MENTAL HEALTH PROGRAM NEEDS VOLUNTEERS

At a recent luncheon meeting Mrs. William Rand, chairman of the Mosher Volunteer Committee for the Albany County Mental Health Association, announced the volunteer program which the Albany County Mental Health Association is initiating at Mosher Pavilion in Albany Hospital. There is particular need for volunteers in the areas of recreation and occupational therapy, and anyone interested in such service is asked to contact Mrs. Dorothy Knox, Director of Volunteers at Albany Hospital, before Nov. 16, the date set for orientation.

WORLD COMMUNITY DAY TO BE OBSERVED FRIDAY AT ST. STEPHAN'S

The World Community Day service, with the theme "Full Partners for Peace," will be held by the Tri-Village Church Women on Nov. 6 at 9:30 A.M. at St. Stephen's Episcopal Church, Elsmere. After a coffee hour Mrs. Mahrion Dapson will lead the service. Mrs. James L. McGraw will discuss "How We Can Help New Nations" as told her by Bengt Simonsson, missionary in Johannesburg, Africa. The Delmar Bookmobile, which stole Moscow's heart (and vice versa), returned to our shores this week.

The hero of one of the most successful penetrations of the Iron Curtain by Western culture is back in America for re-grooming by its manufacturer before entering service on our Town's roads, streets and by-ways.

The Bookmobile, you will recall, was one of the most popular exhibits at the American Fair in Moscow last summer. When it first arrived, it was refused admittance. Russian officials protested that this was not what they had envisioned as "an exhibit of books." However, the director of the Fair pointed out that nothing had been specified as how the books were to be exhibited and the Bookmobile was going in. It did.

Next, the Russians decreed that every book must be placed safely behind glass. Again the Americans stood adamant and insisted that the whole point of a Bookmobile would be lost if this were done. They added that if books were lost, they were lost, and that in many cases as many as 6 copies of a book had been brought along to prepare for the probable thumbing, tearing and wearing by visitors.

The Muscovites happily ignored the Kremlin edict against "free samples" and surreptitiously pocketed dozens of volumes. This unauthorized "lending" almost put the Bookmobile out of business but American publishers met the emergency by rushing replacements that kept forbidden American ideas flowing into eager hands.

Efforts were made by Dr. Theodore C. Wenzl, president of the Library's board of trustees, to have Vice-President Nixon make a formal inspection of the

For and Against BCHS Addition

To The Spotlight:

On Nov. 16, I plan to vote a few dollars a year right out of my pocket and into the futures of hundreds of children. I am going to vote for the addition to BCHS.

I hate to spend more and more of my hard-earned money on any cost-of-living item . . . but not as much as I would hate to see a double-session, 10-hour school day, with high school kids short-changed on space, equipment and study programs.

What was good enough for me is NOT good enough for my children. I want them better prepared for life and work than I was when I left an overcrowded high school 20-some years ago. And just as steak costs three times as much today as it did when I entered high school (and may cost four times as much next year!) so, perhaps must education.

Whom are we to believe? I am willing to accept the opinion of what I consider a first-rate school board and volunteer investigating groups that \$1,185,000 must be spent to keep our school system one of the best in New York State.

When I consider my good fortune in living here, high taxes or no high taxes, I count two "blessings" first: (1) the efficient town government that encourages pleasant, placid life, and (2) the superb schooling my kids are getting. There are a lot of places I can cut back before I reach the school's share of my dollar.

(BCHS ADDITION)

To The Spotlight:

Nov. 9th is the date for discussion, and Nov. 16th is the date for voting upon the proposed new \$1,185,000 addition to the new \$2,000,000 plus Senior High School. Everyone is complaining about this new proposed addition but how many are going to have the intestinal fortitude or just plain "guts" to put down this hair brained scheme which is being forced upon us?

... In 1950 when I moved here my tax rate was \$24.32 per \$1000 of assessed valuation. Now it is \$53.82. Where is it

to stop? With \$2.40 more added on and not to count the cost of additional teachers if this addition goes through? We were first told the Delmar grade school was crowded and more classrooms needed so an addition was made. How many classrooms? Not even one! Next it was a new Lamagiaeel School, then a new Glenmont School. We were told the Jr.-Sr. high school was overcrowded and that it was an impossibility to build an addition to this building so a new high school was necessary. We were told there would be no increase in taxes for this since the new "power plant" being built would more than pay for the construction of a new high school. What a laugh! You all know what happened to your taxes. We were told this was the ultimate in schools and would cover needs for at least 20 years. Now in only three years a new addition costing \$1,185,000 is needed. (Not including all the extras which could well run to another \$1,000,000 before this fiasco is fin-

The present school, with 21 classrooms can easily take care of over 800 pupils with only 40 to a room, not considering that there is also gym, swimming, shop, Home Ec. room, etc. to take care of a few so that each room, every hour of the day does not contain 40 or more. There must be better planning and more thought needed here or else only the very wealthy will be here in the Tri-Village area, and who needs so many schools for the amount of children there will be left?

Dr. Frankenstein created a monster which he thought would be the perfect man, but it grew out of hand and turned on its maker and destroyed him. Are we also creating a "monster" in our school system? Let's stop it before it drives us out also. When the time comes that the actual school population warrants an addition, then and only then should we consider an addition and not now on what may be!

Mrs. Barbara Rau, librarian, reports that the Bookmobile should be all refreshed and prettied-up, ready to begin its travels with hundreds of interesting books quite soon; it is hoped before the Holidays.

And remember, when it stops in front of your house, that this is the very same brave bearer of American ideals that with streamers flying, toured the cloistered city of Moscow for 20 miles, at 20 miles an hour, last July, to the admiring wonder of the free world's reporters on the scene.

by Abbie Utz

Hallowe'en fun is over, so let us now settle back and get ready for necessary tasks of our community. May they be privileges, right to vote, — remember the school proposal coming up November 16, between 7 a.m. and 9 p.m. in the boys' gym at the Junior High School in Delmar. The need is great to double the capacity of the Bethlehem Central Senior High, so here's your opportunity to back the Bond issue proposal, representing the culmination of more than a year's work by 100 people of our school district. This is a sound and practical plan for the education of our high school youth of today and the years to come.

Parents of Hamagrael School are being invited to National Education Week Open House on November 10 and again on the 12th. The teachers will announce the time for visiting hours, and we do believe this is a worthwhile opportunity for parent participation and interest. A must too, for the children's sake.

You know Bryn Mawr is celebrating a very important time in their college career — the 75th anniversary. Local alums are to hear a trustee of the college, Miss Vining, the former tutor of the Crown Prince of Japan. No foreigner ever before had been accorded the honor to attend an Imperial wedding, but Miss Vining was given this privilege. Her topic this evening at 8:30 at the Albany Academy for Girls will be "Youth in Japan Today." Mrs. Noel S. Bennett, Jr. of Slingerlands and Mrs. John K. Meneely, Jr. of Glenmont are respectively in charge of arrangements for the dinner to be given in honor of Miss Vining before the lecture in the Girls Academy dining room and reservations for the lecture. Miss Elizabeth Kirkbride, oldest Bryn

HT 303

**THAT MAKES HY-TEST 303
THE CLEANEST BURNING
FUEL OIL EVER SOLD!**

BRING OR
MAIL TO KING FUELS

— HERE'S HOW TO WIN —

HY TEST 303 is a premium quality fuel oil yet it costs no more than ordinary fuels. The big difference with HY TEST 303 is this: Only HY TEST 303 is dehydrated and filtered to remove any moisture, gum or sludge that is sometimes present in other fuel oils. HY TEST 303 also burns cleaner because miracle additive HT 303 has been put in it to help remove soot accumulations in your furnace and to prevent any further build-up of soot. This saves home fuel oil users an average of up to 20% yearly on heating costs. To win 200 gallons of this superior fuel oil, count the drops in the drawing above. Fill in your answer in handy coupon and mail to King Fuels. There's a new contest each week. In the event of ties winner will be selected by a drawing. Contest ends Saturday nite at midnight.
