

NOEL COWARD'S COMEDY, "FALLEN ANGELS," AT SHELLEY PLAYERS

Scenic design and technical direction at the SHELLEY PLAYERS 1961 is Richard Nesbitt. He comes to the Shelley Players from New York City where he was director for the Caffe Cino and Pygmalion Productions. In the past he has worked as a stage manager at One Sheridan Square as well as an actor and technician for several off Broadway groups. A graduate of Emerson College in Boston, Mass., Mr. Nesbitt is making his first appearance as a scenicdesigner.

Lighting design this season is by George Duberstein. A graduate of Rensselaer Polytechnic Institute, where he was extremely active in music and dramatics, Mr. Duberstein is making his initial appearance as a technician this summer. Assisting as apprentices are Cynthia Corning and Vickii Doria. Both appeared in the Tender Trap and will be seen again during the season.

Tonight through Sunday, August 6, at the SHELLEY PLAYERS, New Scotland, is the hilarious Noel Coward comedy **FALLEN ANGELS**. This riotous farce centers around two happily married wives, best of friends, who had had brief affairs with Maurice, the suave Frenchman, before their marriages. Suddenly Maurice is visiting the city and wants to see them both. Luckily the husbands are off for a day of golf, and the wives await Maurice. Only Noel Coward can tie such threads of action together to create an evening of sheer entertainment. Starring in **FALLEN ANGELS** will be Adele French, Carolyn Pace, Ted Hoen, Alex Wipf, Tom Halpin and Cynthia Corning.

ADE ARNOLD'S CARROLL TEAM WINS TRI-VILLAGE LITTLE LEAGUE CHAMPIONSHIP

Lighting at Shelley Players this summer is being handled by George Duberstein.

LUTHERAN CHURCH SCHOOL OPENS AUGUST 14 - 25

Residents of the Tri-Village area are invited to enroll their children between the ages of three and thirteen in the Vacation Bible School which will be held at Bethlehem Lutheran Church from August 14 thru August 25 from 9:45 A.M. to 12:30 P.M.

The theme this year is "Jesus Our Savior." Each day's session will begin with a fifteen minute devotional service. Then the children will be divided into small classes for study, project work and singing. The program will include a mid-morning recess with refreshments and an opportunity for supervised recreation on the church grounds.

One of L.C. Smith's busses has been engaged to provide transportation during these two weeks. The pre-registration date for enrollment will be on August 5 from 10:00 A.M. to 4:00 P.M. The closing services will be held on August 25 at 7:30 P.M.

In the Major League, with only one game to be played (Patterson - Murray-Simon), the first four positions have been determined.

Carroll won the championship with a 12 win and 4 loss record. The team is managed by Ade Arnold and coached by Dick Laraway. Ade has managed a team each year since the innovation of Little League baseball in the Tri-Village area. Congratulations are extended to Ade with his first championship team.

Carroll will represent the Tri-Village Little League in the Albany County Tournament.

Highlights in the final week of play included the two home runs hit by John Rolando of Blenwell. Craig Herrick of Blenwell hit his sixth home run of the season to lead the leagues in the home run department. Four-baggers were also hit by Dick Plass and Gregg Harmon of Mullen.

Michael Brush pitched a three-hitter for Murray-Simon in shutting out Hilchie 6 to 0. Dave Chenault of Tougher struck out ten men but lost to Carroll 9 to 7.

In the Intermediate League, Hilchie ran away with the top honors and are this season's champions. Hilchie is managed by H. Veltman and coached by S. Engell. In the Klersy League, N. Triplett managed his second championship team, the Tigers. The Tigers set an enviable record with but one loss. The team was coached by L. Kavanaugh and R. Tipple. Pat Ford (Cubs) struck out 17 men and hit a grand slam homer against the Indians. The Tigers got off a triple play.

Following are the standings for the final week of play:

The American Telephone and Telegraph Company recently became the first corporation in history to have 2,000,000 owners.

During ceremonies at the company's headquarters in New York City, Frederick R. Kappel, president, presented stock certificate No. 2,000,000 to Mr. and Mrs. Hugh T. Polson of Wichita, Kansas.

Joseph F. O'Shaughnessy, manager for the New York Telephone Company -- an operating subsidiary of A. T. & T. -- noted that the presentation came little more than a decade after A. T. & T. ownership reached the one million mark.

He said that today there are A. T. & T. stockholders in more

COMMITTEE TO LAUNCH PROGRAM IN SEPTEMBER

The committee formed by the Nathaniel Adams Blanchard Post 1040 American Legion in Delmar to study and disseminate information on financial losses involving youthful drivers is preparing a program to be launched soon after the school year commences.

The Committee Chairman, Earl Jones, Sr., reports his group is readying up a half-hour program in which parents' groups, school authorities and police officials will participate. The programs will be of an open-forum type in which specific information will be offered through the medium of speakers, films and literature and the subject given discussion between the audience and the speakers. The Committee will hold its programs at the Blanchard Post Hall and at the meeting-places of those community organization to which the committee will be invited. There will also be sessions for the high school students.

Says Mr. Jones "The program we envisage is one that will be effective in highlighting the principles of safety in contrast with the burdens of financial responsibility with which every individual of the community, motorist or non-driver, should be concerned."

Serving on the committee with Mr. Jones are Alvin W. Greenwood, Richard Greenough, Bryant McCarthy and George R. Schreck.

GOVERNOR BREAKS GROUND FOR LOCAL BOYS' CAMP

Last week, Governor Rockefeller broke ground for a new kind of camp for boys in trouble with the law. Located on a wooded tract of State-owned land at Rensselaerville, thirty miles from the State Capital, the facility will eventually be a home, work, and training center for a maximum of 60 boys, 15 to 17 years of age, who have been referred to it by the courts.

There they will learn how to thin and prune tree plantations, build roads for logging, and construct fire brakes. They will get special vocational instruction in such useful skills as industrial woodworking, painting and maintenance. For those who are slow at reading and poor at arithmetic, there will be special classes so that, on

 their eventual return home, they can re-enter school with a better chance to make their grades.
 They will have wholesome recreational activities, including athletic events for those who will benefit from them, and quiet games for the boys' free time. The boys will have an opportunity to discuss their problems together, under the guidance of trained counsellors, and they will be encouraged to participate in arts and crafts programs as well as other means of self-expression. Chaplains' services and religious instruction will be provided, and the boys will be encouraged to participate in the services of their faith.

tial environment where up to twenty youths can live and go to school or work under close and sympathetic supervision.

All of these facilities are based on the belief that the disciplines of useful and purposeful work, in a healthy, wholesome atmosphere, are good therapy. They are purposely limited in scope, for every boy or girl in trouble is a human tragedy, not a statistic on a police blotter. But if the facilities prove their worth, they should substantially reduce the police blotter statistics and more than save the costs in terms of human lives as well as dollars.

At this time, one such facility, a short-term adolescent resident center for 20 boys, is in operation at Middletown. A second such center will open near Auburn in October. An Opportunity Center for 60 boys is being developed at Salamanca. The facility at Rensselaerville near Albany is scheduled to open January 1, 1962.

The new facilities are part of a youth program that began under Governor Dewey in 1945 and has expanded through the years; to provide a variety of important services to New York State's young people.

Outstanding among these are the State-aided municipal youth projects, which, in addition to recreational programs now include such services to youth as remedial reading, police juvenile aid units, and psychiatric and school social work services. As of December 31, 1960, all but two of the State's 62 cities and all but 26 of its 319 incorporated villages of over 1000 population were operating such projects under the Division for Youth. Sixty of the 1108 projects were started last year. In addition, the Division, building upon the work of its predecessor agency, the State Youth Commission, carries on a vigorous program of public education through field work, radio and television, movies and publications.

It's August already! Let's all enjoy summer fare. This the season when family meals and between-meal snacks often can be improved easily in the essential nutrients most often found low in diets in the United States: vitamin C and calcium suggest many State nutritionists. Tomatoes, cantaloups, cabbage and other members of the cabbage family such as broccoli and cauliflower offer worthwhile amounts of vitamin C. Many fruits and vegetables coming in from local market gardens or home gardens can be counted on to contribute vitamin C, especially if used raw in salads or as relishes.

Summer is also the time when cold beverages are especially welcome. Cold juices from citrus fruits are good choices for thirst quenchers because of their vitamin C rating. Orange and grapefruit are

rich sources of this important vitamin but the traditional summer lemonade and limeade also offer the vitamin.

And not to omit the calcium, milk products are important foods. Chilled milk as a meal-time or between-meal beverage is recommended to the adults in the family as well as the children. Don't forget that among the frozen desserts with special hot weather appeal and rating for calcium, are ice milk and milk sherbet as well as ice cream.

All ties in with this being the peak season for vacationing, especially in the National or State camp-sites. This year, foresters of the U.S. Department of Agriculture believe that both July and August will have a record-high number of vacationers. How about you? Secretary of Agriculture Freeman recently predicted that the total 1961 total of recreation visits to the forests, etc., will be well over 100 million. About a third of the visitors are campers and so each year the U.S. Forest Service has to build more camp sites to accommo-

date them. We are thinking of our own wonderful State Park so near by in The Helderbergs: Thacher Park! All of us can use these public facilities and enjoy the public forests as well, but let's remember to help protect these beautiful lands from fire, disorder and damage. Repair, clean up and replacement costs are high.

National Forest vacations are planned for families, and the majority of the recreation visits are by families. But the sites are also increasingly used by
