# APRIL TIPS FOR

## GARDEN & LAWN

**Vegetable Garden Clean-up time—** One early spring chore is the preparation of the site for this year's garden. Don't burn that old plant refuse, it can provide you with valuable compost material.

Compost is a good source of organic matter for the village, city, or suburban garden. A compost pile may be made of leaves, weeds, straw, waste hay, and any waste vegetable matter other than diseased parts of vegetables. Pile these materials together as they accumulate during the season. Keep the lighter materials, such as leaves, from blowing away by throwing a little soil over the pile. The next spring start a new pile and turn the old one over to mix the material and to insure more even decay. Turn the compost over two or three times during the second season. It will be ready to apply to the garden before fall or spring plowing.

**Avoid working a heavy wet soil too early—** A few balmy days in April may cause some gardeners to prematurely start digging away preparing their garden soil. Wait until the soil has dried out sufficiently before turning it over. A garden soil is in the proper condition to work if a handful of soil will crumble slightly after squeezing it in your hand. You can destroy the structure of a heavy clay soil if it is plowed or dug too soon.

**Starting Vegetable Transplants—** Some of the more hardy vegetables can be started from seed now indoors. Use a light well drained media such as one of the Cornell peat-lite "artificial soil" mixes to start your seeds. Avoid a media which has a high fertilizer content. A young seedling will not require a heavy dose of nutrients and too much fertilizer may cause soluble salt injury. Using sterilized soil or a disease free media is also a smart move if you are starting your own plants.

## Open Meeting

All residents of the Bethlehem Central School district are invited to attend an Open Meeting on the proposed budget for next year. It will be held at 7:30 P. M., May 3, at Bethlehem Central Senior High School.

Voting will take place the following day, May 4, from noon to 9 P. M., at Bethlehem Central Junior High School.

Voters this year will be asked to approve five separate resolutions:

- 1) The School District budget for 1966-67.
- 2) Election of one member of the Board of Education. Mr. Lindsay M. Boutelle's term expires as of June 30, 1966, and he is an unopposed candidate for re-election.
- 3) Extension of the Board of Education's transportation policy for students who attend non-public schools outside the school district, from 10 to 16 miles.
- 4) The Delmar Public Library budget for 1966-67.
- 5) Election of one trustee of

the Delmar Library Board. Mr. Raymond H. Stout's term expires as of June 30, 1966, and he is an unopposed candidate for re-election.

Complete details on all five resolutions will be contained in the next issue of Central Highlights, which is being mailed this weekend to all residents of the Bethlehem Central School District.

## Meeting

The LaLeche League of the Tri-City area will hold its next meeting at the home of Mrs. Seymore J. Blank, 7 Galway Road, Delmar, at 8 P. M. on Tuesday, April 26.

All mothers and expectant mothers who are interested in nursing their babies are welcome.

## A Suggestion

The five volunteer fire departments in the Town of Bethlehem who protect and serve the Town requests each resident to check his house number to be sure that he has one located where it is visible from the road. This is very important to the resident in the event of an emergency when minutes might mean the difference between life, death or a serious fire.

It is also suggested that each resident keep the telephone number of his fire department near the phone. This could save not only valuable minutes in reporting a fire but also reporting it to the right department.

The Delmar Fire Department Rescue Squad who ordered a new 1966 ambulance for spring delivery has been notified that the plant is on strike. The members hope that this will not prevent them displaying their new red and white ambulance in the annual Memorial Day parade.

The new ambulance will be purchased from contributions received from the many people who have needed the services of the present vehicle. They wish to thank each and every one who donated, making it possible to order the new ambulance without the normal fund raising drive.

## LETTERS

Dear Sir:

The members of the Board of Directors of the Northeastern New York Speech Center again join me in thanking the girls from Beta Gamma Rho Sorority for the wonderful assistance they gave us this year in col-lecting for the Easter Seal Drive for Crippled Children.

As they have for the last five years, members of this Sorority dressed as Bunnies and gave their time and energy the three Saturdays preceeding Easter collecting for this worthwhile cause at the Delaware Plaza. They did a fine job, and we are all very grateful to these won-derful teenagers. Along with all

the girls who participated, I would also like to express our appreciation to Linda Henry, President of Beta Gamma Rho, and Sandy Kolber, Chairman, in charge of scheduling the "Bun-nies."

## TWO WAYS TO TREAT YOUR NEIGHBORS

The Great Wall around China—traditional symbol of contention between nations.

A typical highway crossing on the boundary between the United States and Canada.

For more than 500 years, the 1500 mile Great Wall around China has been a symbol of international fear, distrust and misunderstanding.

In dramatic contrast—the 3000 mile border between the United States and Canada has been unfortified for 148 years. The scene above pictures a lonely boundary post and a Kiwanis International Peace Marker.

Canada-United States Goodwill Week, April 25 to May 1, commemorates the signing of the Rush-Bagot Agreement which demilitarized this long border that the late Sir Winston

Don't cry because you have wet wash and skies to match. Switch on The Invisible Man . . . electricity. He'll spin your dryer and dry your wash fluffy-fresh. What! You haven't a dryer? Did you know you've been lugging 5,000 pounds of wet wash to the clothesline each year? Let The Invisible

Man dry them. He'll do ever so much better. Best of all, he works for peanuts. The Invisible Man—electricity—operates all the appliances and lights in the average home for only pennies a day. So be a wise one—next washday, switch on The Invisible Man. Then dry your eyes.

Total deposits at our Stuyvesant Plaza Office, opened June 24, 1961, have reached \$10,000,000.

# IN THE Spotlight

by Ann Treadway

A number of area women have been working feverishly at their sewing machines during the last few weeks, getting a total of 43 costumes made for next week's Slingerlands Community Players' production of "Androcles and the Lion."

This classic fable by George Bernard Shaw will be presented by our local theater group next Friday and Saturday, April 29 and 30, in the auditorium of Bethlehem Central Senior High School.

Getting costumes sewn for the play's large cast was probably the biggest challenge faced by the Players for this particular production. All of the outfits have been made from scratch, and they include just

about everything from Caesar's royal robes to the most realistic-looking lion to be found outside an African jungle.

Responsible for meeting the challenge of this Herculean sewing project are designer Faye Nadler; her costume coordinators, Margaret Koerner and Janet Gaumond; and seven seamstresses: Doris Brown, Marge Ryan, Ellen Heenehan, Mary Freeman, Barbara DeLuca, Valerie Chevette and Chris Bournn.

"Androcles and the Lion" will be the third and final presentation of the Slingerlands Players' 1965-66 season. It's being directed by Harlan Wilbert, whose imaginative direction of last year's "Rashomon" was a highlight of that successful season.

...

A first-grade pupil at Slingerlands Elementary School became an American citizen last week. Linda Johnston, 6, daughter of Mr. and Mrs. James Johnston of 19 Orchard Street, was the youngest - and probably the proudest - participant in

the naturalization ceremony held last Thursday in Albany.

Linda was born in Great Britain, where her parents lived from 1958 to 1963. Mr. Johnston taught evening high school classes for adults while in the British Isles.

A truly international family, the Johnstons also have a son, Donald, 13, who lived in France until he was six years old. The family was in France from 1950 to 1958, while Mr. Johnston served as principal of the Paris American School, and also was a French translator for our Armed Forces.

Mr. and Mrs. Johnston have both taught for the University of Maryland, and Mrs. Johnston is an experienced French teacher. The Johnstons moved back to this country in 1963, when Mr. Johnston joined the faculty of the University of Connecticut

in Storrs, Conn:

They moved to Delmar last summer, and Mr. Johnston is now on the staff of the Educational Foundation Department of the State University of New York.

Mrs. Johnston told me that Linda very much enjoyed the impressive naturalization ceremony and received a few special smiles from the judge. She recited the Oath of Allegiance with the other new citizens. Linda knows by heart three verses of "America" — something few adults can claim.

The Johnston family likes living in our community, this being their first experience as American suburbanites. Mr. Johnston is a native of the state of Washington, and Mrs. Johnston was born and raised in upper Michigan.

Club, Mrs. Barbara R. Rau, Librarian at the Delmar Public Library, emphasized the many books, pamphlets, magazines and newspapers that are geared for the business man or woman. These are in addition to the goodly quantity that are always on the shelves and are more or less standard. Naturally, many people who are not actively engaged in the business world utilize these aids. It is not uncommon to find a housewife avidly perusing the stock reports in the Wall Street Journal, tracing the name of a manufacturer of some unique item she wishes to purchase, checking in Consumer's Bulletin and/or Consumer's Report when a household appliance gives up the ghost; in other words, making a concentrated effort to learn what the experts have to say.

The Library has recently added the full Moody's Investor's Service which means not only the yearly volume but supplements so up to date that they

arrive twice weekly. Standard and Poors is on the shelf next to Moody's.

Should you wish the name of any non-profit organization the Encyclopedia of Associations will help and in addition give the names of the executives. (Not long ago a Girl Scout Leader wished the address of the World Pen Pals and there it was.)

Thomas' Register of American Manufacturers helped find the name and location of a sulky manufacturer. The staff never did find out why someone wanted a sulky but it sounded like fun and there was the information in Thomas.

We could go on and on suggesting helpful titles but do want to mention the three long shelves containing all kinds of pamphlets

that will help in a shorter way. To mention a few: Kiplinger's weekly report on business and government not only briefs current events but makes predictions of what may be expected. Lasser, which is very popular at this sad time of income tax reports, not only has quite pertinent aids in book form but sends a monthly tax service. And then there are Oil Facts, Steel Facts, US Steel Quarterly, Industrial Bulletin, New York State Department of Labor Bulletin, Standard Oil Report and, once again, on and on we could go.

There are so many diversified areas and subjects, do come in and get acquainted. You are sure to find what you seek.

# TIRE SAFETY TALK!

Tire safety is a thing very close to our hearts. Unfortunately, it is a subject often overlooked or neglected by people who own and drive automobiles.

We at Weinberg's have found that most tire advertising dwells mainly on the subject of price. While price is an important factor it is not the most important one when you consider what is expected of the tires on your car.

People, generally speaking, are safety conscious. Unfortunately, they feel that any "new tire" is a safe tire.

There is a very definite tire best suited for your individual driving needs.

Our "straight talk" tire story will help you decide just which tire is best suited for your safe driving needs.

The experienced tire experts at Weinberg's will be only too happy to assist you in purchasing the "tire for you."

Avail yourself of our fast, safe and efficient service.

## Summer Typing Class

Mrs. Gladys Hosey, Chairman of the Business Department at the Bethlehem Central Senior High School has announced that a Summer Personal Typing Course will be held again this year. Classes will be offered for four weeks, beginning July 5, and will run through July 29. They will begin at 9 A. M. in Room 50 in the Senior High School and continue for 90 minutes.

Since enrollment is limited to 35 students, those interested are urged to fill out the registration form as soon as possible. May 20 has been set as the deadline for filing registration forms. They are to be placed with Mrs. Dorothy Maeder, Registrar, in the Senior High School Guidance Office. The forms may be obtained from either the Junior or Senior High School Guidance Office. The class is open to students who are residents of the school district, enrolled in grades 9-12 as of September 1965 at no charge.

## Table Talk

Furniture Restoration will be the Table Talk topic, Wednesday, April 27, at 8:00 A. M. over Channel 13. Mrs. Anne McDonough, Extension home economist for Schenectady County, will show a film on furniture refinishing. Mrs. McDonough and Mrs. Karen Hull, hostess, will talk about the various tools and equipment that amateurs can use with confidence for successful refinishing.

Homes can be furnished inexpensively and with real distinction and beauty by refinishing furniture. It is not necessary that the furniture be antique, only in need of a new finish, and be of good design and steadiness to make refinishing worthwhile.
