I LOVE YOU . . . FROM VIET NAM

The following poem, written by Roger Kibbey, was sent from Viet Nam to a friend in Louisiana; the friend forwarded it to The Spotlight. Roger is completing, or has just completed, a year's tour of duty in the Far East and is about to return to this country. The poem is dedicated to his wife.

For Laurel

At day the long hours do slowly pass by,
As I think of my wife back in New York, and
The time that she cried.
Yes, cried at the orders clutched tight in my hand,
That took me to this God forsaken land.
But weep not, my darling, for I'll soon return,
As we meet once again and memories burn.
So pray hard and long to the Heavens above
That God will bring back the one that you love.

Band Fund

"Everybody talks about it but nobody does anything about it!" This comment was stated by 2 boys as they overheard their mothers talking about "how nice it would be if the Voorheesville Central High School Band had uniforms." You guessed it, they called some more mothers of band members and now there is an official committee, approved and sponsored by the P-TA, to raise the money for band uniforms. It was felt that this would be an excellent community project through the initial efforts of the parents of band members.

Mrs. Eugene Newcomb is the General Chairman of the official committee, assisted by Mrs. Glenn Durban, Mrs. Sidney Vunck, Mrs. George Wilber, Mrs. Thomas Walsh and Mrs. Richard Ellis.

On April 9, the Saturday before Easter, a car wash by the band members, under adult supervision, at Dom Tork's Service Station on Maple Avenue. Time 9 A. M. to 6 P. M. Dona-

Dog Owners!

Dog licenses were due on January 1st. Owners or harborers of dogs in the Town of Bethlehem are urged to see the Town Clerk before April 5th to purchase a license, or file a non-liability affidavit. This is the deadline set by the Justices of the Peace before summonses will be served. Under the law, a penalty of \$10.00 and costs may be imposed for failure to comply.

Dr. Donahue was instrumental in organizing a special project within his school district (he

was then assistant superintendent of schools in Elmont, N. Y.) for helping disturbed children who were to seriously afflicted to fit into a normal classroom. Carefully chosen women volunteers, mothers who have successfully raised their families, were brought in to be the

children's teacher-moms," on a one-to-one basis. Each teacher-mom was in a separate room with her pupil, with a program thought to be suitable to that child. The teacher-moms were under close supervision of the school psychologist and a psychiatrist, with a professional teacher in the building with them at all times. Almost half of the children were able, after a while, to enter a normal class.

Mrs. Donahue, one of the teacher-moms, will accompany her husband.

All persons interested in the education of the "troubled child," are cordially invited to this meeting. A revision of the Education Law of New York State mandates education for the "emotionally disturbed," effective July 1966. Consequently, educators, as well as parents, are now seeking ways to provide effective services for such children, for whom, in most communities, no organized program has been available.

Autism is a rare mental disorder, first described in 1943 by Dr. Leo Kanner, the first

child psychiatrist in the United States. "Infantile autism," as he named it, is characterized by the child's "aloneness," disinterest in people, and a ritualistic preservation of sameness.

President of the local Society, started by parents, is Mrs. William P. Sullivan, of Voorheesville.

The choir, has, in its twelve years as a touring concert group, travelled in excess of 50,000 miles in half of the fifty United States plus the province of Ontario. The group has been the guest choir for the Easterdawn services at Radio City Music Hall on three occasions, the only choir to appear more than once at this nationally famous broadcast event. This year the choir will give the Easterdawn concert alone instead of jointly with some other choir as has been the case before.

The choir has made four full-length LP recordings, released under the RCA Victor label. The music sung at the concert in Selkirk will consist entirely of sacred compositions and has been in preparation since last September. The variety of composers, styles and periods will make the concert appeal to both young and older generations.

Welcome Aboard The Bookmobile

"The first bookmobile to be operated by any school district in the entire state of New York began its rounds with its load of printed knowledge and entertainment in the town of Bethlehem yesterday." This is a direct quote taken from an Albany newspaper on December 10, 1931. That first bookmobile was a converted station wagon, with a few added shelves which were

reached from the outside and through a rolled down window. One person both drove and acted as librarian and so gained in exercise what she lacked in convenience.

So successful, however, was this venture that in 1942 "Moby Dick" replaced the first little traveling library. Moby Dick was a real bookmobile built to specifications set by the Delmar Library. Actually its papa was a Mack truck, but so well designed that the finished product was a great improvement. About 1,000 volumes were carried on its shelves.

In 1959 the demand for even more books was so great the library realized it had again outgrown its mobile facilities. Thus the current professional bookmobile joined the staff. This time it was designed and built to be exactly what it is — a library on wheels carrying about 3,000 books.

It also has the distinction of being the famous vehicle taken to Russia in 1959 as apart of the American exhibition at the Moscow Fair.

Today the bookmobile covers about 200 hundred miles each month and has a driver, Paul Goodfellow, and a librarian, Mrs. Pearl Carman. It circles hither and yon through the area. Need-

less to say it would be impossible to stop for each borrower so through their cooperation a central location is agreed upon and of course if someone is isolated they do get special attention and the bookmobile stops at the door-step.

Mrs. Carman stocks a bit of each literary classification and is only too happy to gather more of the requested material which she delivers the next time around the route.

The schedule runs on a two-week basis. Slingerlands and Glenmont alternate Tuesdays; Elsmere and Clarksville take turns on Thursdays; and every other Wednesday, the bookmobile is parked from 6:30 to 8:00 P. M. by the Clarksville, fire house.

The Library is proud of the bookmobile and knows that through the last 35 years it has brought jobs, learning and good service to many people. If anyone wishes to be added to the list of stops, simply pick up the phone and call the library.

The U. S. Weather Bureau Stations in New York City, Albany and Buffalo have been connected to the New York State Civil Defense Warning System, according to a Civil Defense Commission announcement today. This arrangement will permit the three Weather Bureau Stations to give instantaneous advisory information of unusual or destructive weather conditions to the 139 civil defense warning points located throughout the State.

When desired, emergency weather information can be re-

stricted to those areas directly affected when the unusual conditions are of a local or regional nature.

In turn, the Weather Bureau Stations will receive immediate warnings of enemy attack, national emergency or widespread natural disasters which might affect their operations.

Arrangements for the inclusion of the Weather Bureau Stations in the State Civil Defense Warning System were made through the cooperation of the Federal Office of Civil Defense, the U. S. Weather Bureau and the New York State Civil Defense Commission.

Would you call yourself a good neighbor? Nowadays the expression means a good deal more than keeping the kids out of the next-door garden and not allowing your puppy to bark all night.

Good Neighbor Committees have sprung up all over the country in the last few years, and Good Neighbors are working actively throughout America to:

1) Create positive attitudes for "freedom of choice" in housing, regardless of race, creed or national origin.

2) Dispel myths and fears of integration with facts and logic.

3) Present signed pledges proving public support for open occupancy to realtors, in order to urge support for equal opportunities in housing.

There are now a number of Good Neighbor Committees in the Capital District, which have been organized through the Albany Fair Housing Committee. In our own Town of Bethlehem, a Good Neighbor Committee is working in cooperation with the Tri-Village Interfaith Committee, seeking to implement the nationwide goals of Fair Housing advocates.

Dr. George Allen and Mrs. Robert Korngold are serving as co-chairmen of the Bethlehem Good Neighbor Committee. They have enlisted the support of 14 "key people" (or key families) who live in different sections of

our community, who in turn are trying to sign up their neighbors to act as Good Neighbors in the fair housing effort.

Even though all aspects of Civil Rights have been in the headlines a great deal recently, most people don't realize just how much needs to be done if minority groups, and Negroes especially, are to receive their rights in our democracy. Through-

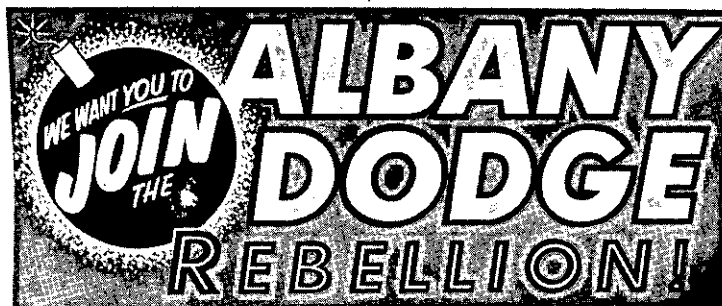

out Albany County we have only token integration, and in the Town of Bethlehem fewer than one per cent of our residents are Negro. (Seventy per cent of these live in Coeymans.)

If you were a Negro living in the Albany area today, would you hesitate to move your family to Delmar? Of course you would. Being a "pioneer" of any sort is difficult, and our integration

figures prove that this is exactly the role a Negro in our community must assume.

But our Good Neighbors are working hard to make it easier for Negroes and other non-whites to live here. Basically, they have two reasons: 1) They have strong moral feelings that families of every race and creed have a basic right to the home they desire and can afford, and 2) They also want for themselves and their children the benefits and enrichment of cultural diversity in the places where they live.

The Bethlehem Good Neighbor Committee has just been organized in the past couple of months, but already about 45 people have volunteered to act as official Good Neighbors. Every church in the Tri-Village area has endorsed

the work of the committee, and many of our clergymen have spoken from the pulpit recently on the need for supporting the group's efforts.

How do you become a Good Neighbor and what does one do? I would suggest you look over this list of people and call or contact one that you know to volunteer your services. Good Neighbors attend and host neigh-

borhood get-togethers to discuss the integration situation right where they live. Often this takes the form of a morning coffee hour for housewives, who are recognizing more and more that just because they must stay home with the kids all day doesn't mean they can't make a vital contribution to bettering the world in which we live.

ges which are being circulated by committee volunteers now, and your signature on one means that you "want the real estate community to know that we will welcome into our neighborhood any responsible person of whatever race, religion, or national origin, and will work with him and other neighbors to create a desirable community for all."

The committee is also distributing stickers to be displayed in whatever way you wish, which state "I Am a Good Neighbor," and thus signify your desire to be identified as a supporter of the Fair Housing Committee.

There's so much more that I could tell you about the Good Neighbor project, (that I've just recently found out myself) but this is just a bare outline of facts. Here's that list of key people who would like to hear from you:

Mr. and Mrs. James H. Ackerman, Dr. and Mrs. Kendall Birr, Dr. and Mrs. Curtland C. Brown Jr., Mr. and Mrs. Thomas Connelly, Dr. and Mrs. David Goodman, Mr. and Mrs. Newton S. Kimberly, Mr. and Mrs. Charles Koban, Mr. and Mrs. Alvin Lierheimer, Mr. and Mrs. Stefan B. Moses, Mr. and Mrs. Joseph Phillips, Mr. and Mrs. Burton M. Pogell, Mr. and Mrs. Bernard Steinberg, Mr. and Mrs. Dean E. Streiff, and Mr. and Mrs. Charles Wing.

If you volunteer to be a Good Neighbor, you will be asked simply to arrange meetings with small groups of your immediate neighbors, so that you can all discuss the integration issue here and now and determine each other's feelings on the subject. The signing of pledges will take place at a later date, if at all.

The committee is particularly

anxious to get people who live in Slingerlands to act as Good Neighbors, as that section of the Tri-Village is not now well-represented.

It should be stressed, I think, too, that these people working on the Good Neighbor Project are not rabble-rousers, in any sense of the word. They are just conscientious citizens who are sincerely trying to make our community a better place for us

all to live.

If you don't happen to know any of the key people mentioned above, you may call Mrs. Korngold, who lives at 130 Cherry Avenue, or Dr. Allen, who lives at 39 Greenock Road.

As the Good Neighbor project continues, you'll be reading more and more about it in this and other area publications. You can also get more information about it through your church.
