## Association Formed

At a recent meeting a group of Tri-Village artists and interested people decided to form a community-wide organization in order to promote and direct an interest in art in this area. Membership is open to the public, including students of high school and college age.

The Bethlehem Art Association is envisioned as a focal point for all kinds of art activities and as providing opportunity for contacts among artists and between artists and public.

Immediate plans call for monthly meetings with programs of general interest and for the sponsoring of a series of professional level exhibitions and an open group show. It is hoped that this organization will also provide the impetus for the forming of special classes, working groups, museum tours, a rental collection and whatever else the needs and interests of the community may suggest.

Residents interested in joining the BAA are invited to attend the first public meeting in the Community Room of the National Commercial Bank on Oct. 27 at 8 P.M.

Filling out the accompanying questionnaire would be most helpful to us in determining the specific interests of prospective members. Questionnaires and dues (\$3.00 per person) may be brought to the meeting, or, if you are unable to attend, sent with a check made out to: Margaret G. Foster, 67 Roweland Avenue, Delmar, N. Y.

## Meeting

The monthly meeting of the Women's Auxiliary of the Elsmere Fire Department will be held Thursday, October 13, at 8:00 P.M. at the Fire House.

### To The Spotlight:

In answer to the letter published in The Spotlight, Oct. 6, 1966, relative to alleged discrepancies in the posting of gasoline prices by service station operators in Delmar.

When the sales tax first went into effect, The N.Y.S. Tax Commission gave permission to the oil companies to include the sales tax in the pump prices, provided the posted price designated, "Plus Sales Tax." This concession was granted to help reduce the excessive amount of book-keeping in computing the sales tax on each sale.

I do not believe there is any retail merchant who includes the sales tax in the advertised prices of his merchandise, but, he does add it to the advertised price at the time of sale.

I feel that one could make better use of his "talents," rather than using them to down grade reputable business men, who give so many free services to the motoring public.

P.S. We have a beautiful main street in Delmar, and I do feel it should not be referred to as "Gasoline Alley."

## Rummage Sale

The Glenmont PTA will start the year's fund raising activities with a Rummage Sale on Friday, October 14, from 9 to 5 in the Glenmont Elementary School gymnasium.

This has become a favorite event because of the large selection of good children's clothes and "white elephants" donated. Coffee will again be served from 9 to 12.

Profits from the sale will be added to the Scholarship Fund and left-over items will be given to charitable organizations.

## On Trip

Carole James, Area IV Vice-President of the Distributive Education Clubs of America and a senior at Bethlehem Central Senior High School, has just returned from a two-day trip

## Don't Burn the Leaves!

The Town will pick them up again this Fall.

It's you!

Think about it. It makes sense.

All of us from the President on down work for you.

Frankly, where would we be without you  
and the many people like you?

We know. We'd still be in that little store on Vesey Street  
where we started more than 100 years ago.

That's why you're important. That's why we care so much  
about how we serve you.

about being fair, honest and dependable.

"The 13 Propositions - What Do They Mean?" will be discussed so that members can vote intelligently next month.

## Election

Mrs. Robert Raymond, President of the Planned Parenthood Association of Albany, announces the following newly elected officers for the year 1966-1967: First Vice-President, Mrs. Robert Thomas, Delmar; Second Vice-President, Mrs. Richardson Rich, Loudonville; Recording Secretary, Mrs. Nahum Lewis, Loudonville; Corresponding Secretary, Mrs. William Marden, Slingerlands; and Treasurer, Mrs. Robert O'Connor, Loudonville.

## Fall Meeting

The Women's Classical Union of Albany (R.C.A.), will have its Fall Conference on Thursday, October 20, at the Knox Re-

formed Church in the Village of Knox.

It will be an all day meeting, the morning session starting at 10:30 A.M. Everyone is requested to bring a sack luncheon; beverage will be furnished by the Host Church. The afternoon session will start at 1:30 P.M.

The speakers will be Mrs. Benjamin DeVries, who will represent the World Mission and will bring a message about the work in India. She and her husband went out to India in 1929, and were located at the Katpadi Farm & Industrial Institute. They are now retired and live in Pella, Iowa.

The other speaker will be the Rev. Christian Walvoord, with whom most are familiar, having spoken to the Classis before. He is prominent in many areas of the Reformed Church Work, and will represent the Board of Education. He was formerly pastor of the Hudson Reformed Church, Hudson, N.Y.

## Operation "Shop Early"

"Operation Shop Early," a project of the Albany Area Chapter, American Red Cross, to supply a Christmas remembrance to one thousand servicemen in Viet Nam is seeking assistance in order to meet its mid-October deadline. At this time a thousand "Ditty Bags" are being sent by volunteers throughout the area, but there is still a shortage of the essential items with which to fill them.

Church groups, schools and civic organizations have been collecting items such as ball-point pens, foot powder, playing cards, combs and other useful gifts for the servicemen. But because of the increased number of gift bags to be shipped from the Albany area this year, many other donations are needed.

Collection containers will be placed at the National Commercial Bank, Delmar, and the National Commercial Bank, Elsmere, on October 13, 14, 17, and 18.

Church groups who have volunteered to complete the job of producing the bags are the women of St. Paul's Episcopal

## Stop Fires

"Stop fires and save lives that was the theme of this year's National Fire Prevention Week, which ran from October 9 to 15, Richard S. Swantek, manager of the Eastern New York Adequate Wiring Bureau, told a meeting last week.

Mr. Swantek also told his audience that every year in the United States approximately

\$1,750,000 goes up in smoke as the results of fire losses. The number of fires each year in the United States is over 139,000.

"This week, National Fire Prevention Week," Swantek continued, "is the time to do something about preventing a fire in your home. One way to prevent fire is to be sure your home is adequately wired.

"Almost 60 per cent of home fires start in the living room or kitchen, the rooms where the most electrical appliances are in daily use. Today, the average homeowner has available over 175 different electrical appliances. And", said Swantek, "unless your home's wiring system provides enough housepower to operate the many appliances in your home without overburdening the system, you're asking for trouble.

"Sometimes it takes five people to replace one." That is the predicament faced by the Motor Service of the Albany Area Chapter, American Red Cross, according to Mrs. W. Gordon Jardine, Motor Unit Chairman. Among the many hard working volunteer drivers in the Albany Chapter's transportation facility, two outstanding men are moving to other areas. Each of them has been working as a volunteer on a daily basis, eight hours a day. Most Chapter volunteers are able to give perhaps one day a week, some less. "Therefore, to replace the two departing workers, we will need the equivalent of ten new volunteers," Mrs. Jardine said.  
One of the men Mrs. Jardine referred to is Frederick Hunt, 117 So. Lake Avenue, Albany, retired from the Morgan Linen Company due to poor health. Mr. Hunt has driven approximately 160 missions each month for quite some time. He is leaving soon for Tampa, Florida, in order

to take advantage of the climate. There, he has stated, he will seek another volunteer position with Red Cross. "I am grateful for the help I received from Red Cross workers when I was in the Army in Hawaii," he said. "Now, I feel that I can do a little bit to help other people. Besides, this is a fine way for a retired person to make new friends."

Another outstanding volunteer in Albany Red Cross Motor Service was Specialist Edward Long, son of Mrs. Antonia J. Long, 445 Washington Avenue, Albany. Specialist Long, a veteran of the Vietnam combat, had been re-assigned to Europe. There, he volunteered for further duty in Vietnam. Given a leave at home before shipping over again, he spent every day of his leave from 8 o'clock in the morning until 5:00 in the evening, driving the Handicapped children and adults of Albany to hospitals, clinics, and classes. He left for Vietnam on September 27.

"This service could not be provided without the financial aid of the Community Chest-Red Cross Joint Appeal Campaign and men like this who are the backbone of Red Cross Service," said Mrs. Jardine. "We certainly don't expect all of our volunteers to devote so much time to this important work. Two or three hours a day can be as great a contribution for a busy person. We do hope that those who can spare a little time will contact us to help fill the vacancies left by these outstanding volunteers."

## MEMORIAL TO PIONEER GEOGEOLOGISTS

By Allison P. Bennett  
 Bethlehem Town Historian  
 Citizens of the Town of Bethlehem have been making history since Colonial Days, but some more recent history came to my attention a few weeks ago after an interview with a charming lady, Mrs. Chris A. Hartnagel who lives out on New Scotland Road in Slingerlands and has been one of our Bethlehem residents for many years. Her husband, now deceased, was our State Geologist, and the

object of our story was accomplished with his assistance and inspiration.

The particular piece of history we mention is not located in the Town of Bethlehem, but several Bethlehem residents were responsible for the project and carried out the planning and work. Back in 1933 the members of Tawasentha Chapter, Daughters of the American Revolution, Slingerlands, believed that a suitable marker should be placed in the Helderberg area to honor the pioneer geologists who came there from many parts of the world for study and research. The Helderberg area is one of the world's richest grounds for fossil hunters and the many exposed layers of rock and its remarkable geological formations tell the earth's story to the knowledgeable. Researches began here in the early nineteenth century because of the easily recognized arrangement of the rock formations, traceable in chronological sequence and characterized by different species of fossils.

Consequently, Mrs. Hartnagel, Regent of Tawasentha Chapter in 1933 and Chairman of the project, with a fine committee to assist her, had designed and dedicated a beautiful bronze plaque which is in place today on the Helderberg Escarpment for all to see. The State of New York was very interested in this project and helped finance it with State Aid. The plaque is located in John Boyd Thacher Park, on the face of the rock beside the summit of the old Indian Ladder Road, near the entrance to the Indian Ladder Trail. The names of the early geologists who came to the Helderbergs to study are inscribed and some of the more familiar names to the layman are: Amos Eaton who was first President of RPI in 1824, James D. Dana, well-known geological explorer and Louis Agassiz, famed Harvard professor. The

border of the plaque is wrought with eighteen fossils modelled in relief and these fossils typify those in the formations of the successive geologic ages exposed on the Helderberg cliffs and arranged in approximately chronological order as one reads from the bottom up. The artist who designed the memorial was Henry J. Albright of Glenmont, an internationally known sculptor and painter. Other prominent people who participated in the dedication of the marker were former State Historian Dr. Alexander C. Flick, whose son now resides in Slingerlands, and Dr. Winifred Goldring, at that time Asst. State Paleontologist, who also resides in Slingerlands.

It is interesting to note that a very special Dedication Program was held on Sunday afternoon, November 5, 1933 at the New Salem Reformed Church,

at which time the plaque was formally dedicated. After the ceremony the entire group went to the Park for the unveiling of the Memorial with Senator Frank L. Wiswall accepting the plaque for the people of New York and the John Boyd Thacher Park.

The ancient Helderbergs or "Clear Mountains" as they were called by our early Dutch settlers are at the back door of the Town of Bethlehem and throw a sheltering arm over us to protect our Town from some of the worst of nature's snows and violent storms.

The next time you are at Thacher Park, take the time to walk the old Indian Trail and stop and study the lovely memorial tablet put up to honor scholars and scientists by the public spirited women of one of the many community organizations of our Town of Bethlehem.
