Spotlight CALENDAR

ABOUT THE CALENDAR

The information printed in this column is a FREE service to **Spotlight** readers. We neither charge nor receive any fee for publicizing these events. It is for this reason that we ask those who send in information to make sure that it is complete; we **cannot** (repeat: **CANNOT**) make weekly changes in running announcements.

Because the Calendar condenses the coming event in capsule form, it has become one of the most widely-read weekly **Spotlight** features. It was so designed to allow for more space for additional features. Therefore, organizations should **not** expect to find a duplication of facts in another place. If we were to run all of the events **twice**, we'd be cutting down on our available space and thereby defeat the whole concept.

LIBRARY NOTES

New Exhibit

The Bethlehem Public Library will begin the New Year with an art exhibit of work by Dianne Barske of Slingerlands.

Mrs. Barske has both a B.A. and an M.A. in English, but she minored in art and it has always been her primary interest. She was on the faculty of the Charleston Art Gallery in West Virginia and exhibited and sold work through the gallery there. She also was a member of Allied Artists of West Virginia. Since moving to New York State three years ago, she has taught art classes in her home, taught painting and block printing at the Heldeberg Workshop, and she has won the first prize for drawing in the Open Show at the Altamont Fair in both the summers of 1972 and 1973. This past Fall she had a one woman show through the Bethlehem Art Association at a local bank.

RESULTS OF SECOND SURVEY

A second car-occupancy survey of commuter traffic from the Town of Bethlehem into Albany was made on Dec. 19 by the Natural Environment Class at BCHS. The same four check points were used but the time was increased by 1/2 hour from 7 to 9 A.M. This was the first of monthly surveys the class will be making in cooperation with the NYS Dept. of Transportation as a part of a research program on the effect of the energy crisis on community activities. DOT furnished the digital counters and tally sheets for the survey.

A total of 4056 cars with 5378 occupants was tallied. The average number of riders per car was 1.33 compared to 1.25 for the Nov. 20 survey. The totals indicated that 75% of the cars had only one occupant, down only 5% in a month. The number of 2-occupant cars rose 4% to 21%, and 3 or more riders were present in 4% of the cars, up 1%.

The results are encouraging and hopeful that this may be a trend that will continue.

The temperature at 7 A.M. on Dec. 19 was — 13 degrees. These students braved the cold to perform the public service: Jim Mooney, Chris Barker, Steve Riedel, Mark Osborne, Wayne LaChappelle, Schuyler Hatt, Mike Roark, Ken Haslow, John Foot, Lynda Taplin, Julie Carey, Bill Eberle and Jeff Young.

In addition to the car survey, Ken Haslow and Steve Riedel took a count of bus riders on 9 buses from Slingerlands through Delmar to Albany between 7 and 9 A.M. on Dec. 21. A total of 170 persons rode the buses for an average of ONLY 19 RIDERS PER BUS. These figures leave considerable room for increased use of public transportation.

Here is a breakdown of the car survey:

No. of Occupants Per Car	Sling. By-Pass	9-W	Dela. Ave.	Delmar By-Pass	TOTALS No.	%
1	76% down 8%	77% up 2%	69% down 9%	75% down 5%	3015	75% down 5%
2	20% up 6%	20% no change	23% up 5%	22% up 5%	847	21% up 4%
3 or more	4% up 2%	3% down 2%	8% up 4%	3% no change	194	4% up 1%

DID YOU KNOW?

That the Fire Departments in the Town of Bethlehem are Volunteers?

This means answering all fire calls day and night, summer and winter, and in bad weather.

In the summer, weeds and grass hide fire hydrants. In the winter, snow covers the hydrants.

If you live by a fire hydrant, you can become a volunteer to help the Fire Departments. In summer, clear the grass and weeds away. In winter, shovel out the hydrants so they can be easily spotted to save precious time in fighting fires.

SGT. PAT DORSEY BECOMES "DR." PAT DORSEY

In a recent ceremony, Sgt. Leo E. "Pat" Dorsey of the Town of Bethlehem Police Department's Youth Bureau was presented with a very special degree from McDonald's Restaurant chain. Edward Hmeileski, Manager of the Delmar McDonald's, pre-

sented Sgt. Dorsey with a a Doctor of Hamburgerology Degree from McDonald's Hamburger University. This is the highest award that can be received from McDonald's Corporation, with only twenty of these Doctor's degrees having been awarded to date

throughout the world. Sgt. Dorsey is the first Police Officer in the State of New York on which this honorary degree has been bestowed.

The University is located in the Chicago suburb of Elk Grove, Illinois, and is the advance training center for McDonald's management personnel. The degree, signed by Raymond A. Kroc, founder of McDonald's Corporation, and by Fred L. Turner, President, was presented to Pat for his outstanding Police work and in recognition of the time and efforts expended by him on behalf of the youth and adults in the Town.

In the past three years Sgt. Dorsey has worked with the local McDonald's on Delaware Avenue in arranging bicycle safety poster contest and an anti-litter campaign. He has also used McDonald's famous TV clown, Ronald McDonald, to promote his various programs throughout the schools and the Town.

THOMAS C. ROWLAND has been named a Trust officer by the National Commercial Bank and Trust Company's Board of Directors, according to Lester W. Herzog, board chairman. Mr. Rowland joined the Bank in 1967, became a trust representative in 1968 and has been assistant trust officer since 1970. He is a member of the Estate Planning Council of Northeastern New York and a trustee of the Tri-Village Nursery School.

New Officers

Recently, the Fort Orange-men of the Albany Chapter of Barbershoppers held its

annual installation of officers at the American Legion Hall, Colonie Post 1256, Osborne Road, Colonie. A hot buffet was served and selections were offered by the chorus under the direction of Thomas Cogan, Acting Director, and the Stone Age Four and Palace Guard Quartets. Numerous guests attended this popular function.

The installing officer was F. Richard Ellenberger, International Vice-President, International Board Member, Past Northeast District President and member of the Schenectady Chapter. Installed were: Norman Eveleth of Voorheesville, President; Thomas Cogan of Albany, Vice-President for Program; Harry Thayer of Ravena, Vice-President for Membership; Robert Therrien of Al-

bany, Secretary; Maurice Rivard of Schenectady, Treasurer; Geoffrey Maclay of Delmar, Delegate; and Raymond Benoit of Waterford, Business Manager. In addition, Richard Gervais, George Lepp, C.R. Boland and Daniel Ferguson were elected to the Board of Directors. Raymond Benoit served as Master of Ceremonies.

The Annual Award for Barbershopper of the Year was awarded to Daniel Ferguson of Albany. This coveted award is presented to the member who has done the most for the chapter and barbershopping.

Dangers Exposed

The dangers of warming rooms by using kitchen ranges, ovens and portable space heaters were spelled out today by Ralph P. Van Woert, Capital Area general manager of NiagaraMohawk Power Corp.

"With the cold months ahead, residents should be advised that heating the kitchen with a range or oven is

very wasteful and costly. By doing so with a natural gas range, all the oxygen in the room could be consumed, causing illness or asphyxiation."

"Before using a portable electric heater," cautioned Van Woert, "check your home's wiring. An overloaded circuit can cause fires. Also, never connect ordinary extension cords to electric heaters — a heavy duty cord is a must," he stressed.

"As a further precaution, make sure the heater has a 'tip-over' safety switch to turn it off if the unit should overturn. Keep small children away from the heater. The same applies to flammable materials, including clothing and curtains," he said.

"If you must use a portable electric heater, remember for example, that a 1,320-watt unit requires a 15-ampere circuit, and a 1,650-watt heater should be on a 20-ampere circuit. In either case, no other appliances should be on the

**Meyers
Funeral Home**

439-5560
DELMAR, N. Y.

Question:

I must be very conservative in the amount of money I spend for my mother's funeral. Do all mortuaries charge about the same?

Answer:

Sometimes we wish we knew what other mortuaries charge for their services — it would give us a basis of comparison — but actually we cannot answer your question directly. We can, however, take this opportunity to tell you that at The Meyers Funeral Home the amount you spend upon a funeral is decided entirely by you.

Basically funeral expenses are determined by putting these three essential components together: professional fees; equipment and facilities costs; the casket cost. All three components are variable, and the buyer of a funeral may be as conservative or expansive as he chooses.

No matter what price funeral you choose at our Funeral Home, the care and consideration of our personnel, and our careful attention to the necessary details remains the same to all people regardless of cost.

Annual Christmas Party

On the evening of Dec. 19, the full complement of 60 Camp Cass boys and 36 staff members joined the Voorheesvill men and women who had been working since last Fall with the campers at the annual Christmas party for the group. It was held this year at Bartke's, Ravena.

Sponsors for the buffet dinner were the Town of Coeymans, the Village of Ravena and the DeFreestville Fire Department.

Rev. and Mrs. Walter E. Taylor, of the United Methodist Church, headed the Voorheesville contingent which also included Mrs. Kathy

Otto, coordinator of the church's Upreach Program, and her husband, Warren; Mr. and Mrs. Sibley Esden; Mr. and Mrs. Alleyn Beamish; Mrs. Marge Thurlow and Walter Wolf.

Present also were representatives from other organizations who have been in close contact with the boys from Camp Cass, a New York State Department for Youth facility in Rensselaerville.

A highlight of the evening was the presentation of a stereo record player to the campers. It was made possible by the generosity of the United Methodist Church and the Delmar Presbyterian Church. A record for each of the 60 campers was provided by the Bethany Community Church, Albany.

BETHLEHEM POLICE CHIEF
Peter Fish will be the guest speaker at the Retired Men's Fraternity Luncheon today (Jan. 3), Mario's Theatre Restaurant, Troy, at Noon.

Snow Fun! *by Jim Tuller*

Snowmobilers Cooperating

Snowmobilers are being asked to cooperate in finding more ways to enjoy snowmobiling with less fuel during the current energy shortage.

To assist them, Ski-Doo snowmobile dealers are giving away new wallet-size folders listing (1) ways a snowmobiler can operate and maintain his machine to save on gasoline and (2) things a snowmobiler can do with his snowmobile to have more fun with less gas.

The tiny folders are called "Snowmobiler's Pledge" and are designed to carry for easy reference. They are available to snowmobile clubs and individual snowmobilers, without charge, as part of the new

Community Action Plan in which dealers and distributors are cooperating with Ski-Doo Division of Bombardier Limited, whose Snoplan trail grooming and maintenance program has provided assistance to many clubs and private and public land managers.

"We are seeking closer cooperation among local dealers, snowmobilers, and communities relative to possible winter snow and fuel emergencies, recreational activities, and other area programs which might be assisted through our Community Action Plan," said Laurent Beaudoin, president of Bombardier Limited and general manager of Ski-Doo Division. "We want our distributors and dealers to be involved, to be 'where the action is' in helping both snowmobilers and non-snowmobilers in these times of energy shortage."

"Ski-Doo is putting into the Community Action Plan both money and people originally earmarked for the company's professional snowmobile racing program this winter," Beaudoin said. "We believe that, in this time of energy shortage, we can make a greater contribution to a greater number of people in snowmobiling through community activities with our distributors, dealers, snowmobilers, and non-snowmobilers."

Yvon Duhamel and Mike Trapp, Ski-Doo's two world snowmobile racing champions, are making appearances this winter at dealer open houses, especially-planned snowmobile outings, and clubs to emphasize the ways to have fun on less gas. They give personal racing tips to stock and mod racers who attend and their Blizzard racing machines are on display.

Ralph Plaisted also is discussing fuel conservation, utility, and other special uses of snowmobiles at open houses and outings of Ski-Doo dealers, clubs, and schools. Plaisted led a snowmobile expedi-

tion to the North Pole in 1968 and Time magazine recently reviewed a North Pole study by Dennis Rawlins which declared that the Plaisted Expedition actually was the first to reach the North Pole over land.

Charlotte Sims, Miss Ski-Doo, and former Miss Minnesota, who was a top ten finalist in the Miss America contest, will be talking to women and other groups on the correct use of snowmobiles.

"Our company and distributors are assisting communities, clubs and dealers by making snowmobiles available to selected community service agencies for emergencies," said Beaudoin. "Snowmobile clubs and individual snowmobilers interested in working with us, in cooperating to have more snowmobile fun with less gas, are urged to contact their local Ski-Doo dealer," Beaudoin concluded. "Schools and clubs interested in hearing Duhamel, Trapp, Plaisted, or Miss Sims also should contact their local Ski-Doo dealer immediately."

Wandering & Wondering ...

1974 HAS ARRIVED and the contrived or real energy crisis is still with us. We saw and heard a very learned man on television who swore that there is no crude oil shortage of any kind. And he had the facts to prove his contentions. The following day the network presented two oil czars to refute the argument. It didn't make much sense because if the oil shortage is contrived to add more wealth and power to the oil companies, it would be foolhardy, indeed, for oil executives to admit to any kind of plot at the country's expense.

Over the years, the NYS speed limit crept upward until it reached 65 on the NYS Thruway. This meant that when the police weren't looking, 75-80 was not uncommon. Many experts on speed and the highways contended that a reduced limit would save lives. No one paid any attention. Now get this: **Since the speed limit throughout the state was reduced to 50 mph, the loss of life through auto accidents has DECREASED by SIXTEEN PERCENT!** In other words, we can't reduce the speed limit to save lives — just to save gasoline!

Ridiculous — but true!

THEN THERE WAS THE STORY LAST WEEK about the husband and wife and several small children who, as a family, decided to swap the celebration of Christmas and New Year's Day. When you stop and think of what each day represents, swapping around becomes ludicrous. But when you know the reason for the swap, then things begin to make a little bit more sense — but not much. This couple decided to celebrate the New Year on December 25 and Christ's birthday on January 1 so they could take advantage of the Half Price Clearance Sales between the two dates and do their Christmas shopping at the tremendous saving!

It's true. The things that sold for \$10 on December 24 were only \$5 or \$6 on December 26. If you looked through the Christmas Day issue of the Times-Union, you found it filled with After-Christmas Sales items — and most of them 40-50% off!

SLINGERLANDS — The Zautner Family Business Since 1949

AT THE START OF A NEW YEAR, one is supposed to make resolutions for the coming 12 months. Over the years, we've read some that were very worthwhile and some that were very clever. If a writer can combine worthwhile and make them clever at the same time, he's a winner. We don't feel especially clever this week, so that's out. We can't think of any new resolutions either. So we're a loser.

For as long as we write this column, we will always print only the truth; we will strive for these things that will make ours a better township; if our remarks at times seem to be barbed, it will be only because the cream puff approach will not work.

And that's about all we can promise you for 1974.

IT'S TIME TO RECYCLE! This Saturday (Jan. 5) and next (Jan. 12) will be Christmas tree recycling days at the Garden Shoppe on the Feura Bush Road. Your tree will make wonderful garden or flower bed mulch instead of just another part of the landfill. All you have to do is drop the tree off at the Garden Shoppe any time you're going that way. If you'd like the mulch to take home, then take your tree during the recycling hours on either Saturday: between 10 A.M. and 3 P.M.

This is the third year that the Garden Shoppe has offered this service through the cooperation of the Town of Bethlehem Highway Department which supplies the chopper and an operator.

Something else: Delmar Girl Scouts are also there to serve a hot beverage and Jim Howard and Jerry Jonas are there to welcome you and also to supply a bit of conversation as you sip your coffee. It's a good cause. It turns a worn-out tree into something useful and at the same time you can enjoy a friendly get-together.

WE'VE SAID THIS SO MANY TIMES: We will not use letters that are sent to us unsigned. If you have a good reason for having your name omitted (and you give us the reason), we'll withhold it. But please don't expect to see your letter printed unless it is signed. There's a good reason for this: an unsigned letter is a completely irresponsible product that can be all truth or all lies — and since the author is unknown, there is no recourse.

If you have something to say, sign it!

ONE OF THE FAVORITE TARGETS FOR CRITICISM from national right down to local is the police department. For every plaudit, there will be a dozen knocks. Locally, we are very fortunate. Bethlehem is one of the few townships where a woman can walk alone at night and need have no fear. For this, we should be thankful for the Bethlehem Police Department and to the man who is responsible for its operation: Chief Peter Fish.

ATTEND BETHLEHEM CENTRAL BOARD OF EDUCATION MEETINGS

Why You Should Attend:

With the pressures mounting every day for government and elected groups to open their meetings to the public, the Bethlehem Central Board of Education is a striking example and promulgator of the "open meeting." The members publicly issue an all-embracing invitation to parents, taxpayers and interested persons to attend their meetings and offer constructive help in the decision-making.

Education and its financing are two of the most important problems facing us today. Here is an opportunity for you to give of your talents in finding a solution to the many difficulties facing Boards of Education members.

In other words: to fully understand, become involved!
