# SPOTLIGHT

VOLUME 1, NUMBER 12

DELMAR, NEW YORK

FEBRUARY 16, 1956

## Gold and Silver-Plated Fabrics

If Santa brought you a cocktail or evening dress, blouse, skirt, or halter made of the new gold or silver-plated fabric, he did it to make you feel like the most exquisitely dressed woman in town! These fabrics are made by plating a 100% nylon tricot knit with a gold or silver-colored coating. They are softer, more pliable, more luxurious looking than any of the other metallics available.

But, the National Institute of Drycleaning, Silver Spring, Maryland, has a word of caution: Don't expect the impossible from this type of garment! They may be hand drycleaned or hand wetcleaned if garment design permits. Be sure to protect your garment from lipstick stains, in fact any type of spotting or staining. Most of the spotting re-agents that a commercial spotter in a drycleaning plant must use to remove ordinary spots and stains from fabrics will also remove the gold or silver-colored particles from the tricot knit base.

Pressing may present a problem for you. These fabrics are difficult to press with a hand iron. The iron has a tendency to stick to the fabric. It does not glide over the surface readily. If you need to touch up your garment at home, press these coated fabrics on the wrong side with the iron set for acetate. You will find that your drycleaner can really do a better job than you can, however, because he has available specific finishing equipment whereby he can press your garment with steam and air and without any pressure on the fabric.

Our Process bears the

**PO 8-2143**

## CLASSIFIED ADVERTISING RULES

Every week the Spotlight publishes Classified Ads FREE of any charge UNLESS you get results.

Here's how it works:

You call us and tell us what you want to advertise. From that information our ad writers will make up your ad.

You don't pay anything!

You don't get a bill for anything!

The ad costs you NOTHING unless you get results.

The minute you have had results from your ad, you call us promptly and tell us. Then, when you have had results, you send us a check:

The Spotlight, 87 Roweland Avenue, Delmar, New York

You base the amount of that check on the following schedule:

Up to \$100 on EACH article or business transaction, you send us 10% of the advertised price.

\$101 to \$500 on EACH article or business transaction, you send us 5% of the advertised price.

Over \$500 on EACH article or business transaction, you send us 2% of the advertised price.

We reserve the right to exercise our discretion in the selection of ads and their duration. The amount which is due us should be paid as soon as each transaction has been completed.

FOURTEEN TONS? No, but there were at least that many ties in last week's Scrambled Streets Contest. To win, you should get your entry to the Post Office as quickly as possible so it stands a chance of getting an early post mark.

SPOTLIGHT CLASSIFIEDS sell more merchandise every week. It's getting near house cleaning time. Now is the time to sell the things you don't use any more.

**SCRAMBLED STREETS CONTEST**  
(Continued from Page 9)

Last week's correct streets were:  
Adams Street Adams Place  
Albin Road Union Ave.  
Lyons Ave. Booth Rd.

There were almost twice as many entries as there were the first week...AND there were 14 TIES! Because of the limited space this week, we haven't room to list all of the potential winners. Instead we have sent all the persons who tied a tie-breaking puzzle. In next week's issue we'll announce the winner of the tie-breaker and also the winner of this week's contest.

Since so many people can solve the puzzle each week, we have to rely on that earliest post mark to determine a winner. Therefore it's a good idea to get your entry in the mail at the first possible moment.
