## Hon. John P. Lomenzo to speak at "Armed Services Day"

The Honorable John P. Lomenzo, Secretary of State, will be the guest speaker at "Armed Services Day" in Bethlehem Lutheran Church, Delmar, Sunday, May 21, at 11:00 A.M.

The purpose of the Service is to give public recognition to the men and women of the Community who are in the Armed Forces of our Nation. Special prayers will be offered for those who are presently in Vietnam. A portion of the Service will be a Memorial to the men who have sacrificed their lives in this present conflict.

John P. Lomenzo is a native and lifelong resident of Rochester, N.Y. He received his Law Degree from the University of Fordham, and since has pursued a distinguished career in law, first as a practicing attorney and subsequently as a member of the bench.

He established a notable reputation as a trial attorney for 15 years in the City of Rochester. In 1961 he was appointed by Governor Rockefeller as Chief

Judge of the Monroe County Court. He resigned from the bench to accept Gov. Rockefeller's appointment as Secretary of State in 1963.

A colorful and dynamic public speaker, he is in wide demand throughout the State and outside of New York State for appearances before a broad variety of organizations.

Secretary Lomenzo is an outstanding civic leader and has received numerous awards and citations of merit, particularly in connection with his interest on behalf of young people. Throughout his career, the Secretary has been identified with numerous activities relating to youth. His work for retarded children, the Boy Scouts, and the young groups of his Church are well known.

His army record was an outstanding one. He served in the Judge Advocate General's Department and received a citation in recognition of his service to his country. Thus he knows and continues to show his concern for the men in our fighting forces.

He is a member of Our Lady of Lourdes Church of Rochester. He is also a member of the Salvation Army Advisory Board and a Director of the Council of Social agencies. In 1965 the honorary degree of Doctor of Laws was conferred upon Secretary Lomenzo by Union College, Schenectady.

He is the father of five children.

## A "Wiffenpoof"

John R. (Rick) Manning, son of Mr. and Mrs. Albert A. Manning of Slingerlands, was recently elected a member of the 1968 Wiffenpoofs, Yale University's famous informal singing group. Following a tradition which dates back to 1909, the 14 seniors who

Rick Manning constitute the current Wiffenpoofs elected Manning and 13 other members of the Junior class as their successors.

The most recent live Albany appearance of the "Whiffs" was in December, 1966, in conjunction with a concert the Yale Glee Club, and a tape which they had made for television was broadcast by Channel 17 about a month ago.

In addition to performing at Glee Club concerts, the Wiffenpoofs make many appearances both on and off the Yale campus. For many years they have performed for two weeks each spring at the famous Castle Harbour Hotel in Bermuda. Audiences have heard the Whiffs in person in Europe, South America, Canada, Haiti and Havana; at College Proms and Carnegie Hall. Performances by the Wiffenpoofs have also been broadcast over national radio and television networks.

methodically kept things in order through the winter, and it is probably just the cleanly-washed look the outdoors is displaying, she has this urge.

The Delmar Public Library is no exception as the pages, regular and extra staff members can testify. During the spring break all shelves were thoroughly "read" and for a few moments at least our house was in order. But like the housewife surveying her finished product the library glow glimmered but briefly. The library, like a home, is meant to be used. Naturally, things will not remain just so for long. But, oh, if you could have only seen it for the short time when everything was in place and the exhausted workers stood back with the knowledge of a job well done.

**Flower Show**

The Garden Group of the Delmar Progress Club will sponsor a community Flower Show from 3:30 p.m. to 9:00 p.m. Friday, May 19, and from 10:00 a.m. to 5:00 p.m. Saturday, May 20, in the Delmar Public Library. Admission will be free.

General theme for the show is "All the World's a Stage" - Shakespeare in Fact and Fancy. Some of the names for the arrangement classes are "Romeo and Juliet," "Much Ado About Nothing," "Taming of the Shrew," "As You Like it," "Winter's Tale," and "Merry Wives of Windsor."

The show also includes a Junior Division; Horticulture Division; and non-competitive division displaying plants grown at the Veterans Administration Hospital, Albany, under the direction of the Delmar Progress Club Garden Therapy Program, and Shakespearean exhibits by students of Bethlehem Central High School, and weed control exhibit.

Mrs. Frederick D. Baker is general chairman.

# Open House

SAT. & SUN. (Mother's Day), May 13 & 14

FEURA BUSH ROAD (ROUTE 32), GLENMONT, NEW YORK - PHONE 439-1835

Dear Home Gardener:

We're planning on doing things differently this year. Instead of telling you about a couple of dozen "specials" for our Open House, we thought we'd take this space to tell you what you'll find here and why we think it will be worth your while to visit with us and see for yourself that we are prepared and able to help you with everything from planting a simple petunia to planning a full-scale landscaping project.

When the GARDEN SHOPPE opened in 1963, we set a goal of providing this area with the finest quality nursery stock available. We have never lost sight of this aim. Your constant demand for wider variety has led to our stocking practically every plant that will grow in this climate.

In order to compete with others, we have stocked plants of all sizes to give you the widest price range of any place around. We stock the many sizes in order to give you this wide, wide price range and yet not sacrifice the quality.

The trucks delivering to us represent growers with sterling reputations for the finest - operated by men who take pride in selling only the best to us so that we can pass this high quality on to you.

In addition to the growing things, we stock **everything** to make them grow; everything from the finest fertilizer to the **best** de-weeder known to science. And again, we have such a wide variety of package sizes and formulas that you'll find that we can fit any budget.

You'll find that we can help you with your patio and yard, too, from CHAR BROILS to decorative urns and patio block - everything to make your outdoor living more fun and pleasure this year.

But don't take our word for it. Come and visit with our nursery and landscaping specialists on Saturday and Sunday, May 13 and 14.

And don't buy ANYTHING . . . until you've talked with us and you are convinced that we have the highest quality - at the price you want to pay.

Be SURE to see . . .

**Clump Birch** - same brilliant white smooth bark and delicate green foliage as other birches but grows in a spreading cluster to 35 feet.

**Ground Covers** - Pacysandra, Vinca, Hahn's Ivy and Batic Ivy.

**Other Flowering Trees** - Flowering Crabapple, Dogwood, Mountain Ash.

**ANNUALS for seasonal color** - we suggest any of these: Petunias, Alyssium, Marigold, etc.

at Expo 67. On the return trip on Saturday, a tour of Fort William Henry has been scheduled.

Over the past few months the children have planned the program with their teacher. Selected areas of science, conservation, social studies, community living, and recreation, which the children have read, discussed and studied, will be enriched by actual contact with these learnings while living in this unique situation.

Food preparation, dining room duties, kitchen duties, lodge cleanliness, and other less exciting tasks have been assigned and

will be performed by the children.

This experiment in learning while living together in an entirely different environment will conclude on the children's arrival back at the Delmar Elementary School at 5:00 P.M. Saturday, May 20.

**Red Water?!**

The Mohawk and Hudson Rivers will be turned a temporary red by teams of hydrologists from the U.S. Geological Survey, Department of the Interior. These water specialists will measure the time of travel of water as it flows point to point within the rivers. A harmless red fluorescent dye will be released to the rivers at several places near Rome on the Mohawk and Corinth on the Hudson. The dye will be injected beginning on May 8 and at intervals throughout the summer.

## French Out!

Bethlehem Central School District's French program in the elementary grades will be cut back in September. French no longer will be offered to fifth graders.

The major reasons for the elimination of fifth grade French were scheduling difficulties in the elementary school curriculum; plans for moving the sixth grade to an intermediate "middle" school; and some economic considerations.

Dr. Harold Bookbinder, director of curriculum, stressed that the change was not the result of ineffective teaching or lack of achievement on the part of pupils.

At a board of education meeting this spring, several board members had asked for evaluation of the French program, which has been operating about six years.

Dr. Bookbinder said offering the French in sixth grade would put it at the beginning of a school segment rather than at the tail end.

Under the present program all fifth and sixth graders take French unless they are the few needing remedial work in other subjects.

In the seventh grade the pupils face three alternatives: They can continue French I, completing it

All the travelers checks  
you want  
—up to \$5,000 worth—  
for a fee of just \$2<sup>00</sup>.  
during May only.

Read how you can save up to \$48 by buying First National Travelers Checks now for your summer vacation or business trips.

Because we want you to discover the advantages of First National City Travelers Checks, we're offering you the opportunity — during the month of May — to buy up to \$5000 worth for a fee of only two dollars.

The normal fee for travelers checks is a penny per dollar. That is, \$1 for every \$100, \$2 for \$200, \$20 for \$2000, and so forth. If you bought \$5000 worth, it would cost you \$50.

Now, during this offer, that same \$5000 worth will cost you only \$2, plus the face value of the checks. So you save \$48 (for less than \$200 worth, of course, the fee is less than \$2).

### Welcomed everywhere

First National City Bank has been in the travelers check business for 63 years. The checks are known and accepted in more than a million places throughout the world — airlines, car rental agencies, steamship lines, hotels, motels, restaurants, stores, etc.

### Fast refund in case of loss

The greatest advantage of First National City Travelers Checks is that you get your money back promptly if they're lost or stolen. There is a security network of 25,000 banking offices around the world where you can get lost checks refunded fast. On the spot.

How do you find the nearest refund offices? In the Continental U.S., call Western Union Operator 25.

Abroad, every principle hotel has a list of the nearest offices.

No wonder they are called The Maximum Security travelers check.

### Buy now, travel later

Even if you're not planning a trip before May 31, you can buy your travelers checks now — at a saving — and use them later. Many people, in fact, keep some travelers checks on hand as insurance against the day when they may need cash in an emergency.

by the end of eighth grade so they can begin French II in ninth grade. This allows the possibility of three years of French in high school for the equivalency of a fifth-year French course.

The second alternative would be for them to continue conversational French through seventh and eighth grade. At the ninth grade level, they could take French I, drop French, or take another foreign language.

A pupil who elects not to take French in seventh grade could begin French anew at the ninth-grade level or stop his foreign language program completely. About one-third of the pupils decide on each alternative.

Letters have been sent to parents of fourth graders to explain the changes in the program.

The fifth grade French teacher will be transferred to high school French classes.

Recruiting French teachers for Bethlehem's program never has been a problem, according to school officials.

ROBERT R. HENION III will be graduated June 1 from the Albany College of Pharmacy with a bachelor of science degree in Medical Technology. He is on the Dean's list for his senior year. A 1963 graduate of BCHS, Bob is the son of Mr. and Mrs. Robert R. Henion Jr. of 13 Snowden Avenue, Deimar.

## Spruce Tree Problems

Each summer many people notice reddish-brown, cone-like growths on the twigs of their spruce trees. These growths are caused by a spruce gall aphid.

Unfortunately, by the time the galls are noticed it is usually too late to do anything about the pest. Now is the time to prevent the aphid from causing these growths.

Two different aphids cause galls on spruces. However, the development of each is similar and can be considered as a single life cycle. Each spring the female aphids lay masses of eggs under a waxy protective cover. As the eggs hatch, the young larva start feeding on the bases of newly developing needles. As the feeding continues, the abnormal growth enlarges and encloses the aphid. In mid-summer the gall splits and dries and the mature aphids emerge. These aphids develop wings and fly to other branches and lay eggs. These eggs hatch into immature females that spend the winter on the trees and next spring mature and start the cycle again.

**Controlling the Aphid**

For small trees good control can be obtained by picking and destroying the galls in June before they have released the aphids.

At this time the galls will be green. Picking the brown, dry galls in late summer will not help since the aphids have already emerged.

Spraying this time of year will prevent the adult female from laying the eggs. Effective spray materials are Carbaryl (Sevin), Malathion and Lindane. Follow the directions on the label to determine the amount of spray to use per gallon of water.
