LETTER

To the Editor:

As members of BEST (Bethlehem for Economical Sewer Taxes), we would like to call to the attention of every taxpayer in Slingerlands, Hamagrael, southern Delmar, the Murray Avenue area, Colonial Acres, Bethlehem Center, Glenmont and Selkirk the urgent necessity of voting on March 7 for the proposed Delmar-Elsmere Sewer District Extension. To vote, your name must appear on the tax roll; both husbands and wives may vote if both names are on the roll.

Your good health and your future are at stake. Not only do we want to avoid for ourselves and our children such diseases as infectious hepatitis, gastric enteritis and the typhoid-like salmonella infections, we also want to comply with existing state orders to stop polluting our waters. Our pollution problems are serious and increasing. If we don't solve them, we face severe legal penalties and fines as well as the increasing likelihood of disease.

By voting **YES** on March 7, we can take advantage of over three million dollars in state aid under the Pure Waters Program, aid which might well otherwise be lost. We can also insure the financially sound and physically healthy growth of our town.

If we fail, if the proposed extension is defeated, we risk our health and the soundness of our pocket-books. In brief:

- ... Delay threatens us with severe health hazards;
- ... Delay will increase the cost for each taxpayer for what we must do anyway by law.
- ... By acting positively now, we insure that we as a community continue to grow, so that there will be each year more people to share the tax burden we assume.

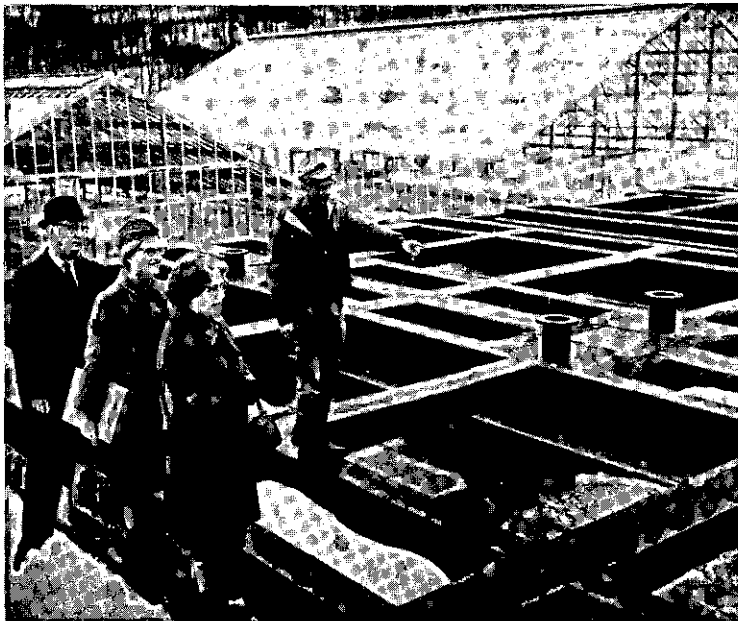

When we vote **YES** on March 7, we show our individual, personal concern for the health of our children and ourselves. We show our financial good common sense. We show our confidence that our elected representatives share and will continue to have our future best interests at heart.

For goodness sake, as well as for economic reasons, vote for the extension of the Delmar-Elsmere Sewer District. The health we save may be our own.

Sincerely,
Mrs. V. A. VanVolkenburgh (BEST)

RAW SEWAGE IN BACKYARD DITCH — HEALTH HAZARD — The four Thatcher Street, Selkirk, homes partially shown above, and several others, discharge their raw sewage into the ditch in the foreground. The ditch eventually drains into the Hudson River. Inspecting the situation are, left to right, Merwyn Atwood, Executive Secretary of the Delmar-Elsmere Sewer District; Mrs. Anna Maynard, Public Health Educator from the Albany Regional Office of the New York State Department of Health; and Mrs. Arthur McHugh of Elsmere, representing BEST (Bethlehem for Economical Sewer Taxes). The owners of the pictured homes, and others similarly situated, are subject to fines of \$500 plus \$100/day until they stop polluting local waters, unless the Sewer District is extended to serve them or unless Selkirk constructs its own municipal treatment facilities. They also risk contracting such viral and intestinal diseases as infectious hepatitis, gastric enteritis and the typhoid-like salmonella infections.

INSPECTION OF THE NOW INADEQUATE DELMAR-ELSMERE TREATMENT PLANT — From left to right, Merwyn Atwood, Executive Secretary of the Delmar-Elsmere Sewer District; Mrs. Anna Maynard, Public Health Educator from the Albany Regional Office of the New York State Department of Health; and Mrs. Arthur McHugh of Elsmere, representing BEST (Bethlehem for Economical Sewer Taxes) are shown the Sewer District's primary treatment plant by Dick Van Iderstine, Plant Operator, which consists of settling tanks and drying sheds. The State Health Department has ordered the district to stop polluting Normans Kill, which would require improving present equipment and adding a secondary filtering process treatment system. The District Officials, after extensive engineering and financial studies, have concluded the most effective and economical solution to the pollution problems of the area is to extend the District and build a completely new and effective treatment plant and additional sewers. The taxpayers of the proposed extension will vote on the proposition on March 7, at the Bethlehem Central Senior High School.

Wins Honor

Lyn Donovan, a junior at Bethlehem Central Senior High School, and a member of the shorthand I class, has earned a certificate awarded by the Gregg Publishing Company for completing the test of her knowledge of the complete theory of Gregg shorthand with 90 percent accuracy. The Complete Theory Certificate is awarded to students who are able to take 100 words or phrases in ten minutes of dictation and transcribe them in twenty minutes accurately. Lyn accomplished this in January and was, therefore, exempt from the January mid-year test in shorthand.

At Conference

Mrs. Roberta Raymond, a business teacher at Bethlehem Central Senior High School, attended a conference for beginning business teachers at the State Education Department on Monday, March 3.

The conference was arranged under the direction of Hobart H. Conover, Chief of the Bureau of Business Education. The purpose of the meeting, which involved several members of the State Education Department staff, was to acquaint beginning teachers with the total program of business education in New York State, including the aids available through the State Education Department. Some time was spent discussing the Regents examinations in the business education subjects.

The Les Enfants, a local barbershop quartet, placed first in Divisional competition, held on Saturday, February 15, in Pittsfield, Mass. The members of the quartet come from two local chapters of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc. David Price of 14 Kilmer Court in Delmar sings tenor, George Bleezarde of 8 Madison Avenue in Ravena sings lead, and Thomas Cogan of 31 Sparkill Avenue in Albany sings baritone. They are all members of the Ravena-Coeymans-Selkirk-Glenmont-Cedar Hill Chapter. The quartet's bass, Robert Daniels of Cropseyville, N.Y., is a member of the Albany Chapter. The Les Enfants, now beginning their fourth year, won the 1969 Division II Novice Quartet Championship by outpointing thirteen other sectional quartets with their rendition of "I'm All Alone."

Ravena's "Spikehorn" Chorus won the alternate position behind Division qualifiers, Poughkeepsie, Saratoga, and Pittsfield, Mass. Other competing groups were Kingston, Schenectady, Albany, and Northampton, Mass.

The Les Enfants will be one of the feature quartets on the Spikehorns' spring show which will be held in conjunction with National Harmony Week on Saturday, April 12, at the R-C-S Central School.

Jr. Jobs Report

Bethlehem Central Junior High School's student employment service, Junior Jobs, has been in operation since October, 1968. During the months since that time they have sent sixty students into more than 150 Tri-Village homes to render a variety of services, including: yard work and leaf raking for 54 families, snow shovelling for 21 families, babysitting for 23 families, manuscript typing for 1 family, pet care (dogs, cats, birds) for 7 families, ironing for 7 families, teaching baton twirling for 1 fam-

School with a presentation by the Metropolitan Opera Studio Ensemble. This will be a concert of famous excerpts and songs from shows familiar to all. Those who believe that the Metropolitan Opera Studio caters only to serious music with an educational undertone in programming are in for a happy surprise. "Vienna to Broadway" as the title of this touring production implies, consists of almost two hours of musical comedy and operetta, in a spirited journey not only across half a continent and an entire ocean, but also of four-score years. The only educational element is for the four, young handsome singers whose aim is a career in music. The singers are so very versatile that they can switch from Franz Lehar to Richard Rodgers to Gilbert and Sullivan without trouble.

The quartet, composed of two men and two beautiful young ladies, will open the program with "Vienna, My City of Dreams." A grouping of songs follows which dwell on Vienna. Then to Paris the singers go, performing a series of songs from the famous "Irma la Douce." Then on to London and we'll hear songs from Oliver - "As Long as He Needs Me," for instance, and a selection from "The Mikado." The Broadway portion of the program will be a fast moving selections from our favorite shows. "There is Nothing Like a Dame," "Can't Help Lovin' dat Man," "The Rain in Spain," "Make Believe," and a finale with "Mame" are some of the great songs the audience will hear.

In return for these services, Tri-Village families have paid the workers roughly \$1,300.

From time to time they have requested reports on the work

and attitude of the students who have been employed. Many comments have been positive, like "excellent worker," "asked him to come back for other work," "recommended him to a neighbor," "eager to please," "willing, cooperative," "a credit to his school and parents," "the best boy worker we ever had." There have been negative comments, too, but much fewer than the positive ones.

Junior Jobs' clerical work is done by a staff of volunteer Business students who work at least one period per week to administer the program by answering the telephone, typing file cards

for all employees and employers, messenger service, and general clerical work. The staff consists of Jan Alger, Marie Allen, Cary Baranousky, Bobbi Bylsma, Pat Davis, Linda DiBiase, Denise Keating, Debbie Kundel, Karen Salisbury and Lynn Sprague.

Drive Success

Petitions containing signatures of 292 owners of property located in the North Bethlehem Community were received by the Bethlehem Town Board Wednesday evening. Presentation of the petitions highlighted the completion of an accelerated three-

week door-to-door canvass for support of a new public water extension into the North Bethlehem area.

From the inception of the plan to supply town water to the northern most corner of Bethlehem, town officials have shown their support and interest from the Supervisor's office on down. This was evidenced recently by attendance of various town representatives including Supervisor Kohinke at an informational meeting held in the North Bethlehem Fire Hall, February 2.

THE SPOTLIGHT

Operations of Water District #1, showed 70.6 percent of the property owners signed in favor of the extension and their assessed valuation equalled 66.9 percent of the total assessed valuation of the area to be affected. In each case, these figures far exceeded the 51 percent requirement in each category.

Words of praise were forthcoming from Chairman of the canvass committee, Kenneth P. Hahn, to his petition carriers for degree of success and their personal contributions of time and energy that put them over the top in the number of signatures obtained. Those persons making up the petition team were Henry Fliegel, Norman Kellerman, Donald Andersen, Frank Karl, Sidney Eisenhandler, Donald Selee, Kenneth Mabie, Howard Parsons, Elio Micheli, Michael Regan, John House and Kenneth Hahn. An equal amount of praise was credited to the committee's hard working Secretary, Carolyn Lyons, who has been a willing and devoted worker through the entire campaign.

Annual Report

Expansion plans costing almost \$450 million to meet the

growing demand for more and more energy in the next four-year period were described by Niagara Mohawk Power Corporation in the company's annual report to shareowners, issued recently.

Additional electrical generating and transmission facilities as well as construction and improvements on Niagara Mohawk's natural gas system are included in the expansion program, which in 1969 will be highlighted by the anticipated completion of Nine Mile Point Nuclear Station on Lake Ontario, near Oswego. The plant will ultimately generate over 600,000 kilowatts and is expected to go into service in the fall.

The report notes that Niagara Mohawk filed new electric rates with the New York State Public Service Commission which, if approved, will increase annual electric revenues by about \$21.8 million. Presently the subject of public hearings, the increase is necessary, the report states, to help offset uncontrollable rises in costs including taxes, wages and the prices of materials and equipment.

In a foreword to shareowners, Earl J. Machold, chairman of the board, and James A. O'Neill, president state: "In our pending electric rate case, we are pressing for rates which will secure us earnings consistent with our operating costs." In connection with recent earnings decline, they state: "These higher rates, essential to offset increases in our operating costs, should enable our earnings to resume an upward trend."

LETTERS

Dear Taxpayer:

Tomorrow, Friday, March 7, is perhaps the most important day in the history of the Town of Bethlehem. By vote it will be decided if the Proposed Extension No. 8 to the Delmar - Elsmere Sewer District will be approved. We urge all taxpayers within the proposed area to support our Pure Water Program.

If our Town is to grow and prosper, the expansion of our

present sewerage system is im-
perative and we in Town Govern-
ment ask for your approval of
this extension. Vote YES on
March 7 at The Bethlehem Cen-
tral Senior High School between
the hours of 8 A.M. and 8 P.M.

Dear Editor:

Recently students at Albany
Business College, enrolled in the
Marketing-Retailing program,
conducted a person-to-person sur-
vey in the Capital District. Ob-
jectives of this survey were to
point out to area retailers what
today's consumer wanted and ex-
pected from the retailers busi-
ness establishment.

We would like to thank the
hundreds of cooperating con-
sumers we interviewed by tele-

Their kind help and time pro-

Decision Meeting

Historical record shows that
the Bethlehem Community Am-
bassador Project had its incep-
tion in 1955 and that it was es-
tablished by the Bethlehem
Young Adults as a part of the
adult education program. In the
intervening 14 years the Project
has sent out 14 ambassadors to
as many countries, and has made
arrangements for 10 incoming
groups of Experimenters, as well
as for several individual incom-
ing ambassadors. While it often
seems that the effort has repre-
sented only a drop in the buck-
et compared to the problem of
persuading the peoples of the
world to know and respect each
other, the fact remains that the
Project has gained for the com-
munity valuable and enduring
contacts in many countries. Cer-
tainly this area is much the rich-
er for these experiences.

The Project has always neces-
sarily been a volunteer organi-
zation of people dedicated to the
worth of the basic idea, but it
cannot function in the long run
without the moral support and
interest of the community. A
point has now been reached at
which vital decisions must be
made. For this purpose a meeting
will be held at 8 P.M. on Thurs-
day, March 13, in the Commu-
nity Room of the Delmar Branch
of the National Commercial Bank
and Trust Co.

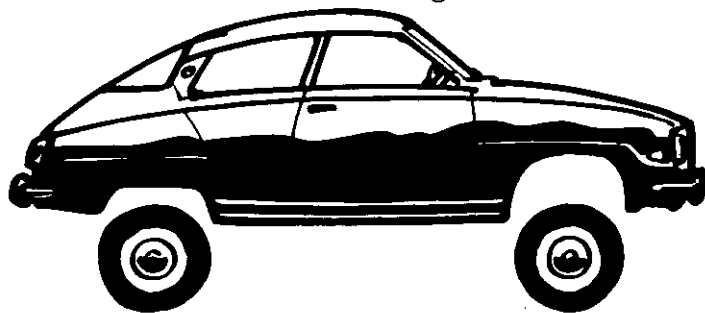

Specifically the objectives of
this meeting will be to decide
whether: (1) to continue to send
out Community Ambassadors in
the future. (It is too late to ar-
range for one in 1969); (2) to con-

POTATOES BULLY HILL

Finding new ways of fixing potatoes can sometimes be a problem. If you have never had potatoes Bully Hill style, now's the time. Makes 4 to 6 servings.

4 large potatoes, peeled and thinly sliced • 1 1/2 cups onions, thinly sliced
2 teaspoons salt • 1/2 teaspoon black pepper, freshly ground
5 tablespoons butter or margarine • 1/2 cup Great Western Chablis
1/4 cup heavy cream • 2 tablespoons Parmesan cheese, grated
2 tablespoons dry bread crumbs

In buttered 9-inch pie plate, arrange layers of sliced potatoes and onions, seasoning each layer and then dot with half the butter. Mix wine and cream together, and pour over top; sprinkle with cheese and bread crumbs, and dot with remaining butter. Bake in 375 degree oven 45 minutes, or until potatoes are tender. Serve in pie-shaped wedges.

continue to receive incoming groups. (It is probably not too late to apply for one for 1969); (3) there are other programs arranged by the Experiment in International Living which might be preferred to either of the above; (4) the name, form, and purpose of the organization should be changed.

All of those who have previously been associated with the organization in any way, those who have participated in any program sponsored by the Experiment in International Living (host families, Experimenters, etc.), representatives of the various community organizations, etc., are urged to be present so that whatever decisions are taken at this meeting will, in fact, reflect the wishes of the people of the Tri-Village area.

Excerpts

From "The Guidance Newsletter" of Bethlehem Central Senior High School

National Merit Scholarship Finalists

The following seniors at Bethlehem Central High School, who were designated as semifinalists last September in the National Merit Scholarship Competition, have now advanced to finalist status.

Marilyn Baum, daughter of Mr. and Mrs. Werner C. Baum

Gary Bedrosian, son of Doctor and Mrs. Levon Bedrosian

Ann Mladinov, daughter of Mr. and Mrs. John Mladinov

Carolyn Rogers, daughter of Mr. and Mrs. E. Lloyd Rogers

Susan Vanderlinde, daughter of Dr. and Mrs. Raymond Vanderlinde

Joanne Yungman, daughter of Mr. and Mrs. J. A. Yungman

Only finalists can be considered for Merit Scholarships. In 1969, the group of about 15,000 Finalists will compete for approximately 1000 one-time National Merit \$1000 Scholarships and for about 1800 sponsored Merit Scholarships renewable for up to four years of college study. All Finalists will be notified of their status in the Merit Scholarship competition by April 28, those who win Merit Scholarships will be notified by March 26.

Regents Scholarship — Basic Professional Education in Nursing

In last week's issue of The Spotlight, we inadvertently omitted the name of Gayle

Apprentice Programs - General Electric Company

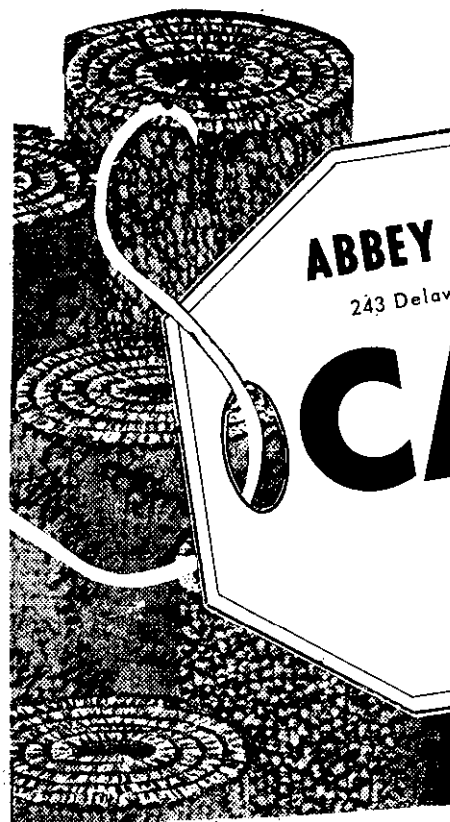

The General Electric Company in Schenectady has Apprentice Programs for Machinists, Tool-makers, and Draftsmen. Requirements are two years of college preparatory, math, including algebra and geometry. Drafting apprentice requirements also include one year of mechanical drawing and a course in physics. Interested students should call Mr. Fritz at General Electric, telephone 374-2211, extension 5-3257.

Appointments to Service Academies

Eleventh grade boys who are interested in applying to The United States Air Force, Military or Naval Academies for admission in September 1970 should contact their United States Senator or Representative now to seek a nomination to become a Cadet. Many congressmen use the summer months to screen prospective candidates. The United States Coast Guard Academy does not require congressional nominations as part of its admissions process.

Notifying Colleges of Your Decision

After you have been accepted for admission by colleges to which you have applied, and you have chosen the one that you plan to attend, first notify that college of your decision and pay the required deposit. Next, be sure to advise the other institutions that have accepted you that you do not plan to attend, and thank them for their consideration. This procedure is extremely important in that it makes a little easier the very difficult job of college admissions, it helps to create a good rapport with colleges, and it reflects your courtesy and consideration.

ity has been utilized by "Quarto," a professional group that toured the state presenting dramatic programs.

Aside from her interest in theater, Miss Kimmey is a Docent in Egyptology at the Albany Institute of History and Art, giving lectures and tours steeped in the study of ancient times to school children. She is also a speaker for Volunteer Tie-Line, a woman's volunteer organization whose purpose is to disseminate information about services made available by the State. Miss Kimmey's topic is The New York State Council on the Arts which supplied, for example, the services of an architect in the planning of the Players proposed theater. Tie-Line also provides information on air and water pollution as well as the preservation of historic sites.

What induced this busy lady to return to Community Theater? Last month the Slingerlands Players produced "Lady on the Rocks" as a public service for the Mental Health Department. Miss Kimmey played the lead and then later commented, "I'd almost forgotten how much fun this is!"

Kimmey will play a vital role in "Dear Friends," the CBS Playhouse drama by Reginald Rose which will be presented on March 7 and 8 at the Bethlehem Central Senior High School at 8:40 P.M. Ending an eight year lapse of participation on the Slingerlands stage, Miss Kimmey has been an active worker behind the scenes as Chairman of the Building Committee which brought about the purchase of the Players' new home. New Brochure

Albany Savings Bank is making local banking history - with publication of a colorful 34-page brochure detailing the bank's activities during the past fiscal year.

It's the first such public report issued by the bank, Albany County's largest savings bank, in its 148-year history and stems from president William L. Pfeiffer's concern for public relations and advertising.

Last fall Frank Wille, state banking superintendent, told the annual convention of the Savings Bank Association of New York State in Puerto Rico that savings banks ought to give more disclosure of their activities.

A new Albany bank president, who received a copy of the Albany Savings Bank annual report said today, "Bill Pfeiffer's beat Wille to the punch with his annual report." The banker said it's the first time in memory that he has ever seen any savings bank in Albany issue a public annual report and even mail it out to rival bankers.

Highlights of the first annual report to Albany Savings Bank:

- The bank has the biggest total of its mortgage portfolio in New York State, with 7,423 loans totaling \$120.3 million. The State of California is second, with the bank having 3,894 mortgage loans on property there totaling \$54.9 million.
- The number of depositors, at 92,887, and total bank deposits, at \$292.6 million, reached new highs in 1968.
