

BERTRAM E. KOHINKE, Supervisor of Town of Bethlehem signs the proclamation proclaiming the week of June 16th as "ALL KIWANIS WEEK." (Left to right standing) Frank G. Coburn, Jr., Francis S. Dillenbeck, President, and Raymond F. Newbauer, Second Vice President.

Last Day

On Friday, June 21, the Kiwanis Club of Delmar will wind up "Kiwani's Dollar Days" at various selected locations throughout the Delmar-Elsmere area to solicit funds for dental care, eye-glasses, medical care and education.

Each year your Kiwanis Club spends hundreds of hours of time and disburses over \$4,000.00 for support of many youth service projects as well as financial aid to many of Bethlehem's youth for education and will continue to do so as long as we have your most loyal support.

Proclamation

WHEREAS, Kiwanis Club of Delmar, N.Y., Inc., a constituent club of Kiwanis International, was organized in the Town of Bethlehem in 1940 and since its organization has been an active service club in this community, and

WHEREAS, the Kiwanis Club of Delmar, N.Y., Inc. has evidenced and given credence to its motto "We Build" by its accomplishments in its boys and girls, public and business affairs, support of churches in their spiritual aims and agriculture and conservation endeavors to the end that this community, in the Town of Bethlehem, is a better place in which to live,

NOW, THEREFORE, I, BERTRAM KOHINKE, Supervisor of the Town of Bethlehem, Albany County, New York, do hereby designate and proclaim the week of June 16, as ALL KIWANIS WEEK in the Town of Bethlehem and urge that all of our people participate in the activities of the week in support of the wonderful work carried out by this service club.

Given under my hand and seal this 1st day of June, 1968.

Bertram E. Kohinke
Supervisor, Town of Bethlehem

Library Notes

Books are literally pouring into the Delmar Public Library for its annual book sale. As one contributor said, "These look pretty good now that they aren't on our shelves. Guess I'll have to come to the sale and buy them back." You won't have to do that but you will surely find lots of treasures on Wednesday through Friday, June 26, 27, 28. All books and records are a real bargain at twenty-five cents each.

A note to gladden the hearts of all music lovers. From now on if you have reached the ripe old age of fourteen, you may borrow records. Furthermore the limit of four records to a borrower has been raised to six. So happy listening through a long hot summer (we hope it will be warm at least).

"Gentlemen Prefer . . ."

The musical which established Carol Channing as a Broadway star will be produced by the Slingerlands Players as one of its three presentations in the 1968-69 season.

"Gentlemen Prefer Blondes," the musical based on Anita Loos story, will be produced in early May, 1969, with Harlan Wilbert as director and Richard Feldman as choreographer.

The announcement was made at the Players' membership meeting last Sunday at which time new officers were also elected.

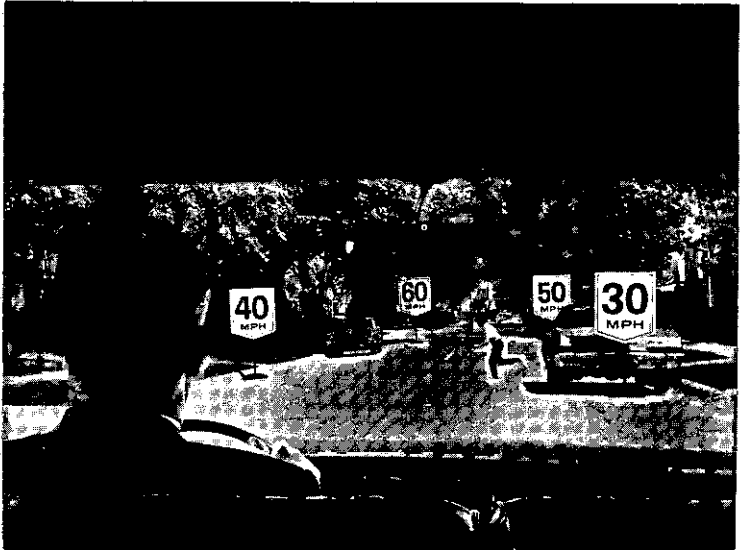

Douglas G. Marone was elected president for the coming season, and William Heenehan will serve as vice-president. Donald Forsythe is treasurer, Gail Hatch was elected recording secretary

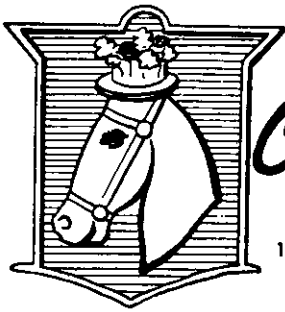

Doug Marone

while Ellen Heenehan is corresponding secretary.

The production will mark the 20th anniversary of the musical which was produced on Broadway in 1949, and hasn't been done locally in at least 15 years when the last of the summer companies brought it into the area.

SCHOOL'S OUT! WATCH OUT FOR THE KIDS — Chevrolet Motor Division has transformed the National Safety Council's driver reaction and vehicle stopping formulas into simple, visual arithmetic. Driving at 30 mph the normal stopping distance is 69-78 ft. At 40 mph the stopping distance is 108-124 ft. 50 mph is 160-186 ft. At 60 mph between 228 and 268 ft. are needed to bring the car to a straight-line stop on dry, level pavement. Remember — school is out. Kids often run from behind parked cars in residential sections. Drive defensively and keep the speed-stopping figures firmly in mind.

New Budget Vote June 26

On May 8 the budget of \$6,911,585 proposed for the school year 1968 - 69, Bethlehem Central School District, was rejected. In response to this decision, the Board of Education has revised the budget, reducing planned expenditures by \$216,169 to a total of \$6,695,416. An election to approve this new budget will be held Wednesday, June 26 at the Junior High School. Voting will take place between the hours of 12 noon and 9 p.m. An open meeting to present the budget to the community will be held Tuesday evening, June 25 at 7:30 p.m. in the Senior High School auditorium.

The reduction of \$216,169 has been cut from all parts of the budget. Major cuts have been the removal of \$125,000 from Interfund Transfers; \$39,220 from Instructional Services; \$10,727 from the Central Administration category; \$33,000 from Transportation. Other reductions have been made throughout the budget.

The cut of \$33,000 from Transportation refers to the purchase and operation of two additional school buses. These are being submitted to the voters in a special proposition in order to give the community an opportunity to decide whether to maintain the present level of transportation service.

A detailed copy of the budget is available in the offices of all

Bethlehem Schools or may be obtained from the Office of the Superintendent of Schools by calling 439-9964. A special budget bulletin has been sent to all members of the community this week.

In its meeting of Thursday evening, June 13, the Bethlehem Council of Parent-Faculty-School Organizations passed a resolution approving the new budget being presented and urging all of its members to vote favorably for its passage in the election of Wednesday, June 26.

Instruction For Women

A tennis instruction program for women over 18 will be sponsored this summer by the Tennis Association.

There will be six teaching sessions, from 10 to 11:15 a.m. on Tuesdays, starting on Tuesday, June 25. The instruction will take place at the Bethlehem Central Senior High School tennis courts.

The instructor will be John Stevenson, a member of the varsity tennis team at Middlebury College and former number one player on Bethlehem Central championship teams. He has instructed previously in youth training programs in both Beth-

Interested women should sign up in advance by sending a check for \$6 made out to the Bethlehem Tennis Association, to Mrs. Robert M. Bowen, 23 Wicklow Terrace, Delmar. The Association will underwrite costs of the teaching program.

All participants must provide their own rackets and balls.

There is also the possibility that weekly afternoon training sessions will be open to women, on Wednesdays at 2:30 p.m. For further information about this class possibility, women may call Mrs. Jean Balint at 439-3876.

Farewell Party

Mrs. Nina Woessner is leaving the Slingerlands Elementary School to accept the post of reading teacher at the Enders Road School in Manlius.

Her first graders surprised her with a farewell party on

Tuesday, June 18. That morning each child came to school with a flower and a card he or she had made. Besides the very unique bouquet of flowers, Mrs. Woessner has 23 cards with individual sentiments to take with her when she leaves the Slingerlands area.

Carnival

The Onesquethaw Volunteer Fire Company is making plans to hold a Carnival and Chicken Bar-B-Q at its Unionville Fire House the first two week ends in July (5-6, 12-13) with rain dates scheduled for July 19 and 20.

Originally planned last year as part of the Company's 25th Anniversary, the carnival proved so popular that officials decided to make it an annual event. This year's event will feature ten games of skill for all ages plus two rides and food and beverages. Special interest will be focused on the new Tit-Tat-Toe Game, first seen on some of the professional Mid-Ways last year.

The Ladies of the Company are making a selection of Fancy work to be displayed in their Booth and on each Saturday the ladies are having a fine selection of home-made baked goods.

On each Saturday, between the hours of 4 and 9 P.M., a delicious Chicken Bar-B-Q will be served. Many of you in the Tri-Village area recognized Bill Bailey (Bailey's Garage) as one of the top Mechanics of the area. What you don't realize is that

Awards

Medallions were presented Tuesday night at the annual award dinner of Delmar Camera Club to members who won top honors in the year competition. Alice Porter walked off with three awards for her black and white prints, "Study in High Key," "The Young One" and "The Crane" while Florence Becker took two honors for "Children" and "The Dome."

The color slide awards went to Howard Gallagher for "Rocky Mt. Sunrise;" Joe Dell for "Peacock Eye Feather" and "Power;" Sally Whitcomb for "Abstract in Tourquoise;" and Ken Newcomb for "October Brook."

Arnold LeFevre, chief photographer for the Knickerbocker News, and Gary Guisinger of the Associated Press were competition judges and commented on these winning pictures and on others that deserved honorable mention.

To Institute

Gordon W. Molyneux of the history department of Bethlehem Central Sr. High School, has been appointed to the William College NDEA Summer Institute, according to Director Professor Robert G.L. Waite. The institute will consist of forty teachers selected from public and private schools in the Eastern United States. Participants will study European Cultural History at the Williams institute from July 1 to August 5.

Director Waite states that the institute hopes to provide an enriching educational experience which will improve the knowledge and insight of secondary teachers with respect to the heritage of European cultural history. The staff includes professors from Williams, Skidmore, LaSalle Colleges, and Rutgers University. An experienced high school teacher will conduct a demonstration seminar with high school students from the Mt. Greylock Regional High School of Williamstown.

The program will emphasize an inter-disciplinary approach to the study of European cultural history. Participants will be involved in a series of interpretive lecture-discussion courses which select key problems for intensive study. Coordinated lectures will include materials in European art, music, and literature. Important books of Western civilization will be discussed in seminar sessions. A main aim of the institute is to cultivate closer relations between high school and college teachers of history.

majors who have completed work for the Master's degree. The initiation ceremony took place at the State University of New York at Albany and was conducted by the officers of the Chapter. Dr. Roswell E. Fairbanks, Chairman of the Business Education at SUNY, administered the ac-

tual induction oath.

Following the induction ceremony, also attended by Mrs. Gladys V. Hosey, Chairman of the BCHS Business Department, and Hugh Brown, business teacher, the members of Alpha Mu Chapter and the inductees enjoyed a steak dinner served at the University.

During the professional program, Dr. Fairbanks spoke to the members. He discussed both the business and personal uses of bookkeeping as they apply to the formation of curriculum in the high school. Dr. Fairbanks stressed the necessity for updating units of study to make the bookkeeping course reflect current business practices.

Grange News

Worthy Master Winston Raynor presided over the regular business meeting of Bethlehem Grange, called to order at 8 p.m. Saturday, June 8, at which time Sister Hazel Martin was obligated into membership by the Worthy Master, assisted by the Steward, L.H. Myers.

Sister Florence Drobner presented a favorable report on the sale of Stanley merchandise, recently conducted by the Service & Hospitality Committee. Sister Drobner also called for donations of baked goods to be sold at the Bake Sale in conjunction with the Strawberry Festival Supper which was held on June 15.

zens Group in its effort to attract one or two doctors to locate in Ravena; stated that the community desparately needs more doctors and urged them to help if at all possible. Next meeting of the Ravena Group was June 12.

Brother William Heath was presented a suitable award for having been a Grange member for fifty years. This presentation was made by the Worthy Master, assisted by the Secretary,

Helen Raynor and the Lady Assistant Steward, Molly Gleason.

Summer meetings were discussed and it was decided that only one meeting will be held in July and August. The July meeting on the 13th will be a picnic or outing, details to be announced at the next meeting. The August meeting will be on the 10th at the Grange Hall. Of course the next meeting, June 22, will be at the regular time and place.

Brother William Baumes was reported on the sick list.

Brother John Barth was given a rising vote of thanks for the touch of beauty he added to our meeting place by the nicely arranged window boxes of flowers.

Sister Drobner and the Service & Hospitality Committee presented the Literary Program in the form of a skit entitled "Tomorrow" depicting the work of the S & H Committee and some of

the problems encountered. Jim Seaburger and Susan Collitan sang a duet, "America The Beautiful" after which all joined in a moment of silent prayer in memory and respect of Senator Robert Kennedy.

A TRADITION OF QUALITY SINCE 1913

What every new bride should know!

Let's see!
 His shirts... starch or no starch?
 His eggs... sunnyside up or over lightly?
 His coffee... a bit on the strong side?
 His steak... medium-rare or rare-rare?
 His favorite pie... apple or cherry?
 Knowing these things is important.
 Knowing this is important, too: A&P is a store you can trust.
 Brides have been doing it for over a century.
 As a matter of fact, nobody has ever had more brides walk down their aisle than A&P.
 We think it's important for brides, new or old, to find a store they can trust, to know that everything they buy is totally guaranteed.
 That's A&P Policy.
 No matter who makes it, if A&P sells it, A&P guarantees it.
 Is this a good reason for shopping A&P? It's one of many.

Campers Club has been formed.

The aims of the club are to promote camping among Volkswagen owners; to encourage the ing areas, places to go, and things to see; and to share ideas on conversion of vehicles for camping and appropriate equipment. The VW club is a family camping organization with membership open to any family that uses a VW for camping. The club has no affiliation with any other camping organization or the manufacturer of the vehicle.

A first meeting was held on May 12, at Gibb's campground in Altamont, during which the following officers were elected to serve until the first regular election in November this year: President, Harold Miller, Albany; Vice President, Don Brower, West Ghent; Secretary, Frank Conley, Delmar; Treasurer, Ed Maloney, Watervliet.

Electric heat needs no annual cleaning, no filter replacement, no rust removal, no boiler repairs, no furnace repairs—no nothing!

There's more. With electric heat you don't have to order the fuel. You don't have to stay home to accept delivery. You don't have to worry about sudden breakdowns.

There's more. With electric heat you don't have to swelter in the living room to keep the bathroom warm. You don't have drafts along the floor where the baby crawls

around. You don't have to wait around in the chilly dawn for the heat to come up.

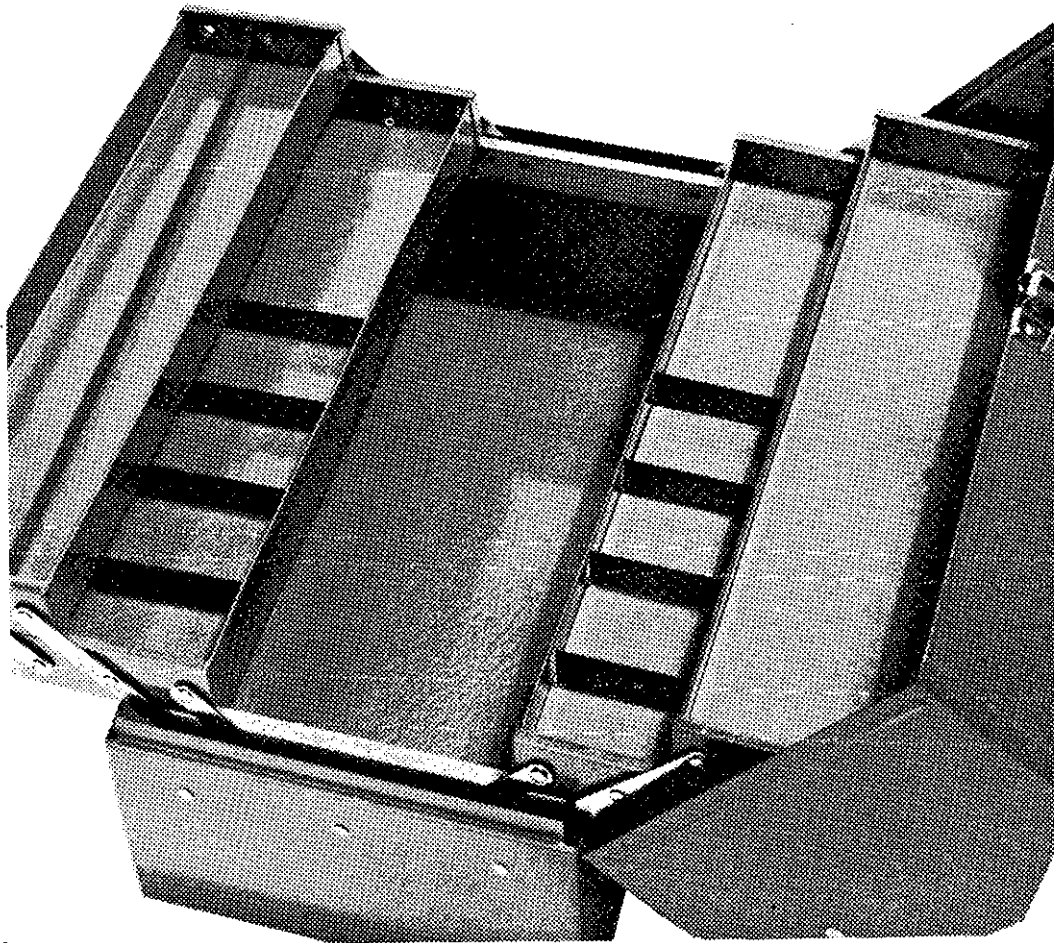

You pay a little more for electric heat. You get more with electric heat. You get modern, steady, even heat. Clean heat. Peace-of-mind heat.

The Taxus Weevil

The taxus weevil or black vine weevil as it is also known, is the most serious pest of yews. It can also be a serious pest of broad leafed evergreens such as

rhododendrum, mountain laurel, and azealeas.

The adult taxus weevil is black, about 3/8 of an inch long and is wingless. Since it cannot fly, it's damage is usually confined to individual plantings and in nurseries. The adult weevil emerges from the soil in late June to feed

on the foliage and to lay eggs in the soil. Since the adult weevils hide during the day and feed at night, they are seldom seen. However, the crescent shaped feeding marks give the edge of the leaf or needle a scalloped appearance that is easy to recognize.

The tire industry has finally discovered radial tires.

Michelin invented them 19 years ago

They scoffed when Michelin introduced the radial ply tire in 1948. Just another gimmick, they said. Couldn't possibly last.

But now, most of the tire industry is burning the midnight oil to come up with new radial designs. The reason is that automobiles have advanced much faster than the tires that support them. The ever-more-powerful engines, power steering and brakes, and high-speed freeway driving are harder on tires than ever before. Which is why you're probably not getting the tire mileage you did 10 years ago. Here's why.

Under today's driving conditions, the tread on an ordinary tire squirms and squiggles on the road and grinds the rubber off faster. This is because the relatively stiff sidewalls won't flex and let the tread stay in contact with the road.

But a Michelin tire has radial plies - that is the plies are perpendicular to the ground. This makes the sidewalls extremely flexible and keeps a larger area of tread on the road. Without squiggling or squirming. And each Michelin tire has a tough layer of steel cord that circles the tire between the tread

and the radial casing. This reinforces the tread and prevents it from distorting. It's the combination of radial construction and the layers of steel cord that makes Michelins so long-lasting. In fact, a set of Michelin X tires can easily last as long as your car. Many Michelin tire owners get 60 to 70 thousand miles from a single set. That's why we can guarantee that you'll still have tread left after 40,000 miles. That's also why Michelins are offered as optional equipment on two of Detroit's finest high-performance cars.

Well, we're glad we stuck to our guns. Because it's given us 18 years to make Michelin X radials the safest, most economical tire you can buy. Michelin whitewall tires are available in sizes to fit any car.

So before all the shouting starts about "new" radial tires, discover Michelin X - the original radial tire.

Guaranteed for 40,000 miles of tread wear*
Compact size costs less than \$40

Although it is the feeding of the adult weevil that can be seen, it is the injury caused by the grub or larvae that is most damaging to the plant. After the eggs hatch during July and August, the grubs or larvae enter the soil and feed on the roots. As few as

eight larvae have been known to kill large sized yew.

Now and during the next few weeks, is a good time to inspect your plants for signs of weevil feeding injury. These crescent shaped notches may be as small as an eighth of an inch or ex-

tended feeding may remove one side of the needle or leaf. In some cases, the yew needles will have the end completely cut off.

If you see damage of this nature, spray the soil around the plant, the trunk and the branches with a spray containing chlordane. Use a mixture of 2 teaspoons of the 72% liquid concentrate or 5 level tablespoons of 4.6 wettable powder in each gallon of water used. Dieldrin is also effective against this pest. The usual time to spray is the last week in June. Timing of the spray is quite important in order to kill the adult weevil while it feeds and before it lays eggs. Spraying the soil will kill any small larvae that do hatch.

Be sure to inspect your yews and broadleaf evergreens for evidence of this pest. Newly planted shrubs often carry the

larvae in the ball of earth, so be sure to check them carefully. On spray should take care of the taxus weevil.

High School Graduates No Experience Required

Becoming a technician in many businesses is very difficult if you do not have college training or related experience.

General Electric's new Polymer Products operation will give you this chance if you have the aptitude for technical work.

This is an opportunity for technically oriented high school graduates to start a new career as a technician in the rapidly growing plastics industry. Extensive on-job training and college level courses in plant or through tuition refund on campus will prepare you for further advancement.

A broad range of openings in laboratory processing areas are now available.

Where More People Buy For Less!

The Light Touch

By Bob Jackson

It's probably true that you can't fool all the people all the time, but those highway interchange signs come pretty close.

Never argue with your doctor - he has inside information.

Show me a woman who takes in laundry while her husband pickets, and I'll show you someone who irons while the strike is hot.

Life insurance agent to would-be client: "Don't let me frighten you into a hasty decision. Sleep on it tonight and if you wake up tomorrow, let me know then."

The good old days are made even better by poor memories.

It will seem like the good old days when you visit Delmar Lumber for service and attention on any home improvement.
