Pictured above is the window of The Carriage Stop, 339 Delaware Ave., Delmar, a G.E. Appliance store owned and operated by Main Bros Oil Co., Inc. The two gentlemen seated in the surrey are Chet Hawley, President of Main Bros., and Charlie Sanders, owner of the surrey. The Carriage Stop is commencing its third year of serving the Tri-Village community. In an effort to continue presenting tasteful displays on Delaware Avenue, Chet Hawley contacted Charlie Sanders who loaned his 100 year old surrey with the fringe on the top to Main Bros. for their display.

New Exhibit

Paintings in the Community Room of the Delmar Public Library are bringing forth much favorable comment from those who have seen them. The artist, Mrs. Lena C. Hartt of Albany, has loaned some of her works to the Library for the month of September.

Mrs. Hartt has had no formal training other than a few art lessons taken from a mail-order school specializing in commercial art. This was many years ago and was interrupted by the arrival of her first baby.

She has spent most of her life in the Delmar area and the lovely oils of scenes from other locales and countries have been either purely imaginative or inspired by a black and white newspaper or magazine clipping.

Mrs. Hartt has painted from an inner need to express herself. Most of her works now on exhibit are landscapes or still lifes. However, she is showing two portraits. One, of her mother, is charming. The other of a young girl developed from "a desire to see if I could make flesh tones look real-alive."

Oils predominate although her pastels and crayons are noteworthy. "House by the Side of the Road," a crayon, was completed in less than half an hour yet indicates a surety of technique.

"Old Hassbrooke House," an oil on glass, is particularly interesting as the colors are pure and the artist must paint backward, putting in detail first.

All in all, this is a delightful show painted by a descendant of one of the oldest families in the area — the Crounse family.

Graduate

Miss Karla Rappe, President of the Senior Class of the Memorial School of Nursing, was among twenty-four students who graduated in ceremonies which took place at the Philip Livingston Junior High School Auditorium on Friday, September 9.

Karla Rappe

Ceremonies were presided over by Mr. Norton McKean, President of the Board of Trustees. Greetings were given by Mr. Lynnard W. Herrington, Executive Director of the Hospital, Mr. Truman D. Cameron, Chairman of the Nursing School Committee of the Board of Trustees awarded the diplomas. The graduates were addressed by Dr. William H. Conklin, Attending Physician in the Department of Medicine at Memorial.

Announcing National Commercial's unique BANCARDCHEK®

It's unbounceable!

That's right. Your National Commercial Bancardchek won't bounce because we won't let it, even if you don't have enough in your checking account to cover it. Here's how it works:

☐ Now, as an added feature of a National Commercial checking account, you may obtain an automatic credit reserve of \$500 or more. You will receive \$500 in Bancardcheks (each worth up to \$25, \$50, or \$100), and an identification card for check-cashing convenience.

☐ BANCARDCHEKS are acceptable from coast to coast because they're guaranteed by National Commercial. Use them at home or away . . . and especially where you're not known and might have difficulty cashing your own personal checks; use them as an emergency reserve; use them for large purchases.

☐ YOUR BANCARDCHEK IDENTIFICATION CARD assures whoever accepts your Bancardcheks that we'll honor them. If you overdraw your account, we will automatically make your checks good by transferring funds in multiples of \$100 from your credit reserve, and treat this money as a loan which you can repay in convenient monthly instalments.

☐ For full details and an application form for National Commercial's unique, new Bancardchek service, come in, telephone, or mail the coupon.

Chapter of the American Red Cross and Consultant in First Aid and Water Safety for the Combined Service Territory of American Red Cross Chapters, has been appointed by the National Headquarters as a member of a five-man committee for Revision of the American National Red Cross Lifesaving textbook.

The Albany Area Chapter, which has been a leader in the Eastern Area in the teaching of Lifesaving and Water Safety for a number of years, will also do some experimental work with new techniques in swimming and diving as well as Lifesaving during the winter program which is soon to be initiated throughout

the Chapter.

According to an announcement from the National Headquarters, the new textbook in Lifesaving will be available for next summer's program.

The American Red Cross Lifesaving program dates back to 1914 and since that time more than 25 million certificates have been issued for the completion of swimming and lifesaving course.

In spite of the organization's unremitting effort to "Water-proof" America for half a century, drowning ranks fourth among the causes of fatal accidents, especially among children.
