Outdoor Concert

A special free concert by the Albany Symphony Orchestra, onducted by Julius Hegyi, with assisting artists, the Nick Brighola Jazz Quartet, will be held on Saturday, September 19th, at 3:30 P.M. on the lawns of the Siena College Campus.

The concert is being sponored by the Albany insurance agency, Rose & Kiernan, in celepration of their 100th anniversary, and to thank its customers and friends for making the first hundred years successful.

"An American in Paris" by George Gershwin, and excerpts from "Hair" and "Man of La-Mancha" will be included in the program as well as the first performance of a commissioned work by Don York scored for symphony orchestra and jazz quartet.

Some chairs will be available but if you plan to attend you may bring your own lawn chairs or blankets, and, if you wish, a picnic lunch.

If it rains, the concert will move to the Siena gymnasium.

THE BETHLEHEM MEN'S REPUBLICAN CLUB free Family Outing to be field at Sunny Acres Day Camp on September 20th from 12 - 6 P.M. has made arrangements to have a Hot Air Balloon Exhibition by Gil Lewis of Dunbarton Drive, starting at about 4 P.M. The Montgofier Balloon (shown above) is named Golden Bear II and was built in 1967 by Don Piccard of Newport Beach, California. Hot air for the Balloon is generated by 3 propane burners rated at 2 million BTU's per hour. It can lift 1200 lbs. The 45 thousand cubic foot yellow envelope with a red, white and blue stripe is made of dacron and is 80 feet high and 50 feet wide. The Balloon is presently owned by Gil Lewis and is operated by the Northeast Balloon Ascension Club. Mr. Lewis plans to give rides to anyone interested. The exhibition is dependent on weather conditions.

Chinchbugs Discovered Here By Garden Shoppe's Jim Howard

"Chinchbugs have arrived in the Delmar area, particularly Colonial Acres," Jim Howard, manager of the Garden Shoppe on the Feura Bush Road, Glenmont, announced last week after making a check of area lawns. His finding was confirmed by a Cooperative Extension representative.

Chinchbugs are sucking insects which feed on the juice from the base of grass, leaves, and stems at the crown of the plant, resulting in patches of dead lawn area. Chinchbugs are most active in hot, dry weather, which we have been experiencing, and they love sunny areas of the lawn.

Chinchbugs are tiny pests, with the adult only 1/8" long and black with white wings. The young are red with a white band across the body, and later, turn dark brown. To really see them, place a coffee can with the bottom removed on the ground and fill it up with water, where the bugs will float to the surface.

Immediate control is imperative, using "Sevin" in granular form; water it in after applying it or use it as a spray. This is available at your nearest garden store or nursery. To achieve complete control, make this a cooperative venture with your neighbors.

The average heaviest damage is occuring in Colonial Acres in Glenmont, where many of the lawns already have extensive brown areas.

If damage is severe, rake up the dead grass to prevent thatch buildup and re-seed.

But act now, as chinchbugs are still active in early fall. With a lifecycle of 7 or 8 weeks, two or more generations mature each season. First generations die in the fall. Succeeding generations hibernate at the approach of cold weather and these are the ones to attack with "Sevin" now.

PRIZE WINNER Henry Arnold of 224 Maple Avenue, Selkirk, right, receives award for \$250 presented him by Michael Albano, president of the Selkirk Democratic Club. Arnold is the father of 13 children. Guest speaker at the club drawing in LaCasa Restaurant was Thomas W. Brown, center, Democratic candidate for the State Assembly from the 102nd District.

LETTERS

To the Editor:

I would like to congratulate Chief Peter Fish and the Bethlehem Police Dept. on their booklet entitled, "Before It's Too Late."

It is one of the best put together and informative booklets on the subject of drugs. I highly recommend every parent to read and to keep at home for future reference.

It's about time we as parents got involved, it's about time we got educated on the use and abuse of drugs. Like the man said, we don't have enough Doctors and Police to treat and educate every potential drug user but we do have enough parents.

People in the Selkirk area may pick up a copy of this booklet at the Selkirk Post Office.

Again congratulations to the Bethlehem Police Dept. on a fine service to our town.

> Sincerely, Louis J. Picarazzi Postmaster Selkirk

Dear Editor:

Concerning your editorial in the September 3rd issue of The Spotlight, no one can doubt the importance of taking public problems seriously. However, there is always the danger of overreacting. Therefore, I object to your petty, vindictive, and very childish editorial.

I have lived in this community for over twenty years. And of course, thoughtless vandalism has occurred occasionally — but to attribute "grubby fingers and a twisted mind" to such as act is ridiculous. "What kind of worms are attacking his brain assuming he has a brain"?

Please, Mr. Editor, forego a 4th graders thinking and rhetoric. Sincerely yours,

Mrs. Janice Harvith

words per minute.

Marie Allen, Karen Salisbury and Patricia Tuzzolo earned certificates for completing the Gregg Typing Production Test, while Anne Di Biase received a speed award for typing 50 words per minute for five minutes with no more than two errors.

Puzzles, anyone?

Life's a puzzle and that's for sure. So to add to the fun and games of it all, the Bethlehem Public Library will be starting a new service for its borrowers on November 1st. Can you guess? Yes, jigsaw puzzles will be available for all (no age limits) to borrow over a four-week period. The idea was brought back by friends traveling in New England where this service is prevalent and popular.

Naturally the more jigsaws the merrier, so if you have one or several no matter how easy or complicated, wouldn't you like to donate them to the library? (Please be sure all pieces are included or else there will be a lot of demented and frustrated puzzlers in the area!)

Meetings Set

Mrs. Joan Bullock, School Volunteer Chairman at Elsmere Elementary School, has announced an orientation meeting for volunteers will be held in the school Wednesday, September 23rd, at 10 A.M. Anyone interested in the program is invited to hear the experiences of those already working as volunteers and to join them this year!

A similar meeting will be held at Middle School at 9:30 A.M. Thursday, September 24, for all volunteers preferring to help there. Mrs. Margie Kinnard, Middle School Volunteer Chairman, will welcome all those already helping at Middle School and any new volunteers interested.

A guide-lines training session for volunteers working in the reading program will be announced at this time.

Training Course

The opening session of the New York State health department Medical Emergency Technician course at the Albany Area Chapter of the American Red Cross, Wednesday evening, was highlighted by demonstrations from four area rescue squads, led by Captain Bruce Houghton, Slingerlands.

Slingerlands demonstrated rescue from the roof of the Red Cross chapter house using their heavy equipment vehicle and squad members. They also assisted in the assimilated rescue of three people trapped in a wrecked car.

Dr. Norbert Shay, State health department, opened the session of the Medical Emergency Technician course before a capacity attendance of 80 people with an outline of the course.

Dr. Wayne Harbinger is chairman for the 12-week course which will continue at the Red Cross headquarters each Wednesday evening.

Members of the rescue squads

Meet the Coaches

"Meet the coaches" is the theme of the first meeting of the BCHS Men's Association to be held at 7:30 P.M. Wednesday, Sept. 23 at the senior high cafeteria.

An open invitation to parents, friends of athletes and other interested residents of the town has been extended by Association President John E. Hauf. On hand will be coaches of varsity, junior-varsity and freshmen teams in soccer, cross-country and football. Several of these teams will be entering the 1970 season as defending champions or co-champs in the Suburban Council. Previews of the team's prospects will be presented.

Membership in the Men's Association is open to anyone in the school district who is interested in supporting the interscholastic athletic program. Annual dues of \$2.00 cover the costs of meetings and events such as this opening affair of the 1970-71 school year.

Civil Air Patrol

The Albany Composite Squadron, Civil Air Patrol, based at the Albany County Airport, is forming a Ground Rescue Team. To make this team operational, two-way radios are needed to equip the rescue truck, to set up field bases and for practicing communications.

Citizen-band type transmitters are suitable or can be converted to fulfill the needs of the team. Anyone wishing to donate any type of two-way radio equipment may do so by contacting Bill James, team leader, at 438-8907. The equipment need not be in serviceable condition.

The Civil Air Patrol supplies search and rescue service to lost persons, boats in distress, as well as downed aircraft. Cadet membership is open to all boys and girls between the ages of 13 and 18. Senior membership is open to all persons over 18 who wish to contribute their time and service to the organization. This group meets every Thursday from 7 P.M. to 10 P.M. in the

Námed Director

Irving Grossman of Delmar has been named director of the State Health Department's Bureau of Housing and Recreation,

THE SPOTLIGHT

Dr. Hollis S. Ingraham, State health commissioner, announced today.

In his new position, Mr. Grossman will supervise and coordinate various Health Department consumer protection programs involving realty subdivisions, housing, migrant labor camps. Temporary residences, swimming pools and bathing beaches, and private water and sewage systems. His salary will be \$20,427.

Mr. Grossman is a civil engineering graduate of Rensselaer Polytechnic Institute. He received his master's degree in sanitary engineering from Johns Hopkins University and a master's degree in political science from Syracuse University. He is a former president of the Albany County Chapter of the State Society of Professional Engineers.

Mr. Grossman formerly was chief of the Basin Development Section in the State Health Department's Bureau of Water Quality Management.

He is married to the former Bernice Goren and has two children.

Community Picnic

If you are a resident of the Town of Bethlehem you are cordially invited to attend a picnic that is being planned by the Town Recreation Committee and with the co-operation of the Committee for Youth and Recreation. Robert Carr of the Town Committee and Mrs. Brian Hart of the Youth Committee are working out the details.

The date: October 4; the time: 2-6 P.M.; the place: 80 acre site on Elm Ave.

There will be plenty of entertainment for kiddies and adults. Guests will have an opportunity to see the site before instruction of recreation facilities is begun. Keep watching the Spotlight for further details and do reserve October 4th to take part in a community venture.

Convention

Donald I. DiBello and Francis

L. Barclay, president and secretary, respectively, of the Kiwanis Club of Delmar, New York, leave this weekend for Kiamesha Lake, New York where they are to attend the 53rd annual convention of the New York District of Kiwanis International. As officers and official delegates to the sessions, they will participate in a number of meetings dealing with the official theme of the 33 nation service organization, "Get Involved in Community Service". There are more than 300 clubs in the New York District.

Other member Delmar Kiwanians also attending the convention are: Charles Fritts, Lt. Governor of the Capital Division; Harold White, New York District Treasurer; Lou Preiss, New York District Finance Chrm. & Francis Dillenback.

Louis L. Theiss, Jr. of Douglaston, New York, District Governor, is to preside at the business sessions which will consider legislation upon which the organization's 1970-71 community service programs will be based, at the same time honoring those clubs which showed particular excellence during the past year.

New Lieutenant Governors for each of the 25 Divisions in the District will be invested with their official powers and a District Governor will be elected to

succeed Mr. Theiss during the three day meeting, September 20-23, at the Concord Hotel.

Featured speaker at the convention luncheon on September 22 is to be Casper W. Weinberger, former chairman of the Federal Trade Commission and recently elevated by President Nixon to serve in the White House as Deputy Director of the Office of Management and Budget.

Tribute

A tribute to football great Vince Lombardi was rendered by Thomas W. Brown, Democratic candidate for the State Assembly, to the Selkirk Democratic Club Thursday evening.

Mr. Brown, addressing the group at the LaCasa Restaurant, called Lombardi a "great example of what leadership and spiritual guidance this country can produce."

"By his contributions to professional football and the example he set, he contributed not only to football but to the lives of all those interested in the sport and in fair play. While his death left all of us with a great void, his life was an example for us to apply to our own lives."

the EXTRA EARNINGS aren't peanuts

There has been a lot of talk about interest rates lately, and most of it is pretty confusing. Well, here are the facts: A savings and loan institution pays higher interest dividends on savings than a commercial bank. We're a savings and loan institution, and we're happy to be able to give our many customers extra dividends. We compound interest dividends, and they really add up to more than just peanuts. A lot more than just peanuts.

Award

A Slingerlands man has received two \$25 suggestion awards at Watervliet Arsenal where he is employed as an industrial engineering technician in the production planning and control branch.

William F. Gleason, 1990 New Scotland Rd., earned one award for suggesting improved lighting facilities at a shrink pit area in a manufacturing building which will eliminate a potential safety hazard.

He also received \$25 for his suggestion that will increase the efficiency of breech ring transfer operations by reducing the time required for crane handling.

Open

The Bethlehem Sportsman's Club on Dunbar Hollow Road, Clarksville, has opened its trap ing of his association.

Parents of nearly fifth students at the school attended the PFAC meeting. They set their next meeting date for October 7.

On Dean's List

Keith Carr, 83 Adams Place, Delmar, was named to the Dean's List at Kent State University the last quarter.

Busy, Busy, Busy!

Things are humming again at the Playhouse on Route 43 in Unionville, where the Slingerlands Community Players are preparing for their 19th consecutive season. One of the area's most deservedly popular community theatre groups, the Players have achieved wide recognition for their finelywrought, solidly-directed plays and musicals. From the looks of things, the 1970-71 season should be a vintage year for local theatre buffs, as the Players bend their considerable talents to the production of three major opuses two of them plays and one a musical.

October 14, 15 and 17 the Players will present James Goldman's "The Lion in Winter," an exquisitely-tooled comedy about the trials and tribulations of King Henry of England as he contends with his queen as to which of their three sons is to be named his successor. This little gem of a play is so skillfully written, and so wittily, that its author has been compared with Shakespeare in his ability to create truly comic repartee.

The Players continue the pace with twin performances of "The Cactus Flower," an hilarious comedy from the pen of Abe Burrows, January 22 and 23. The

In the Spring, the Players round out the season with the sparkling musical "Carnival," by Michael Stewart, lyrics by. Bob Merrill. "Carnival" is the warm, whimsical story of an orphan girl who adopts a carnival, falls in love with a magician and ends up in an act working with puppets. The original New York production starred Anna Maria

Behind the scenes activity necessary to getting the new sea on underway has already turned the Playhouse into a beehive of activity. Originally an inn serving stage coach traffic when Rt. 43 was a well-traveled turnpike, the Playhouse was re-

Graham Zeh, who is al o president of the Players, will direct "The Lion in Winter," the first presentation of the season. "The Cactus Flower" will be directed by Douglas Marone. Sydney Turner will have overall direction of "Carnival," assisted by Joseph Farrell, musical direction, and Richard Feldman, choreography. In announcing the 1970-71 Season Program, Mr. Zeh said that the group has always taken great pride in the quality of plays it has been able to offer to theatre lovers in the Capital District. Mr. Zeh said that he was delighted with this year's selections. "I believe this is going to be the most exciting year yet for our audiences. We are going all out to ensure them of topquality casts, sets and direction," he said.

Meeting

The fall meeting of the Bethlehem Environmental Improvement Association will be held September 23 at the Community Room of The Bank. Time of meeting 8 P.M.

This is a very important meeting for all who are interested in the beautification and improvement of our community. This includes all of the Town of Bethlehem.

Our flower boxes at the Four Corners of Delmar were very good most merchants took good care of them. However petunias have a way of going to seed unless the seed pods are pinched off. Possibly next spring we can put in geraniums and other bright plants.

For all who are interested in our town to make it a better place to live should be at this meeting.

We are asking all service clubs, Veterans organizations, garden clubs to send at least one representative. The schools are asked to send students as representatives to this meeting.

A report will be made of what we have done, what is in the works coming up for the future.

Amthis meeting a nominating committee will be appointed to select officers for next year.

This association is representative of the Town of Bethlehem, come help us make our community a better place to live.

Awarded Scholarship

Richard T. MacDowell of Delmar, has been awarded a scholarship to help him continue his studies in the Biomedical Program at Albany Medical College, Dr. Harold C. Wiggers, Dean of

the College, has announced.

The Biomedical Program is an accelerated course of study offered jointly by Rensselaer Polytechnic Institute in Troy and the Medical College. Biomedical students study at both R.P.I. and the Medical College, earning B.S. and M.D. degrees in a total of six, rather than the usual eight years. Admission to the program is limited to young men and women who display the maturity and superior intellectual capacity necessary to pursue an accelerated course of collegiate and professional study.

Mr. MacDowell is the son of Mrs. Robert L. MacDowell and the late Dr. MacDowell of 455 Kenwood Avenue, Delmar. He has completed four years of the Biomedical Program and is commencing his third year of study at Albany Medical College.

Meeting

The program for inviting new members to join the Albany County Chapter of the New York State Society of Professional Engineers Auxiliary will be a wine tasting party, Sept. 21, at 8:00 p.m. at the National Commercial Bank, University Branch on Western Ave.

Content of the meeting is an informative discussion presented by John Dunne about various wines.

Wines of different countries and types will be available for tasting. It is hoped that wines, cheese and crackers, and a social gathering, will combine to make new members want to join the group.

Turkey Shoot

A trap and turkey shoot will be sponsored by the Elsmere Rod and Gun Club on the new grounds located on Route 85, 5 miles beyond Clarksville on the left side of the road in the hamlet of Reidsville.

Shooting will begin at noon and continue until dark on two Sundays, September 20 and 27. Refreshments, guns and ammunition will be available at the Club.

At the Y

It's time to register for fall classes and for nursery school at Albany's YWCA.

Mrs. Inga D'Orazio, program chairman, has announced that the Playschool at the YWCA will begin on September 21st, with an open house for interested parents scheduled earlier. Mrs. Rita Aronson again directs this daily school for tots three, four and five.

The YWCA offers swim classes for toddlers from six months to four years. These aqua-baby classes are now forming, and because of their great popularity, early registration is suggested. On Saturdays, the YWCA will also offer a Saturday Surprise Box — a morning program for boys and girls ages six through twelve featuring crafts, games and swimming.

Among the new programs for adults offered at the Y are:

Ballroom dancing – Friday nights, for couples and taught by Bob Tidings.

Sewing — for beginners and intermediates — Monday evenings — Mrs. Mildred Doherty, teacher.

Yoga and slimnastics for women on Tuesdays and Thursdays at 7:30 p.m., Tuesday mornings at 10 a.m., teacher: Suzy Salvetti.

Self Defense on Wednesday evenings at 7:30 is taught by Bud Hawn.

For a complete schedule of classes at the Y — telephone 434-7184. Or, stop by the YWCA at 55 Steuben Street in downtown Albany, and register. Classes will begin the last of September and will continue for ten weeks. There is a small fee charged, and YWCA membership is required. The YWCA is a United Fund agency.

The announced prices do not include federal, state and local taxes, destination charges and dealer preparation charge.

The Vega does include as standard equipment many features which are exclusive in its field. Among these are powerflow ventilation for passenger comfort, steel side guard beams in the doors, advanced doublepanel roof construction and new full foam molded seats in both the front and rear which provides added passenger comfort.

Front disc brakes are standard on the Vega, as is a new lightweight overhead cam 4-cylinder engine specially designed and built in America to meet the performance needs of this nation's drivers while at the same time offering excellent fuel economy for cars of its class.

The Vega is longer and wider and offers greater shoulder and leg room than some of the popular selling imports. It provides greater passenger comfort and offers more trunk space. Vega's excellent handling is due to a specially designed front suspension and steering system that gives high cornering ability, responsive steering and minimizes driver fatigue on long trips.

Every 47 Seconds...

"Every 47 seconds a home fire breaks out. Every 43 minutes one of them claims a life; a third of the victims are children," Walter C. Milbank, President of Albany Insurors Agency, Inc. noted today. "These statistics should make everyone in our area realize the importance of planning ahead for a home fire emergency," he added.

Mr. Milbank announced that he is offering to the public a free folder containing valuable tips on how to set up an emergency home escape plan. The folder was prepared as part of a campaign to encourage home fire drill planning, now being conducted in magazines and on television by The Continental Insurance Companies which his agency represents.

"We hope to make families much more fire-drill conscious," he stated. "This could literally prove to be a life saver for householders and apartment dwellers in our community."

Appointment

Appointment of Jean F. Judge, nationally recognized authority in the consumer field, to the newly-created post of Director of Consumer Affairs for The Grand Union Company was announced today by Charles G. Rodman, President of the food and general merchandise retailing chain.

Miss Judge has been Extension Professor of Consumer Food Marketing in the College of Agriculture and Environmental Sci-

ence at Rutgers, the State University of New Jersey, since 1955. In this position she is respnsible for a state-wide program of food marketing education for consumers.

She served as Chairman of the Consumer Interests Co mittee of the American Home Economics Association from 1967 to 1969. was a member of the New Foods panel at the White House Conference on Food, Nutrition and Health in 1969 and serves as a member of a Standard Review Board, Bureau of Standards, U.S. Department of Commerce. Author of numerous consumer publications, Miss Judge has appeared as a guest speaker on consumer topics before numbers of local, state and national consumer, industry and professional groups.

"Miss Judge will serve as the voice of the consumer in management at Grand Union," said Mr. Rodman. "She will work closely with key executives of the company responsible for all major activities, including store planning, merchandising and operations, advertising and promotion, personnel recruitment and training.

"Satisfying customers has been a major preoccupation at Grand Union since the company was founded in 1872," he continued. "We expect Miss Judge to add new, major dimensions to our consumer relations program and to enable us to do a better job in this all-important field."

FISH

The initial reaction to Fish was very encouraging. In the short since the plans for a Tri-Village Fish have been announced, a number of people have already indicated their readiness to volunteer their services. Furthermore the target date of November 1 for the start of Fish work appears assured.

On Tuesday, September 22 at 8 P.M. the first general meeting will be held in the community room of the National Commercial Bank and Trust Co. Full information about Fish will be provided as well as an opportunity to sign up as a volunteer. Those who don't wish to do so at that time or are unable to attend will find sign-up posters in several local churches as well as prominent business locations.

The steering committee, under the chairmanship of Nancy Vail, estimates that 150 volunteers will assure a successful effort for Fish. With that number each person would be obliged to be available for no more than one day a month. Any organization wishing a member of Fish to speak before his group should contact Mrs. Jordan Vail, 439-1647.

"New Beauty For Old Skin"

Smart w o m e n everywhere know that beauty starts with a lovely skin. But wind, sun and that "old devil \ime" combine to rob skin of it's ability to retain moisture. We can't turn back time but we can make it appear to stand still with a marvelous new moisturizer.

It took more than five years of research and development by a noted biochemist, Dr. Frank P. Panzarella, to perfect this beauty aid but the results of his efforts can make a noticeable improvement in your skin in as few as four days.

This remarkable cream contains no hormones. What it does contain is a unique combination of cosmetic ingredients created to help maintain optimum balance between the skin's loss and gain of moisture, Nature's precious hydrating/plumping agent. It is rich in lubricating and emollient ingredients.

Dermatologists are enthusiastic. Jonas E. Schreider of Walnut Creek, California, a respected doctor in his field, was very favorably impressed. At first, he thought Formula 405 was just a not h e r skin emollient and gave it to his patients to use in addition to superfatted soaps and bath oils. To his pleasant surprise, many patients of both sexes volunteered that this was in-

deed an unusual product. He was impressed by the unsolicited enthusiasm and decided to investigate the action of this new moisturizing cream. He asked patients to apply it to one side of their face only and to continue using what they had been using on the other side, or if they had been using nothing, to leave one side untreated. After six months, he is still receiving glowing reports. In fact, patients have been reluctant to continue using this product on one side of their face only for any period of time, for differences often appeared within a week, and once this occurred, they wanted to apply Formula 405 to the entire face.

Why not begin today to give your skin this beauty lift? Economical to use, it takes only about one half inch for each application. Rub in gently and give particular attention to the areas around the eyes, mouth and neck. It's great under makeup and by using it faithfully every night, your mirror will show a smoother, more radiant and younger looking skin. Formula 405 makes it happen!

For more information, send your inquiry to Frank P. Panzarella, Ph.D., President Doak Pharmacal Company, Inc., 2000 Shames Drive, Westbury, L.I., New York, 11590.

News of a Handy New Product

Scientists and laboratory researchers of the Kendall Company's Curity division this month introduced the newest—and perhaps one of the most welcome—convenience for mothers of small babies.

Fathers also will undoubtedly be happy to hear of the new product. It is a package of pre-moistened and pre-medicated wash cloths particularly suitable for use while changing baby's diapers — especially away from home.

Called "Baby Tidy-Ups," the wash cloths are sealed in foil and are also most useful in cleaning up tiny hands and faces. When soap, water, creams, and towels are not available, the new wash cloths are the perfect answer to meet baby's needs. A self-contained

for maneuverability. Big enough for stability.

Duster's small enough to slip into about ¾ of a parking space. Yet it's big enough to give you stability on the open highway.

It has our unique torsion-bar suspension (for better handling). And unibody construction-its strength completely surrounds you.

So Duster can handle stop-and-go city traffic as well as freeway traffic because it's the right size, the right weight and it *handles*.

Our small-enoughbut-big-enough car has a small-enough-but-big-enough engine.

Duster's standard engine is our rugged 198 cubic inch, 125 horsepower Six. It gives you great gas mileage and a little Think of it this way. It's a convenience to have a lot of conveniences to choose from.

If you're considering buying a new small car, and you have certain options in mind to go along with it, you may find Duster the only small car that offers them.

There are things like a Stereo Cassette Tape Player, V-8 engine, vinyl roof and power brakes that you just can't get on some small cars.

The Duster success story: to be continued.

No doubt about it. Duster is the car for the times.

Over 175,000 Duster buyers thought so last year. And we expect more of the same kind of success with the 1971 Duster.

Before you buy a small car, look at our small car.

Cookbook Sales Pass Million Mark

Mrs. Peter C. O'Neil buys a cookbook from the run in which the one-millionth Betty Crocker's Cookbook was printed; Bertha K. Fenn, (right), owner of the Chestnut Court Book Shop, Inc., Winnetka, Ill., helps her.

During the past ten months, Betty Crocker's Cookbook has come into over one-million homemakers' kitchens throughout the United States. The recipes in this book range from timehonored favorites to new and special taste treats and they have a number of things in common. They can be understood by the

beginning as well as the experienced cook, they have all been tested and tested again so that they are mistake proof and they are all found in this new edition which has sold over one-million copies since it came on the market less than one year ago.

Betty Crocker products and cookbooks have grown to be national favorites since they appeared on the scene nearly 50 years ago. Betty Crocker's Picture Cookbook, of which this is an updated edition, is the number four non-fiction bestseller of all time, having sold over eight million copies.

A prime factor in that popularity is the confidence in the Betty Crocker name which has been carried on through the years and appreciated by generations of women who cook.

Equally important is the know-how of Western Publishing Company, Inc., of Racine, Wisconsin, which has been publishing the cookbooks in co-operation with General Mills, Inc. The relationship between Western and General Mills dates back to 1954 when the Good and Easy Cookbook; the first to deal with convenience foods, was printed by Western and produced by the Betty Crocker Kitchens and published by Golden Press. Since then, General Mills and Western have developed and sold over 20-million specialty cookbooks.

In Betty Crocker's Cookbook, each of the 1600 recipes has been tested by homemakers from all parts of the country. They prepare the recipes in their own kitchens for their families and report their results to General Mills via food samples and/or questionnaires. Only those recipes passing these tests are considered for publication. This comes after the recipes have been developed and tested in the Betty Crocker Kitchens.

This 480-page volume, streamlined for today's modern living, contains not only recipes and photos - color, black and white, and step-bystep - it also features special helps such as cheese and meat identification charts, spice reference charts, menus, table settings, freezing instructions, special food terms, outdoor equipment and recipes, calorie and nutrition information, quantity recipes, guide to wellbalanced meals, common equivalents and substitutions, and tips for cooking at high altitudes.

The book, hardcover (\$5.95) or ringbinder (\$7.95), is available wherever books are sold.

It may be that you can write the kind of interesting story you think Spotlight readers would enjoy. If so, send your manuscript to: The Spotlight, 154 Delaware Ave., Delmar, Be sure to enclose a stamped, self-addressed envelope if you want it returned to you if it is not used.

Autumn Weekends Thousands of travelers with limited get away time and budgets are taking advan-tage of Eastern's "Autumn Weekender" mini-packages like the fabulous four day, three night sojourn at one of the Virgin Islands' leading hotels including free tennis, a free day of golf, two complete gourmet meals daily in a wide choice of nearby restaurants, a welcoming Rum Cocktail, and round trip transfers for only \$60 per person, based on double occupancy. Add this to the new low air fares that Eastern has this fall, and it's easy to see why Aunt Bess can afford to go to the islands for the weekend. Similarly enticing and priced packages are available to Nassau and Freeport in the Bahamas, Puerto Rico, Bermuda and Jamaica.

Exotic Resorts

The exotic resort islands aren't the only places people are flocking to on mini vacations these days. Eastern's packages include a colorful weekend in New Orleans, a city unmatched for its unique old world atmosphere, great food and musical traditions. Eastern's package in this city on the Gulf of Mexico offers four days and three nights in this city of blues and jazz in-cluding a guided tour of the city, especially the old world flavored French Quarter. The package also includes a Mississippi River cruise on the S. S. President, a tour of residential New Orleans and dinner at the Galatoire, French restaurant. Priced at a reasonable \$72.25 per person based on double occupancy, the New Orleans mini vacation is an exotic out of this world bargain for those who want to get away from it all for a stretched weekend or second vacation. CHICKEN COOKING CONTEST **PRIZES NOT CHICKEN FEED**

At the 22nd Annual National Chicken Cooking Contest, Steven Holfer, a contestant, cooks Steven's Orange Chicken Delight.

Like all state contestants. Steven was presented with a \$100 check. In addition to this sum, the four top Junior winners earned cash prizes of \$1,000 to \$5,000 presented by Best Foods.

The 1971 contest will be held in Ocean City, Maryland, with the first prize upped to \$10,000. For an entry form write to: National Chicken Cooking Contest, Route 2, Box 47, O 19947. Georgetown, Delaware

Steven's Orange Chicken Delight

1 (2 to 3¹/₂-pound) broiler-fryer chicken, cut in serving pieces 1 teaspoon salt

- 1 cup flour
- 34 cup corn flake crumbs
- 1 teaspoon paprika
- 1 cup milk
- ¼ cup Mazola corn oil

3 tablespoons orange marmalade

1¹/₂ cups orange juice Parsley

Salt chicken. Mix together flour, crumbs and paprika in a paper bag. Dip chicken pieces in milk then in flour mixture shaking enough to coat chicken. Heat corn oil in skillet over medium heat or in electric frypan set at 375°F, or follow manufacturer's instructions for frying chicken. Add chicken pieces and brown on all sides turning as needed. Reduce heat to simmer position. Add orange marmalade and orange juice. Cover and simmer 45 minutes or until tender. Garnish with parsley. Makes 4 servings.

INSIDE STORY ON DETERGENTS

Household detergents consist mainly of two basic ingredients, surfactants and phosphates.

Surfactants help the water to penetrate the clothing. Phosphates emulsify oily soil, keep dirt particles in suspension so they don't stick to the clothing when you rinse, and contribute materially to the reduction of germ levels on clothes.

Other detergent ingredients include suds control agents, siličates, brighteners, perfumes, bleaches and borax.

Why do detergents differ in price? Because the cost of the ingredients differs. The most popular brands, in order to protect their popularity, tend to use the most expensive ingredients. Other brands use less costly things. Instead of phosphates, for

Instead of phosphates, for instance, you can make a detergent with combinations of citric acid and soda ash or salt cake (sodium sulfate). These substitutes don't do nearly as good a job, but they may cost less, so manufacturers—eager to please all segments of the public—make the lower priced detergents for people who prefer them.

To make extra sales of his substitute product, at least one manufacturer spread the charge (not really true) that phosphates cause pollution—and then printed on his package that the detergent with a lowcost substitute for phosphates was "phosphate free"!

No matter what kind of detergent you buy, don't assume that the bigger the box, the less you pay per pound. It doesn't always work that way. Two smaller boxes may cost less than one big box with twice as much in it. So compare before you choose.

SKI...MAIS OUI!

Take Belleville/Les Menuires, for example. Only 90 miles from Geneva, this is a new integrated complex with high rise hotels and condominium apartments built around a central shopping and sports plaza. And its 6,000 foot elevation guarantees the best possible snow conditions from December to May.

And would you believe 25,000 acres of skiable surface ... plans for over 200 ski lifts ... summer skiing at the 7,000-12,000-foot level on the glaciers ... and near perfect high-altitude weather all the time?

These complexes don't stop at ski lifts, rental shops, restaurants and entertainment centers either. There are shopping centers for food, drug stores, banks, hair salons, flower shops, movies, swimming pools, photography studios, nurseries for the pre-ski set, and even a library.

The cost for enjoying all this convenience and some of the best skiing in the world? As little as \$239 per person for 8 days and 7 nights—including jet air fare!

Bona fide ski groups interested in further information should contact their local travel agent, the nearest French National Tourist Office, American Flyers Airlines or write to
