

GROWTH POTENTIAL IS DISCUSSED BY BETHLEHEM PLANNING BOARD

A forecast of "great improvement in growth potential" for the Town of Bethlehem was made today by the chairman of the town's Planning Board.

Howard P. Paddock, just re-named chairman of the board and appointed to a new seven year term, predicted that the board's program for progress in 1962 will be of "tremendous benefit to the town and its residents."

Two announcements of particular significance were made by Mr. Paddock as he discussed the board's activities in an informal "year-end review." He disclosed that:

1. The Planning Board shortly will submit to the Town Board a map covering a portion of the town at present not covered by zoning ordinances. A considerable part of that area, he said, will be recommended for light and heavy industrial purposes.

2. The board will recommend to the Town Board a list of definitions for both heavy and light industry and the permitted uses of the new areas proposed for industrial zoning.

"The development of these industrial zones," Mr. Paddock said, "not only will be of great assistance in the efforts to bring attractive industries to our town, but it will protect the fine residential areas for which Bethlehem is renowned and envied."

Mr. Paddock pointed out that the Planning Board as presently constituted actually has been in existence only 3 1/2 years.

A "Zoning Commission" was created in 1939. That group developed zoning ordinances and a zoning map, later adopted by the Town Board. In 1944, a Planning Board was designated by the Town Board and that year Mr. Paddock became chairman, a post he has since held.

In 1958, the Planning Board,

throughout its past history having been an advisory group only, was given certain definite authority, Mr. Paddock pointed out.

"Included in our new authority," he said, "was the responsibility for approving or disapproving residential subdivisions in the town."

Only recently, the veterans chairman declared, two new subdivisions - Colonial Acres and Birchwood Acres - have been approved by us for custom-built housing.

"It is residential development like this, in areas protected

against intrusion by industry or commerce, that is helping to add to the attractiveness of our community," he said.

Mr. Paddock pointed out that throughout the deliberations of his board, protection of the interests of residents, coupled with the hope of attracting desirable new tax-paying industry, have been uppermost in member's minds.

"We believe the work of our board," Mr. Paddock said, "has been beneficial to the town and that in the future will be even more so. I am impressed by

the support we have received from so many sources. We of the board are flattered by words such as those contained in the attractive brochure which was prepared and distributed by the Bethlehem Chamber of Commerce.

"The Planning Board," the booklet states, Mr. Paddock pointed out, "working under the Zoning Ordinance, has laid out graceful winding streets, has eliminated through traffic in residential areas and has insured proper grading for adequate drainage."

These are a few of the Planning Board's achievements in the past "and with the support of the town's residents, there will be many more in the years ahead," Mr. Paddock emphasized.

SURVEY SHOWS THAT MORE THAN 138 MILLION PHONES ARE AVAILABLE TO PEOPLE OF THE WORLD

Bell telephone users can call 138,239,700 telephones, 97.6 per cent of all the telephones in the world.

This includes the 244 telephones in Muscat and Oman, all three of the telephones in the British Virgin Islands, and 60 per cent of the estimated 4,276,000 telephones in Russia.

All figures in the report are as of January 1, 1961, since it takes a year to collect and compile the data. At that time the United States had 74,342,000 telephones, more than 40 per 100 persons. Today there are some 77,500,000 telephones in this country. Russia had about two telephones for every 100 persons.

According to the 1961 edition of "The World's Telephones," released today by American Telephone and Telegraph Company, there were 141,700,000 telephones at the beginning of 1961, a gain of 8,100,000 in 1960.

The report shows the number of telephones in the world almost doubled since 1951. The United States, with 52 per cent of the world's telephones, accounted for 47 per cent of the

entire gain of the past decade.

The United Kingdom was second in the number of telephones with 8,270,000, or 16 per 100 persons. West Germany ranked third with 5,994,051, or 11 per 100 persons. Canada had 32 telephones per 100 persons, for a total of 5,728,167.

While Canadians ranked fourth in the total number of telephones, they apparently use their phones more than anyone else. In 1960, Canadians averaged more than 538 telephone conversations per person. In the United States, the average was 520. Sweden, with 37 telephones per 100 persons, ranked third with 349 conversations per person.

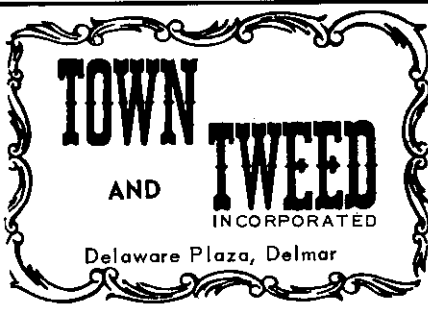

Two-thirds of the world's telephones are privately operated, according to the report, but the majority of countries have government-operated telephone systems. In Europe, for example, only 17 per cent of the telephones are privately operated. In Africa, the figure is 1.6 per cent. In North America, more than 98 per cent of the telephones are operated by private enterprise companies.

Just Chatting

The Tollgate Antique and Interior Shop, 1569 New Scotland Rd., Slingerlands is a wonderfully pleasant spot to wait out the bad weather, as I discovered last Saturday (remember the weather!?) morning.

The shop and its owner, Geri Somers, a slim, auburn-haired woman, exude warmth and beauty. It is not the usual antiquey shop - rather a trio of rooms holding cherished family heir-looms... everything chosen by Geri, as much for its loveliness as for its' antiquity. The reason, I found, was that Geri bought much of her stock for herself. In fact-when her husband was transferred from Portland, Oregon to Buffalo, she insisted on packing 19 barrels of her most fragile possessions.

and Church work. Then, another transfer to Albany, with the 19 barrels still intact. This time, there was an urge to do something more creative. As a graduate of the University of Washington, majoring in Interior Design, she had often helped her friends and neighbors with their problem homes. So, she scouted the area for ideas and decided that the beauty of Bethlehem appealed to her as well as the potential business prospects.

The short time she has been in business has proven her right. Although her location is not perfect, the well-known path has been beaten to her door. Her barrels are at last unpacked, their contents polished to perfection, and displayed against a background of luscious fabrics, samples of hooked and braided rugs, or beautifully textured wallpapers. A visit such as mine makes visions of doing my house over almost a necessity.

In Buffalo, all were placed in storage, while Geri without the care of 3 (now grown) daughters and a large house, plunged into Hospital Auxiliary

Afraid Ellen Scott of the Times Union scooped us with her fascinating article about Edith Dappert, 11 Pinedale Avenue, Delmar... and her secretary, Ruth Carson of Voorheesville. It never occurred to us that a Classical Theatre Agent could reside so far from Broadway... or that a member of our community was also a member of the Theatre Advisory Panel of the New York State Panel Council on the Arts. Our sincere felicitations to Mrs. A.F. Dappert on her unique and successful career.

Congratulations to Larry Moses, son of Mr. and Mrs. Laurence R. Moses, of 9 Winne Rd. on his promotion to Captain in the U.S. Army. Larry is stationed in West Berlin with the 6th Infantry Regiment and we can understand the tension his parents feel at this assignment.

Kitty and Ed Koch of Park Place, Elsmere have spent a most unusual holiday and I'll leave it up to all grandparents to envy them or no... They took over their 15 month old grand-daughter and 5 months old grandson while their daughter, Linda, and her husband went skiing in Switzerland and sight-seeing et al in Paris. The children are adorable and Kitty coped magnificently, even managed to entertain a West Point cadet for her beautiful daughter, Peggy, a senior at Holy Names Academy.

I thought Patty Jones, daughter of Herb and Annette Jones of Heldeberg Parkway, Slingerlands, and Debbie Rodgers, daughter of Fren and Jane Rodgers, Font Grove Rd., Slingerlands were the two prettiest debutants of the season and they are such wonderfully natural foils for each other. Their holidays were even more of a round of parties than the average teen-agers or could it be? Maybe just more formal excitement.

With winter comes illnesses and there does seem to be Viruses galore around. Clover Mikol, our famed Tri-Village artist, has had a particularly tough bout and is beginning to feel discouraged. We hope she'll be out and around soon. Talked with Ginny Nuzzo of

Keith Road recently and she is one remarkable gal. She tells fabulous stories of her eight children and one dog... but any one of her neighbors will testify that each child is an absolute treasure. Judy, her oldest girl, is in her second year at Oneonta, mother's Alma Mater, and of course was home for the holidays.

LETTERS

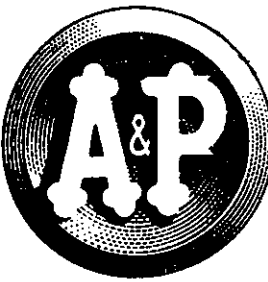

Dear Editor:

With your help, Mrs. Schrade and I want to express our sincere thanks and gratitude to all of our friends and neighbors, the Bethlehem Police headed by Mr. Kohinke, the Hamagrael School officials and personnel, the Boy Scouts of America and their leaders, the ministers and clergy, the volunteer firemen and rescue squad, the Civil Defense group, the Service Club members and veterans groups of our Town, the newspapers and radio stations and everyone else who helped directly or indirectly in returning our son to us. It is a debt we can never fully repay, but we will try.

At best, it is a lonely and grim task to have to search woods, streams, culverts and gullies fearing the worst but hoping for the best. It was comforting to know that with the help we received, both real and spiritual, we were never really alone.

A good friend of mine has often referred to our Town of Bethlehem as the most wonderful town in the world, and we are more than ever convinced of it.

Thanks again to everyone.
Sincerely,
Karl H. Schrade

A MILLION "THANK YOU's" FROM THE DELMAR LIBRARY

Thank you!

You generous hearted people!

It is certainly a heartwarming experience to see the "decorations" on the Knittin' tree increase to the point at which they had to be piled on the floor - the tree in the Delmar Public Library has been relieved of its weight of winter clothing for the needy. These things will be sent immediately to the American Friends' Service Committee who will forward them with all speed to where the need is greatest. Some little muslin shirts are just right for little Algerian refugee babies under the hot sun of Morocco - Some blankets, sweaters, socks, mittens, caps, are desperately needed in Korea - and some things may go to the refugee camps in Florida, the communities of needy Americans in mining towns - Anywhere, in short, where they are most appropriate - Would you like to know the figures?

Adult sweaters - 11, child & baby sweaters - 14, mittens, pairs - 33, socks, pairs - 6, caps - 20, scarf - 1, bootees, pairs - 4, cloth baby shirts - 9, baby nightgown - 1, baby pad - 1, cotton blankets (receiving) - 5, wool blankets - 2, knitted blanket squares - 5, shoes, pr. - 1, balls yarn - 6, knitting needles, pr. - 2, stuffed toys - 4, total: 125.

Of these 125 items, over half are hand-knitted, meaning loving work and longer wear. Especially when we realize that these gifts are anonymous we see how truly generous our community is.

We would like to take this opportunity to express appreciation to the Delmar Public Library for active cooperation in this project.

In the name of the needy,
THANK YOU ALL!

**SLINGERLANDS COMMUNITY METHODIST CHURCH TO
LAUNCH SECOND FUND DRIVE FOR \$60,000.00**

Mrs. Milton Knox, Chairman of the Building Fund Drive Committee, reports that the Community Methodist Church in Slingerlands will have its Second Building Fund Drive on Sunday, January 21, 1962. It was just three years ago that the Church was renovated and a new Educational Wind added at a total cost of \$150,000. Interest and principal has been on this obligation and at the present time our remaining debt is \$100,000. Our goal in this Second Drive is \$60,000 in pledges for three years.

This ninety-five year old Church is the only Church in Slingerlands. It is the busy center of community life and one of the loveliest churches in the area.

It is, of course, busiest on Sundays with its morning services, Church School, youth meetings and study groups. On weekdays its doors are open to the Slingerlands Nursery School, Cub Pack 172, and Boy Scout Troop 72. Recently, the Delmar Rotary Club has been holding its meetings in Fellowship Hall and the members are served dinner every week. Almost every evening in the week we find members of the various groups and commissions in the Church meeting, working, and planning for the many activities of Church life. The Reverend Mr. James R. Rhodes is completing his seventh year as pastor of this busy Church.

Organizing and planning for this Second Drive has been in process since early December.

Mrs. Milton Knox is General Chairman of the Building Fund Committee. Other members of the Committee are: Mr. Frederick W. Stolz, Miss Anne Johnson, Mr. Robert H. Birch-enough, Mr. Dean H. Arnold, Dr. Thomas Hale, Mr. Milton B. Knox. More than forty-five men of the Church are participating as workers and callers in the Drive, which begins on January 21st.

WOE IS US!

Apoligies and regrets are in order this week. Somehow, the entire staff and the printer too, contracted some form of Spring-Fever-in-January last week.

First of all, our sincere apologies to Herman and Helen Rasker at Town and Tweed. Continuing isn't spelled at all the way we spelled it and "Annul" hardly stands for Annual. Our faces were crimson, our dictionary blue, our hearts were sad - but there they were! Two big, fat, glaring mistakes.

Our readers had to supply 1/2 a word in one of the Letters to the Editor. The office mouse completely consumed the last half of the word "campaign."

Then to make bad things worse: our printer transposed the pictures of William Johnston, Jr. and Richard R. Bennett. Our sincere apologies.

Woe is us!

SAGE EVENING DIVISION OFFERS SOLUTION

For the men or women who wished to attend college full-time when he or she finished high school but couldn't because of limited academic ability or finances or both, Russell Sage College's evening division in Albany and Troy offers a solution. A printed brochure and schedule is available on request. A master's and bachelor's program in elementary education is offered the spring term on a part-time basis as well as three associate (two-year) programs in business, public service, and the liberal arts for which the degree A. A. or A.A.S. is awarded. Eight other baccalaureate programs in nursing, liberal arts, general business and accounting may also be started at that time.

The evening college is an integral part of Sage and includes all classes in the three divisions if they meet after 5 p. m. or on Saturdays. It offers every qualified high school graduate in the Capital Area an opportunity to try his hand at college if only once a week, or in as accelerated a program as his capabilities permit.

Sage has found that its evening classes give the "late bloomers" a break. He is typical of the many men and women who really don't "learn the score" until after graduation and then find themselves unprepared for employment or for college on a full-time basis. The evening college is for those who through no fault of their own must go at a slower pace.

The spring term starts January 29 and registration began January 3 for over a hundred classes. Sixteen hundred students are currently registered and taking classes at the women's campus, Troy, or at 258 State Street or 140 New Scotland Avenue in Albany.

By the Way

by Abbie Utz

Having been away much too long, it's good to be back. By the Way, Happy New Year! Just know that everyone is back to normal routine but still thinking of the holidays. Won't be too long 'til our college students will be back home for the between semester break. Hope that the old saying "an apple a day" really is proving true. For instance, at Michigan State University in East Lansing, some 1,300 students may be trying this out, liter-

ally. Not only one, but sometimes as many as three a day --and they've turned out to be healthier than their fellow students. The apple-eating students were part of a three-year experiment to prove this adage true or false. Volunteers were chosen simply because they liked to eat apples. There was no attempt made to select them because of their sex, past medical history or general health. Thus the health records of the testing group were checked against those non-apple-eaters and the former group suffered only two-thirds as many upper-respiratory infections and a sixth as many pressure-tension problems. (For the student body as a whole, these two ailments accounted for sixty-six percent of all clinic calls.) The apple eaters also showed better general health. Did the apples really make the difference? They might have! Perhaps some of our Michigan State people from the Tri-Villages will enlighten us? How about that, Sue Williams, Lucy Clough, John Edsall, and Bonnie Storm? What do you think?

Oh, to get caught up with all our nice people and their doings. Quite recently, we attended a lovely Open House at the home of Mrs. Charles Walsh in the Hamagrael section of Delmar. This was a special treat since this lovely old home is still partially wooded and quite off to itself. Once called Hamagrael, meaning home in the country, the entire new residential section and elementary school carry the same name. Now there are many homes surrounding the once

large rural area and the sand has been covered by grass and roads have been added and the huge Council-oak stands out to remind us of all that once was.

Mrs. George Myrick of Winne Road, always told our youngsters of the meeting place of the Indians under this magnificent giant tree. By the way, we understand George is back at his office these days. Good news after his recent heart attack.

Also, another recent Afternoon Tea-Open House, given by Mrs. James Harding of Westchester Drive, was delightfully shared by Margo's neighbors and friends, and from out of town, was the mother of Dick Dempsey of Jordan Blvd. Norma and Dick were so fortunate to have her with them for the holidays and an extended visit, before she returned to Amherst College campus and her interesting life there as housemother at one of the fraternities.

Winners from a recent Wednesday noon Newcomers Bridge: Blanche Gibbs, Mary Lockhart, Audrey Ganes.

Learned some time ago that John Purves, son of Mr. and Mrs. James Purves of Rowland Ave., was elected to Christian Union. This is great in a freshman class of eight hundred. John is also a youth advisor in the churches around Dartmouth College and has helped with Pancake Suppers (had good training with Key-Club at BCHS) and many worthwhile projects even to barn-raising and assisted in chopping wood (enough for one year).

Understand that Beryl Livingston of Forest Rd., really had a ball at the Debut Ball in

New York City. Beryl was the guest, as was Sue Pesnell of Delmar, of Joan Cetner of Loudonville. Some forty guests stayed at the Waldorf to attend Joan's debut. Beryl has returned to Miami, Florida, now to resume her freshman studies at the University.

Congratulations to Judith Long. Her parents, Dr. and Mrs. Everett C. Long of Heldervale, announced her engagement just recently to Robert E. O'Brien, son of Mr. and Mrs. Loren J. O'Brien of Grabill, Ind. Judith is a graduate of Green Mountain Junior College, Vermont, and of the State University College at Potsdam, and she is teaching at Gouverneur.

Also belated wedding congratulations to Linda McCauley and Robert Eberly and Janet Wiggers and Alfred H. Woodworth. Both weddings were performed in First Methodist Church, Delmar.

By the way, we've heard that Gladys and Fred Potter, formerly of Fernbank Ave., are truly enjoying their new life in Florida. According to their recent letter to Ethel Harmuth of Delmar, they had a grand Florida Christmas and love Deerfield Beach. We're so happy to hear from them and know their many friends here will be too.
