COVER STORY
1971 FIREMEN'S CONVENTION

THE DELMAR VOLUNTEER FIRE COMPANY will be host for the 44th Annual Convention of the Hudson-Mohawk Firemen's Association this week, July 14-18. Delegates to the convention registered yesterday for the two-day meeting schedule. In conjunction with the Convention, a Carnival will be held at the Town Parking Lot on Adams Street across from the Police Station. The carnival will start at 7 P.M. tonight, tomorrow and Saturday nights.

Tomorrow evening (Friday), starting at 7, a Mardi Gras Parade will march from Delaware Plaza up Delaware Avenue to the Four Corners, right on Kenwood to the Carnival grounds on Adams Street.

Saturday afternoon at 2, the Dress Parade will start at the corner of Oakwood Place and Delaware Avenue, proceed up Delaware to Van Dyke Road and disband at the Bethlehem Central High School. More than 3,000 people will participate in the line of march including 15 musical organizations, 50 fire departments and more than 70 pieces of fire-fighting equipment.

Sunday afternoon at 1, racing teams will meet at the Fire Training Grounds off Winnie Place opposite the Tri-Village Little League Park. This is the equivalent of the meet held in September on Nathaniel Boulevard near the fire house. The Delmar team is a three-time winner of the Central New York State Racing Team Association: 1968, 1969, 1970. The Ladies' Auxiliary racing team placed second in both 1969 and 1970.

The last time the Convention was held in Delmar was 1937.

In the picture: Delmar firemen hang the Convention sign. Left to right, on ladders: Pete Rossman and Joe Adriance; standing, Chief Gerry Day and Dennis DiLillo.

YOU AND YOUR FAMILY ARE CORDIALLY INVITED TO ALL OF THE CONVENTION EVENTS.

The Spotlight uses many pictures. If you take newsworthy pictures, send them to: The Spotlight, 154 Delaware Ave., Delmar. Be sure to request "photo credit," if you'd like to be identified as photographer.

What is Organic Gardening?

by Richard Simon

Organic gardening is a system of maintaining a fertile soil by applying Nature's own law of replenishing it, that is, the addition and preservation of humus, the use of organic matter instead of chemical fertilizers, the making of compost, and mulching. Organic gardening and farming is a rapidly growing movement, one that will hopefully alter our concepts of the garden and the farm.

Last fall students of the Man and Science Class at Bethlehem Central High School started work to set up a model organic garden. We turned the ground over and covered it with truckloads of leaves delivered by the Town of Bethlehem which is cooperating in the project. Over the winter plans were made, books on organic gardening were studied, and seeds and plants were ordered and donated. In the late winter, we started tomato and onion plants in a local greenhouse and later, when the plants grew too big for the greenhouse flats, they were passed out to those who were willing to 'babysit' them. In the spring, the field was planted according to plans drawn up in the winter. The garden is now in full swing and visitors are welcome.

We hope to aid in the rapid spread of the organic philosophy. Today, composters by the thousands are telling their neighbors of the wonders of this new, yet really age-old method, and they, in turn, are listening and beginning to follow. Compost heaps are becoming an integral part of many farms and gardens. When it is possible to see astounding results obtained by organic methods, a quick good-bye will be said to the artificial test-tube methods which produce inferior food and destroy good land.

Organic gardens don't believe in using pesticides or synthetic chemical fertilizers. We feel that human health is more precious than quick profits and insect-free crops. Any method to bolster yields should be adopted only after we are thoroughly convinced that future generations will not be injured.

When man attempts to completely disregard the Balance of nature there are often disastrous results. Spraying, for example, kills off beneficial insects and birds, contaminates the soil, leaves poisonous residues on food crops, and kills the bacteria, earthworms and fungus which turn organic matter into food for the plants. Rather than using rapidly soluble artificial fertilizers, organic gardeners use compost, manure, mulches, natural ground rock, and vegetable matter. We do not exclude a chemical simply because it is a chemical any more than we include an organism just because it is natural. There are, however, some chemicals that disrupt everything the organic gardener is trying to achieve. Those are the villains that this series of articles is being written to battle.

Anyone who has any questions about anything in any article or about organic gardening in general or who would like to visit the model organic garden, please call 439-5896 or send your question to Dick Simon, Westphal Dr., Delmar 12054.

THE 25th ANNIVERSARY of the ordination of the Rev. Louis H. Chisman was observed Sunday, June 27, at Chapel-by-the-Lake, Camp Fowler, Lake Pleasant, New York.

Rev. Chisman was graduated from Hope College, Holland, Mich., and received his B.D. degree from the New Brunswick Theological Seminary, New Brunswick, N.J. His parish ministries have included the Collegiate Church of N.Y.C. under Dr. Joseph Sizoo; the Tappan Reformed Church, the Coeymans Reformed Church; the Unionville Reformed Church; the Delmar Reformed Church; and for the past 18 years he has been the Executive Director of the Lewis M. Fowler Memorial Camp (Reformed Church) at Speculator. In 1960 the Chapel-by-the-Lake was dedicated and Mr. Chisman is still the minister at the Chapel which conducts Sunday morning services of worship throughout July and August at 10:30 a.m.

Rev. Chisman, a native of Keyport, N.J., was ordained at Coeymans.

GOING UNNOTICED in the hectic whirl of Saratoga's "Night Fantastic," until a check of records was made the following morning, were two more track standards for age,

sex and gait raced during "1941 Night," Wednesday, June 30, at Saratoga Harness.

Complementing the track's all-time single night's attendance turnout of 14,200 fans, the second best single night's mutuel handle of \$461,355 and second best daily-double pool of \$71,962, were new marks both for 9-year-old pacing mares and 13-year-old pacing geldings.

The new standard for 9 year-old pacing mares was written into the Spa's illustrious racing annals by Bo Adyn, a bay daughter of Joe Dale-Nyda Hal driven by teamster Jimmy Allen for the Wm. Palmisano-D. Dive-nere-T. Tavano-O. Hankins combine of Bristol, Cheshire and W. Hartford, Conn. Bo Adyn, in capturing the co-featured \$1,600 Rotterdam Elks #2157 Pace, the ninth race, scored in a swift 2:04.4 which, her second straight victory and best effort ever, eclipsed the former mark for

her age, sex and gait of 2:05 set by Miss Doris Scott in 1958.

In the very next event, the wrap-up race on the 10-race 30th Anniversary card, Duke-gan, and altered bay son of Duke of Lullwater, a star of Grand Circuit week in 1952,

inscribed into the books a new mark for 13 year-old pacing geldings. Driven by Dick DeSantis for owner John Costa of Cohoes, N. Y. Dukegan won the \$1,000 Greater Ravena Lions Club Pace in 2:06.2, which took down the former record of 2:07:1 raced by

Errol's Song in 1970.

The two standards increased to seven the number of track records already established this season at Saratoga Harness, similar standard setters being posted previously by Airebi, Joe Rodney, Romalie Hanover, Hal Speedster and Mr. Champ B.

Mr. Champ B not only set a mark for 10 year-old pacing horses, of 2:03:2 on June 4th but promptly lowered that record for the second time to 2:02.4, June 11th. Romalie Hanover's mark came Tuesday, June 29th, when she won the \$15,800 Chat-ham Division of the Battle of Saratoga for 2 year-old pacing fillies in 2:01:4, an effort only two-fifths of a second off the world record (2:01:2) set by Good Counsel at Delaware, Ohio, in 1956.

bilities, ability to relate to others, preparing for a career, worrying about how they can help make change in society, are invited to either call the Center office at 438-6651 to make an appointment to see a member of the school who would be willing to work with them, or come to a Rap Session where they can get together with others with similar concerns, on Tuesday, July 13 at 7:30 P.M. at the Center.

The new program will focus on personnel concerns teens and young adults have today. Those who will work with the teens and young adults from the Graduate School are under the supervision of Dr. Walter Lifton. Many of them have years of experience in human relations

and are working towards masters or doctoral degree.

Some of the areas that may be covered include post high school training, vocational planning, school and personal adjustment, and college preparations. The facilities of the school will be available as part of the service including testing. The new service has been developed with Dr. Lifton by Jay Bachrach, Program Director of the Center with Samuel Kurzon, Executive Director of the Center and Dr. Irving Ratchik, Chairman of the Teen Committee of the Center's board of Directors.

PAUL F. SCHMIED of 9 Furman Place, Delmar, senior engineer with the State Environmental Conservation Department, has been named chairman of the program planning committee for the Cornell Men's Club of the Capital District.

Al Bruce, president of the Cornell Men's Club, who announced Schmied's appointment, said Schmied will be responsible for planning the alumni activities for Cornell University men in Albany, Columbia, Greene and Rensselaer counties.

Before he joined the Environmental Conservation Department in 1967, Schmied was an associate engineer for California Water Resources Department. Schmied holds a bachelor degree in civil engineering from Cornell and masters in civil engineering from Stanford University.

He is a Boy Scout committeeman and secretary of Troop 75 in Delmar, vice president of the Delmar Mens' Club and active in the American Society of Civil Engineers, the American Public Health Association, and the Water Pollution Control Federation.

In 1970, boating accidents caused 1,305 drownings, James H. Carnahan, Albany Area Chapter director of Red Cross Safety Programs, said. Most of these fatalities could have been prevented if the victims had been able to swim or if proper safety precautions

had been taken to avert the accident."

On the eve of NATIONAL Safe Boating Week (July 4-10), proclaimed annually by the President of the U.S. Mr. Carnahan urged boat owners and their guests who are non swimmers or poor

ON PERMANENT DISPLAY at the Town of Bethlehem Historical Center on Route #144 at Cedar Hill is the doll house and doll collection of the late Miss Amy Saulsbury of Elsmere. Jacob Salisbury early settled along the banks of the Normanskill Creek in present day Elsmere, and his farm encompassed what is now the property of the Normanside Country Club. Miss Saulsbury was his descendent, but a family peculiarity resulted in two spellings of the family name. Amy Saulsbury resided all of her life on family property on Salisbury Road. In her will, she left the collection of her treasures to the Bethlehem Historical Center, where they have been put on display so that everyone may enjoy them: The Bethlehem Historical Center is open every Sunday from 2 to 5 P.M., May through October. A portion of the doll collection of Amy Saulsbury. Some of the dolls are valuable antiques, with china heads, arms and legs and white kid leather bodies. There is a Turkish Prince, as well as more modern character dolls, such as Campbell Kids and Emmett Kelly, circus clown. During her younger life Miss Saulsbury worked for the State of New York and after her retirement she worked on her doll collection and dressed many dolls for friends and relatives. Her sister, Eleanora Saulsbury, was active with the Delmar Senior Citizens and although Amy did not attend many meetings of the group, she did make hundreds of pieces of doll clothing for Christmas giving by the Senior Citizens.

Being nervous is a poor excuse for not driving.

But a very good one for learning at Link.

We know how it feels the first time you get behind the wheel. You're nervous. And you have a right to be. That's why we teach you how to drive in our driving center, first. In a Link Simulator, every driving situation is presented on a cinemascope motion picture roadway. It's just like driving a car, only safer. When you're ready, we'll take you out in a new air-conditioned, dual-control car. Come on. Call now.

THIS LOVELY 1840 wedding dress made by Worth of Paris is just one of the Wedding gowns that are on display at The Town of Bethlehem Historical Association, Route 144 at Cedar A l. The gown was worn by a Great Aunt of one of our past Town Supervisors, Otto DeHeus of Delmar. It is on loan to the Museum by Mrs. William Waldbillig of Glenmont. The dress in the background is handmade and is in Colonial Style 1770, also on loan from the Albany Institute of History and Art. Visiting hours at the Museum are Sundays 2-5 p.m.

swimmers to enroll in tuition-free Red Cross swimming and lifesaving courses. The Albany Chapter's Learn to Swim Program at Area Parks is ideal for beginners and non-swimmers.

The Red Cross is steadily expanding its small craft training program in schools, colleges, and summer camps, such as the Aquatic Institution held in June at Camp Von Schoonhoven in Averill Park. It has developed a method of instruction by which theory can be taught in classrooms in cold weather, with practice sessions on the water following in the spring and summer, Mr. Carnahan said.

He recommended that boat operators follow these safeguards to reduce boating accidents:

1. Carry a Coast Guard-

approved life jacket for everyone aboard. Insist that weak swimmers and non-swimmers wear them at all times and that all others wear them in hazardous weather conditions.

2. Don't overload the craft—keep passengers down to a safe number.

3. Don't overpower the boat. Ask your dealer what horsepower motor it can take.

4. Don't smoke while refueling.

5. Don't let passengers stand up in a small boat or sit on the gunwales while you are under way.

6. Equip your boat with essential gear—an anchor, oars, boat hook, extra line, fire extinguisher, tool kit, and first aid kit. Running lights are a "must" for

RENÉ BARBIER

(FROM SPAIN)

VINO BLANCO SECO of RENÉ BARBIER

A refreshing, light, dry white wine without any trace of the heavy "gout de terroir" so often found in Spanish white wines. It is a charming wine with a slightly fruity aftertaste. It is splendid for seafoods, ham, pork, veal and creamed fowl. Also very good on picnics. Serve chilled.

RENÉ BARBIER'S VINO TINTO

René Barbier's *Vino Tinto* is a light red wine of elegance, subtlety and finesse. It ideally complements lamb, veal, roast fowl, roast beef and other red meats. Serve at room temperature.

7. Check weather bureau forecasts before taking your boat out on open water. Take a transistor radio along to keep posted on changing weather conditions.

8. Most boats if swamped or capsized will stay on the surface, so stay with the boat in such accidents until help arrives. But in dangerous or extremely cold water, try to get to shore as fast as possible.

Mr. Carnahan listed these basic rules of the waterways:

1. When boats are meeting in or nearly in a head-on position, each should keep to the right.

2. When boats are in a crossing position, the one on the right has the right of way.

3. When one boat is overtaking another, the boat being overtaken has the right of way.

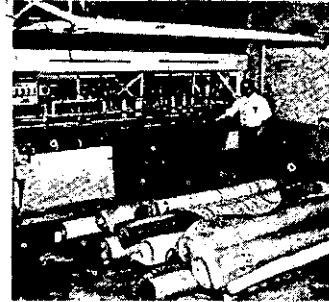

4. Power boats should give way to manually propelled or sail boats unless the sail boat is overtaking the power boat. Small sail boats when sailing in a channel should give way to power boats which cannot operate outside the channel.

5. Sail boats to windward must keep out of the way of sail boats to leeward.

"All skippers conscious of safety make a point of knowing the swimming abilities of their passengers," Mr. Carnahan said. "If a person goes overboard accidentally, rescue procedure is based on the ability or inability of the

person in the water to help himself.

"If the man overboard can swim, a life saving device can be thrown to him. The boat is stopped, the victim swims to it, and is pulled aboard.

"When a weak or non-swimmer falls overboard, first swing the stern away from the side from which he fell. Toss him a lifesaving device and promptly maneuver the boat back to him. Keep a close watch on him at all times and make the approach as you would to a mooring--at reduced speed and slightly to windward, if possible. Shut off the motor within a few feet of the victim, and bring him aboard."

All boatmen should know first aid, including how to give artificial respiration, because boats operate far from medical attention, Mr. Carna-

han said. The Albany Chapter, American Red Cross teaches first aid, swimming, life-saving, and small craft safety as well. "Call the Albany Area Chapter, American Red Cross for details about classes," he concluded.

NAVY FIREMAN Dennis P. Haggerty, son of Mr. and Mrs. Cecil W. Haggerty of Four Albright Place, Delmar, has returned to his homeport of Norfolk, Va. aboard the attack aircraft carrier USS Forrestal after an extended deployment to the Mediterranean Sea.

During the cruise, the 80,000-ton Forrestal with its 5,000-man crew steamed more than 34,000 nautical miles and visited nine ports including Malta, Greece, Spain, France and Italy.

His ship will now enter the Norfolk Naval Shipyard for an extended overhaul.

SUMMER READING Clubs have started at the Bethlehem Public Library, but it is still possible to enroll. The grade level meetings are:

Grade 1 — Tues. 1:30

Grade 2 — Tues. 3:30

Grade 3 — Thurs. 1:30

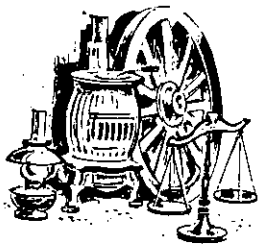

Grade 4&5 — Thurs. 3:30

Books may be reported to the staff of the children's room any week-day afternoon from 1:00-4:30. The theme of the reading program this summer is "Dive into summer — Read." So far over one hundred area children are reading and reporting books in this popular spot.

Also, story hours for 4, 5 & 6 year olds are held every Wednesday and Thursday morning at the library. Children may attend at 10:00 a.m. or 11:00 a.m. either day.

Created by God was the theme of the Vacation Church School held at the Clarksville Community Church and co-sponsored by the New Salem and Unionville Churches. A total of 102 were registered the first three days. In place of a closing program many of the projects made during the two weeks will be on display in

OVER 1,000 Premium Books for the 77th annual Altamont Fair have already been mailed to last year's exhibitors according to Mr. Stuart T. Rombough, Fair manager. Anyone wishing to exhibit for this years Fair or anyone not receiving one should write for Free premium Book to Mr. Rombough, Altamont, N.Y. 12009. Fair dates this year are August 16 through August 21 with entires closing August 7.

A word about this years premiums — the State Legislature slashed the Agriculture and Markets Department 1970 appropriation of \$480,000 for premium payments by exactly half. The reduction, affecting every County Fair which had spent in anticipation of the full amount it would receive, was however restored in the supplemental budget. Although this Legislature could not specify the amount of premium money that will be available to 1971 County Fairs, it is expected the appropriation will be about one half of what it was for 1970. This has led some Fairs to reduce their premiums for 1971 according to Mr. Rombough. The Altamont Fair, however, has not reduced a single premium for 1971 in any department he stated.

There are always many new features at the Altamont Fair, the largest tri-county Fair in the State, and this year will be no exception according to Mr. Gifford Mabie, Fair president. Jack Kochman's Hell Drivers Auto Thrill Show will give afternoon and evening performances opening day while on brand new 5 act musical "Revue" will be held twice daily on stage in front of the grandstand the rest of the week. Grandstand seats for all events are always FREE at the Altamont Fair. If you have never exhibited or attended a Fair

this is the year to do so Mr. Mabie stated. He went on to say, "You will find the 77th annual Altamont Fair educational as well as entertaining for all ages."

AS PART OF A program to broaden and diversify their theatrical season, the Slingerlands Community Players will offer Eugene Ionesco's "Exit the King" as an experimental theatre production partially funded by the New York State Council on the Arts. Casting auditions will be held at the Playhouse in Unionville on July 18, 19 and 20 at 8:00 p.m. All interested persons are welcome. tive of Clarksville, is a graduate of the Department of Theatre at SUNY in Albany where he directed an experimental production of Edward Albee's "The American Dream." He also had roles in numerous University productions including Mr. Zuss in "J.B.," leader of the men's chorus in "Lysistrata" and the narrator in "Johnny Moonbeam and the Silver Arrow," a play for children. While at student at the University, Mr. Lange also served for two summers as assistant to the technical director of Arena Theatre. His participation in community theatre includes lighting design for Slingerlands Community Players, and technical direction and scene design for Episcopal Actors Guild.

REWARD

For a good driving record.

REWARD is our lower cost Auto-Rite policy.

REWARD is in savings, and in getting a complete package of quality insurance at the same time. Because Auto-Rite is not the trimmed-down, minimum coverage policy you'd expect from the low price. Instead, you can get a full range of coverages, including liability, collision, fire, theft and comprehensive. Even medical payments, and emergency road service. (Liability limits are available up to \$500,000.)

EXTRA REWARD is having Aetna's countrywide claim service ready to help you anytime, anyplace. It's famous for its speed and fair play. And we're here to give you our agency's personal service and attention.

If you're the proud owner of a good driving record, get something out of it. Come in and claim your **REWARD**.
