## ©VER STORY

**BEHIND-THE-SCENES** for the past 15-1/2 years, these nine young people have, over the years, become the moving force of the **Spotlight** as it looks today. In the beginning, LeVere and Mary Fuller did the complete typesetting, layout and design of the early issues. In those days, the larger display type used in the ads was set entirely by hand, a slow, tiring process when compared with the electronic typesetting used today. When she finished school, Kathryn, third from the left, front row, gradually took over some of the duties as the publication grew. Kathryn became tops in the offset lithography field during the next six years and eventually headed the composition and strip-up department for a large printing firm in Providence, Rhode Island. Today, she is married to Vincent Gizzi; they live in Loudonville and have a year old son, Eric.

Next to join the team was Carolle, second from left, front row. She also became an expert in the field; today, she is married

to John Miller; they live in Ravena and have three children: Sheila, 6, and twins, Tony and Tina, 4-1/2.

Next on the list is Susie who recently celebrated her 10th year in the Fuller organization and all of those years she has been a "silent" contributor to the **Spotlight**. When she first started part-time during her senior year in school, she was setting the type on an IBM machine, followed by a Vari-Typer and finally the photo electric Alphatype which is used today. Almost everyone who has seen her at work will agree that she is one of the most accurate and fastest typesetters in the business. She is married to Wayne Smith; they are building a house in Feura Bush and are the parents of Suzee, 8, Sheri, 5, Wayne, Jr., 2, and Edward, 1. In the picture, Susie is on the far right, front row.

Jeanne and Marla, because of only 13 months difference in their ages, came into the organization at about the same time. Today, Jeanne is head of the strip-up department at Michael William Printery in Albany; Marla is married to Robert Vasquez, lives in Ravena and works part-time in the **Spotlight** Circulation Department. Jeanne is fourth from the left, back row; Marla is on the far right, back row.

Another who joined us before graduation on a part-time basis, was Annina, first on the left, back row. Teamed with

# A COMMITMENT TO SERVE MAN AND PRESERVE NATURE

At Niagara Mohawk, we realize our dual responsibilities! To meet our customers' increasing demand for energy and, at the same time, preserve the natural beauty of the region we serve.

In our environmental role, we're owners and caretakers of some of the finest, most scenic lands in the Northeast. Waterside areas that are essential for producing hydroelectric power. These are areas where you can swim, fish, go boating or just enjoy a walk in the woods. Our latest project, for example, in the Beaver-Black River watershed in the Adirondacks (in cooperation with the New York

State Department of Environmental Conservation) involves a fish and wildlife program.

These activities are closely attuned to the "open-land" policy which has permitted recreational use of our land for years, all of which are carefully designed to protect our natural surroundings.

If you'd like more information about our entire environmental program and about our recreational areas, please write: System Public Relations Department, Niagara Mohawk Power Corporation, 300 Erie Boulevard West, Syracuse, N.Y. 13202. We want you to be fully acquainted with these programs.

**Bethlehem Historical Association**, Route 144 at Cedar Hill is open Sundays only, 2 to 5, June 20 through October 25. Now on display: "Down the Aisle," a show of wedding dresses of the early 19th and 20th Centuries.

**Bethlehem Sportmen's Club** is open to non-members for trap shooting each Wednesday, 8 to 10 P.M. and Sundays 1 to 5 P.M. NRA Shotgun Qualification Awards for those wishing to qualify. Club grounds located on Dunbar Hollow Road, Clarksville. If you wish directions to Club, phone 439-6003.

**The Montessori School** of Albany, located on the Kenwood Academy Grounds, will have a summer program running for two three-week periods, from July 6 to August 13. The hours will be from 9 to 11, Monday through Friday.

Mrs. Edward O'Brien, a former directress of the school, will conduct a program stressing art and science and with particular emphasis on preparing the new child for school entry in the fall.

Parents who are interested in this program are asked to contact the admittance chairman, Mrs. Choppy, 439-6694.

**Clam Chowder Sale**, 12 noon to 6 P.M., at the New Salem Church the third Friday of each month, June through September. Patrons are requested to bring containers.

**The First United Methodist Church** will hold its Annual Vacation Church School from July 12-16, 9:30-11:30 A.M. This Church School is open to everyone in the community, including the following grades: Nursery (3 years) through those who have completed 6th grade. The following courses will be offered: Nursery I (3 years) — "It's Summer and We Are Three;" Kindergarten (4 & 5 years) — "Creation and Me;" Grades 1 & 2 — "I Am Important;" Grades 3 & 4 — "Everyone is Special;" Grades 5 & 6 — "All That Is Within Me."

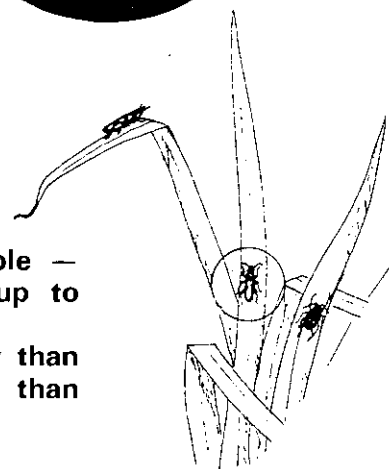

The Cooperative Series of studies **Created By God** will be used. These studies are made possible by the combined efforts of several denominations. The foresight and concern of the various churches, the creativity of the writers, the skill of the editors and the ingenuity of publishers, provides us with high quality material.

**Today is the day** to vote on the six separate options to the Bethlehem Central School District budget for 1971-72!

Voting will take place from 7 a.m. to 9 p.m., in the Middle School gym.

**In the First United Methodist Church** of Delmar this evening at 8 o'clock, the Rev. Sang-Hyun Hahn will preach at the Fifth in a Series of Union Worship Services sponsored by six Tri-Village Churches. Everyone is welcome.

There will be a meeting of the membership and other interested people at the Bethlehem Coffeehouse at 8 P.M. The purpose of this meeting is to nominate and elect student officers and to organize people wishing to help at the Coffeehouse. Positions for president, vice-president, secretary, and treasurer may be filled by any student. Because the adult board plays a relatively small part in the running of the Coffeehouse, filling one of these positions is not only educational but is also a valuable job experience. For example, a student interested in business administration might want to be treasurer, and a girl taking secretarial courses might be interested in the position of secretary. People running for offices will be taught and assisted by last year's officers.

If you are talented in poster-making, baking, carpentry, or interior decorating, the Coffeehouse could definitely use you to help during the upcoming year. If you are interested in helping, or if you have curtains, table cloths, furniture, or decorations to donate, come to the meeting or call either 439-5502 or 439-9114. The Bethlehem Coffeehouse is a community project and we are in need of support by the people in the Town of Bethlehem.

Life As Well As For Eternity," at Camp Pinnacle.

The members of Selkirk Volunteer Fire Company #2 are completing their preparations for the 15th Annual Glenmont Fireman's Fair, which will be held at the Fire House Grove on Feura Bush Rd., Glenmont, New York for two weekends starting July 30th and 31st and finishing August 6th and 7th.

The friendly firemen have dusted off the various games of skill, stockpiled a huge supply of prizes and decorated the grove one of the finest in the area for everyone's enjoyment.

The "Cook Shed," a favorite of all who visit the Fair has been enlarged and will again feature a Clam Bar, Hot Dogs, Hamburgers and many other gastronomical delights. Home made pizza, Italian Sausage Sandwiches and your favorite beverages will also be served daily.

The activities will begin at 7 P.M. each night and there is plenty of supervised free parking available for all.

There will be a Country Auction at the Firehouse at 2 P.M. Saturday, August 7, and a Bake Sale by the Ladies' Auxiliary at this time.

Anyone having anything to donate to the Auction should call Chief Joe Keller at 463-7712 or 465-3193 to arrange for the pick-up of their articles.

The Ladies Auxiliary of Selkirk Fire Co. #2 will open its activities at the annual Glenmont Firemen's Fair at 7:00 P.M. each evening. They will have their usual game Booth under the chairmanship of Janet Burns and Alice Corbett, a White Elephant Sale under the direction of Evelyn Schoonbeek and Shirley Hammond, and the annual Money Doll Raffle conducted by Lynne Hummel and Carole Van Apeldoorn. The raffle will be held on Saturday evening, August 7. Also on this date a sale of home baked goods will be held on the fair grounds near the women's booth, under the chairmanship of Helen De Franco and Dorothy Woehrmann.

Punkintown Fair, presented by New Salem Volunteer Fire Department as a family fun affair, will offer relief from the blues Friday and Saturday nights July 30-31 and August 6-7. The fun begins 7 o'clock Fridays and 6:30 o'clock Saturdays at the grounds adjacent to the firehall on Route 85A, 124 mile north of New Salem four corners, Albany County. If a night is rained out the fair

will resume Friday and Saturday nights August 13-14.

Admission and acres of supervised car parking are free.

Punkintown Fair features rides, games and goodies for everyone from the baby buggy set to those who remember the horse and buggy days. There are benches for time outs from frolicing.

Rides for all include a hook and ladder fire apparatus, formerly used in the Albany city fire service; "Punkintown Trolley" and "Punkintown Navy." And, especially for kiddies, a whip and a ferris wheel.

The games for youngsters are easy to play but exciting while those for adults offer tests of skill and strength.

Eat-at-the-fair and take-home foods and goodies are planned to tickle the taste buds of people with either milk, second or store teeth.

All attractions are owned and operated by the volunteers. The proceeds from the fair are used toward the operating expenses of the fire protection service.

Harold Higgins, fair chairman, and all the volunteers claim, "Punkintown Fair time is a good time for families to have a good time together."

Susie, and with superb design ability of her own, Annie is probably one of the finest in her field in the Capitol District. Whenever a Spotlight reader finds something esthetically pleasing in an issue, it is generally Annie who is responsible for it. And as the Spotlight continues to grow, her potential is unlimited.

Forgot to say: Susie is a Southpaw - the only other left-hander is the next one to join us: Joni. Joni is not only responsible for most of the ad lay-outs, but she too is a part-time worker in the Circulation Department. She is second from the left, back row.

Another full-time participant in our organization (until it's back-to-school) is the only young male, Jim — he's the one in the middle, back row. In addition to working full time with the Fullers, he also works part-time in Circulation. In September, he'll be a Senior at R-C-S and in addition to his five periods of college preparatory subjects, he'll have his two remaining periods devoted to the study of graphic arts.

Last on the list, and youngest of the clan, Kaye's activity, so far, has been confined to odd jobs in the office. In September, she'll enter Maryrose Academy as a ninth grader.

And that's the story of 9 Fullers who have all had an active part in the development of the Spotlight. Kathryn, Carolle, Jeanne and Marla, though they have very active lives, are all available for those "really big" issues.

In addition to the Spotlight, the Fullers set the type and do the lay-out for some 15 other publications and their clients include printers, New York State, local governments, school districts, as well as professional and fraternal organizations who want the quality of electronic typesetting and good design.

## ENVIRONMENTAL FAIR

An Environmental Fair will be held Sunday, Aug. 1, to mark the coming of the Hudson River sloop Clearwater to the Albany Area.

The fair, to be held at the Port of Albany, is being sponsored by the Albany Area Chapter of Hudson River Sloop Restoration Inc., which built and operates the 75-foot replica of an old-time river sloop.

John Cupak, chapter president, noted that the chapter has sponsored waterfront festivals the past two summers when the sloop has been at Albany, but explained that an environmental fair was decided on this summer to stress the message of the Clearwater, embodied in her name.

To run from 10 A.M. to 6 P.M., the fair will feature exhibits by environmentally-minded groups and individuals from the Tri-Cities area.

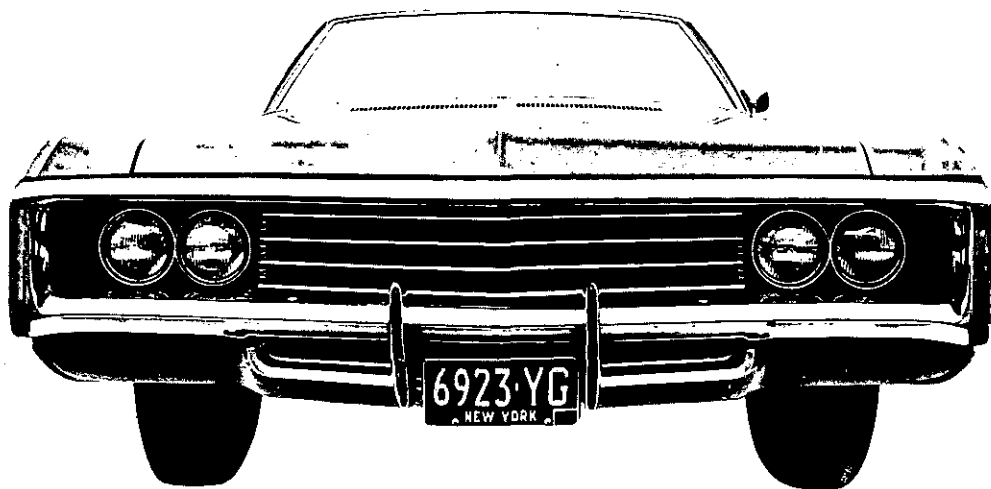

The sloop will be open for inspection part of the day, and food will be available during the afternoon.

We think the Environmental Fair will be a unique event this summer, Cupak said. "We want to get all kinds of people down to the river, to see our boat and talk about the environment. Maybe we'll all learn something from each other."

Among exhibitors already signed up for the fair, Cupak said, are the local chapter of the Sierra Club; the Earth Day Committee of the Town of Colonie, the New York State Department of Environmental Conservation; Camp Abelard of Hunter, N.Y. (which will present a child's-eye view of ecology); and the New York State Action for a Clean Air Committee.

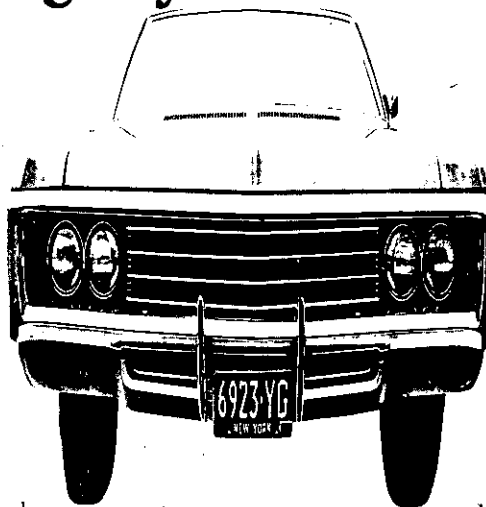

Other groups have been signed up and more are being contacted, Cupak said, adding that there are still booths available for groups wishing to participate.

Another purpose of the Clearwater and of the fair,

Now we can give you broad car insurance.

At a compact price.

Auto insurance may never be the same around here again. Because we have something special to offer you: Auto-Rite, the policy for safe drivers.

If you have a good driving record, we think you should get something out of it... such as a lower rate for your insurance.

It's not only what you pay that'll come as a happy surprise. The real surprise is in how much

you get.

Because Auto-Rite is not the trimmed-down, minimum-coverage policy you might expect for the price. It's the opposite. It's quality insurance that can give you a full range of coverages. Liability—up to \$500,000. Collision. Fire. Theft and comprehensive. Medical payments. You can even have emergency road service.

You get another advantage: Aetna's countrywide claim service. Take our word for it, it lives up to its reputation for speed and fair play. And naturally, our agency is always here to give you personal service and attention.

Find out if you qualify for Auto-Rite. Let us quote you the facts and figures. You could be in for a happy surprise.

Cupak continued, is to promote interest in the history and heritage of the Hudson River Valley. Accordingly, several historical societies and groups will exhibit.

"We still need volunteers to help us run the fair," Cupak added. "Anyone interested can contact me, or come to one of our meetings."

The chapter meets the second and fourth Thursdays of each month in Room 126 of the Fine Arts Building of State University in Albany.

The Clearwater will be at the Port of Albany on July 31 as well as Aug. 1, and at the Castleton Boat Club on Aug. 2, 3 and 4. During these five days, the boat will be taking groups who have reserved her for this purpose for sails on the river.

## What is Organic Gardening?

by Richard Simon

### COMPOSTING

Let's say that by this time you are interested in starting your own organic garden. Here it is the middle of the summer, how do you go about preparing for next year's garden. The best thing to do right now is to start your own compost heap. I'd like to answer now some of the questions people have asked me about composting.

**What is compost?** Compost is a fertilizing mixture of a partially decomposed organic matter of plant or animal origin and may include ash, lime and ground rocks. It is crumbly black or brown humus.

**What is composting?** Composting is an accelerated version of the process of death and rebuilding that is constantly going on in nature.

**What is the purpose of composting?** In addition to returning vegetable and animal matter to the soil, composting serves to render materials such as manure and garbage pleasant to handle because the high heat of composting increases the nitrogen content of low nitrogen materials.

**What materials are used in the heap?** Grass clippings, small twigs, prunings, leaves, plant refuse, weeds, old sod, old hay, straw, ground rocks (such as rock phosphate, greensand, etc.) and most important, if available, is manure, fairly fresh if possible.

**Should table scraps and peelings be used?** By all means. The only things to make sure of is to bury these deep in the heap so

is going on

4 Corners.

that they will not attract rodents. If the heap is very near the house, it might be a good idea to leave meat out of the heap.

**How should the heap be made?** The compost pile, can be started anytime there is enough organic matter available. A 6" layer of vegetable matter in the form of straw, grass clippings, leaves, etc., is spread in a pile 4 feet wide and as long as is desired, then a 2" layer of manure and bedding should be added, followed by about a 1/2 inch layer of top soil with a sprinkling of lime, rock phosphate, wood ashes, etc. on top. This layering is repeated until the pile is 5 feet high. Place several rail fence posts in the middle of the pile before starting. A depression should be formed in the top of the pile to catch rainwater. Water is essential to the rapid breakdown so the pile should be watered frequently to keep it moist. The fence posts should be removed when the pile height of 5 feet is reached to leave holes for ventilation. In a matter of days the pile should heat up to 160 degrees.

**What part does bacterial action play in the composting process?** Bacterial action is the composting process. The bacteria are the busy little workers that turn the manure and vegetable matter into rich compost.

**Should the heap be turned?** Definitely. The heap should be turned three weeks after the heap was started and again about 3 weeks later. Turning the heap serves 2 purposes: first it insures that all material put on the compost heap will spend some time in the center of the heap where the heat is greatest, and secondly, turning the heap serves to aerate it so that the bacteria can work faster and more efficiently.

**How long before the compost is ready?** The compost should be ready in about three months, however, by careful shredding of the material and frequent turning of the heap, compost can be ready in as little as 14 days.

**What is the importance of nitrogen in composting?** When high nitrogen materials such as manure or dried blood are used in the heap, the composting is accelerated and the quality of the compost better.

**What about so called 'compost activators'?** They are of little use. Bacteria exist on all organic matter and given the proper conditions they will reproduce so rapidly as to make the addition of any more bacteria a waste of time and money.

**Is it all right to use cuttings from diseased plants in the compost heap?** If the heap was properly constructed and the diseased material was placed in the center of the heap, it would be safe as the disease organisms would be destroyed by the high heat of the pile. In general though, it is safer not to put diseased material in the compost heap because sloppy handling could start an epidemic destroying all plants the compost is used for.

**What do you do with the finished compost?** Compost is an excellent fertilizer, releasing its nutrients as needed and building up the organic content of the soil. Compost is excellent as potting soil, along the row to be planted, as a top dressing in the summer, or just tilled into the entire garden.

**What are the secrets of good composting?** Make sure there is enough nitrogen in the heap, keep it wet, and aerate it.

Organically grown tomatoes are available, as is the rototilling service. Anyone interested in either of these or who would like to see the garden or ask questions about it, contact Dick Simon, Westphal Drive, Delmar, or at 439-5896.

CINDY HERNANDEZ, daughter of Mr. and Mrs. George Hernandez of 37 Longwood Dr., Delmar, has been named to the Dean's List at Boston College, School of Nursing, with an average of 88.67 for the spring semester of 1971.

A 1968 graduate of Bethlehem Central High School, Miss Hernandez, has been named to the Dean's List for the past five semesters.

Miss Hernandez has accepted a summer traineeship position with the U.S. Public Health Service Hospital in Brighton, Mass.

CHRISTY LEE MORRIS of 6 Ridge Road, Delmar, has been given the privilege of being one of two delegates chosen to represent New York State Society, Children of the American Revolution at the National C.A.R. "Government of the People" Seminars.

Miss Morris, who is a member of Van Rensselaer Society, N.Y.S.S.C.A.R. and also First Vice President, will spend August 2-5 in Washington, D.C. attending seminars on the American government led by government officials. The seminars are an oppor-

to Monticello.

The highlight of the day will be a double bloodmobile visit at Roosevelt Bath 2 from 11A.M. to 7P.M. Blood donors on that day will be given a free ticket, courtesy of the Performing Arts Center, to that evening's performance featuring the Philadelphia Orchestra.

Taylor Gaffga, Administration Assistant of the Performing Arts Center, said "We are very proud to recognize the year-round services and programs of the Red Cross throughout our region. I hope everyone will take advantage of the opportunity to donate blood and help prevent the shortage that occurs every summer."

Spa Facilities Supervisor, Joseph King, said the Peerless Pool Area will be open on that date for Red Cross water events, including a water ballet and a water safety demonstration. King added that the Ferndell picnic area will be reserved for blood donors and Red Cross volunteers and their families who wish to remain on the grounds for the evening performance of Dvorak's Symphony Number 8 and Stravinsky's Rite of Spring.

A presentation of colors by the U.S. Air Force, 656th Radar Squadron, based near Saratoga Springs, will open the day's events at 10 a.m.

"People Need People" is the theme adopted by the 16

Red Cross Chapters who are supporting the event.

Anyone wishing to donate blood on that day may call the local Red Cross chapter for an appointment and additional information.

**DAVID McClUMPHA** of 319 Elsmere Avenue, Delmar, senior budget examiner of the New York State Budget Division, has been named to the program planning committee for the Capital District Cornell Men's Club.

Al Bruce, president of the Cornell Men's Club, who announced the appointment, said McClumpha will be responsible for planning alumni activities for Cornell University men in Albany, Columbia Greene and Rensselaer counties.

McClumpha, who holds a bachelors degree from Cornell and a masters degree from Boston University, joined the State Civil Service Department in 1964. He has served as a public administration, intern, administrative analyst, senior administrative analyst, and was named senior budget examiner in 1967.

He is competition director of the Mohawk-Hudson Region of the Sports Car Club of America and is past assistant regional executive and past director of the Club. He is also a member of the American Society for Public Administration.

THE BERKSHIRE BOY CHOIR, now in its fifth season, is a national all-star group chosen by competitive auditions from leading singing organizations throughout the country. This year, the full choir numbers 59, drawn from 41 different cities and towns. There are forty-three boy sopranos, aged 10 through 13 and sixteen young men. They represent 31 different singing organizations, and many have sung with the Metropolitan and New York City Opera companies, major symphony orchestras, and on European concert tours. The Choir is under the direction of Allan Wicks, Organist and Master of Choristers and Canterbury Cathedral, England.

This year for the first time this remarkable group of youngsters is affiliated with Amherst College in Amherst, Massachusetts, where they rehearse four hours every day when not on tour. This new relationship derives from the long tradition of choral music

at Amherst, its emphasis upon composition, and its magnificent new music center with study, rehearsal, and performance facilities of the highest quality.

In its four years of existence, The Berkshire Boy Choir has gained national prominence and been greeted with warm reviews throughout the United States. The New York Times calls it "a choir of champions," and the Washington Post "a performing unit of the first order".

The choir has a dual function. Through the example of conspicuous excellence, it brings a rare sound of the highest quality to the general public and stimulates boys from all levels of society toward the training and influence of choirs at the local level.

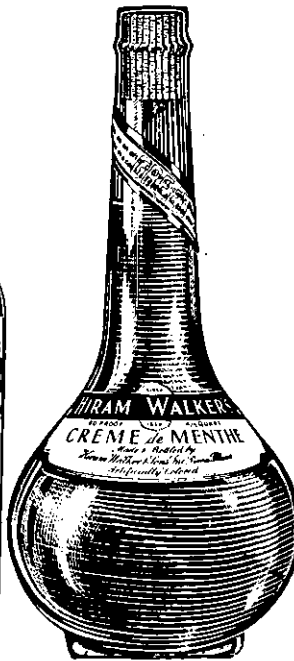

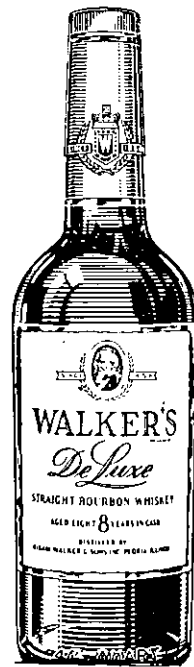

Sixteen concerts throughout the northeast are scheduled for this season. In addition to singing under the baton of Seiji Ozawa, with the Boston Symphony Orchestra, and Julius Rudek, with the Philadelphia Orchestra, the choir has been asked to participate in the opening program of the Performing Arts in Washington in September.

Throughout the urban and suburban areas of the country there are choirs equipped to deliver an excellent training in music free to the willing youngsters. There are neither cultural nor economic barriers, and the rewards are far greater than the basic technical training. Examples of successful choir utilizing local resources are to be found from prosperous suburbs to inner-city poverty areas. The Berkshire Boy Choir would recognize these successes and call attention to the possibilities which they suggest. Excellence is its means.

SLINGERLANDS PLAYERS have announced their schedule for the 1971-72 season, according to Tom Rowland, president, and an attempt to please everyone is indicated by the range of plays chosen.

This up-coming season is a 20th anniversary celebration

for the Community Players, and will be ushered in with a nostalgic flourish by the revival of Mary Chase's fantasy, "Harvey." Directed by Douglas Marone, feather-capped by his success with the past season's "Cactus Flower," the tale of the six-foot rabbit will unfold in late October at Bethlehem Central High School.

The January production will be "Cry of Players," by William Gibson, presented at Berkshire Theater Festival several seasons ago prior to run on Broadway. The story of the early life of William Shakespeare and the ribaldry and tawdriness of the common folk of Elizabethan England, is written with drama and much human warmth and humor by one of the most distinguished playwrights in the modern theater. Slingerlands Players welcomes Phil Rice as a new

director, with many academic productions behind him, and expects a brilliant production of a very exciting play.

Graham Zeh, well known to Bethlehem audiences, will direct Herb Gardner's, "A Thousand Clowns" in late April. Presenting some philosophical thoughts about living in a very funny fashion, "Clowns" is a fitting climax for a fine season.

**BRENDA R. COMSTOCK**, daughter of Mr. and Mrs. William J. Comstock Jr., Feura

Bush Road, Glenmont, a graduate of Bethlehem Central High School, received a Bachelor of Science Degree of Education from the University of Hartford, in Hartford, Connecticut on June 6, 1971. She was on the Dean's List during the last semester.

In September Miss Comstock has accepted employment with the Hingham, Massachusetts School District as a 6th Grade teacher at the South School.

**THE THIRD ANNUAL** Altamont Fair Art Show will feature a new format in response to a 1970 exhibitor's questionnaire, when it opens August 16, at 1 P.M., in the Flower and Fine Arts Building on the fair grounds in Altamont. Adults may select one of two sections for exhibition. In the juried show section, a maximum of fifty works will be selected competitively.

This juried section will recognize top quality art ex-

## ...don't lose your head because you're losing your HAIR!

Now CRINATROL incorporates scientific discoveries that have made it possible for you to stop worrying about getting bald. **CRINATROL PUTS AN END TO PROBLEMS OF ITCHY, TIGHT SCALP, OILY HAIR, DANDRUFF.**

CRINATROL is an easy-to-apply liquid and, when used correctly, can help prevent approaching baldness . . . and actually promote hair growth.

This hair and scalp treatment helps the hair follicle to derive nourishment it needs from the bloodstream. CRINATROL awakens dormant hair follicles, eliminates layers of dead skin, vitalizes hair tissue. CRINATROL promotes normal functioning of the sebaceous glands. Overproduction of sebum provides a breeding ground for germs (especially pityrosporum ovale) which often leads to dandruff . . . which signals oncoming baldness! In short, CRINATROL helps save your hair by helping your scalp stay healthy. And only a healthy scalp can grow healthy hair. *If you do have Male Pattern Baldness (which means the follicle is dead), no preparation will help. However, if the follicle is still alive, CRINATROL offers you every hope to have or keep the head of hair that Nature meant you to have.*

Watch for these danger signals: Receding hairline, dry hair and scalp, tight, itchy scalp, oily scalp and hair and dandruff. But don't just watch them take you down the road to baldness! Act while the follicle is still alive . . . and you can still do something to save your hair! (And we mean women as well as men!) If you're fearful of getting bald . . . Don't Lose Your Head . . . **USE Your Head** . . . and try CRINATROL now!

Available through Mail Order only — Complete 30-day Money-Back Guarantee.

**SPECIAL TRIAL \$1 OFFER** Just **1** (7 treatments)

After using CRINATROL for 7 treatments, you will be convinced that it can help you fight baldness. Then order the regular size (remember, the \$1 trial offer is available only once to each customer). pressed in a variety of media currently being done by artists living in Albany, Schenectady and Greene counties. Prizes of \$75 will be awarded for the best work in each of the following media; painting, sculpture, graphic art, drawing, and other media. In the open show section, wall space will be the only limiting factor. A \$40 award will be made to the best work in each of the above media.

The show will be judged by Mr. Richard Upton, Associate Professor of Fine Arts at Skidmore College, Saratoga Springs, New York, who has participated in over 20 one-man shows in the United States and abroad and is equally fluent in painting and print-making.

A year ago, over 10,000 people cast a ballot for their favorite work of art bestowing the \$25 popular vote award on Winifred Smith of Loudonville, for her Seascape. The public will again be asked to vote and become involved in the show, hung in a large cross-shaped building with high rustic hemlock walls and day-light fluorescent lights, and complimented by the flowers and green plants of the Flower Show, "Four Seasons".

Price information will be available upon request to enable prospective buyers to contact artists directly.

Separate sections for senior and junior high school students offer cash awards of \$25, \$15 and \$10 for any media except photographs.

In all sections several honorable mention (no cash) awards will be made.

Residents of Albany, Schenectady, and Greene counties should bring their art entries to the Flower and Arts building, Friday, August 13, 1971 between 7 and 9 P.M. Entry forms will be completed and fees paid at this time. Work must be claimed Sunday, August 22 between 11 A.M. and 1 P.M. Anyone wishing full information about the show should call Mrs. Robert E. Carroll, Elmsmere, 439-1618, who will mail a brochure and answer questions. Sculpture, both small and large either for indoors or outdoors, is especially sought. Anyone planning to exhibit sculpture is asked to call Mrs. Carroll preferably before Friday, August 6, to enable planning for its display.

**CINDY MARKS**, Delmar, a student nurse at Crouse-Irving-Memorial Hospital, Syracuse, New York, has been receiving a new experience as part of her training. Cindy has been assigned as part of her studies to the Syracuse Meals on Wheels program where she observes preparation of meals for more than 100 patrons daily.

Unusual about this program is that hot meals are packed in styrofoam containers and then in metal boxes which keep the food warm until it can be delivered to the person at home. After assisting with the packaging of the meals, Cindy goes with a driver to deliver meals to the ill or disabled in their homes.

Meals on Wheels was established in Syracuse more than eleven years ago, and has

grown from a service for eight people the first day until now they serve 100 people daily. The city is divided up into ten routes, so that each driver and server has a limited number of people to see each day. The noon meal is served hot, consists of meat, potato, vegetable, salad and dessert. The

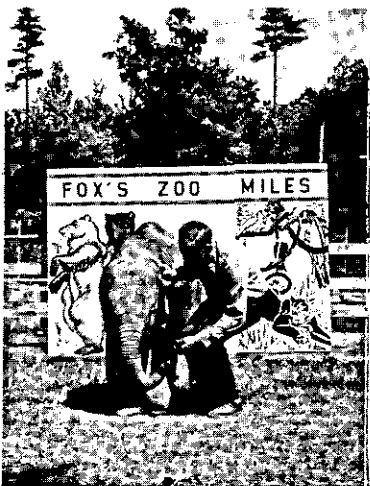

evening snack consists of a sandwich, milk, fruit, and cookie or cake. Special diets are observed for those who need them. Screening of patrons is done by doctors, nurses, social workers, or if application is made directly, a personal investigation is made to determine need.

CINDY MARKS, Delmar, a student nurse at Crouse-Irving-Memorial Hospital in Syracuse helps load a box of meals for delivery to ill and disabled people in their homes under the Meals on Wheels program in Syracuse. A Red Cross station wagon and driver are provided two days a week, to assist with the volunteer preparation and delivery of meals.

SHOWN HERE at the cake-cutting ceremony marking the 80th birthday and three-office opening of Central Savings and Loan Association are Richard S. Wooster, Vice President of Central Savings and Loan; William D. Munyan, former president of Voorheesville Savings and Loan and member of the board of Central Savings and Loan; and Dominic Turk, member of the board of Central Savings and Loan. Ceremonies were held at the Voorheesville office, shown, and the Central Avenue and State Street offices of CS&L.

THE BOARD of Governors of the Federal Reserve Board re-

cently approved the formation of a new holding company by National Commercial Bank and Trust Company, Albany and First Trust and Deposit Company, Syracuse. The \$1.3 billion asset holding company is to be known as First Commercial Banks Inc. It

would be the sixth largest holding company in New York State and the 17th largest in the United States.

The Board approved the application unanimously.

Improved and expanded services for both banks were foreseen by their Chief Executives.

Lester W. Herzog, Jr., President and Chief Executive Officer of National Commercial and Joseph S. Spaid, Sr., Board Chairman and Chief Executive Officer of First Trust, said that the holding company means greater resources, greater availability of qualified

personnel, larger loan capabilities, and expanded services. Benefited will be the communities involved, the shareholders of both banks, and their customers.

Each bank will retain its own name, and will operate under its own management and directors, as it does today.

The New York State Banking Board gave its approval last June. The boards of the two banks approved last December, and applications were submitted to the supervisory authorities in April.

The Justice Department has 90 days in which to review the proposal. Following this it is to be presented to the shareholders of the two banks, probably by early fall.

TWO NEW senior vice presidents have been named by the Savings Bank.

They are Donald B. Tenney of Albany, who has been vice president and treasurer,

and Andrew M. Sneddon of Elmsere, vice president and mortgage officer.

Mr. Tenney joined the bank as teller in 1934. He is a past president of the Eastern Conference of Bank Auditors and Comptrollers and a past president of the Savings Banks Officers Forum, Group 3.

A native of New York City, Mr. Sneddon was raised in Albany and joined the bank in 1934. He was named an assistant vice president in 1962 and a vice president in 1969. He is a life member of the American Institute of Banking and is current president of the Savings Bank Officers Forum, Group 3.

A NEW NURSERY school for three-and four-year olds will begin on September 13 at the Pineview Community Church, Washington Avenue Extension, it was announced this week by Rev. Willard L. Davis, pastor.

The school will be held in the all-new facilities of the church. Principal teacher will be Miss Kristina Van Dyk of Loudonville, assisted by volunteers from the church.

Carol Bish, Colonie, and a teacher in the Bethlehem school system, is chairman of the nursery school committee. Mr. Bish said children will be accepted on a first-come, first serve basis and that the school will be interdenominational. Initially, school sessions will be held Mondays through Fridays from 9 a.m. to 11:30 a.m. throughout the school year.

Further details may be obtained by calling the Pineview Community church, 456-6777, or Mrs. Thomas B. Thornton of Delmar, 439-4727.

**BETHLEHEM'S POP WARRNER** Football teams will begin practice sessions on Monday, Aug. 2, at the Hamagrael School athletics field, John F. Lord, league president, has announced.

Sessions will be conducted Monday through Friday from 6:15 to 8:15 P.M.

Mr. Lord also emphasized that while practice begins on August 2, boys can still sign up for both the Junior Bantam and Midget teams after that date.

The Junior Bantams accept boys between the ages of 11 and 14 weighing between 110 and 133 pounds.

The Midget team is for boys aged 10 to 13 in the 85 to 115

# The Spotlight Goes to School

**FINAL SCHOOL BUDGET VOTE TODAY** — All registered residents of the Bethlehem Central School District are being asked to vote for the final time this year — on six separate categories of school expenditure. None of these six options can be included in the contingency budget, by state law, unless they are voter-approved.

The gym of the Middle School, inside and to the right of the front entrance pictured, is where voting will take place, from 7 a.m. to 9 p.m. today.

The new seven-member Board of Education has acted unanimously in bringing these six options, reduced and separately, to the voters of the school district.

The total amount of money, needed for all six budget options is \$307,758.

The six options are: 1) Equipment, 2) Textbooks and supplies, 3) Library and reference books, 4) Interscholastic athletics, 5) Transportation, and 6) Plant operation and maintenance.

Details on each of the budget options can be found in last week's Spotlight and in the July issue of "Central Highlights" which was mailed to all district residents last weekend.

The Junior Bantams play their first league game Sept. 12 at home against Central Brunswick. The Midget team opens Sept. 11 against Saratoga in an away game.

**TREES, SHRUBS,** flowers and lawns need water now more than ever. Dry winds and a scorching sun have turned lawns brown and caused leaves to wilt.

The agents at Cooperative Extension have outlined a few basic rules to keep in mind when watering ornamental plants well, giving them enough water to penetrate well into the soil. Generally an inch of water a week is sufficient. A light sprinkling every day only wets down the leaves and causes roots to grow near the surface where they dry out faster.

According to Cooperative Extension, the best time to water is early morning or late afternoon. This gives the water time to get to the plants' roots before and after the main heat of day. It also allows the leaves to dry off before evening.

During extremely dry spells, some communities may have to enforce water restrictions. There are other sources of water around the home which, if used carefully, are safe for plants. Keep a pail handy to collect water from the rinsing of dishes and vegetables. Water from the bathroom is another good source since the soap content of bath and

ower water is generally not high enough to injure plants. The water from washing machines can be used if you first mix the sudsiest water with the clearest (usually the final rinse). Swimming pool water can be safe to use provided it has not been too heavily chlorinated. In areas where the soil does not drain well, it might be unwise to use swimming pool water.

Following his last Albany appearance at the Golden Fox in 1967, Ray has played at such high spots as L'Orangerie in New York City and Castle Harbor and the Sherry Netherlands in the Caribbean.

He attended the Music School of Manhattan and then toured as a vocalist with the Bobby Sherwood and Tommy Tucker orchestras. Since then he has worked as a soloist.

ON JULY 14, Paul Reach of the Curtis Circulation Company presented the Holiday Magazine Award for Distinctive Dining to Vincent Junco of the Stone Ends Restaurant, Route 9W, Glenmont. This marks the third consecutive year that Stone Ends has been named the finest Albany restaurant by the food editors of Holiday.

Once each year, representatives from Holiday dine incognito at the finer restaurants in cities across the country and make their selections for awards according to high standards of service, quality of food, variety of menu, and selections of wine.

Mr. Junco attributed the third winning of this coveted

located in the Albany public school system, Dr. Filippone earned his Bachelor's and Master's degree from SUNY, Albany and his Ph.D. from New York University. His career includes teaching assignments in Lansingburgh and Schenectady in addition to several years of service in the State Education Department's Bureau of Continuing Education. In 1962 he was appointed high school principal for the Ravena - Coeymans - Selkirk Central School District.

Active in educational and community organizations, Dr. Filippone has served as secretary to the Knights of Columbus in Goshen and Ravena and Vice-President and President of the Coeymans Ravena Rotary Club. Recently he was appointed chairman of the COCES Superintendent's group in Albany, Schenectady and Schoharie Counties.

A strong believer in improving education for the non-college bound student, Dr. Filippone has encouraged much curriculum revision in the Ravena-Coeymans-Selkirk School District. Married to the former Florence Wade of Troy, New York, the Filippone are currently residents of Selkirk. Their family includes a daughter, Julia, entering her freshman year at SUNY Fredonia, and two sons, Frank, an eighth grader and William, a sixth grader.

Help Yourself!

TO AN EVEN GREATER Spotlight

For the past 16 years, the Spotlight has mailed a copy every week to every family in the area regardless of whether it was a PAID SUBSCRIPTION or not. During the 16 years, the cost of production and printing has more than quadrupled — yet we have increased our circulation every month during this period to take care of the thousands of additional people who have moved into our midst. These thousands of additional copies have further added to our weekly production costs.

NOW

we are faced with the difficult decision of how to maintain our present standards of mass circulation.

ONE WAY

is to increase our PAID SUBSCRIPTIONS. Yours would help!

Most weekly publications across the country are getting between \$5 and \$10 per year for a subscription. Ours is \$4.00 — BUT, for a limited time, we are offering a full one-year subscription to the Spotlight for the special rate of:

\$3 52 ISSUES
