

# DELMAR FOUR CORNERS

**PARKING AREAS** — The above map was especially drawn for Delmar Four Corners merchants to show the available parking areas for those shoppers who, at some time, have said, "It's too hard to find a parking space at the Four Corners!!" As may be seen by examining the map carefully, there are TEN adequate areas available to shoppers . . . and all are within easy walking distance of the merchants' stores. In fact, the distance from the most distant parking area to the Four Corners is no greater than would be experienced at some larger shopping centers. The next time you are tempted to "bypass" the Four Corners in favor of some other area, remember the shaded areas on this map . . . you'll find there's lots of room to park and shop.

The presentation is open to everyone in the community. Do come and share in the last 24 minutes of a man's life as he is confronted by his mother, wife, and son.

## Speaker

It is a Sandwich in a Book time again. On April 20 at 12:15, Miss Florence Boochever will give the monthly book review at the Delmar Public Library. She has chosen "The Old-New Land of Israel in Books" as her general topic and will include under this heading brief reviews of current books both fiction and non-fiction. Among the titles are: Michener, "Source;" Uris, "Exodus;" Blankfort, "Behold the Fire;" Sparks, "Mandelbaum Gate;" St. John, "Roll, Jordan, Roll;" Edelmann, "Biography of Giant Shadow;" Gliecks, "Rivers in the Desert;" and Chagall, "Jerusalem Windows." Maps, cards and pictures will punctuate the talk.

Miss Boochever is well known throughout the area for her talent in book reviewing. Her vivid vocabulary and style make listening to her a delight.

Her background in the overall picture of books is varied as she has had experience working in several of the well known publishing houses, has published The New York State Bookmark, a publication containing book reviews and relaying information on library materials to all libraries in the State. She worked for a time in the Public Library in New York City and at Hermanus Bleacher in Albany. At present she is president of the Friends of Albany Public Library.

Bring your sandwich, coffee will be served as usual. This will be a treat not to be missed.

## Meeting

There will be a regular meeting of the Ladies' Auxiliary of the Delmar Fire Department on April 14 at 8:00 P. M. at the Fire Hall.

"STAR FIRE" at the Council Ring - Twenty years in operation by the same owners and directors. OFFICIALLY APPROVED BY PARENTS who have been concerned in the individual care and attention given each child. Sunny Acres is SMALL enough so that no child is "lost" in a crowd. LARGE enough to create much interest within the group.

Instruction is given in each activity so that the child can learn to enjoy the activity.

Directors of Children's activities have been at Sunny Acres from five to fifteen years. No camp can claim a better staff anywhere, it is with pride we make this statement.

Every day is OPEN HOUSE by appointment at the convenience of the parent; so that time can be given to each and everyone to become acquainted.

The Algers say, "Come see, ask questions, have time to talk, then judge for yourself."

Fee (\$24 per week) includes transportation, refreshments, educational trips, camp awards, milk, towel service, crafts, and medical insurance.

Camp is available for family and group picnics by reservation on week ends - open from May 31st to Labor Day.

## To England

Dr. William N. Fenton of Slingerlands, Assistant Commissioner for the State Museum and Science Service in the Education Department, will leave this week for London to attend meetings of the Permanent Council of the International Union of Anthropological and Ethnological Sciences at the University of London. Dr. Fenton is chairman of the American Committee of the Union, which held its last meeting in Moscow two years ago and meets two years hence in Tokyo. American participation is sponsored by the National Academy of Sciences National Research Council and by the American Anthropological Association. Dr. Fenton's travel is supported in part by a grant from the Wenner-Gren Foundation for Anthropological Research of New York City.

Prior to the London meeting Dr. Fenton will participate in an international conference called by the Secretary of the Smithsonian Institution in Washington to consider urgent tasks of ethnological research in developing countries where the native cultures are threatened with extinction by expanding civilization.

While in England, Dr. Fenton will visit museums and confer with museum officials to gather ideas for the planning of the new State Museum in Albany's South Mall. He will visit Oxford where he has been advising on the plans for the new Pitt Rivers Museum, one of the six great ethnographic collections of the world. He will continue his hunt for items of Iroquois art and industry that were taken to Europe during the colonial period. He will be back in Albany May 1.

**APRIL TIPS FOR  
GARDEN  
& LAWN**

**FLOWERS**  
*Garden Check-up* — Examine perennial plantings as soon as possible. Very often one will notice clumps which have been heaved out of the ground by the action of frost. Press them firmly back into contact with the soil to prevent their death by drying out. A good spring clean-up of the flower bed now may also help reduce many insect and disease problems later on in the growing season.

*Start Begonias Indoors* — Tuberos rooted begonias can be started indoors now too. Use either flats, pans or ordinary flower pots filled with peat moss that is kept damp and just place the begonias on the surface. They will start sending up little rosy shoots in a very short time. They can be hardened off, like the dahlias, by carrying outdoors or to a porch on good days. When danger of frosty nights has passed, plant them out in the garden to brighten a shady spot where few plants will bloom. They are beautiful in window boxes, too.

*Spring Rose Care* — Now is the time to get a good start on roses. Plant new roses now. Give the plants any reasonably fertile soil and fair drainage. They need a location with full sunlight to do well. After two or three weeks start fertilizing them with commercial fertilizer. They can be fertilized several times during the growing season. Roses will also appreciate weekly spraying or dusting for best results. New roses or established roses can be thinned out and pruned to a desired shape now. Some of the older wood can be removed to the base. Prune to a well placed lateral bud — don't leave stubs.

April is the traditional month for starting seeds indoors. However, don't start seeds of plants which develop quickly and can't be set out when they are ready.

Showing off the display are fourth graders Janice Jolly, Melissa Heilman, Carol Totten, and Colleen Keating.

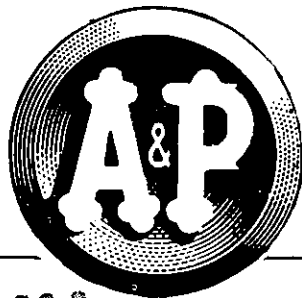

**SAFETY WINNERS** — The winners of the safety contest at Hamagrael School were chosen at an assembly on April 4. They were presented a trophy by Mr. Burton Anthony, Jr. From left to right: Amanda Jones, theme; Richard Hotaling, poster; Cheryl Marks and William DeMallie, safety talks. Mr. John Falvey, principal, looks on as Mr. Anthony, chairman of the event, presents the trophies. The runners-up received a book of their choice from the school library.

BCHS HAWAIIAN LUAU

for use by the homemaking department.

With the help of Mrs. Margaret H. Westervelt, a business teacher at Bethlehem Central who spent four years in Hawaii, party chairman Jane E. Bloodgood of Wemple Road, Glenmont, and the other students planned an authentic Hawaiian evening featuring exotic dishes and island atmosphere. Dressed in real muumuus and adorned with leis

painstakingly made from colored tissues, the students greeted parents on the terrace which was decorated to resemble an Hawaiian home. After a dinner including everything from baked bananas and Chicken Hawaiian to Portugese sweet bread and ice cream balls rolled in freshly grated coconut, the guests were treated to an evening of Hawaiian music and slides of the "tropical paradise."

According to Mrs. Westervelt, the party "was one of the most original and best-executed . . . I have ever attended. I had the distinct feeling that there had been a tremendous cooperative effort among a group of girls who might under other circumstances have just drifted through a very prosaic meal."

The "Homemaking Party-of-the-Year" contest is conducted for school and club groups by Seventeen - at - School, Seventeen's auxiliary publication for home economics teachers.

Winning parties were chosen from group entries submitted by junior and senior high school

homemaking classes and clubs from coast to coast. Judges evaluated the projects on the basis of originality, practicality, taste and success, in addition to the educational value of the project to the group.

## LETTER

Dear Sir:

Little League Baseball is the vehicle by which early training in teamwork, sportsmanship, discipline and character building is instilled and I salute the volunteer leaders of Little League Baseball who have made the program an integral part of the American scene.

In Little League Baseball, boys have an opportunity to play the game under the most advantageous conditions, which contribute to the physical and moral welfare of the participants. More than 750 graduates of Little League have joined the ranks of professional baseball players and thousands more are continuing to play our national game on high school and college teams and sandlots, and to assume positions of leadership in all walks of life.

Little League not only fosters friendships, develops coordination and good health habits in boys, but it breaks down social barriers and makes for a more closely knit community. It knows no national boundaries as leagues have developed in 27 countries and is played with equal enthusiasm everywhere.

Little League also fosters the healthiest kind of father-son relationship. In baseball, a father and son meet on a common ground from which bloom companionship, respect and love.

All parents strive to give their youngsters a happy childhood that still will prepare them for the ups and downs of life. The Little League is only one avenue of reaching this goal.

The managers, coaches and other officials of the leagues who devote so much of their time, thought and energy in providing constructive direction for the boys deserve our respect and gratitude.

Rick's best performance came on February 12, in a meet against Hamilton in the Brockport pool. It was during this meet that he broke his own record in the 200-yard backstroke with a clocking of 2:06.6. On January 15 in a meet at the University of Rochester, Rick set a new University of Rochester pool record in the same 200-yd. backstroke event.

He showed his ability to the Orangemen of Buffalo State when he established a Conference and Buffalo State school and pool record again in the 200-yd. backstroke.

A new Snack Bar will be located near the Bath House and Golf House for the convenience of both swimmers and golfers.

Tennis, hand ball and shuffleboard courts make Tall Tim-

bers a well diversified recreation center for old and young.

Mr. and Mrs. William Wais, who have developed the Club, invite their neighbors in the Tri-Village Area to visit them and get acquainted with Tall Timbers.

The two girls who have been named valedictorian and salutatorian of this year's graduating class from Bethlehem Central are charming teenagers who have many interests besides hitting the books.

Judy Polan, daughter of Mr. and Mrs. Isadore Polan of 59 Orchard Street, earned a 93.14 average to be the top scholar in her class. She plans to attend either Barnard College or Sarah Lawrence. She's worked on both the Star and Oriole staffs, been a member of the "Pierians," a literary group, and attended Hebrew School.

Judy is an accomplished guitarist and folk singer, has entertained at many local events, and gives guitar lessons. She loves to listen to records in her spare time, and counts among her favorite recording stars Donovan, Pete Seeger, and Carolyn Hester. As much as she enjoys playing

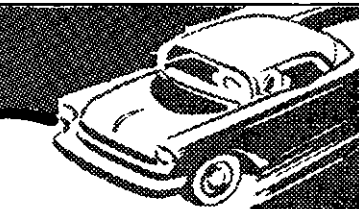

her guitar and singing, she realizes performing professionally would be a difficult field to enter, and will probably concentrate her studies in college on writing, another interest and talent of hers.

Mr. Polan is chief accountant for the Albany Post Office, and Mrs. Polan is a bio-statistician for the State Department of Health. Judy has one brother, Steven, who is 15.

Mary Norton, daughter of Mrs. Eric Norton of 43 Herrick Ave., is class salutatorian with an average of 93.11. Mary has been awarded a scholarship to Oberlin College, and will enter there as a freshman next fall.

At Bethlehem Central, Mary has been copy editor of the Oriole, and a member of the National Honor Society. Her hobbies include playing the piano, reading, and such sports as skiing, skating, and tennis. She

Mrs. Jesse J. Kaye will be hostess at her New Scotland Road home for a meeting of the Albany Medical College Student Wives Club on Thursday, April 21. She's expecting about 80 young wives to attend, and the speaker will be Mrs. Crawford Campbell.

Shirley Kaye, in addition to all her other activities, serves as liaison officer for the State Medical Auxiliary and student AMA groups. She's also chairman of Project Playground for the Albany County Medical Auxiliary.

The local medical auxiliary opened a playground area, complete with all sorts of recreation facilities for children three to six years of age, in Lincoln Park last summer. They've just gotten approval from Mayor Corning to start preparing plans for another playground. This one will be for older children, from seven to twelve years of age, and will probably also be located in Lincoln Park.

The gals will soon be deciding on what sorts of fund-raising events to hold to raise money for all the necessary playground equipment, and expect that this new one can be furnished and ready for use by the summer of 1967.

...

The public is cordially invited to attend a meeting two weeks from tonight, at 8 P. M. on April 28, at which a panel of local people will discuss poverty conditions in the Capital District.

The meeting is being sponsored by the Elementary and Secondary Education group of the local AAUW chapter, and will be held in the Community Room of the National Commercial Bank building on Delaware Avenue.

Panelists will include Mrs. Stanley P. Mayersohn, president of ACAP; the Rev. Thomas P.

Tooker of the Inter-Faith Task Force; Mrs. Olivia Rorie, president of the Better Homes and Community Organization; and Miss Jenia Skarko, a volunteer training instructor.

They will discuss the various ways in which local groups are working to better the living conditions of some of the least-privileged people in the City of Albany.

As you may have read or heard, this summer the Heldeberg Workshop will be held at Bethlehem Central Senior High School. Classes will be in session from August 8 through August 26, and the summer school staff could use some more volunteers.

Parent volunteers usually assist teachers in subjects they have a special interest in, such as art, music, math, dramatics, science, or any of the others being offered.

Having visited the workshop in past summers, I can assure you that the volunteers put in a lot of time, work very hard — and get a tremendous sense of achievement from having contributed to an exciting and worthwhile educational venture.

If you're interested in finding out more about the workshop and what it would mean to be a volunteer worker, I suggest you call Mrs. Jean Pauley of Font Grove Road in Slingerlands (HE 9-4231) and she can fill you in on all the details. The staff of volunteers is already meeting weekly, so look into it now if you're interested.

# TIRE SAFETY TALK!

Tire safety is a thing very close to our hearts. Unfortunately, it is a subject often overlooked or neglected by people who own and drive automobiles.

We at Weinberg's have found that most tire advertising dwells mainly on the subject of price. While price is an important factor it is not the most important one when you consider what is expected of the tires on your car.

People, generally speaking, are safety conscious. Unfortunately, they feel that any "new tire" is a safe tire.

There is a very definite tire best suited for your individual driving needs.

Our "straight talk" tire story will help you decide just which tire is best suited for your safe driving needs.

The experienced tire experts at Weinberg's will be only too happy to assist you in purchasing the "tire for you."

Avail yourself of our fast, safe and efficient service.
