COVER STORY

THE OLD CIDER PRESS
by Peter G. Ten Eyck, II
Indian Ladder Farms, Voorheesville

Who in heaven's name would want an old relic of a cider press like the one we bought? I don't know how old it is but the main castings were made by an iron works that has been out of business for years.

It seems to be that cider presses should be required to be old. Apples never get modern. In fact the MacIntosh we sell today is the exact same fruit John MacIntosh used to sell to his fellow farmers in the early 1800s. Most people don't know that if you plant a MacIntosh apple seed you won't grow a MacIntosh tree. It will be a cross between a "Mac" and whatever apple pollen the local bees happened to bring to the tree. You have to keep grafting pieces of wood from the original stock onto some other variety in order to keep that wonderful apple Mr. MacIntosh discovered by chance, growing in one of his pastures.

If you want to pick apples for fresh use, you still have to do it the old fashioned way. Men start out early in the morning when the air is still crisp on your face, picking all day in buckets and quitting when the waning Fall sunlight casts shadows across the orchard row onto other trees still waiting to be relieved of their season's burden.

We, at Indian Ladder Farms, have to be modern about some aspects of picking apples. When the fruit is ripe it must be moved, and we are in trouble if we don't get at least 1,000 bushels of fruit into the barn each day. This requires trucks and tractors and trailers and maybe some day even apple picking machines. We wait as long as we can for red color to develop because this is what sells apples, but I am afraid it doesn't have very much to do with an apple being ripe. In fact, about 15% of our crop never develops any red color at all. An apple is mature when its soluble sugars have developed to a balance with the natural acids of the fruit. This gives us the best flavor and the longest storage life possible and if the apple happens to be red at the same time, we know we will please our customers.

Let me say a word about the history of Indian Ladder Farms. The early Dutch farmers who tilled the soil beneath the Helderberg mountains found that the cold wind that blew down from the escarpment tempered the heat of summer and also kept the fruit trees dormant in the spring until the danger of frost had past. This weather phenomenon added to the deep gravelly loam soil at the base of the mountain, formed a small but ideally suited area for growing fruit. The Ten Eyck family had lived for generations at a farm called "Whitehall" which burned when Peter G. Ten Eyck was a small boy and it wasn't until 1915 that he bought three small farms in this fruit growing area and adopted the name "Indian Ladder Farms," in keeping with a nearby point on the cliff, which in years gone by was the traditional place where the Mohawk Indians scaled the escarpment on their way to tribal villages in the Schoharie Valley. Two more farms and two more generations of Ten Eycks have been added over the years but we hope that the basic nature of the farm as a way of life, rather than a business, has survived. And that the purchase of a modern cider press is still some years in the future.

AN EXHIBIT of prints and hangings by Jeanne Heiberg will be shown at the gallery of THE ARTS CENTER on Maryrose Campus, 1069 New Scotland Road, Albany, during the month of October.

The opening of the exhibit will be on October first from 7 to 9 P.M. with live music by Pat Slattery and his guitar, straight from New Orleans and Nashville.

Miss Heiberg, who taught in the Bethlehem School district last year, has illustrated several books, and designed churches in San Jose, California; Corozal, British Honduras; and Pittsburgh, Pa. Some of the published work and photos of the designs done for the churches will be on view at the exhibit.

CAROLYN J. ROGERS, daughter of Mr. and Mrs. E. Lloyd Rogers, 78 Mosher Road, Delmar, is in France to begin a junior year of study abroad at the University of Paris. She is one of a group of twelve students from several Eastern colleges selected by the Committee for Overseas Undergraduate Programs, an organization affiliated with Hamilton College. She will live in Paris with a French family, and will attend classes at the Sorbonne, the Institut de Phonetique, the Institut d'Etudes Politiques, and the Louvre. Carolyn is a 1969 graduate of Bethlehem Central, and has completed her sophomore year at Mount Holyoke College, where she is majoring in French.

Miss Heiburg studied at the Cooper Union Art School in New York for three years. After some time of study and work at Grailville, an experimental Community College in Ohio, she went to California to study at the California College of Arts and Crafts in Oakland. While working on a Masters in Print-making she taught at Holy Names College, and worked on the total design of the church in San Jose. This was a fascinating community experience where the parishioners, mostly of Mexican-American background, built the church and the furnishings themselves, enabling a section labeled a "poverty area" to complete a beautiful, large building without a debt.

The experience of seeing the people of an area work together to improve their community and add to their pride and well-being is one that the artist hopes to recapture in the Albany area through her present work with the D.O.T. Commune. In an effort to work towards solutions to low income housing and neighborhood rehabilitation, the D.O.T. people have been building an experimental house on Second Street and plan further work on housing and neighborhoods.

The artist is also working on illustrations for a book called "Awakenings" to be published by Paulist Press and on the script and drawings for an animated film for children to be distributed by the Encyclopedia Britannica. While the film may not be seen for some time — there is much work still to be done, some of the "Awakenings" illustrations will be at the exhibit.

Miss Heiberg will continue her interest in education as a program advisor for the newly formed Campus Free University and with private

PARENTS OF STUDENTS in Kindergarten and grades one and two at the Albany Academy met for a coffee hour on Sunday afternoon (Sept.26) to meet and talk with Mr. Robert C. Mellow, the new Headmaster of the School, Mrs. Mellow, faculty members.

Sponsored by the Mothers Association, this is the first in a series of Sunday coffee hours which will run through the month of October. They will all be held from two until four o'clock in the newly decorated library of the school.

In a letter of invitation

sent by the President of the Mothers Association, Mrs. Joseph Mann, the parents are invited as follows: Next Sunday, Oct. 3rd, parents of students in grades 3 and 4; October 10th, grades five and six; October 17, and again on October 24, parents of II, III, and IV formers. And on October 31st, parents of students in Forms V and VI. NISKAYUNA SWITCHES and is now fighting Town problems better than BETHLEHEM

From the beginning of time Niskayuna — like BETHLEHEM — has been a Republican town — similar in educational and employment background, earning capacity of its citizens, political philosophy and community problems. Two years ago Niskayuna cut the "Republican only" umbilical cord and elected a Democrat as Town Supervisor.

What happened? Obviously, a large number of Republican voters looked behind the usual "A" or "B" party labels and based their choice on the individual merit of the man. Niskayuna now knows the local community is better served by selecting candidates who are qualified and able regardless of party affiliation.

If Bethlehem wants good political balance, party label should not outweigh the value of the man. Now is the time for BETHLEHEM voters to fight for imaginative progressive government — even if it requires a switch.

After serious and careful evaluation, select all or any combination of these Democratic candidates you deem worthy to serve the Bethlehem Community.

"That's right - 'GRAND UNION' joins the ranks of 'THE NINETY-NINER CLUB'!"

Little did "CYRUS H. JONES" founder of the GRAND UNION COMPANY know when he was busy delivering tea from house to house in Scranton, Pa., back in 1872 - that his little company would grow and flourish into one of the nation's most outstanding food chains (11th largest in the Nation).

The key to Cyrus's success was the respect and loyalty he had gained from his customers for his service and quality of product and reasonable price that he had asked... that same respect and loyalty from literally millions of food shoppers has become a hallmark in Grand Union's fine history of service and fine quality at the lowest possible price.

So why not - join us and save for this week and next and see the "NINETY-NINERS" in action... You'll be glad you did.

THE ANNUAL Parent's Meeting of the Tri-Village Nursery School was held in Fellowship Hall of the First United Methodist Church on Kenwood Avenue, Delmar, at 8:00 P.M. on Wednesday, September 15.

At that time the Director

of the school, Mrs. Frederick Howell, spoke to the group and introduced her staff. Parents then proceeded to the classrooms where the teachers discussed the role of the participating mother. It was an opportunity for both parents to view their child's classroom and personally get acquainted with the teacher.

Returning staff members include Mrs. Howell, Director Teacher; Mrs. Franklin Harris, Mrs. Joseph Caruso and Mrs. Grace Ridsdale, teachers.

The Tri-Village Nursery School, now in its 25th year of operation, is a non-sectarian, non-profit organization located in the educational wing of the First United Methodist Church. The purpose of the school is to offer preschool children a varied educational correlated with that of the public school kindergarten to encourage and develop self-reliance, emotional growth, good social adjustment, and physical well-being, and to furnish a competent, qualified staff and adequate facilities and equipment to achieve this end.

Although enrollment for the fall term is presently filled, the waiting list is still open. Information and applications can be obtained by writing to the Tri-Village Nursery School, Box 103, Delmar, N.Y. 12054 or by contacting Mrs. Henry Peyrebrune, Chairman of the Executive Committee. Applications for 1972-73 school year will be accepted in February.

The SAT (aptitude test) of the College Boards will be administered on November 6 but the application form to

take this test must reach Princeton by October 6. Most seniors planning to attend college will be taking this test. Application forms are available in the Guidance Office.

Application Blanks for State University Units are available in the guidance office. In August it was announced that the application fee to State University Units would be raised from five dollars to fifteen dollars, but the price-wage freeze announced by President Nixon on August 14 affected this decision, and the State University has now announced that the previous fee of five dollars will be in effect for this year.

Answers about.....
ABCG CENTRAL Schools

By Ann Treadway
 Director of Public Information
 Bethlehem Central Schools

(The purpose of this weekly column is to give all residents of the Bethlehem Central School District the opportunity to get answers to specific questions about what's going on in district schools. Questions may be directed to Mrs. Treadway by mail to 700 Delaware Ave., Delmar, or by calling her weekday mornings at 439-4921.)

QUESTION: What can parents of elementary school children do to see that their children receive more physical education instruction?

ANSWER: They can make their wishes known — to principals, the superintendent of schools, the director of program development, members of the Board of Education. Parents are always welcome to let school district officials

know how they feel about such curriculum matters.

The State Education Department (Division of Health, Physical Education, and Recreation) recommends that one-seventh of every school day, for grades K through 12, be spent in directed physical activities.

At present, the physical education schedule for all grades in Bethlehem schools is as fol-

The Spotlight Goes to School

lows:

- Grades 1, 2 and 3 — One 30-minute period per week.
- Grade 4 — Two 30-minute periods per week.
- Grade 5 — Two 45-minute periods per week.
- Grade 6 — Daily 45-minute periods.
- Grades 7 and 8 — Four 45-minute periods per week.
- Grades 9-12 — Three 60-minute periods per week.

Until recently, all pupils in grades 6 through 12 did have physical education classes every day, but scheduling difficulties caused mainly by increasing numbers of pupils has resulted in the present schedule.

There are various points of view on the importance of physical education instruction. Those who wish to have more of it — especially in the lower grades — point to studies which indicate that improvement in physical skills is directly related to improvement in mental skills, such as reading. Those who would hesitate to increase the time allotted for physical education point out that adding to one program might mean taking time away from something else. It would probably also require an increase in the physical education staff.

Any parent who is concerned about this, one way or the other, is urged to communicate his or her feelings to an appropriate school official.

P.S. Please don't blame the mails, this information was delivered personally.

EDITOR'S NOTE: Our apology is offered — but there's much more to it than that. First, **ALL** information pertaining to an event should be included in **ONE** release so that it can be set in type **ONCE** and then allow it to run that way until the event takes place. This way, **SPOT-LIGHT** readers will read about your "happening" as many as **SIX** times; before we began the **CALENDAR**, organizations had one story. Therefore, it's easily seen that when it appears in the **CALENDAR**, you are getting far more exposure than the old way.

From the comments and response we **KNOW** that the **CALENDAR** has at least 100% more readership than the old individual story. This longer, better exposure has resulted in increased attendance at almost **ALL CALENDAR** events.

Another point: The publishing of these notices is **FREE (Repeat: FREE!!)** and has nothing to do with our paid advertising.

The **SPOTLIGHT** tries to give every organization equal representation based on the facts, brevity, legibility, etc. If any organizations feel that they have not received fair treatment, we apologize. With their cooperation, we'll try to do better in the future — **FOR FREE!!**

TRUE REFORMED DUTCH CHURCH, formerly located at Bethlehem Center. In the year 1822, a number of churches seceded from the Reformed Dutch Church through differences in doctrine, and organized themselves into a separate Classis with the title of True Reformed Dutch Church. About 1827 a society of the organization was formed in Bethlehem. At one time there were six of these church organizations in existence. The church building pictured, was erected near Bethlehem Center in 1854. The first pastor was Henry Bellingier; he remained with the church for fifty years. The first church officers were Peter Kimmey, Storm Vanderzee and David Kimmey. This church building was located just east of the Niagara Mohawk Power Co. Sub-Station on Route 32 at Bethlehem Center. The congregation was disbanded about 1919. The building stood idle for many years, and was sold in 1949 and dismantled. Parts of the building were used by the purchaser to build his home in Bender Lane in Glenmont. Allison P. Bennett, Bethlehem Town Historian.

Candidates for Miss Snowflake must be sponsored by a member ski club of the Capital District Ski Council and she must be a member of the sponsoring club. Applications are available through Ski Club Presidents.

The Council is already planning a calendar of events for the successful candidate which will take her to many Council and Ski Club events throughout the year and give her an opportunity to meet many new friends. Of course, Miss Snowflake and her court will receive an exciting basket of gifts.

THE GRAND UNION Company is celebrating the 99TH ANNIVERSARY of its foundations and at the same time making extensive plans to celebrate its CENTENNIAL YEAR in 1972.

Many changes have been noted in the 99 years since Grand Union began in Scranton, Pennsylvania.

Cyrus D. Jones started this giant empire as a door to door salesman. Similar premium offers such as the coffee grinder displayed by Mr. Lytle may well have been offered in 1872, as this was a popular merchandising practice at that time.

In direct contrast, Grand Union is today, the 10th largest in the line of food retailers in the Nation and operates 546 supermarkets and Grand-Way General Merchandise Discount Centers in 11 states, Washington, D.C., Puerto Rico and the Virgin Islands. Many new facilities are planned for the balance of this 99th Year and in celebration of its 100th year of operation.

Many forms of operation in the Grand Union Company are as steadfast today as they were 99 years ago. The pledge of quality merchandise, good service, and people who are really interested in serving the public, remains the same.

MRS. JAMES HURLEY, general chairman, has announced that arrangements for FACT's second annual OCTOBER-SING, a family folk music

What was once a dream of Tri-Village residents has now become a reality through the foresight and planning of Supervisor Bertram E. Kohinke and the Bethlehem Town Board. It was said: "The town needs parks with recreational facilities." We're getting both as Phase I of the construction in the park on Elm Avenue gets underway. This will be the result: 1) Olympic-size swimming pool; 2) Diving pool; 3) Children's play areas with splash pools; 4) Bathhouse-Snack Bar-Skaters' Warming area under one roof; 5) Plaza; 6) Skating areas; 7) Basketball-volleyball; 8) Tennis courts; 9) Entry road; 10) Parking lots; 11) Filter-maintenance building.

concert, have been finalized. Members of the Pick'n' and Sing'n' Gather'n', a rapidly growing folk music society in East Central New York, will present the benefit concert on Sunday, October 3, from 2:30-5:00 in the Altamont village park.

In five years the Pick'n' and Sing'n' Gather'n' has grown from a small group of about fifteen people to become one of the largest regional folk singing organizations in the country. Over 350 people, including many families, belong to the "Gather'n'," which meets monthly at the Caffe Lena in Saratoga. Members have appeared at many area coffee houses and Festivals, including several annual appearances at the Fox Hollow Beers Family Festival.

Persons attending the concert should bring lawn chairs

or blankets. The donation for adults will be 50¢; for children, 25¢; babies will be admitted free. Refreshments, including coffee, cider, apples and home-made doughnuts, will be available.

In case of rain, the event will be held indoors, at a place to be announced.

THE CHILDREN'S ROOM of the Bethlehem Public Library will be an active place beginning October 5. There is an activity scheduled for every age group through sixth grade. The kindergarteners will have their day of stories, films, games and songs the first three Tuesdays of every month. Those who have school in the afternoon come at 10 A.M. and those attending the morning session will meet at 2 P.M.

First, second and third

MRS. PATRICA WATERSON, this year's Pageant chairman, Mr. James Chapman, Vice President for Activities, New York Capital District Ski Council; Miss Toni Busone, Pageant Publicity Chairman, and Miss Joan Ennis, reigning Miss Snowflake.

graders will have their Story-hour on alternate Wednesdays beginning October 6, Much fun is planned for 3:45: songs, crafts, films and stories.

The Puppet Club is for fourth, fifth and sixth graders on Thursdays at 3:45 P.M. Together they will make puppets and scenery and then stage plays for the public.

Harriet the Spy Club will meet for third and fourth graders on alternate Wednesdays beginning October 13 at 3:45 P.M. They will discuss books and report spying episodes in order to maintain status in the Club.

A new activity this year is scheduled for the fifth and sixth graders on alternate Fridays beginning October 8. It is called the Young Critics and at 3:45 P.M. they will be evaluating books they've read and learning to write for publication.

These activities do not require prior registration, however, the pre-school Story-hour's registration will be October 4, 5 from 10-12. The Storyhours will begin on October 6, 7.

We are expecting to meet many of you in October. Copies of our schedule are available at the library so come and get yours. The new children's librarian, Mrs. Harris, is anxious to meet you.

AS THE LAST of several benefactions to the community Mrs. Pauline Whitbeck Howe of the village of New Scotland turned over to the Nature Conservancy for safe keeping and perpetuation the lovely woodland adjacent to the village that she inherited from her grandfather, Andrew Whitbeck. Her neighbors in New Scotland and members of the Nature Conservancy are contributing to a fund for the maintenance of this parkland, which is to be dedicated on the afternoon of October 11 (Columbus Day), with a brief service there at 3 P.M., as the Whitbeck Memorial Grove.

To save areas of nature's beauty that are unspoiled

and to preserve them for all to enjoy in the future is the objective of the Nature Conservancy. The residents of the area, appreciative of receiving this gift from Mrs. Howe, are assisting the project chairman, Mrs. L. Graves of Bullock Road, to make this dedication a memorable event. The Boy Scouts and Girl Scouts, with the aid of a truck from the township, will be clearing up the woods this Saturday. Mr. Otterness and his science class at the Voorheesville school will be making a sign for the entrance, which is by the railroad underpass at the edge of the village. They will also be making a nature trail for the better appreciation

this community. We feel it is important to let the public see what is being done now, and what is being planned, to insure that our water supplies keep pace with our needs.

The completion of the new additions to the water treatment facilities will double our present production. This figure is from \$2,000,000 gallons daily to 4,000,000 gallons daily. This makes an abundance of clear water to hold in reserve when the consumer requires it.

Town Government, has in the past and will in the future, strive for better water facilities. Our progress has put the Town of Bethlehem in an enviable position, and a sure indication of putting the tax dollar to work.

Remember, keep watch for our announcement of "Open House," at Town of Bethlehem Filtration Plant, New Salem.

TO AN EVEN GREATER Spotlight

For the past 16 years, the **Spotlight** has mailed a copy every week to every family in the area regardless of whether it was a **PAID SUBSCRIPTION** or not. During the 16 years, the cost of production and printing has more than quadrupled — yet we have increased our circulation every month during this period to take care of the thousands of additional people who have moved into our midst. These thousands of additional copies have further added to our weekly production costs.

NOW

we are faced with the difficult decision of how to maintain our present standards of mass circulation.

ONE WAY

is to increase our **PAID SUBSCRIPTIONS.** Yours would help!

Most weekly publications across the country are getting between \$5 and \$10 per year for a subscription. Ours is \$4.00 — **BUT**, for a limited time, we are offering a full one-year subscription to the **Spotlight** for the special rate of:

\$3 52 ISSUES

LeVere L. Fuller

Wandering & Wondering . .

AN ALBANY NEWSPAPER writer recently devoted a portion of his column to the current motorcycle menace. The circumstances in his description were probably more dangerous than in our story — but it's a toss-up.

All summer long we have been subjected to afternoon and evening parades of the two-wheeled monsters — but their use of the highway is secondary. They have made trails through the woods and fields around us and only come onto the paved road to get to the next trail. The ones we have gotten close to bear no license plate — therefore their presence on a public highway is illegal — and extremely dangerous when three or four dart out of the jungle-like woods into moving traffic. Why they haven't been caught by either the Bethlehem or State Police is a mystery.

There's something else too: after a couple of hours of the roaring monsters speeding along our property line, it becomes a definite disturbance of the peace.

If you're a teen-ager, wear your hair long and have a beard, it's a "sure" thing that some form of the "law" will stop you for a "routine" check about once a week — but flaunt the law — cause families real anguish — be clever about it — and you can get away with it for months.

ABOUT TWO YEARS AGO, we said (in print) that we were going to do an article on the late Howard Paddock, the man who probably had more to do with the Bethlehem Building Code and actual layout of the streets than anyone else. Circumstances prevented its writing. It is a story that **should** be written — and now we can tell you that "The Howard Paddock Story," complete with the many available pictures, will begin in a few weeks — right here in your **Spotlight**.

WHAT DO YOU SAY when a very special friend passes away? I guess you just put your thoughts of him on paper — so here goes!

Here are some of the things that flashed through my mind: Charlie Schellhaas was a kind and gentle man whose devotion to his wife and two daughters was greater than most. His operation of the camera shop at Delaware Plaza was characterized by his thoughtfulness and customer service. He closed his store only when it became impossible to run it at a profit. The restrictions on stores selling duplicate merchandise were relaxed and Charlie was undersold on the only items he was allowed to handle: cameras and their related supplies. He was frustrated and angry — but he quickly adjusted and

Charles Schellhaas

went to work in the camera department at Grandway in Albany. Later, he was transferred a couple of times and wound up in Northumberland, Pa.

One day some eleven or twelve years ago, Charlie came out to visit us in Feura Bush. With him he had a sketchy outline of a publication that would have revolutionized the "weekly" publishing business. The idea needed a lot of finalizing and it had one **large** "bug" in it. We spent long hours together and separately, trying to work out the "bug." Somehow the problem never lent itself to any solution we could find. In the meantime, the years went swiftly by — each of us engrossed in the problems of everyday living. A week never went by that some thought wasn't given to an attempt to find a solution — but now it's too late — half of the team is gone.

There is one incident that could be recorded here to show another side of Charlie Schellhaas. He had no patience with stupidity and as deep as our friendship was, he still couldn't overlook it.

At the time, I was doing a lot of photography for publication and more as a hobby. I will never forget the time I took a pack of exposed film to him for processing that contained, among others, the picture reproduced here. I had placed Susie so close to the background that her hair blended into her shadow — completely. When I asked Charlie what had caused it, his reply on my stupidity was unfit to print. He quickly followed it with an explanation of the right way to have done it — but the result of being stupid is fully apparent.

"Susie"

If we could have solved the publication problem as easily as Charlie could analyze photographic errors, we might easily have wound up in the "Millionaire Club of America." We didn't — and perhaps it's just as well. Who knows?

A MOST PLEASANT surprise last week was the arrival of Mr. and Mrs. Harold White who returned north from Florida for a short visit. Harold was one of the frontrunners in the

Harold White

Tri-Village Area during World War II with his helping out during his "off" hours. He devoted many, many hours for the good of his fellow man. Just to name a couple: He was an aide in Albany Hospital; drove taxi during the evening hours. He was an attorney with Niagara Mohawk for many years — and for several terms he served Bethlehem as Town Justice. In fact, he became known as a tough judge when he really cracked down on traffic violators.

As an attorney in his private law practice, he helped more clients than he fined as Justice — and many that he helped never received a bill.

He was a "marrying" Justice too — in fact, he married the only one of our daughters that he had fined as a teenager. It was a minor traffic violation and his fairness in Court made enough of an impression that when she married, Harold White performed the ceremony.

Harold White — a good man!

WE HAVE an answer from BCHS (and we quote!):

"Dear Mr. Fuller:

"In response to your recent public questioning of the matter:

"Bethlehem Central always advertises for and invites bids for yearbook contracts. Different publishers have been awarded yearbook contracts over the years. Bids are let yearly.

"Every senior class has a class ring committee which has the responsibility for selecting the style of ring to be ordered, and then doing its own comparison shopping before placing an order.

"Bethlehem Central also invites competitive bidding on contracts for diplomas and diploma covers.

"Since you have raised these questions, I hope you will see fit to supply **Spotlight** readers with these answers."

The above came from Ann Treadway, Director of Public Information, Bethlehem Central Schools. Thank you, Mrs. Treadway.

We have no quarrel with the information, but we'd like to know where these bids are "advertised" and who is "invited" to bid?

DURING THE MONTH of September, Sister Roseann McGrath, daughter of Mr. and Mrs. James McGrath, Schenectady (formerly of Delmar), has had an exhibit of her photographs at the Arts Center of Maryrose Academy on New Scotland Avenue.

Sister Roseann became interested in photography two years ago while teaching sixth grade at Saint Mary Star of the Sea School in Key West, Florida. A graduate of the Academy of the Holy Names and the College of Saint Rose in Albany, she taught for four years at St. Catherine of Siena School, Albany. With the help of Chet Conn's expert printing in Key West, Sister has succeeded in capturing some of the natural beauty in this southernmost island of the United States. She used a Yashica X camera.

Roseann McGrath . . . student

As this issue goes to press, we know that Sister's prayers for her father must be of prime importance — as this great benefactor and human being

fights a serious illness. For many years, Jim and Vic McGrath operated Handy Dandy Cleaners in Delmar. They ran the place as if every garment were their own. During those years, Jim had a serious operation and finally it was necessary to give up the business. This man did so many wonderful deeds for people and organizations in the area (and told no one!!) that even today it is still possible to find new evidence of his generosity and kindness. To our knowledge, no man ever did so much for so many — with practically no one knowing what he did!

Sr. Roseann . . . today

Some way, his greatness should be recognized — except that his happiness was derived from the doing — not from recognition.

...

WHAT EVER HAPPENED to Fred Waring? A while ago, we read that he had suffered a heart attack — since then, nothing.

...

THE SMITH FAMILY, our nearest neighbors, are not the TV family of the same name. In our case, Chad is Wayne, who isn't a very good cop at all; Betty is Susie; and our Smiths have four children: Suzee, Sheri, Wayne, Jr. and Edward James (the "James" is for his Uncle Jim who teaches him to be naughty!); Wayne, Jr. doesn't need a teacher!

Now Eddie looks exactly like me (his grandfather) — at the age of 2 of course. Dr. Corinne Snow (our family doctor) says that Sayne looks exactly like his grandfather (that's me again!) — and Sayne and Eddie do **NOT** look alike — maybe I wear two hats, huh?

"Angel" Eddie

We started to tell you what pusilanimously poor detectives Chad and Betty (Wayne and Susie) really are. Sheri received a fluffy kitten ("Fluffy") as a birthday present from three aunts and an uncle. The first night the kitten ("Fluffy") slept in the Smith girls' room. The next morning the kitten was gone, disappeared, kapoot!!! The Smiths couldn't locate it anywhere. The aunts were called into the search. It was finally discovered inside the box spring on Sheri's bed. It had crawled through a hole in the cover (it was torn when the Smiths made a recent move into their new home). By some ingenious tipping of the box spring, the kitten ("Fluffy") was recovered — and everything was once more right with the Smiths on Primrose Lane.

One more item: every day Eddie's grandmother (my wife!) feels of his shoulder blades to see if he has sprouted wings. She says she has never seen such an angelic-looking little boy — **ME**; I look for two tiny **HORNS** and a **TAIL!!**
