### VOTE! . . . Poetically . . .

There is new paint on the town hall

Those old columns are gleaming white.

But is it only on the outside,  
Where the outlook is so bright?

There is new life in the whole town,

In the streets, in the air.

Will there be a public show-down?

Who will rule this town so fair?

In the past t'was predecided,  
In the past, you had no choice.  
Now the strong have been divided.

Once again you have a voice.

This is not to make your mind up,

That you should vote for weak or strong.

Just be sure that in the wind up,

You just didn't string along.

Tho' your party may think they own you,

And try to rake you over the coals,

For this once it will be known you

Served your country, at the polls.

Put the man you really want there,

Tho' the job be big or small.  
Show the town you really do care.

Put the gleam inside Town Hall.

### Ed Shouts, "Speak!"

To All Bethlehem Residents:

As soon as the Lincolns announced their candidacy, there was a great hue and cry from the Old Guard, that the Lincolns' should have gone to the caucus. The Old Guard and their sustainers went about town trying to create the impression the Lincolns had committed some sort of a sin, although they never dared say this publicly for the press to report.

As soon as the people were told the facts about the one-room, two-ballot caucus, (in "The Lincolns Story") the Old Guard changed their tune and started to whisper that maybe the caucus should be abandoned in the future. Within a few days after this the Old Guard's laments about the caucus dissolved. They don't even use the word "caucus" anymore.

The "Old Guard" has no excuse for not giving Bethlehem residents the right to vote in secret in a Primary for the selection of party candidates for office. They know the Republicans have a primary in Guilderland and Colonie, as the Election Law permits. They know the only reason we have a caucus instead of a regular primary in Bethlehem is that the Albany County Republican committee has a special rule permitting it in Bethlehem and the smaller towns. They know they can request the committee to change its rules.

As usual, the Old Guard has followed its regular practice of making charges and promises in such a way that they cannot

## UNICEF COLLECTION PLANNED FOR HALLOWE'EN, OCTOBER 31

The annual UNICEF collection will be held in the Tri-Village area on Hallowe'en, October 31. Children and youth of the churches will participate. Better coverage of the entire area is planned this year by dividing the area into 40 districts and the use of 35 automobiles. Only the youth will be transported in these cars. Children will collect earlier accompanied by their parents or friends.

Children may pick up their containers and identification tags at the St. Stephen Episcopal church from 4 to 5 o'clock. They may be returned at 7 o'clock for a costume party in that church. Containers will serve as their admission. Prizes for various types of costumes will be awarded.

Youth may pick up their con-

tainers and tags at the Delmar Methodist church from 6:30 to 7:30. They will be assigned to cars and will return at 8:15 for refreshments and dancing.

Money received from this collection is sent to the United Nations Children's Emergency Fund. The Rev. William Vigne of the Delmar Methodist Church is in charge of the Youth Division. The Rev. David Randles of the St. Stephen's Episcopal Church is in charge of the Children's Division.

## DOG BITES LINCOLNS CANVASSER . . .

Mrs. Doris Dormandy of 254 Kenwood Avenue in Elsmere was bitten by a dog while canvassing for the Lincolns, the Bethlehem insurgent Republican group. Mrs. Dormandy, a pert brunette, was canvassing in Elsmere in the morning when the event occurred. It was a beautiful day and Mrs. Dormandy was working alone at the time. Mrs. Dormandy does not believe the dog was politically inspired. She says it was all a misunderstanding.

At a meeting of the Lincolns' canvassers Mrs. Dormandy was presented with a framed certificate of valor by Arthur P. Fisher, Lincolns' candidate for Supervisor in the Town of Bethlehem. The certificate recites the facts of the occurrence and credits Mrs. Dormandy with a sacrifice beyond that normally

required of a campaign canvasser. In presenting the certificate, Mr. Fisher said the dog was probably "on guard" not "Old Guard."

The bite was not serious and there are no hard feelings be-

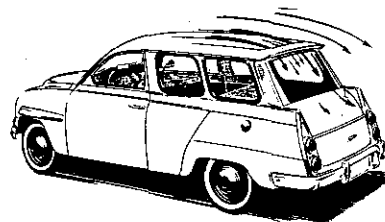

tween Mrs. Dormandy and the dog. Mrs. Dormandy's was the only casualty suffered by the Lincolns' canvassers who have personally delivered "The Lincolns Story" to almost every house in the Town of Bethlehem.

**AN OLD PRO GIVES GOOD ADVICE . . .**

Congressman Leo O'Brien addressed the Democratic rally sponsored by the Democrats of Bethlehem in honor of the Town candidates for office in the upcoming election, November 7, at Center Inn, Glenmont, last week. Mr. O'Brien spoke of the remarkable progress made, and deep respect gained by President John F. Kennedy by the members of the Congress during the early portion of his presidential term.

Accompanying Mr. O'Brien were Joseph E. Gilmartin, Albany County candidate for County Clerk and Elmer Parker, County candidate for Coroner.

Mr. O'Brien urged John J. Clyne, candidate for Supervisor, Mrs. D-Cady Herrick, candidate for Town Clerk, Councilman candidates Edward Halligan and C. Emory Lochner and William Scharoun, candidate for Superintendent of Highways, to work hard in campaigning against the divided Republican party. The enthusiastic party members also were addressed by Mr. Clyne, who assured them that their efforts in this election were supported not only by a forward-looking platform, but a team of candidates of whom they could be proud.

### KOHINKE CHARGES: "FISHER NAIVE," IN SPEECH GIVEN BEFORE REPUBLICAN WORKERS

Now I come to another matter upon which may third party opponent, Mr. Fisher, has dwelt repeatedly, apparently in the hope of smoke-screening his own lack of constructive ideas about the future of our town.

I refer to his attacks upon me because I have not ranted, at meetings of the Board of Supervisors, about the tax delinquency situation.

I ask the people to consider, first, that this criticism comes from one who aspires to administer affairs that touch upon every aspect of their living in the fine Town of Bethlehem.

Webster defines politics as the science and art of government.

It follows, and I believe the people will agree, that if one is to serve them effectively in government, including town government -- as I have tried to do -- one must be politically knowledgeable and politically practical.

The Albany County Board of Supervisors is controlled 35 to 4 by Democrats operating under an overwhelming majority.

Does my third party opponent, Mr. Fisher, believe that correction of the tax delinquency situation lies in verbal bombast by any one of a minority of 4 against a machine-controlled majority of 35?

How politically naive can he be?

Is this a measure of the po-

litical practicality he would apply to advancement of public interests in the Town of Bethlehem?

The tax delinquency situation is for the most part the reprehensible product of the type of government imposed upon the City of Albany for years by the Democratic party. The need in this situation, spotlighted by the State and written extensively by the press, is not for ineffectual ranting by the slim minority of the Board of Supervisors.

The great need is for political action toward more equitable representation in the legislative bodies of the County and City of Albany.

That means constant, vigorous, united effort to strengthen our Republican Party in Bethlehem and throughout the country.

The greatest deterrent to that objective is the kind of party-splitting, party-weakening effort in which my third party opponent, Mr. Fisher, is now engaged. The only beneficiary can be the Democratic party which alone is responsible for the kind of government that, in great part, bred the tax delinquency situation.

It is particularly ironic that the divisive activity of our third party opponents has been undertaken in the name of the man who reminded us a century ago that "A house divided against itself cannot stand."

be held accountable for them. We want to know why the Old Guard doesn't publicly request the County committee to change its rules so we can have a secret vote for Republican candidates in Bethlehem. If they really want a change, they should say so publicly. We suspect they don't want to permit the over 6,600 Republicans to vote for candidates in secret. We suspect it because all they do is whisper, without taking a public position. We suspect that they hope the issue they first raised will fade away after election day. We challenge them to say now whether or not they think the caucus should be continued. We challenge them to call a meeting of the Town of Bethlehem Republican Committee and take a vote on whether or not the caucus should be abandoned for a secret primary, and announce the vote to the public before Election Day.

**LINCOLNS RALLIES**

The Lincoln candidates, Arthur Fisher for Supervisor, Douglas Bridge and Charles Oliver for Councilmen, and Edward Adams, Jr., for Town Clerk, have scheduled four more Rallies as follows:

Friday, October 27 - Karlsfeld Fire Hall.

Monday, October 30 - Elsmere Fire Hall.

Wednesday, November 1 - Selkirk Fire Hall.

Friday, November 3 - Delmar Fire Hall.

All Rallies are scheduled to begin at 8 o'clock.

**Income Tax Courses**

Two short-term income tax refresher courses will be offered by the Albany Evening Division of Russell Sage College starting November 1. For six Wednesday evenings, Part I for preparing individual returns will meet from 6:00 - 7:40 p.m.; and Part II, designed for those interested in preparing partnership, estate and corporation returns will meet from 7:50 - 9:30 p.m. Registrations may be made for one or both parts.

**Should We Take These Things  
for Granted?**

The services your Town Government provides to safeguard your health, your convenience and your pleasure are frequently taken for granted.

You don't have to do more about garbage disposal than put your garbage in the can, and put the can at the curb... You get free trash collection during spring "clean up" days... Mosquito control adds to the pleasure of summer outdoor living... Supervised recreation facilities, both summer and winter, are available to all.

When services are good, we take them for granted. It is only when they fail that we are aware of their importance. With this Republican Town Administration, the maintenance of these public services is part of the public trust.

• ON OCTOBER 27, 1961 at the Elsmere Grade School on Delaware Ave., the fourteen 4-H clubs in the Tri-Village area are holding their annual achievement night. A varied program is planned and parents and the public are cordially invited to attend to see and hear about 4-H club work.

Munchin' Apples Time! While right around the very next corner is Hallowe'en. So, guess we'd all best be equipped with all the things that make good treats to ward-off the tricksters.

However, looking back over a few Spotlights to October 5, let's recall the Open Letter of concern from the Bethlehem Memorial Post. They expressed regret over their decision to discontinue the annual Community Hallowe'en Party. Is it possible that as parents of the youth in this area we're so satisfied with them, or unaware of their misconduct? We should be thanking those in charge of this large project for their community kindness over the past years. The complete lack of cooperation on the part of the youth certainly should reflect back on all of us! The Bethlehem Post threw out this challenge: "But What Can We Do?"

Let us not overlook the UNICEF collection scheduled for October 31. That's right, on Hallowe'en night. This is the United Nations Children's Fund and the youth of our Tri-Village area will be around to your door.

Speaking of goblins - The Normanside Country Club Hal-

lowe'en Party is being planned for October 28, Saturday, from 9 to 1, with or without broomsticks. Music is by Hank Torgan and his Headless Horsemen. You must be in costume in order to be admitted by The Dragons. Reservations by calling George, and plenty of Tricks and Treats at Midnight!

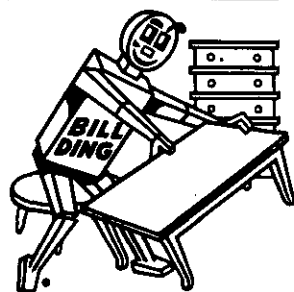

Secretary of Agriculture Freeman is now on an important tour of the Middle East and South and Southeast Asia to study the food situation and to find additional markets for U.S. commodities. He is also taking a close look at the operation of the Food-for-Peace program, finding out first hand how it is working and exploring ways to improve it. Potbellied children, gaunt and haggard mothers, men who go to bed hungry at night - these are things we in America know little of.

Yet two-thirds of the modern world knows them well - not stark hunger and starvation, but chronic malnutrition.

A recent study by the U.S. Department of Agriculture shows that one-third of the world is now free from the fear of hunger. Mostly, this is in the Northern tier of countries around the globe.

But in the Southern area, people don't get enough food

## Keep the UNITY in Our Community

(At a recent meeting of the Women's Republican Club of Bethlehem, Miss Ruth Miner, an acknowledged champion of Republican solidarity, said this of the threat to Party unity:)

"To assail the right of members of a political Party to assert honest disagreement with its leaders... would be to deny the inalienable principle of freedom for which this Nation was born.

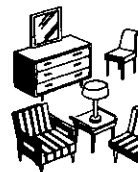

"The quarrel is not with opposition but with the means and methods used.

"No high-sounding name can disguise the fact that by the method chosen, they (members of the Republican splinter group) seek to establish not a new Republican Party but a new Third Party by whatever name it is known.

"The Election Law provides that 'Party nominations of candidates for Town and Village officers of any County shall be made in the manner prescribed by the Rules of the County Committee.'"

What make these diets even worse is that they are so poorly balanced. In Pakistan, for example, nearly three-fourths of the calories are provided by grain products, principally rice.

Such a diet, not balanced by proteins, fats, vitamins and minerals, can result in all sorts of nutritional diseases.

Pinpointing this country's interest, the Secretary of Agriculture on the eve of his recent departure said, "We will also examine the technical aspects of agriculture to determine how this Nation can best assist these Nations in producing more abundantly to meet their own needs."

It serves more than 2.3 billion lunches a year to 13.5 million youngsters. The Federal Government pays one-fifth of the cost of these meals. State and local agencies put up another fifth. Nearly one out of every 10 children receives lunch free. These are youngsters who otherwise could not afford to pay for their meals - even at cut-rate prices.

**LINCOLNS CANDIDATES CHARGE THAT KOHINKE HAS SURRENDERED TO THE DEMOCRATS - 100%**

Released by Candidates: Fisher, Oliver, Bridge and Adams

Mr. Kohinke's statement reported in the Times Union on October 20, 1961 (we suggest you read it) is one of the most astonishing statements ever made by a candidate for public office. The incumbent supervisor contends that he should not speak up at meetings of the Albany County Board of Supervisors because he is a member of the minority party. To use his words, Mr. Kohinke boasts that his silence is "politically knowledgeable and politically practical."

First of all, by this statement, Mr. Kohinke has now publicly confessed he doesn't speak up on that Board. This is also a matter of record. The Journal of the Board shows that he voted with the Democrat majority on every single one of the 188 resolutions presented to the Board during 1960. These resolutions involved such disputable matters as tax compromises, the Albany County Budget and the city Airport deal.

Second, and even more damaging, Mr. Kohinke has conceded publicly that he doesn't

intend to speak up, or even cast a dissenting vote, in the future - obviously because he doesn't think it is what a "politically knowledgeable" person should do. His statement is a public announcement of his surrender to the Democrats. The Democrats now know that he will continue to keep quiet. Mr. Kohinke has now completely destroyed any possibility of his being an effective Bethlehem representative on that Board. The Democrats have his number.

Mr. Kohinke is saying it is "politically knowledgeable and politically practical" for the minority not to speak up. What kind of a nation would this be if we followed Mr. Kohinke's line of reasoning and labelled

**The Town of Your Choice**

They say a home is about the biggest investment the average man makes in his lifetime.

Most men and their families use more care in choosing a home than in anything else they buy... They know how many bedrooms they need; how far they want to be from the bus, the school, the store, the church, the job, the neighbors. And, if they're wise, they shop around for community values as well as housing values.

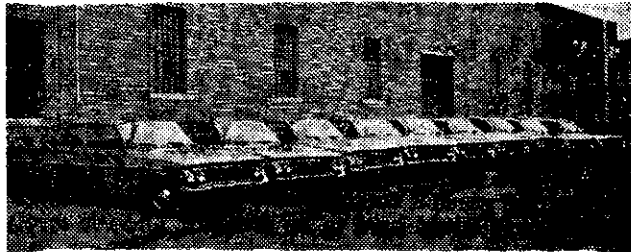

You picked this town to live in. Why? The choice to pick and choose - and to stay -- was your choice to make... If you make a list of reasons why this town got your vote, you'll find that many of them are connected quite firmly to the services your sound and responsible and experienced Republican town government provide in the quantity and at the cost you demand.

"naive" (as he does) every public official who had the courage to stand up and be counted against a majority vote. Think what would happen if his type of reasoning prevailed in the United States Senate, The House of Representatives, The State Legislature, and other governing bodies.

We recommend that Mr. Kohinke read an American History book. He should renew his faith in our form of government by reading about men all alone stood up and fought for free speech and the rights of the individual. He needs to re-read the Declaration of Independence, and the Bill of Rights. He should remind himself of our hard earned American heritage of freedom of thought and speech and then contemplate how short sighted it is for one to abandon these rights for political expedience.

The Town Supervisor is our only representative that over 18,000 of us have on the County Board of Supervisors. He has a duty to speak up for us and a duty to vote to protect

us. It is absolutely inexcusable for him to fail to defend our rights. Bethlehem voters now know they have had and will continue to have no representative in Mr. Kohinke. Mr. Kohinke and his supporters on the Town Board must be removed from office on November 7.

Mr. Kohinke implies the public interests of the Town of Bethlehem have been furthered by his silence and inaction. In what way, pray tell?

We ask him---Mr. Kohinke-how have you furthered the interests of the people of the Town of Bethlehem by keeping quiet? Do you have some secret arrangements with the Democrat-machine that benefits our public interests? If you do, don't you think the people of Bethlehem deserve to know what it is?

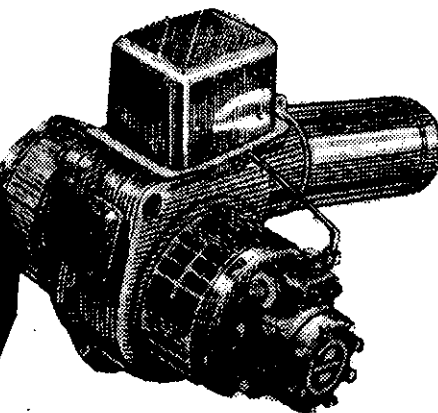

Mr. Kohinke says we need united effort for political action toward more equitable representation on the Board of Supervisors. It's about time. He has been in office for two years and has never uttered one word of objection about inequality until now. He must have read about it in the Lincolns' summary of Town Government.

Why hasn't he said something about it before? The Governor and the Legislature are located right next door to us. Why hasn't he appealed to them for a correction of this distorted situation?

Does he think that this too would be "verbal bombast" (as he calls it) or not "politically knowledgeable?" The Lincolns will take positive action to correct this deplorable situation by enlisting the support of the State officials and not just mention it before election day.

Arthur P. Fisher, The Lincolns candidate for Supervisor, appeared at the last public hearing of the State Commission to correct the tax delinquency situation in Albany County so as to relieve Bethlehem of the additional tax burden. Mr. Fisher was courteously and attentively received. He was the only person to appear for Bethlehem. Mr. Kohinke has never once appeared before a Commission hearing. He must have believed it would be politically "naive" otherwise why didn't he ever appear? He

Old Guard hasn't been able to produce the single elected official who believes in the rights of the minority and who has the courage to speak up for his constituents. What kind of a strong party is that? What kind of a party organization is it that doesn't cast one dissenting vote against the county practice of passing the unpaid city tax load on to us and others in the county who do pay their taxes?

Incidentally, now that Mr. Kohinke has publicly stated he stays silent on the Albany County Board of Supervisors because he is "politically knowledgeable and politically practical," we can understand why he and the Old Guard are so upset because the Lincolns oppose them. They just don't believe there should be opposition---they believe in "politically practical" silence.

They do not realize the only way a minority can become a majority is by defending the rights of their constituents openly and by informing the public of what is going on.

We are confident the voters of Bethlehem do not believe in Mr. Kohinke's brand of "politically practical" silence and that they will make this known on election day.

Silence is golden - for the Democrats. A change is long overdue.
