Harris, president of The Citadel, upon his receiving the coveted designation as a Distinguished Military Student. Rummage Sale

The Albany Academy for Girls will hold a Rummage Sale on Friday, October 28, from 9:30 a.m. to 5 p.m. at the school on Academy Road in Albany.

Proceeds will be given to the school.

UNICEF

Monday, October 31, Halloween, has been selected as the day for the annual collection for the United Nations International Children's Emergency Fund (UNICEF), in the Tri-Village area. Our town over the last several years has responded most generously to this humanitarian cause. Last year 391 children and youth collected \$1,034.88 for UNICEF. Every penny contributed will give a hungry child five cups of milk, or provide the vaccine to protect a youngster from tuberculosis. Expenses of the drive are paid for by our churches so every dollar contributed is a dollar helping children in over 100 countries.

The Rev. William G. Vigne has announced details of the drive:

Children's Division: Children in Grades 1 thru 6 are asked to pick up official UNICEF Boxes after school on Monday at First Methodist Church (428 Kenwood Ave.) St. Stephen's Episcopal Church (corner Poplar Dr. and Elsmere Ave.) Slingerlands Community Church or Glenmont Reformed Church. Children will return at 7 P.M. with their collections to the center where they received their boxes and be served cider and donuts. We point out to all residents that they may be solicited by more than one child during the early evening hours. This cannot be avoided because children come from neighborhoods and are not assigned specific areas as are

the youth who travel at night into definite areas to visit those who may be working.

Youth Division: At 6:30 p.m. all Junior and Senior High School youth are urged to meet at the Reformed Church, 386 Delaware Ave., to receive their assignments to specific areas. They will travel in groups of four or five to visit homes — only one person should call at your home during the period from 6:45 to 8:45 P.M. The young people will return their boxes to the Reformed Church by 9 P.M. and have refreshments. Parents (or other adults) who can drive a group are urged to come at 6:30 P.M. also. The participation by our high school young people is extremely important and we ask each youth to consider this invitation to collect for UNICEF seriously. The Rev. Howard Van Egmond is director of the youth division.

In Slingerlands, the UNICEF children's program after school is under the direction of Mrs. John Pendleton, Mrs. Arthur Davies and Mrs. Howard Morgan. The youth division at 6:30 P.M. is supervised by Mr. and Mrs. Donald Smith.

In Glenmont, The Rev. David Boyce is in charge of the program.

Any person interested in helping the drive is invited to phone Mr. Vigne at 439-9976. If no one comes to your house for your gift on Monday before 8:30 P.M.,

World Community Day November 4

The Tri-Village Council of United Church Women is inviting all the women of the Tri-Village area to come to celebrate World Community Day Friday, November 4, at the Bethlehem Lutheran Church on Elm Ave. The observance will begin with a coffee hour at 9:30. Mrs. Robert Millsbaugh of the Lutheran Church is chairman of hospitality; she will be assisted by Mrs. James Michaels and Mrs. David Chambers.

The program beginning at 10 a.m., will be presented by the women of the Presbyterian Church with Mrs. J. Wesley Thurlow, Jr. acting as chairman. Mrs. George Phelps will install the officers for the coming year. Mrs. Richardson Rice of Loudonville, who has lived in Egypt for many years, will be the speaker; the title of her talk will be "No Room On The Nile;" a film will be shown in conjunction with it.

The offering will be used to help build a women's training center in New Guinea and to promote a family planning project in India.

Guests are also asked to bring either prepared personal hygiene kits or the materials to make them; such as a yard of cotton material, a cake of soap in a plastic soap dish, a tooth brush in a holder, a tube of tooth paste, a comb, a file, a face cloth, a small hand towel, a plastic drinking cup. Other articles which may be donated are additional cotton piece goods, yarns, clean blankets and towels.

Nursery care will be provided.

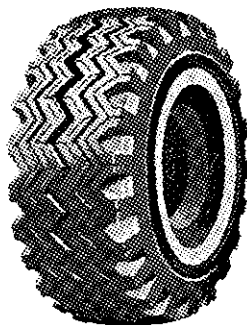

please phone HE 9-9929 and a special caller will visit you for a donation.

A TRIBUTE

Since the Spotlight almost never publishes critiques or reviews of things past, let's call this a tribute to today's Dean of American music, Fred Waring.

In a recent concert at R-C-S Junior-Senior High School, the

Fred Waring

Pennsylvanians played to a packed gymnasium and displayed

all of the talent, virtuosity, and finesse for which they have been famous for more than a quarter of a century. No matter whether it was a Bach Fugue or the one rock-'n'-roll number, a Latin rhythm or the sinuous beat of the beguine, it was performed masterfully.

Mr. Waring was celebrating his 50th year in show business - and the experience gained during the half-century was evident.

The audience paid this great man homage with a standing ovation at the concert's conclusion - and well they might because they had been treated to one of those rare musical evenings that happens too infrequently.

Only one jarring note marred an otherwise perfect evening: the concrete-walled gymnasium was hardly the place to hold the concert; the acoustics and echos did nothing but distort the sound and concrete blocks and heater pipes are hardly a beautiful backdrop.

Referendum

Mrs. Robert S. Herman, President of the Albany County League of Women Voters, announced today that the League favors the plan for a County Board of Supervisors because the proposed plan more nearly realizes the concept of 1 man, 1 vote.

The referendum, which will appear on a paper ballot separate from the candidates and issues on the voting machines, will be worded as follows: "Shall the proposed reapportionment plan for the County of Albany establishing thirty-nine (39) legislative districts of substantially equal population, the representatives of which shall comprise the County Legislature in the place and stead of the Board of Supervisors, be approved?"

At present, the supervisors represent very inequitable population groups. For example, in 1960 Rensselaerville had 1,232 people compared to Colonie's 52,760 residents, yet each had one supervisor serving on the County Board of Supervisors.

The proposed plan creates election areas which range from 6,848 people in the city's wards to 7,355 in the Guilderland district. After careful study of the

proposal, the League of Women Voters has found it to be a more equitable form of districting than the present Board of Supervisors.

A graduate of Norwich University, Mr. Anderson is associated with the W. G. Fraser General Agency, Albany. He is a member of the Albany Junior Chamber of Commerce.

SINGING CHERUBS NEEDED!

Children between the ages of 7 and 12 are urgently requested to attend the first of a series of rehearsals for the White Christmas Festival. A very special program for the performance to be held on December 11, 15, and 16, is being planned which depends on this singing group.

Joseph Gerber will meet the children at the Delmar Reformed Church, 386 Delaware Avenue, on Saturday, November 5 at 10 a.m. The rehearsal is scheduled that day, and each Saturday until the 10th of December, from 10 to 11 a.m.

Adult supervision will be provided for the rehearsals. All children in this age bracket — grades 2 through 6 — are urged to meet with Mr. Gerber on the 5th of November and to take part in this exciting, special part of the program celebrating the 25th Anniversary of the Town of Bethlehem's White Christmas.

we opened 3,927 new accounts with initial deposits totaling \$1,848,697.40.

When these accounts, and their initial deposits are included with those brought forward, and their balances (as adjusted) we now have on deposit at our Colonie Office \$4,396,535.53 in 4,858 accounts.

To have built up such a position in a little over a year's time is an accomplishment of the first order. The figures indicate many things but above all an acceptance of our bank in a way that perhaps we have never known before.

We owe our new position to those who helped us achieve it, especially those who worked on our new building. They, as we now know, gave us more than just another banking office. To me they gave us a lovely structure both inside and out that truly reflects our name - HOME. It stands there proudly for all depositors to use, or anyone else, just as our other two offices but it is new and attractive and at the moment the apple of our eye.

I wish our new Colonie Office well and its depositors who have given us such an exciting opening, and all our depositors, old and new, who make our bank what it is. Without them we have nothing but with them, we have, I like to feel, the finest Savings Bank anywhere.

down the front of the dress for an exotic Mandarin effect; Jeweled cuffs in the same braid complete the Oriental princess look. Yet the dress, McCall's Pattern #8509, is a "Quickie" that doesn't demand a wealth of time or money to make.

If you prefer, you can omit the beading and substitute satin bands at neckline, sleeves and hem. Or, make a perfectly simple round-necked dress in a perfectly fabulous brocade.

These are just a few of the looks lighting up the current night scene. When the evening's getting a glow on, many girls will appear in jewel-belted overblouse dresses . . . shirtwaist shifts ablaze with brilliant prints . . . or tent dresses swinging out to a giant circle of satin at the hem.

Add luster to all these fashions with the right accessories: big bold earrings halfway to the shoulder, T-strapped dancing slippers in shimmery silver and gold, or in pastels to match your dress.

Then there's only one bit of glitter left to add: the gleam in your escort's eye!

DON'T BE AN 'IF ONLY' DRIVER THIS WEEKEND

Want to bet that you won't be involved in a traffic accident?

If so, get good odds, even if you have a perfect driving record, because the experts say chances are 50-50 that you or some member of your family will be involved in a highway mishap before your driving days are through.

How can you use new safety findings to protect yourself and other motorists from becoming "if only" drivers? Driving experts from SAAB, the Swedish safety-engineered car, suggest a five point program.

(1) *Be alert to psychological as well as physical causes of accidents.* Impatience with the slowpoke and righteous anger at the road hog . . . failure to realize the potential seriousness of "little" accidents . . . assuming that an experienced driver "automatically" does the right things in emergencies—these are some of the most common and deadly psy-

chological driving hazards.

(2) *Seek wide-open spaces.* The old rule of one car length for every 10 miles of speed is all right on city streets and ordinary roads—but stretch it on modern speed highways, where rear-end collisions are a common hazard. On slippery pavements, stretch it even more.

(3) *See your way clear to safe driving.* Have your vision checked once every two years—once a year if you're over 40. Even with normal or corrected vision, you can perceive an unexpected obstacle only half as fast as something you expect to see. And the faster you drive at night, studies show, the less far ahead you can see. Slow down!

(4) *Use a seat belt.* They're standard equipment on most new cars. Some, such as SAAB, feature seat belts and shoulder harnesses. Other important safety features to look for on a new car includes front wheel drive, dual braking system, a pop-out windshield, and extra strong body construction.

(5) *Drive as carefully on short trips as on long ones.* And fasten your seat belt even if you're going around the corner. Two-thirds of fatal accidents occur within 25 miles of the victim's home.

Preparing for Winter

Since this will be the last Extension Gardener article until next spring, it seems appropriate to discuss "Preparing for Winter." Probably one of the least desirable garden chores is the garden clean-up. However, a good job now can reduce next year's insects and diseases.

Once cold weather has killed annual plants, such as petunias and marigolds, these should be removed, roots and all. If there is evidence of insects or diseases on the plants, they should be buried or burned. If not, use

these plants for composting. Vegetable plants can be removed and destroyed, composted or buried in the garden. They should not be left on the surface since many insects and diseases can live over the winter in this debris. Corn borers, leaf hoppers and most plant diseases are examples of pests that over winter on plant parts.

Perennial flower gardens need a clean up also. The tops of these non-woody plants should be cut off at or below the soil surface. As with the annuals, plants that are infected with insects or diseases should be destroyed, healthy plants may be composted.

After removing the plants, rake the soil surface to remove all traces of garden debris.

If you mulch your garden to protect perennials and newly planted materials, wait until the ground is frozen before applying the mulch. Not only is this best for the plants, but it also reduces the change of insects spending the winter in the mulch.

Don't forget that evergreens, especially broadleaved and newly planted evergreens usually need protection from the sun and wind. The location of your evergreen planting may give adequate protection; if not, burlap, lath or other types of screens can be used for this. If posts or stakes will be required to hold the screening, get them in the ground before it freezes.

For better gardening next season, prepare your garden for this coming winter.

CAREFREE LIVING

Arizona, with its magnificent ranges and deserts, incredible sunsets and unusual vegetation, is fast becoming an "in" vacation spot. Among the landmarks in the area are old stagecoach trails, restored ghost towns, Indian reservations and rugged terrain. If it's your first trip to Arizona, you'll probably want centrally located headquarters such as the Carefree Inn at Carefree, Arizona, with mountains, desert and historic sites easily accessible.

Cone durable press corduroy of Kodol and cotton. Practical Pondersosa shirt and slack jeans (upper left) by Mr. Wrangler are for riding the range or going to college. Made of Eastman Kodol poly-
