"IF I DON'T GET WHAT I WANT, I'M GOING TO PUT ALL THREE OF YOU IN JAIL!" says Regina Giddens (Betty Taylor) in a tense moment in *The Little Foxes*, the 3-act drama to be presented by the Slingerlands Community Players at 8:40 P.M. on April 22 and 23 at Bethlehem Central Senior High School. Facing the heartless Regina with obvious apprehension are Players Arthur Ploetz, Zaida Johnson (*on the stairs*), Judy Thomas and Stephen Whaley.

CORRECTION--WRONG LINE O' TYPE

We regret that last week's *Spotlight* advertisement of Sunny Acres Day Camp inadvertently repeated a line from last year's ad, giving last year's opening and closing dates. Here is the way it *should* have read:

Sunny Acres Day Camp will be open for an 8-week season beginning July 5 and ending on August 26.

We're happy to print this correction because Sunny Acres is approaching its 14th season with what looks like a most attractive, long list of activities and facilities. If you'd like full

information, call HE 9-2464.

Anyone interested in the history of the locale is invited to attend Mr. Gregg's talk.

Mrs. Margaret K. Holt and Mrs. W. Earl Zeh, Jr. will be in charge of refreshments.

TOWN ANNOUNCES TRI-VILLAGE SPRING CLEAN-UP DAYS

Supervisor Bertram E. Kohinke has announced the Tri-Village Clean-Up Days for 1960. They are:

We're all invited to sweep and rake and gather up all the household (and outdoor) rubbish, flotsam, jetsam, debris of winter, and just plain junk we'd like to get rid of . . . and place it at the curb bright and early on these Mondays and Tuesdays.

Town trucks will pick it up and cart it away — free. That's right, no charge. It's "on the house" in the interest of a nice, fresh, spring-cleaned Town.

RICHARD SMITH NAMED VP OF STATE AUTO DEALERS GROUP

He and Mrs. Smith and their son live at 51 Kimberly Road, Delmar.

SCHOOL BOARD CANDIDATES TO ADDRESS PUBLIC ON APRIL 26

Candidates for the position on the Bethlehem Central Board of Education now held by William Zimmerman, retiring board president, will address the Slingerlands PTA meeting at 8 P.M. on Tuesday, April 26, in the Slingerlands School. The public is invited.

To The Spotlight:

Through the medium of your paper I should like to correct the misunderstanding which appears to exist in regard to the status of the Bethlehem Senior Citizens Thursday Evening group.

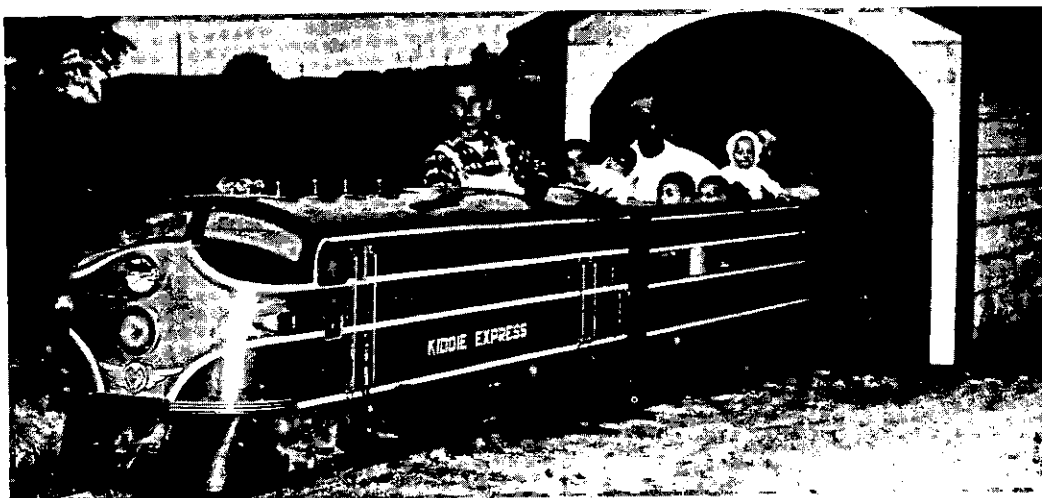

This group is a project of the Lions Club, and has not asked financial assistance by letter or otherwise from any source. These letters asking for contributions etc. were sent out in the interests of the so-called Senior Citizens' Day Center, and as stated therein all contributions were to be sent to Mr. John Falvey at the Hamagrael School. Our treasurer is Stanley Snyder. The Senior Citizens' Thursday Evening group is in no manner a party to these requests for money or other assistance.

clean up our yard, instead of rushing off to help put out a fire in another yard! It doesn't ever happen, because the season of the careless "could be avoided" fire is here again.

Each year when the tree buds begin to swell, and while the grass is still dead and dry, the fire horns in Delmar, Slingerslands and Elsmere are seldom quiet. While not all of these "grass fires" are unavoidable, a very large percentage is due to carelessness. One of the most avoidable is the "incinerator" fire. Too many people place the incinerator in the rear of the yard, in the tall, dry grass. Perhaps thinking that because it rained yesterday, it is quite safe to burn papers today, thus making an emergency. So you throw a match on the contents of a wastebasket, and because there is still a chill in the air, rush back to the warmth of your home. Suddenly a small breeze springs into action, lifting the papers from the basket and into the dry grass. By the time you smell smoke, the grass is ablaze. Too late now to do anything but call the firemen. And these men come! They may have been in church, if it is Sunday, or working in their yards, or just taking it easy on a day off from work. They stop what they are doing and rush to your aid.

Did you think of that before

the match was put to the papers? Did you think to hook a hose to an outside faucet for an emergency? Did you think to cut the weeds around the incinerator last Fall, or even to burn them off while there was still a little snow around for safety? No, you just didn't think! You did think of the Fire Company for protection, though. Well, how about some self protection by taking precautions at this time of the year?

We all burn leaves and win-

(LETTER)

ter debris, we want our yards clean and fresh and ready for the late spring and summer months. This is the way it should be for a clean healthy community, and most people stay with a pile of burning leaves and take some safety precautions. It is the "incinerator" fire and those set by children which are so avoidable and so very unnecessary. Year after year it seems to be the same streets where these fires occur. A fireman can usually tell where a careless fire might occur by looking at the place where the incinerator is kept. Our days have been so windy lately, it is hard to believe anyone would be anything but extremely cautious when burning. But instead of cautious, too many are careless! Slingerlands had an incinerator fire last Sunday, Delmar and Elsmere had two or three during the week when most firemen are at work. This is a very dangerous situation, since it takes a large crew of men to cope with a runaway grass fire. For your own and your neighbors' safety, the firemen would rather a fire be prevented than to be called on to extinguish one!

These careless fires can be stopped if everyone will think twice before burning anything. Let's save the energy and knowledge of our firemen, and the expense of running a fire truck, for the real emergencies that are truly unavoidable. Be prepared for grass fires by taking safety measures before striking that match!

STATE AUDITORS VOICE APPROVAL OF TOWN'S FISCAL MANAGEMENT IN '56 AND '57

The State Department of Audit and Control, which has just finished examining the Town of Bethlehem's fiscal affairs for the years of 1956 and 1957, says approvingly that all the Town's financial dealings and general records were in "excellent shape."

Extremely pleased with the audit results, Supervisor Bert-ram E. Kohinke remarked, "It is a fine tribute to our late supervisor, Mr. John E. Oliver, that affairs of the Town were conducted in such a manner that this favorable report is possible."

SPEAKING OF PIX

May we suggest that identifying captions or titles be attached to publicity photos? Once in a while we receive a sharp, glossy photo that we'd love to use because it looks so printable . . . and then we discover that it has become separated from the story it's to illustrate and we have no idea who those nice-looking people are! [We know a lot of people in Town, but not everybody, alas.]

The way the professionals do it is probably the best way. Type — or print — something to identify the photo, like "Winners in High School Tennis Finals" or "Committee for Helderberg College Alumnae Dance" or whatever it is. If there's more than one person pictured, be sure to say "left to right" and "first row . . . second row . . ." in giving the names. Don't worry about composing a tricky caption; there's no guarantee that we'll use it, because we never know until the last minute how much space we'll have.

with a bit of Scotch tape or a very light dab of rubber cement and fold the part that extends beyond the photo over its face . . . like this:

Beware of writing directly on the back of the photo. Chances are, the pressure of your pen — ball-points are murder! — or pencil will make weird marks through the emulsion on the face of the print . . . and these will be picked up by the printer's camera. Makes a bride look like The Tattooed Lady.

Speaking of the printer's camera, every now and then we get an interesting picture that's too faint — too much dull grey; not enough contrasty black-and-white — to reproduce properly. Polaroid shots are the worst offenders. If it's grey when we get it, you may be sure it'll be a sad, wan sight when it's printed.

By the way, if you're taking the publicity photo yourself, try to stay up close to your subject; distance shots of people won't reproduce well. Size? We prefer 8x10's.

If you want the photo returned, be sure to say so. It'll be back from the printer's about a week after it's used and you can pick it up at our Four Corners office.

And we should have started

off by saying *this*: We welcome photos . . . we love 'em! We use as many as space permits and we hope you'll keep sending 'em in. WITH captions or titles, that is.

OFFICIAL STATEMENT ON DANGER TO CHILDREN

The New York State Motor Vehicle law states that it is illegal for any vehicle to pass a school bus, from either direction, that has stopped to pick up or discharge passengers.

The fact that cars do pass the school buses quite often, when the bus is stopped, and the roof lights are flashing, presents the bus drivers with a very dangerous problem. The school bus driver has in his care, during the day, students from 4 to 18 years of age. The students are given safety instructions in the class room, and also have bus safety drills. The bus drivers attend safety meetings and are always on the alert for unsafe traffic conditions. The school bus is equipped with mirrors for both front and rear visibility, signal lights, flashing roof lights, to indicate that the bus is stopped to load or unload students. There are indicator lights inside the bus, in view of the driver, to tell that the outside lights are operating. The bus is painted yellow for easy identification, but still quite often a car or truck will pass the bus illegally.

Many phone calls have been received at the Transportation Office, from operators of vehicles, saying that they had just passed a stopped school bus, and how sorry they were. How fortunate for all concerned that a child was not crossing the street at that instant.

The Bethlehem Central School buses are on the streets and roads of the district from 6:45 A.M. to 6:15 P.M., and we in transportation, hope that motorists will help us to protect the lives of the children.

by Abbie Utz

On behalf of all you spring-vacationers, students and families . . . greetings! Right here in the village square things are ever the same. The merchants must be enjoying the spring-like weather and business is picking up.

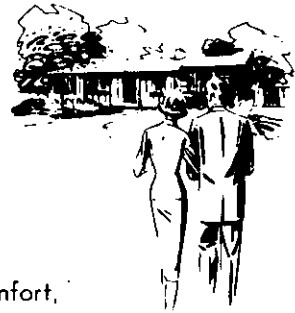

Speaking of "picking up" — that is just what some of our local gentry were able to do. Florida has appealed to the Paul Applebee family of Delmar. Rather a short but sweet visit is being enjoyed by our neighbors. Also down there, are the

Robert Bakers of Laurel Dr., Elsmere. Hope Elinor Village at Daytona is still quite the vacation spot . . . weather cooperating too. Back from their pre-Easter trip are Ethel and Ed Jackson of Partridge Rd., Delmar with loads of ideas from the Bellingrath Gardens which are near Mobile, Alabama, Clarke's Garden, Long Gardens . . . along the Azalea-Camellia Trail. The festival celebrated along a 35-mile route originated in 1951 with a three-week program. Now the celebration extends over a period of two months, February and March drawing visitors from all parts of the world. Some day we hope to see this magnificent sight . . . Thanks for the news Ethel. Other travelers, closer home have been Ginny Winn and Dorothy Greene of Delmar — giving several sacred programs during the Holy Week. They were the house guests of former Delmar residents, Alice and Bob Wilmot, and presented their program to the membership of Scarsdale Presbyterian Church at a dinner meeting. Then the following Tuesday the girls were the luncheon guests of the Gloversville Kiwanis Club. We are sure both audiences were delighted with these truly talented and dedicated artists . . .

Oh yes, the Steber Kerr family of Jordan Blvd., Delmar left here Thursday of last week all packed up for Florida and understand that the S. J. Andorns with Bonnie left this week for a week in Bermuda. Oh me! That's where the Warren Wilson's daughter spent her Easter holiday. Well some others have been "Campusing" with parents. Seems to be a good idea and really gives everybody a good chance to evaluate the

whole college program, without that desperate feeling. Dick York of Lyons Ave., Delmar had an appointment at Amherst; Mary Ann Beecher of Elsmere went over to Mt. Holyoke; David is taking us along to Middlebury for his interview. Gee thanks, but it really is an exciting venture . . .

Looks like Hamagrael PTA will meet April 26 at 8 P.M. for installation of new officers. The panel discussion on our testing program should be most worthwhile. See you there.

Memo: to Decoration Committee workers — there's a workshop at the Hamagrael School art room at 7:30 p.m. April 25 and 28. This is for the coming Spring PTA dance May 13.

Nice drawing! . . . The Walter Geddes of Fernbank Ave., Delmar and Burt Comptons of Gardner Terrace, Delmar held the winning tickets from the Albany Home Show and both received a large Home-Style Country Hickory Smoked Ham — compliments of Home Food

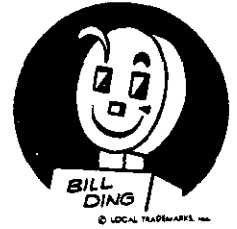

Service, Paul Fuller, president. Nice and timely gifts for their Easter Dinner.

"Sigma" one of the fraternity groups at BCSH had a Father-Son Dinner at Normanside Country Club, Wednesday April 13th. Butch Flierl of Borthwick Ave., Delmar was in charge of the movie "Indianapolis Speedway" — the highlight of the evening's entertainment. Also Butch was recently in Philadelphia as the houseguest of the F. Eugene Dixons — and did some camping for next year. Understand that the entire Howard Flierl family enjoyed a family reunion in Buffalo, N. Y. over the past Easter weekend, with Howard's brother and family from Surrey, England.

Happy days to Karen Boardman of Slingerlands, recently engaged to John F. Vosburg, Jr., son of Mr. and Mrs. John F. Vosburg of Salamanca. Karen is a graduate of Cornell and is at present a dietitian at Strong Memorial Hospital in Rochester, N. Y. John is a senior

Heading the committee is Mrs. Don Essex of Glenmont, assisted by the following Delmar women: Mrs. Harold E. White, Mrs. H. C. Gates, and Mrs. George Westinger. ELECTRIC HEAT

is a completely dirt, dust and soot-free way to heat your home!

**BEFORE YOU BUILD
OR BUY A NEW HOME,
LEARN ALL THE ADVANTAGES OF
THIS MODERN HEATING SYSTEM**

Electric heat is clean . . . clean as electric light! Drapes, upholstery, walls and woodwork stay clean longer. You save on cleaning bills, and housework is easier too! You need no bulky fuel storage either. Think of the space you save in your basement!

Electric heat is so convenient because there's a separate thermostat in *each room!* You can keep the bedrooms cool for sleeping, the bathroom warm for bathing, your living room at the exact temperature that suits *you best!*

Electric heat is so adaptable because there are several excellent methods to choose from. Baseboard units blend handsomely into any

room; panel units are installed neatly flush with the wall; cable can be embedded right in plaster for invisible radiant heat.

You can afford electric heat. It does cost more to enjoy the many advantages of electric home heating, but the extra operating cost will fit the budget of most Upstate, New York families. And the cost of building an electrically heated home is usually lower than the cost of building with other heating systems.

Full Housepower for total electric

living is built right into every electrically heated Gold Medallion home. This means the home has adequate wiring to give top performance from all your work-saving electric appliances, with plenty of reserve for the appliances you'll be adding to your home in future years.

The complete insulation, a requirement in every Gold Medallion home, is another bonus! Your home will stay cooler in summer, as well as warm and draft-free during the cold winter months.
