NEW ROAD IN SLINGERLANDS — The dotted line represents the proposed relocation of Kenwood Avenue in Slingerlands, Town of Bethlehem, by the State Transportation Department. Designed to ease traffic conditions in the congested area, the new road would also provide an outlet for Slingerlands to the Slingerlands Bypass when the latter highway is extended west. The first phase of the project would allow motorists to cross between the Kenwood Avenue and New Scotland Road without having to encounter the existing, hazardous intersection. It would also eliminate the necessity to use an obsolete bridge on Bridge Street, said Frank J. Fuller, District 1 engineer.

Auction-Bazaar

Preparations for the Auction-Bazaar at the Voorheesville Methodist Church on October 7 are nearing completion.

The annual event will start at 10 A.M. with the opening of the booths. Visitors will find used clothing for young and old in excellent condition and at attractive prices, gifts and novelties for Christmas and all other occasions, both common and unusual plants, together with a large variety of hand sewn items. To tempt the palate there will be all kinds of delicious home baked pies, cakes, bread and specialty items, while the candy booth will feature old fashioned penny candy along with a large selection of home made items. Used toys, large and small, will arouse the interest of the youngsters much as the white elephants will interest the adults. The book fancier will enjoy browsing through the hundreds of titles available and everyone will want to bring home some of the fresh produce and canned goods found in Granny's Cellar.

Those who enjoy a good old-fashioned auction will want to be on hand at 11 A.M. when auctioneer Jim Dunn raises the gavel over a large inventory of antiques and household goods. Included will be a spinning wheel, lamps, furniture, dishes, and dozens of other items.

Younger folks will enjoy riding on ponies or in a pony cart, while a fish pond and other games will keep them occupied throughout the day.

Visitors need not worry about lunch or an afternoon snack, since refreshments will be on sale all day. Everyone should plan to say for the family style roast beef supper which has become the specialty of the women of the church. Servings will start at 4:30

Smorgasbord

The annual Swedish Smorgasbord of the Clarksville Community Church is set for Saturday, October 7. Members of the Couples' Club are preparing to spread the board with a variety of foods ranging from a jumbo shrimp cocktail to risqrynsgrot (rice pudding).

The menu features appetizers of shrimp cocktail, fruit juices and chicken noodle soup. Going to the board will permit diners to select Swedish meatballs, roast beef, ham, turkey, macaroni salad, potato salad, baked beans, deviled eggs, cabbage kraut, varieties of breads, fish, cheese, pickles, olives, coupled with parsleyed potatoes, hot vegetables, molded salads and more. To top off the meal, the diner will have his choice of homemade pies, cream puffs, applesauce cake, and coffee, tea and milk.

Proceeds from previous Smorgasbords have furnished the Christian Education Building with draperies, other necessary furnishings, and have been applied to the building debt.

Mrs. Alvin Lange, chairman, announces four sittings: 4:00, 5:15, 6:30, and 7:30 P.M. A take-out service is also available.

Meeting

Slingerlands Home Bureau meeting will be held October 10 at 8 P.M. in the Slingerlands Elementary School. After a brief business meeting, the members will make pine cone wreaths.

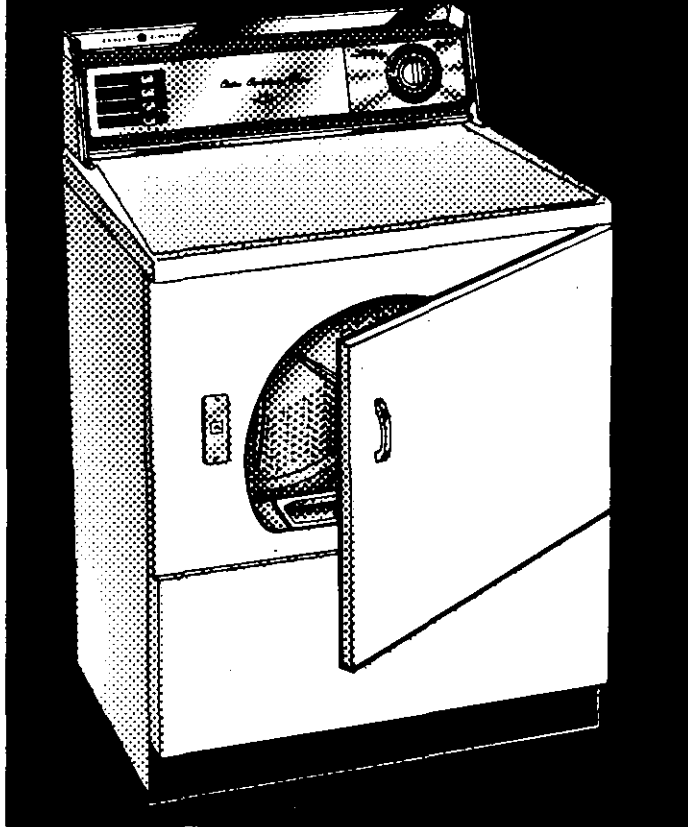

P.M. with adult prices at \$2.50 and children at \$1.25.

Activities of the day will culminate in a teen-age dance in the evening.

In the event of inclement weather, activities will be carried out under cover.

New Program

This marks the fifth year that the RCS Community Cultural Council has brought outstanding programs to the Capital District Area. As in the past, a series of three programs will be presented starting with the Harry Simeone Chorale on October 30. This program will be followed by the Talbot Brothers of Bermuda on December 2 and the Don Shirley Trio on February 27, 1968. All programs will be presented in the R-C-S Junior-Senior High School in Ravena.

Through the excellent support of the programs in the past by area residents and the fact that the Cultural Council is a non-profit organization, season tickets can be purchased at a real bargain price of \$6.00. In essence, by purchasing season tickets, three programs can be seen for the price of two.

Through the Harry Simeone Chorale, an exciting new dimension in chorale singing is presented to the public. The group is probably best known for its rendition of the very popular number, "The Little Drummer Boy." Mr. Simeone has had long experience in the field of choral music. At one time he served as arranger for Fred Waring and the Pennsylvanians.

The Talbot Brothers are well known throughout the United States and Canada for their calypso music.

The Don Shirley Trio is known not only in this country but also on the continent of Europe. Dr.

Shirley, personally, has appeared with the Detroit, Chicago, Minneapolis, Cleveland and many other symphony orchestras, while his trio has performed on many concert stages and on television.

Season tickets for these outstanding programs may be purchased in Delmar at the Delmar Pharmacy or Grover's Stationery Store, Delaware Plaza.

Already the RCS Cultural Council is looking forward to the 1968-69 season. One of the outstanding programs already scheduled is a Pops Concert with Arthur Fiedler and the Washington National Orchestra.

In Rehearsal

The Slingerlands Community Players are now in rehearsal for their first production of the 1967-68 season, "The Play's the Thing," to be presented October 20 and 21 at 8:40 p.m. in the auditorium of Bethlehem Central High School.

The three-act comedy by Ferenc Molnar is being directed by

The fast-paced show deals with a group of theatre people whose holiday in a mansion on the Riviera is forced, by a series of mishaps, to turn into the production of a play to save a romance and, not incidentally, the real play which they plan to present.

Appearing as Iona Szabo, the prima donna of the operetta stage whose romance is threatened, will be Sylvia Knee, a newcomer to the Players. Her experience in the theatre includes taking part in a production of Edward Albee's "The American Dream" by the Drama Department of Hebrew University in Jerusalem.

who writes the "play-with-a-play" and manipulates his players. Mr. Marone has appeared in many SCP productions, taking lead roles in "Inherit the Wind," "The Caine Mutiny" and "The Lark" and has acted with Albany Civic Theatre and The Arena Players of SUNY.

Ralph Smith, another mainstay of the Players, is cast as Al-mady, the jaded but egotistical actor striving to rekindle a romance with Ilona. Mr. Smith, a past president of the Players, directed the SCP productions of "Mary, Mary" and "Inherit the Wind" and has appeared in many plays produced by the Players, Arena, State University and Schenectady Civic Theatre.

The role of Albert Adam, a young composer in love with Ilona, will be played by another newcomer to SCP, Rick Kelsey. Mr. Kelsey was stage manager for Albany Civic's production of "The Country Girl" and appeared in ACT's "Pajama Game" as a dancer.

Gino Farinacci, another veteran SCP actor, will portray Manky, Turai's collaborator and an unwitting partner to the conspiracy to save the Ilona-Adam romance. Mr. Farinacci has appeared with Arena Theatre and in the Player's productions of "Mary, Mary", "The Lark," "Rashomon" and other shows.

Art Ploetz, a long-time veteran of Slingerlands Players, is cast as the unperturbably footman, Dwornitschek, more master than servant. Mr. Ploetz is

remembered for his roles in "Widowers House" last summer with Arena Theatre, such plays as "Androcles and the Lion" and "Five Finger Exercise" with the Players and shows produced at Hudson Valley Community College, where he is Dean for Academic Affairs.

Appearing as Mr. Mell, the high-strung secretary reduced to a nervous wreck by the visiting theatre people, will be Neal Rew, also a veteran SCP member. He has appeared in such Player's productions as "Sgt. Musgrave's Dance," "Look Homeward, Angel," and "Hotel Paradiso" and in shows with Arena Theatre and the Caffe Lena in Saratogs Springs.

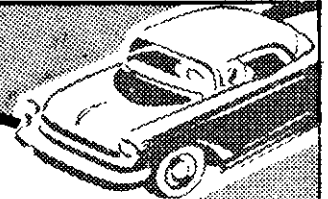

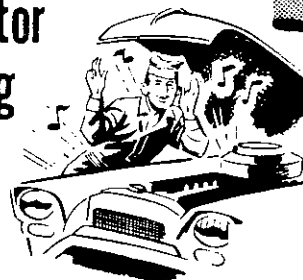

"The Play's the Thing" will be the first SCP production directed by Mr. Rosenberg, who has had extensive experience in the theatre. He has had lead roles in a number of productions by SCP and Arena Theatre, was a director with the Wappinger Community Players in Poughkeepsie and was graduated from the American Academy of Dramatic Arts in New York City.

Miss Gilbert, who will assist the director, appeared in the Player's production of "Androcles and the Lion" and Mrs. DeLuca has been coordinator for other SCP shows, "Mary, Mary" and "The Happy Time."

Members of the production crew for "The Play's the Thing" will be announced soon by Mr. Rosenberg.

Skulls!!?

A display of skulls in the Children's Room of the Delmar Public Library is certainly unique and enlightening. If the size of a skull were the deciding factor in how smart an animal is, then the cow would be an intellectual and the weasel a really dim one. Also included in the case are the skulls of a rabbit, mink, dog, deer, black bear, muskrat and several others of the wild animals familiar to this area.

Student Exchange

Ravena - Coeymans - Selkirk Junior Senior High School will again be conducting a student exchange program for 1968-69 in connection with the OPEN DOOR Program of Hempstead L.I. The program involves an exchange of students from R-C-S with students from Latin American countries. Last year R-C-S received two students from Chile for a ten week period in December. They lived in the homes of R-C-S parents for that period of time. This past summer, two R-C-S students, Marilyn D'Ambrosi and James Moore spent ten weeks in Chile as guests of these same students. The R-C-S Senior National Honor Society will again be in charge of conducting the student exchange program.

R-C-S parents who are interested in being hosts for Latin American Students should contact the high school at 756-4801. Latin American students again will be coming for a ten week period anywhere from the middle of November to the end of March.

attempt at political office. "The Town, to my knowledge, has

never elected a Democrat to local office; but I feel a change in the air. I believe in progressive but efficient government."

Mr. Thacher said he will make an active door-to-door campaign meeting the people and that he would be "available and receptive to the ideas of the people as their legislator."

Mr. Thacher's interest in political office is natural he said, pointing out that his late uncle, John Boyd Thacher 2nd, was mayor of Albany from 1926 to 1940.

A native of the area, Mr. Thacher graduated from Bethlehem Central High School, and received his BA in Business Administration from St. Lawrence University in 1956. Mr. Thacher owns and operates his own insurance agency at 112 State

He is currently a director of the Bethlehem Chamber of Commerce, treasurer of the Bethlehem Opportunities For Growth, Inc., and a state officer for the New York Jaycees, serving as district president for Albany and Rensselaer Counties.

P-TA Meeting

At their first meeting of the year, the Slingerlands P-TA heard a panel discussion on the new Social Studies Curriculum in the Bethlehem schools. The panel members were Professor Donald Van Cleve, Sociologist of SUNY, Mrs. Grace Erkson, Principal of the Glenmont School, and Mrs. Ruth Bates, 3rd Grade Teacher at Slingerlands.

Both Mrs. Bates and Mrs. Erkson, who work on the committee setting up the new curriculum, outlined the many trends in experimental teaching and explained that the committee is continuing to experiment and are open to suggestions from all the teachers. The aim of the new curriculum is to change the social studies program into one of doing, thinking, and discussing. They clarified for many of the parents present just what social studies encompasses, covering history, geography, political science, economics, sociology, and others. The program begins at the kindergarten level and goes right through

to grade 12 in various phases. Professor Van Cleve said that social studies is probably most under scrutiny by fellow citizens. His one comment on the new curriculum in Bethlehem was not to neglect some of the important issues of our day — civil rights, poverty, and our foreign relations — because he feels that good citizenship cannot begin at too early an age.

After the panel discussion, Bertram E. Kohinke, Town Supervisor, who had been invited to give the Town views on the Slingerlands P-TA request for sidewalks on New Scotland Rd. and Kenwood Avenue where none exist, spoke to the parents. He said it was definite that there would be a walkway on New Scotland Rd. extending from Southwood, where it now ends, to the Cross driveway. He said there were problems preventing the walkway on Kenwood Avenue from McKinley to Union Avenue; however, he did say that perhaps the walkway could go as far as Orchard on Kenwood, then over the back way to school. He promised to have the Town Engineer study the matter, and advise the P-TA.

The P-TA has requested the walkways as a safety measure for those children who walk to school from the Kenaware section and out in the New Scotland section. Mr. Kohinke promised further to have the town engineer look into the possibility of extending the New Scotland Rd. walk to the town line inasmuch as that is an extremely dangerous section of highway, especially for walkers and cyclists.

The fall American Red Cross swimming classes got underway at the Bethlehem Central Junior High School on Wednesday night with girls in the beginning classes swimming from 7:00 until 8:00 P.M., and those taking life-saving swimming from 7:00 until 9:00 P.M. Mrs. Mildred Westervelt is in charge of this program.

On Friday night, October 6, classes for boys will be held at the beginning level from 7 to 8 P.M. and from 7 to 9 o'clock for junior lifesaving and Boy Scout merit badge work. John Caviston will be in charge of this program.

Any boy or girl in the Bethlehem Elementary Schools from the third grade up may enter these classes, however, enrollment will

be closed after the second meeting of the groups. Girls' classes will be closed after October the 11, and boys' classes after October 13.

Both of these sessions will run for ten weeks.

The swimming for Physically Handicapped and Mentally Retarded Red Cross classes will open at the Bethlehem Junior High School on Saturday morning, October 14. They will swim from 10 to 11 and from 11 until noon. Orientation will be given for swimming instructors who are working with the physically handicapped and mentally retarded. This program is in charge of Mrs. John Joyce and will continue for eight weeks ending on December 16.

A rather unique program will be opened on Friday night, October 6, at the swimming pool at Our Lady of Angels Seminary on Route 144 in Glenmont, where classes will be held for Nuns for a ten-week period. These classes

Any Water Safety Aides or Water Safety Instructors who can assist with these classes should get in touch with James H. Carnahan, Director of Health and Safety Services for the Albany Area Chapter of the American Red Cross at 1066 Madison Ave., Albany.

Meeting

The opening meeting of the Delmar P-TA will be held at the Delmar Grade School on Tuesday evening, October 10, at 8 P.M., following the meetings of the third grade parents and teachers.

The guest speaker will be Mrs. Seth Grossman, a representative of the League of Women Voters, who will summarize the amendments to be put before the voters in November. Particular emphasis will be placed on the work of the Constitutional Convention and its final draft. If time permits, there will be a question and answer period.

Refreshments will be served following the meeting.

Meeting

"A Dash of This and That," a program dealing with the culture and use of herbs, will be the subject for the October meeting of the Bethlehem Garden Club.

On Wednesday, October 11, the members will go to the Hancock Shaker Village near Pittsfield, Mass. where arrangements have been made for a guided tour to the museum and a luncheon which will include a talk by Mrs. Laurence K. Miller on the gastronomic secrets of the Shakers. It will also be possible to purchase some of the Shaker products such as breads, preserves, and jellies.

Members will provide their own transportation, meeting at the A & P parking lot in Delmar at 10 A.M.

Note: If you bring a pair of walking shoes and a camera you may add to your comfort and pleasure.

1859-1967... 108 YEARS YOUNG

**WE STARTED IN 1859 BUT...
WE'RE NOT
108 YEARS OLD!**

We're 108 years *young*.
We're old enough to understand the soundness of time-tested basic ideas, but young enough to keep trying to improve them.
Modernization and keeping abreast of new ideas and techniques is a must for today's successful business.
We wouldn't be the world's largest food retailer if we weren't constantly thinking modern, thinking young.
But some basic thinking never changes. Take that of our founder for instance. He was dedicated, as we are, to bringing the most good food, to the most people, for the least amount of money.
To being fair, honest and trustworthy.
To caring about the people he served.
No matter how progressive, how automated, how modern we become, we pledge to maintain these sound principles of our founder.

Tebbutt said that the 16 mm. sound-and-color film entitled "The Child Molester" stresses the importance of adults alerting — without alarming — children between the ages of 4 and 14 to the dangers of molestation. It also reveals how an education program can be successfully and safely taught to the children of a community.

The film was produced by the Highway Safety Foundation of Mansfield, Ohio, in conjunction an actual child molestation crime. The case history was taken from Ohio police files. Mr. Tebbutt is making the film available for showing to church, school and civic groups in conjunction with his distribution of "This Is Your Secret" booklets to area youngsters.

The "Secret" booklet is designed to appeal to children, and is written in a language and at a level they can easily comprehend. Colorfully illustrated, "Secret" helps prepare children for the hours they must spend away from home by showing them how to tell "Good" people from "Bad" people. A distribution program of these booklets is being carried out currently by the Tebbutt firm. Mr. Tebbutt said that reservations are now being accepted for a showing of "The Child Molester" film. There is no charge for this public service, he said, and representatives of interested local adult groups may call 489-4451 for more information.

Silver Tea

The Albany Graduate Chapter of the College of Saint Rose will hold its first event of the new season on Sunday, October 8, when the annual Silver Tea will be presented from 2 to 5 P.M. in the Camelot room of the Campus Center.

Chairman of the event is Miss Mary J. Warren. General committee members who will aid in arrangements and in the serving of refreshments are: Mrs. Martin A. Lindsay; Mrs. J. Robert Sheehan; Miss Marion M. Carey; Mrs. Edward J. Keegan; Mrs. John W. Rehffuss; Mrs. John J. Cummings; and Mrs. Edward J. Ranney.

As in previous years, the past presidents of the Albany Chapter will be among those who pour: Mrs. John C. Levey, Mrs. Donald P. Ford, Mrs. John F. Lucey, Miss Joan M. Maloy, Miss Kathryn F. Minnock, Mrs. Walter J. Marvin, Mrs. George J. Carpenter, Mrs. Robert J. Danzig, Mrs. John J. Cunningham, and Mrs. Irving S. Dribben.

An interesting addition this year will be a China Show presented by Lansing Brothers. Mrs. Max A. Boxer will arrange attractive settings for a formal, informal and buffet table. Mrs. Michael P. Riley and Mrs. Robert J. Danzig were responsible for bringing this unusual feature to the Tea.

The China Show will follow the fall business meeting and a greeting by Sister Clarence Paul, President of the College.

Decorations will consist of groupings of fall flowers.

Friends of the Alumnae are most welcome to attend the Silver Tea.

New Coach

James O'Donovan, former Broome Tech and Albany State cage star, has been named assistant varsity basketball coach at Albany Business College it was announced recently.

O'Donovan, who joined the ABC faculty this fall, will be working with Schenectady's Dick Bogdan, long-time Owl coach. O'Donovan is an instructor in the Business Administration Department.

The 25-year-old Binghamton native, making his initial venture into the coaching field, lists an impressive record for being named to all-tournament and all-star teams both while at Boome Technical Community College at Binghamton and State University of New York at Albany. He graduated from Broome in 1963 and State in 1965.

At Broome, in the early 1960's, he was named to the Broome Christmas Classic All-tourney team twice, selected to the Empire State Conference first team twice and led that league in foul-shooting with an 87.5 percent average.

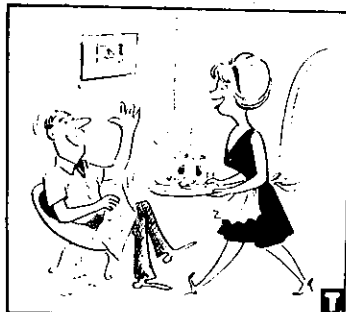

With Albany State, O'Donovan earned all-star team recognition by both the Albany Times-Union and Knickerbocker News five different times and still holds the Albany State foul-shooting record, showing an 87 percent average.

His early teaching positions included posts in Linton High School in Schenectady, Bethpage High at Long Island and Albany High School.

Albany Business College will open its 1967-68 season Saturday, Nov. 18 against the ABC Alumni during annual Homecoming Day and begins its Northeastern College Conference season, Nov. 30 at LaSalette Seminary, Altamont.

Headache?

One of the biggest headaches for people running large fishing contests is the problem caused by improper identification of the three members of the pike family - the muskalonge, northern pike, and chain pickerel. This is

A SNACK THAT BEATS THE OTHERS COLD

Crab meat, mixed with mayonnaise and seasoned with grated onion and curry powder, makes an unusual and taste-teasing cold snack when served on slices of rye bread. Snacks call for a tasty drink, too, and one favorite - Pepsi - beats the others cold.

When you can't take us for granted, we get embarrassed.

Every so often things happen. Maybe a bad blizzard, an ice storm or high winds that you aren't even aware of suddenly cut off your electric power. Maybe a frustrating phone conversation with someone in our company cuts short your patience. Whatever the inconvenience to you, we get embarrassed.

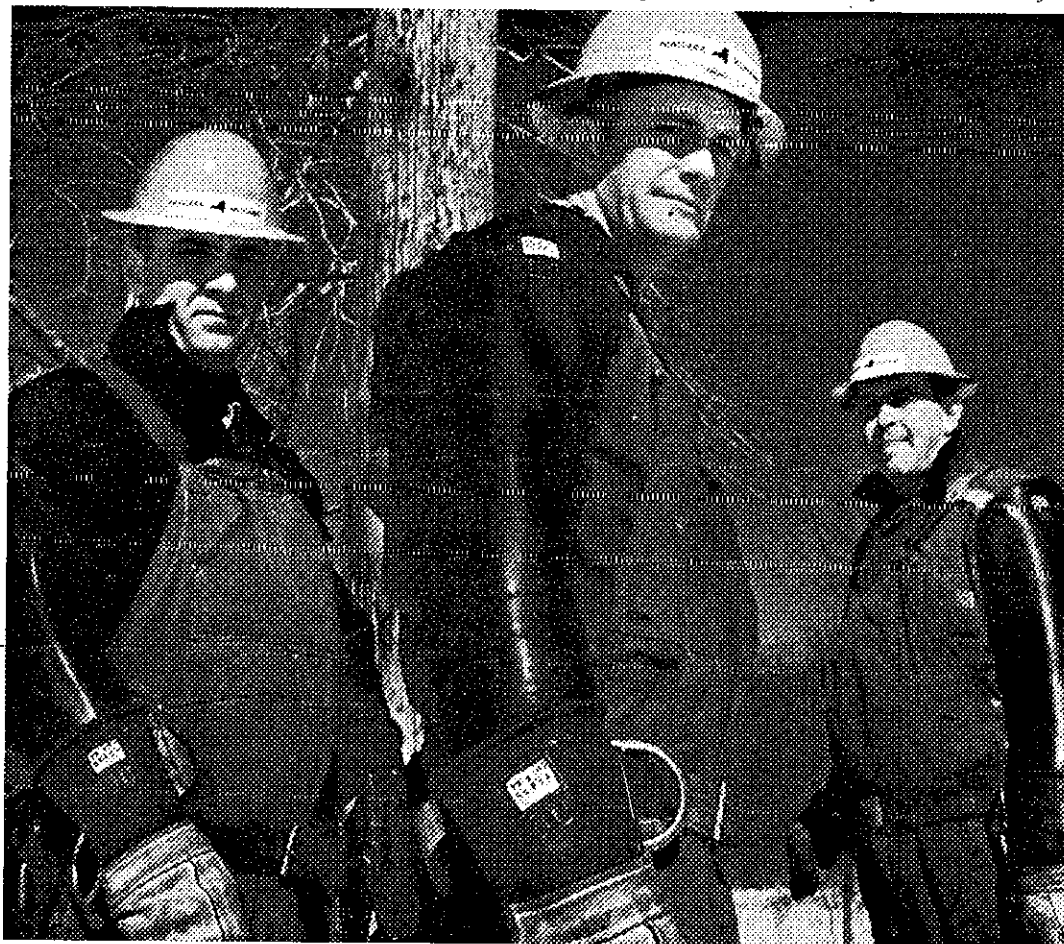

We want you to take us for granted all the time, not just some of the time. That's why our Niagara Mohawk crews and dispatchers work 7 days a week and

24 hours a day. Even if it means some of us have to miss a holiday meal with our families or spend a Saturday night on duty. And that's why all of us try to be prompt, efficient, cooperative and courteous in everything we do.

We won't stop working hard to make electricity work harder for you. So please don't stop taking us for granted.

NIAGARA MOHAWK

Working hard to make electricity work harder for you

further complicated by the fact that each has many local names — numerous ones applying to more than one member of the family. The northern pike, for instance, has over 40 names to its credit.

Before man started moving fish, pickerel were primarily in southern and eastern New York, and pike in the northern and western parts of the State. The muskie had much more limited distribution in the St. Lawrence and Chautauqua.

These fish are all voracious eaters and therefore are good at helping to maintain a controlled population of perch and other warm-water fish that often get out of hand. It has been estimated that a pike will eat one-fifth of its weight in fish every day.

Although the muskalonge, northern pike and chain pickerel are difficult to identify, the surest way to separate these three members of the pike family is by the scaling on their cheek and gill cover. The chain pickerel has scales covering all of its cheek and corresponding portion of the gill cover. The muskalonge has scaling only on the upper half of its cheek and gill cover. The northern pike as might be expected, is halfway between. It has scaling on all of its cheek, and only on the upper half of its gill cover.

If the scaling on the lower cheek of a pike is obscure, a further separating feature between pike and muskies is the number of sensory pores on the underside of the lower jaw. A pike has 5, while the muskie has 6-9.

These three fish have basically distinct color patterns, but fish

Good Lighting

"Good lighting in your home is essential to protect eyesight," says William E. Borst, manager of the Adequate Wiring Bureau of Eastern New York, "and this month, American Home Lighting Fixture Month, is a good time to check the lighting facilities in your home."

Mr. Borst says that good lighting should be provided wherever people work or play. With the tremendous variety of lighting

fixtures to enhance the beauty of the home and at the same time to provide sufficient lighting.

"Remember, however," says Mr. Borst, "the more lighting fixtures you have in your home the more critical the need for an adequate wiring system."

More and more electricity is being used in the home today with the ever-growing use of electrical appliances which were

not available a few years ago. These appliances, however, cannot be used efficiently on outmoded wiring systems.

"Today's home requires a minimum of 100 ampere service," says Mr. Borst, "with 150 or even 200 ampere service more desirable. The 60 ampere service in-

stalled in homes a few years ago falls far short of the minimum requirement.

"The Adequate Wiring Bureau of Eastern New York will gladly assist homeowners in determining whether their home wiring systems are adequate. Member electrical contractors offer FREE

HOUSEPOWER INSPECTIONS. They will come to your home, at no obligation to you, and check to see if your wiring system is adequate to meet your present electrical requirements and those that may be required in the future.

Mr. Borst also points out that AWB member banks will arrange financing for rewiring jobs should they be needed, with convenient monthly payments available.

Have your wiring system checked now. Then visit your AWB member appliance dealer, look over his stock of lighting fixtures and select one that will add beauty and better lighting to your home.

"It is important to remember that you help protect your family's eyesight by providing sufficient lighting in all areas of the home" concludes Mr. Borst.

Member Drive

The Agricultural Division of the Albany County Cooperative Extension Service is now conducting its 53rd Membership Drive. Edward Waldron, Chairman of the Executive Committee said that this year's campaign is again a "100% By-Mail Campaign."

Present members of the Agricultural Division have already received a letter from Mr. Waldron outlining the plans for the next membership drive. These plans include the choice of becoming either a full or associate member; and the privilege of nominating people for complimentary membership.

People enrolling as regular or full members will have all the rights and privileges they have had in the past. They will be entitled to vote, request membership signs, and time will be credited towards membership awards and pins. Regular members will receive the monthly "Albany County News" and may be on any or all mailings lists. The regular membership fee remains \$4.00 a year.

The associate membership was established last year for non-farmers who do not need the wide range of information required by

Bulbs

The spring flowering bulbs, especially the earliest ones like crocus, cloth of gold, and snow drop, are the harbingers of spring. But in order to have these messengers bring color to your garden the bulbs must be planted now.

The first bulbs to flower, usually in March, are the early crocus, cloth of gold and winter aconite. These are followed by Crocus, Siberian Squill, and Glory of Snow. Then come the hyacinths, daffodils and tulips. A well planned bulb garden can have blooms

for about ten weeks.

Most bulbs should be planted in soils with good drainage and plenty of sun. Of course, there are exceptions, Scilla Siberica (Siberian Squill), Crocus, winter Aconite and snow drops (Galanthus) will give satisfactory performance under trees. Camassia is an exception that will do well in wet or almost swampy soils.

For best results, plant bulbs early in the fall. October is the best month to plant all spring bulbs. Tulips, Narcissi and daffodils can be planted until the ground is frozen hard, but earlier planting is preferred.

The bulb garden should be prepared by working the soil to a depth of about eight inches. When working the soil, work in three pounds of 5-10-5 or one and a half pounds of 10-10-10 or similar fertilizer for each 100 square feet of garden. Soils that are very clayey or sandy can be improved by working in organic matter, such as compost or peat moss. Use about 5 bushels of organic matter for each 100 square feet. Do not use fresh animal manure as this may injure the bulbs.

LOOKING FOR A NEW CAR FOR ONLY \$1,695*?

\$1,639 is the suggested retail price at the port of entry for a Volkswagen sedan.

YOU'VE COME TO THE RIGHT AD

That's how little we charge for a Volkswagen. Of course, you don't get certain things with it. Like a drive shaft. (The engine's in the rear.) Or a radiator. (It's air-cooled.)

Also, because a VW gets about 29 MPG., you don't get a whopping bill at the end of every month. Come in and take a look. We think you'll like what you see. And also what you don't see.
