LETTERS

Dear Sir:

Typical of his fellow cowards, who seek always to hide beneath the cloak of anonymity, "Snowed Under," in last week's Spotlight, has made accusations, but has been neither brave enough nor certain enough of his facts, to sign his name to his diatribe.

I refer, of course, to his somewhat illiterate and completely illogical claim that in planning to buy a new Walter snow fighter, someone is doing wrong by the people of our

Unlike "Snowed Under, " who sounds like either a disgruntled salesman or a political sniper, we in Town Government have a responsibility to the taxpayers of our community. We believe we meet that responsibility, and we believe the people think so too, as they evidenced by a great vote of confidence in the recent elec-

We believe, too, that the people realize that nowhere in this region are streets kept open in winter better than they are in Bethlehem. Our residents are entitled to the best and they get it.

To get the best service, we of the Highway Department must have the best equipment. We have standardized on Walter equipment because it has proven more than satisfactory for the job it has been called upon to do. Our first Walter plow was purchased in 1928 and was driven over a half-million miles

A TRIBUTE

Just as there is black and white . . . Just as there is a God who looks down and witnesses the antics of the human race . . . and deplores most of what He sees!

So, there is this fact: A grubby forefinger on the trigger of a highpowered rifle held in the hands of a maniac, can plunge the universe into deepest mourning -And nobody won . . . nobody benefitted. Even the killer lost!

So it is that we add our words of deepest respect to the thousands already written . . . Our hearts are heavy with sadness, John Fitzgerald Kennedy, for the total lack of self-discipline toward so great, so vigorous, and beloved leader!

UNICEF Reports

As a result of the generosity shown by residents of the Tri-Villages the 1963 UNICEF Drive was successful. Proceeds of \$846.69 were sent to the United States Committee for UNICEF by the sponsoring Tri-Village Ministers' Association.

SISTERS' CONCERT AT MARYLROSE FRIDAY NIGHT

Sister M. Annette Teresa, S. N. J. M., concert pianist and Sister M. Louise Andree, S. N. J. M., concert vocalist, will be the principal participants in a special program at Marylrose Academy, 1075 New Scotland Road on Friday, November 29, at 8:30 P.M.

Two years ago, when the Holy Names Sisters were featured in a similar concert, they performed to a capacity audience and were so well received that a second concert was deemed inevitable.

Two extra attractions will be included on this year's program. Sister Helen Maura (formerly Miss Helen Walton, Albany) will play the second piano in

a duet with Sister Annette Teresa. Additionally, three choral numbers will be offered by a chorus of 35 Sister-students from the College of the Holy Names under the direction of Sister Michaela Maria, S.N.J.M. The accompanist will be Sister M. Elizabeth Margaret, S.N.J.M.

Proceeds from the concert will be used exclusively for the maintenance and expansion of the College and Novitiate of the Holy Names, Slingerlands, where the novices and postulants are trained in pedagogy. The Albany area has long been blessed with the services of the Sisters of the Holy Names, who currently staff seven area schools.

Plans have been finalized for the 4th Annual Victory Dinner to be held Thursday, December 5th, 1963 at the Aurania Club in Albany, N.Y. by the Bethlehem Republican Organization, according to Arthur T. Zautner and Harry H. Sheaffer, Co-Chairmen of the event. Hon. John P. Lomenzo, Secretary of State, State of New York will be the principal speaker. Above: seated, Mrs. Donald M. Camp, Arthur T. Zautner, Mrs. Carl J. Freudenreich: Standing, Edward J. Grogan, Harry H. Sheaffer.

MRS. MCHUGH IS CHAIRMAN

Mrs. Arthur C. McHugh has been named General Chairman of the 22nd Bethlehem Community Festival. Also named by the Board of Directors to aid in this community-wide program are vice chairmen: Mrs. G. Perry Dunn, Mrs. Frederick A. Morse and Mrs. Robert C. Stuart. Mrs. Emmet N. O'Brien and Mr. Thurlow McWhinnie will continue to serve as Secretary and Treasurer.

"Star of Wonder" is this year's theme which will carry through the stage scenes and musical numbers. Mr. Rolland Truitt, one of the founders of the Festival, will again bring his choral groups to the Bethlehem stage.

The performance may be the show piece of the Festival but good will is the key to the activities of 10 committees who carry out in many other ways the Festival's aim of heightening and brightening Christmas for all the community.

December 15 and December 19 and 20 are the dates set for the performance.

before we traded it in after 31 years' use in 1959.

Contrived cleverness in writing is bad at best, and "Snowed Under" obviously is not one of the world's literary leaders. If he is sincere, let him come out in the open and prove his charges. I invite him now to ride some blizzardy night with one of my valiant crews and learn for himself why we buy and how we use the equipment we get for the benefit of all our people in the Town of Bethlehem.

David A. Mead Superintendent of Highways

Dear Sir:

In the past, fall has been the time of year for burning leaves. In fact, it was quite often considered a necessity, However, as our population has increased, so has the number of air-borne irritants produced by cars, trucks, factories, etc. Why we continue to further pollute the air we all have to breathe is incomprehensible.

For those afflicted with respiratory ailments it is a time they dread as they are confined to the house a great deal to try to avoid the polluted air caused by the numerous leaf fires. Small children who are subject to asthma and/or other allied disturbances can't understand why they are not allowed to play out doors with their playmates.

Surely with the added number of leaf disposal trucks the town has purchased, no one should feel they have to dispose of the leaves by burning which in many cases may cause great distress.

Water pollution is avoided at all costs. Why should the air we have to breathe be allowed to be polluted carelessly every fall?

Sincerely yours, (Name submitted)

Happy Thanksgiving! Hopeyou all are enjoying a brie respite from busy routines, and taking advantage of this traditional opportunity to coun our many blessings. It's family time - and what could be nicer?

A hearty welcome home, too, to all college student from the area who have managed to wend their way back for the big turkey dinner, and for comparing collegiate note with old friends. I know from experience that this first break in the school year is especially welcomed by freshmen everywhere - who are usually just a anxious to return to campulafter the short visit to familial surroundings.

Young people being the way they are, I was unable to dig up any advance information about social gatherings to take place this weekend - but I'm sure there's plenty of fun and frolic going on. All it takes is a few telephone calls, after the suitcase is dumped in the front hall, and the old high school crowds get together again.

It does seem appropriate to mention, since all teenagers get lots of the other type of publicity, something that has been done this Thanksgiving by two Bethlehem Central student groups. The boys of Sigma Kappa Deltabought, assembled and delivered complete Thanksgiving dinners to two Town of Bethlehem families, which included three adults and fifteen children. In the same man-

You can't keep news of a good thing from spreading. The female proprietors of "Peddler's Post," that popular browsing spot out Delaware Avenue, discovered as much in a surprising way last week.

It seems a huge moving van pulled up in front of the shop at about 8 p.m. one night, long after the ladies had called it a day and gone home to tend to their domestic duties. After a bit of frantic telephoning, one of them was able to locate some boys who were willing to unload the van's contents into the building.

BABY AND SLEEP
By Aline B. Auerbach
Director,

Most children fuss about going to bed at one time or another. They know when they are hungry, but rarely know when they are tired, especially when they are very young.

Even when they are obviously exhausted many small children do not yet recognize that sleep will make them feel better. To them going to bed means being separated from the grownups and their fun. They will call you back, or ask for "an-

other drink of water" just to keep your company.

Before your child's bedtime, it's a good idea to play quietly with him for a while, giving him all your attention. You might read or tell him a favorite story or look at a picture book together.

Let your child have a few minutes warning, then go with him to his room to help him settle down. Most of all, let him know that you expect him to go to sleep.

This is a place where regular procedures make clear to him what he is to do and give him a pattern to follow that makes it easier for him to accept. Parents sometimes resent doing the same thing night after night, but a regular routine at bedtime seems to be a kind of

magic which helps a young child move from waking to sleeping. The same steps followed in more or less the same way, reassure him that everything is all right and will be the same when he wakes up.

Your child may always want to take a special blanket to bed with him or a favorite toy. Many children do. These objects help a child to give up his wish to stay with the rest of the family and especially with his mommy and daddy. It is as if he were taking something with him in their place, to stay with him and comfort him. In time, he'll learn to go to sleep without these objects.

Never use going to bed as a punishment. This makes it something he surely doesn't

The select men were allowed in the agent's office and others waited in the station proper or on the platform. Often during heavy snow storms, trains would get stuck or derailed near the freight house and remain there until help came from Albany. That was a great time for the boys who made trips to the stores for eats or smokes at a good profit.

On one side of this building on the first floor was a store with living rooms across the wide hall. The second floor had living and bedrooms and the third floor was a large hall where meetings and dances were held. Across, was a large veranda on both the first and second floors. Or to the man who installed your dishwasher? Or to the laundry that doesn't replace the buttons on your shirts?

It might wake up somebody you know. The way it did us.

The button jacked us up. It reminded us we were only No.2 in rent a cars. With a lot more to do than just hand you a new car like a lively, super-torque Ford.

We had to try harder to keep you coming back.

The girls at the counters, the men who fill up the gas tanks, the mechanics, the president back at the office. We're still only No.2. But we're inching up.

Pick up a button at any Avis counter. If the slogan doesn't work, turn it over. Try the pin.
