

"They're Off!" at Saratoga Tonight

When the familiar call, "Here They Come!" echoes across Saratoga Raceway for the first time tonight the harness horses will be moving into position behind a new starting gate, another of Saratoga's innovations for 1967.

Latest in starting gates for harness racing, the new Saratoga gate is a 1967 Buick Electra with a Giese Gate, purchased at a cost of \$12,000. The new gate has a 430 Wildcat motor with twin turbines and is more powerful and has quicker pickup than the former gate, which is being retained as a reserve.

the controls as the official starter, with Steve Izzo in the driver's seat.

The starting gate now being used at Saratoga is the latest of the invention that revolutionized the sport of harness racing when it was perfected and fully introduced in 1946. Prior to that the starting of harness races was a long and often tedious task, per-

ses and clever drivers to turn and pass a starting point in even alignment. The system was imperfect at best and recalls were frequent.

The introduction of the mobile starting gate brought precision starts, permitted precise scheduling and opened the way for the return of the sport's color and excitement.

"Happy Time"

The Slingerlands Community Players will present "The Happy Time," a comedy by Samuel Taylor, as its final production of the 1966-1967 season. The play will be given at Bethlehem Central High School on Friday and Saturday evenings, April 21 and 22, at 8:30 P.M.

The Dramatists Play Service describes The Happy Time as a "Comedy of Love in Three Acts." This it surely is. Love abounds in the wacky, heartwarming French-Canadian family. The Bonnards of Ottawa.

The Happy Time is primarily the story of Bibi, a 12 year old boy, living in Ottawa in the 1920's and rapidly approaching "La Puberte." He is aided, abetted, frustrated and confused in this process, by the rest of the Bonnard clan . . . Papa, the "Crazy musician", Uncle Louis, who consumes a goodly quota of the white wine inventory of Canada (from a portable water-cooler, yet!) Uncle Desmonde, the Canadian Casanova and traveling salesman par excellence and Gran'pere Bonnard, whose l'affaire d'amour with the Widow LaTouche is an example of the irrespressible optimism of this Gallic group of zanies. And then there is Maman, Bibi's Scotch-Presbyterian mother, who vainly strives to maintain a degree of sanity amid her French-Canadian family's natural and uninhibited dedication to "Joie de Vivre." Harlan Wilber, director, says of The Happy Time, "with all its humor, and there is humor aplenty, The Happy Time is a comedy of love and 'love is truth.' The inherent honesty of this play is guaranteed to leave you with a warm feeling of satisfaction, a refreshed and, perhaps, rejuvenated outlook on the larger 'Human Comedy' which we all live."

The Happy Time cast includes

Ginny Sabin, who has worked many hours backstage for the Players, will have her first speaking role as Louis' cadging wife, Felice. Two more new faces to Slingerlands round out the cast. LETTER

Dear Sir:

As a dog owner I am willing to agree that the Dog ordinance was bound to come. With dogs, it is the same as people, the innocent must suffer for the guilty. So many of us who do have well-behaved animals found ourselves this morning of April 3rd rigging up a line so our pooch could at least get out into the wonderful Spring air for a little while. Not being used to such treatment, he will probably, after a short while, begin to bark. Even a baby, outside but confined to a play-pen, will become dissatisfied and begin to cry. When this begins (with dog, thank goodness, not yet, the baby) - immediately HAUL your poor dog in, before your neighbor's nerves are injured.

Now, in my case, with my immediate neighbors there are SIX CATS (in 3 houses) and these cats can roam, night and day, dig in everyone's garden (watch out if you want to plant anything) howl and fight all night long; kill the birds which you used to "lure" with your bird-feeders (but have discontinued as you wish no part in their plight); catch field-mice and lay them at your door-step! I could probably mention other delightful things that cats do - but won't.

Many people, because of the

New Title

John A. Swanson of 59 Marlboro Road, Delmar, has a new title: Interim regional federal highway administrator.

The change became effective

JOHN A SWANSON

when the U.S. Bureau of Public Roads, a unit of the Commerce Department, switched to the brand-new Department of Transportation recently.

Regional engineers like Mr. Swanson in the Bureau of Public Roads received the new titles, with expanded duties attached. Informed sources predicted that Mr. Swanson will, at a future time, receive permanent appointment to the post.

When the bureau, with headquarters at 4 Normanskill Boulevard, Delmar, changed its big blue sign to read "Federal Highway Administration," it continued to serve the New England states, New Jersey, New York and the Commonwealth of Puerto Rico.

Expanded responsibilities will deal with federal aid highway programs of the bureau, federal assistance for state and community safety programs under the National Highway Safety Bureau and motor carriers safety programs formerly administered by the Interstate Commerce Commission.

Mr. Swanson, a native of Minnesota and a graduate of the University of Minnesota, joined the Minnesota Highway Department in 1931. He transferred to the Bureau of Public Roads in 1935, and in 1947 was sent on a special assignment to Manila in the Philippines.

In 1950 he was hired as a United Nations consultant to develop and prepare a highway devel-

opment plan for nations of South-east Asia and a highway plan for Thailand specifically.

He was appointed division engineer for Massachusetts in 1955, and two years later was promoted to his current post.

That same year, he received the Department of Commerce Silver Medal Award, the second highest departmental award, based on contributions of unusual value.

this year's contest from Bethlehem. Ravena's "Six-foot Four" will be new entrants, as well as the "Pleasant Tones" from Mt. Pleasant High School in Schenectady.

The judging categories are Balance and Blend, Harmony Accuracy, Stage Presence, Voice Ex-

pression, and Arrangement. The type of arrangement used for the competition will be four part harmony a capella with the melody line in the second tenor.

This program, originally scheduled for March, was cancelled because of unexpected illness. It will be open to the public.

Many women are actively engaged in the vast project undertaken each year by the Altar-Rosary Society of St. Thomas' Parish to make their annual Card Party and Fashion Show a gala event. This year the party will be held on April 28 at 8:00 p. m. in the school with the "Rhymes in Rhythm" theme coordinated throughout from stage setting to classroom motif. A few Committee Chairmen with their interested Pastor, Monsignor Raymond F. Rooney, are left to right: Mrs. Colin Bursey, Mrs. Henry Klett, Hospitality; and Mrs. Carroll Kendrick, Country Store. Workshop

The Helderberg Workshop has begun its yearly evaluation and planning sessions. Any mother in the area who is interested in contributing her ideas or learning more about the volunteer program of the workshop is urged to attend. For further information regarding the Wednesday morning meetings, please call Virginia Bailey at 439-9276.

Meeting

"Wigs" from the House of Lambert Beauty Salon will be presented at the Monday, April 17, meeting of the Kenaware Park Home Demonstration Unit.

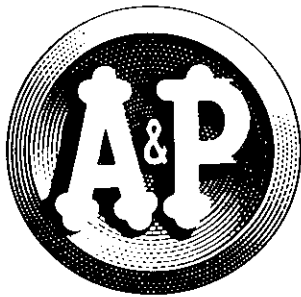

In addition, there will be a discussion of the reorganization of the members into a group independent of the Cooperative Extension Service, which is discontinuing its organization of units. This meeting is particularly important in planning the future of the group for next year.

Mrs. James Simeck is arranging for special refreshments. The group meets at Bethlehem Senior High School at 8 p.m.

"When May I?"

"Please, when may I sign out my books?" That is a question frequently asked by very small persons at the Delmar Public Library. The answer is always, patient and next spring at the end of your first year your whole class will visit the Library. You will receive your blue card and from then on you may pick out your books and sign them out all by yourself. You will have a lovely time as Mrs. Ann Parrott, children's librarian, will tell you a bit about using the library, taking care of books and will even take you on a tour of the library. She is a wonderful spinner of tales and to add to the fun, she will tell you a special story."

First grade teachers in the Bethlehem School District are now receiving invitations to take

what is the definition of a private brand?

To some people, it is a retailer's own brand created with selling price first in importance and quality second.

To us at A&P, it's the opposite.

Quality comes first.

Value...the best for the least is the rule for our private brands.

If this wasn't true, how foolish we'd be to invest, as we have, literally millions of dollars in processing plants and testing laboratories.

If all we wanted were products we could sell cheaply without quality control, anybody could produce them for us.

The idea of quality private brands isn't new at A&P. As a matter of fact, it's one of our oldest policies—and by golly, we're proud of it.

Are A&P Private Brands a good reason for shopping A&P? They're one of many.

Junior Troop #322 of Slingerlands is working on Songster, Drawing and Painting Badges. They learned two Scotch songs and dances for the International Happening on March 17. Betsy Kelley and Jamie Hornberger were the Juliette Representatives and Nancy Mulleneaux and Allison Voorhees participated in the flag ceremony. The Troop plans to go troop camping at Is-Sho-Da on the weekend of June 9 and 10 under the leadership of Mrs. Harold Howes, Mrs. Henry Voorhees and Miss Lynn Morgan.

The five troops of the Slingerlands area held their third annual banquet for mothers and daughters recently at the Slingerlands school. Each troop made table decorations and provided entertainment. The following troops participated: Brownie Troops #199 and #297, Junior Troops #181, #322 and #122. Mrs. Elwood Davies and Mrs. John Hornberger were the co-chairmen for the Mother-Daughter Banquet.

Junior Troop #304, under the leadership of Mrs. Lee Maiden and Mrs. T.C. Carlson, drove out Route #156 to Knox and hiked to Mr. Gibbs' Sugar Bush, where they picnicked and watched the operation of Sugar Bush.

The annual Hudson Valley Girl Scout Council dinner will be held on April 19 at 7:00 P.M. at the State Office Campus. The speaker will be Dr. Carol Fischer, a noted anthropologist on the staff of Syracuse University.

Mrs. William Kinnard, Chairman of Neighborhood #6, and Mrs. Charles Bridges, Chairman of Neighborhood #2, held meetings on April 3 and 4, respectively, with their Girl Scout Leaders and Registered Adults. Thomas Wolfe said:

"There is no spectacle on earth more appealing than that of a woman in the act of cooking dinner for someone she loves."

Isn't it the truth! And if Tom Wolfe (who had an eye for beauty) had seen our showrooms, he would have added "... in a Maysfair kitchen." Because your Maysfair kitchen will express your own joy in living ... your personality ... your pride in your lovely home ... and your love for your family. It won't be just a place to prepare food. It will be as beautiful as any room in your home.

Let us create for you an individual kitchen, unlike anyone else's, designed for you alone by a Maysfair decorator. Don't be afraid it'll cost a mint. We work within any realistic budget. Come in and see.

New Funeral Home Here

The Bethlehem Board of Appeals has approved a mortuary in Delmar after holding a public hearing on a Delmar apartment building and a Glenmont cemetery extension.

A dentist, Dr. S. Benjamin Myers, request for a special exception for the mortuary his son will operate was granted with the stipulation 30 parking places be provided. The property at 741 Delaware Avenue has a residence which will be converted into a two-chapel funeral home and residence.

The board ruled that testimony showed a need for additional funeral facilities and public convenience and welfare would be served. Adjacent property is owned by the person from

whom the dentist has his option.

The site must be developed by July 1, 1968.

A woman who lives up the street and a town board member objected to the Village Drive apartment building being proposed for 578 Delaware Avenue in Delmar.

Bill Cade, the developer, told the board the town needed additional apartments, cited full occupancy in his present buildings and a waiting list. The building would have four units.

Mrs. F. Joseph Guidara of 578 Delaware Avenue protested that the town had enough apartments. In a letter to the board, Thomas Corrigan, town board member, objected to the apartment contending it would decrease the value of the adjacent property in which his father lives.

Mr. Cade withdrew his petition for another apartment on

Delaware Avenue because of an improper address. It was listed at 572 Delaware Avenue instead of the 574 or 576 it should be, he told the board.

No one objected to the extension of the Our Lady of Christians cemetery extension in Glenmont. The Rev. John W. Keefe said the expansion of about 25 per cent was needed "for the future." The expansion would involve about five acres.

Mr. and Mrs. John Crawford of 2 Coventry Road, Glenmont, received a special permit for a dog kennel. The board stipulated it was valid for the couples present three dogs. By ordinance definition three or more dogs constitutes a kennel.

Testimony showed the couple had the dogs when they moved in their home in the Colonial Acres Subdivision and the dogs did not create a nuisance to neighbors.

The board agreed with William Languish of Route 9W, Glenmont, that he had a unique case and a hardship would be imposed if he had to move a garage to conform with sideyard requirements. Mr. Languish was unaware of the rezoning of land that included his property when he built a garage with a sideyard of eight instead of the required 25 feet, testimony stated. The garage was built on a concrete slab, making it difficult to move, the board noted in granting the variation.

NEW EXPERIMENTAL CAR HAS ELEVATOR SEATS — Chevrolet's newest idea car — Astro I — is being introduced at the International Automobile Show in New York City this year. Termed a "new look in passenger packaging" by General Manager E. M. Estes, the aerodynamic two-passenger coupe measures only 35.5 inches high (bottom picture) when closed. However, it has an electric swing-back roof and rear section that combines with power elevation seats that allow passengers to step upright into the car. Here, (top picture) Lynn Ross shows the closing sequence of the Astro I. Crimson-flame in color with a black interior, the rear engine powered show car has a variety of special styling, safety and engineering features. It is slightly longer and wider than a Corvette but 30 per cent lower.

\$1,639 is the suggested retail price at the port of entry for a Volkswagen sedan.

YOU'VE COME TO THE RIGHT AD

That's how little we charge for a Volkswagen. Of course, you don't get certain things with it. Like a drive shaft. (The engine's in the rear.) Or a radiator. (It's air-cooled.)

Also, because a VW gets about 29 MPG., you don't get a whopping bill at the end of every month. Come in and take a look. We think you'll like what you see. And also what you don't see.
