## Summer Hours At Museum

Bethlehem Town Historian, Mrs. Wm. D. Bennett, has announced that the Town of Bethlehem Historical Association will open the Cedar Hill School building to the public, free of charge, every Sunday afternoon throughout the summer. The opening day will be Sunday, May 1, and every Sunday thereafter from 2 to 5 P. M.

The school building, built in 1859, is owned by the Town of Bethlehem and the Historical Association. It is used as museum and meeting place. It is the aim of the Association to exhibit in the museum artifacts pertaining to the history of the Town of Bethlehem anyone with articles which he would like to donate or put on loan to the museum is urged to do so. Mrs. Bennett would also like to call attention to the fact that this building can be used by responsible groups in the community for a meeting place, subject to the discretion of the Board of Directors of the Town of Bethlehem Historical Association.

Members of the Historical Association who will serve as hostesses during May are: Miss Meredith Clapper and Mrs. Clarence Crocker; May 8 — Mrs. Wm. D. Bennett and Mrs. Constance Loucks; May 15 — Mrs. Donald Eberle and Mrs. Julian Gibson; May 22 — Exhibition of Mrs. Harold White's Early American Decoration Class; May 29 —

## Scholarship

Rev. Richard D. Hunter, Pastor of the Congregational Christian Church in Ravena, has been selected by the National Protestant Committee on Boy Scouting to receive a scholarship for a Protestant Workshop on Boy Scouting this July. The workshop will be conducted at Philmont Scout Ranch in Cimarron, New Mexico, from July 27 to August 2.

Rev. Hunter is a graduate of Columbia University and Union Theological School. He served as a Chaplain in the Navy after which he worked in a Church in England. He has served the Congregational Christian Church for 6 years.

This Church sponsors Pack and Troop 67 along with a Girl Scout and Brownie Troop. Rev. Hunter is presently registered as a Chaplain of the Troop and has had many years of Scouting experience.

His wife Sara and two daughters, Annabel, 15, and Rebecca, 6, will attend Philmont Scout Ranch with him.

Mrs. Robert Lyon and Mrs. J. Phillips Campbell.

There will be an exhibit of interesting old clocks the first three weeks of the opening by Mr. John Tompkins of Coeymans Hollow. Mr. Tompkins is a collector and restorer of old clocks, and an authority on the subject. He will have on exhibition an alabaster clock, steeple clock and some clocks with old-time wooden works, among others.

MR. AND MRS. FRANK WELLS McCABE explain to Rev. Thomas J. Hiney, Asst. Editor of the Evangelist, the details of the painting of "Bourke Cochran", great steeplechase horse owned by Michael A. Nolan, Mayor of Albany from 1878 to 1883. The painting was shown at a press luncheon marking the opening of the new Beverwyck Room in L'Auberge des Fougères. The McCabes have completed a building program which has added two new rooms to the restaurant which occupies the old Hudson River Day Line Building.

MR. AND MRS. LEONARD C. SMITH of Delmar greet driver Henry LeDuc and their Christopher D. in the winner's circle at Saratoga Raceway after the Something Special gelding won the featured Bagpiper Trot in 2:06 3/5, fastest trotting mile of the young Saratoga season. It was the first start of the year for the bay, winner of four of nine races and \$3,112 in 1965.

## Meeting

The newly formed Bethlehem TARS (Teen-Age Republican Society) will hold its next meeting May 9 at 7:30 P. M. at the

National Commercial Bank in Delmar. Bertram Kohinke, Town Supervisor, will be the guest speaker. All teen-agers between the ages of 12-18 are cordially invited to attend. Plans for Government Day will be made.

## Goodwill Week

Kiwanis International, which is spearheading the 43rd annual observance of Canada-U. S. Goodwill Week, April 24-30, this year, is also marking the 50th anniversary of its service in both the United States and Canada.

Kiwanis was founded in Detroit, Michigan in 1915. The first club in Canada was founded in Hamilton, Ontario in 1916. "Thus Kiwanis has grown up simultaneously in both these nations," said Arthur Fleahman, Jr., President of the Kiwanis Club of Del-

mar.

He went on to say that April 28, which falls within Canada-U. S. Goodwill Week, is the 149th anniversary of the signing of the Rush-Bagot Agreement which demilitarized the 3,000 mile border between Canada and the United States; hence the dates selected for the "week."

To dramatize the peaceful nature of this coast-to-coast boundary line, Kiwanians in both countries have worked together to set up some thirty-five "peace markers," one at each principal port of entry.

## Canada-U.S. Goodwill Week, 1966 Golden Anniversary of Kiwanis' Service To Both Great Lands

This year Kiwanis International, originator of Canada-U. S. Goodwill Week, celebrates its fiftieth anniversary of service to both great lands. Canada-U. S. Goodwill Week in 1966 is scheduled for the period of April 24 to April 30.

Founded in Detroit in 1915, Kiwanis established its first

Canadian club in Hamilton, Ontario a year later. Thus, Kiwanis has grown up simultaneously in the United States and Canada . . . working constantly to dramatize, and to cement even further, the good neighborliness which is the hallmark of Canadian-U. S. relations.

This message from your Kiwanis club—through the courtesy of your newspaper.

# New Pool

The Board of Governors of Normanside Country Club recently announced approval of plans for a new swimming pool, bath house and recreation area. The new pool will be built across the parking area from the new clubhouse which was completed a year ago. A spokesman for the club indicated that the 75' x 75' L shaped pool will be one of the largest and finest private pool facilities in the area.

Target date for completion is July 1. William Schieffelin will return this year to manage Normanside's pool and coach its swimming teams. After last year's suc-

cessful season in inter-club competition, Normansiders are predicting great things for their swimming teams this year. In addition they are making plans to retain a precision swimming teacher for the coming season. A spokesman for the Country Club stated that the membership has been growing rapidly since the new clubhouse was completed and that golf memberships may have to be closed sometime this season. However, he indicated that the club expects

many new applications for social membership which includes swimming pool membership. The club has not yet placed any limit on the number of social members it will accept.

### MAY TIPS FOR

## GARDEN & LAWN

### LAWNS

**Feeding Lawns**—If you fertilized your lawn in late March or early April with a chemical fertilizer, now is the time for a second application of fertilizer. Well-fed grass is less prone to fungus disease and is better able to repair damage from insect and traffic injury. Frequently thin and spotty turf can be improved by feeding with fertilizer rather than seeding. One grass seed does not necessarily mean one grass plant. Grass multiplies by underground runners and above ground tillering. To stimulate this growth throughout the season, more than one application of fertilizer is required. Merion Kentucky Bluegrass is a heavy feeder. Four applications of fertilizer per season would hardly be unreasonable and should certainly improve spotty turf.

**Care of Lawns**—Any program of lawn maintenance should be based on the types of grass that are present in the lawn. Become familiar with the types of grass that you have present in your lawn and your maintenance problems will be narrowed down to a few possible causes when problems do arise. A color leaflet with the various types of grass pictured, along with most of the common lawn problems illustrated with colored photographs is available from your Agricultural Extension Service Office.

**All Purpose Lawn Weed Controls**—This is the time of the year to kill most broadleaved type of lawn weeds. You can now purchase a combination of chemicals that will kill dandelions, plantain, clover, chickweed and most other lawn weeds with only one treatment. It does not kill crabgrass. The combination contains 2, 4-D plus 2, 4 5-TP. It can be purchased as a liquid to spray on the weeds or as a granular material applied with your fertilizer spreader. Some combinations even con-

## Meeting

The Women's Society of Christian Service of the First Methodist Church of Delmar will meet on Thursday, May 5th, at 12:30 P. M. There will be nominations and installation of officers.

## Fellowship Day

The Tri-Village Council of Church Women will observe May Fellowship Day on Friday, May 6, at St. Stephen's Episcopal Church in Delmar. This day of interdenominational fellowship will begin at 12:30 with a petite luncheon.

Mrs. Clyde Tiffany, Council President, will welcome the guests at 1:30; Mrs. Robert Thomas of the Delmar Methodist Church will give the invocation. Speakers will be Mrs. Stanley Mayersohn, the president of ACAP, and Mrs. Anne Freeland, vice-president of the Grand Community Organization; they will discuss the work which is being done by their groups to wage the war against poverty. Mrs. John Clark of Slingerlands will render a vocal solo; her accompanist

tain fertilizer. It is a good idea to fertilize near the time that you use any weed killers. The mixture of 2, 4-D plus 2, 4, 5-TP is often slow acting. It kills the weeds gradually over a period of several weeks. Don't use the mixture in flower beds or shrub borders. Keep it on the lawn only, as it will kill other types of plants. Read the label carefully.

**Annual Bluegrass**—One of the least noticed and most serious weeds in the home lawn is annual bluegrass called *Poa annua*. You can easily identify Annual bluegrass now by the small fine whitish seed heads which give the lawn a smoky cast. In the spring and fall, it makes a nice looking lawn, but it dies out when it becomes hot and dry usually about mid-July. Because of this, it is an undesirable lawn weed. The seeds of this weed are not present in grass seed. This seed is usually in the soil itself. It can remain alive in the soil for many years. In the spring and fall when grass seed is sown, this weed germinates so quickly it often crowds out the better grass seedlings. The main factors which encourage annual bluegrass are: close mowing, heavy watering, and soil compaction. There is no fool-proof chemical control for this weed yet, but several universities and chemical companies are conducting research to control it.

Mrs. Carlton Chesbro will be in charge of the installation service.

## Scholarship

Richard Hale, son of Mr. and Mrs. Hale of Feura Bush Road,

Richard Hale

has been awarded a scholarship by the Glenmont Parent-Teacher Association. Presentation

# how good are A&P frozen vegetables?

Read on... you be the judge.

The best vegetables are Grade A.

Every package of A&P Brand Frozen Vegetables is Grade A.

Pick up a package.

You'll see. "Grade A" is printed on every wrapper.

Do you have a different brand in your freezer?

Check it. See if it's labeled Grade A.

Surprised at the quality of A&P Brand Frozen Vegetables?

Not if you're an A&P shopper.

After all, it does bear the A&P seal.

What more is there to say?

Just this.

You won't believe the prices... they're so low.

Are A&P Brand Frozen Vegetables a good reason for shopping A&P?

They're one of many.

P.S. There are exceptions:

Potato Morsels, Cottage Fries, Whole Peeled Potatoes.

That's because today there are no standards for Grade A on these items.

But don't worry. There are none finer.

of the award was made by Mrs. Rolf A. Olsen, chairman of the scholarship committee, at the final meeting of the year.

Richard plans to major in languages at the State University at Albany in September. He likes to bowl and enjoys singing. He is a member of the Bethlehem Central School choir and also the Delmar Reformed Church Choir. During the summer, Richard assists his grandparents who own the Haswell Farm on Feura Bush Road.

## Meeting

The spring meeting of the Bethlehem Central Preschool P-TA will be held on Tuesday morning, May 3, at St. Stephen's Episcopal Church from 9:45 to 11:00 A. A program of summertime recreation and safety is planned.

There will be a list available of the area recreational facilities and points of interest for families with young children.

Dr. Robert Pike will speak on simple precautions to take so the summertime will be healthy as well as happy.

Coffee will be served before the meeting and child care will be provided.

## Poppy Day

With more than 2,000 young Americans killed in the Viet Nam fighting and more than 10,000 wounded, the American Legion Auxiliary's Poppy Day 1966 assumes an immediacy and

seriousness for millions of patriotic citizens who wish to acknowledge their great debt to those making this sacrifice in defense of the nation. Almost every city and hamlet in the country has felt the urgency of the Viet Nam situation as casualty reports are made known each week.

Plans for another successful Poppy Day observance of the Auxiliary of Blanchard Post #1040, American Legion in the Tri-Village area scheduled for May 11th are under way here as volunteer workers make preparations for the annual Day of Remembrance, according to Mrs. Given S. Hynds, Chairman.

The familiar red flowers offered on the Auxiliary's Poppy Day are all handmade by disabled veterans in hospitals throughout the U. S. These veterans are supplied with the materials needed for the production of some 20 million poppies and they are paid for their efforts. Medical authorities agree that the activity provides important occupational therapy for our hospitalized veterans.

The dimes and dollars dropped into the contribution boxes in exchange for poppies goes directly to the welfare activities of the American Legion Auxiliary to provide the funds which aid in the rehabilitation of those veterans disabled by their war service and to assist the widows and children of veterans killed in the fighting.

Mrs. Hynds is now organizing her corps of volunteer Poppy Day workers who will be stationed at several locations throughout the area.

"Through the simple act of wearing one of the scarlet flowers on Poppy Day, May 11th, all of us in the Tri-Village area may acknowledge our great debt to those courageous Americans who have made the supreme sacrifice," Mrs. Hynds said.

## Meeting

The Elsmere Evening Unit of the New York State Cooperative Extension Service will meet at 8 o'clock on Wednesday night, May 4, in the Bethlehem Central Junior High School.

"Money Management" will be discussed by Mrs. William Larkin. The nominating committee will present the new slate of officers. Refreshments will be served.

## - ADDITIONAL EVENTS -

**FAMILY STYLE** Roast Beef Dinner at VFW rooms, 404 Delaware Avenue, Saturday, April 30. Servings from 5:30 to 8:30.

Bethlehem Senior Citizens will take part in the Hobby Show and Sale at Albany Institute of History and Art, May 3, 4, 5 from 9 A.M. to 5 P.M.

Little League Get Acquainted Party, Friday, April 29, at Bethlehem Elks Club starting at 6.

Monday Night, May 2, last Symphony Concert of season by Albany orchestra with Edgar Curtis making his final appearance. At Philip Livingston Junior High School, 8:15.

## Good Neighbor Committee

Local clergymen are joining with the Bethlehem Good Neighbor Committee to support non-discrimination in housing.

The Bethlehem Committee is one of several — others are in Albany, Colonie and Guilderland, for example — organized in the Capital District through the Albany Fair Housing Committee. It is working jointly with the Tri-Village Interfaith Committee to promote equal opportunities in housing for all races.

The Albany Fair Housing Committee is one of 1,000 such groups that have sprung up all over the country. The local committee is an outgrowth of the public affairs committee of the YWCA, which saw the need to press for equality of housing in this area.

Miss Marvin Posner of Loudonville is committee chairman. Mrs. J. R. Handwerker of Delmar is coordinator of all the Good Neighbor groups.

Many local clergymen have

Oakwood Rd., Elsmere

been contacted by the Bethlehem Good Neighbor Committee, and have expressed their support for its principles of fair housing, either from the pulpit or in their church bulletins, or both.

They include: Rev. LeRoy C. Brandt of the Delmar Reformed Church; Rev. Robert T. Thomas, First Methodist Church, Delmar; Rev. Charles H. Kaulfuss, St. Stephen's Episcopal Church, Elsmere; Rt. Rev. Msgr. Raymond Rooney, St. Thomas Roman Catholic Church, Elsmere; Rev. George H. Phelps, Delmar Presbyterian Church, and Rev. Royal B. Fishbeck, Jr., Community Methodist Church, Slingerlands Church, Slingerlands.

The purpose of the Good Neighbor Committee is to:

1. Create a positive attitude for "freedom of choice" in housing, regardless of race, creed or national origin.

2. Dispel myths and fears of integration with facts and logic.

Sponsors of the fair housing movement are the Capital Area Council of Churches, Catholic Interracial Council and American Jewish Committee.

Cooperating groups belonging to the Fair Housing Committee are the YWCA, YMCA, League of Women Voters, Hadassah,

Council of Jewish Women, Citizens Planning Committee, Arbor Hill Community Center, NAACP, Open Occupancy Committee, Tri-Village Interfaith Committee, Council of Community Services, Albany Jewish Community Council and Clinton Square Neighborhood House.

The executive committee includes members of the YWCA's public affairs committee, plus representatives of all cooperating groups.

Dr. George Allen, 115 Winne Road, and Mrs. Robert Korngold, 130 Cherry Avenue, both of Delmar, are co-chairmen of the Bethlehem Good Neighbor Committee. They would be glad to answer any questions about the group's work in the Tri-Village or receive any offers of assistance.

# Young America on the Go-Go

by Patti Poulsen  
"Miss 400 Astrojet"

**Flash:** The biggest news ever to hit teen travel is the new half-price plane fares! Anyone between the ages of 12 and 22 can now travel for 50% less than the regular price of jet coach ticket—and to just about any place that's anything in the U.S.!

\* \* \*

More young people will be taking to the skies than ever before. Know what that means? The scene will be swinging even before the destination is reached!

\* \* \*

Some tips for making that next trip the best ever: First, don't wait until the night before to start making plans. Half fare travel is on a standby basis so get your tickets beforehand.

\* \* \*

Know someone where you're heading? Then drop him (or her) a card before to set things up. Don't wait 'til you arrive to call; your friend may already have plans and nothing beats the inside know-how of a native for getting you the right spots.

\* \* \*

Don't take everything with you that isn't nailed down. Porters are always around except when you need them. Just in case you should be one of "the chosen ones" however, be sure to have some quarters in an accessible pocket.

\* \* \*

Now, to get down to important business—where the kids are. The IN spots are: More than ever before *New York* is where the action is. Twenty years ago young people made pilgrimages to Paris; today they come to NYC—the young people's town... *Provincetown*, America's Bohemia on the Waterfront and one of the liveliest, swingingest stretches of sand on the American Mainland... *Washington*—for a cultural-political survey course the fun way!... *Los Angeles* where the liveliest season is the summertime when the Hollywood Bowl, Greek Theater, Disneyland and the indomitable beach parties get into full swing.

\* \* \*

**Quickies:** Don't miss—New York's Washington Square in Greenwich Village, scene of a gigantic art show in the spring and fall and folk singing every Sunday afternoon... the Tombs in D.C.—a noisy cellar where beer starts at 35¢ and you can chew on a Polish sausage for all of 17¢... "Pop" folk music at The Troubadour in L.A. where if you can prove you're 16 you get a 50% discount at the door... San Francisco's Windsor Hotel, the perfect pad for the student shoestring—plushy for the price... "Camp" is IN and so is camping in the Grand Canyon area... One of the farthest out discotheques is Boston's Bibliotheque which *does* look like a library!

\* \* \*

For more of where the action is—send for a free 64-page booklet "Go-Go American." It contains detailed information on student priced accommodations, restaurants, and 200 IN discount coupons for top spots all over the country! Just drop a card to Dept. ML, Youth Plan Headquarters, 633 Third Ave., New York, N. Y. 10017.

# The Quarter Horse

## All-American Breed

**THE QUARTER HORSE**—the cowboy's best friend—is world's largest, most versatile breed. Today, he's winning new friends with unmatched talents in . . .

**RACING** . . . in 25 states. All-American Q.H. Futurity at Ruidoso Downs (N.M.) in 1965 was the richest race ever held—\$419,460!

**RODEOS** . . . where the nation's top cow horse shines—he's perennial winner of the National Cutting Championships.

**SHOWS** . . . more than 1,000 each year with 60% or more featuring youth events. Used in 4-H projects, too.

**AND PLEASURE** . . . ideal family horse. Economical to keep, mild tempered. Truly an All-American!

### SPRING FASHION NOTE

With the sweet smell of Spring comes a new raft of knits—young, snappy and rib-clingy. For this season, the Go-Go crowd is discovering Durene cotton in mad scads of Poor Boy sweaters. The fashion eye focuses here on a pale pow of a knit top by Mr. Blouse for Tops n' Blouses. With a new slant on the Poor Boy, he reveals here a horizontally ribbed top that is sleeveless and cowl-necked. It's a perfect companion to loose-legged Harlow slacks. And it's made of 100%

Durene cotton yarn for looks, comfort and extra long wear. Because Durene cotton is a mer-cerized yarn, it adds lustrous beauty to knitted fashions. For this reason Durene is finding enormous appeal with the young of all ages. It is also more durable and comfortable than ordinary cotton, and its high dye affinity affords glorious colors. Look for these swingy sweater tops in leading stores around the country.

## DELMAR DEPARTMENT STORE

4 CORNERS

Dr. and Mrs. Richard Ball of 52 Dumbarton Drive in Elsmere are the proud parents of a daughter, Andrea Lynn, born April 6. Their other children are Gary, 3 1/2, and Shelly, 1 1/2. Dr. Ball is a pediatric allergist with an office in Albany.

...

Mrs. Bruce (Nancy) MacDonald of 69 The Crossway in Elsmere has asked me to pass along her "overwhelmed" thanks for the kindness of her friends and neighbors during her recent hospital stay. "Everyone was just wonderful," she told me, and all the cards, notes, food for her family and other favors were much appreciated.

Her husband, who is with the State Traffic Commission, and their three daughters, Maureen, 12, Priscilla, 11, and Denise, 6, are happy to have her home — and to know first-hand what a neighborly community they live in.

...

Richard Olson, son of Mr. and Mrs. Harry C. Olson of 6 Burhans Place, in Elsmere, has been accepted as a graduate student at the Northeastern University Graduate School of Professional Accounting in Boston, and will begin his studies there in July.

Dick will be graduating in June

from High Point College in High Point, N. C., and will be married two weeks later to the former Florelle Kurz of Douglaston, Long Island, so he has a busy few months ahead of him.

A 1962 graduate of Bethlehem Central, Dick has been an expert golfer since his high school days, and even chose a southern college so he could play golf year-round, according to his mother. But now he's so occupied with his accounting studies, she said, that golf is a pleasurable pastime he fits into his schedule only occasionally.

His parents are very proud of Dick's being what the educators would call "a late bloomer," for he's one of only 40 collegians from all over the country to be accepted for the graduate program at Northeastern.

...

Three Tri-Village women were among a group of 12 from Albany County who visited Ithaca, N. Y., last Wednesday and Thursday for the Fifth Annual Home Economics Institute at Cornell University.

Mrs. Matthew Tomiko of Wildwood Lane in Selkirk, a member of the executive committee of the Home Economics Division of Cooperative Extension for Albany County; Mrs. E. LeRoy Brown of Glenmont, a Cooperative Extension agent; and Mrs. Bruce Hull of 543 Delaware Ave., also an Extension agent and hostess of the WAST program, "Table Talk," took part in the Institute program and found it

most interesting.

Among the speakers were Mr. Charles Whewell from England, whose topic was "Textiles and Clothing in a Changing World;" Mrs. Robert Riley, a well-known designer who spoke on "Clothing - A Reflection of Cultural Change;" and Professor Rachel Dardis of Ireland, who talked about "The Power of Fashion."

Mrs. Tomiko told me she was very impressed with the Home Economics teaching facilities at Cornell, and with the caliber and number of Institute participants from all over the country. An added bonus of the trip, for her, was the chance to see her oldest son, Lewis, who is a freshman studying engineering at Cornell.

...

Elsewhere in this issue of the Spotlight, you can read about the Tennis Association for the Town of Bethlehem that a group of area tennis enthusiasts are currently organizing. So many young children have signed up for tennis instruction this summer that interest in the sport is sure to gather momentum in the years just ahead.

I just wanted to add my two cents worth to support for the proposed Association, and I hope all of you who love tennis as I do will also lend your support. It will mean full-scale tournaments for both young people and adults can be held every year, and perhaps eventually a more adequate number of courts can be constructed here in Delmar.

# At Convention

Mrs. Barbara Conway, Faculty advisor to the Future Business Leaders Chapter at the Bethlehem Central Senior High School, served as one of the judges in the Public Speaking Contest at the State FBLA Convention last week-end. The delegates from the FBLA and Phi/Beta Lambda Chapters from the State met in their second Annual State Convention at the State University College at Delhi.

# On Tour

The Shorthand II and Transcription Class at Bethlehem Central Senior High School had an opportunity to visit the Capital District Newspapers on Thursday, April 21. Mr. Charles Cramer and Mrs. Kanuk, of the Times Union - Knickerbocker News Staff, conducted the girls through the operations of the two area newspapers. The girls were able to observe the wire service, the Associated Press Headquarters, the composing room, the engraving department, the Linotype operations, and the actual printing of the newspaper.

# Banquet

The annual banquet of the Delmar Progress Club will be held May 2, at 6:30 P. M. in the Delmar Methodist Church. A Program, "Comedy in Music," will be presented by Mrs. Sylvia Horwitz and Mrs. Joyce Muckenfuss, sopranos, Mrs. Florence Lubersky, accompanist and Mrs. Marion Stewart, narrator. This group comes from Schenectady and has performed for other clubs in this area.

The above date for the dinner is a change from that published in the Club Calendar.

# Raspberries

Red raspberries are usually preferred by home gardeners over black and purple varieties because they do not have thorns. According to Albany County Cooperative Extension agent Joseph Huth, many people who like red berries find them difficult to buy in season; they may

have to grow their own in order to have them to eat.

Agent Huth and Professor John Tompkins of the New York State College of Agriculture point out some of the features of

the varieties of black and purple raspberries as well as the red.

Dundee, Bristol and New Logan are the principal black raspberry varieties in New York State. Dundee is best because

of its large attractive fruit that's easy to pick. Sodus is the best of several purple varieties; others are Marion and Columbian.

One of the most practical red raspberries is September. Taylor and Milton are best for freezing and Latham and Newburg are older but still popular varieties. Amber is a garden curiosity because of its yellow color; the fruit quality is only fair.

Raspberry planting is done in the fall or early spring. The raspberries can be in either of two systems. The hill system has plants in rows five feet apart with five feet between plants in the rows; cross cultivation is possible in this system.

The hedge row system lets plants grow together by leaving only 30 inches between plants; five or six feet are left between rows.

Pruning of the raspberry is done in March. The canes that bore fruit the previous year are cut.

"learn to play" tennis program of the Bethlehem Recreation Program which has attracted 185 boys and girls of the 5th, 6th, and 7th grades in the Town, was made possible by the active support of numerous tennis enthusiasts of the Community.

All men and women having an interest in tennis as players, or in youth programs, adult programs, or as general supporters of the game, are invited to attend the meeting.

## Water Show

The Bethlehem Central Senior High School Girl's Aquatic Club is presenting its annual water show, Mother Goose Afloat, on April 29 and 30. The show will be presented from 8 to 9 P. M. at the Senior High School Pool. There is no admission charge.

The program will include selections such as The Old Woman in the Shoe, Old King Cole, and Humpty Dumpty. They will also present two solos by alumni: Linda Lee and Elaine Bair.

## Tennis Assoc.

A meeting to form a Tennis Association in the Town of Bethlehem will be held on Wednesday evening, May 4, at 7:30 P. M. at the Senior High School cafeteria dining room in Delmar.

The purpose of the Association is to promote tennis to encompass all ranges of interest in the sport. The recently started

## Meeting

## Strawberries

The strawberry is the ideal

fruit for the home gardener because plants can be set one year and a nice crop harvested the following year.

According to Albany County Cooperative Extension agent Joseph Huth, there are 40 to 50 varieties available. Sparkle is considered the best strawberry

by home gardeners. Catskill's large fruit is good for shortcake. Midland and Empire are two more popular varieties.

The New York State Fruit Testing Association in Geneva, New York, has several strawberries considered to be improvements of the well-known varieties. Geneva is a new everbearer. Fortune is superior in size and flavor to Catskill. Fletcher is better than Sparkle for freezing.

Strawberries can be planted in either of two systems. In the hill system, rows are put 12 to 15 inches apart. Runners are cut off the mother plant and a large multiple crown is formed. Forty to 50 leaves are grown per mother plant; each mother plant produces one-half to one quart of fruit.

The most common and easy to care for system is the matted row. Plants are put two feet apart in rows; the rows are four feet apart. About 10 runner plants are allowed to root around the mother plant. The matted

row strawberry plant system sometimes becomes too crowded.

The best method of weed control is a sharp hoe. The hoe is faster than mixing and spreading a chemical weed killer; it also makes sure the weeds are out.

Strawberries should have some kind of mulch. The mulch protects against winter injury, keeps fruit clean in fall and spring, conserves moisture, keeps the ground cool, and ensures better summer growth.

Any good garden fertilizer will do for strawberries; there should be more emphasis on water and less on fertilizer. Use two or three pounds of fertilizer per 100 feet of plants. Throw on some lawn clippings or organic material and water sufficiently.

there are a few gaps where leaders are needed — especially at the Cadette level. Anyone interested in learning more about Girl Scout Leadership should call the Neighborhood Chairman.

...

Jr. Troop #322 is planning a hike and cookout for the completion of their Gypsy Badge. As individuals, the girls are busy finishing the requirements of the badges they have worked on this year in their own particular fields of interest.

## Speaker

Dr. Matthew H. Elbow, Professor of History at the State University of New York at Albany, will address the Bethlehem Central School elementary teachers on the subject "Tradition and Change in the Middle East." The meeting will be held at the Glenmont Elementary School on April 28 at 4 P. M.

Dr. Elbow has lectured and written extensively on the Middle East. He was Visiting Professor of History at Beirut College for Women, Beirut, Lebanon in 1962-63, and in 1963-64. He has taught at the State University of New York at Albany since 1947.

## Card Party

The "Tenth Anniversary" Card Party and Fashion Show sponsored by the Altar-Rosary-Society of St. Thomas' Church will be held on Friday, May 13, in the school auditorium.

Mrs. Arthur B. Ryer, President, has appointed Mrs. Kenneth C. Spooner as General Chairman with Mrs. Leo V. Feichtner and Mrs. Clayton Koonce as Co-Chairmen.

Ticket sales are under the direction of Mrs. Francis Hoff, Mrs. John W. Mantica, and Mrs. Arnold F. Mosmen. There will be door and table prizes.

## In Air Force

Charles Whiting, a graduate of B.C.H.S. has enlisted in the Air Force and is now stationed at Lackland Air Force Base, Texas.

## Campaign

Dr. Albert H. Harris of the State Health Department has been re-elected chairman of the board of the Capital District Chapter of the National Multiple Sclerosis Society.

He announced that the 1966 campaign will be held from Mother's Day, May 8th, to Father's Day, June 22, with Campaign Day on May 22. He pointed out that more than 500,000 persons now suffer from multiple sclerosis, a crippling disease of the central nervous system. The cure, cause and prevention of this "crippler of young adults" are still unknown, said Dr. Harris.

## New V.P.

Carole James, DECA Area 4 Vice-President, and a student at the Bethlehem Central High School, has begun her term of office by attending a recent workshop for State officers. The meeting was held at the Herricks High School and Mr. William Hailes, Jr., the State Advisor of DECA, met with the officers in their planning sessions.

Within her own area, Carole has begun work in earnest by publishing the first of a series of monthly newsletters. These newsletters contain news of the activities of the chapters within Area 4 and are distributed to the various chapters in an effort to stimulate activity and interest in DECA. Carole has been assisted with her undertaking by Robert Pierson, Coordinator of Distributive Education at Bethlehem Central.

## PreVue

On Sunday, May 1st, the final PreVue of the 1965-66 Albany Symphony Series will take place at 3 P. M. in the Fellowship House of the First Presbyterian Church, 362 State Street. Since Mr. Curtis is conducting his last concert with the Symphony on May 2nd, a special effort has been made to make the final PreVue an outstanding occasion.

With this in mind, the PreVue Committee obtained the services of John M. Hodgins, distinguished Canadian and British organist, at present in charge of music at St. Peter's Church. Mr. Hodgins will give a thorough analysis of the works to be played at the Monday night concert, Beethoven's Ninth Symphony and Bruckner's Te Deum.

## New Arrival

Mr. and Mrs. John E. Myilis of 16 St. Clair Dr., Delmar, announce the birth of a daughter, Colleen Ann, on April 14. Other children in the Nyilis family are John Francis, 4; Michael Joseph, 3; and Mary Therese, 2.

Mr. Nyilis is a teacher and coach at Bethlehem Central High School.

ciations possible. But it's America as a "nation to be discovered" that will have greater significance than ever during the 1966 vacation season.

With more than 90 million vehicles on the move, the "open road" of yesteryear is fast becoming a misnomer. But vacationers heeding President Johnson's admonition to "Discover America" still can derive full measure of motoring enjoyment by following these simple suggestions:

1. On cross-country excursions you'll get there faster and see more at the same time when you subscribe to the "turn back the clock" routine. It works like this: Instead of rising at 8, eating breakfast and hitting the road sometime after 9, get up at 6 for a change! Highways are relatively deserted between the hours of 6 and 8. Then, breakfast at 9. Getting in more miles in the early hours enables you to pull up for the day as early as 4 p.m. No

The minimum acceptable standards are these: take your family on at least a two-weeks winter vacation to Florida during the height of the tourist season; and take your family on at least a two-weeks summer vacation to Cape Cod. In taking these necessary vacations your family must live first class. Living first class does not mean the hot dog and hamburger routine. First class means filet mignon and prime ribs of beef.

For a family of four to travel to Florida, and to live in Florida first class for two weeks during the height of the winter tourist season conservatively costs \$70-\$80 per day, or a minimum of \$1,000.00.

29 foot Franklin Travel Trailer, only \$4,000.00. Franklin is a gold seal, luxury travel trailer. This 29 footer is ideally appointed for four and has all the modern conveniences. With this Franklin your family can travel to Florida; and live in Florida first class during the height of the winter tourist season for only \$10 per day. Your swimming dog will enjoy the Atlantic Ocean with you, and passing through Jacksonville your cat will be stretched out full length basking in the Florida sun. Take your dog and cat with you, you have plenty of room. And besides, do you think a can of dog food compensates your dog for watch-dog services rendered - what about the fringe benefits: we took "Hortense". With this 29 footer, you know you can afford to have your family spend the entire summer vacation on Cape Cod in luxurious first class living.

Let's get down to the unvarnished facts - and in your heart you know we're right. Your wife and children view with envy when the neighbors and their children leave for Florida for winter vacations. Your excuse is that you can't get away. The fact is you really can't afford to take your family on a Florida winter vacation - not at \$70-\$80 per day, it's too expensive for your pocketbook. But don't kid yourself with the rainbow and pot of gold routine that when you retire you and your wife are really going to start enjoying yourselves - that's bad for your mental health. Your heart balm then is medicare. When your children are young is the time for your wife and children to go places and do things together as a family. Your children will reflect that you never went anywhere and did anything as a family.

We are exclusive franchised dealers for Franklin and Avalon Travel Trailers and Pickup Campers.

# You Save Up to 20%

**NATIONALLY FEATURED MEN and YOUNG MEN'S** clothing as well as Kelly's own at savings of **UP TO 20%**. You gain the benefit of **KELLY'S FACTORY LOCATION . . .** it's as simple as that.

**TROY'S FACTORY  
FAMOUS STORE**  
621 River Street

Open daily including Saturday  
9 a.m.-5:30 p.m. Tuesday and  
Friday Eves. 'til 9 p.m.

nighttime pushing! Then a dip in the motel pool . . . a leisurely dinner . . . early to bed . . . and wake up refreshed in the best Ben Franklin tradition.

2. More about those travel games. To avoid mental fatigue while driving, try one of the old-time favorites: "Ghost" or "Twenty Questions" or that old standby to keep the children occupied—finding license plates from every state. With the inclusion of Alaska and Hawaii, this classic is good for at least an afternoon's diversion.

3. You can eliminate time-consuming stops by keeping the following items in the car: pencils, tissues, gum, candy, a disposal bag, and something cool to drink. Also handy: a damp cloth for sticky hands. (Just wrap it in foil to keep it moist.)

4. Don't rely on your sixth sense. Locating that hard-to-find spot unaided may be great for your ego, but devastating to your family's nerves. American Oil service stations featuring "As You Travel, Ask Us" service can supply you with road maps as well as local information on short cuts, road conditions, local interest points, and good places to eat and sleep.

5. One of the nicest ways to "get the feel" of a place is to stop at some of the roadside stands along the way. It's a good way to take a break, and chances are you'll bite into an apple the luscious likes of which you never tasted back home. Most of the people tending these stands are great expounders on Americana who love nothing more than an audience. When you get back home, you'll have more to tell the folks than just the places you saw!

It's a Hobby Hat . . .

**HOBBYIST** Sandy Freeman has hobbies on her mind—and on this one-of-a-kind Spring bonnet. Unique hat is trimmed with miniature models of planes, cars, trains and ships, as well as paintbrushes. It was specially made to signal the start of "April is Hobby Month," nation-wide promotion of model-building and handicrafts by the Hobby Industry Association of America.

## Boating Tips...

Pulling an outboard rig with the family automobile requires practice, not special knowledge, maintain the Mercury outboard boating experts. This is particularly true of backing your trailer. The prime rule to remember is that you must turn the wheel of the car to the left to make the trailer turn to the right, and vice versa. To develop skill in moving in reverse, set up some empty cardboard cartons on a vacant parking lot and practice backing your trailer between them. When towing your rig out on the highway, allow more time for braking, accelerate more slowly and swing wider on corners. Figure that you need twice as much space to pass another vehicle when you are pulling a trailer.

## YOUR HOME AND YOU

### Switching Over to Spring

For homemakers, Spring means more than just cleaning. It offers more excitement than that! This perennial season of rebirth can have application for the decor of your home too. With only a few simple touches you can give your surroundings new perspective.

#### Fine Tooth Comb Approach

Before you get to the part that's fun, give every room a thorough going over. Tackle closets with vigor. When you've thrown out everything you think you can spare, throw out a little more. Now you're ready to change shelving paper.

#### Light and Airy

When every room is sparkling, examine every detail with your most critical eye. Heavy window treatments must come down. In their place, hang something light and airy in feeling. Current favorites: colors and patterns complementing 17th and 18th century English furniture and Mediterranean interiors.

Both trends are given new importance in Spring draperies of

easy-care Eastman Estron acetate and Chromspun acetate.

While solid colors are popular (especially the pinks, golds and olives) there is growing interest in prints in classic traditional or tapestry patterns, documentaries, and above all, floral designs. A secondary trend in draperies is the sheer look. Handsome, versatile prints of Eastman Kodol polyester and cotton in florals, two-tone stripes and other stylized and geometric prints are designed to complement every decor.

### New Look

Giving your bedroom decor a new look is almost as easy as changing the bedspread. In fact, a new bedspread can bring freshness and sparkle to a room and set the scene for other changes.

One of the most charming new styles for Spring is a bedspread quilted with Kodol polyester fiber-fill with a matching canopy, tiered curtains and throw pillows. The canopy and bedspread are trimmed with ruffles of white eyelet embroidery, a delicate effect especially appealing to young girls.

### Recharge Instead of Refueling

A no-fuel, no-flame, no-flint, no-wick, windproof cigarette lighter is among the most novel items in a growing variety of rechargeable battery-powered consumer products.

Powered by a tiny nickel-cadmium battery, the lighter will light up to three packs of cigarettes before it needs recharging through its retractable prongs plugged into an ordinary outlet. The battery, which can be recharged thousands of times, heats the lighter's special platinum element to 1500 degrees.

Available in several colors and in a variety of models, the lighter is made by Gulton Industries, Inc., of Metuchen, New Jersey.

Rechargeable nickel-cadmium batteries are also used as a source of power for completely portable cordless electric shavers, toothbrushes, carving knives, manicure sets, food mixers, ice crushers, patio lamps, flashlights, clothes and shoe brushes, swizzle sticks, office machines, power tools, and even vacuum cleaners.
