### TOWN OF BETHLEHEM ACCEPTS MEMORIAL PARK

At the Memorial Park Rededication Ceremonies on Sunday, November 11, Mrs. Mary Connors, President of the Blanchard Post American Legion Auxiliary, (right) presents an American flag to Mrs. Arthur Main (left) while Otto deHeus (center) looks on.

As the principal speaker at the ceremony which saw the Park deed transferred from Arthur Main to the Town of Bethlehem, Mrs. Main had this to say (in part):

"I want to explain further why Arthur is not here today, and to tell you how disappointed he is. Some time ago he had planned to be in Michigan this week end, before he knew about this occasion. It was then too late to change his plans and I am here in his place. The few words that I am going to say today express his feelings as well as my own.

"Over the years, he has been very proud, and so have I, to have a small part in this Memorial Park, which has been a beauty spot in our Tri-Village Area, and which has been a fitting tribute to our service men, to whom we are all so deeply indebted.

"For the past couple of years, Arthur has said several times that he should deed the property to the Town so that he would be sure it would be perpetuated as a park and maintained in a manner that would be a credit to the community. It's later than we think you know, and I understand that only one member of the original Bethlehem Service Men's Committee is still living, and so, now he has done just that. He is very happy to know that the park will surely be continued and maintained as a bright spot in our town and as a lasting memorial to our service men.

"And now, it is a privilege and pleasure to present to you, Mr. Kohinke, as supervisor of the Town of Bethlehem, the deed to the land where we now stand, and to receive your assurance that the Park will be continued and maintained as a fitting memorial to our service men."

### Christian Science Society Has Special Service

A special Thanksgiving Day service, traditional in Christian Science churches all over the world, will be held in this area by The Christian Science Society, Delmar.

Everyone is welcome to the service, which begins at 11:00 o'clock, this morning, in the church at 555 Delaware Avenue.

Hymns, prayer, and a specially prepared Bible Lesson-Sermon are all a part of the service, which also includes a period of spontaneous expressions of gratitude by church members in the congregation.

The entire congregation will join in reading these Bible

verses included in the Responsive Reading: "Now therefore, our God, we thank thee, and praise thy glorious name . . . O Lord our God, all this store that we have prepared to build thee an house for thine holy name cometh of thine hand, and is all thine own" (I Chron. 29: 13, 16).

### Lowell Gypsum at Hamagrael

The PTA of the Hamagrael Elementary School, will hold its next meeting in the school auditorium on Tuesday, November 27, at 8 P.M.

"Paired Schools" will be discussed by Mr. Lowell Gypsum.

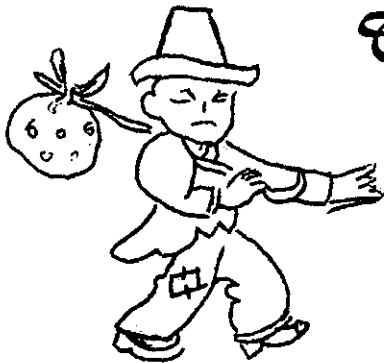

### Excerpts from Irish Plays to be Presented at Meeting

Mrs. George W. Parker, Chairman, announces the Drama Group of the Delmar Progress Club will meet in the Public Library at 2:00 P.M., on Monday, November 26.

Arlene Lavin of the Slinger-

land Players will discuss "Theatre in Ireland" and will present excerpts from some Irish plays.

Mrs. Douglas S. Rider is hostess for the social hour to follow the program.

# The "Tramp"

is the Newest Campus craze . . .  
is taking hold with all the teen-trade . .

**BOYS and GIRLS** alike are latching on to the "TRAMP"

### **WAYNE DAVIS GETS NEW BAR ASSOCIATION HONOR**

Wayne M. Davis of 421 Wellington Road, Delmar, was recently elected assistant secretary of the New York State Bar Association's Young Lawyers Section at the section's annual meeting.

The meeting was in the Manger-DeWitt Clinton Hotel and marked the 25th year since the founding of the section, which includes 3,100 New York State lawyers in the 21-38 age bracket.

Mr. Davis is a graduate of Union College and Albany Law School. He formerly was a member of the staff of the State Bar Association and now serves as assistant attorney general for the state.

Elected with Mr. Davis were Samuel G. Brundage of Rochester, chairman; William D. Brinnier of Saugerties, vice chairman, and Leonard G. Miller of Hicksville, secretary.

### **Card Party & Fashion Show**

Albany Branch, American Association of University Women will present a card party and fashion show at the Normanside Country Club, Elsmere, at 8 P.M. on Thursday, November 29.

Hats, gloves, handbags, and jewelry from Anne's Hat Box in Delmar will be modeled by Mrs. Clark A. Kelly, Mrs. Robert Kellum, Mrs. James L. McGraw, Mrs. C. Edgar Vail.

Hair styles will be done by the Shirlee-Sue Beauty Salon in Elsmere.

A gift certificate for merchandise from Anne's Hat Box will be one of the door prizes.

Co-chairmen for the evening are Mrs. Louis S. Harris and Mrs. Franklin J. Rosenberg. Assisting with arrangements are Mrs. Robert W. Manly, reservations and telephone committee; Mrs. Albert H. Magnuson, prizes; Miss Julia A. Austin, tickets.

**Five New Firemen Accepted  
By Elsmere Fire Company**

The Elsmere Fire Co. "A" Inc. have five new active firemen.

They are Douglas Carkner, 83 Elsmere Ave., John Devine, 37 Brookman Ave., Ronald Grenier, 68 Harrison Ave., Anthony Morrill, 42 Brookman Ave., and Paul Rukwid, 6 Alden Ct.

These five men will be active probationary firemen for the next six months. At the end of this time their names will be added to the "active roster," if okayed by Chief Richard K. Smith.

**Elected to Board**

On November 7 at the Annual Business Meeting of the Hudson Valley Girl Scout Council the following area residents were elected to the Board of Directors. Serving a three year term, from 1962-65 are: Mrs. Clifford Bowdish, Jr. of Delmar, Mrs. Frederick Edmunds of Voorheesville, Mr. John Flandreau of Elsmere and Mr. Robert B. Norton of Delmar.

**Newcomers Dinner Dance Is  
Set for Saturday, November 24**

The Tri-Village Newcomers Club is looking forward to a gala evening when the members gather November 24 for their annual dinner dance at the Manger DeWitt Clinton Hotel. The get-acquainted Cocktail Hour at 7:30 P.M. and dinner at 8:30 P.M. in the Crystal Room will be followed by dancing to the music of the Jack Drummond Trio until 1:00 A.M.

Mrs. W. Franklin Simpson, Delmar, Chairman, has announced that all former newcomers and guests are welcome.

**Dr. Otto Faust Speaker at PTA Meeting at Elsmere School**

Dr. Otto Faust spoke to the Elsmere Elementary School Parent Teachers Association on Tuesday, November 13, at 8 p.m. on the topic, "Relation of Parental Pressure to School Failures." Dr. Faust's wide experience as a practicing pediatrician, senior attending pediatrician at Albany Medical Center, and professor of pediatrics at Albany Medical College qualify him very well for this discussion.

Refreshments were served by the following grade mothers: Mrs. Richard Haverly, Mrs. Charles Bennett, Mrs. John Elmendorf, Mrs. Daniel Battle, and Mrs. Alan Riedel.

**Literature Group Meeting**

The Literature Group of the Delmar Progress Club will meet in the Library at 10 o'clock, Tuesday morning, November 27. The meeting will be preceded by Coffee Hour at 9:30.

Mrs. Clarence Wilcox, leader, assisted by Mrs. Joseph

Lindsey, Jr. and Mrs. Sanford Smith will present the program "Books from the Beginning."

**Pre-School PTA Meeting**

Is Peanut Butter Enough? is the topic of the first meeting of the Bethlehem Central Pre-School PTA on November 28. The meeting will be held at 1:15 p.m. at the Tri-Village Nursery School, Rt. 9W, Glenmont.

Mrs. Martha Brown, home economics teacher and Home Demonstration Agent will be the speaker and will suggest answers to the most basic problems of children's diets and health.

Pre-schoolers two years of age and older will be cared for during the meeting. Children under two years are welcome, but should stay with mother at the meeting.

Fallout Shelter Construction Workshop Being Held in Principal New York State Cities by Dept. of Defense

Fallout shelter construction workshops will be conducted in various parts of the State during the period November 19 through 24 by Region 1 of the Department of Defense, Office of Civil Defense, the New York State Civil Defense Commission announced today.

The meetings will be from three to five hour duration and designed for key personnel of the construction industry, including architects, engineers, builders, and contractors.

The Office of Civil Defense

has planned workshops for New York City, Schenectady, Syracuse, Rochester, Buffalo, Watertown and Mineola. Final designation of the meetings will depend on the capability of the areas to supply from 100 to 200 key personnel. Edward Yackel of Region 1 has been designated as the Regional Coordinator for the program. State Coordinator will be Irving Scheinbart of the Civil Defense Commission. Applications to attend the workshops should be made through the local Civil Defense office in each community where the sessions are scheduled.

Attendance will be limited to persons holding responsible positions in firms, industry, and local government having direct interest in building, planning, design or construction, and those expressing a willingness to assist local or State Civil Defense in giving advice and guidance on shelter identification, construction or improvisation.

## Four Emergency Steps Are Listed for Protection Against Fallout

Four emergency steps for providing immediate protection against radioactive fallout were listed today by Lt. Gen. F. W. Farrell, director of the New York State Civil Defense Commission. He emphasized that the protection afforded by the makeshift measures suggested do not meet the Commission's standards for fallout shelters, but stated that "any protection is better than none, and these measures will substantially increase an individual's chances to survive a nuclear attack." The suggestions are:

1. Store in basements sufficient water for all occupants of homes, apartment and office buildings for a maximum of two weeks, allowing one gallon per day per person. Any container would be adequate, including pails, basement laundry tubs, etc. Gen. Farrell also pointed out that hot water heaters in home basements usually contain about 20 gallons of water that could be used in an emergency.
2. Stock sufficient food for two weeks, preferably stew and other "meals in cans."
3. Obtain a battery-powered radio for receiving Civil Defense instruction over Conelrad on frequencies 640 and 1240.
4. Improve a shelter in

## MAIN-CARE... is a way of Life

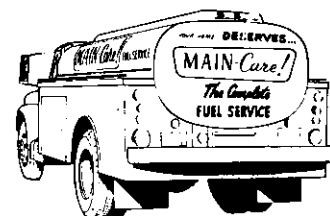

Chances are that just one service call and labor charge to repair any other major appliance in your home will cost you well in excess of \$6.50. But with a MAIN-CARE Service Contract that's the entire cost for service and labor to keep your oil burner operating at top efficiency for a whole year, regardless of the number of service calls.

Should a breakdown occur, 'round-the-clock MAIN-CARE service assures you that your burner will be in working order again before your home has a chance to become cold. Make sure the heating season will be free from care and worry. Just \$6.50 a year insures your family's comfort with a MAIN-CARE Service Contract. The best bargain you ever made.

MAIN-CARE... a complete fuel  
service dedicated to your comfort.

Treasure Tree Coming to  
Delmar Public Library  
On December 1

On Saturday, December 1, the Albany Friends Meeting is again erecting a Christmas Tree in the Delmar Public Library. This year we are calling it a Treasure Tree and we hope that you will trim it with "treasures" for the underprivileged people in our world.

"Treasures" for them are such simple, commonplace things to us, such as: baby clothes, knitted socks, sweaters, afghan squares, yard goods, sewing kits, tools for carpentry and farming, used clothing, blankets, soap, school supplies, Surprise Balls (yarn wrapped around a small toy), and . . .

The list is endless and the quantities are staggering to contemplate. After Christmas the Albany Friends will take these treasures to the American Friends Service Committee for distribution wherever there are people who need help. So begin to plan and knit NOW on Your ornament for the Treasure Tree!

**Annual Round-Up Dinner for Agricultural Extension Service Committeemen Held in Guilderland Center**

The Annual Round-up Dinner for Agricultural Extension Service Committeemen and their wives, was held Saturday evening, November 17, at the Helderberg Reformed Church, Guilderland Center.

The Round-up ended the formal Membership Drive of the Extension Service for 1963. Mr. Donald Schierbaum of Guilderland Center, Chairman of the Membership Drive, acted as Toastmaster. In announcing the Annual Dinner, it was noted that 1963 will be the 48th year of the Extension Service in Albany County.

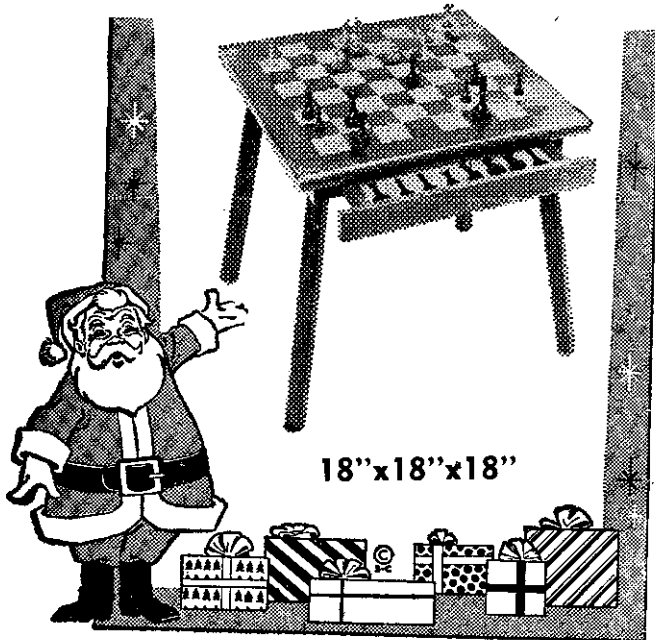

A Banner was presented to the Township reporting the largest Membership Sign-Up. This

is awarded annually by the Greater Albany Chamber of Commerce. Entertainment followed the presentation.

Township Chairmen who reported membership drive results at the Round-up Dinner were: Andrew Brizzell, of Loudonville for Colonie; Earle LaGrange of Feura Bush for New Scotland; George Miller of Slingerlands for Bethlehem; Avie Kinley of Selkirk for Coeymans; Ralph Gardiner of Westerlo for Westerlo; Donald Schierbaum of Guilderland Center for Guilderland; Carl Peterson of Delanson for Knox; Philip Willis of East Berne for Berne and Edward Waldron of Medusa for Rensselaerville.

the basement area. This can be accomplished by blocking off windows with concrete blocks, bags of sand or other dense materials. Lean-to structures, for example, can be erected in the corners of basements by placing doors, sheets of plywood and similar materials against the walls. These structures should be covered with as much dense material as they will support. While solid concrete blocks afford the best protection, bags of sand, bundles of newspapers, books, etc., will also provide some protection. These structures should be occupied especially during the first hours after fallout descends. The entrance should be closed off by heavy material during the occupancy period. Local Civil Defense officials will advise the public over Conelrad when it is safe to leave shelters.

Carrying out these recommendations, Gen. Farrell said, would provide rudimentary protection against radiation, but he warned that only shelters constructed to conform with free plans available from all Civil Defense offices in the

State will meet with the Commission's recommended standards of protection.

Among the other steps householders can take to prepare for a shelter period are (1) turning off gas and electricity; (2) closing doors and windows throughout the house; (3) placing first-aid kits in the shelter area; (4) storing plastic bags or other containers for disposal of human and other wastes; (5) avoiding panic; (6) storing games and developing other procedures to keep children occupied.

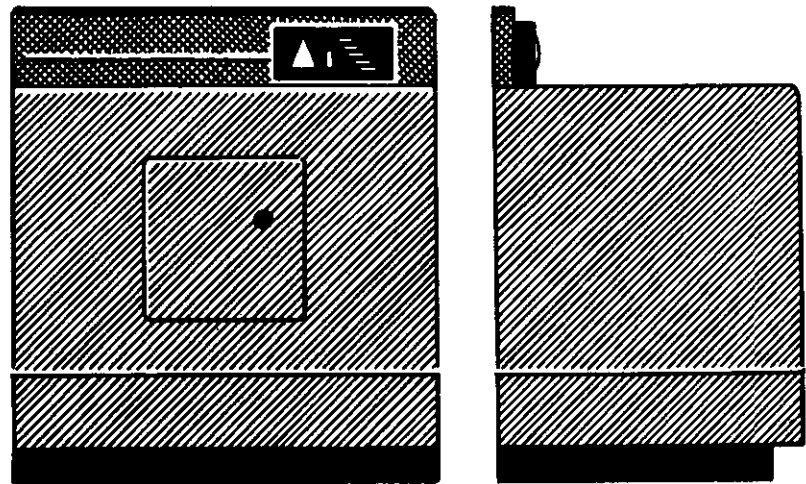

"It is vital that everyone

stay in a protected area during the first hours and days after a nuclear attack," Gen. Farrell said. "One of the characteristics of radioactive fallout that makes it possible for us to protect ourselves against it is the rapid rate at which it 'burns out.' Seven hours after it is formed in a nuclear detonation, the intensity is only one-tenth of its initial intensity. In two days, the intensity is only one one-hundredth of the initial intensity, and after two weeks the radiation is down to one one-thousandth of the original intensity.

"Obviously, therefore, if individuals have access to shelter ---even the improvised shelters described above---for the first two or three days after fallout arrives, their chances of surviving will be greatly increased."

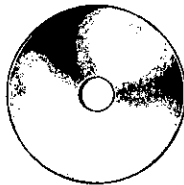

The Civil Defense Commission will provide free information on the construction of home, farm, and group shelters, and all of the State's 81 civil defense jurisdictions are also prepared to give advice and guidance, he said. The Commission's address is 162 Washington Ave., Albany 10, N.Y.

## ALL ABOUT BABIES

*A Public Service of the  
National Baby Care Council*

STERILIZING BABY'S BOTTLES  
By Jean Brennan  
Baby Service Director  
Searer Rubber Company

Of the two commonly ac-  
cepted methods of sterilizing

baby's bottles, most mothers have traditionally used the technique where formula and bottles are sterilized separately. The formula is then added to the bottles under sterilized conditions.

Because of the extreme care necessary in this "sterile field" method---including the use of sterile tongs---a second method, terminal sterilization, has become extremely popular. Terminal sterilization is the method used by most hospitals and readily duplicated in the home because of the availability of plastic bottles of high density polyethylene that are more popular than glass and able to withstand the extreme temperatures developed by steam in this type of sterilization.

Terminal sterilization is a more positive sterilization. The nipple and formula are never handled until put safely in baby's mouth and this eliminates any exposure to bacteria.

Steps for terminal sterilization are these:

1. Wash all equipment thoroughly.
2. Prepare the formula according to your physician's instructions, heating the formula only if necessary to dissolve the ingredients.
3. Pour the formula into bottles. In addition, fill two

four-ounce bottles with drinking water. Place nipples on the bottles, tips down, and cover with sealing discs and caps. After tightening each cap, unloosen the cap one-half turn to allow for steam expansion.

4. Place the filled bottles upright on the rack in the sterilizer. Fill the sterilizer with water up to the two-ounce mark on the bottles. Cover the sterilizer and bring the water to a boil.

5. From the moment steam first begins to come out of the sterilizer, boil for 20 minutes. Watch the time carefully because prolonged boiling can clog nipple holes and make it difficult to remove the caps.

6. Turn off the heat and allow the sterilizer to cool for

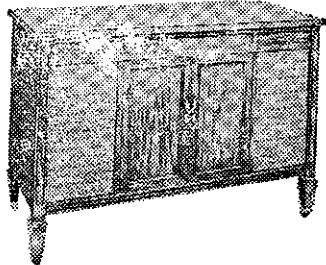

two hours or until you can place your hands against the side of the sterilizer. Do not lift the lid. Only when cool, should you remove the lid, take out the bottles and tighten the caps, and place them in the refrigerator.

This method of sterilization prevents clogging by eliminating milk film. Terminal sterilization also means that the milk need not be stored in a refrigerator. Bottles of ready-to-use formula may be stored in the sterilizer at room temperature until they are ready for feeding.

**HERE'S THE ANSWER TO  
MOTH DAMAGE**

Insidious moth larvae causes millions of dollars worth of damage to woolen garments each year.

Moths commit their depredations despite the use of wardrobe sprays and chemical "repellents."

There is only ONE sure way to prevent moth damage to woolen suits, dresses and overcoats. Have them BERLOU-treated at Killip's. So effective is the BERLOU treatment that we give you a written, unconditional

**3-YEAR GUARANTEE  
AGAINST MOTH DAMAGE**

If, within three years from the time we BERLOU a woolen garment, you detect a moth hole, we will reimburse you immediately for the full value of the garment - and no questions asked.

The charges for BERLOUing woolen wearables are ridiculously low. For example:

- MEN'S SUITS . . . . . \$1.50
  - LADIES' DRESSES . . . . . 1.50
  - OVERCOATS . . . . . 2.00
- PLUS REGULAR DRY CLEANING CHARGE

After we BERLOU a woolen garment we sew a DATE LABEL inside in an area where it will be inconspicuous. Should moth damage occur AFTER the garment has been BERLOU'd, within three years of the date shown on the label, your claim will be honored in full. No "adjustments, no quibbling!"

**Chairman John S. Deevey Announces Traditional Annual Christmas Seal Campaign in Albany County**

John S. Deevey, Chairman of the 1962 Christmas Seal Campaign, announces that the traditional annual Christmas Seal Campaign opened November 13 with the mailing of Christmas Seals to Albany County residents.

"Complete eradication" is the aim of the Albany County Tuberculosis Association said John S. Deevey.

"Over nine million lives have been saved since the first Christmas Seal was sold, but the saving of lives is not enough," declared Mr. Deevey. We must see to it that every family is spared the suffering and tragedy of TB and that other Respiratory Diseases are

controlled.  
"Proceeds from this year's Christmas Seal Campaign must do more than maintain our present activities against TB and other Respiratory Diseases," said Mr. Deevey. "We must expand our effort to find all the unknown cases of TB lurking in this community; increase our efforts to help ex-TB patients get back on their feet and stay there; extend our educational program so that people of all ages learn how to protect themselves from TB and other Respiratory Diseases. We must also put more money into medical research to find better ways of fighting TB and other Respiratory Diseases," he added.

**Christmas Festival:  
THIS IS HOW THIS  
COMMUNITY EFFORT  
ALL STARTED!**

The Bethlehem Community Christmas Festival is the result of 20 years of cooperative effort in which all segments of the community participate in the observance of the peace and joy which is Christmas. The "community" comprises the Town of Bethlehem and the Bethlehem Central School District. The festival had its origin in 1942 when the musical groups of all the churches in the Tri-Village Area joined with Bethlehem Central High School in presenting a musical program at Christmas time.

Previously, there had been a Christmas Concert at the high school under the direction of Rolland R. Truitt, music director. At that time, Mrs. Sydney L. (Danny) Smith was leader of the Music Group of the Delmar Progress Club. Mrs. Smith had the inspiration that it would be nice to combine the high school Christmas Concert with other

music groups, thereby expanding the presentation to a real community undertaking. Mr. Truitt fell in with the idea. A feature was participation by representatives of all the churches of the Tri-Village Area. Thus, the Bethlehem Community Christmas Festival was born.

The late Father William G. Heffern, then pastor of St. Thomas Church, was very enthusiastic in his support of the idea of the community getting together for a Christmas observance. Dr. Leroy C. Brandt came to Delmar

as pastor of the Reformed Church just as the festival idea was developing; he is the only pastor who has been in the community continuously since the beginning of the festival. Hamilton H. Bookhout, supervising principal, has been actively identified with the festival from the start.

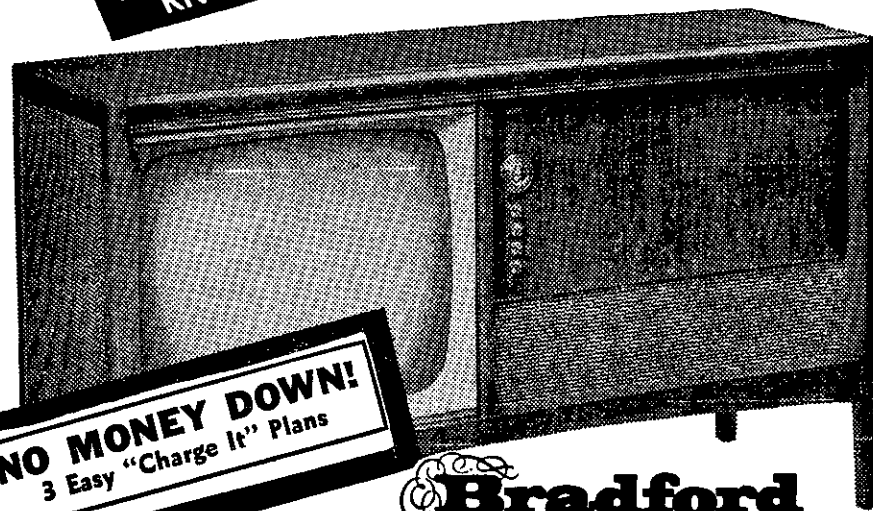

The festival has become the medium through which the whole community unites in common observance of Christmas-tide, the highlight of the year in community endeavor. The first year, living tableaux were incorporated in the program. From then on, the religious aspect was developed to the present pageants depicting home scenes and the reenactment of old Bethlehem events. Santa Claus makes his annual appearance, of course.

# Just Your CUP O' TEA

Turkeys and apples are headliners among many foods expected in abundance in this harvest month. Naturally, the bulk of the birds will be going to market in the two holiday months - - - November and December. Prices, at the present level for the holiday, can be expected with good supplies in all sizes. Imagine the faces of our Pilgrim Fathers should they read these lines of small print.

As for apples, they're making history this year too. This is the second largest crop in two decades and the largest since 1949. This fall, when apples are so plentiful, many homemakers may want to preserve their own ap-

plesauce in home freezers. So jot this down for a go at the easiest process we know:

Wash full-flavored apples, peel if desired, core and slice. To each quart of slices add one-third cup of water. Cook until tender. Cool, and strain if necessary. Sweeten to taste with 1/4 to 3/4 cup sugar for each quart. Seal in rigid containers leaving headspace (not yours) for expansion and then freeze at Zero F. or below. After 9 months to 12 months of storage, the color, texture and flavor still satisfy even a gourmet.

Add to this some good eatin' apple-variety, you make the choice for your family and then try some freshly popped corn... There's enough popcorn this year to yield some 3 billion of those

familiar paper bags. Keep to the hybrids with high propagation. - moisture content and kernel structure - and another quality wanted, of course, is fine flavor. Draw up a chair by that fireplace and relax. . .
