

## Next Step

On Sunday, March 16, 7:30 P.M., at the First United Methodist Church, Delmar, there will be a program concerning the local mission outreach of Delmar with the problems of the Albany inner city. The church has sponsored several open discussions of the state of society generally and, specifically, about the inner city tensions, frustrations, and problems. This analysis has been helpful. The next step is being taken by the Missions Commission of the church to explore the actual current program of involvement.

The panel will consist of Larry Burwell, executive director of the Urban League; James White, director of Neighborhood House; Reverend Fred Heleine, director of the Albany Methodist Inner City Ministry; and Mrs. C. Theodore Carlson, who will speak of the work being done by volunteers. Dr. Richard Antemann, chairman of the Missions Commission, will be moderator.

The Urban League, Neighborhood House and Albany Methodist Inner City Ministry are currently supported financially by the First United Methodist Church; other Tri-Village churches also contribute to one or more of these organizations.

The public is invited to attend this session, to complete the picture of what is being done now. And this, of course, is prerequisite to thinking about what should and can be done!

## Meeting

The Elsmere Rod & Gun Club will hold its monthly meeting at the Elsmere Fire Hall on Thursday, March 20th at 8 P.M.

Guest speaker will be Dudley Soper, widely known fly fisherman, who will give a demonstration of fly tying.

The public is invited. Plan to attend.

## Luncheon

The Tri-Village Welcome Wagon Club for Newcomers will hold a luncheon and spring fashion show at the Golden Fox restaurant on Central Avenue in Albany. The fashion show will be

## Getting Ready

In preparation for conversion to the Intermediate School concept next fall, Bethlehem Junior High teachers and administrators are taking a fresh look at every phase of educational practice and procedure. Numerous in-service workshops have been scheduled for the spring semester in order to reassess and revise teaching methods to better meet the needs of the intermediate age group children (6th, 7th, & 8th) who will be grouped together in the Junior High building next year.

On March 4, Dr. Susan S. Smith, N.Y. State Consultant for School Libraries, spoke to the faculty on "The Library in the Intermediate School." Dr. Smith presented a 20-minute film entitled "Resources for Learning" which demonstrated methods for making more effective and stimulating use of library facilities. She told teachers to think of the librarian as their "silent partner" and the library as a "second classroom" for their students. She stressed the importance of informing the librarian of special subjects being studied in classrooms, so a coordinated independent study program could be established to stimulate and encourage student use of the library. With a coordinated effort between the school librarian and the classroom teachers, all resources pertaining to a given subject matter can be drawn together for enrichment of the educational process. Films, photographs, books, magazines, newspapers, etc. can all be used more effectively if they are cataloged and housed in the library as a central resource center for use by all students and teachers.

Other workshops covering such subjects as team teaching, social studies, integration of special art and music classes into the whole learning process, etc. have been held or are scheduled over the next few months.

put on by Town and Tweed. Cocktails will be served at noon and the luncheon will start at 12:30. Due to a conflict of dates concerning school conferences, the date for this luncheon has been advanced to March 18.

## Black History

The Bethlehem Central Teachers Association and a group of students from the Senior High School will jointly sponsor a series of six weekly lectures on "Black History and Culture in the United States." First lecture was Wednesday, March 12, and they will continue every Wednesday through April 16. Each lecture will be held in the Senior High School auditorium and will begin at 7:30 P.M.

The major portion of the series will be conducted by Freeman Robinson, Coordinator of the Carver Day Care Center in Schenectady. Other presentations will include one by Stephen Cole of Union College on Black Culture and another will concern the Role of Women in Black Society. The series will end with a panel discussion by the participants on the topic: "Where is the Movement Headed?"

The teachers and the students are concerned about the limited opportunity some residents of the community have had for exposure to the historical and cultural contributions of the black man to American life. They hope that this series will dispel some of the "myths" which have developed out of ignorance by presenting the black man in historical perspective.

Teachers, parents and students are urged to attend this series. Admission is free.

## Spring!?

There is a feeling of spring in the air and to many, young and not so young, that means the baseball season is approaching. So you bookworms (grades 4, 5, 6) on Wednesday, March 26, at 3:30 P.M., come to the Bethlehem Public Library and enjoy the film, "Casey at the Bat." This is the classic and very funny tale of a mighty batter and what happened on an immortal afternoon in Mudville long ago. The program will be a barrel of laughs.

## Hat Show

A Spring Hat Show, under the direction of Mrs. William B. McGoey, of Ann's Hat Box will be

featured at the March 19 meeting of the St. Thomas Altar-Rosary Society. A Lenten Mass will take place at 7:30 P.M. in the church, followed by the meeting in the school auditorium.

Mrs. James Flavin will be the commentator, with Mrs. William Sullivan providing background music.

The models will include Mrs. Francis L. Barclay, Mrs. William P. McKeough, Mrs. Julio Guaglieri, Mrs. Henry Rauche, Jr., Mrs. George Reeber and Mrs. Raymond Sorrows.

A sale of articles made by the blind has been arranged by Mrs. Martin Scully.

## Meeting

The next regular meeting of the Bethlehem Historical Association will be held Thursday evening, March 20, at the Little Red School House at Cedar Hill, Selkirk.

William H. Waldbillig requests that all members make a special effort to attend. The Association will vote on revision of the Constitution and By-Laws and new plans for improving the facilities of part of the building for better ways to show exhibits. These plans were submitted to the Association by the New York State Council on the Arts, through Mr. Wehre, who is Consultant to the Association.

The program will be presented by Mrs. Elizabeth Booth, who will talk about antique "Gems and Jewelry." Members are requested to wear heirloom jewelry they may have inherited from ancestors.

The social hour will be in charge of Mrs. Howard Gier and Mrs. Alfred C. Werner.

I can pray with you; and sometimes we need prayer more than either money or medicine.

If you already know God, and if you are happy in your own church and with your own pastor, please do not call me. In time of special need call your own minister. He will be glad to help you.

But if you do want God and do not know how to find Him, and do not have a minister of your own to call, please do not hesitate to allow me to be your minister. There will never be any fee charged for any service I give, whether it is a visit, or aid in time of bereavement and sorrow. ## New School

A new school has recently opened in Albany at 275 State Street which provides a pre-school experience for children whose age range is between 2 years, nine months and five years. It is open from 9 to 11:30 A.M. five days a week.

The school has a number of unusual features which make it particularly interesting.

First, the school will bring together a group of children from all racial and economic backgrounds. It is felt that it is most important for children to learn first hand and at an early age that it is possible for all segments of the community to communicate and co-exist with one another. Secondly, the school will provide a positive learning experience for the child where the principals of Maria Montessori and the theories of such as Piaget provide the basis for the structure and activities in the classroom.

Full time teachers will be Mrs. Paula Barber of Schenectady and Mrs. Pauline Guinlan of Delmar, who bring to the school their full qualifications plus experience and training in the Montessori method of education.

Part-time teachers will be Mrs. Mary Ann Ricker of Ghent, co-

Concert

The State University College of Fredonia, New York, comes to Delmar by sending its sixty-five piece Symphonic Band, Herbert Harp, conductor, to Bethlehem Central High School for a March concert. As part of the ten-concert annual tour of the Band, a performance has been scheduled for Thursday, March 13, (tonight) at 8 P.M. under the auspices of the Bethlehem Central Music Department.

Herbert Harp

The Fredonia Symphonic Band was organized in 1931 when, at that time, it was the only wind and percussion group at this college. Membership in the Band is obtained by competitive auditions from the nearly five hundred music majors registered in the Music Department.

Herbert W. Harp has been conductor of the Symphonic Band since 1946 and during that time has toured extensively in New York State, New Jersey, and Pennsylvania. This group has, by invitation, played at the Music Educator's National Confer-

## BCHS Project

Students at Bethlehem Central High School have collected \$226 for support of children less fortunate than they.

Of this amount, \$180 will be used to "adopt" an American Indian child through the Save the Children organization. Application has been made for the name of a 10 or 11 year old child in need of such assistance. In addition to the financial support, Bethlehem students will write letters to the child, send gifts at Christmas and birthday times, and otherwise take a genuine in-

terest in the child they plan to help until he reaches the age of 18 years.

The drive was organized through the Bethlehem High Student Council, and members of the council will keep the rest of the student body informed of the child's progress and needs.

The remaining \$46 collected in the drive will be given by the students to the locally-sponsored camp for underprivileged children - Camp Thacher.

## Joint Meeting

Wednesday evening, March 5th, witnessed a large turn-out at the Voorheesville Central School at a joint hearing of the Board of the Town of New Scotland and the Board of the Village of Voorheesville.

The controversial subject was a new shopping center at the State Farm Road and Maple Ave., Voorheesville. At present the property is in the Town of New Scotland and zoned against business.

This would be a second shopping center to the already cleared site on Maple Avenue-State Farm Road intersection, where construction will start on the Voorheesville Shopping Center

## Fund Drive

Vincent H. Crawford, 222 Westchester Drive, Delmar, has been named Chairman of the March 1969 Fund Drive of the Upstate New York District of the Leukemia Society of America. The campaign, during which homes will be canvassed in Albany, Schenectady, Rensselaer, Saratoga, Warren, Orange and Oneida Counties, has a goal of \$116,000.

Mr. Crawford, Executive Vice President of the Albany Savings Bank, was named to the Chairman's post by Dr. Simon Propp, 41 Jordan Blvd., Professor of Medicine at Albany Medical College and President of the Leukemia Society's Upstate District.

Leukemia, a disease of the blood-forming organs, ranks second only to accidents as a cause of death among children in the United States. A chronic form of the disease is prevalent in adults above the age of 40. The National Society supports research for a cure, and, provides monetary aid to Leukemia patients and their families for drugs and medical bills. The Leukemia Society now ranks No. 2 in voluntary health organizations directing funds toward research.

## Annual Meeting

The Annual Shareholders Meeting of National Commercial Bank and Trust Company was held Friday, February 21, 1969 at The Bank's Heartland Auditorium at 40 Beaver Street, Albany, New York.

In his address to shareholders, Lester W. Herzog, Jr., president and chief executive officer, reported new high levels of total resources, deposits, earnings and capital funds in 1968 in spite of the uncertain economic climate that prevailed over the past twelve months.

Mr. Herzog said, effective management of loan and investment portfolios, coupled with tight controls on expenses, enabled The Bank to achieve the highest level of earnings in its history, as net operating income climbed 16.1% to \$5,127,903 for the year. Cash dividends amounting to \$2,598,576 were paid in 1968 on

the 1,299,288 shares outstanding.

Substantial progress has been made toward the formation of the new bank holding company, First Empire State Corporation, and approval has already been received from the State Banking Department. If the Federal Reserve Board of Governors acts favorably on the application, the remaining step would be submission of the proposal to Shareholders for their consideration.

The Bank scholarship program aided many deserving students during 1968. Thirteen 4-H Club members from twelve counties received awards for use in fur-

thering their studies, and through Northeastern New York Community Trust, fifty-six college students entered scholarship programs for the school year 1968-1969. To provide additional training and general information for members of the official staff, a new comprehensive series of one week seminars, which will include all officers during a two year period, began in October.

## New Blazer

Chevrolet next month will enter the sports-utility market with a new smaller four-wheel-

drive model called the Blazer. It incorporates many specifications and features asked for by prospective customers in an extensive survey made last year.

The study showed that recreational and business users would be receptive to a somewhat larger, more powerful, higher styled utility vehicle with better riding, handling, and steering for both on and off road driving.

To meet the wide range of needs of sports-utility vehicle buyers, Chevrolet has designed the Blazer as a simple basic open unit with a single seat for the driver. From that base, the buyer can tailor the unit to his par-

ticular desires from the widest range of options in the industry.

Those wanting a station wagon type vehicle may specify an optional attractive removable fiber glass hard top with full side and rear upper lift gate windows. The lower tailgate swings down for easy loading.

The hard top, available in black and white textured paint finish, is styled to integrate with the functional contemporary lines of the Blazer. Fifteen exterior colors are offered.

Optional passenger single front and full-width rear seats are offered to accommodate up to five adults in comfort. The

## "Royal Gambit"

"Royal Gambit," a drama in five acts by Hermann Gressieker, will be presented at The College of Saint Rose, Friday, March 14,

and Saturday, March 15, at 8:30 P.M. in Saint Joseph Hall. Tickets are \$2 for adults and \$1 for students, and may be purchased at the door.

The German drama delineates the relationship of Henry VIII and the six women of his life, beginning with the dissolution of his marriage to Katarine of Aragon and proceeding through his alliances with Anne Boleyn, Jane Seymour, Anna of Cleves, Kathryn Howard, and Kate Parr.

No one else enters the scene and Henry remains the same throughout; but the women progress in their dress right up to modern times, showing their full knowledge of the lasting effects of Henry's thought, throughout the scenes of candlelit chambers and towers.

The theme of "Royal Gambit" transcends history and poses the most challenging of modern thoughts. Gressieker presents the audience with a Henry who is the epitome of the Renaissance man and then adroitly leads him to contemporary thought, and to the conclusion that the twentieth century is the dead-end of humanism.

## Good Year

By Harry D. Yates  
Chairman, Home Savings Bank

In this, my final report as president of Home Savings Bank, I can only echo the optimism I felt at the beginning of 1968, and say that 1969 should be a good year for Albany and its marketing area. This statement is predicated on the hope that the fever chart of the U.S. economy will not rise to dangerous levels.

At present the country is laboring under a war-spawned inflation and the experts are predicting that it will be worse before it gets better. In spite of this pessimistic view of the national picture, the state capital will continue to be one of the pockets of hope and optimism. We are in the midst of the greatest building boom in the long history of the capital area.

Employment is at the highest level this section has experienced in many years, which will insure the circulation of more money

for the necessities of life. The high employment is due to a large extent to the Human Resources Development, an arm of the State Manpower Service.

There have been some setbacks in the downtown area of Albany. Whitney's Department Store, one of the city's oldest merchantile establishments has closed, and the Ten Eyck hotel, one of the oldest and best known hostleries in the state has gone bankrupt and closed.

To offset these downtown casualties, Mayor Corning has announced a dramatic development plan for a new parking garage on the Whitney property, which will be razed, and expects, with outside interests, to develop a new combined hotel and office building on the Ten Eyck property.

The South Mall billion-dollar complex of state and commercial office buildings is progressing shooting now for a 1973 completion date. The new state university continues its development,

HARRY D. YATES

already one of the largest and certainly one of the most beautiful, architecturally, in the country.

The town of Colonie continues to be the bright spot of the area, as it was last year. The Macy-Sears Shopping Center, as predicted, has been a magnet for a 50-mile area, and development in the Wolf Road-Northway section is proceeding at a prodigious rate. Plans for a new shopping center, the Northway Mall, within a stone's throw of the Macy-Sears development have been announced with an early Spring start.

The first of two new theaters in the area has been opened. Capital Newspaper Corp., publishers of the Times Union and Knickerbocker News, is moving from downtown Albany to a new multi-million dollar plant, now under construction at Wolf Road, Shak-

## Now Renting

It was only a few short months ago that Lake Shore Park Apartments was initially announced as the Capital District's newest and largest \$12,000,000.00 apartment development complex. Since that date, approximately one hundred families have signed leases, have already moved in or will move into this beautiful new haven for cosmopolitan living in a suburban setting, in the near future.

Lake Shore Park was originally designed and conceived by the Carleton Construction Corporation of New York. Carleton has spent hundreds of thousands of dollars to date in the initial phase, a notable contribution to the

booming economy of Colonie, Latham and the Capital District.

Lake Shore indeed is a unique development with many new modern innovations including: Thermostat control heating and air-conditioning, laundry facilities in each building, Hotpoint Appliances, wall-to-wall carpeting, oak floors, dishwashers, 2-door refrigerators, lake front terraces, tennis courts and many other desirable conveniences. Lake Shore's luxurious 1, 2, and 3 bedroom apartments range from \$165.00 affording an excellent opportunity to those who wish a prestige address.

Swift accessibility to Lake Shore is available from Exit 5 on the Northway, then 2 1/2 miles east on Route 155, or just a quarter mile south of the Latham Traffic Circle and east on route 155 near Shaker High. The development is conspicuously located on a 12-acre lake near schools, shopping, churches, just minutes to Albany, Troy, Schenectady, Latham and Colonie Shopping Centers.

## YOUR INCOME TAX

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q — My boss still hasn't given me a W-2 statement. What should I do?

A — Employers are required to issue withholding statements to their employees by January 31, so it would be advisable to ask your employer about it.

Q — I received a package of estimated tax forms in the mail. Does that mean I have to fill one out and send it in?

A — You do not have to file an estimated return for 1969 unless you meet the requirements as explained in the instructions that came with the estimated forms.

Estimated tax forms have been sent to every taxpayer who filed an estimated return for 1968 as well as to those taxpayers who had a balance due of \$40 or more when they filed their 1967 return. The forms are identified with the taxpayer's name, address and social security number just as they appear in IRS files.

If you are required to file an estimated return, be sure to use the forms sent you. It will assure that your estimated tax payments are properly credited to your account.

Q — Can I deduct the assessment I had to pay for a new sidewalk?

A — No, the law generally does not permit deductions for assessments for local benefits that tend to increase the value of your property. The amount of the assessment can be capitalized, however, and added to the basis of your property.
