BETHLEHEM INDUSTRY GROWS 42% IN LESS THAN ONE YEAR

CITIZENS PROTEST INDICATES IT IS NOT WANTED

Obviously the citizens of Bethlehem are correct in protesting the growth of this industry because it is petty crime. During the first part of 1971 the incident of burglary increased 42% over 1970. In addition, bicycle theft is rampant, and of course, the drug problem is still with us.

Admittedly burglary is one of the more difficult crimes to investigate and our comments are not necessarily a criticism of our town police department. But how many of those who live in Bethlehem are aware of this problem. And if you are not aware — ask yourself, why? We attribute our information drought to no communication from Town Hall. We believe it is the responsibility of our Town Board to educate the people of Bethlehem concerning this problem and to advise methods to combat it.

THREE HAT SYNDROME CREATES DILEMMA FOR INCUMBENT SUPERVISOR

During this upsurge of our most active industry, our Town Board denied salary increases to some members of the police department who qualified as new Sergeants and were officially appointed to such positions effective May 1, 1971. These men have served as Sergeants since then but are still receiving patrolman pay. The salary differential is about $1,100.00 for each man. We understand the reason for denying them there just salary is — no money in the budget. This decision was made while wearing the hat captioned "Supervisor."

At the same time a slick publication called "Bethlehem Report" was born and delivered to our homes. This shows a political awareness of public relations but a total inability to determine a proper order of priorities for the Town as the cost of this publication far exceeds the money needed to pay the salary differential for these Sergeants. On this point our present supervisor confused his chairman's hat with the best interests of Town Government.

LET'S RESTRUCTURE OUR PRIORITIES. TRY —

To My Fellow Townsmen:

I am running for office because I believe a loyal minority or two party system is the best form of government — be it Federal, State, City or Town.

No government which is a law unto itself is a good government.

It is time for Bethlehem to have a two party system.

I urge your support.

Area. Directed by the "Friends of the Stockade," the tour will include restored homes, churches and public buildings. Members are requested to meet in the lobby of the Schenectady YWCA at the foot of Union Street at 1:45 p.m. Cost is $1.50.

ALMADÉN
Mountain Wines
We think (and American wine drinkers seem to agree) that the Almadén Mountain Wines are by a wide margin the best values in the way of table wine on the American market today. Fresh, attractive, modest wines very like the *vins de pays* served in the country *auberges* of France, the wines are available in all sorts of convenient sizes: half-bottles, bottles, and the new and superbly designed half-gallons and gallons.
Mountain Red Claret
One of Almadén's outstanding values—just about everything that a moderately-priced table wine should be, fresh, soft and delightful.
Mountain Red Burgundy
A little fuller-bodied than the Claret—no cob-webbed bottle, but a fine, forthright, sturdy, "wine-drinker's wine".
Mountain White Chablis
A perfect, light, fresh, dry wine for everyday drinking and for all-purpose use. Very like the carafe wines served in the country auberges of France.
Mountain White Sauterne
Its remarkable popularity is the best proof of this wine's quality: dry, a bit softer than the preceeding, remarkable in its price class.
Mountain Rhine Wine
A California "Rhine wine" with just a trace of pleasing sweetness, fruity, with a fine bouquet. Repeatedly, in comparative tastings, it has more than held its own against German Liebfraumilchs costing twice as much.

A FOUR-DAY instructor course for anyone interested in teaching Red Cross Home Nursing will be offered by the Albany Chapter, beginning Tuesday, November 2, according to Mrs. Donald MacHarg, Chairman of Home Nursing. Miss Ann DiNatale, R.N., area expert in the field, will conduct classes from 10 A.M. to 2 P.M. at the Albany Red Cross building.

The need for more home nursing skills has been increasing recently because of early post-operatve discharge from hospitals and the lack of beds available for the aged in hospitals and nursing homes. The fundamentals of home nursing are also valuable to young mothers.

Volunteers who become instructors do not have to be R.N.'s. Teachers, senior nursing students, licensed practical nurses, and others with teaching skills are also eligible. Interested persons should call Mrs. David, at

The Spotlight POLITICAL ARENA

BERTRAM E. KOHINKE
Republican Candidate for Re-election
Supervisor, Town of Bethlehem

With Election Day 1971 only 12 days away, Bertram E. Kohinke has issued the following campaign statement exclusively to the Spotlight:

I HAVE ENJOYED the trust and responsibility which the residents of the Town of Bethlehem have placed in my hands by electing me as their Supervisor in the past. I have found our residents friendly, courteous and neighborly — three attributes which have certainly made my job easier.

Bertram E. Kohinke

The men and women of our town are thinking people who want good government in a town that's good for them. These same residents want what is good for their children.

That is one of the reasons I am sure that they endorse the reasoning taken by an American statesman many years ago when he said, "This very essence of Free Government consists of considering offices as public trusts — bestowed for the good of the people and not for the benefit of an individual or a party."

For many years our Republican Party has been entrusted with the government of the Town of Bethlehem. We have been charged with providing good administration, efficient operation and with sound planning to cope with the future. As Town Supervisor, I am very proud of the way in which we have discharged our responsibilities to the people of our town.

I feel confident that we have had a most important role in the expansion of our town's population of over 100% in the past twenty-five years; we have been meeting this expansion in a very orderly way — parallelling our growth with well-planned and well-executed extensions of services to include these new homes and the people who live in them.

I feel that I can also take pride in our forward-thinking leadership which has accomplished so much for our youth: 1) our Youth Employment Service (YES) which has found full- and part-time employment for 847 teen-agers and college students who have wanted work; 2) the beginning of the development of the 80 plus acres on Elm Avenue into a Recreational Park of which any community could be proud: 3) the Coffeehouse on Adams Street which was purchased by the Town and turned over to our youth. We can all look at these accomplishments and be glad that we live in Bethlehem!

We have a real program for the future which will include the extension and expansion of many of our present services — with **NO INCREASE** in our general taxes for 1972. It is easy to promise all kinds of exaggerated benefits — quite another to bring about expansion and progress at NO EXTRA COST to our taxpayers. This can only be brought about by considerable study and careful planning — the kind of administration which has been the pledge and is the record of the Bethlehem Republican Party.

The Republican Party has never delayed getting into action — we have always been in action — and we will continue to work to make our slogan a truism: Good Government in Action. As before, we will continue our Republican formula for responsible government: Be fair, be just and be honest!

GEORGE W. HARDER
Democratic Candidate
Supervisor, Town of Bethlehem

The following excerpts are from a prepared statement made on October 18 at BCHS as part of a debate with Mr. Kohinke.

IN LESS THAN one year the Town of Bethlehem experienced a 42% growth. If it was industrial growth, all of us would applaud. But no one can feel a normal sense of achievement for this dramatic upsurge of business in our town because the industry is petty crime. And like all crime it is expensive to those who suffer the loss. By the middle of this year the number of burglaries increased 42%, bicycle theft became rampant and the drug problem continued. The citizens of Bethlehem are concerned, but no one in Town Hall is willing to undertake the task of informing the people of our community as to the extent of this problem. Worse than that — no one is instructing the people in methods to combat this sudden surge of undesirable business.

George W. Harder

I do not have an easy answer to this problem but I see and hear things concerning police — community relations that disturb me. The present Town Board is not handling this problem correctly and the manner in which they deal with our police officers will compound rather than solve the problem of crime. At present Bethlehem pays its police officers one of the lowest salaries in Albany County. This condition existed during the recent collective negotiating sessions between the Town and the police officers, and during most of these negotiations the Town refused to offer any salary increases. At the same time the Town was unlawfully denying some Sergeants a salary increase to which they were entitled since May 1, 1971. What kind of personnel policies dictate the denial of salary increases to patrolmen who have taken and passed civil service examinations that qualify them for the higher position of Sergeant. As I understand this problem the incumbent Supervisor takes the position there is no money in the Town budget for such salary increases and denies these men Sergeant's pay even though they function as official and approved Sergeants. This approach to government displays a political awareness of public relations but a total inability to determine the proper order of priorities for our town.

The three hat syndrome creates a constant dilemma for the incumbent supervisor because he is confused sometimes as to whether he is wearing the supervisor's hat or the chairman's hat. When his personal dilemma causes him to put his public image ahead of the best interests of town government, it is time for leadership.

DONALD D. DeANGELIS
Republican Candidate
Bethlehem Town Justice

DONALD D. DeANGELIS, Republican candidate for Bethlehem Town Justice, proposed the creation of a Medical Advisory Board for the Town Justice Court. He explained that the Medical Advisory Board would be composed of several Bethlehem physicians volunteering their services on a rotating basis to assist and advise the Town Court on medical matters, especially in regard to the youth drug cases. In this pre-sentencing procedure, the doctors would examine and medically review the youngsters and make a recommendation to the Judge regarding any further medical treatment they deem necessary such as social counseling, medical treatment or psychiatric care.

Donald D. DeAngelis

Mr. DeAngelis stated that armed with a physician's report the Judge then would have the assistance of expert medical advice to keep him abreast of the defendants' medical problems and would have a solid basis upon which to make his decision as to the final disposition of the case.

Mr. DeAngelis revealed that Judges are frequently placed in the difficult position of having to determine the medical condition of a convicted defendant before sentencing without the benefit of expert medical knowledge.

This proposal to establish a Health Evaluation and Liaison Program — HELP — Mr. DeAngelis stated "would greatly increase the total effectiveness of the Town Court to deal with the drug problem."

The Town Justice candidate further advised that he has already discussed his program with several Bethlehem physicians who have indicated a willingness to volunteer their services on the Advisory Board.

Mr. DeAngelis set forth his HELP program Tuesday evening in a speech to the Women's Club of the Delmar Presbyterian Church held at the residence of Mrs. Violet Root, Woodridge Road, Delmar.

EARL J. ROBINSON is making his first run for elective office as a Republican candidate for the Albany County Legislature from the 37th Legislative District. He has been a resident of the Town of Bethlehem for 17 years. He is a past president of the Delmar Kiwanis Club, past Lt. Governor of the Capital District. He is a past lay leader of the First United Methodist Church of Delmar. Mr. Robinson and his wife, Selma, reside at 146 Mosher Road, Delmar, with two of their four children. The other two are married.

EDWARD H. SARGENT, JR., is a Republican candidate for re-election to the Albany County Legislature from the 36th Legislative District. He was born and raised in Albany and has been a resident of the Town of Bethlehem for 17 years. He has served the residents of his district well during his two previous terms. Ed is a professor at the State University. He is a soloist at the Delmar Presbyterian Church. He served as a 1st Lieutenant in the U.S. Marine Corps for four years. He sponsored the resolution setting up the Albany County Environmental Commission and is a member of that Commission. He and his wife, Shirley, and four children reside at 15 Crannell Avenue, Delmar.

KENNETH HAHN, Republican candidate for Receiver of Taxes, seeks re-election to a position he has held with distinction for the past eight years. During his service, this position has greatly expanded. Through the years he has earned the respect and confidence of his co-workers and residents. He is a member of the North Bethlehem Fire Department and the People's Baptist Church; a graduate of Albany Business College. He served with the 82nd Airborne Division as a paratrooper in World War II. He resides at 2 Pine Street, North Bethlehem with his wife and their two children.

GREED!

Supervisor Bertram E. Kohinke and Alfred Lamouree, President of Bethlehem Police Benevolent Association, are pleased to announce that the working agreement for 1972 has been approved by the Bethlehem Town Board and the PBA. They both look forward to a continuation of very pleasant relations and service to the people in Bethlehem.

Spotlight NOTES

THE BANK had the second best earnings in its history for the nine month period, ending September 30,1971, it was announced by Lester W. Herzog, Jr., President, following today's board of directors meeting.

"National Commercial Bank realized income of $6.2 million before securities transactions for the nine months of the year, a reduction of 7.1% from 1970," Herzog pointed out. "This income ranks second after 1970, a period when banks were experiencing unusually high incomes."

He noted that total assets of National Commercial on September 30 of this year were $996,646,927, an increase of more than $160 million over last year.

While nine months income before security transactions decreased 7.1% from 1970, this is an improvement over the first six months ending in June when The Bank's income was down 11.1%. Also, The Bank has maintained its interest rates on savings accounts.

For the nine months of 1971, consolidated income before securities transactions was $6,217,276 or $3.95 per share compared to $6,694,273 or $4.26 per share for the same period last year.

Consolidated net income after securities transactions was $6,331,498 or $4.03 per share this year compared to $6,682,070 or $4.25 per share in 1970.

Total deposits were $873, 141,080 compared to $722, 187,397 in 1970.

Total Trust Division assets not included in The Bank Statement were $421,839, 383 compared to $372,737, 966 last year.

THE 1972 United Fund-Red Cross Joint Appeal in it second progress report has announced that it has reached

47.3% of its goal or $1,089,421 of a total goal of $2,299,066.

At a breakfast report meeting at Valle's Restaurant yesterday, general campaign chairman Arthur J. Leonard told division chairman, team captains, and loaned executives "with the campaign

ending on October 29, only a little over two weeks are left for us to achieve the remaining 53% of our goal." He urged an all-out effort on the part of everyone. He again stressed the critical financial needs of the 33 voluntary agencies dependent upon the Joint Appeal for their support.

In returns to date from the 11 campaign divisions, Leonard cited the Public Service division as leading with the largest percentage of goal attained. Leonard congratulated Public Service division chairman, James R. Davie, past president of Albany Savings Bank, on the division's reaching 72.9% of its goal . . . or $79,058 out of a goal of $108,440. Contributing to the outstanding showing of the Public Service division were two sections with over 80% return of goal. They were Hospitals headed by Dr. Ferdinand Haase, Jr., M.D. and John H. Irvin and Federal Government headed by Gerald D. Love.

Other divisions reporting more than 50% of their goal reached were Pacesetter A with Mr. Leonard, Colin W. Getz and Martin H. Heck co-chairman; Individual Gifts headed by Vincent H. Crawford; and the New York State Neal L. Moylan, chairman.

Learn to skate class lessons following the National Recreational Skaters Program of the Ice Skating Institute of America are being conducted at the Field House on Tuesday and Thursday mornings from 9:30-11:30 A.M. and on Sundays from 1:00-3:00 P.M. and 4:00-6:00 P.M.

Tests for the National awards are given on Sunday afternoons between 3:00 and 4:00 P.M.

DON'T BURN LEAVES

In compliance with Air Pollution Regulations for Albany County, the residents of the Town of Bethlehem are again reminded not to burn leaves.

In the Town of Bethlehem the general Town services include leaf pickup. The Highway Department, with the use of vacuum leaf loaders, regularly picks up leaves left at the curb in all areas of the Town. Any requests for service may be made to the Town Hall (439-4955) in the event an area is overlooked.

MR. AND MRS. MICHAEL F. McCullough of Manassas, Va., announce the birth of a daughter, Heidi Elizabeth, October 9. Heidi has a four year old sister, Colleen, and is the granddaughter of Mr. and Mrs. Frederick McCullough of Glenmont.

"MUCH OF THE opposition to Amendment Number One on the ballot in November comes from a misunderstanding of its purpose," according to Carol Wallace, of Altamont, president of the Albany County League of Women Voters.

Mrs. Wallace pointed out that the article also would strengthen the ability of local governments to take care of local needs. It allows the same kind of public/private cooperation on the local and state levels that is now available on the national level and in 46 other states.

Mrs. Wallace reminded voters that the article passed two separate elected sessions of the Legislature with bipartisan support.

The LWV has speakers available to explain the provisions of Amendment No. 1. Interested groups may contact Joan Strass, of Menands, tel. 463-2700.

Pros and cons are listed in the State LWV "Facts For Voters," available at local libraries.

CHARLES G. RODMAN, President of the Grand Union Company and Mr. Ralph D. Lytle, Vice President and General Manager of the Empire Divison of the Grand Union Company presided over the Seventh Annual Victory Dinner and Cocktail Party for Grand Union Empire Division personnel on September 28, at the Holiday Inn in Saratoga.

Speakers of the occasion were Mr. Rodman who announced plans for celebrating the Company's 100th year anniversary beginning in January, 1972, and Mr. Thomas Doyle, Senior Vice President, of the Company.

Following Mr. Doyle's address to those in attendance, Mr. Lytle presented Mr. Rodman with an antique 1900

"Circa" Coffee Grinder imprined with the Grand Union label. The coffee grinder was mounted on an oval walnut and metal plaque and was inscribed: "Empire Division Highest Achievement in Sales 1971. Presented to Mr. Charles G. Rodman President of the Grand Union Company by the Empire Division in commemoration of its 7th Annual Presidents Sale — August 1971."

Mr. Lytle concluded the ceremonies by congratulating all in attendance on their achievement and encouraged everyone to participate fully in the many events planned for 1972—the Grand Union Centennial Year.

PUBLIC HEARING

A public hearing will be held by the Town Board of the Town of Bethlehem at the Town Hall on October 27, 1971 at 8:30 P.M. to consider amending the Traffic Ordinance of the Town of Bethlehem by adding a number of stop intersections in the Town, by establishing a 35 m.p.h. speed limit on Cherry Ave., Hudson Ave., Jericho Rd. and Old Ravena Rd., by establishing a 30 m.p.h. speed limit on Adams Street and Brockley Drive, by establishing a 40 m.p.h. speed limit on Wemple Rd., by prohibiting parking on a certain section of Paddock Place and Kenwood Ave., and by permitting limited parking on a portion of the southwesterly side of Kenwood Avenue.

the kind of dealer America wants.

If you're fed up to here with dealers who don't care, we're with you. We do care—about you and the car you drive.

Cars built to last.

Every new car we sell is built to last. This isn't altogether a new idea. 9 out of 10 new Chryslers registered over the last 10 years are still on the road. That says a lot about the cars we sell. But this year, more than ever, there's a commitment to build cars to run better and last longer than any ever built before. We think this is the kind of car America wants.

Service that backs 'em up.

Our caring doesn't stop with our selling. We follow up with service after the sale. No problem is too great or too small, because we know our business depends on your satisfaction.

'72 now coming through.

We've got the kind of cars America wants. We want to be the kind of *dealer* America wants.

Try us and see.

How about discussing this coupon at the next meeting of your club or organization?

All you have to do to get an interesting and informative program for your club or organization is mail this coupon to Niagara Mohawk.

Our Speakers Bureau can provide you with a number of interesting talks, 16mm films, color-slide programs and demonstrations on a wide variety of subjects, at no charge or obligation.

For example, if your club is interested in nuclear power, we have three different programs available.

Operation Atomic, a 30-minute talk and color-slide presentation, describes the many environmental studies that were conducted before Niagara Mohawk received permission to construct its nuclear plant on Lake Ontario.

Atomic Power Today: Service with Safety shows how nuclear generating plants are meeting the need for additional power. This color film is available in 15- or 28-minute versions.

Nine Mile Point is a 23-minute color film that follows the planning, site selection, construction, testing and operation of Niagara Mohawk's Nuclear Station at Nine Mile Point on Lake Ontario.

Of course, there are other programs besides these three on nuclear power. They range from a cartoon feature on electrical safety to a dramatic film on the problems of nighttime crime and traffic accidents.

To get a complete listing of all the programs (or to arrange a program of special interest), phone your nearest Niagara Mohawk office or mail the entire coupon to:

System Public Relations Dept., Niagara Mohawk Power Corp., 300 Erie Blvd. West, Syracuse, New York 13202.

REWARD

For a good driving record.

REWARD is our lower cost Auto-Rite policy.

REWARD is in savings, and in getting a complete package of quality insurance at the same time. Because Auto-Rite is not the trimmed-down, minimum coverage policy you'd expect from the low price. Instead, you can get a full range of coverages, including liability, collision, fire, theft and comprehensive. Even medical payments, and emergency road service. (Liability limits are available up to $500,000.)

EXTRA REWARD is having Ætna's countrywide claim service ready to help you anytime, anyplace. It's famous for its speed and fair play. And we're here to give you our agency's personal service and attention.

If you're the proud owner of a good driving record, get something out of it. Come in and claim your REWARD.

Wandering & Wondering . . .

A BIT MORE COMPLAINING — just how many below-ground swimming pools in the area have no protective fence around them? That they exist is a well-known fact but **why** they are allowed year after year is a mystery. Then too, we were under the impression that (in the Town of Bethlehem) solid or semi-solid fences of more than 4' in height could not be erected. How come they are allowed to remain year after year?

We have nothing against swimming pools as long as small children and animals are protected — and we certainly have nothing against a good, sturdy fence as long as it conforms with what is accepted throughout the area. And wherever violations are found, we are of the belief that infractions are the result of misinformation or misunderstanding, not willful defiance of the "establishment" or its regulations.

HARDLY A WEEK ever goes by that we don't think of one of the truly great men who had an extreme influence for good on our life. The man was Dr. Royden Nelson Rand, one-time pastor of the Baptist Church on the corner of Partridge Street and Madison Avenue in Albany.

Dr. Rand was a deeply religious person who was several decades ahead of his time. His backward-thinking congregation couldn't cope with a man who could preach a 12-minute sermon and say everything the average preacher took an hour to get across; they couldn't understand a minister who could dramatize the Bible on stage, pulpit and radio and make it more interesting than a modern-day drama; they had no idea of the exceptional ability of the man who was their shepherd.

In fact, they were afraid of Dr. Rand. Their fear made them cowards and their cowardice forced them into mean lies in order to get his resignation. One concrete example: Dr. Rand and his wife went to New York City. While there they saw a couple of musical comedies, "Desert Song" and "Vagabond King."

When they returned home, the story going through the congregation was that the "minister and his wife" had attended a burlesque show. You have to be old enough to remember the early 30s to appreciate how much harm they did and how many in the congregation believed that their pastor was immoral!!

The final result: Dr. Rand resigned his pastorate and never preached again!

This man of religion was not bitter and his faith in God never diminished. His criticism was of himself and his inability to soft-soap a congregation.

To support his growing family, he went into radio continuity writing and stayed with it until his premature death.

Ten of his Biblical dramas were published in book form during the "great depression" years. The book sold rather well considering that there were no funds available to promote or advertise it in a big way. The dramas make fascinating reading to this day — they were so well written.
