The Spotlight

VOL. IX, NO. 44

OCTOBER 29, 1964

\$1.00 PER YEAR

10¢ A COPY

Dear Editor:

Republicans of Albany County can take great satisfaction that at least one of the County Republican leaders is not afraid to speak out against the Albany County Republican high command. What a pleasure to see Supervisor Robinson's letter in a recent issue of the Spotlight.

Now we know there is at least one Republican Supervisor who does not try to cover up for the decadent leadership that has led Albany County Republicans to defeat for nearly forty-four years.

Toobad it was not the Bethlehem Republican Supervisor who spoke up. He has been a lot closer to the situation for a much longer period of time, and cannot help but wonder why he never objects to leadership which takes the Republican Party down the path to County defeat so regularly and with such apparent unconcern.

Why should this be?

D.

(Name Submitted)

Dear Editor:

I am writing to inform you and your readers of an issue as vital to the New York State voters as is the Presidential election.

Two housing issues, namely, Amendment No. 1 and Proposition No. 1 will appear on the top row of the ballot this year. The cost of these issues to the New York State Taxpayers is almost indeterminable.

Amendment No. 1 would change the state constitution so that politicians could play Santa Claus with our money for people with incomes higher than the average person in New York State.

The taxes on our home or the rent we pay would be increased to pay part of the rent of people with higher incomes in more expensive apartments than most of us can afford. This hurts us because the State could not help everyone earning the same income. It would help a selected few. All of us with the same or less income would be taxed to pay for it.

Proposition No. 1 is an interesting issue. It asks us to ap-

prove part of the Law that puts into effect exactly the same proposal which the voters of this State overwhelmingly voted down in 1962. Did we mean it when we said No the first time?

Unless we vote No this time, the State will borrow another \$165,000,000 to build more government-owned apartment houses. The apartments will be rented at below-cost rents and the State will give away another \$7,500,000 a year of our tax money to make up the difference.

Let's not be naive about where this money comes from. It comes from us. Whether we are a renter or an owner of taxpaying property, we are paying more for our home so that other people can pay less for theirs under these government housing programs.

We pay in two ways. We pay in our state taxes and we pay in property taxes on the house we own or rent. This is true for two reasons:

1. The cash that the State gives away to subsidize government housing must be collected by the State through the state taxes that we pay.

2. The exemption from local taxes that the government-owned housing does not pay must be made up by additional taxes on the homes and other taxpaying property that we own or rent.

Under the present law, the State can give away \$42,050,000 cash of our tax money every year for housing subsidies. Proposition No. 1 would increase that give-away to \$49,550,000 a year. Since the law requires an equal amount of exemption from property taxes for local governments and schools, the total that we would have to help pay is \$99,100,000 a year.

Let's HALT HIGHER HOUSING COSTS by voting NO on Amendment No. 1 and Proposition No. 1 on November 3.

TRI-VILLAGE MINISTERS AGAIN SPONSOR UNICEF COLLECTIONS THROUGHOUT THIS AREA

As in years past the Tri-Village Ministers Association will again sponsor the 1964 UNICEF Drive in the Town of Bethlehem.

Friday, October 30 has been selected as the day for Elsmere, Delmar and Slingerlands collections. The Children's Division; grades 1 thru 6 will meet at the First Methodist Church on Kenwood Ave. The official UNICEF boxes may be picked up from 3:30 until 4:30 in the afternoon. A children's party will begin at 6:30 p.m., when all children with boxes return to the church. We point out to all residents that they may be solicited by more than one child during the early evening hours, this cannot be avoided because children come from neighborhoods and are not assigned specific areas; as are

the young people who travel at night into definite areas to visit those who may be working or wish to make larger contributions. The committee would also like to stress that UNICEF youngsters are NOT out for tricks or treats on Friday. They are on a serious mission to HELP UNICEF HELP OTHER CHILDREN OF THE WORLD IN DISTRESS.

At 6:30 our young people in Delmar, Elsmere will meet at the Reformed Church, 386 Delaware Ave., to receive their assignments to specific areas. They will travel in groups of four or five to visit homes - only one person should call at a home during the period from 6:45 to 8:15 p.m. Residents are requested to give as generously as pos-

IN SLINGERLANDS the UNICEF program will be held in the Community Methodist Church under the direction of Mrs. Robert Birchenough. The Children's Division will be similar to the other program while the Youth Division will have their own Drive and party during the evening. Rev. Royal B. Fishbeck will act as coordinator for the whole of the Slingerlands Area.

Last year UNICEF in the Tri-Village area brought in a total of \$847 dollars through the efforts of 160 children and 140 Junior & Senior High young We are looking forward to a collection of \$1,000 this year, and urge everyone to be as generous as possible so we can attain our goal.

A special UNICEF Drive will be conducted in the Glenmont area through the efforts of The Rev. David Boyce and the parents in the Glenmont Community Church. They are having a children's party on Saturday afternoon from 3 to 4 p.m. Children attending are asked to bring their official collection boxes with them.

All expenses for this UNICEF Campaign are being met by the Tri-Village Minister's Association so that NO funds from UNICEF remain locally. Carl G. Clark is local chairman with the Rev. William Vigne and Ray Freeman in charge of Delmar-Elsmere Children's Division. Rev. Nelson L. Chowenhill, Jr. and Rev. George Phelps assisting in the Young Division and the Rev. Royal Fishbeck in charge of Slingerlands.

Fabulous Felines Live in Lap-o'-Luxury Setting!

One hundred and ninety-seven feline fortunates spent their vacation in a thoroughly delightful setting. While you were enjoying the mountains or the seashore, Felix was relaxing in CAT HAVEN at the foot of the Helderbergs.

Breakfast in bed. (Don't think these cats don't appreciate it!) Lunch on the patio - two large outdoor runways. Dinner provided wherever it seems most fitting - outside or indoors.

And, meanwhile, diversion in the form of individual play - of which the owner of Cat Haven provides plenty.

And, guess what. When it's time for these furry felines to return to their homes, a certain reluctance about leaving becomes apparent, much to the chagrin of the cat owners.

Cats are very smart animals. They know when they're surrounded by love and the best care possible. So - just the type of food most appetizing. Just the nicest, largest cage - the biggest runway - the nearest approach to a "home away from home." And quiet! No dogs. Just cats.

Leukemia Society Dinner

Tri-Village residents are cordially invited to attend a dinner dance on November 14 at the Schine-TenEyck Hotel. A roast beef dinner followed by dancing to Johnny Costas' orchestra highlight the second annual benefit performance sponsored by the Albany County chapter of the Leukemia Society, Inc.

An evening of good food and dancing is promised in return for the admission fee of \$15 per couple - proceeds going to the Society's national research effort on the disease leukemia.

Tickets and reservations are available locally by calling Mrs. Alvin P. Leirheimer, 439-5226.

American Ed. Week Nov. 8-14

The 44th annual observance of American Education Week has been set for November 8-14, with major emphasis on this year's theme, "Education Pays Dividends," in cultural, social, and economic relations.

In recognition of American Education Week, the Faculty and administration of the Bethlehem Central Senior High School will invite parents to observe classes on Thursday, November 12. From 2 to 3 p.m. a tea in the school library by the Parent-Faculty Advisory Committee will provide an opportunity for parents and teachers to visit.

Invitations to parents will be extended through letters which the students will take home. A registration desk will be set up in the main foyer on Thursday afternoon to direct parents to the appropriate classes.

Non-Grading Sponsor Here

Dr. Robert H. Anderson, Professor of Education and Director of Elementary School Internship and Apprentice Teaching at Harvard University, will speak at Bethlehem Central Senior High School on November 4 concerning the theory of non-gradedness. Each year a committee representing the faculties of the Junior and Senior High Schools provides a series of informational meetings on topics of current

interest. This year the subject will be non-gradedness in schools. Dr. Anderson began his career as a teacher of seventh and eighth grade social studies and coach of elementary school athletics. Later, he became principal at River Forest, Illinois, and from 1949-54 was Superintendent of Schools at Park Forest, Illinois. In 1954, he joined the Harvard University faculty. Dr. Anderson has written numerous articles dealing with non-grading, team teaching and school reorganization, and he is co-author of the book, *The Non-graded Elementary School*.

Local Girls Swim Instructors

Thirty high school girls and adults from the Bethlehem Central High School and Delmar communities are now assisting with the American Red Cross Swimming for Physically Handicapped Program being conducted at the Bethlehem Central Senior High School on Saturday mornings.

This program, inaugurated last year by James H. Carnahan, Director of Health and Safety Services for the Albany Area Chapter of American Red Cross whose home is in Glenmont, is now serving some fifty physically handicapped children and adults. The classes meet every Saturday morning from 9:30 until 10:30 and from 10:45 until 11:45 at the Senior High swimming pool.

Among those taking part in the course are six totally blind children, one adult paraplegic, four epileptics, one Parkinson's Disease victim, one amputee, and a number of cerebral palsy patients.

The students are transported to and from the program by their parents who also assist in dressing

SPECIAL ATTENTION TO BE GIVEN FIRES AND BURNS IN RED CROSS CLASSES

Burns and fires, the second major cause of accidental death in the American home, will come in for special attention in the first aid classes taught by the Albany Area Chapter Red Cross during the fall and winter months, it was announced today by Raymond Albertini, the Chapter's First Aid Chairman.

Pointing out that fire deaths are exceeded only by those caused by accidental falls in the home, Mr. Albertini cited National Fire Protection Association statistics showing that 11,600 persons die annually in conflagrations, 6,300 of them in homes. Nearly 75 percent of these fatalities are among children and the aged. Thirty-two persons die as a result of fires each day and an estimated 100 serious injuries occur for every fatality from burns, Mr. Albertini said. One American home is destroyed by fire every minute of the day, and the estimated annual cost of property destroyed by fire is

 in excess of 1 3/4 billion dollars, he added.

Reminding that fire and burn prevention is possible if fundamental rules of safety are followed, Mr. Albertini suggested the following:

1. Smoking and matches (cause over 200,000 fires and 1,200 deaths each year)
 Don't smoke in bed at any time.
 Use large, deep ash trays.
 Keep a good supply available.
 Don't smoke near flammable liquids (gasoline, paint thinner.)
 Discard cigarette butts in a safe place, not in wastebaskets.
 Don't smoke or light matches in attics, closets, of confined places, near paper, and other combustibles.
 Be certain smokes are completely cold before tossing them away when outdoors.
 Use your ash tray when driving and watch for sparks and live embers on the car upholstery.
 Keep matches and lighters out of children's reach.
2. Heating and cooking equipment (cause about 135,000 fires each year)
 Have your heating equipment checked annually by a serviceman.
 Have your chimney cleaned and checked regularly.
 Do not place heaters, stoves, and smoke pipes near combustible walls and ceilings.
 Combustibles such as clothing or furniture should not be placed near stoves, or fireplaces.
 Clean your oven and broiler regularly. Use extra caution when cooking with grease. Be ready to smother a fire if it should start.
3. Electrical (about 126,800 fires annually)
 Use proper size fuses.
 Do not overload wiring or use multiple outlet plugs.
 Replace worn-out equipment and wiring. Get a qualified serviceman to do the work for you, especially for television repairs.

Keep electric motors clean and free from grease.
 Do not place extension cords under rugs or hook them over a nail.
 Pull the plug or shut the off the current before using water on an electric fire.

4. Good Housekeeping
 Get rid of rubbish in attics, closets, basements, garages, and yards.
 Keep paint in tightly closed metal containers and away from heat.
 Gasoline and flammable fluids should be stored in safety cans, kept away from children.
 Do not use flammable cleaning fluids.
 Do not use gasoline or kerosene to start fires.
 Keep handles of cooking pots turned away from edge of stove.
 When using heated fluids, protect children by keeping them away from the immediate area.
5. Equipment
 Keep fire extinguishers in places where they are easily

Pointing out that accident prevention is one of the main objectives of first aid, as well as immediate and temporary care given to the victim of an accident or sudden illness, Mr. Charles Fritts, local Chairman added, these points on fire prevention will be stressed by the chapter's first aid instructors in future classes. He also stated, "there should be at least one

person in every family" and urge that persons interested in attending first aid classes call the Albany Area Red Cross Chapter.

PUBLIC FAVORS GOLDWATER FOREIGN AID POSITION

The U.S. Research poll in four critical voting states has found a surprising number of people are becoming weary of handing out their hard earned tax money to communists or to countries which do not need help. And, furthermore, they feel we should get some kind of value or concession in return from all countries receiving foreign aid. The first question asked was:

DO YOU FAVOR SENDING INCOME TAX MONEY AS FOREIGN AID TO COUNTRIES RUN BY COMMUNISTS?

Democrats, no, 95%; yes, 1.7%; indefinite, 3.3%.

Republicans, no, 94.2%; yes 4.3%; indefinite, 2.5%.

Others, no, 100%; yes, 0; indefinite, 0.

It appears that all Americans, regardless of party, could hardly be more united on any subject than on their almost unanimous opposition to sending money to countries controlled by communists. This applies also to the following question.

DO YOU FAVOR SENDING INCOME TAX MONEY AS FOREIGN AID TO COUNTRIES

WHICH ARE WEALTHY AND DO NOT NEED IT?

Democrats, no, 96.8%; yes, 1.6%; indefinite, 1/6%.
 Republicans, no, 95.6%; yes, 3.0%; indefinite, 1.4%.
 Others, no, 96.1%; yes, 0; indefinite, 3.9%.

Next we see that people also feel that we should use a more business-like approach in doling out our money. Although not as emphatic as the reaction to the first two questions, there is no doubt as to where the majority of Americans stand on this point.

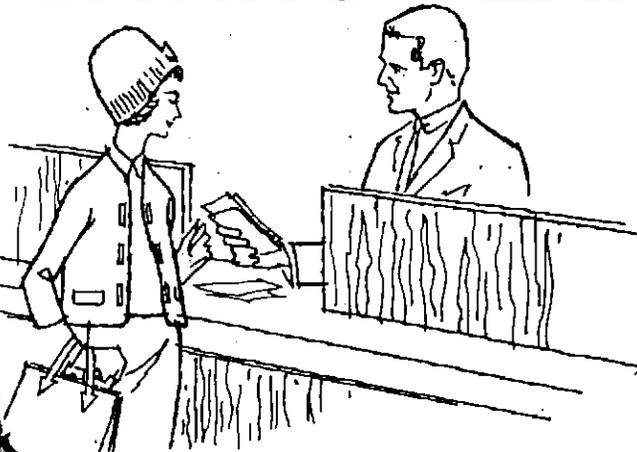

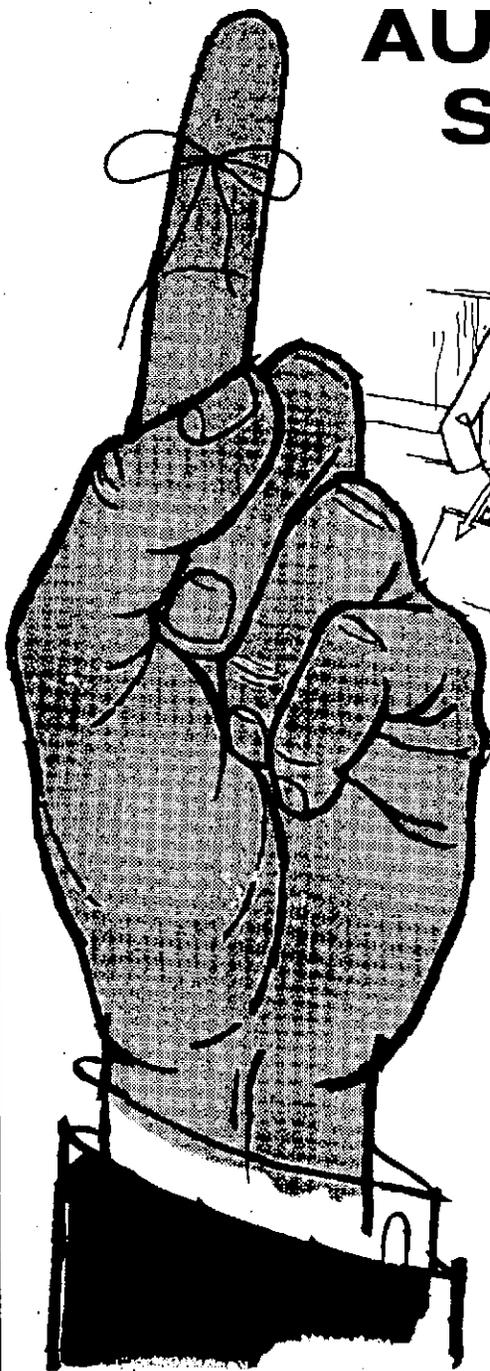

DO YOU THINK EVERY COUNTRY RECEIVING FOREIGN AID SHOULD GIVE THE UNITED STATES SOME KIND OF VALUE OR CONCESSION IN RETURN?

Democrats, yes, 88.3%; no, 11.7%; indefinite, 0.
 Republicans, yes, 86.8%; no, 10.4%; indefinite, 2.8%.
 Others, yes, 85.1%; no, 11.1%; indefinite, 3.8%.

It appears that if Foreign Aid were the only issue in the coming presidential campaign, Goldwater would win by the greatest landslide in history. He strongly opposes foreign aid to communist controlled countries, to countries which do not need it, and feels we should get some kind of value or concession for our aid. Johnson, on the other hand, has been a prime mover in pushing for foreign aid to all countries now receiving it, including communist and wealthy countries.

ALL ABOUT BABIES

*A Public Service of the
National Baby Care Council*

END OF DIAPER PERIOD

Baby begins approaching the end of his diaper period at about the age of 15 months. It may be possible now to substitute training pants for diapers during the day. Night diapers probably will be necessary until the baby is two or even older. It is not unusual for the baby to master night control late in the second year or early in the third.

It is at this time that mothers often become careless about diaper hygiene. They seem to feel that now that baby is grown, the risk of diaper rash is a thing of the past. Nothing can be further from the truth, says the American Medical Association.

It is this fallacy that is the subject of this seventh and final in a series of guest columns by baby care counselors on maintaining good diaper hygiene during baby's entire diaper wearing age.

The American Medical Association advises that properly processed diapers and a fastidious routine of diaper hygiene should be used throughout the diaper wearing period. The AMA points out it is a mistake to think that diaper rash occurs only during the early months. Indeed, the distressing and serious cases tend to be among older babies.

Throughout the toilet training period, when training pants are worn by day and diapers for naps and at night, diapers should be processed just as carefully as in previous months, says the AMA.

The nation's diaper services have developed a professional routine for processing diapers as a safeguard to baby's health. It includes thorough cleansing with scalding hot water and sterilizing and drying with intense heat. Before drying, a special diaper antiseptic is added which dries into the fibers and becomes ac-

tive when the diapers are wet or soiled. This antiseptic inhibits the growth of bacteria and lessens the chances of diaper rash.

Diapers can be correctly processed at home, too. Medical authorities agree that when diapers are done at home they must be thoroughly rinsed to remove all soaps and detergents and then boiled for half an hour to kill all bacteria. The diapers should then be treated with a special diaper antiseptic obtainable in local drugstores.

THE TWO-YEAR OLD

We've survived the frustrations of infancy, the aimlessness of the crawling stage and the unsteadiness of the toddling stage. Now we feel we're practically grown up.

That during this time some 8 million babies grew up with us, pleases us no end. That we may have, in some small way, made it easier for these babies to reach the age of two - the end of the road of babyhood - makes us humble and proud and thankful to this newspaper for carrying this weekly feature.

For, after all, being two is really an important event in the life of a baby. From this point on, a baby is no longer a baby but a child.

Dr. Wilburt Davison of the Duke University Medical School points out that at two, some babies know about 300 words and some are able to make two or three word sentences. Dr. E. H. Watson of the University of Michigan Medical School says that at two, some babies are able to use pronouns and discard jargon or gibberish. Both these well known pediatricians agree that many perfectly normal two year olds do not do all of these things. Speech may develop late in some children and a delay in talking need not cause alarm, if a child seems to be otherwise developing properly. Parents who may have any questions about this or about any other special part of their child's development, should discuss the matter with their physician.

Dr. Davison tells us the average two year old should be able to: Run, kick a large ball, build a tower of four to six blocks, hold a glass with one hand,

hunt for missing toys, turn pages one at a time, distinguish between "Mine and Yours, pout, dawdle, execute simple commands, imitate simple movements, repeat words and select a brightly-colored object placed among dull-colored ones of the same size and shape.

To this, Dr. Watson adds: Goes up and down stairs alone, pulls on simple garment, refers to self by name and plays with domestic mimicry. Generally, at the age of two a child also shows an improvement in his emotions. He tends to be less violent, shows pride in accomplishment and can be coy in his actions.

One of the most fascinating things about a baby when he reaches the age of two is that you can pretty well tell his future growth and character patterns. You actually can see the person he'll grow up to be.

Delmar area 4-H clubs will hold their annual Achievement Night program tomorrow night, beginning at 7:30 p.m., at the Delmar Elementary School. Mrs. Richard Baker of 90 Jordan Blvd., one of the leaders of the Little Women Club, is chairman of the event.

Fifteen clubs will be participating in the program, which will include dress revues, exhibits and skits. The guest speaker will be our 1964 Bethlehem Community Ambassador, Miss Ann Feichtner, who will talk and show slides of her vis-

it to Yugoslavia.

This event marks the end of one 4-H year and the beginning of another. All the 4-H club members who have completed a year's requirements will receive certificates and achievement pins, and the checks for awards received at this year's Eastern Regional Exposition will be distributed.

Mr. Paul W. Thayer, Albany County 4-H agent, and Mrs. Julie Donaldson, associate 4-H agent, will be present to give out the awards.

SAME DAY MORTGAGE APPROVAL

Now it is no longer necessary to anxiously wait days or weeks for a bank's decision as to whether or not it will grant you a mortgage for the purchase of a home.

Applications for a mortgage received at any of our three offices before 11:00 A.M. will be acted upon at once and the applicant advised of the Bank's approval (or other action) the same day.

This revolutionary, new type service, exclusive with this Bank, is made possible by our Field Appraisers covering the area in 3 automobiles equipped with telephones.

As soon as an application is received an Appraiser will be directed by 'phone, wherever he may be, to go to the property, make his appraisal and report promptly back to our Mortgage Department. This rapid appraisal service coupled with the Bank's prompt checking of the applicant's credit rating, makes it possible to give the Bank's decision the same day. Out of town credit ratings take a few days longer to verify.

The one-day service is limited to existing homes. On applications for new construction we waste no time either, but it does take a few more days to check plans and specifications.

Dr. and Mrs. Matthew Elbow and their three girls, Margaret, 13, Anne, 10, and Susan, 8, have returned to Delmar after a two-year visit to the Middle East. Dr. Elbow took a sabbatical leave from the State University in Albany, where he is a professor of history, and was visiting professor for the first year at the Beirut College for Women in Beirut, Lebanon, and Fulbright professor at Robert College in Istanbul, Turkey, the second year.

The Elbows, whose home is at 41 Fernbank Ave., all enjoyed

their sojourn immensely and now find they appreciate the American standard living of much more than they did previously. They travelled throughout Europe and the Middle East, and were reminded often, Mrs. Elbow told me, of what a small percentage of the world's population enjoys the living conditions we take for granted.

While they were in Beirut, she mentioned, the children had to be accompanied to and from school, a distance of about a mile, because Middle Eastern drivers, she said, are "a law unto themselves."

Lebanon officials tried installing traffic lights, she said, but they had to remove them because drivers made a game of trying to beat them and it was more dangerous than not having any.

Mrs. Elbow found normal housekeeping tasks difficult because gas and electricity supplies were erratic, and communicating with the local help was difficult, not only because of the language barrier but because most of them were illiterate. "I couldn't even leave a note for the milkman," she pointed out.

People in the Middle East are "tremendously hospitable," however, and the Elbows discovered in their travels that everyone, no matter how poor, wanted to serve them refreshments.

Dr. Elbow mentioned that the Turks especially have a very friendly feeling for Americans, and were stunned by President Kennedy's assassination. "They put up large pictures of President Kennedy, surrounded by black wreaths, all over the country," he said.

The Elbows have a fascinating collection of information and impressions gleaned from their two-year stay overseas, and I wish I had more space to devote to them. They are a charming family, and you'd enjoy talking to them.

Mrs. Elbow, incidentally, will speak of their experiences to a meeting of two zones of the Faculty Wives Club of the State University in Albany. The Tri-Village zones are headed by Mrs. Josiah Phinney and Mrs. Kendall Birr, Mrs. Roy Newton, Mrs. Warren Roberts, Mrs. Arthur Schaefer, and Mrs. DeWitt El-

Lady in distress — and how two friendly strangers went out of their way to lend a helping hand

Sometimes it seems that people are too busy these days to take time to help someone in trouble. But there are still lots of folks who are always ready to be a friend in need.

This letter we received from Mrs. George Love of Lake Mahopac, N.Y., is just one example . . .

New York Telephone Company
To Whom It May Concern:

One afternoon, on the road between Croton Falls and Lake Mahopac, my car had a flat tire and went into the ditch. It was impossible for me to get it out.

Two of your men, Charles Geidel and Stephen Moravick, came along and pulled me out of the ditch. They put air in the tire and went out of their way to follow me home to make sure

that I arrived safely.

I want you to know that this was very much appreciated as I had two of my children and my neighbor and two of her children in the car at the time, plus the fact that it was a very cold, rainy day.

They were most courteous, and we are deeply grateful.

Sincerely,
Mrs. George Love

Do people bother to lend a helping hand any more? Yes, lots of them do. Telephone people do. We're glad when they do.

There's a little bit of luck in your Niagara Mohawk bill this month!

You could be one of the five hundred couples who can win a free weekend in New York City. MOHAWK AIRLINES pampers you there and back. The comfortable Shelton Towers Hotel gives you the red-carpet welcome. And it's all free! Just take the lucky number that comes with your service bill to your nearest Reddy Recommended electrical dealer. If your number's on his master list, you win. No obligation. Nothing to buy. Nothing to write. While you're there, ask your dealer about his special "get-acquainted" program. You might win an electric clothes dryer! How about that?

linwood.

The meeting will be held at 8 p.m., Nov. 12, at the Delmar branch of the National Commercial Bank and Trust Co.

Newcomers to our community include Mr. and Mrs. Arnold W. Foster and their three children, Janet, 12, Ruth, 8, and David, 3. The Fosters live at 31 Lansing Dr. in Delmar.

They come to us from Lexington, Ky., where Mr. Foster taught at both Transylvania College and the University of Kentucky. He's now a professor in the sociology department at the State University in Albany.

Mrs. Foster is an artistic who specializes in abstracts and landscapes and has had her work shown throughout the Middle West.

If you feel your spirits are being dampened...

Get an automatic dryer before winter and never hang clothes again

Let it rain, snow or sleet this winter. You couldn't care less... if you have an automatic dryer. No more soggy wash, frayed tempers or frozen feet, sheets or shirts. But that's not all. Your dryer dries clothes fresher, fluffier and cleaner than all the outdoors put together. All you do is load your dryer, set a dial or two, and everything is automatic. Don't forget, you can choose the exact degree of dryness for every type of fabric you own... from filmy synthetics to heavy woolens.

See the new automatic dryers at your Reddy Recommended Dealer... today! You'll never hang clothes again.

Buy now... get free automatic blanket. Double size, single control, fully guaranteed... ideal for the months ahead. Yours FREE if you buy an automatic dryer or washer-dryer from your Reddy Recommended Dealer between October 1 and Dec. 10, 1964... for installation on Niagara Mohawk lines.

Win an exciting FREE weekend in New York City! (See Niagara Mohawk ad elsewhere on this page)
