When the Delmar Presbyterian Church Women present their 4th annual Country Fair, neighborhood children like Nancy Nostrand will again be choosing balloons from clown Jerry Hayes. This years fair chairmen, Mrs. Thomas Yemm, Mrs. John Bourke, Mrs. William Leslie and Mrs. Negley Norton have announced the date of the fair as May 25. One of the new activities being planned for the whole family is an old fashioned Cake Walk around the May Pole. The Auction, to be held in the afternoon, will again be one of the highlights of the fair.

Fall Registration Now Being Accepted by Nursery School

Applications are now being accepted for fall registration at Tri-Village Nursery School, it was announced this week by Mrs. Thomas Lewis, executive committee chairman. Application forms may be requested by writing the school at Box 103, Delmar.

Registration will be limited to 42 pupils residing in the Bethlehem Central School District. Children who will be three or four years old by December 1, 1963, are eligible for enrollment. Applications received after three classes have been filled will be placed on a waiting list.

Registered by the State Education Department, the cooperative school holds a permanent charter as a non-profit, educational corporation from the Board of Regents, and is a member of the National Association for Nursery Education. Tuition is \$50 per 8-week quarter for a child whose mother does not participate. The cost of bus transportation is included in the tuition. Classes meet five mornings a week for 2 1/2 hours.

Housed for the past six years in the Bethlehem Center School building, Tri-Village Nursery School will move in the fall, when the School District plans to utilize the building for kindergarten classes. The nursery school's board of trustees has had a number of possible sites under consideration in an effort to locate the school more centrally within the School District. Announcement of the new location is expected within the next few weeks.

Pictured are the winners and finalist of St. Thomas Public Speaking contests. Over 28 high school students attended the public speaking club offered by the senior youth group. COLONIAL ACRES OPEN FOR INSPECTION OF MANY EARLY AMERICAN HOME STYLES IN COUNTRY SETTING

Colonial Acres in Glenmont today inaugurates exhibition of five new homes lifted from the pages of American history, Colonial Acres on Route 32, just 2 miles south of Albany, off Route 9W, presented their

cobblestone pillars with charming antique lanterns.

Driving through the winding roads you will be attracted to the street signs, mail box enclosures, brick and stone walks, hitching post, fencing and

first homes one year ago and now have completed 25 homes that bring one to remember names from our Colonial past.

This community is part of an original homestead area which dates back to the early 1800's, now developing in their third section, they have picturesque wooded lots from 1/2 acre to one acre in size.

Homes exhibited are a "Hillside Colonial," "2 1/2-story Salt Box," "Garrison Colonial," "New England Cape Cod," "Gambrel 2-story" and a "One story Colonial," with plans from such architects as Norris Prentice, Claude Miquelle, and the late Royal Barry Wills.

Family Fun Areas

As part of a planned community for family enjoyment a private swimming pool, children's wading pool and recreation grounds were completed last summer. Upon entering Colonial Acres you pass through

beautiful lawns.

As in yesterday's past, you will find hammered iron hardware, beam ceilings, pine paneled walls, wainscoting plate and chair rails, used on the homes.

On the exteriors you will find such siding as board-and-batten, clapboard and wood shingles. The various woods are preserved with Cabot's Virginia tint stains.

The following dates have been designated by the Town Board of the Town of Bethlehem as Clean-up Days:

- April 29, 30, 1963
- May 6, 7, 1963

Residents of the Town who wish to avail themselves of this service are requested to leave debris at the curb to be picked up on the days specified above.

ALL ABOUT BABIES

A Public Service of the National Baby Care Council

BABY'S EYES - -

By Dr. Bernard Kushner
President, Vision Conservation Institute.

The human eye seems to be one of Mother Nature's favorite and outstanding creations. It has more than 100,000,000 parts and is infinitely more complex than anything made by man.

Because the eye is so complex, its intricate parts become differentiated early in the unborn child. Three months before a baby is born, he is blinking his eyelids and is moving his eyes much as he will when he begins to ex-

plore the world of light in a few weeks.

However, vision needs time for growth after birth. A child's eyes must be developed for all the wonderful seeing tasks that two eyes working together with the brain can perform. At birth, the part of the eye on which clearest vision depends is not fully developed. Only time brings about development.

As if these practical functions were not enough, eyes must also be beautiful. Your baby is born with blue eyes. But, the color will change by the accumulation of pigment in a coating over the iris, if he is destined to be brown-eyed, for instance.

There can be endless fascination in watching a baby progress from one stage to another as he learns to see and get meaning out of the informa-

tion that his eyes gather so avidly. At first, a baby checks everything with his mouth, as if he didn't trust his eyes. What an achievement it is when he develops hand-eye coordination, when his eyes can guide his hand or foot.

You can watch your child build what optometrists call his space world. As you would expect, he is the center of it. At first, he has little aware-

ness of anything beyond arm's length. Slowly, the space expands. He learns what and where the objects are that his eyes see. This is a developmental process involving not only his eyes, but his whole being.

Eye doctors point out that baby first explores this expanding world with his right hand, foot and eye. Then, in turn, will come a period of

GROUP ACTION NECESSARY IN THE ESTABLISHMENT AND BUILDING OF COMMUNITY FALLOUT SHELTERS

Experience in Europe in World War II and other human experiences under disaster conditions have pointed to distinct advantages of the community or neighborhood fallout shelter when compared with the family shelter. There are several reasons why group shelters are preferable in many circumstances:

A larger than family-size group probably would be better prepared to face a nuclear attack than a single family, particularly if some members should be away from home at the time of an attack.

There would be more opportunity to find first aid and other emergency skills in a group, and the risk of radiation exposure after an attack could be more widely shared.

Community shelters would provide shelter for persons away from their homes at the time of an attack.

Group shelters could serve as a focus for integrated community recovery activities in a post-attack period.

Group shelters could serve other community purposes, as well as offer protection from fallout following an attack.

For these reasons the Federal Government is undertaking a number of activities--involving guidance, technical assistance, and money--to encourage the development of community fallout shelters. (See "Organizing for Civil Defense.") The overall program, which got

underway with the National Shelter Survey, aims at securing group fallout shelters in existing and new structures, stocking them with essential supplies, marking them, and making them available to the public in an emergency.

A MODEL PUBLIC SHELTER AND COMMUNITY CENTER

As a model for its hundreds of communities, New York State expects to have a dual-purpose shelter on display at the Westchester County Airport by May of 1962.

Many growing communities or neighborhoods are cramped for space in which small civic groups can hold their meetings. Gregarious teenagers often have no after-school hangout where they can relax with sodas and play the jukebox. This shelter can serve such purposes admirably. Requiring no surface space except for its entrances, the shelter can be built under a school playground or other civic property without interfering with present uses.

The shelter, built of corrugated metal arches buried under several feet of earth, can vary in size. New York's will have three arches, each 10 feet high, 20 feet wide, and 100 feet long. A steel surface door will lead to a corridor-tunnel providing entry to all arches. Arches can be reinforced with metal ribs for extra blast protection.

Alumni and friends of Amherst College will gather in the Crystal Room of the De-witt Clinton Hotel this Saturday night to enjoy some fine entertainment and dancing to Francis Murphy's Orchestra.

Donald MacHarg of Slingerlands, president of the Amherst Alumni Association of North-eastern New York, tells me the entertainment will be provided by the "DQ", an undergraduate singing group.

The double quartet has toured the country, appeared on television and cut some records.

Many dinner parties are scheduled to precede the annual benefit affair.

Dr. C. Maynard Guest, also of Slingerlands, is vice-president of the Alumni Association, and Mr. Siggins, who lives on the Feura Bush Rd., is secretary-treasurer.

Other alumni from this area who, with their wives, are planning to attend the party include the Rev. Arthur T. White, W. Melbourne Miller, Frederick Coombs, John H.

The wedding will take place in the Glenmont Reformed Church.

Another scheduled wedding of particular interest to South Bethlehem residents is that of Miss Graceann Gavigan to Arthur Joseph Wallingford, Jr. Miss Gavigan, daughter of Mr. and Mrs. James R. Gavigan, 103 Orlando Ave., in Albany, is a first grade teacher in the South Bethlehem School.

Mr. Wallingford, son of Dr. and Mrs. Arthur J. Wallingford of 32 Marion Ave. in Albany, will receive his doctor of medicine degree in June from the Albany Medical College. He is a graduate of Vincentian Institute and the College of the Holy Cross.

The wedding will take place June 8 in the Holy Cross Church.

Members of the Delmar Progress Club served as hostesses yesterday (Wednesday) for the annual Tri-County meeting of the Federation of Women's Clubs. The all-day event took

place at the First Methodist Church, with Mrs. Philip LeFevre, Albany County chairman, presiding.

The meeting began at 10 a.m. with a coffee hour, and included yearly reports from each of the six clubs in Albany County. A total of ten clubs participated.

One of the highlights of the day's activity was the presentation of a skit by three members of the Delmar club, Mrs. George Parker, Mrs. Duncan Martin and Mrs. Arthur Sullivan. Their skit was a scene from Giraudoux's "Mad Woman of Chaillot," which they presented earlier at a participation meeting of the Delmar group.

Luncheon was served at 12:30 by the women of the church. Among those attending the meeting were several state officers of the Federation of Women's Clubs.

Recently chosen to represent the Delmar Progress Club at the state convention May 6-9 in Rochester were Mrs. Robert Kellum, president, and Mrs. Alfred Davies, 2nd vice-president.
