HERALD OF HARMONY

One of the first signs that summer is nearly over and autumn is fast approaching is the announcement by the Delmar Men's Orchestra of its first rehearsal of the 1960-61 season, at 9 P.M. on Sept. 12.

This splendid group of area musicians holds a unique place in the hearts of the community. Annually, for better than 20 years, music lovers have enjoyed concerts by the Orchestra.

The all-male aggregation, comprised of about 50 men, meets every Monday night for rehearsal in the Delmar Methodist Church rooms. Once a month a musical number is offered at the Methodist Men's Club Dinner. During the rest of the winter season, occasional concerts are played at area churches, and special performances are offered at the White Christmas Festival, etc., always without charge to worthy causes.

There is always room for men who would like to join in the fun. Applicants are invited to call the president: Charles Steltman, 17 Ridge Rd., Elsmere, HE 9-2943. They are asked to call before Sept. 12, the date of the first rehearsal.

FIFERS SERENADE APPRECIATIVE VISITOR

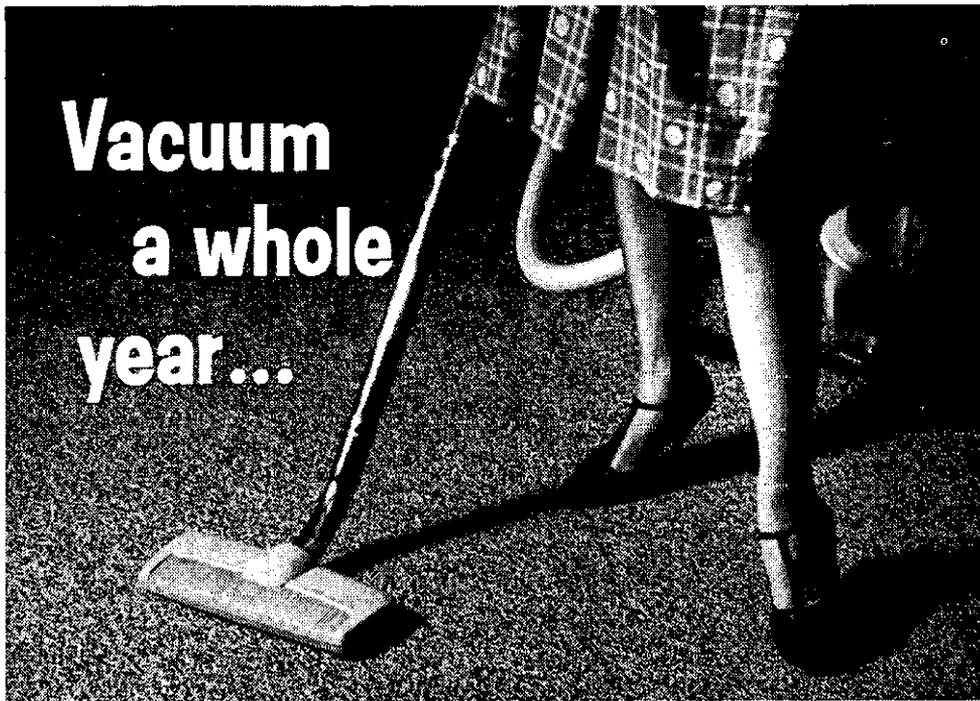

On Friday, September 3, Dr. Harold W. Thompson, dean of American folklorists, was the recipient of a serenade concert by the Village Fire Fifers.

Offering a musical tribute to Prof. Thompson's distinguished career as organist, writer on music, teacher of literature, collector of New York State folklore and songs, and author of the best-selling "Body, Boots and Britches," the fife and drum corps parked its bus in Slingerlands, marched up Maple Avenue and stood in formation on the lawn of his daughter's home, where they regaled him with dozens of lively folk and military airs, ballads and marches from their voluminous repertoire. The neighbors? They were amazed.

[We are happy to pass along some information. According to Mr. and Mrs. Robert McLean, who direct the corps, the Village Fire Fifers can provide similar entertainment for area meetings, picnics and parties on Friday evenings — their rehearsal night — at a modest fraction of their usual parade fee. Details may be obtained by calling the McLeans at HE 9-2094.]

part of it, M'am...**

MAIN-CARE means much more!

Yours is one of the thousands of families enjoying the conveniences of MAIN-CARE Fuel Service who probably never give it a thought. That's natural because with MAIN-CARE you don't have to! MAIN-CARE, you see, is much, much more than just a fuel delivery or burner repair service. In fact, with our customers, MAIN-CARE is just another accepted pleasant addition to their way of life . . . they just take it for granted they'll have heat and hot water whenever they want it, and that's that. Actually, a lot of our customers probably don't even realize all the "extras" they get with MAIN-CARE . . . things like lower heating costs, automatic personalized fuel delivery, more efficient fuel consumption, twenty-four hour repair service and so on. To them, MAIN-CARE is like good health . . . they don't think about it until they don't have it.

So just let me remind you, M'am, what MAIN-CARE really means to you and your family.

First of all, and most important of all, MAIN-CARE means "conscientiousness". We always try to do a little more than we have to. That's a trait that's getting harder and harder to find in the rush of today, but our business has grown through the years because our customers have learned that they can rely on us to do things when they should be done and in the way they should be done. Empty promises won't fill empty fuel tanks and shoddy workmanship won't keep the house warm.

Maybe you've never noticed the fill pipe on your oil tank. It's called the Unifil System, and MAIN-CARE furnished and installed it free-of-charge. It allows us to make faster oil delivery to your tank, but what's more important to you is that it's safer and it eliminates spillage and prevents over filling. There aren't any ugly oil stains on the side of your house or oil puddles on your lawn or driveway with MAIN-CARE.

And speaking of fuel oil delivery . . . it's all automatic with MAIN-

CARE'S degree day system. We know just how much oil it takes to keep your house warm no matter how cold it is outside. We keep track of the daily temperature and how it applies to your own heating system so we know when your fuel tank needs to be filled. There's no guess work on our part and your home stays warm at all times.

Of course, a mechanical failure might occur in your heating system now and then but, when that happens, twenty-four hour MAIN-CARE service by trained technicians assures you that your heater will be in working order again before your home has a chance to become cold.

Another thing . . . with MAIN-CARE you never have to wonder whether your oil-burner is properly adjusted for top efficiency. Every time we clean your furnace, our servicemen use special equipment to test the operating effectiveness of your burner to make sure you're getting all the heat you can. Naturally, a burner that's adjusted for highest efficiency uses less oil . . . resulting in lower fuel bills for you. Another free-of-charge MAIN-CARE extra!

Then there's the MAIN-CARE Discount plan that rewards our customers with substantial savings for prompt payment of our monthly invoices; and there's the MAIN-CARE Budget Plan that relieves you of the burden of heavy heating bills during the cold months when all other expenses are highest, and enables you to allot a fixed amount for heating needs over a ten month period. It's hard to describe the friendly personal interest that the MAIN-CARE people have in their customers, but one thing's for sure, we've always felt that a comfortable, properly heated home is a pretty important thing, and we do our very best to make sure that yours stays that way, regardless of the weather. We're proud of MAIN-CARE, M'am. We're glad you have it. We hope your friends will try it, too!

by Abbie Utz

Greetings from the glorious Cape! The weather has been enjoyable and so has the water. Had some cottage guests over the Labor Day weekend from Maine via Delmar, the Gerry Winns of Wilshire and son Mark, also Dorothy Green. Along with the cottagers Warren Kimmey family of Slingerlands, the Robert Ladues of Center Lane, Delmar, and our favorite sister by marriage and her husband of Weston, Conn.

I'm mighty proud!

My daughter is going to have a fine education. She received a limited college scholarship, and a low-cost State Bank personal loan took care of the other essentials. See the State Bank Folks.

we were a full crew. Mrs. Richard Forbes also of Delmar and son Jeff came over on Wednesday and joined the staff for the remainder of the week. What a retreat; of course we took some side jaunts up to Provincetown for the sake of art and interesting sights. Went down to Woods Hole to the Marine Museum . . . saw the Russells off to Nantucket for a short visit, and shopped con-

stantly for antiques and got Christmas ideas at the famous Chillingsworth in Brewster, Mass. Their food is simply de-voon and what a spot to shop for Christmas gifts! Some of their wreaths went as high as seventy-five dollars, that is. 'Twas mostly wishful thinking in the gift shop, but worth the while for the ideas we gleaned. Returned to Knicker's Wharf

for all our favorite seafood, and what lobsters! Of course, the men and our sons went deep-sea fishing with Capt. Casey and his boat some twenty miles out. This is an all day trip and

quite exciting with the tuna, halibut and cod which come in abundance. For the next several days we had more fish than is necessary . . . What a life, sun, sea and sky and mighty restful-like.

Speaking of relaxing, the Labor Day weekend at Normanside Country Club sounded very gay and worthwhile. The Pool Committee had a grand family program lined up with

So sorry to miss the annual water show presentation with exhibitions, formations and stunts by the younger swimmers and the pool staff, which included Dean Allen and Art Tabor. Alice Brown are home from New Hampshire, only to leave our community and move to the Voorheesville area. We wish Mabel and Perry Storm of Delmar a wonderful trip to the Midwest as they drive daughter Bonnie to Michigan State College. Also a successful and fruitful visit with the Faith at Work Group in Detroit, Michigan.

Saw Johnny Rex from that same city this past week in Albany. He and Janet used to live in Delmar and our readers may not know of their fourth child's arrival . . . Golly, John travels all over the country about four days each week. Only here overnight so we couldn't even get him for a few hours for dinner.

Congratulations to Caroline Lange, daughter of Mr. and Mrs. Alvin E. Lange of Clarksville, recently engaged to Donald Hoening, of Albany. Caroline is a graduate of Bethlehem Central High School and is with the N. Y. State Public Service Commission. Plans are being made for a Fall wedding . . .
