Tickets to the concert may be purchased from Choral Society members, at the Blue Note and Van Curler music stores in Albany, and at the door the night of the concert. There will be free parking in the nearby state parking lot.

"A Day in the Country"

The Albany Area Wellesley Club's annual home tour has been planned this year to satisfy the nostalgic yearning for life in the country.

A wide range of country living — with barns, horses, breath-taking views — will be shown at homes on the tour — most of which are in the Slingerlands-New Scotland or Feura Bush areas.

The tour, with "A Day in the Country" as its theme, will take place May 7. Homes will be open from 1 to 5 P. M. A preview or unique decor, formal living, and the country atmosphere is given by the pictures on this page, taken at three of the homes to be shown.

One of the main attractions at the New Scotland Road home of Dr. and Mrs. Jesse Kaye will be the master bedroom.

The art display is a theater collection willed to Mrs. Kaye by the late Garrison Sherwood, who directed plays for her when she produced the Shelly Players.

Among the treasured photographs in the collection are those of Marlene Deitrich, John Barrymore, and the Prince of Wales. There are also autographed pictures of Rudolph Valentino, Lillian Russell and Anna May Wong and pictures of Blanche Yurka and Una Merkel, and other old-time silent-movies stars.

The home of Dr. and Mrs. Ray A. Elliott, Jr., is a house built for gracious country living. It is spacious, light and inviting with its lovely curved stairway and blend of old and new furnishings.

Upstairs there is a separate wing for children consisting of three bedrooms, a playroom and bath. A barn adjacent to the house contains the four riding horses kept by the Elliots.

The Slingerlands home of Dr. and Mrs. Irwin Conroe, "Edgewood," is highlighted later in the spring with Dr. Conroe's garden containing prize iris. A century-old dwelling, it was built by Col. Hendrick and owned by his daughter, Mrs. Charles Thaddeus Terry, until 1954.

Dr. and Mrs. Joseph T. Doyle will show their home on Font Grove Road, Slingerlands. Fine furniture and superb decorating by Mrs. Doyle have transformed this six-year-old house into a home in the finest Early American tradition.

Also in Slingerlands, "House on the Green," will be shown by Mr. and Mrs. Albert Hessberg, 2nd. It is set far back from

the roadway in the midst of a lovely lawn.

The piece-de-resistance there are original prints of Goold carriages in the dining room and in the family room a miniature of a Goold railroad car. The James Goold Company, carriagemakers, was founded in 1813 by Miss Hessberg's family. It built a carriage for Lafayette and cars for the DeWitt Clinton Railroad Engine.

Refreshments will be served at the Hessberg home from 1 to 5 P. M.

The newest and most contemporary in style of all the homes on the tour will be that of Mr. and Mrs. Albert S. Hartheimer in New Scotland. It was designed by its architect-owner and is geared to the young modern family.

Dr. and Mrs. Ewald Nyquist will show one of the oldest homes on the tour. Located on Rowe Road, Feura Bush, it was built in 1756. Tour-goers with country nostalgia will find a farm atmosphere here. Barns house Herefords, horses and Karakul sheep. Mrs. Nyquist uses the wool of the sheep in her weaving, and her weaving cottage will be open to visitors.

Wellesley club members will be hostesses at each of the homes.

At the Nyquists' will be Mrs. Cortlandt Van Rensselaer Schuyler, senior hostess, and the Mesdames Matthew Margolis, Julian Gibson, Philip Fogg and William Haddon. Mrs. A. Richard Goodman will be senior hostess at the Hartheimer home, aided by the Mesdames Roger C. Coryell, Harry G. McMahon, A Stanley Grover and John G. Gunnell.

The Kayes will have Mrs. Raymond Histour as senior hostess

Poppy Day

Wednesday, May 11th, is Poppy Day in Delmar and the bright scarlet flowers will be worn by countless patriotic citizens of the area as a tribute to our nation's defenders who have fallen in battle. Sponsored by the American Legion Auxiliary, the annual observance provides all America with a direct and sincere method of expressing their gratitude to our war dead.

Poppies will be distributed throught the area Wednesday by women of #1040 Unit of the American Legion Auxiliary, working as volunteers under the direction of Mrs. Given S. Hynds, Chairman of the Poppy Day activities of Blanchard #1040 Unit in the Delmar area.

"The memorial flowers to be offered to the public Wednesday are hand made by disabled veterans who are paid for their work by the Auxiliary. All other work done in connection with Poppy Day is on a volunteer basis," Mrs. Hynds pointed out.

The funds collected during the Poppy Day activity here pro-

vide the means of continuing the long-standing Rehabilitation Program for disabled veterans and aid to the widows and children of our war dead, the Auxiliary leader pointed out. Personal needs, equipment and articles not provided by hospitals to disabled veterans, and aid to needy families of veterans with special emphasis on the requirements of their children are supplied with the contributions made by the American public on Poppy Day.

"The people of Delmar have always opened their hearts to this worthwhile community activity and we are confident their dimes and dollars this year will insure a continuation of our assistance programs," Mrs. Hynds added.

A Giant In Selkirk?

More than 75 officials of the New York Central Railroad and the Pennsylvania Railroad have been hard at work for more than a year preparing plans to merge the two railroads and one result of their efforts is a set of engineering drawings for a giant new automated freight yard for Selkirk.

The Selkirk Yards will be the big gainer of the merger, which was approved recently by the Interstate Commerce Commission. The New York Central has stated in the past that almost \$20 million will be spent on the Selkirk Yards.

The decision will insure the installation of a new electronic freight car sorting system.

The merger plan is designed to handle the combined freight networks of the two railroads.

The new electronic system would replace the manual sorting system currently in use at Selkirk. Some 2,300 freight cars pass through the yards on an average day at present.

Substantial tax benefits will accrue to the Town of Bethlehem and to the Ravena-Coeymans-Selkirk Central Schools with the construction of area facilities.

Mr. and Mrs. Lawrence McArthur of 17 Burhans Place in Elsmere are really doing some traveling this year. Mr. McArthur is in Denver, Colorado, for most of this week, as a member of a board of examiners for the Air Force Reserve.

Both Mr. and Mrs. McArthur will spend the first week in June in Puerto Rico, where Mr. McArthur will be attending an Eastern Regional Conference of the Public Personnel Association. He is employed as assistant director of classification and compensation for the Department of Civil Service here in Albany.

Mr. McArthur is a past president of the Association, and he and Mrs. McArthur have been to past conferences in Puerto Rico. "For me, it's just a nice vacation," she told me last week.

Then in August, Mr. and Mrs. McArthur and their two sons, Larry and Paul, will take a trip to Quito, Ecuador, where they will stay with the family of Dr. and Mrs. Celso Vasconez. Although the parents of both families have never met, they have carried on a lively correspondence since Larry McArthur spent a summer with the Vasconez family four years ago, as a foreign exchange student.

sonal invitation the following summer, and one of the Vasconze daughters was the guest of the McArthur's here in Delmar for a few months and attended classes at Bethlehem Central.

Dr. Vasconez is a lawyer and the family speaks only Spanish, so Mr. and Mrs. McArthur have been attending weekly classes and practicing their Spanish faithfully, in preparation for the August visit. "We feel very close to the family, and expect to have a wonderful time," Mrs. McArthur said.

The trip will also mark a sort of final "family fling" for the McArthurs, because son Larry will be graduating from Dartmouth College next year and then will enter the Navy for four years. Paul is a student at Bowdoin College in Maine.

...

A couple who are neighbors of the McArthurs, Mr. and Mrs. William Washburn of 8 Burhans Place in Elsmere, returned home early last month after spending six weeks at Clearwater Beach, Florida. Mr. Washburn is a retired employee of the Schenectady Army Depot, and he and his wife have been spending winter vacations in Florida since 1952.

One of the highlights of their stay there this year was a visit with Mr. and Mrs. Charles Brate, who lived in Delmar for many years and now reside in Clearwater.

Cook Book

Did you ever want to eat cookin' "Just like Moms? Here's your chance! The New Salem Volunteer Fire Department Auxiliary (we're Moms) have finally done it: Put together in one cook book all their favorite delicacies. Our cook books are expected from the printer around May 1st (if we can get the printer out of his kitchen). Your neighbor won't mind if you borrow her copy, but if you would like a cook book of your own, (for only \$1.00), call Betty Hamilton at HE 9-5445 now and reserve your copy.

Vegetable Gardening

Many people are now planning and getting a start on their vegetable gardens. We don't always have a big choice of where to put a vegetable garden, but fortunately a garden will grow wherever weeds will grow. If possible, avoid steep slopes, stoney soil and areas that are low and wet. A loamy soil is best, but heavier or sandier soils may be used. The heavy clays and the sandy soils can both be improved by adding organic matter such as farm manure, compost, peat moss, etc.

Sunlight is needed by all plants, and most vegetables need a minimum of 5-6 hours of full sunlight in the middle of the day. If there is a choice, put the root crops, tomatoes, corn, potatoes, cucumbers, and melons in as full sunlight as possible. Broccoli, snap beans, cabbage and the leafy crop can tolerate some shade.

Before you dig your garden, it is advisable to have your soil tested for lime needs. Many soils in Albany County are naturally too acid for most vegetables. However, the only way to determine whether or not you need to add lime and how much lime is needed is to have your soil tested. This can be done in a few minutes at the Extension office or at most garden centers. If you do need lime, apply half

of it before you spade the garden and rake the remaining half in after spading.

A complete fertilizer is needed annually in most gardens. Two or three pounds of a 10-10-10, 12-12-12 or similar fertilizer for each 100 square feet of garden should be enough. Most of this can be applied in a trench three inches to the side of the row and at least 2 inches below the seeds or plants. This puts a supply of nutrients close to the young plant. If you use manure, use one bushel of manure for each 50-75 square feet of garden and spread one pound of super-phosphate over the same area. This much manure will replace the commercial fertilizer.

Paper Plans

Even the most experienced gardeners find that it is worth while to plan their garden on paper. This can eliminate mistakes like over planting one crop and then finding yourself without space for another crop. When you plan your garden, keep these points in mind:

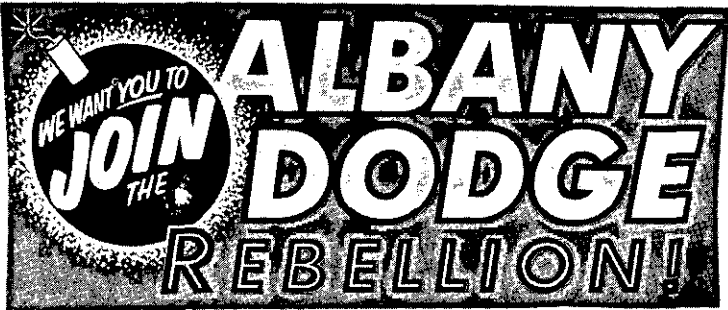

- 1. Group plants according to size to prevent shading.

- 2. Garden rows may be either east and west, or north and south. However if they are east and west, plant the tall growing crops on the north to prevent shading.
- 3. If the garden is on a hillside, run the rows across the slope to prevent erosion.
- 4. Remove refuse of early crops and replant with other crops that will mature by the end of the season. For example leaf lettuce can follow beets, fall spinach can follow peas and the late broccoli can follow early cabbage. A second application of fertilizer will be needed if you "double crop."

Mrs. William D. Bennett, historian for the Town of Bethlehem, will speak on "The History and Background of the Town of Bethlehem" at the spring luncheon of the Bethlehem Garden Club, Albany County Extension Service.

Mrs. Emil F. Klusmann has made arrangements for the luncheon at The Catalpa House in Rensselaerville, on Wednesday, May 11, at 12 o'clock.

Members and guests are asked to contact Mrs. H. Gordon Miller for reservations.

Outdoor Living And Boat Show

An innovation in family entertainment will be offered Capital District residents May 14th and 15th when the Saratoga Jaycees present their first Outdoor Living and Boat Show at

Kaydeross Park on Saratoga Lake.

The show will feature the largest gathering of outdoor recreation equipment ever assembled in this area plus a full range of entertainment attractions. Recreation and outdoor living equipment, shown by exhibitors from Albany to Glens Falls, will run the gamut from backyard barbecues and garden tractors to swimming pools and boats, including a yacht. Exhibitors are being encouraged to demonstrate their equipment because for the first time they will not be restricted by being indoors.

For instance boat dealers, may, if they desire, offer prospective clients a boat ride since their boats will be in the water. Lawnmowers will be started up and show visitors will be given a chance to tryout the equipment before they buy it. Show Chairman Howard Krieger claims the concept of the show is unique

A special feature in the lake-front area will be two 80-foot-long docks designed to aid boat dealer displays. All types of boats from sail to power will be shown. The docks will permit dealers to offer demonstration rides to prospective clients.

Another waterfront attraction will be a continuous water ski show that will run both days of the show. Among the skiers will be two national water skiing champions.

The show will have something "fishy" too. To satisfy the angling urge of show patrons arrangements have been made to provide a trout fishing pond where everyone has a chance to catch a trout. For the women, a Fashion Show from New York will be on hand, courtesy of E. D. Starbuck Department Store, Saratoga Springs, to present fashion shows each day featuring the very latest in summer fash-

ions.

Archers from the Round Lake Archers Club will demonstrate their abilities with bow and arrow and even promise to shoot an apple off of someone's head, William Tell style. They will also allow visitors to try their hand with the bow and arrow.

The entire midway of the Keydeross Amusement Park will be open offering rides to the young and young-at-heart.

Another highlight of the show will be the awarding of five battery-powered Sony portable television sets late Sunday afternoon.

The show will be open at 10:00 A. M. each day and run until 8:00 P. M. or whenever the last spectator leaves.

A rain date is set for the following weekend.

This floral salute, announced by Frederick W. Stolz, bank president, was officially opened by 1965 Tulip Queen Bonnie Mason of Delmar and Hon. Erastus Corning, II, Mayor of Albany.

Bring your camera along and stop in often to enjoy this "Salute to the Albany Tulip Festival" at the bank's downtown office, 100 State Street, Albany, weekdays from 9:00 A. M. to 3:00 P. M. and, additionally, Thursdays until 8:00 P. M. through May 13. A colorful welcome awaits you.

Library Notes

Dreams do come true. For some time Mrs. Barbara Rau, head librarian at the Delmar Public Library, has recognized the need for an outdoor bulletin board on the Library property. Several years ago the Brahms Choral Society donated a sum

of money to be set aside for this project. Later on the Newcomers Club, under the leadership of Mrs. Robert Johnson, also gave a substantial gift for the same purpose. And through the years various artists who have exhibited in the Community Room have asked what they might do as a "thank you." Mrs. Clover Mikol, supervisor of such affairs, suggested the bulletin board fund. So it has grown bit by bit. Finally last spring a second hand book sale at the Library was successful enough to make the dream of reality.

The board is already in place for its unveiling in the near future. It is so placed that one display side faces Hawthorne Avenue, the other, Adams St.

For those in the know, the board is constructed of anodized aluminum with two glass faces. Each side is divided into two sections. One will list Library hours and regularly scheduled events. The other will be devoted to mentioning special features such as art exhibits, hobby shows, book talks, meetings concerned not only with Library activities but those held by the many organizations in the area

Yearbook Forum

On Thursday, May 5, Hugh Brown, and six students from Bethlehem Central Senior High School attended the Albany Yearbook Forum sponsored by

Albany Business College. The meeting was held at Chancellors Hall from 9-3 o'clock, with W. L. Van Nuis as chairman.

Following the greeting by Prentiss Carnell, III, Treasurer of Albany Business College, and Dr. James E. Allen, Jr., New York State Commissioner of Education, the groups discussed various problems of yearbook planning. Specific topics that were discussed were: Planning the Story of the Year; Yearbook Planning and Theme Development; Writing Good Copy and Headlines; Layout, Photography and Artwork; Covers and End Sheets; Financing the Yearbook;

and How the Yearbook is Printed and Bound.

At noon the advisors and speakers were guests of the Albany Yearbook Forum at a special luncheon at the Canary Room of the DeWitt Clinton Hotel. Students enjoyed lunch at the Capitol Cafeteria and visited the special yearbook display.

Bethlehem students who attended were: Brues Alexander, Donna Benedict, Alison Guyer, Nancy Hall, Marcia McCormick and Carol Tibbitts. These students have recently been appointed to next year's "Oriole" staff, and Mr. Brown will assist as the Business Manager advisor of the staff.

ers participated in the Business Contests held at the Ravena-Coeymans-Selkirk Central High School on Tuesday evening, May 3.

Mrs. Gladys Hosey, Chairman of the Business Department, served as a judge of the Public Speaking Contest, while Mrs. Margaret H. Westervelt, Business Teacher, prepared the copy for the Beginning and Advanced Typing Production Contests.

The contests were under the direction of Mr. William Gearhardt and his staff at RCS. Following the contest period, the contestants and guests were served dinner in the high school dining room. The visitors were greeted by Dr. Virgil Tompkins, Supervising Principal, and the awards were made by John Whitcraft of the State Education Department.

and what we will do to help

We're deeply concerned that some people are receiving malicious or obscene phone calls.

The majority of such harassing calls are made by misguided people. The best way to stop them is simply to hang up. But if the calls persist, please follow these suggestions:

- If the caller uses obscenity or doesn't properly identify himself or says nothing, hang up. Don't keep on talking. That's what he wants.
- Call your Telephone Business Office if you are harassed again.

HERE'S HOW WE WILL HELP:

- Our Business Office personnel throughout the state are specially trained to assist you.
- In difficult cases, our Annoyance Call Bureau will work closely with you and police officials to catch offenders.
- This special action group can arrange to:
 - Trace such calls.
 - Intercept calls to a harassed customer.
 - Interview the customer from whose phone the calls were made.
 - Terminate service of the telephone from which calls originated.

We believe this campaign will assure continuing progress toward the elimination of annoyance calls.

The New York Penal Law makes it a misdemeanor to use the telephone to make obscene remarks to a woman or child, or to threaten to commit a crime against any person. The penalty can be imprisonment for one year and a \$500 fine.

Movies

The last in the series of monthly children's film programs is scheduled for Saturday, May 7, at the Delmar Public Library.

Two films in color will be shown. "Palle Alone in the World" is a fantasy about a boy who discovers one morning that everyone in town has disappeared, and he is free to do as he pleases. The second film, The Smile, shows a Burmese boy torn between curiosity and his duty to his master. Both are exciting stories of children in conflict.

There will be two showings: the first at 10:00 and the second at 11:30 in the Community Room of the Delmar Library.

Summer Swim Program

The Board of Education and the Town Board of Bethlehem jointly sponsor a summer swimming program at the Bethlehem Central Junior and Senior High School pools. This very successful cooperative venture is now entering its 12th year. Over the years, hundreds of youngsters have learned to swim, improve strokes and pass life-saving courses as well as to enjoy the benefits of summer-long recreational swimming under the supervision of fully qualified water safety instructors.

Participating groups include the concert band, concert choir, dance band, Choraliers, Swing choir, Barbershop quartet, and string ensemble. The choral groups will be directed by Mrs. Magdalene York; the bands will be under Mr. Samuel Bozzella's direction.

The concert choir will open the program; among their selections is the piece, "The Last Words of David," Stravinsky's "The Symphony of Psalms" and the familiar "Crucifix in B Minor" by J. S. Bach will be part of the Choraliers' repertoire. The con-

cert band will play the "English Folk Song Suite" by Vaughn. Williams; "Prelude and Fugue in D Minor" by Bach; and some light compositions.

An outstanding feature of the string ensemble's performance will be the use of a harpsichord built by Mrs. York to accompany the presentation of Renaissance and Baroque music by Bach and

Purcell.

The Brocton, N. Y. Central High School Band under the direction of Mr. John Quartraro, will accompany Richard Gibbs in the von Weber clarinet concerto. This band will appear in joint concert with the Bethlehem Central band.

TIRE SAFETY TALK!

No one tire fits all "safety needs", not all drivers do the same type of driving; not all drivers require the same type or grade of tire to insure adequate safety. There is a definite quality and price tire to fit your needs.

Determining which tire is a safe tire for you, is not a hit or miss proposition. We at Weinberg feel that our know how and experience can help you determine which tire will best fit your needs.

Most drivers want safety when they buy a tire. Unfortunately, not all drivers wind up with the tire that fits their needs best.

When you next think of buying tires — consult us — and get assured that your safety will be our first concern.

Once again — do not allow price to be the determining factor when buying a tire. Your tire needs may be less expensive than you think. We can supply you with more than adequate "tire safety" — but we have to discuss it with you personally.

Stop in at our tire safety center and be convinced that our experience can not only save you money — but can also assure you of many safe driving miles.
