## Junco's Stone Ends Named One Of North America's Finest Restaurants

Left to Right: Paul Reach, Curtis Circulation Company, Louis, Henry, Vincent, Anthony, Paul Junco.

Corks and flashbulbs popped, the fountain splashed in the patio and strolling musicians played lively Latin melodies for hundreds of guests at a very special affair.

It was July 14, 1969, the most beautiful July afternoon ever for the Junco brothers. Junco's Stone Ends in Glenmont had just been awarded the Holiday magazine certificate which formally placed it among the finest restaurants in North America. It was a proud day for the Juncos, their reward for more than 15 years of devotion to excellence in dining.

Selection of restaurants to receive the award is made from the detailed reports of qualified gastronomic experts who dine anonymously. It is granted for dining distinction based on three inflexible criteria: exceptional food, an inviting atmosphere and service which is not only well

trained but also genuinely human. And of course, (as in the case of Stone Ends) it helps to have an intelligent list of wines.

For the presentation and the reception which followed, the Junco brothers outdid themselves in providing imaginative arrangements of fruits and delicacies from all over the world as an artistic background. Mrs. Luciano Junco contributed several lovely and whimsical creations and the Golden Fox was represented by some of the unusual ice sculpture that is its artistic trademark.

"Stone Ends" say Holiday, is "a fine American restaurant of the kind that is fast disappearing." Appreciative residents of this region and visitors from all the 50 states will undoubtedly keep Stone Ends from disappearing for a long, long time.

## Blood Program Seeks 3,355 Pints in August

Nineteen communities throughout northeastern New York State will be visited by bloodmobiles of the Northeastern New York Red Cross Regional Blood Program in an effort to collect 3,355 units of fresh blood in order to meet the needs of 32 area hospitals serving over one million residents in the 13 counties serviced by the program, according to William G. Fraser, blood program chairman.

Mr. Fraser indicated blood donations throughout the region for the month of July ran 30 per cent behind the quota necessary to meet the requirements of the 13 county area.

This shortage, he said, has caused postponement of some elective surgery at several of the hospitals serviced by the blood program.

Fraser said bloodmobiles will visit these communities during August: Albany, Amsterdam, Burnt Hills, Chatham, Delmar, Glens Falls, Green Island, Hillsdale, Knox, Lake Placid, Malone, Mechanicville, Niskayuna, North Greenbush, Plattsburgh, City of Rensselaer, Schenectady, Tupper Lake and Waterford.

Blood will also be collected at the Regional Blood Center, Hackett Blvd. at Clara Burton Dr., Albany, during its three regularly scheduled days of operation each week, Monday, Wednesday and Friday.

The blood collections in your area are scheduled as follows:

Thursday, August 7 - Dannemore Prison; Blanchard American Legion Post, Elsmere Ave., Delmar, 9 a.m. to 3 p.m.

Friday, August 8 - State University of New York, Draper Hall, 135 Western Ave., Albany, 9 a.m. to 3 p.m.

Monday, August 18 - Rotterdam Boys' Club, Curry

Road, Schenectady, noon to 6 p.m.

Thursday, August 21 - State Office Campus, Tax & Finance Bldg. 8, 8th floor, Albany, 9 a.m. to 3 p.m.

Friday, August 22 - State Office Campus, Tax & Finance Bldg. 8, 8th floor, Albany, 9 a.m. to 3 p.m.

Monday, August 25 - Knights of Columbus, Franciscan Hgts, City of Rensselaer, 1 to 7 p.m.

Friday, August 29 - I.B.M., State St., Albany, 9 a.m. to 3 p.m.

Whole blood will also be collected during the following hours at the Regional Blood Center in Albany: Monday's and Friday's from 9 a.m. to 3 p.m., and on Wednesday's between 2 and 8 p.m.

Prospective donors are free to call the Center, 462-7461, if they desire to make an appointment to give blood. Individual walk-in donors may, however, visit the Center during its regular hours of operation without prior registration.

Quota for each bloodmobile visit is 100 units of blood and the Blood Center quota for each operational day is 35 units of blood.

**Learn to Swim  
Campaign  
Successful**

The Albany Chapter of the American National Red Cross announced this week that the first session of their 25th annual Learn-to-Swim Campaign, which served the metropolitan areas of Albany and Rensselaer at Lincoln Park Pool, has been successfully completed. The program was begun July 7th, and served over 300 children in the instruction of swimming fundamentals.

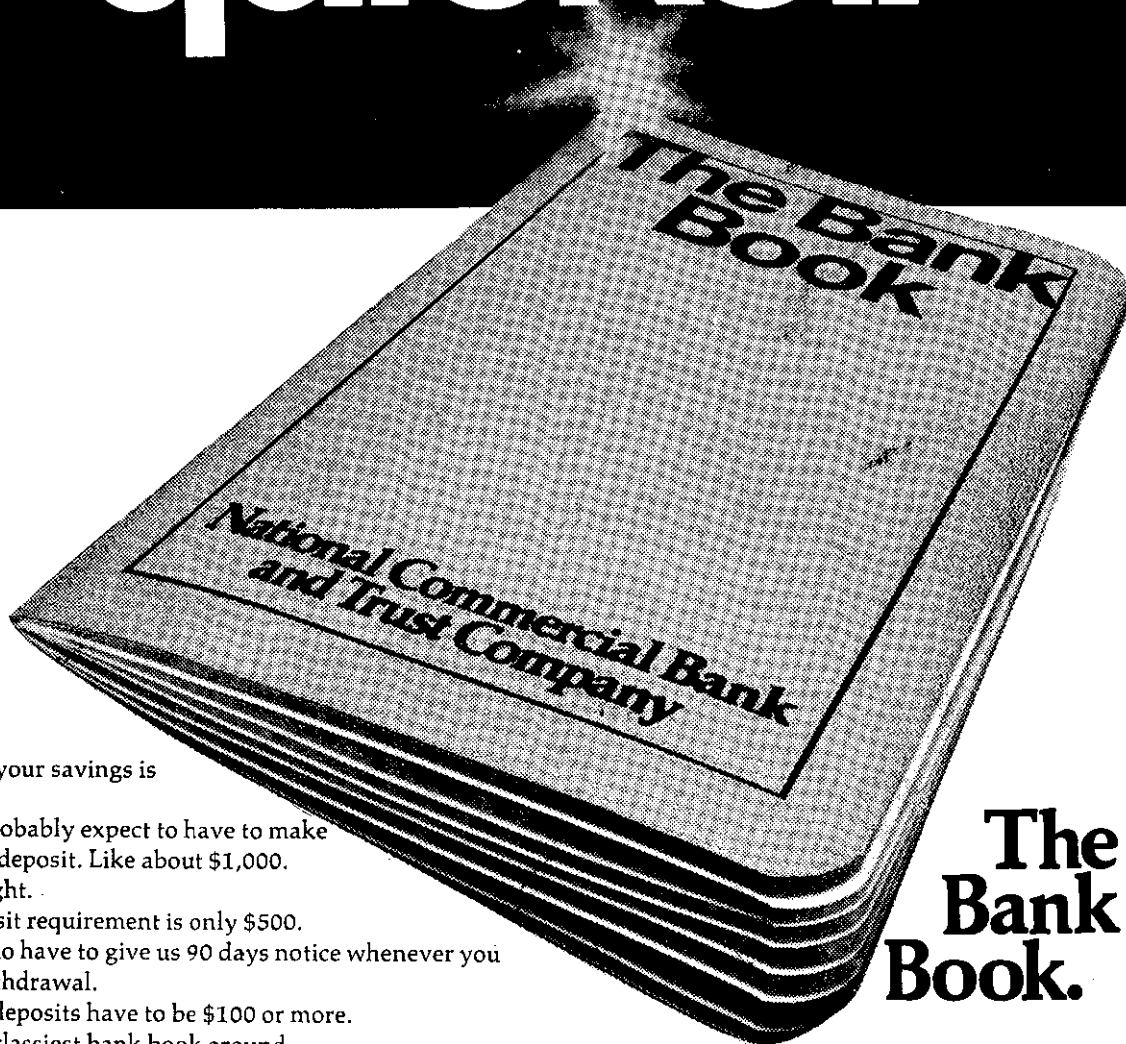

Over the past decades, the Lincoln Pool program has earned widespread recognition for its success in "waterproofing" boys and girls of the Tri-city area. Although young people no longer "pack the pool" as they did in the years when Lincoln was the only accessible outside facility, the quality of the program has not deteriorated. Under the able leadership of pool director, John Caviston, Lincoln's volunteer staff continues to strive for further improvement.

A highlight of the Lincoln program is the special segment devoted to the teaching of handicapped children and adults. Rose Joyce, volunteer chairman of Handicapped swimming for the Albany Area Chapter, heads this six-week session for over 30 handicapped swimmers.

Volunteer swimming instructors who are serving in the Lincoln program include: Al Goodrum, Curt Blackmore, Nathaniel Leonard, Alton Franklin, Sam Blanton, Dave Appie, Raymond Lee, Roy Peterson, and Jim Masterson. Head Shore Lady is Ruth Jones.

The second session of the Lincoln Program will begin July 21st at 9:00 A.M. Any youngsters who may be interested in receiving instruction may register at that date at the pool.

## Lake to Leave Bethlehem Post

Kenneth C. Lake, veteran Bethlehem police sergeant, long credited for his work with juvenile lawbreakers, is planning to retire.

Just when is yet to be determined, but the sergeant's letter requesting retirement was red and accepted recently by the Bethlehem Town Board.

Informed sources report that Sergeant Lake is retiring because of increasing demands from the moving company which he has operated for some time, while continuing on the police force.

Sgt. Lake, who is 55, lives at, 3 Marlboro Road, Delmar. He was appointed a patrolman in December 1953 by C. Arthur Blodgett, then chief of the Bethlehem department. In March 1966 he was promoted to sergeant.

Town Supervisor, Bertram Kohinke explained that a police man may retire in Bethlehem providing he has a minimum of 10 years with the department and has reached age 55.

The Bethlehem Police Department was the first in Albany County to form a Juvenile Bureau to aid youngsters in trouble. The underlying idea was to counsel the young offenders and take other preventive measures to

deter them from acquiring a police record.

Sergeant Lake, along with Capt. Robert Foster, has been credited in the community for the Bureau's initial success. Recently a third man, Patrolman Leo "Pat" Dorsey, has joined the team.

Bethlehem Police Chief Peter Fish once noted that because of the work of the Bethlehem Juvenile Bureau, fewer than 10 per cent of the youngsters are apprehended for a second offense after they complete the bureau's supervision period.

Understandably, to many troubled young people in Bethlehem, Sergeant Lake proved that he was a friend.

*Q - Why did you raise the rate on the highway use tax?*

A - The rate on this tax has not been raised, it is still \$3 per 1000 pounds for trucks with a taxable gross weight of over 26,000 pounds.

The weight schedule, however, was revised effective July 1, 1969 to reflect the fact that trucks are now larger and carry heavier loads than previously.

September 1 is the filing deadline for trucks being used on public highways during July. Form 2290 is used to file and pay the tax.

received jobs.

Mrs. Elaine G. Oden, director of the center, set up to find part-time summer work for 14 and 15 year olds, says job possibilities are babysitting, clerical work and clerking, housework and cleaning. Some of the girls have typing skills.

The bureau welcomes jobs for boys too, although that situation is slightly brighter, Mrs. Oden says. Of the 159 boys who have applied this summer, 84 have received jobs. Most of these jobs involve heavier work -- gardening, cleaning parks and playgrounds, making deliveries, etc.

"These girls from the center city want to work and need the wages," Mrs. Oden says. "But even worse is the harm to their morale when they cannot spend their summer time usefully."

The Odd Jobs Bureau, headquartered at Trinity Institute, is operated by the Albany Urban League with

additional funding from the city of Albany, Albany County Opportunities Inc. (ACOI) and the State Division of Youth.

It is in a two-part program coordinated by the Summer Employment Task Force, under the Council of Community Services. The other program, in conjunction with the Youth Opportunities Center of the State Division of Employment, finds full-time summer work for 16 to 21 year olds.

## Boy Scout Jamboree

Forty men and boys from the Albany area, including Bethlehem, Ravena and Colonie, compose the contingent representing over 600 Fort Orange - Uncle Sam Boy Scout Council boys at the Seventh Boy Scout Jamboree. 35,000 boys from all across the nation and 23 foreign countries as well are participating. The Jamboree started with an opening Arena Show, including a huge fireworks display, to start the week with a bang. The week's activities were varied but all were fun. These special activities included everything from a

Skill-O-Rama, a conglomeration of events composed of an exhibit put in by every troop in camp, giving boys a chance to see a little of the culture of others, to a Hunter Safety Course; from a Conservation Exhibit area, treating everything from actual conservation to atomic energy and smoke jumping, to an obstacle course, completed on for time. Although the final Arena Show will soon officially end the Jamboree, with special attractions being a Presidential message, relayed by Col. Frank Borman and a replay on huge screens of mans first minutes on the moon, some units will stay on a few days, still enjoying full activities. Says Dave Shanholz of Slingerlands, "Its still great and hasn't lost its zest." For most, the "zest" of our Jamboree will never be lost, and the boys will forever remember the fun had, the friendship enjoyed, and the brotherhood exemplified.

*"(Land's Importance)"*

The importance of land in  
the future will reflect three  
factors.

1. What we want.
2. The extent to which we  
create additional machines,  
factories, and buildings.  
Transportation and similar  
tools, which facilitate  
production, will play a part.
3. Our ability to devise new  
techniques for increasing  
output.

What we want will depend  
upon how many of us there will  
be. Our tastes, with respect to  
what we consume, will be  
another consideration.

Looking at the past, we see  
the shape of coming events. A  
century ago, there were 31  
million people in the United  
States. Today, there are over  
200 million. Population experts  
predict that our numbers will  
exceed 300 million by the year  
2000.

On the basis of numbers  
alone, our wants will increase  
one-third. This assumes no  
change in quantities of goods  
and services the individual  
desires.
