final exam, which consisted of a taped oral dialogue, and a six page written exam. The purpose of the exam was to find out how much we could learn in the three week period. At the end of our eight week stay in Japan, we will be given another test, to find our (hopeful) increase in knowledge.

It has not been all work, however. We are staying at the Katherine Branson School, a beautiful private school north of San Francisco. There are tennis courts, a baseball field, and a heated swimming pool. The scenery is unbelievably beautiful; we are in the heart of lush green

GE HERE!

A 500-acre tract on Long Lane in the Town of Bethlehem has been chosen by the General Electric Company for a multi-million dollar plastics plant.

The plant, on which construction has already started, will be the first of its kind in the world, GE said, and initially will employ about 150 people, mostly professional personnel.

The company's decision to build in the Town was hailed by Supervisor Bertram E. Kohinke, who, with other town and state officials, has been working with General Electric for some months.

mountains. Fortunately we are outside the area of San Francisco fog and cold weather, so that every day has been sunny and warm enough for swimming (after classes get over at four o'clock.)

Our teachers have been staying here at Ross, which has helped a great deal in cultural orientation, as we have had Japanese films, lectures, and panel discussions almost every evening for the past three weeks. And, of course, the students from the east coast have had a wonderful opportunity to become friends with the Japanese students in the United States. Many of our "social" activities have included volleyball and baseball tournaments between the "Amerikajin" and the "Nihonjin," the scores of which were announced in Japanese . . . We also spend time learning Japanese folk songs. It seems that music is universal.

In our free time (which is minimal) we have prepared individual reports on art, religion, history, and music in Japan, as well as participated in discussions concerning the practical facts of living with a family in a foreign country.

We are all getting very excited here, for we have our farewell dinner tomorrow night — which we will eat with chopsticks and the Japanese Consul is invited, together with other dignitaries interested in the Experiment.

Saturday morning we will leave San Francisco for Tokyo, where we will stay for three days of orientation in a traditional Japanese inn (a "Ryokan"). From there my group — there are eight of us — will travel to Takaoka, a city in north central Japan, quite near the Japan Sea.

I will not be traveling with my group to Japan, as I am the recipient of a scholarship from Japan Airlines, which includes a trip via Japan Airlines, which includes a trip via Japan Airlines. Five Experimenters will travel this way, stopping very briefly in Hawaii, while the others will travel on a charter plane, passing through Alaska.

I am looking forward to meeting my Japanese family, and to living for a while, at least, in a country that is both beautiful and exciting.

The friendships I have made

here, with both the Japanese and the other Experimenters will be unforgettable. I am eagerly awaiting the chance to really use the Japanese I learned, and to meet the families and culture of Japan.

So, until I reach my "home" in Takaoka.

Sayonara,
Mary Ann McManamon

LETTER

Dear Editor,

One of my two opponents for the Republican nomination for the Assembly has spoken out in favor of retaining public sanction of beer and wine drinking in public places by 18 year olds. I wish to make my position in opposition to teen-age drinking in public places clear.

The time has come for the legislature to stand up to the question of teen-age drinking. The temptation posed by the legality of drinking in grills and night clubs by 18 year olds should not exist. I favor the establishment of the 21 year old age limit now enforced for all intoxicating beverages in our sister states. I am convinced that such a move would cut down on the highway slaughter and help stop the skyrocketing automobile insurance rates.

We are fully aware that the churches and temples, the PTA's, the school authorities and all the parents want the drinking age raised to 21 years for all intoxicating beverages. I believe the people directly affected should have their way and I will press for a 21 year old limit.

I realize that raising the public places drinking age will not solve the entire problem; it will be a step in the right direction, and will prevent a lot of heartache for both the teenager and the parent.

Sincerely,
Thomas E. Mulligan, Jr.
Rep. Primary Candidate
112th Assembly District

Brownell Campaign Gaining

The Brownell drive for the Bethlehem Republican nomination for Supervisor is gaining momentum. In a conference with Robert McWilliams and Howard Clayton, candidates for councilman, and a group of workers, Mr. Brownell announced that the people of the Town of Bethlehem *can be assured* that there will be a Primary on September 14th. The magic number to make this possible is the signatures of 5%

of the enrolled Republicans on a designating petition. One of the Brownell workers said he obtained the signature of 10% of the Republicans in one voting district in one afternoon.

It was reported the prospect of a primary was enthusiastically received by the voters, particularly the "old time" voters and residents.

Pinnacle Program

Pinnacle Camp in the Helderbergs invites you to hear a minister from New York City and an artist from Michigan, July 18-23; also to enjoy a Concert of Sacred Music each Saturday evening.

The Rev. James R. King, Pastor of the North Shore Baptist Church, Bayside, L.I. will discuss 7 topics relative to "The Second Advent of Christ." For example, Bringing the Powers of Eternal Salvation Into the Present Day will be one of his topics from 2nd Peter in the New Testament.

The Gospel Artist and Evangelist of Muskegon, the Rev. "Ding" Teuling, will alternate with Rev. King in the 3 Sunday services at 11 a.m., 4 and 7:45 p.m. as well as at the daily 11 a.m. and 7:45 p.m. Rev. Teuling will illustrate his message from God's Word with a full-color drawing, illuminated by a battery of multicolored, rheostatically-controlled lights. Hidden to the eye are details which appear under the "black light." All aid in comprehension of the message.

Rev. King was educated in Glasgow, Scotland. He has pastored churches in Pittsburgh, suburbs of Washington, D.C. and New York City area. A founder of Washington Bible Institute, he taught Doctrine in Albany Bible Institute and in Schenectady.

Earnings Announced

Earnings for the first six months of 1965 were announced recently by Lester W. Herzog, Jr., President of National Commercial Bank and Trust Company. Net operating earnings for the six months ended June 30, 1965 amounted to $1,777,665, representing an increase of 24.9% over the corresponding period in 1964 when earnings of $1,423,423 were reported.

During the past six months, the Bank had a greater volume of deposits available for investment at higher yields, and also realized improved yields on its investment

portfolio. These factors, coupled with a substantially higher volume of loans when interest rates were remaining relatively stable and a successful containment of expenses, contributed to the significant increase in net operating earnings.

Increased interest expense on Savings accounts during the next six months plus the normal additional expenses associated with the large merger recently consummated with The Citizens Trust Company of Schenectady, will tend to restrict the rapid growth of earnings in the remaining six months of this year. President Herzog did not expect that the record trend in earnings would continue at its present rate through the remainder of the year, but stated that management does anticipate an increase of modest proportions in Bank earnings for the last six months of 1965.

Clean-Up Day

The Bethlehem Historical Association has announced plans for a clean-up day to be held at the headquarters of the Association, the Cedar Hill School building, on Saturday, July 17th. Members and guests of the Association should plan to be at the school anytime between 10 A.M. and 4 P.M., and may bring their own picnic lunches.

There will be a general cleaning of the interior of the building, and if members have special equipment for this it is advisable to bring it. Also, members are requested to bring their own equipment such as rakes, trowels, etc., for working on the exterior grounds of the building, and it is hoped that everyone will bring a plant from their own garden to beautify the garden area of the school building.

Hamilton Bookhout Announces St. Agnes Workshop Program

Hamilton H. Bookhout, headmaster of Saint Agnes School, has announced the staff of the living history summer workshop in the creative arts to be held at the school for three weeks in August. The workshop will be in session from August 9 - 27, Mondays through Saturdays.

Coordinator of the workshop will be Patricia Parry, who has taught at Saint Agnes and Saint Gregory's and has been active in directing dramatic productions on both schools. Other members of the all professional staff include Mirium Biskin, English teacher at Cohoes High School and an active member of the Yorkers, a group devoted to the history of New York State; Margaret M. Chiore, teacher of organ and classroom teacher of blind and visually handicapped children; Mary Chaplin head of the art department at Saint Agnes; and Barbara Palamountain, teacher of modern dance.

Leading artists in the Tri-Cities will participate on a more limited basis. Among them are Times Union cartoonist Hy Rosen, symphony conductor Edgar Curtis, artist Rudy Helmo, drama specialist Jo Abramson, artist and author Erica May Brooks and artist and historian John L. Henkes. Miss Liz Getz, folksinger, will teach guitar as well as entertain children with her singing.

Hoofbeats at Saratoga

"I was born a farmer. I'm still a farmer and I'll always be a farmer." Those are the words of Robert M. Whitcomb, a graduate electrical engineer by education and one of the most successful owner-trainers of harness horses at Saratoga Raceway by choice.

A native of Vermont, Bob's family has been in harness racing since 1880 and even boasted the fastest pacing mare in the world for some years, Lady Wonder 2:00 1/4. But that was long before Bob's entrance into the sport. Several years after he had attended the University of Vermont and gained an electrical engineering degree because, "I didn't know what I wanted to do, but I could do math," Bob attended the Saratoga Sale with a friend. The pair walked off with a $400 mare and a two-year-old colt named Billy Fingo, a bargain for another $400. Although eye trouble plagued Billy, he became a fine free-legged pacer and earned a mark of 2:03 and a piece. And more important to Whitcomb, he was the reason for the purchase of Morton W. for $750.

Morton W. is a full brother to Billy Fingo and Whitcomb lauds him as the best and fastest harness horse he has ever had. With more than 50 wins and 160 in the monies in some 230 odd starts, it's no wonder! The 12-year-old, who owns a blistering mark of 2:02 3/5, is currently standing stud at Whitcomb's farm in Essex Junction, Vt., but is expected back at the Spa course for another stellar season in the near future. Veteran reinsman Jerry Roider, one of Morton's 17 different drivers over the years, once said of the steed, "This horse knows more about racing than I do."

IN THE Spotlight
by Ann Treadway

This week's column is devoted to a listing of the 1965 graduates of Bethlehem Central who will enter college next fall, and the colleges they will be attending. The Spotlight publishes this list each year for two reasons: 1) To give all readers an insight into the wide range of institutions of higher education at which our young people will be represented, and 2) To give the students themselves a handy reference to use in maintaining contact with each other in the years to come.

Of 375 graduates this year, 307 or 82 per cent, have made plans to continue their education. We regret that a few may not be listed here, because their plans are not yet definite.

We express appreciation to the school guidance office for making this list available for publication, and suggest that you clip these pages for future reference.
