

A Bewitching Parishioner For Missionary Murphy

The American Pastor of St. Francis Xavier church here who hasn't seen a witch since his childhood Halloween reports that he has a retired one as a parishioner.

She's Serena Choi, explains the priest, Maryknoll Father Jer-

Rev. Jerome Murphy

ome Murphy from Delmar. Father Murphy is the son of Mrs. Margaret Murphy, 14 Hawthorne Avenue, and the late William Murphy.

Before Serena was baptized, she was a mudong — a Korean witch doctor. A mudong with a high degree of skill, such as Serena had, said Father Murphy, can earn a fortune.

"Their skills are in great demand for healing the sick, dedicating new houses and new boats, and the like."

Serena, however, came to know and understand Christianity through study with Father Murphy and asked to enter the Church.

Reception

All parishioners and friends are invited to attend.

Meeting

LETTER

Dear Sir:

As a representative group of this community and having a most keen interest in projects that will benefit the whole com-

munity, we are writing to express interest in the proposed park system whose facilities could be enjoyed by all the residents of this town.

Homes are continuing to be built in this area and the number of residents is constantly increasing. There is need of a good park system.

We should like to go on record offering to help in any way possible to make this project become a reality.

Movie Time

Movie time at the Delmar Public Library for the small fry will be here again on Saturday, February 17 with two showings - the first at 9:30, the second at 11 A.M. The full length films tell the story of young David who lives with his uncle, the warden of a game reserve in East Africa. Black Beauty, the last Rhino there, is a friend. But the hunting tribesmen of a nearby village illegally track and wound the enormous animal making her extremely dangerous. The ensuing events make for exciting adventure in Africa's big game country.

An added bit of information interesting to the residents of the Tri-Village area - the library has been busy with miles of statistics, annual reports and such. It came up with the exciting news the circulation of materials for 1967 reached the 208,000 mark. This is an increase of 14,000 over the previous year. That is an all-time high. No wonder the staff is crowing gleefully.

On Dean's List

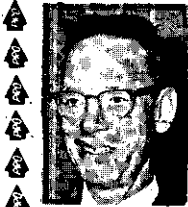

Paul T. McArthur, son of Mr. and Mrs. L. B. McArthur of 17 Burhans Place, Elsmere, has been named to the Dean's List at Bowdoin College, Brunswick, Main, for the fall semester. He is in his junior year at Bowdoin where he is majoring in mathematics. He is also a member of the varsity swimming team and holds the college breaststroke record and is a member of the record-holding medley relay team. Paul is a 1965 graduate of Bethlehem Central High School.

In his address to shareholders, Lester W. Herzog, Jr., resident, discussed the calendar year 1967 during which both the average citizen as well as corporate managers sought to temper the adverse effect of inflationary factors brought on by Federal fiscal policies and excesses in the domestic economy. He explained consumer buying became more restrained, in light of rising costs and the possibility of higher taxes, resulting in the highest personal savings rate in a decade.

President Herzog noted The Bank achieved a modest increase in new operating income to the new high level of \$4,417,401 or \$3.40 per share as contrasted with \$3.32 per share for the comparable period last year. Also, cash dividends declared climbed in 1967 to \$2,533,612, as the Directors approved an increase of five cents per share in the quar-

terly dividend, paid in July, to bring the annual dividend rate up to \$2.00 per share.

President Herzog also reviewed that the Directors voted in December to recommend to shareholders, the formation of a new bank holding company, The First Empire State Corporation joining National Commercial with the First Trust and Deposit Company of Syracuse and the Manufacturers and Traders Trust Company of Buffalo. He explained the shareholders were not asked to vote on this matter at this meeting, but would be kept fully informed prior to any future meeting held to consider the proposal.

Two offices of The Bank opened in new quarters during the year 1967. A newly constructed building to house the University Office was completed on March 18, 1967, following the relocation of the Rouses Point Office to Lake and Pratt Streets on January 21, 1967.

The shareholders re-elected as directors of The Bank: Charles A. Simmons, Jr., president and treasurer, Simmons Machine Tool Corporation; Peter G.D. Ten Eyck, president, Ten Eyck Insuring Agency, Inc.; Erastus Corning, II, Mayor, City of Al-

THE AUTOMATIC UNLOADING CART

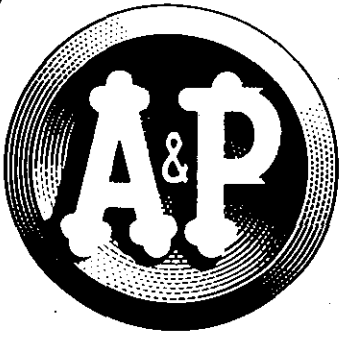

Shopping Carts unloaded automatically? Incredible as it may seem, it's true! All you do is wheel the cart into position at the check stand, then step aside and your entire order, large or small, is removed from the cart without you or the clerk lifting an item. After the cart is unloaded, the checker pushes a button and the cart is automatically released, turned and delivered to you alongside the checkout. A youngster, in the safety seat, may go along for the entire ride -- in complete safety.

The manufacturer calls it "CHECK-A-MATIC," but we at A&P prefer to think of it as "CARE-A-MATIC" because it's another example of A&P's continuing efforts to give you speedier service... and to prove "WE CARE" at A&P.

At present, the Automatic Unloading Cart is in use only at the Elsmere A&P Super Market.

Ann Manilenko earned a similar award, but took the notes at 80 words per minute; while Deborah Cass, Bonnie Flynn, and Rita Spinoso took their dictation at 60 words per minute.

Millions Spent

To provide its health and welfare services to Americans in this country and at U.S. military installations overseas, the American Red Cross spent \$108,205,067 in the 1966-67 fiscal year, according to the organization's Annual Report, released today.

Largest item of expenditure was \$44,663,045 for services to the nation's armed forces and veterans. This assistance was provided in every county in the United States and in 30 other countries around the world where U.S. troops are stationed.

In submitting the report to Secretary of Defense Robert S. McNamara, E. Roland Harriman, American Red Cross chairman, and General James F. Collins, president, stressed the fact that ARC is first and foremost an organization of volunteers from its top leadership down through the ranks.

During the year, the report said, the Red Cross aided military personnel at an increased rate and helped a constantly growing number of servicemen and their dependents with personal and family problems arising from or magnified by military service.

Each month, 99,800 servicemen received welfare services at military stations and medical facilities worldwide. In Vietnam, Red Cross workers served 6,500 cases each month. In the Far East, including Southeast Asia, 317,000 servicemen attended recreational events given at

Red Cross centers and by club mobile workers who travelled 36,500 miles to conduct the programs.

R. Stewart Kilborne. His prediction was a very safe one for he made it as he stocked the first coho salmon in New York State waters. "The coho — one of the Pacific Salmon — is a fine fighting fish with a tremendous growth rate. Moreover, even though a marine fish it thrives in large cold lakes," the Commissioner continued.

New York State's welcome visitors were stocked in Cattaraugus Creek, a tributary of Lake Erie. Although this first experimental stocking was a modest one — 6,000 fish — it marked an important step toward providing outstanding fishing in one of the largest bodies of water available to New York State anglers.

Professional conservationists, sport fishermen and commercial fishermen will follow the progress of these fish with considerable interest. The state of Michigan has enjoyed an outstanding success with its coho salmon stocking of Lake Michigan.

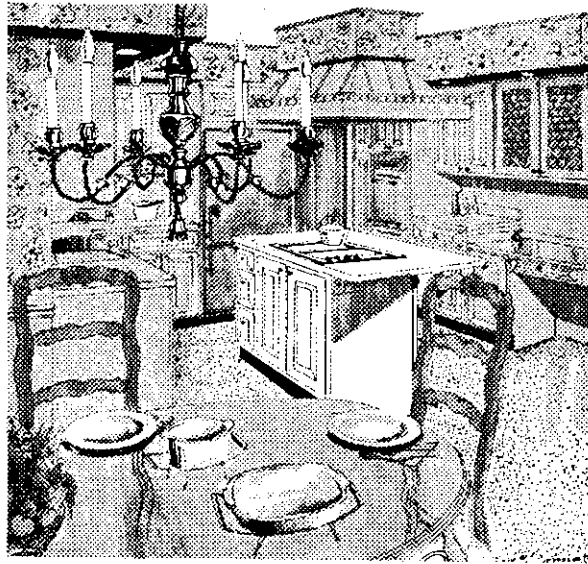

Conservation Department fish biologists explained that the coho salmon are a school fish that grow and mature at a great rate. Their feeding habits and choice of habitat make them ideal for stocking in Great Lake waters. Cohos like the thermocline — the medium-depth dividing line between the warmer upper waters and the colder deep waters.

The newly stocked fish were brought to the stocking location from the New York Fish Hatchery at Caledonia. The 18-month-old cohos were between five and six inches in length. They are expected to reach five or six pounds by fall of 1969 with a possibility for reaching as much as 25 or 30 pounds.

Your Income Tax

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q - My son held down a full-time job before going into the Army last fall. I just got his W-2 statement. Does he have to file a return?

A - Yes, your son has to file a return if he meets the filing requirements. However, if he is stationed overseas, he has additional time to do it.

Taxpayers overseas have an automatic extension from April 15 to June 15 to file 1967 returns. If your son is in Vietnam, his return isn't due until 180 days after he leaves there.

THE SPOTLIGHT

Q - I understand there is a new rule on dependent children of divorced parents. What is it?

A - A new provision added to the tax laws year provides that the parent who has custody of the children for the greater part of the year will usually be able to claim their dependency exemption. However, if the other parent contributes at least \$600 during the year to the support of the child he or she, under certain circumstances, may be entitled to the exemption. There is also a special rule for a parent who does not have custody and furnishes more than \$1,200 during the year.

The new rules only apply if the divorced or separated parents together provide more than half of the child's support and have custody for more than half the year.

Q - The tax form I got in the mail only shows my name on the label. Since I'm filing jointly with my wife this year should I use the label or not?

A - Use the label on the form you file but add your wife's first name and social security number to it. Write this in ink at the bottom of the label.

Q - I have a refund coming. Where should I send my return?

A - Send the return to your regional service center. An envelope addressed to the service center was included in the 1040 tax packages. If you don't have one of these envelopes, look on page 10 of the 1040 instruction booklet for the proper address.

Q - I'm in business and have a retirement plan for myself and my key workers. Is it true I can deduct more of my contributions to this plan now?

A - For 1968, the amount that may be deducted for contributions to a qualified self-employed retirement plan has been increased. A self-employed person can set aside up to 10 percent of his earned income a maximum of \$2,500, and deduct this amount on his tax return.

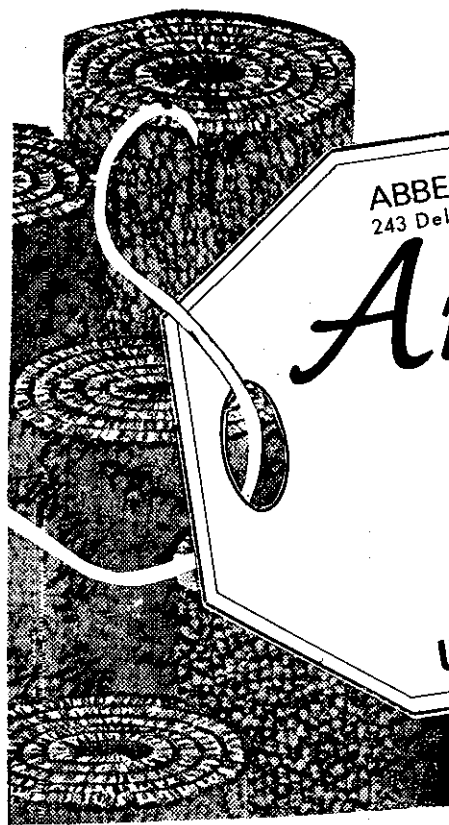

If you had a plan last year and are taking this deduction on your 1967 return then the previous limits on this deduction must be used. One-half of the allowable contribution to such a plan with a maximum deduction of \$1,250 is allowable on 1967 returns.

Q - Do I have to put my wife's social security number on our joint return? Practically all of our income comes from my salary.

A - Her number is required if any of the following conditions are met:

1. She had wages subject to withholding
2. She had income subject to self-employment tax
3. She had separate income from dividends or interest of \$10 or more

If any of these conditions apply, a joint return without her social security number will hold up processing. You will then be contacted to obtain the missing information. This naturally delays processing and the issuance of any refund you have coming.

Q - What taxes can I deduct on my return?

A - State and local income, sales, gasoline, personal property and the real estate taxes are deductible.

Deductions are not allowed for: Federal taxes, drivers licenses, state and local taxes on alcoholic beverages, tobacco and certain miscellaneous taxes. Also, the cost of auto tags are deductible only to the extent it is based on the value of your car.

You will find further details on what is and is not deductible in the Form 1040 instruction booklet.

Q - Is an assessment for sewer or sidewalk construction deductible?

A - The law generally does not permit deductions for assessments for local benefits that tend to increase the value of the property. Capitalize the amount of assessment, however, and add it to the basis of your property.

Q - Can you exclude more than \$100 in dividends from taxes if you file a joint return?

A - On joint returns, each taxpayer may exclude up to \$100 in dividends received on stock he and she owns either jointly or individually. Therefore a maximum of \$200 may be excluded in these circumstances.

If all the dividends are received entirely by either the husband or wife, then the dividend exclusion is \$100 even on a joint return.
