At 7:30 P.M. on Jan. 28 the Albany Chapter of the Society for the Preservation of Barber-shop Quartet Singing in American will give a concert for the Delmar Senior Citizens in the auditorium of Bethlehem Central Junior High School. Members of the Delmar Progress Club will recall this fine singing group which sang for them at their fall meeting. The singers are now preparing for their annual concert which will be held in the Albany High School auditorium on April 29.

"UNIFORM CLOSET" CREATED FOR BROWNIE AND GIRL SCOUT UNIFORMS

Mrs. Clifford Baudish of 160 Adams Street in Delmar will initiate a new and welcome enterprise in our community. She will keep a "Uniform Closet" for outgrown Brownie and Girl Scout uniforms and even for leaders' uniforms no longer being used. If you have such a uniform which you would like someone to get some use from, free of charge, please contact Mrs. Baudish.

Voting on the proposed revised addition will be held from 7 A.M. to 9 P.M. on January 25 at the Junior High School.

To The Spotlight:

I have lived and been a taxpayer in the Town of Bethlehem for over a quarter of a century.

I am getting close to the time when I will have to retire from my job.

I would like to spend my "declining" years in Delmar.

I am afraid that at the present rate of school tax increases this will be impossible.

I intend for that reason, to vote "no" on any additional school bonds.

I hope other oldsters in town will do the same.

To The Spotlight:

In your Jan. 14 issue, Mr. Arthur J. Balluff raised these questions about the proposed addition to the Bethlehem Central Senior High School:

1. Are the estimated costs of this addition in line with the costs experienced by other school districts?
2. How many bidders were there on the job?
3. Why was an architect employed?

Investigation reveals:

1. The cost of constructing high schools in New York State during the month of December, 1959 varied from \$14.95 to \$18.65 per

square foot. In comparison, the estimated cost of the Bethlehem Central Senior High School project is \$15.00 a square foot. My answer to the first question is that the cost of the addition is very much in line with current school building costs.

2. A careful reading of the Nov. 18, 1959 *Times-Union* article referred to in this *Spotlight* letter, reveals that the Very Rev. John F. Bourke, Superintendent of Schools of the Albany Catholic Diocese was discussing in his interview the construction of elementary schools, not high schools as implied. It is a fact that high school construction costs are higher than those for elementary schools because of the specialized nature of the rooms which must

be built, such as science laboratories and shops. In raising this question of comparison, Mr. Balluff has, in my judgment, attempted to compare the costs of dissimilar buildings.

3. Construction and equipment bids are taken after voters have approved a bond issue and the architect has prepared detailed plans and specifications so that competitive bidding can result. The procedures to be followed in this matter are defined for the Board of Education in the General Municipal laws of the State. These procedures were followed when the original high school was built. An examination of the official minutes of the Board of Education discloses that the Board received 48 bids on equipment and 44 bids on the

prime contracts covering general construction, heating, plumbing, ventilating, and electrical installations. Contracts were awarded to the lowest responsible bidders in accordance with specifications.

4. Section 7203 of the Education Law requires that school buildings costing over \$5,000 shall be planned by a licensed architect. This is the prime reason why the school board employs one. Another reason is that the employment of an architect is a sound business practice. Because of his knowledge of materials, design, and construction, an architect can produce plans and specifications for competitive bidding purposes. Thus he protects a district against waste and insures economies in construction.

I am convinced that the proposed Senior High School addition has been planned economi-

STATEMENT OF VIEWS

JANUARY 13, 1960

JOINT MEETING
STEERING COMMITTEES
OF JUNIOR AND SENIOR HIGH SCHOOL

VOTED:

That the Steering Committees of the Junior and Senior High Schools of Bethlehem Central School District desire the people of the School District to know that, having carefully examined the revised Bond Issue proposed for an addition on the Senior High School, they, the two Steering Committees representing the parents of the children in these District Schools, take renewed pride in our school system, in its schools and teachers.

The Committees record their confidence in the Board of Education and in the Supervising Principal. With enthusiasm they desire to endorse the Bond Issue now proposed in order that the school may serve the children of the District. They point out that the annual school bill in our community is only in small part the amortization of school building construction.

Clearly, whether we have the addition or not, the cost annually of educating the children of the District will be in direct relation to the number to be served. The number now in the lower grades is known — it warrants the addition. Whether we have these children in single, double or triple sessions, the fixed and basic costs of instruction patently constitute the largest share of the school tax dollar. Under law, the education of the District's children is the responsibility of our community.

The Steering Committees of the Junior and Senior High Schools believe that the amortization cost of the addition to the Senior High School, as an annual charge against the District's school taxpayer, is a small price to pay for the required physical plant in which the business of education can be carried forward.

children will have completed their elementary and high school education in the Bethlehem Central School system. I feel they have been well trained for their college work.

Secondly, I have great confidence in our Board of Education and the various citizens advisory committees . . .

Thirdly, our schools teach more than the "Three R's." I am glad they do . . .

Fourthly, our schools are not just educational institutions for pupils through high school age, but they are community institutions . . .

Fifthly, our school program has many things to occupy the time of our youth . . . [so that] they will not be spending their time at the Four Corners or with gangs of hoodlums. If parents cannot keep their children occupied and school activities will, the whole community benefits.

Lastly, when I pay my school taxes . . . I realize that I am not just paying for my own children's education. Others before me provided the schools for my children. I should do my share to provide for those to come . . .

I naturally would prefer not to pay school taxes, or any

The Story of an unusual BREAD from IRELAND...

IN 1817 THE O'CONNELL FAMILY, LONG FAMED AS BAKERS IN THE TOWN OF MOUNTMELICK, IRELAND, DEVELOPED A NEW KIND OF BREAD CALLED IRISH OATMEAL BREAD.

IT WAS SO DELICIOUS, SO HEARTY AND UNIQUE IN FLAVOR THAT THE FAME OF O'CONNELL'S NEW BREAD SPREAD FAR AND WIDE. IT SOON WAS BEING DELIVERED ALL OVER THE COUNTRY BY DONKEY CART.

THE COMBINATION OF THE O'CONNELL FAMILY'S BAKING SKILL AND THE DELIGHTFUL NUTTY FLAVOR OF THE TOASTED FLECKS OF IRISH OATMEAL GENEROUSLY SPRINKLED THROUGH THE LOAF, WAS THE SECRET OF THE BREAD'S FAST-GROWING POPULARITY.

RECENTLY THE BAKERS OF BOND BREAD OBTAINED THE RECIPE FOR O'CONNELL'S IRISH OATMEAL BREAD AND IMPORTED FROM IRELAND THE NECESSARY DELICIOUS IRISH OATMEAL. SO NOW THIS BREAD IS AVAILABLE IN YOUR TOWN. IT COMES IN A YELLOW AND GREEN, RE-USABLE, PLASTIC BAG TO INSURE FLAVOR AND FRESHNESS AND YOUR FAVORITE STORE HAS IT!

The Slingerlands Community Players are shifting into high gear, preparing their second program of the season, for presentation on Feb. 18 and 20 at BCHS. The Thursday date is a switch from the one originally announced, because of a conflict in the use of school facilities. Tickets for the "Three-in-One" evening may be obtained from any member of the Slingerlands Players or at the box office.

Bill Krouse, of the Milne School faculty, is starting a crash program of rehearsals for Noel Coward's poignant 40-minute drama, *Still Life*. Dr. Paul Pettit of the staff of New York State College for Teachers is directing several "Blackouts" by such authors as Ring Lardner and George S. Kaufman. (Blackouts were used in vaudeville shows to bridge gaps between acts; they are short snappy, usually preposterous jokes.) John and Doris Clark and a Tri-Village trio have been diligently practicing Leonard Bernstein's opera *Trouble in Tahiti* for weeks, under the direction of Mrs. Ruth Wilber, and the Players predict as delightful a musical performance as last winter's production of

Menotti's "The Telephone."

On Saturday, Jan. 23, two fashion shows will be presented and the 10 finalists will be judged on their evening gowns at these shows. On the following Saturday a talent show and final judging will be held. Both fashion shows and the talent show are open to the public and tickets may be purchased in this area from The Delmar Pharmacy, and The Plaza Pharmacy.

Driving was just too difficult in downtown Albany . . . so please plan ahead for the new date — January 26th at 12 noon at The Ten Broeck Mansion. Good luck Madame Chairman and all on the committee.

Just yesterday evening the annual dinner meeting of the Albany YWCA was held at 6:30 P.M. Of course with one of Mr. Devlin's very special dinners, those of us with dinner reservations were most delighted. Things are definitely happening to date on the building and campaign plans for 1960 for the YWCA. Also a special treat for the evening was the speaker, Miss Lois Gratz of New York City, editor in chief of the YWCA Magazine. Very commendable evening in all respects.

This past week, the new ambulance has been on display by the Delmar Fire Department Rescue Squad, in the fire hall. Response to the emergency drive was, to quote the Rescue Squad Captain, "Phenomenal" . . . Mr. Harold Willard also said many kind words in appreciation of those who contributed. May we, in turn, say the feeling is mutual, and voice the sentiment for those who have used the ambulance service and received such grand attention from the squad members: Blake Case, George Martino, Edward Pakenham and William Webb, plus any assistants we don't know about. Hope you got to see the new ambulance either Saturday or Sunday from one to five o'clock . . . It is the most!

pectancy for these trips. These are a dedicated crew and happy landings to you all . . .

We note from an Albany friend that the William Fraser family of Hartford, Conn., formerly of the Albany area, are moving to our town. Mrs. Fraser was the former Nancy Codling of Loudonville whom many of us knew then, and we are delighted to have them in Delmar. Mr. Fraser has been appointed general agent for Aetna Life.

This past week has been wonderful for skaters too. Many

families have made their own ice rinks and how the children do love this . . . We know that the Robert Ladue family set-to several Sundays ago and created their own in the backyard. Needless to say, it's not as easy as it looks. But we know Sue, Nancy and Peter appreciate father's efforts, as do their many friends, Ruth Anne Utz included, The Jones Boys, etc., etc.

Another natural setting is over on Murray Ave., in the woods where the J. Wesley Thurlow family skate. Reminds us of some 8 years back when our older family skated all

through the area between Winne Rd. and Roweland Ave. Before the land was ever developed for homes, it was low and marshy, and perfect!

Many prefer the Delmar Skating Rink on Von Ronne's Pond which has been made ready by Nathaniel Adams Post, American Legion. This is at the end of Gardner Terrace, off Hudson Ave., and is about 400 feet long and 200 feet wide. The post even sponsors competitive skating events again as in other years. We commend them on this worthwhile effort for Tri-Village youngsters.

And then, of course, we must not overlook Herrick's Pond in Slingerlands . . . This is huge and has been the traditional spot for all area youngsters, and oldsters for years. Of course some hours are a bit strenuous

if there is an ice hockey game in progress. But then most everybody is able to find one area for a bit of a workout and enjoys the fellowship of the crowd for the rest of the time.

We've even just warmed ourselves around the fire, if someone thought to bring firewood. Fun, and all for the asking . . .

The American Hospital Association represents over 5,000 hospitals throughout the nation from which the ten teeners are chosen. Also Joan has received an invitation from President Eisenhower to be a delegate at the meeting; the sixth conference of its type, first begun by Theodore Roosevelt.

Joan, a senior at BCHS, is planning a career in physical therapy. With an interest in dramatics, she played a leading role in "The Boyfriend," and has appeared with the Slinger-

The Candy Stripe volunteer is an active auxiliary at Albany Hospital and these girls are really doing a tremendous service in the community.

East Northport, L. I., where he is a member of the Junior High School faculty.

They were married by Rev. Arthur P. White on Dec. 27th, in a lovely candlelight ceremony in the chapel of the First Methodist Church, Delmar. A dinner reception followed at the Sheraton-Ten Eyck Hotel.

The bride, a graduate of State University College of Education in Plattsburgh, was a member of the nursing staff of Veterans Administration Hospital in Albany and will become a member of the nursing staff of the VA Hospital in Northport. SAY DODGE BROTHERS;
NEW OWNERS OF THE
COFFEE SHOP, ELSMERE**

One of the Town's most energetic and ambitious business teams, The Dodge Brothers, has expanded its operations again; this time into the restaurant field.

On Jan. 1, insurance and real estate men F. Ford and Harold Dodge took over The Coffee Shop, at 283 Delaware Ave., Elsmere, from Mrs. Eleanor Patterson. With her husband, the late Raymond C., Mrs. Patterson had operated the restaurant since 1954. Prior to that, it was owned by Claude White and noted primarily for its excellent ice cream.

The Dodge Brothers are having a wonderful time with their newest venture; planning, buying, managing . . . and donning spotless white jackets for the serious business of cooking good food and brewing fragrant coffee. Business is booming and the waitresses are kept busy every minute of the day. Operations commence at the crack of dawn, when the coffee shop's hungry "family" begins to clamor for breakfast.

"Insurance will remain our basic business along with real estate," said Harold Dodge, the senior Brother. "We're going to install a central office in The Coffee Shop building. We'll keep the offices we have at home, of course, and we're having a 2-way radio system engineered for our cars. Say, this cold weather is good for the sausage-and-pancakes business!"

"We're having Connoisseur Gallery redecorate the whole place," said Ford, "starting from scratch. We want something nice and cheerful but not too fancy. We're modernizing the kitchen, and going to add more counter space; even a new floor. Would you like some nice home-fries with those eggs?"

Here are some excerpts from a list of suggestions for publicity chairmen which we printed a few weeks ago:

"For Immediate Release"

Ever wondered just how to go about preparing a publicity release?

We get hundreds of 'em here at *The Spotlight* and it has occurred to us that it might be helpful to some of you first-time publicity chairmen if we offered a few suggestions to save time and anguish.

Write your story as briefly as you can. Tell us *what* has happened or is going to happen, *when* and *where* . . . and if necessary, *why*. Leave out all the adjectives of personal opinion like "delightful," "glamorous," etc.

Remember that we try to limit our pages to news of local interest. We may share your excitement — personally — over a concert or ball game or clam bake in Pittsfield, but unless Tri-Village area people are involved, we'll have to assume that most of our readers won't care a hoot about reading of it.

Don't be offended if we don't use your release word for word. We may have to cut it to save space and we may re-word it if we feel it could be stated more clearly, to your benefit and that of all the readers.

Most important of all, get it to us on time. We give all our news material to Composition Corporation's busy linotypes early Friday morning, so we must have it no later than Thursday afternoon.

And by all means drop us a line if you have any suggestions for us!
