# COVER STORY

NANCY STELTMAN

Highlighting its continuing effort to foster live music on a local level by lending encouragement to young student musicians, the Delmar Community Orchestra will present as guest soloist for its 12th Annual Spring Concert, Nancy Steltmann of Elsmere, a talented second-year scholarship student of the Juilliard School. Miss Steltmann, now studying under famed 'cellist Leonard Rose, will play the Concerto No. 1 in A minor, Opus 33, by Saint-Saens. She is a 1969 graduate of Bethlehem Central High School and was first exposed to the 'cello in the fourth grade string program of the Elsmere School under Edward Rice. She continued her studies with Mrs. Nancy Winn of Slingerlands, and during her high school years, studied with 'cellist Arthur Catricala of the Schenectady Symphony and played with both the Schenectady and Delmar orchestras while in high school.

At Juilliard, Miss Steltmann is a member of the Theatre Orchestra as well as the New Chamber Players. The latter group has made a number of appearances in the metropolitan area during the past year at schools and churches as well as a recent performance in Juilliard's Tully Hall concert series.

During the summer of 1970 she was chosen as a member of an orchestra made up of Juilliard musicians who performed as the opera orchestra for the annual five-week opera Festival of the Two Worlds in Spoleto, Italy.

In the nearly 35 years of its existence, the Delmar Community Orchestra has sought to maintain two primary objectives: the fun and good fellowship of its members in making music together and the promotion of live music on a local level. As a natural outgrowth of these objectives, its character has changed from an exclusively men's group to a community orchestra welcoming both women and student players.

Underlining the community aspect of the orchestra's work, these annual spring concerts have been presented for 12 years under the joint sponsorship of the Bethlehem Kiwanis, Lions, and Rotary Clubs.

This year the Spring Concert will be presented at the Bethlehem Central High School on Thursday, March 25, at 8 P.M. Typical of the music the orchestra plays, the program will range from classical through semi-classical to light, familiar tunes. Included are works by Saint-Saens and Tchaikowsky as well as the overture to the opera "Lucille" and the popular novelty "Lassus Trombone," featuring two talented student trombonists, Peter Harvey and David Langlitz, and one of the long-time orchestra members, Dr. Lester Stanley.

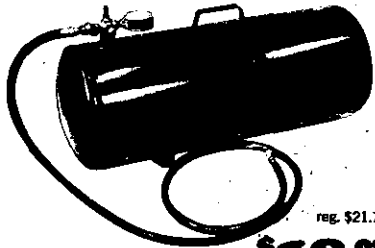

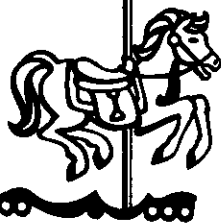

The orchestra is conducted by Samuel Bozzella, Supervisor of Music for the Bethlehem Central School District. Dr. Samuel Kantor is concertmaster and Miss Vivian Granato is orchestra pianist.

SOME FIFTY PERSONS braved a March blizzard recently to audition for "Carnival" the Slingerlands Community Players' next production. In the center picture, from left to right: Sydney Turner, Joseph Farrell and Richard Feldman select the cast. The trio which already has two very successful musical productions to its credit is now lending its talents to the Players' production of the Merrill and Stewart musical. In the top and bottom pictures some potential cast members display their talents. The inclement weather did not discourage auditioners who journeyed to Unionville from as far as Troy and Greenville. Performances are scheduled for May 13, 14 and 15 at Bethlehem Central High School.

## Pancake Supper

With 25 years of experience to guide them, Boy Scouts of Troop #72 of the Slingerlands Community Church, New Scotland Avenue, will serve their 26th Annual Pancake and Sausage Supper on March 18 (tonight) from 5-7 P.M. at the church.

Tickets will be available at the door. The nominal price of \$1.75 for adults and 75¢ for children under twelve makes it possible for the entire family to enjoy this treat.

Proceeds from this event are applied toward the Troop's summer Scout Camp program.

By making larger lots and double lots you increase the beauty and joys of living in a cleaner and more attractive area.

Dear Sir:

On behalf of the members of the Bethlehem Lions Club, this is to express our thanks for your generosity in giving free space for publicizing our Annual Pancake Breakfast which was held at the American Legion Post Rooms in Elsmere on Sunday, March 7.

The outstanding success of this affair will enable us to expand our community activities in connection with sight conservation, scholarships and Senior Citizens.

Cordially,  
Clarence W. Clark  
President

Dear Sir:

I have forwarded the letter below to Mr. Del Everett, which in itself is self-explanatory. I did not canvass any area, nor do I expect to. Every signer did so willingly and with appreciation of being informed of such "presentations" being offered at the High School.

It would seem to me that residents of our community are being "taken" by the group who are known as "The Club." I, personally, question their affiliation with and support by Bethlehem Central High School. Even if support is only in the manner of a meeting place. Am I correct in relating that both the Girl Scouts and Boy Scouts were turned down when they wanted to use the School for their meetings?

It is my understanding that their meeting are held in the High School under the guidance of a Social Studies teacher, Richard Hughes. If Mr. Hughes, himself, supported this invitation to the Black Panthers (a fact which is still undetermined by myself) I would question also the views Mr. Hughes reflects to our students in conjunction with the teaching of the implementation of American History — which if my schooling is correct — comes somewhere under the heading of "Social Studies."

If my memory serves me right, this "Club" was the organization

who used Bethlehem Central High School facilities at, no cost to them, to sponsor the Soul Dinner some time ago, which caused many irrate taxpayers to speak up.

"The Club" was also the organization who tried unsuccessfully to sponsor a representative of "The Gay Liberation Front."

Maybe school days now aren't what they were 20 years ago, but then again, neither are the taxes. If Bethlehem Central High School has facilities ready, willing and able to physically sustain such programs, with school personnel available to supervise the con-

ducting of, and maintenance personnel available to "Straighten up" after such programs, it would seem that our so-called school taxes are being diverted and used for purposes other than education.

I would very much appreciate being told exactly what motivates the existence of "The Club." An explanation such as "exposure to all walks of life" or "both sides of the story" is not sufficient. For what it's worth, The Weathermen and SDS both started in small just such "interested" groups.

Very truly yours,

Mr. D. E. Everett,  
Superintendent  
Bethlehem Central High School  
Delmar, New York

Dear Mr. Everett:

It is my understanding that The Club (a social "group" comprised of students of Bethlehem Central High School and advisor/teacher Richard Hughes) are in process of having a representative of the Black Panthers speak at the Bethlehem Central High School. Needless to say, it would seem to me that there are many worthy causes in need of support that would welcome any chance to be heard.

The entire news media has left little to be questioned as to the goals and tactics of the Black Panthers and their complete disregard for law and order.

I, therefore, as a taxpayer of the Bethlehem Central School District, strenuously object to any presentation of such a controversial organization to the students of Bethlehem Central.

Very truly yours,  
Shirley J. Salerno

Ed. Note: This letter was signed by 12 people in addition to Mrs. Salerno.

Sheaffer is a sophomore at Bethany.

**On Dean's List**

Glenn L. Albright, son of Mr. and Mrs. Wesley Albright, and Jonathan R. French, son of Mr. & Mrs. Benjamin French, both of Delmar, and students at Parsons College, have been named to the Dean's Honor Roll for the fall trimester. Their selection was announced by Dr. Robert L. Tree, Dean of the Faculty. To obtain the academic distinction, full-time Parsons students had to achieve a 3.0 grade point average or above.

A total of 379 students were named to the Dean's List. Par-

**Visit Center**

Bethlehem Central teachers on the staff of the Berkeley Smoking and Health Project visited the American Red Cross Center in Albany, Tuesday evening, March 9, for an in-service training class.

Directing the class were Carl Brayley, administrator of the center; and Mrs. William Phillips, director of youth for the center. The special class was arranged by William Frazer, volunteer vice president of the Albany Red Cross chapter.

At the Red Cross Center, the local staff observed: The blood donor rooms, the centrifuge room where blood components are separated, the freezer room where whole fresh blood is kept, the bloodmobile which travels throughout the nine counties served by the Albany center, the Youth Services Center, a quilt formed of blocks of embroidered insignia from every member country in the world, and the art competition center.

All schools in the Bethlehem Central School District will be open on Good Friday, April 9.

Although it was scheduled as a school holiday, the date will serve as a make-up day for time lost due to inclement weather. The decision to hold regular classes on April 9 was made by the Board of Education at its regular meeting last week.

Schools will be closed, as scheduled, the following week, April 12 through 16, for spring vacation.

*Looking Ahead to Spring*

Happily, the long hard winter is coming to an end and soon the birds will be singing and the flowers will be peeping through the ground.

*Anticipate the Spring Rush!*

Because of the heavy toll which the winter has taken on all household appointments — draperies, quilts, bedspreads, pillows, blankets etc. — we are asking our customers to help us meet the customary Spring pile-up by permitting us to call for those soiled pieces NOW. Especially those delicate pieces which require hand finishing. Even though we have the most modern types of equipment available to our industry, the fact remains that HANDWORK is one operation that cannot be "hurried" except at the risk of sacrificing quality workmanship.

*Handi-Hamper Summer Storage*

It will soon be time, too, to think about laying away your heavy winter woollens — suits, overcoats, dresses etc. Don't jam them into already overstuffed closets and run the risk of moth damage. You can have them safely stored, at very low cost, in Killip's temperature-controlled storage vaults, the most modern in this part of the State. We'll gladly provide you with one or more of our big HANDI-HAMPERS. Fill them to the brim and we'll call for them. No payments for the storage and dry cleaning until we return these wearables in the Fall.

**Delmar Fireman's Scholarship:** Senior sons and daughters of active members of the Town of Bethlehem Volunteer Fire Departments (Delmar, Slingerlands, Elsmere, Selkirk, and North Bethlehem) are eligible to win a \$100 award toward higher education. Applications are available in the guidance office. All applications must be returned to Sue Totten by April 23. Senior boys who are now active members of the fire department are also eligible.

**Seniors — Summer Fellowship Program —** The Heart Association of Eastern New York, Inc., in cooperation with the Albany Medical College, is pleased to announce the 1971 High School Student Summer Fellowship Program. The aim of the program is to introduce the high school student, through firsthand experience, in a research laboratory, to the career opportunities available in medical science.

Fellowships of \$200 will be awarded only to those students who have completed the 12th grade. It is anticipated that the applicant will have completed 3 to 4 units of Science including Biology, and 3 to 4 units of Mathematics with superior grades. The applicants must be nominated by their school Science and Guidance Departments. All interested students should contact their guidance and science faculty promptly for endorsement by March 26. Once nomination is assured, the student should address a letter indicating his interest in this program and enclose a statement of endorsement signed by the guidance counselor or science teacher to: Eugene H. Horn, Ph.D., Associate Dean, Albany Medical College, Albany, New York, by April 2.

**Justyn Rees  
Coming**

The Lord's Open House at the Bethlehem Community Church,

Justyn Rees

201 Elm Avenue, Delmar, will present Justyn Rees on Monday, March 22. Justyn is a young Englishman who was born in London in 1946. While at college at Westminster, he formed and led one of the original Christian rock groups. They made appearances on radio and television and cut several records. In 1967, his studies completed, Justyn left England to take up commercial aviation as a pilot in North America. But he couldn't keep quiet about the greatest thing in his life, and was soon occupied traveling from high school to college and university campus, both here and in Canada.

He is received by students, professors, athiests, Christians, churches and clubs, simply because he believes every word he says. In Justyn's own words, "My great desire is not to sell a million records or to be rich and famous; but solely to share with members of my generation, who I know are desperately seeking answers, real life. As a very ordinary human being I have received this through a personal encounter with Jesus Christ. I do not propagate a religion or a

denomination; I just love people and cannot bear to see the misery and frustration that comes through ignorance of these truths."

The meeting will start at 7:00 and will be followed by refreshments and informal singing by Justyn.

**QUESTION:** Why can't winter vacation be eliminated and the week added to spring vacation? The kids don't really have much to do during the winter time. At least at Easter time, the weather is better.

**ANSWER:** In drawing up our school calendar, we follow the recommendations of the State Education Department. Week-long vacations in February are also observed by most school districts in the state, including all the Suburban Council Schools. Teachers are particularly in favor of the winter break because they feel children need their vacation times spread out throughout the school year.

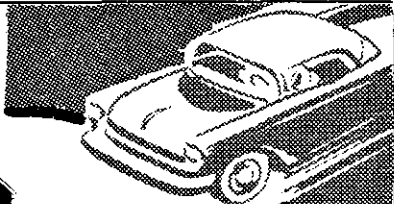

**QUESTION:** Why are the demands of the teachers and the offers of the Board of Education on salary and other contract terms not made public before the annual meeting in May? How far apart are the parties on the contract for next year?

**ANSWER:** There is a confidentiality clause in the present contract which states that, once negotiations have started, neither party shall publicize anything about its proposals or where matters stand. It's not possible at this time to guess "how far apart" the negotiators are, because no one can predict how readily agreement can be reached on any particular contract item. Negotiations are now being conducted, and the board is hopeful that contract agreement will be reached by budget voting time.

**QUESTION:** Why are the children within walking distance of their schools not provided with transportation on these terribly snowdrifted and icy roads when the weather is bad?

**ANSWER:** School district officials are as concerned as parents

about the safety of children, and sometimes walking conditions are hazardous. But it would simply be impossible to have walkers bused just on certain days. Our buses can't accommodate any more children, and it isn't feasible to have extra buses to be used only on the few days when weather conditions are so bad.

School officials would hope that parents could arrange for car transportation (or parental walking supervision) when weather creates safety hazards.

growing national commitment to find solutions" to the environmental crisis. At the February 26 meeting of the Bethlehem Environmental Improvement Association, Dr. William E. BeVier of Union College discussed the nation's past attempts to find solutions to the various forms of pollution, its present attitude towards conservation, and the course he feels should be followed in the future.

Right now, according to Dr. BeVier, we are snatching at solutions, applying them here and there, but basically running blind. However, he pointed out, everything that works has a "system," e.g., your house heating system, with known values and can be fixed or adjusted when necessary. There are also systems within nature. In environmental conservation there is a right way to eliminate the air, the water, and the land pollution. Through understanding and utilizing the systems already existing in nature and adding the forces of modern technology and sociology, we must find the right improvement system and employ it.

This is a small sampling of the lecture presented to the audience. A lively exchange of opinions and questions and answers followed.

Browne Troop 205 has been busy making preparations for Juliette Low World Friendship Celebration because it will be the hostess troop in the Delmar school. After having been taught folk dances by the Cadettes, some of the girls were presented with their World Association pins at a Thinking Day ceremony recently.

Junior Troop 540 attended the SUNYA presentation of "Peter Pan" which they all enjoyed; it was part of their requirement for the Dramatics Badge.

Junior Troop #200 collected \$100 for the recent Cerebral Palsy Telethon. Personally delivering it to the Washington Armory were Abby Collins, Cathy Everingham, Cathy Hays, Susie Schmitt and Kathy Selig.

Good work girls! Currently, the girls are being taught needlecraft by Mrs. Everingham and Indian Lore by Mrs. Hayes.

Junior Troop 209 is working toward Songster Badges by learning international songs. The girls are also finishing up the requirements on Sewing Badges.

**SLINGERLANDS:** The Brownie and Junior Troops got together for their February 22 meeting to celebrate Juliette Low Thinking Day. The guest speaker was Miss Nancy Smith, a Senior Scout who spoke and presented slides on her eight week trip through Norway, Denmark, and Sweden last summer. Her trip had been made possible by the World Friendship Fund of the Girl Scouts. The troops read poems they had composed, presented their "dimes for Daisy" and climaxed the meeting with song.

Junior Troop 116 went ice skating in Swinburne Park during mid-winter vacation. The girls are currently working toward their Sewing Badges by completing ponchos and skirts. They have also been learning international games which they will teach the two Brownie Troops. This is to earn the World Games Badge.

The overnight at Camp SHATE-MUC which Jr. Troops 199 and 116 had was a huge success. The girls prepared meals and did all clean-up chores besides enjoying tobogganing and hiking on the fine winter week-end. Mrs. Schoeffer and Mrs. Macdonald were assisted by Mrs. Jarmolych and Mrs. McKibben.
