OVER STORY

MARY BIDA RETIRES

ALL FRIENDS, associates, parents and past students of Miss Mary Bida are cordially invited to attend a reception being given in her honor at the Slingerlands School on Tuesday, June 22, from 7 to 9 P.M.

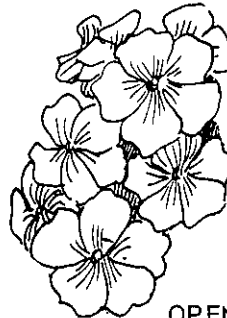

Miss Bida will be retiring at the end of the current school year, and the PTA is sponsoring this reception honoring her thirty-five years of service to the school district and the community. This will be an opportunity for the many friends of Miss Bida to gather together to wish her well in the new adventures which she has planned. These plans include such imaginative activities as diamond hunting in Arkansas and raising race horses, and many other things she has not had the time to enjoy during her professional career.

Miss Bida received her Bachelor's Degree from the State University of Albany and her Master's from Northwestern University in Evanston, Illinois. She started in the Bethlehem Central School District in 1936 at the Delmar Grade School, and has been principal of Slingerlands School since 1944. During her tenure she has been active in various Committee work. Some of these include serving as President of First Supervisory District Association, an organization of surrounding School Districts, and Chairman of the Steering Committee of Elementary School Faculty Members. She has done work in the Eastern Zone of New York State Association, has worked with the Language Arts Committee, with the Librarians in the School District, and

LEONARD C. SMITH

SUPER-SALESMAN

Conclusion

by LeVere Fuller

AN INTERESTING SIDELIGHT in the Leonard Smith story is that only once in his life has he ever had a business partner. Other than this one time, Buck's businesses have been proprietorships or corporations. It was around D-Day in 1945 that Al Studler had a long talk with Buck about the possibility of buying the building at 243 Delaware (now Fraim's House of Carpets) and opening an auto dealership and repair garage. Al, at that time, operated a repair garage at the corner of Elm and Delaware Avenues. He was an honest and fair man who believed that "the customer is always right." He proved it over and over again in the operation of his garage. Al was not a wealthy man in terms of accumulated money. He and his wife, Nina, had three sons and a daughter (they were wealthy!) and his excellent repair business. It would take \$11,000 to buy the building; money for building repair; some additional equipment; and money for the new car franchise. Between them and the bank, Al and Buck established the dealership and because new Hudson cars were the first make available in time of war, another business was off and running.

After three or four years, Buck withdrew from the partnership and received what he had originally invested. It was a completely friendly break-up — Buck just didn't like selling cars! Al continued the business until his premature death a few years later.

Buck lost a good friend and the area lost one of its finest men.

During this time, Buck had bought a junk yard which was located near where the Hess Station is today. When we talked with him, he confirmed a rumor that has been around for years: It was a time of war and the scrap iron brought him almost what he paid for the property.

After the junk was cleared out he erected a small building and sold farm machinery. And here's another sidelight: Back then, the number of

THE FIRST ONE — It was a big event the day Buck's first bus was delivered! It was used to carry Albany Academy to and from school. Today, the fleet has grown to 30.

1942 — Leonard, Leonard, Jr., and Catherine posed for this picture in front of the fireplace in their home on Kenwood Avenue.

farms was just beginning to decrease — and this business was the only one he ever operated that actually shrank. It didn't take him long to get out of this one!

In September 1952, he bought his first bus and started transporting school child-

ren. As the business grew, he added luxury buses for charter and went into that field. In nineteen short years, the fleet has grown to 30! and the business is now operated by his son, Leonard C. Smith, Jr.

In tracing Buck's history of salesmanship, one person

should never be sold short: Catherine, his wife. She had an active part in every business that Buck has ever owned. She kept the books all through those years; she offered encouragement when it was needed; and she offered a mild, constructive type of criticism when she felt it would help. Her love and loyalty are, and always have been, the very foundation of their marriage and their business success. She is a very quiet, unassuming person who has the excellent gift of being a business woman, fond mother, a magnificent marriage partner and a lover of wholesome fun!

Having been brought up on a farm where machine power was supplied by horses is probably the reason why Buck and Catherine have always loved them. They bought their first racer in February 1964 and have owned a total of 15 since that time. At present, they have 5 racing at Saratoga and a sixth on a nearby farm. Over the years, they've had more than 35 winners.

Buck was the second president of the Bethlehem Lions Club; Chief of the Delmar Volunteer Fire Department; a Mason in the Bethlehem Lodge for more than 30 years. He and Ralph Hoag were instrumental in organizing the Bethlehem Senior Citizens in 1955 and the Lions have provided transportation for the members ever since.

Retirement hasn't been easy for either Leonard or Catherine; these two very active people still have desk space in the bus garage office and spend a part of the day there several times a week. Today, Buck is troubled by the cold weather, so they're making plans to spend summers here and late fall, winter and early spring down where they've had so much fun so many years: Florida.

There's only one sentence left: We wish Buck and Catherine supreme peace, contentment and happiness in the years ahead!

The Spotlight Goes to School

ANN PATTON, a 16-year resident of Delmar and the mother of two school-age children, has announced her candidacy for a 3-year term on the Bethlehem Board of Education.

Ann Patton

Mrs. Patton made the announcement as she submitted to the clerk of the Board of Education petitions containing more than 1000 names, nominating her for the seat to be filled at the special school board election slated for June 30.

The 3-year seat is one of two new seats created by the recent school election in Bethlehem which expanded membership on the board from five to seven. The second new seat is for a 5-year term.

Commenting on her decision to be a candidate in the school board election, Mrs. Patton said, "The enlargement of the school board from five to seven members presents an opportunity to bring the Board of Education closer to the community and to make its actions more responsive to the total needs of all the residents of the district. A mother who knows both the schools and the community well and who

also has the professional preparation needed for analyzing the kinds of policy questions the school board faces will add balance to the board."

A native of Thompson, Pa., Mrs. Patton received a bachelor of arts degree from Harpur College (SUNY Binghamton) in 1951 and a master of public administration degree from Syracuse University in 1962. From 1951 to 1955 she was a public administration intern and a personnel administrator in the New York State Department of Health.

Mrs. Patton has had extensive experience in the Bethlehem school volunteer program. She is currently a member of the advisory board and an active volunteer at Bethlehem Central High School. From 1968 to 1970 she was general chairman for the district-wide volunteer program which involved 150 volunteers working at 8 schools. Previously she was for two years chairman of the volunteer program at Hamagrael School.

Her additional school-related activities include a 3-year term as a member of the Citizen's Budget Advisory Committee, parent member of an inservice teacher study series on nongraded schools, and chairman of the preschool PTA organization for the Hamagrael and Elsmere area.

Among her other citizen organization activities, Mrs. Patton has been secretary of the board of directors of the Albany County Mental Health Association; delegate and co-editor of the newsletter of the New York State Women's Legislative Forum; and a member of the Tri-Village FISH, Vanguard, the Heldeberg Workshop, and the First United Methodist Church of Delmar and its women's organi-

Mrs. Patton, her husband, Robert, and their two children, Susan, 16, and Duncan, 12, live at 57 Tamarack Drive in Delmar.

BERTOLD E. WEINBERG, candidate for the five-year term on the Bethlehem Central board of education, kicked off his campaign this week with a series of talks before local community groups and coffee hours in private homes.

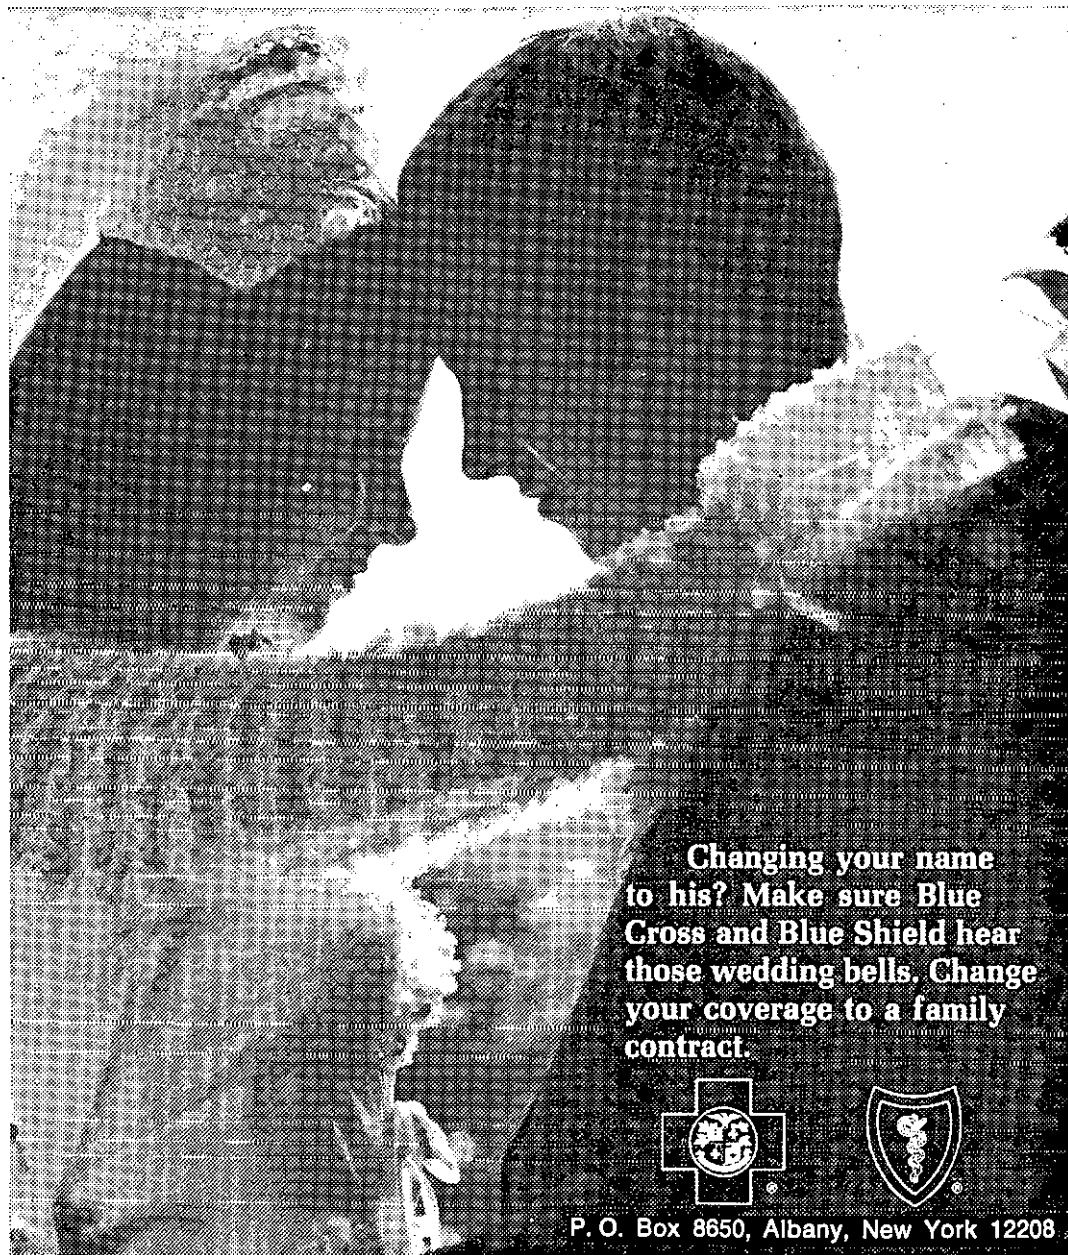

Speaking earnestly and sincerely, Weinberg said he was concerned about the gradual — but steady — decline in the quality of the Bethlehem School System. "This system, which was once regarded as one of the finest in the State, is certainly a major factor contributing to the growth and economic vitality of this community. As a parent and homeowner, I'd like to keep it that way," Weinberg stressed.

He attributed the decline in quality largely to a lack of educational goals by the board of education. "We have been floundering aimlessly for too long," he asserted. "Unfortunately, the board has been operating the system on a short-term basis," he explained, "almost on a basis of expediency determined by how much money was available."

"I don't believe the board has taken enough of an initiative to examine just how our existing resources — both educational and financial — are being allocated. I don't believe the board or the community knows what they're getting in terms of educational value for every dollar expended."

This is a necessity, Weinberg pointed out. "No business could operate with as inadequate a knowledge of what output was being received for every dollar spent, and every hour of faculty and student input."

Weinberg said he favored proper financial support to achieve the level of education the community has every right

to expect. "But," he re-iterated, "spending more money won't automatically insure good education. First we must evaluate how well we are spending our tax money now."

He urged that the board involve the community in setting realistic educational goals. "Then I'd like to see the board and the administration work together to achieve those goals. We've got to examine our current practices — educational, administrative, and business — to make sure we're getting

the most mileage from existing resources. That would give us an accurate picture so we know where we must reduce or re-allocate current effort and where we might have to increase current effort."

This whole process, he explained, would involve a careful look at some of the educational issues "which have been shunted aside for too long."

nounced his candidacy recently for the newly-created three-year term seat on the Bethlehem School Board. Elections will be held on June 30.

Sullivan is a registered professional engineer employed by the New York State Urban Development Corporation as Regional Engineer, Northeastern Region. He has degrees in Civil Engineering and Engineering-Economics from Georgia Tech and Stanford University.

Sullivan served as a Captain with the U.S. Army Corps of Engineers, completed Airborne training, and spent one year in Thailand and 14 months stateside. He was awarded the Army Commendation Medal for his service. He is married, 28 years old, and has one son.

In announcing his candidacy, Sullivan stressed the need for "young blood and new ideas" on the School Board. He singled out the School Board's recent lump sum budgeting tactics as a prime example of the Board's lack of responsiveness to the district's voters. He stated:

"I am unalterably opposed to the lump sum budgeting techniques currently being used by the School Board to obtain passage of the 1971-72 budget. This 'take it or leave it' attitude of the Board gives the voters no alternatives, and no opportunity to express their desires with regard to specific budget items. "As a result of voter rejection of the budget presented on May 5, the Board has adopted a contingency budget which includes cuts totaling \$418,087. Both interscholastic athletics and community services have been cut to zero. Transportation has been cut by almost 1/3. Yet with drastic cuts such as these which are deliberately designed to create hardships for the people whom the Board is supposed to serve, cuts in administrative costs only amount to a token \$7,913 — and Board of Education expenses under this contingency budget are still \$8,967 above the amount budgeted last year.

"It would seem that if a belt-tightening is in order, it should apply to the Board of Education and school administration as well as the district's residents. On June 30 voters will have no opportunity to vote on the cuts made to arrive at the contingency budget; they will simply be allowed to vote either 'yes' or 'no' on a proposition to restore a lump sum of \$338,623 to the contingency budget. This would then establish a new budget amount only slightly lower than the one voted down on May 5.

"This tactic of blackmail budgeting only serves to highlight the arrogant attitude of the Board. It discourages voter participation in school district matters by giving the voter no reasonable set of alternatives from which to choose. With no alternatives and the resulting lack of active citizen participation, budgets will continue to be rejected by the voting public. The end result will be a serious drop in the quality of our entire educational program."

THE BC HIGH French department went on a bus trip to Quebec City and Montreal the weekend of June 4, 5, 6. About forty students in Levels I, II, III, accompanied by three language teachers, Mrs. Bate, Mrs. Brown and Mrs. Jensen, toured the interesting sites of the area.

To the Editor:

If this is the NEW Spotlight, you need a new layout man. It is still a visual catastrophe. Better luck next time.

Sincerely,
Mrs. Harry Prichett

To the Editor:

Congratulations on the new **Spotlight!**

It is so nice to see you pay tribute to the living as well as the deceased. No man has a heart bigger than L. C. Smith. I worked for him during World War II at the Four Corners pumping gas and checking oil. He made life very pleasant while my husband was serving our country and if in need, L. C. was the first to hand out.

To the Editor:

The cover photograph on the May 13 issue of the **Spotlight** has given a real boost to the Multiple Sclerosis campaign in the Tri-Village area and we are certainly grateful for the welcome publicity.

I must confess, it touched my streak of vanity; I never expected to live long enough to make the cover of the publication.

You are a good friend to our organization and we deeply appreciate it.

Sincerely,
Dr. Albert Harris

To the Editor:

In an earlier letter, I questioned the effectiveness of the Bethlehem School Board's ability to communicate with the voters and taxpayers of the district. In this letter, I shall list my proposals for re-opening relations with the community.

If I am elected to the three-year term for School Board member, I will introduce legislation requiring the Board to hold each of its meetings in a different location. Every part of the school district is entitled to its share of the Board's time. There is no reason why the Board must meet in the

high school for each session. Glenmont, Clarksville, Elsmere, Slingerlands and Delmar residents should be given the opportunity to communicate as easily with the Board as those in the vicinity of the high school.

If I am elected to the School Board, I will create a committee of citizens to advise me on actions which the Board must take. This would be in addition to the Citizens' Advisory Committee, which acts as an advisor on specific issues to the full Board. This action will allow me to be prepared for all Board meetings without having to learn a subject on the spur of the moment. Furthermore, it will guarantee all the citizens of the community an opportunity to influence Board actions well in advance of the meetings.

It is time that those of us who wish to hold Board seats go to the people of this District rather than waiting for them to come to us. During my campaign I have gone to the people and asked for **their** recommendations and ideas on school programs. I shall do so again.

In addition, I am available to answer questions or just listen at any reasonable hour of the day or night. My telephone is listed and the public is encouraged to call me.

These approaches to opening communications with the taxpayers in the Bethlehem School District should lead to better and more acceptable programs in our schools and a better budget for the voters to act on.

Sincerely,
Lloyd Nurick

To the Editor:

This letter is to the blond boy, 11 or 12 years old, who was setting traps along the By-Pass below Murray Avenue this winter. And to his parents. Young man,

You may not be old enough to require a trapping license, but setting your traps during the Easter vacation, when I watched you, was well beyond the end of the legal trapping season.

Apart from that, perhaps you'd like to know some of the results of your activity, besides the sa-

distic pleasure you got from clubbing that squirrel to death and then throwing it away. There is a raccoon with only one front paw, deprived of its natural hunting skills, entering garages and raiding garbage cans on Carolanne Drive. There is a one legged robin, and a starling and a cardinal, visiting my bird feeder. A neighbor's kitty was found dead in the woods, with a mangled leg.

Why do your parents encourage you in an activity of such cruelty and destructiveness? How soon will it be before some small child, sledding or playing along the brook you favor, falls victim to the torturing tools of your "sportsmanship"?

Maiming small animals and birds is not my idea of enjoying what remains of nature, nor does it seem to me to be a particularly worthwhile hobby.

Please stop . . . before it is too late for you, as well as for the animals and birds.

With concern,
Terri Novotny

To the Editor:

I address myself to the letter of Mr. and Mrs. Richard Swire in the June 10 issue of the **Spotlight**.

You admittedly attended only one meeting of the Strand III (Human Sexuality) committee, and I submit that the "oral and written reports" you received could not replace participation in actual discussion.

No, I did not rebel at "New Math," because we weren't given a chance. For what it is worth however, my college student son (a Math-Science major) said he'd forgotten most of the "New Math" concepts because they'd had to be unlearned to make way for the real Mathematical education.

No one could agree with you more than I, about the crying need for adult education to enable the parents to find the words to tell their children both the problems and joys of human sexuality.

Yes, I did go over the Strand III recommendations, (I was there) and must remind you that they are after all only recommendations, with no assurance to me that they will be carried out, because at the outset, I was told, "the Board will not necessarily be bound by your recommendations."

I take issue with several of your points:

1. Only qualified, comfortable teachers would teach. I know several Health teachers, Gym teachers, and Guidance Counselors whom I would not wish to have teach my child such a delicate subject, because they have often shown insensitivity to my child's

physical and emotional needs.

2. Do you think just knowing the program would be based upon New York State guidelines should make me happy? It does not, because the same liberal element wrote those, as is trying to implement this program in Bethlehem.

3. You had better study again the idea that teachers cannot make moral judgments. This is the sleeper in the whole program for me. This is one subject that cannot be separated into three categories of clinical, moral, and emotional. It must be entirely integral, or eliminated as a school program. If a teacher explains masturbation, does she say, "Now go home and discuss this with your parents and check their morality on it?"

4. The 5th item of the Middle School report recommends that the curriculum be required of all students (not optional as you think) and that legitimate excuses be presented for not attending. Who decides the legitimacy of the excuse?

I also "unselfishly gave my time and energies to prepare the Strand III recommendations" over my own objections, but the District has not been honest. My son, now in college, said he was part of one select class chosen to view a film animation on human sexuality, when he was a High School Junior, but I was not notified of this.

Actually, with such a dire need for a more thorough drug abuse program and a much better concentration on reading, writing and spelling, I believe the District is spreading the increasing tax dollar too thin over untried new programs. I, for one, do not want the experimentation done on my children, or yours.

Lastly, I wish I could share my "personal feelings of inner security" and peace with you, and with everyone else who needs them. They are a gift of God. I am a happy housewife with a terrific family. We've had nine beautiful children, numbering two college scholarship students, so far, and we have youngsters in all phases of Bethlehem District. I believe, therefore, that I know whereof I speak, and I have the right to speak my opinion. Some people consider it cowardly that a name not be used on a letter, but it serves two purposes, in that it puts the controversy out in the open, and spares my youngsters in school, the flak my opinions may raise.

Sincerely yours,
(Name submitted)

Language Department has attempted to make language learning more relevant through student trips to France and to Canada. These group trips provide opportunities for speaking the language and broadening cultural horizons in the foreign language.

The continuance of such experiences will hopefully stimulate student interest in language beyond the present academic requirements.

MISS MARIE TOMIKO, daughter of Mr. and Mrs. Matthew Tomiko of Selkirk, and a senior business student at Bethlehem Central High School, was awarded a scholarship by the Bethlehem Business Women's Club at its recent meeting at Schrafft's.

The scholarship was presented to Miss Tomiko by Mrs. John Van Amerongen in recognition of her achievement in high school and for her use at the State University at Buffalo next year.

At the same meeting Miss Anne DiBiase, daughter of Mr. and Mrs. Nicholas Di Biase of Delmar, and outgoing FBLA president, was presented a \$50 bond by Mrs. Van Amerongen, as the outstanding business student of the year.

THE BETHLEHEM Central High School Chapter of Fu-

ture Business Leaders of America held its annual banquet on May 20 at the Bavarian Chalet. This year's event was especially memorable since Mrs. Gladys V. Hosey, retiring Chairman of the Business Department and the founder of the BCHS FBLA Chapter, was the guest of honor.

Over one hundred people gathered to join the ceremonies, Miss Judy Shord and Miss Susan Totten, alumnae members of FBLA, had contacted graduates and the alumnae group, represented by Mrs. Donna (Boccar) Heinrichs, presented Mrs. Hosey an engraved silver bowl.

Miss Linda Baker, representing the present members, presented an FBLA plaque to Mrs. Hosey.

The climax of the program came when the officers for the coming year were installed by the outgoing officers. Miss Bonnie Myers was installed president; Miss Deborah Kundel is the new vice-president; Miss Jan Alger will take care of the secretarial duties; and Miss Patricia Kositzka is the treasurer.

Miss Susan Bradley and Miss Linda Baker were the co-chairmen of this event, assisted by Mrs. Mary T. Elliott, Chapter advisor.

Among the guests of distinction who attended were:

THE CHILDREN in the three fourth grades at Glenmont School have become extremely interested in the preservation of the Lincoln Memorial. They have outlined an ambitious program to urge the government to set aside funds for its renovation and upkeep. Part of the program includes writing letters to the Governor of each state, writing President Nixon, seeking signers of petitions, writing letters to pupils of other schools, and last but not least, they prepared an excellent program which was given Thursday, June 3, at the school.

Below is an original poem composed by two of the students:

Abraham Lincoln

Abraham Lincoln was born long ago,
 On February 12th with falling snow.
 Nancy and Tom were full of joy,
 For now they had a baby boy.
 Abe went to school and grew up to be a fine young man,
 When Abe became a Lawyer his name was known throughout the land.
 Lincoln freed slaves who worked in the Southern states,
 Who were paid at very low rates.
 We remember him now-a-days,
 For his kind and gentle honest ways.
 When Lincoln died there was great grief,

So people began a new belief.
 That a memorial should be built for this famous man,
 To honor his greatness throughout his life span.
 The memorial was dedicated in 1922,
 And is standing today to be seen by me and you.
 The memorial isn't really that old,
 But it's beginning to look less and less bold.
 The ceiling is damp,
 The cellar is cold,
 And on the statue there's lots of mold.
 Bats and bugs fly overhead,
 Of this famous president who now is dead.
 We want to see the memorial through.
 What about you?
 The generation after us should be able to see the Memorial too.
 We want to save the Lincoln Memorial;
 Help us pull it through.

THE ANNUAL CONVOCATION for the Class of 1971 at Bethlehem Central High School will be held Thursday, June 24, at 8 P.M., in the High School auditorium.

Guest speaker will be Dr. Albert H. Berrian, associate commissioner for High Education, State Education Department. Miss Helen Hobbie, High School principal, will welcome those attending.

The Rev. Robert B. Thomas will give the invocation and benediction. Musical portions of the program will be presented by the High School choir and string orchestra.

SENIORS GRADUATING with the Class of 1971 from Bethlehem Central High School will receive their diplomas during commencement exercises on Friday, June 25, on the campus of the High School.

Pupils participating will be: Polly Clayton, invocation; Edward Stringham, speaking

In case of inclement weather, the program will be held in the new gymnasium of the High School. Each graduating senior will be given six tickets which will be needed for admission only if the program must be held indoors. (Persons wishing to take photographs should also take tickets to the outdoor ceremony, to be admitted to a photographers' runway.)

Officers of the Class of 1971 are: President, David Abraham; vice president,

Call us before you start diggin and you won't have to call us lat

Last year, nearly 2,000 contractors, farmers, well-drillers and others who excavate had to stop what they were doing and tell us they dug up our phone cables.

And until our emergency crews could restore their service, our customers were not able to make phone calls.

You can prevent this disruption of service by calling us *before* you dig.

A call to New York Telephone repair service (it's listed in the front of the phone book) will quickly bring a telephone man out to mark the location of buried cable, if there is a problem in your work area.

Answers about..... BETHLEHEM CENTRAL Schools

By Ann Treadway
Director of Public Information
Bethlehem Central Schools

(Please direct questions to this column by calling Mrs. Treadway at 439-4921 or 439-5224.)

QUESTION: If the school budget proposition which we will be voting on — which includes seven expense categories and totals \$338,623 — on June 30 fails to gain voter approval, is there any way that residents of the school district can petition to have a re-vote on any part of the proposition, such as transportation?

ANSWER: According to Ted Carlson, the board's legal counsel, Section 2008, sub-division 2, of the New York State Education Law states that in order to be acted upon, such a petition "... shall be signed by a number of qualified voters equal to one-third of the number of pupils between birth and 18 years of age as appears from the last preceding school census, or 25, whichever shall be greater."

This wording of the law is subject to various interpretations. For example, does "pupil" mean children enrolled in both public and private schools? Does it include nursery school pupils? Does it include pupils younger than 18 who have completed high school?

At this time, Mr. Carlson estimates that about 2,000 signatures of district residents would be needed on such a petition, figuring that we have an enrollment in Bethlehem Central schools of about 5,000 and a maximum of 1,000 private school pupils within the district. (2,000 equaling one-third of 6,000 pupils.)

If the budget proposition is defeated, and persons wish to petition the Board of Education for voting on separate items, an official decision will be made on the number of signatures needed — subject then only to a ruling by the Commissioner of Education in the event someone contests the local decision.

SARATOGA HARNESS RACING, Inc., will celebrate its 30th year with an Anniversary Ball at the famed Gideon Putnam Hotel on June 27.

This announcement was made recently by track president Ernest B. Morris.

"It's the anniversary ball commemorating our 30th anniversary and the 100th anniversary of the Grand Circuit," reveals Morris. "And the beneficiaries are the Saratoga Performing Arts Center and the Hall of Fame of the Trotter at Goshen which is having a capital funds campaign to augment their building.

"The ladies at the Performing Arts Center, a local committee, are acting on invitations and all of the aspects of the functions. The music will be provided by Stan Rubin. The honorary chairmen are Mr. and Mrs. E. Roland Hariman.

"The stewards of the Grand Circuit, officers of other race-tracks, officers of the U.S.-T.A., and members of the living Hall of Fame will be invited. Tickets can be obtained, however, by simply sending a check to Box 356, Saratoga Springs, N.Y., 12866.

"We have only 350 tickets

available at \$35 per capita. The price of the tickets are entirely deductible, and people can send their checks made payable to either the Performing Arts Center or to the Trotter Hall of Fame or to both."

The last ball of this kind was held five years ago. The public is invited to attend and it is for two very worthy causes. For additional information contact the Saratoga Harness public relations office by dialing (518) 584-2110.

PINKERTON TIPS — Empty homes during summer vacations are favorite targets of burglars, according to Mr. Williams, local manager for Pinkerton's Inc., the nationwide security firm with offices here at Albany. To help homeowners have peace of mind

while they are away on holidays, he listed some easy precautions they can take to protect their houses and property in their absence.

According to Mr. Williams, there has been a 247 per cent increase in daytime burglaries in the past decade — 21 per cent in the last year. Citing the summer months as a peak activity period, he said that

empty homes are a standing invitation to theft.

"Giving the impression that the home is not vacant is of paramount importance," Mr. Williams said. "The objective is to create uncertainty in the burglar's mind." The Pinkerton's executive specifically cited the following precautions:

- Leave curtains open, at least part way. Closed blinds make an effective screen for the burglar.
- Close and lock all doors, including the garage, tool shed and other work shelters. Use pin tumbler, cylinder locks on outside entrances and safety latches on windows. The main entrance should be bolted as well as locked.
- Take care to see that garden tools, ladders, lawn mower and the like are locked in their rightful place.

Besides the above, the Pinkerton's manager strongly suggests that vacationers noti-

fy their local police department of the departure date, date of return and how they might be contacted in an emergency. Regular police patrols will then keep a day-to-day check on the house. Mr. Williams also cautions vacationers to alert their local police if they have the recommended automatic lighting devices. "Patrols, as a rule, will be looking for lights in the window during a vacationer's absence." Mr. Williams also advises that a key be left with a neighbor "so that he might inspect the premises from time to time."

Among a list of "don'ts," Mr. Williams includes the following:

invitation to the would-be burglar.

- Don't let deliveries pile up on the door-step or in mail box. Stop all deliveries, including the newspaper, dairy products and the mail. The post office will hold mail, or it can be forwarded, or your neighbor can pick it up.
- Don't leave the keys in your car, even if it is in the garage. Remove the keys and all glove compartment valuables and put in a safe place until your return. As an added precaution, Mr. Williams suggested that person who keep their house key on the car key ring should take it off.

Mr. Williams also had a word of caution for boat owners not taking a cruise aboard their vessel. "A reputable marina with adequate security is the best protection you can have." Mr. Williams cited lockable gates as a sign of good marina security. Other suggestions for boat owners include:

- Remove portable motors and place under lock and key.
- Keep a record of your registry number for the boat and the serial number of the motor.
- Don't leave loose gear aboard, such as fishing tackle, deck chairs, life preservers, fenders, anchors etc.

Prince Satan

Lehem Police and learned all of the aggressiveness needed by a Police dog.

Today, a retiree from police work, he is owned by Mary Fuller (Mrs. LeVere) and lives a fairly placid life in Feura Bush. Only thing is, when a stranger (and some not so strange) comes to the door, all of his aggressive and protective instincts rise — sometimes to everyone's woe!

Happy Birthday, Prince!

MR. AND MRS. LAMBERT DREIS, 7 Herber Avenue, celebrated their Golden Wedding Anniversary on June 8. Mr. Dreis is a retired vice-president of the First Trust Company of Albany.

On June 6, the event was celebrated with a family reception at Blantyre Castle, Lennox, Massachusetts.

Mr. and Mrs. Dreis have two daughters: Mrs. Luciano Junco, Delaware Avenue, Delmar, and Mrs. Robert V. Lynch of South Glens Falls. Gwen Junco and her husband are associated with the operation of Stone Ends in Glenmont and Golden Fox Restaurant in Albany.

The following is Albany County District Attorney Arnold Proskin's Statement announcing his bid for reelection:

For the past several months I have been faced with an extremely difficult decision — whether or not to ask the voters of Albany County to again

elect me as their District Attorney.

The tremendous demands of the office have resulted in problems in my private practice and in the sometimes neglect of my wife and family.

My wife, however, has been most understanding and has stood by me without complaint while I devoted the time needed for the proper functioning of my office. She has allowed me to reach my decision without trying to influence me by her personal desires.

I have decided to seek reelection as District Attorney of Albany County.

I believe I have accomplished a great deal during my first term. I will not dwell on the fact that I was the first Republican to be elected District Attorney of Albany County in almost fifty years.

As a result of this one-sided political domination of Albany County, I was required to devote a substantial portion of the last three years to reorganizing the practices and procedures of the office and only lately have I been able to direct the time I deem necessary toward investigatory matters.

Furthermore, as you know, I have not received any support for my office from the Democrats who control the County Legislature. In fact, road-blocks have been the order of the day. Their recent arbitrary refusal to allow me to utilize Federal funds is but one indication of this.

My investigations, which have barely scratched the surface of such subjects as organized crime, mismanagement of municipal funds and power politics, have convinced me that the citizens of Albany County to whom I owe my allegiance would suffer drastically if the District Attorney's Office is once again allowed to become a tool of the Democratic Machine.

I have received not only the unanimous support of the readers of the Republican Party but also a tremendous and heartwarming appeal

from free-thinking Democrats and Independents alike to continue my efforts to give the citizens of Albany County an unbiased, non-political and vigorously conducted District Attorney's Office.

Nearly three years ago I was fortunate to win the opening battle — the war is now raging at full tilt and I intend to wage a strong campaign so that three years from now the citizens of Albany County will be the rightful victors.

The work has only begun; there is much, much more to do; with the support of the citizens of Albany County, I intend to do it.

MRS. ROBERT BARRON, Director, has announced that the First United Methodist Church of Voorheesville will hold its annual Vacation Church School Monday, June 28 - Friday, July 2, and Tuesday, July 6 - Friday, July 9, with sessions from 9:30-11:30 each day. Classes will be held for 4-year olds through Grade 6. All young people in the community on these grade levels are welcome. To register, call the church office any morning (765-2895) or you may register the first day of the school.

Grades are based on the grade the child has just completed in school.

BABE RUTH BASEBALL teams in the Delmar area again will compete for championship trophies to be awarded for Aetna Life & Casualty.

General Agent William G. Fraser, head of the company's life division at Albany, said his office will present trophies to winners of Babe Ruth district play-offs in the area as part of a national Aetna-Babe Ruth awards program.

Countrywide, Aetna Life & Casualty will present more than 700 team and individual trophies to district, state and regional champions, and to competitors in the Babe Ruth World Series to be held at Albuquerque, N.M., Aug. 21-28.

dancer from Tommy Sternfeld Dance Studio of Albany will perform at Albany High School on June 21, 1971 under the direction of Marge Tynan.

She has performed at the Tulip Festival Coronation Ceremonies, Wolferts Roost Country Club, Home Builders Assoc., at the DeWitt Clinton Hotel, a dinner for Picotte Realty and various dance recitals in the Tri-City area.

Julie is the daughter of Micheline J. Corbett of 21 East Fernbank Ave., Delmar.

FATHER'S DAY will be celebrated on June 20 this year when the nation will pay tribute to the heads of nearly 50 million households with gifts.

The projected volume of \$1 billion for this year's presents

to Dad makes Father's Day the second-biggest gift-giving holiday of the year — topped only by Christmas — according to a study by the research department of Black & White Scotch.

Since flowers and candy have a lower price tag than a bottle of Scotch or a box of fine cigars, the study shows, Father's Day accounts for a bigger dollar volume than Mother's Day. It is a woman's market and more than 75 per cent of the gifts will be purchased by mothers and daughters.

Father's Day was started by Mrs. John B. Dodd, a Spokane, Wash. native who, with her brothers and sisters, was raised by her father after her mother's death. She started a campaign back in 1909 to establish a Sunday in June to honor all fathers. The idea was a popular one and it caught on quickly. In June of 1910, the first Father's Day was celebrated.

In the 61 years since Mrs. Dodd's efforts were rewarded with the first Father's Day, she has seen it become a national tradition.
