JOE GUERRERA: *'Success Beyond Wildest Dreams'*

Baldwinsville recently honored Bethlehem's Joe Guerrero. The following story by C. Alan Baker appeared in the June 17 issue of the Baldwinsville Messenger:

"I'll never forget how you young men came into my life and gave me success beyond my wildest dreams."

The success came over 20 years ago, but to Joe Guerrero and the 100 or so people who gathered at Fireside Inn on Saturday night in his honor, it could just as well have been yesterday.

Guerrera, physical education teacher and coach here from 1936 to 1954, is retiring from the Bethlehem school system at the end of this month. Last week's dinner was hatched by former players who had a hand in Guerrero-coached teams which brought baseball fame to Baldwinsville in the late forties and early fifties.

Under the tutelage of Guerrero, Baldwinsville schoolboy baseball found a place in the National Baseball Hall of Fame at Cooperstown by posting a winning streak of 46 games. Not a small part of that record was three consecutive county league championships and in the final season, the crown for the league's old central division. Minoa, eastern division champion, snapped the streak by winning the overall county championship, 9-3, in a playoff game on June 13, 1950.

LONG DRY SPELL

When Guerrero's charges captured their first pennant in 1947, it was the first one that Baldwinsville had enjoyed in 21 years, or since 1926.

As far as local school officials know, the Hall of Fame

record still stands. It's known that another school may have bettered the string by a couple of victories, but there is question in the minds of local fans whether that record was continuous, possibly having been interrupted by a tie score.

Among the members of those teams on hand for the dinner were Jack Montague, George Brennan, Ken Burton, Bill and Dick VanDerveer, Jim Coleman, John Delaney, Carl (Peanut) Hobbs, Fred Collins, Homer Merrifield, Jack Wilcox, Dick Perkins, Lynden Snow, Bob Turcotte, Jim Collins, Bob Stevenson and Jim Paige, as well as former managers Tom Doris and Dick Doran.

Other athletes who played under Guerrero at different times were also present, along with their wives, and teachers once on the staff with Guerrero.

Among the speakers were Paul Benedict, district principal here from 1947-1955, and former Bees grid coach Joe Grizbowski. Baker High School Principal Donald W. Coates, who was an assistant coach under Guerrero and Athletic Director Otis Sennett also delivered remarks.

Guerrera, in telephone contact with The Messenger on Monday, said he was "... deeply moved by everything that happened and ... grateful to all the former athletes and our many friends in Baldwinsville. It was a memorable and enjoyable evening, and we were honored just being there," he added.

DURGEE EMCEES

Reminiscing his way through the program, master of ceremonies Theodore R. Durgée,

retired assistant school superintendent, said the crowd included former school board presidents Walter McCarthy and Alex Jones Jr., as well as Wilson Wormuth and Harry Garrett, both avid baseballers during their high school days. Also present was Mrs. Thelma Davis, widow of the late Willis (Bill) Davis, editor of The Gazette & Farmer's Journal who documented the teams' record for the Hall of Fame.

In his remarks, Benedict said he was proud of the teams, but never more than the day their streak was snapped, for the sportsmanship they displayed. Minoa, at the time, was coached by Tom Sheldon, now second in command of the State Education Department, Benedict pointed out.

Coates, who coached football and was assistant in baseball and basketball during Guerrero's years, called his former associate "a good husband, a marvelous father and an excellent teacher of young men." Coates, the emcee recalled, was a star Baldwinsville gridder on what was then the town's famous 90-yd. field behind Elizabeth St. School.

Sennett said Guerrero was one of only four men who have coached basketball locally, and that he was responsible for the Saturday basketball program. He gave Guerrero an honorary Block B from the Baker staff, as well as a caricature of Guerrero drawn by John Arcaro and signed by those present at the dinner.

Jack Wilcox, southpaw pitcher for Guerrero, presented him with a plaque in memory

of the reunion. Dr. Homer Merrifield, a catcher during his high school days, called his coach "an immeasurable force on my career ... a fine influence on my life."

Bill VanDerveer, who traveled here from the West Coast for the dinner, presented Guerrero with a purse from the crowd.

SEND COMPLIMENTS

Richard Doran, who coordinated the dinner committee which included Richard VanDerveer, Lyndon Snow, Arthur Peters, John Delaney and Fred Collins, read messages from friends unable to attend. These included the Rev. Paul Webb of China, the Rev. John Daley of California, Bill Gifford of Wyoming, Tom Bentley, Dr. Vincent Carfagna, Erskine Aller of Iraq and Robert Germain.

Guerrera, who has spent 17 years at Bethlehem where he is now director of physical education and athletics, called the evening "the greatest moment of my career." Present in addition to his wife, Esther, was his older son, Bill, now a teacher-coach at Webster. The evening's remembrances included a telegram from his other son, David, a pharmaceutical firm management trainee in Hawaii.

Guerrera recalled "the great support and coverage" of The Gazette under Mr. Davis; the "great support" of "Gus" Garrett; the "kindness and generosity" of Mr. Jones. He called Mr. Benedict "a man ahead of his times"; Mr. Durgée, "a quiet but great leader and great friend"; Mr. Wormuth, "an advisor and friend" and Mr. Coates, "a steadying influence on the team."

Put some money in The Bank.

If you've read this far, you probably would like to be putting some money in the bank. But somehow, you don't do it.

So here's what we do to make it easy for you to put some money in The Bank:

1. We offer our savings accounts right alongside all our other banking services: checking accounts, instalment loans, all of them. So you don't have to go out of your way to save.
2. We offer Automatic Savings. All you need

to take advantage of it is a checking account at The Bank. Just tell us how much money you want to save, and every month we'll transfer that amount from your checking account to your savings account.

3. We offer save-by-mail service. We pay the postage both ways. And you never even have to leave the house.

And if there's anything we haven't thought of, we're open to suggestions.

Members are restoring the garden of the late Mrs. Iam Huyck on the Institute campus. Mrs. Edmund Melhado of Rensselaerville and Mrs. A. Moseley Hopkins of Loudonville are in charge, assisted by Mrs. Weston Wheeler of Loudonville and Mrs. John F. Mosher of Guilderland.

DUKE ELLINGTON, probably the greatest living figure in jazz, makes his debut appearance at the Saratoga Performing Arts Center Thursday evening, July 1, at 8:30 p.m. He will lead his orchestra, which features such veteran stellar musicians as Harry Carney and Johnny Hodges, in a program of all-time musical favorites.

Described by one as "the man who put the top hat on jazz," Duke Ellington has written more than 2,000 songs over the past half century. Among the best-known have been "Mood Indigo," "Solitude," "Sophisticated Lady," and "Do Nothing Till You Hear from Me." In addition, he has composed a large amount of sacred music as well as several long harmonically-complex works including "Black, Brown and Beige," "Black and Tan

Fantasy" and "Reminiscing in Tempo."

Ellington has also been responsible for creating music for several Broadway shows and films. His total record sales over the years amount to nearly 20 million.

"The Duke", as he is sometimes called, has been honored by four U.S. presidents most recently, on the occasion of his 70th birthday, by President Nixon. Queen Elizabeth and Pope Pius XII have also paid tribute to him, as have eight universities, including Yale and Brown, which have awarded him honorary degrees.

Ellington continues to thrive on the grueling schedule of one-nighters, traveling 52 weeks a year to all corners of the world, that has been his practice for decades. "I don't believe in the generation gap," he reportedly said on his birthday. "I believe in the re-generation gap. Each day you regenerate, or else you're not living."

THE N.Y. STATE College of Agriculture at Cornell University has published "A Guide to Safe Pest Control Around the House" describing safe, simple control of house-

hold pests for urban and suburban dwellers.

Written in easy-to-understand language and printed in color, the 40-page column was prepared by 16 specialists at the College of Agriculture. The writers were assisted by Cooperative Extension field staff and the Cornell Woody Ornamentals Commodity Committee.

The publication identifies common pests both inside and outside the home and suggests ways to combat them, with focus on protection of house plants, flowers, lawns, shrubs, fruits, and vegetables.

Particularly useful in the volume are a number of easy-to-follow illustrations, charts, and tables discussing the selection of pesticides, equipment, and identification of pests by problem areas.

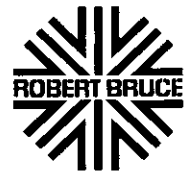

Also presented is a series of basic precautionary measures stressing careful reading of the directions on the labels of pesticide containers, storage of pesticides out of reach of children and pets, and proper disposal of empty containers.

Most pesticides recommended in this publication are not restricted. In a few instances, restricted chemicals are recommended, but they must

AL HIRT, one of the few individuals in entertainment history to come up with three gold records in a single 12-month span, returns by popular demand to the Saratoga Performing Arts Center Friday evening, July 2 at 8:30 p.m. Appearing with the great New Orleans born trumpeter are Short Legs and The Saints.

Al Hirt

Known as "The King" — both for his musical ability and for his girth — Al Hirt has stayed at the top of the show business world for over a decade. His personal appearances have ranged from New York's Carnegie Hall to Harrah's Club in Lake Tahoe, and they have included America's biggest hotels, nightclubs and summer festivals.

On TV, Hirt has been featured on Kraft Music Hall, had two of his own specials on NBC, and hosted "Fanfare," a CBS summer musical variety series. He has also made guest appearances on the leading variety shows, including 10 on the Ed Sullivan Show and 7 on the Dinah Shore Show.

During the early years of his career, Hirt did one-night stands, played for

a New Orleans radio station, and also occupied the trumpet chairs of such big bands as those of the Dorsey Brothers and Horace Heidt. In 1957, he was booked into a Bourbon Street club called Pier 600 which he was soon making one of the most popular in the city. His big breakthrough, however, came in the early 60's when he recorded an album, "Honey in the Horn," that contained the single "Java." Both shot Hirt into national prominence, and were quickly followed with two more gold albums, "Cotton Candy" and "Sugar Lips."

Golf Course, Saratoga Springs, it was announced today.

Ed Bosse, tournament director, said that Marlboro cigarettes will sponsor the 1972 and 1973 Championships as well, posting \$30,000 in prize money for each of these tournaments, for a 3-year grand total of \$90,000.

The Marlboro State Championship is open to Class A and Junior A members of the four New York P.G.A. sections. Top New York golfers expected to compete include Doug Ford, former Masters and National P.G.A. champion; Dave Marr, former National P.G.A. champion; Tom Nieporte, a winner of the Bob Hope Classic, and Bill Collins, a winner of the Buick Open.

The four Sections cover bordering areas of Connecticut, Pennsylvania and Massachusetts and open up competition to highly regarded players such as Mike Krak of Darien, Conn., often a U.S. Open and National P.G.A. qualifier who twice won the National P.G.A. driving championship, and Rudy Coff, of Williamstown, Mass., who has competed in the National P.G.A. Championships and the U.S. Open.

The field will be limited to 152 players for the 72-hole tournament at the Saratoga Spa Course, which is rated as one of the finest competition courses in the state. Par for the 7,109 yard course is 72.

Among its more challenging holes are the par-4 third, 449 yards uphill where the second placement shot must carry over water to the green;

and the par-4 18th, 445 yards, dog leg left, and one of the longest traps in the world--120 yards--in the landing area of the tee shot.

Each Section has been assigned its quota of qualifiers: Central, 24; Northeastern, 26; Western, 27; Metropolitan, 75. Quotas include seniors, juniors and automatic qualifiers.

Automatic qualifiers include 1970 Champions of Sections, Metropolitan Open, Westchester Open and Long Island Open (if P.G.A. members), and the top 25 in the last State P.G.A. Championship, which was held in 1969 and won by Jerry Pittman of The Creek Club, Locust Valley, Long Island.

Each Section must submit its list of qualifiers by August 15 to Jack Lumpkin, Western president, who is in charge of tournament arrangements.

THE ALBANY JAYCEES have undertaken a fund raising drive to obtain \$75,000 for Hope House, Inc., a self-help drug rehabilitation project for drug addicts and abusers in the Capital District.

Hope House, Inc., is a non-profit, non-denominational, private agency, established four years ago by a determined group of local residents concerned primarily with the rehabilitation of drug addicts in Albany's South End.

Operating solely with volunteer help from a storefront mission on lower South Pearl Street in Albany, the fledgling agency offered a small core of drug abusers individual counseling and group therapy, legal and educational

aid, housing arrangements, vocational tutoring, and employment leads. Then as now, the day-to-day supervision and administration of Hope House was under the direction of the Rev. Howard Hubbard, co-founder of the project, and was coordinated by a volunteer board of directors comprised of Albany County citizens.

Today, like the drug problem itself, the organization's sphere of influence has spread throughout the county, to a point where 60 to 70 per cent of its clients come from outside the Inner-City of Albany, and where its programs and goals have been formalized into an eight-point master plan designed to rehabilitate drug abusers and addicts and to prevent the spread of narcotics addiction and abuse.

Resident Facility

A cornerstone of the Hope House project is a resident rehabilitation facility, modeled after similar successful facilities in the New York City area, where addicts, working with a small staff of ex-addicts, headed by Dave Brabham, himself an ex-addict, and under the direction of Father Hubbard, are encouraged to face their problems in an atmosphere structured to promote self-discipline and self-help.

The Hope House resident facility, the first of its kind in the Capital District Area, became a reality in March, 1971, with the acquisition of a former farmhouse on Route 9W in Glenmont. Much of the work of converting the buildings and grounds into an adequate treatment center has been done by the staff and residents. However, professional renovation assistance also is needed. Financing of the acquisition and renovation is being sought through the Capital Fund Drive sponsored by the Albany Jaycees.

Store-Front Facilities

In addition to the resident facility, which eventually will serve as headquarters for the entire Hope House

program, the project's master plan calls for continuation of the present South Pearl Street store-front facility as a community education center. It will be manned by at least two full-time employees, one of whom will be an ex-addict, and will serve anyone who seeks assistance of information. The center will be used for meetings, consultations, seminars, group discussions, and individual and group training sessions. Staff at the store-front center will be on 24-hour-a-day call and will interview and evaluate prospective residents at the live-in facility.

Other highlights of the Hope House program include:

Family Association

An association has been formed for parents, wives, and friends of individuals with a drug problem, to afford them as opportunity to participate directly in the rehabilitation process the addict is undergoing. Hope House staff feels that through their own group discussions, family consultation, and modified encounter and confrontation groups, members of the Association can be trained in the proper methods of dealing with the behavioral disorders displayed by their loved ones with a drug problem.

Community Awareness

It is axiomatic that no program of the Hope House type can be successful without

total community awareness. To this end, civic, religious and fraternal organizations, service clubs, business associations and parent-teacher groups will be asked to form awareness groups in their respective communities and areas of concern.

Personal Appearances

Staff, board and clients of Hope House are available for speaking engagements throughout the Albany area, to provide knowledgeable answers to whatever questions their audiences made up of concerned parents or curious teenagers.

Professional Training Groups

Because of the continuing need for involvement of trained professionals, versed in the type of self-help concept espoused by Hope House, local psychologists, probation and parole officers, social, youth and welfare workers, teachers, school administrators, clergymen and law enforcement officers, will be invited to become involved in intensified training groups. Primary emphasis will be placed on sensitivity and attitudinal training, behavioral interpretation, evaluation techniques, and communication development.

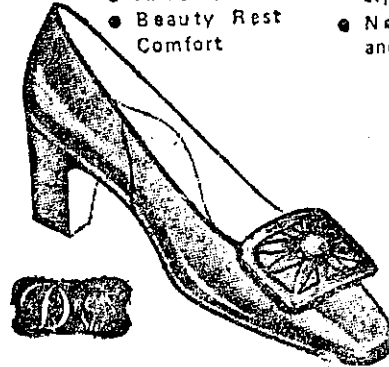

School Programs

Curricula embracing the meaning of drug abuse and addiction will be offered to school systems throughout the community. As part of this

program, ex-addicts will be available to teach drug-awareness classes to pupils at the junior and senior high school levels, so that they may become familiar with personality symptoms and behavioral patterns which lead to addiction and heavy activity as a drug abuser.

The target figure for the fund-raising campaign is \$75,000 which the Jaycees hope to obtain over the next two months. The campaign will consist of two principal phases: the first directed at major corporate donors to be followed by a general mailing and solicitation campaign addressed to residents of the Capital District.

Several of Albany's major financial and business institutions have already contributed over \$20,000, but spokesmen for the Jaycees acknowledge that there is a long road ahead. The success of the campaigning depends to a large extent on both the generosity of the public and its awareness of a serious problem.

Donations may be sent to Hope House, Inc., c/o Box 1864, Albany, New York.

EIGHTY-TWO FOURTH and fifth graders spent June 14-18 camping at Lawson's Lake and learning about nature and environment.

The week long Environmental Education program was planned and directed by fifth grade teacher, Hugh Williams; with the assistance of other Delmar teachers, Mrs. Robert Oliver, Mrs. Carol Van Deuser, and William Nines.

The purpose of the program was to give students an opportunity to study such subjects as geology, entomology, botany and meteorology in a natural setting. Mr. Williams says the camping experience also teaches the children a great deal about relating to other people in a group-living situation.

Each morning after breakfast, the students broke into small groups of 10 to 15 each

to attend outdoor classes presented by various experts from the Albany area. Guest teachers for the environmental classes were: Dr. Robert LeFleur, of the RPI Geology Department; Stanley Smith and Dr. Ora Phillips of the State Education Department; Dr. Carl Ketchum of the SUNY Meteorology Department; Mr. Sal Schiavo of the U.S. Geological Survey; Mr. Frank Leavitt of the U.S. Soil Conservation Department; Dr. John Wilcox and Dr. Edward Reilly of the State Education Department; and Mr. Al Hulstrunk from the SUNY Atmospheric Science Center.

Throughout the school year, the students prepared for this program by studying nature subjects and raising money for the program. In a series of money raising events, the pupils collected nearly \$1,000 to purchase food and supplies for the outing. They also wrote letters inviting the guest speakers and planned all the menus and recreational activities for the program.

Afternoons were devoted to enjoying the woodland setting, with such activities as swimming, fishing, hiking and outdoor arts and crafts. On Thursday evening the parents of all children attending the program were invited up to see the camp and hear about the week's activities firsthand.

Numerous parents assisted at the campsite during the week, performing such duties as cooking, sleeping overnight with the boys and girls in the camp cabins, serving as supervisors for waterfront activities, and driving students and supplies to the camp.

WILBER PIPING CORP., 58 Hudson Ave., Delmar, has received a \$24,800 contract to install an air conditioning system in the thread grinding room of the arsenal's design metrology branch, Watervliet Arsenal.

A 25th WEDDING Anniversary Party was given for Mr. and Mrs. Ronald F. Cun-

ningham, Beaver Dam Road, Cedar Hill, by their son, Ronald Jr. and their daughter and son-in-law, Mr. and Mrs. John Goodhart of Colonie. The party, attended by about 70 relatives and friends, was held on June 19 at the Bethlehem Elks Lodge, Cedar Hill, where Mr. Cunningham is a member. After a dinner, the guests danced to the music of The Mack Brothers.

Mr. and Mrs. Cunningham were married on June 29, 1946 in Rensselaer, where they lived until moving to their present address 15 years ago.

In August, Mr. Cunningham also celebrates his 25th year of service with Niagara Mohawk. His wife is with the offices of Agway Feed Division.

JAMES A. O'NEILL, president of Niagara Mohawk Power Corp., has been elected the utility's chief executive officer, it was announced recently by Earle J. Machold, chairman of the board and retiring chief executive officer.

Machold will continue serving as chairman of the board of directors and chairman of the executive committee and O'Neill will remain president in addition to assuming his new capacity as chief executive officer. O'Neill was elected president of the corporation in August 1968.

Machold, who is one of the nation's top utility leaders, has served as chief executive

officer of Niagara Mohawk for 28 years. He was president of the company from 1950 to 1968 and president of the former Niagara Hudson Power Corp. from 1942 to 1950. Previously, he was counsel to system companies.

In recent years, Machold pioneered the introduction of atomic-electric power in Upstate New York when, in 1963, Niagara Mohawk announced plans to build a large nuclear plant at Nine Mile Point on Lake Ontario. Plans for a second nuclear plant at Nine Mile Point were announced by the utility earlier this week, June 15.

THE VAN RENSSELAER Society, Children of the American Revolution held its June meeting at the gravesite of the Revolutionary War soldier, Captain Thomas Houghtaling. The society cleaned the grave and then held a memorial service led by Jay Kakovic, State President of NYSCAR. Last year the society held a similar service when the grave was marked by the society and Mohawk Chapter, DAR, its sponsoring DAR chapter.

A patriotic observance of Flag Day was given by Ruth Hewitt, society vice president. She displayed her family flag and told of its colorful history.

It was announced that the next meeting was to be the

"CREATED BY GOD" is the theme of the Vacation Church School to be held at the Clarksville Community Church. The program is sponsored by the Reformed Churches of Clarksville, New Salem and Unionville. Sessions will be held from 1 to 3:30 P.M., July 6-9 and 12-16. On opening day, youngsters from New Salem will make their way by hay wagon to Clarksville. Youngsters age 4 through Jr. High are invited to attend. No pre-registration is required.

BETHLEHEM CHRISTIAN Workshop preparations are entering final stages as the sixth annual edition gets set for the week of July 12-16.

The Workshop, sponsored by the Bethlehem Community Church, offers a diversity of class subjects to Bethlehem area students from kindergarten through High School. Each student attends a Bible course taught from an interdenominational perspective.

There are still class openings in the Workshop's Evening Division in the following classes:

Cake Decorating — 6th & 7th grades — Bake a cake and decorate it.

Stitches and Glue — 6th & 7th grades — The art of decoupage (making beautiful picture-paintings) and other projects with stitches and glue.

Chess — 6th & 7th grades — Learn this fascinating game of strategy.

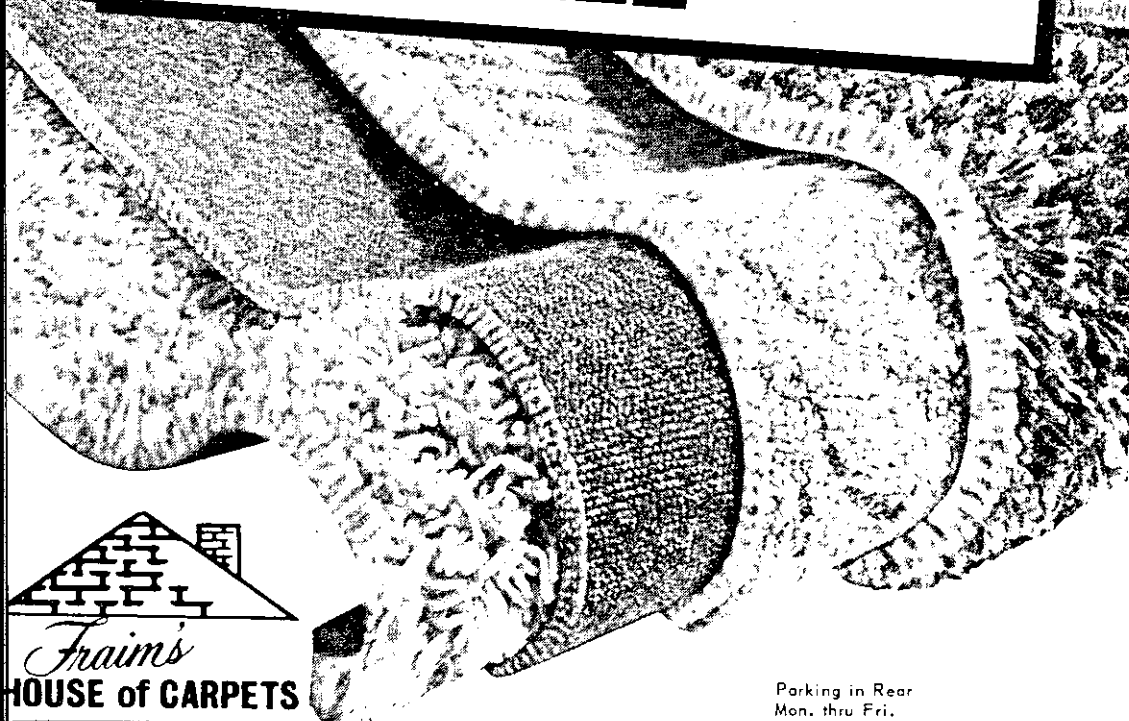

Creating with Wood — 6th & 7th grades — Create your own lamp for bedroom or den.

Let There be Light — 6th-8th grades — Explore the world of prisms, lenses and lasers and make a pocket spectroscope.

Rallye on Foot — 8th-10th grades — A cross-country "Rallye" course teaches how to find directions using natural means — the fun way.

Fashion Design — 9th-12th grades — Make your own future wardrobe.

Archeology — 9th-12th grades — Did you see the "Dig" article in the Times Union of Sunday, June 20? This is where this class will be digging.

Lacrosse — 9th-12th grades — A rough and tumble contact sport, a real "man's game."

Contemporary Music - 9th-12th grades — Playing guitar, group singing, creativity — all against the backdrop of the Bible's poetry, the Psalms.

"Get Born, Keep Warm . . . Look out Kid, They Keep it all Hid — Part II" — 9th-12th grades — Build a space module-form whatchamacallit.

Kinetic Sculpture — 10th-12th grades — A four-dimensional art course dealing with space, time, light, movement and balance.

Computers — 10th-12th grades — you'll actually work with computers in this course, write your own programs and get back results. Learn the answers to many of the questions you've had about computers.

Daytime classes will be held in various homes throughout the area. Evening classes will be held at Sunny Acres Day Camp.

Workshop Director is John Rankin. Registrations should be sent to Mrs. R. Rightmyer, 58 Union Avenue, Delmar 12054.

FINALLY, summer has come to Bethlehem and many residents are planning to spend a great part of the time in their own back-yard pools. Under the Town of Bethlehem Swimming Pool Ordinance, a Permit is required before installation of a pool.

An in-ground pool requires a 4' minimum fence to encompass the entire perimeter of the pool area. (A solid fence shall be no more than 5' in height.) There shall be a gate with a locking device so that when the pool is not in use, it is locked to protect children in the neighborhood — as well as any animals that may wander into the area. No fence is required around an above-ground pool (over 24" in

depth) but there should be a removable ladder or steps that lock up when the pool is not in use. (A pool less than 24" in depth does not require a permit.)

There are a few basic rules that should be followed for the protection of everyone;

TEST the water daily. An inexpensive test kit is available where pool chemicals are sold. The hotter the sun, the quicker the chlorine dissipates.

PROPER SUPERVISION of the pool is vital to the well-being of all.

REMEMBER THE SUN — over-exposure can be very painful. Start out slowly and don't try to get your tan all in one day!

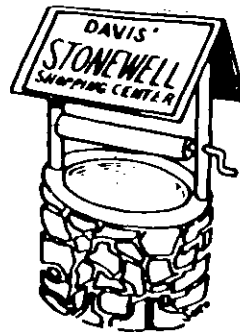

If you have any questions regarding the Pool Ordinance or how to go about getting a Permit, call the Town Building Department at 439-4955.

FOURTH GRADE PUPILS were installed in the Slingerlands School Safety Patrol Thursday, June 24. A colorful and impressive ceremony was conducted outdoors in a natural amphitheater setting. The Webelos of Cub Pack 273 participated forming an honor guard, presenting the colors, and repeating the Scout Oath. "The Star Spangled Banner" and "America the Beautiful" were sung.

School, thanked the outgoing patrol for its great helpfulness in maintaining safe practices. The outgoing members were Karen McKibbin, captain; Mary Bidell, Mark Conery, Elizabeth DeFlumer, Elizabeth Healy, Jonathan Lord, Michael McTague, Mark Platel, Doreen Walsh, and Robin Yaguda.

Karen McKibbin presented Miss Bida a Safety Patrol Badge and life membership in the Slingerlands Elementary School Safety Patrol.

The incoming members were installed by Miss Bida leading in the Safety Patrol Pledge. Frances Bidell was made captain with the following Patrol members: Mary Gaudette, Michael Hodom, Beth Hook, Tammy Keppler, William Kuhl, Mary Peek, Joanne Poggi, Valerie Schoeffler, and Susan Smith.

Many thanks and appreciation have been extended to the Webelos leaders, Mr. Robert Conery, Dr. Alvin Lierheimer, and Mr. Lewis Lovelace aided by Mrs. Conery for their guidance and cooperation in arranging the Scout ceremony.

The Slingerlands Safety Patrol has been advised by fifth grade teacher Mrs. Margaret Curran, second grade teacher Mrs. Edna Ableman, and School nurse-teacher Mrs. Geraldine Klett as chairman.

lated to safety, have been presented to the entire student body.

On May 18, Detective Leo Dorsey conducted a bicycle safety demonstration on Union Avenue hill. Students Monica vonSchwerin and Jeffrey Poggi rode their bicycles showing the correct way to approach the school and bicycle rack. John Cannizzaro used his bicycle to point out parts of the bicycle and safety factors to check.

A very enthusiastic and persuasive speaker, James Carnahan, from the American Red Cross, spoke to an assembly practices. He showed a new water safety film and demonstrated mouth to mouth resuscitation on Resusci-Annie.

BETHLEHEM ENVIRONMENTAL Improvement Association calls your attention to the colorful flower boxes that are bright with the many blooms of the red geraniums and white petunias at the Four Corners. The boxes were planted by members of BEIA aided by Slingerlands and Delmar members of the Albany Garden Club.

One hundred and sixty geraniums and more than two hundred petunias were used in the planting. Both the Delmar Progress Club and Four Corners merchants contributed to the fund to make the planting possible.

ON THE LOWER PORTION of Kenwood Academy's beautiful grounds just north of the Normanskill creek stands an old two story brick building. This building is the setting for one of Delmar's best kept secret accomplishments ... the Montessori School of Albany.

Founded in 1966 as a non-profit educational institution, the Montessori was a brain child of Dr. and Mrs. Lynn Moxham. Governed originally by a board of directors from the Delmar area, the board has broadened its range to span much of the Capital district; current board members come from as far away as Castleton and Clifton Park. The Staff and students come from a much wider geographic area. Of the past directresses, one was from England, one from Ceylon and one from Trinidad; the current directress was born and educated in Zagreb, Yugoslavia. Among the students this year were an American girl raised in Indonesia, a boy from Yugoslavia, another whose parents are English, a girl whose parents are Phillipinos, and a girl and a boy from India. Yet the majority of board members and students still reside in the Delmar area, providing the community basis for such an international undertaking.

Licensed by the State of New York and member of American Montessori Society, the Montessori School of Albany has provided a unique alternative for pre-school education in this area. The history of the Montessori movement begins, of course, with Maria Montessori the first woman to receive a medical degree from an Italian University, who subsequently turned her attention to the education of children. Dr. Montessori realized more than half a century ago that during the

period of early childhood (2-6) learning is not only easier than at later ages but also a joy for the child and absolute necessity for him to be really contented. Although much of her theorizing has been modified and adapted since the early part of this century, contemporary voices for many of her views include Jean Piaget, Carl Bereiter and David Elkind.

It is not, however, as a theorist, but rather as an educator that Montessori is so widely acknowledged today. Her reputation was built on her extraordinary accomplishments with slum children in Rome. In her **Casa dei Bambini** equipped with apparatus devised mostly by herself, she transformed dirty, noisy "ghetto" children into disciplined, creative scholars who learned not only formal skills — reading, spelling, arithmetic — but also how to take care of and enjoy themselves and their environment.

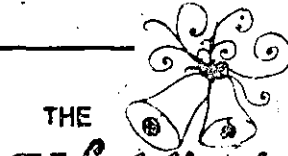

Montessori equipment is used by kindergartens and primary schools throughout the world. Headstart utilizes Montessori equipment or variations of it. Creative Playthings, Fisher Toys and Play-skool among others manufacture imitations, both expensive and cheap, of apparatus Maria Montessori designed.

Naturally the Montessori School of Albany is well equipped with the equipment and apparatus so basic to the Montessori classroom. Even more essential, however, to the spirit of Montessori's work is the classroom atmosphere. Visitors, both primary teachers and college instructors, from throughout Metroland, Vermont, Massachusetts, Connecticut never cease to marvel at the order and industriousness which classes demonstrate. In a single, large open classroom nearly thirty

children are working alone or in small groups at a variety of tasks. Some may be sorting color tablets or tracing metal inserts; others are measuring the classroom with metric rods or counting beads in a thousand bead chain; still others are washing desks or lacing and buttoning dressing frames; the collage table provides material for creations as diverse as jungle animals and dance costumes. The work so captivates the workers that only occasionally is one of the teachers sought out for guidance or just as frequently asked to provide critical judgment.

Such a school, because it lies outside the public rela-

tions net of taxpayer supported public schools, because it is located physically outside of suburbia (Kenwood Academy is just within the city limits of Albany), appears to be an oasis of educational opportunity for pre-schoolers. Perhaps it is precisely the maintenance of this uniqueness which has prevented Delmar from fully recognizing the accomplishments of this school and feeling justifiably proud of its contributions.

Registration for children between the ages of 3 and 5 at the Montessori school of Albany is now open. The children can attend either morning or afternoon session, each of which lasts three hours. The school calendar parallels that of the Bethlehem public schools. Contact Mrs. Patricia King (439-6452) director of admissions, for further information.

QUESTION: Will Latin I continue to be offered at Bethlehem Central High School?

ANSWER: It will not be taught next year, because only 12 pupils signed up for it, half of whom will be seniors. Since second-year Latin could not be taught the following year for the small number remaining, school officials decided against having a Latin I class.

THE SUMMER evening band program, co-sponsored by the Town of Bethlehem and the Bethlehem Central School District, will hold its first rehearsal on July 12, at 7 P.M. at the Bethlehem Central Middle School, room 104, directed by Mr. Samuel Bozzella, senior high band director. Students who have not yet registered may join with a \$15 registration fee for the five-week program. Also, students who desire to participate on a limited basis of \$2 per session may do so by calling 439-4921, Ext. 313 (Mr. Bozzella's office) for summer band enrollment information between the hours of 8 A.M. and 4 P.M.

The band program consists of two evening sessions per week for five weeks and any present sixth grade through twelfth grade students and interested alumni are eligible to participate. All interested band students are urged to enroll prior to the July 12th rehearsal in order to make the necessary provisions and arrangements for the total summer band program.

PARENTS OF ALL Bethlehem Central pupils entering kindergarten and grades 1, 3, 7 and 10 next fall will be required to submit medical examination reports for their children no later than 15 days after school begins.

Section 903 of the New York State Education Law requires that all children entering these grades, and all those moving into the school district in any grade, must have the medical examination.

Section 2164 of the New York State Public Health Law requires immunization against poliomyelitis, measles, smallpox, and rubella (German measles) for any child admitted to school for the first time. All the immunizations, except rubella, apply to all ages of school children. The

requirement of immunization against rubella goes up to and includes age 10.

In previous years, the school district has provided check-ups for pupils whose parents did not submit evidence of an examination by the family physician. Next year, however, there will be no funds available for the schools to do this, so all parents of children in these grades **MUST** have the examinations done privately.

School officials are announcing this State requirement now, so parents will have time to make appointments with their children's physicians over the summer.

SUGGESTED READING**

THE JUNE 1971 ISSUE of Fortune Magazine has an article "What Price Glory on the Albany Mall?" by Eleanor Carruth that is well worth the time it takes to read. It combines all of the news stories that have appeared plus the results of the author's own investigation and conclusion.

There is a large photo of the Mall model plus one of an enthusiastic Gov. Rockefeller taken in 1968 as he extolls the many Mall benefits at the building site.

Much of the information on building costs is taken from an interview with State Controller Arthur Levitt who has been one of the Mall's most persistent critics.

The emergency dime. It's everything a lost kid needs to get home.

It's also something a worried parent needs to relax.
It's a folder that has a space for a dime on one side.
And space for your child's name, address, and phone
number on the other side.

So just in case he's late, gets lost, or needs a dime
to phone you in an emergency, he can. Or somebody can
get in touch with you for him.

And we've made it easy for your child to have one.

Because we're supplying it free of charge.

To get one for each of your children, all you do is
call your local telephone business office. Or write:
Child Return Kit, New York Telephone, 140 West Street,
Room 1375, New York, N.Y. 10007.

We'll supply the folder. And you supply the dime.

But don't forget to remind your child not to spend
his emergency dime on an emergency like soda.

Now we can give you broad car insurance.

At a compact price.

Auto insurance may never be the same around here again. Because we have something special to offer you: Auto-Rite, the policy for safe drivers.

If you have a good driving record, we think you should get something out of it... such as a lower rate for your insurance.

It's not only what you pay that'll come as a happy surprise. The real surprise is in how much

you get.

Because Auto-Rite is not the trimmed-down, minimum-coverage policy you might expect for the price. It's the opposite. It's quality insurance that can give you a full range of coverages. Liability—up to \$500,000. Collision. Fire. Theft and comprehensive. Medical payments. You can even have emergency road service.

You get another advantage: Aetna's countrywide claim service. Take our word for it, it lives up to its reputation for speed and fair play. And naturally, our agency is always here to give you personal service and attention.

Find out if you qualify for Auto-Rite. Let us quote you the facts and figures. You could be in for a happy surprise.
