# MEET . . . The New Chairman EDGAR POTTER

Edgar L. Potter, 69, was recently unanimously elected Chairman of the Bethlehem Republican Committee to fill the unexpired term of the late Otto deHeus which would have been completed with the June Primary. In order for Mr. Potter to continue as chairman beyond that date, he must be re-elected by the town's Republican Committeemen.

Ed Potter's political career began in 1923 when he was appointed Republican Committeeman from the 4th Election District. He has been an active leader in progressive town government since that time.

As close personal friends, Mr. Potter and the late Mr. de Heus learned the political ropes together. Politically, as well as personally, both men saw the town's problems the same way. They fought for good government side by side, in their respective places in the political arena. An attack on one always brought the other into the battle on the defense. Many a project which has come to fruition in the past 25 years was first just an idea tossed back and forth by the de Heus-Potter team and the Town Supervisor.

Probably no one man in Bethlehem has done more in the past quarter century to hold-the-line on town taxes than Ed Potter. The only way the Bethlehem tax rate has been kept stable has been through the ever-present watchfulness on how every tax dollar has been spent. Ed Potter has been one of the most diligent "watchers." The record of his fourteen years as Councilman bears this out.

Some 14 months ago, Ed was appointed Chairman of Assessors for the Town, to succeed Harry Swarthout, who retired. Here again, Ed's continuation of the businesslike, no-nonsense approach to raising the necessary taxes for good town government, has brought forth a multitude of praise.

In assuming the role of chairman, he offers his party the

# Fair Prize Winner

A picture by Warren Hockaday of Rotterdam, Schenectady County, has won first prize in the Eastern Regional Exposition's amateur photo contest.

Only after the judging was completed did the management of the exposition at Altamont learn that Warren is 13, án eighth grade student at Mohonasen Junior High School, and an ardent photographer since he was six years old. The contest for pictures taken during the 1963 exposition sets up no age limits in either direction.

# THE SPOTLIGHT

Warren's best-of-all entry was a night shot of two ferris wheels on the carnival midway. It was one of 10 he submitted. The picture was judged best in the midway and attractions category and best in the show. His cash award is \$55, plus recognition at the 1964 exposition. Warren is the son of Mr. and Mrs. George W. Hockaday, 2029 Carlelon Road, Rotterdam. Besides picture taking, his other hobbies are model railroads and building model automobiles.

The young prize winner as a result of judging recently completed, used a 35mm camera for his blue ribbon shot with an exposure of one-half second at f2.8.

# **Equal Rights for Women!**

A bill to make it unlawful to discriminate against women job applicants or women employees seeking advancement to higher position, unless based upon a bona fide occupational qualification, has been recommended to the Legislature by Attorney General Louis J. Lefkowitz. "If this legislation is enacted, New York again would demonstrate its leadership as a pacesetter in social progress," he added.

# Fraudulent Wigs!! What??

The current fad among women who are purchasing and wearing exotic hair pieces and wigs costing in some cases hundreds of dollars has brought widespread complaints of fraud to the office of Attorney General Louis J. Lefkowitz. The Attorney General disclosed the fraudulent practices last week when he issued a warning to the public. He said that any person who feels she has been defrauded in the servicing or purchasing of hair pieces should communicate with his office.

# **Regional Physical Fitness** Program Is Announced

The President's Council on Physical Fitness is sponsoring a Regional Physical Fitness Clinic for Northeastern United States to include all six New England States and New York State. New York State Commissioner of Education, Dr. James E. Allen, has officially endorsed this clinic and the State Education Department will be a sponsor.

The Bethlehem Central School District is serving as a cooperating agency and will be hosts for this event. Morning and afternoon sessions will be held in Chancellors Hall, State Education Building, Albany.

The clinic staff will be headed by Mr. Stan Musial, recently retired from the St. Louis Cardinals professional baseball team and is now serving as Special Consultant to the President of the United States on Physical Fitness.

The purposes of the Clinic are to interpret the recommendations of The President's Council on Physical Fitness for school, home and community programs, provide information on effective ways to increase fitness among youth and adults and to stimulate physical fitness activities at state, district and local levels.

Demonstrations involving youth and adults illustrating various techniques for improving physical fitness will highlight the program. Included in the demonstrations will be the following:

Interval Training, Circuit Training, Weight Training, Isometric Exercises, Continuous Rhythmic Exercises, Aquatics, Gymnastics.

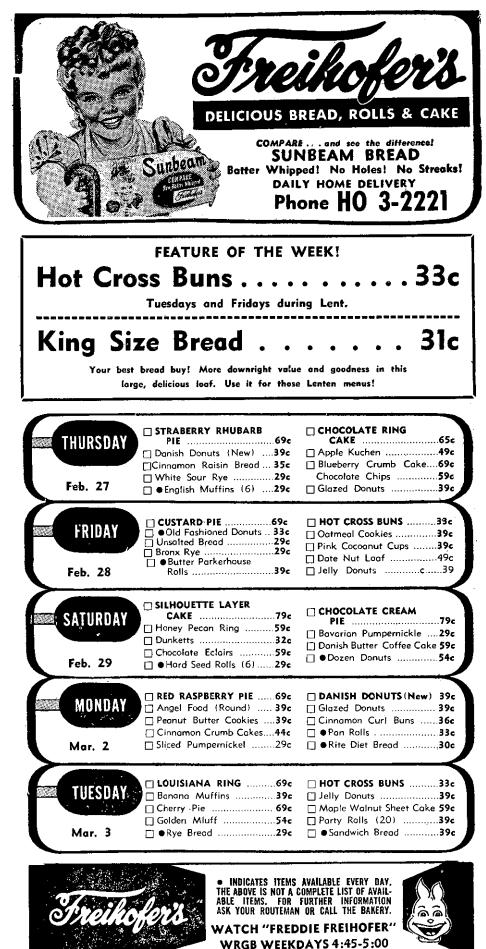

Local educators who will be assisting the Council staff are Dr. George H. Grover, State Director of Health, Physical Education and Recreation; Dr. Gerald Hase, State Supervisor; Mr. Joseph A. Guerrera, local Director of Health, Physical Education and Recreation: Mr. William A. # Let's Ban the DIRT!!

In its concern for the apathy of the general public in regard to obscene motion picture advertising, movies and literature, the Delmar Progress Club has voted to support the Mundt-Keating Bill S. 180 in the Senate of the United States.

This Bill provides for the appointment, by the President, of a Commission composed of nineteen members, as follows: one from the Senate, one from the House, two from the Post Office Department, two from Department of Justice, one from Department of Health, Education and Welfare, three from clergy, one from field of secondary Education, one from field of Higher Education, one Librarian, one from book publishing industry, one from newspaper, magazine and periodical publishing industry, one from motion picture industry, one from radio and television industries, one attorney general, one chief prosecuter of a city or county government, and one chief law enforcing officer of a city or county.

The purpose of this Commission would be to explore methods of combating traffic in obscene matters and materials and to provide for the development of a plan for improved coordination between Federal, State and local officials in the suppression of such traffic. The Commission would determine ways and means of informing the public as to the origin, scope and effects of such traffic, and would analyze the laws pertaining to this traffic in noxious and obscene matters and materials, and would make recommendations to the Congress for appropriate revisions of Federal Laws to effectively combat and regulate the flow of such traffic.

### W. Emile Bell

# **Bell Comes to Elsmere**

Announcement of the appointment of W. Emile Bell as manager of the Elsmere Office of National Commercial Bank and Trust Company, effective March 2nd, was announced by Frank Wells McCabe, Chairman. Mr. Bell replaces Miss Pauline W. Hellenbeck, assistant cashier, who is retiring after 36 years of banking service.

Mr. Bell, a native of Antigua, West Indies, joined National Commercial Bank in 1962 after 17 years banking experience with Barclays Bank D. C. O. in the West Indies. Prior to coming to the United States in 1962, he was sub manager of the Spanish Town Office of Barclays Bank in Jamaica. Previously he served in various capacities with the same bank in St. Vincent and Trinidad.

He is a member of the Institute of Bankers, Iondon, England, the American Institute of Banking and Albany Junior Chamber of Commerce.

Miss Hellenbeck began her banking career in 1928 with the First National Bank of Altamont, which was acquired by National Commercial in 1937. She was appointed manager of the Altamont Office of National Commercial Bank in 1950 and named assistant cashier in 1952.

When the Elsmere Office was opened in 1957 Miss Hellenbeck was named manager. She is secretary of the Helderberg Women's Club of Altamont and active with the Business and Professional Women's Club of Altamont.

A number of North Bethlehem residents - who live in the Guilderland Central School District - are hoping their petition for the building of a new elementary school in their neighborhood will be approved by the Guilderland Board of Education.

The 28-acre site they have chosen is bordered by Russell and Krumkill Roads, across from the end of Blessing Road.

Ken Hahn, our town's tax receiver since last fall and father of a five-year-old, is leading the drive to have the school built there. At present, all six schools in the district are located in the western half, meaning that children in the North Bethlehem area have to take long bus rides to and from school every day.

Ken pointed out to me that the building of a new grade school at the northern edge of the Town of Bethlehern would provide a badly-needed balance to the Guilderland school district. It would serve residents of the North Bethlehern, New Scotland and Guilderland areas, as well as those in McKownville, and prevent overcrowded conditions at the Westmere Elementary School.

A large committee of North Bethlehem residents has spent the past few weeks calling upon their neighbors to get signatures on the petition. It was presented to the Board of Education Monday night, at its regular meeting.

The outcome of this citi-

Ken Hahn isn't afraid of a little work, if he believes in the cause. And this seems to be a cause well worthy of support.

# IRS MAN TO SPEAK TO HOLY NAME SOCIETY

Members of the St. Thomas Holy Name Society, Delmar, can expect a visit from the District Director of Internal Revenue Service, Edward J. Fitzgerald, Jr., next Tuesday evening, March 3.

According to John H. Clyne, President of the Society, the mission will be a friendly one to the regular monthly meeting in the school auditorium at 8 p.m. Mr. Fitzgerald, who recently attended a conference with President Lyndon B. Johnson at the White House, will tell the group how the new \$11 million tax reduction bill affects the individual pocketbook and the nation's economy. He will also answer questions on the current personal income tax due April 15.

Widely experienced in tax matters, Mr. Fitzgerald was appointed Albany District Director in September 1962. Previously he served as Assistant Regional Commissioner in the Atlanta,

A Public Service of the National Baby Care Council

THE LIFE YOU SAVE - - -By Phil Dykstra Director of Home Safety National Safety Council Here are some tips that could help you save a life - your baby's! They cover subjects ranging from baby's bath to biting crib bars. They are designed to prevent accidents.

the No. 1 Killer of our young. Baby's Bath - Always check water temperature to prevent scalding. Watch out for hot faucets. Never leave baby alone in the bath. Never an-

wer the phone or the doorbell vhen you're busy bathing baby. In the Crib - No pillow. Make sure the bars are up and locked when baby's in the crib and that the crib is coated with lead-free paint. Avoid using thin plastic mattress cover.

On the Floor - When baby graduates from the crib to the floor, clear it of obstacles. Don't leave things around he can get hurt on. Pins, buttons, needles and other small objects should be put away. Remove small breakable objects from coffee tables and places within reach of young hands. Safety gates on porches, tops of stairs, window guards and securely fastened screens prevent accidents.

Toys - Choose them for safety. Give baby sturdy rattles, brightly colored objects hung in view, large, soft colored balls and push-pull toys with rounded edges. Stuffed animals or dolls make good toys for baby, as long as they don't have hard button eyes that can be pulled loose and swallowed.

Poisons - Tots will taste anything, even poisons. Are any of these items - all potential killers - within a child's reach in your home: aspirin, iodine, perfume, nail polish remover, drain cleaners, match heads, shoe polish, or kerosene? There are many other household items that are also poisonous. For example: cleaning products such as bleaches, detergents, lye and other caustics, polishes and waxes, lighter fluids, fuel oils, paints, turpentine, paint remover and thinner, pesticides including mothballs, weed killers, fertilizers, cosmetics, hair sprays and permanent wave materials.

Many poisonous substances have delayed reaction and may not produce symptons for some time after they're swallowed. Don't wait for symptons to develop. Administer first aid and call a doctor.

It's interesting to note that 34 percent of all cases of poisoning of young children take place in the kitchen, 27 percent in the bedroom and 15 percent in the bathroom.

need constant protection. Parents must remove the hazards from their path and keep a sharp eye out for unexpected trouble.

# **Fire Auxiliaries to Study Disaster Program Tonight**

More than fifty representatives from the capital district fire department auxiliaries and other canteen services will be represented at a series of meetings on Disaster Mass Feeding to be sponsored by the Albany Area Chapter of the American National Red Cross, beginning on Thursday evening, February 27th.

Four meetings will be held under the direction of Mrs. Irene T. Rotello, Senior Nutritionist, New York State Department of Social Welfare, who is the chairman of the Foods & Nutrition Sub-Committee of the Albany Area Chapter Disaster Services.

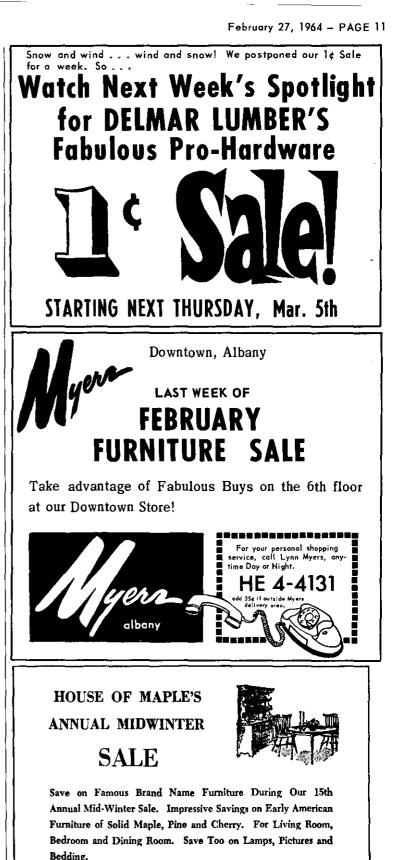

The meeting on Thursday, February 27th, will be held at the Chapter's temporary headquarters, 140 New Scotland Avenue, and will be featured by an address from Col. Charles Chambers, Executive Vice Chairman of the Disaster Central Committee of the Albany Area Chapter of the American Red Cross whose subject will be "Life In A Shelter." Col.
