Two things to do when you see a downed power line. And one thing not to do.

First, call Niagara Mohawk and give the location of the fallen line.

Then, stand by until help arrives, warning others away. Particularly youngsters and motorists.

Never, under any circumstances, attempt to remove or touch the wire. Remembering these rules could save a life, maybe even your own.

Tonight and tomorrow at 8:30 p.m., the Charlatsans, the drama club of BCHS, will present the hilarious Broadway play, "Black Comedy." Written by Peter Shafer, it is a clever conception of what could happen in a city apartment when the power fails. The play, directed by Mr. Sydney Turner, will star Nancy Mullenneaux, Claudia Schlosberg and Carol Burnett in the female parts with Philip Jerry, Steve Anderson, Kirk Jackson, Ron Kuivila and Francis Beudet in the other roles. Tickets, available at the high school and at the door, are \$1.00 for students and \$1.50 for adults.

Blues and ragtime guitarist, Larry Johnson, will make his first area appearance at the Bethlehem Coffeehouse at 8:30. His music reflects the style of bluesmen of

the 20s and 30s. Recently Larry recorded an album with John Hammond on the Biograph label and before that, two solo LPs for Blue Goose and Blue Horizon. Admission will be \$1.25 at the door.

SATURDAY, NOVEMBER 20

Onesquethaw Chapter's "Country Bazaar" booths will open at 10 A.M. Starting at 5 P.M., until all are served, our famous country style supper will be held. Adults \$2.50, children \$1.50.

St. John's Bazaar will be held at Kenwood Academy starting at 3:30 P.M. A large variety of booths featuring baked goods, handcraft and refreshments will be available.

Area Women Hostesses at Holiday Open House in Loudonville. Mrs. Terry Bastian of Delmar and Mrs. Donald Blanchard of Voorheesville will be hostesses to a Holiday Open House which includes a bake sale and Christmas bazaar today

from 10 A.M. to 2 P.M. at the Church of Jesus Christ of Latter-day Saints (Mormon), located just south of the intersection of Rt. 9 and Rt. 144, on Route 9.

A special feature of the bake sale is items that will be ready to freeze. Bread will be baked fresh the day before and some pies will be raw so that they may be baked just before eating. Holiday cookies will be available for the open house or the party you are planning. Also available will be fruit cakes, fruit and nut breads, candy and Gingerbread houses.

Other special features are the large Christmas tree where over 1,000 handcrafted tree decorations will be hung for your selection and our printer who will be available to print names on cards, paper, etc. in your choice of colors. There will also be a regular bazaar booth with gift items and a white elephant table.

St. John's Bazaar will be held at Kenwood Academy starting at 6:30 P.M. A large variety of booths featuring baked goods, handcraft and refreshments will be available.

road Restaurant in Latham.

The speaker for the evening was Joseph J. Horan, Director of the Travel Bureau of the New York State Department of Commerce. Mr. Horan chose for his topic, "Selling the State of New York." Mr. Horan has been engaged in travel promotion work since 1937, and has served as President of the National Association of Travel Organizations. His talk partly illustrated ways by which the Empire State sells itself to the world through the efforts of those in Mr. Horan's department.

As Chairman of the Education Committee of the Sales and Marketing Executives, Mr. Pierson first attended the Directors meeting.

THE BETHLEHEM Central Music Department is proud to announce that twenty-five (25) students will participate as part of the New York State School Music Association Area All-State Sectionals. The NYSSMA Area All-State will be held at Linton High School, Schenectady, New York on November 19-20, 1971.

The students selected to the NYSSMA All-State Choir are as follows: Nancy Bridges and

Nancy Mullennaux, (sopranos); Melanie Logan and Sally Ingraham, (altos); Brad Logan, Keith Williams, David Gerber, Joseph Catalano and Darroch Berrian, (tenors) and the bass voices consist of James Adams, Douglas Vail and David Houghtaling.

The NYSSMA All-State band and orchestra members include: Miriam Knox, alto clarinet; Edward Coughtry, clarinet; Robert Sarachan, baritone sax; Gregg Sagor, cornet; Phillip Moore, trombone; Mark Foster, percussion; Michael Emery, violin; Chris Thurlow, violin; Linda Steward, violin; Malcolm Cooper, violin; John Ganey, viola; Jessica Conley, viola.

Participating Bethlehem Central music students were first recommended by their directors, Mrs. York (choir), and Mr. Bozzella (band and orchestra), on the basis of outstanding musicianship and individual ratings earned at NYSSMA solo and ensemble festivals.

The public is cordially invited to attend the performance of the All-State Choir, Band and Orchestra at Linton High School, Schenectady, New York, on November 20th at 8:00 P.M.

DAVID SCHULENBERG of Bethlehem Central High School has been cited as one of the outstanding high school students of English in the country. The National Council of Teachers of English has named him a 1971 national winner in its annual Achievement Awards competition.

Last spring a committee of English teachers from the high school nominated Mr. Schu-len-berg to represent Bethlehem Central High School in the competition. The school was allotted one entry from the junior class for every 500 students in the total school enrollment, according to Eugene Duffy, the English department chairman.

After nomination each student submitted his best writing, including an auto-biographical sketch, and wrote a one-hour in-promptu essay. These materials were evaluated by state judging teams of highly qualified college and high school teachers

directed by state chairman.

The nation's schools participating nominated almost 7,000 juniors for the NCTE citation. Of that number, only about 850 finalists were chosen. They represent over 600 schools from 50 states, the District of Columbia, and American preparatory schools abroad.

THE REGULAR QUARTERLY dividend of 45¢ per share payable January 3, 1972 to stockholders of record at the close of business on December 3, 1971, was declared by the State Bank of Albany Board of Directors at its regular meeting held November 9, 1971. This announcement

was made by Hollis E. Harrington, President.

MARINE PFC. Thomas C. Patterson Jr., son of Mr. and Mrs. Thomas C. Patterson of 27 Murrin Dr., Delmar, was promoted to his present rank upon completion of Basic Specialist Training (Infantry) at the Marine Corps Base, Camp Lejeune, N.C.

NAVY SEAMAN Apprentice Eric W. Bush, son of Mr. and Mrs. J. W. Bush of 203 Adams St., Delmar has graduated from recruit training at the Naval Training Center, Great Lakes, Ill.

He is a 1971 graduate of Bethlehem Central High School in Delmar.

MRS. RICHARD LINDSTROM of Delmar will be demonstrating interesting, inexpensive ways to decorate for the Christmas season on three consecutive Wednesdays, beginning November 17 from 10-12 noon, at the Albany YWCA, 55 Steuben St. Call the YWCA

at 434-7184 for information and reservations.

RENETA BENENATI (Mrs. Carl Benenati) is one of the "Ten Artists Of the Mohawk-Hudson Region" whose work is on exhibit at the SUNY Art Gallery. Mrs. Benenati has eight collographs on display. She is currently teaching in the Ravena-Coeymans-Selkirk Central School System.

A LARGER Christmas Club bonus than ever has been sent to The Bank's customers in northeastern New York State. Total dollar volume of the annual Yule greeting this year amounts to \$3,957,842, some \$672 thousand more than is 1970.

Payouts have gone to over twenty thousand participants in The Bank's plan.

This year, The Bank is attaching renewal slips to payment checks to continue association with this plan during 1972.

HEAR YE! HEAR YE! Court is now in session! This is the cry that will soon be emanating from the stage of the Albany Jewish Community Center when the Drama Workshop presents "A Case of Libel" by Henry Denker on November 17, 18, 20 and 21 at 8:30 p.m.

This provocative courtroom drama will recreate the celebrated suit of the famous World War II journalist Quentin Reynolds against the poison-penned columnist Westbrook Pegler. Louis Nizer was the brilliant attorney in the case. After opening on Broadway in October, 1963, this play exciting audiences for 31 weeks.

Consisting of some familiar and some new faces, the cast is as follows: Beverly Vener, Fred Goldfeder, Andrew Wyman, Dennis Hurley, Andrew Bernstein, Ellyn Of- fricht, David Ference, Jack Sternbach, T. David Cameron, Hal Weinstein, Michael Steese

and Leo W. Rausch.

The production has been directed by Eleanor Koblenz with the assistance of Mort Arenstein.

We plead with you to examine your conscience and reach the verdict that you will appear without any objection in the auditorium of the Albany Jewish Community Center, 340 Whitehall Road on November 17, 18, 20 or 21.

We swear we're telling the whole truth and nothing but the truth when we proclaim you'll be glad you came.

A SPECIAL MEETING of the stockholders of the State Bank of Albany was held recently for the purpose of voting upon the proposition of State Bank of Albany joining with the Liberty National Bank and Trust Company of Buffalo, New York, to form a registered bank holding company to be known as United Bank Corp. of New York.

This proposition was approved.

At the same time, a meeting of the shareholders of the Liberty Bank and Trust Company of Buffalo, New York, was held and they also have approved a similar proposition as it pertained to them.

It is now planned that all State Bank of Albany stockholders will be requested to exchange their stock for that of United Bank Corporation of New York as at the close of business December 31, 1971 on the basis that each holder of one share of stock in State Bank of Albany will receive one and one-half shares of the stock of United Bank Corporation.

This new holding company will have its headquarters at 75 State Street, Albany, New York.

A TOTAL OF 135 young snowmobilers have enrolled in the Young Snowmobilers' Safety Courses which are being taught in this area by Mr. and Mrs. Sherman Consolver and Mr. and Mrs. Dale Court.

Designed for youngsters, the course is sponsored by the Parks and Recreation Divi-

sion of Marine and Recreational Vehicles.

According to New York State Law, youngsters between the ages of 10 to and including 15 must earn safety certificates before they may operate a snowmobile alone in New York State. They are issued safety certificates upon satisfactory completion of the Young Snowmobilers' Safety Course.

The course is being conducted at Shear Farm Country Store, in Ravena. Approximately 2,000 volunteer instructors are teaching the course in snowmobile safety throughout New York State.

All course material is furnished free to youngsters taking the course and to the instructors by the Division of Marine and Recreational Vehicles.

Mr. Consolver indicated that the course would be taught several times throughout the coming months. Area youngsters who have not enrolled for the course as yet should contact the local instructor as soon as possible at the Shear Farm Country Store, Rt. 143, Ravena, 756-2314.

DELAWARE AND HUDSON Railway Company presented its annual contribution to the 1972 Albany United Fund-Red Cross Joint Appeal today, when Paul F. Robinson, vice-president for traffic, (left) handed over a check for \$5,500 to Arthur J. Leonard, campaign chairman.

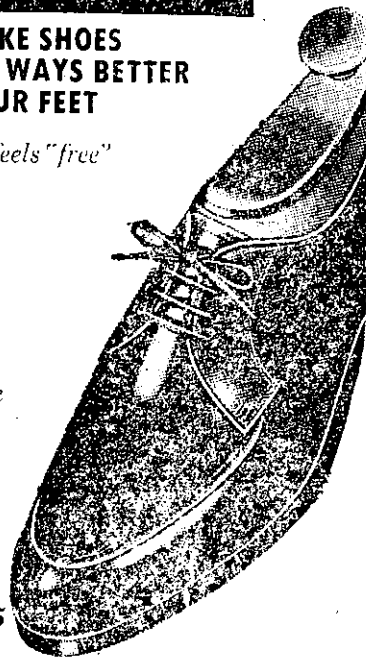

In making the presentation, Mr. Robinson noted that "Each year the 33 agencies supported by Albany's Joint Appeal are facing increasing costs in taking care of those who are ill, disabled or otherwise not fortunate enough to take care of themselves.

"We take satisfaction in supporting the Joint Appeal," Mr. Robinson continued, "as one of the ways open to us to make this a better community in which to live and as an expression of our confidence in the American way of life."

PETE GRIDLEY'S Getty Service Station at the Four Corners, Delmar, claimed the community beautification award for 1971 from the Bethlehem Environmental Improvement Association.

This award is given to the Four Corners' merchant who has maintained the best flower box for the year. Bethlehem Environmental Improvement

Association and Albany Men's Garden Club members plant the flower boxes seasonally but the Four Corner's merchants maintain the flowers or shrubs themselves.

Mrs. Gridley and daughter, Lorey, accepted the award certificate at the October meeting of BEIA. It was especially fitting that Mrs. Gridley and Lorey accept since

A HARD DAY'S NIGHT—New England College cross country proudly displays a chart indicating the 223 miles and 270 yards run during a 24-hour relay that earned more than \$700 for the Jimmy Fund. The race started at noon Saturday and concluded at noon Sunday. Left to right, Pete Mayer, Ted Johnson, Jim Kaye, Tom Weston, Ted Stillwell, Capt. Bruce Williams, Scott Walton, Steve Burnham and coach George Hamilton.

Each runner spent a week recruiting sponsors who paid 10 cents a mile for every mile covered by the runner. The relay concluded with the team collecting more than \$130 in cash and more than \$600 in pledges.

"It was just amazing what they did," Hamilton said. "It was a tremendous emotional experience and we were all pulling together. There were times in the wee hours of the morning when nobody was around to cheer us on but we survived by spurring each other along. There were times, too, when it got a big discouraging, especially when it started to rain, but we all stayed together."

the maintenance of the flower box was a family affair. Besides the BEIA flower box, Mrs. Gridley grows an assortment of house plants in the station's windows. The grapefruit and lemon plants have been grown from seed.

MANY SNOWMOBILE owners throughout New York will be frustrated when the first

snow falls and they realize that the registration of their machines has expired.

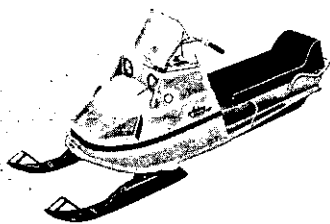

Thousands of renewal applications are being sent out to sled owners whose registration will expire within a month, but less than half of them have bothered to read over the already completed application, sign and return it to Parks and Recreation

Snowmobile registrations expire twelve months from the month of issue, so renewal notices started going out in September for the October list. Similarly, filled in applications are being mailed each month to give the snowmobile owners plenty of time to renew the registration before it expires and they may not use their sleds.

But if everyone waits for the first snow to send in their renewal, the blizzard of paper will cause delays of weeks, instead of the few days it now takes to process and return a renewal.

"TAKE A BIBLE BREAK" is the invitation being issued to the Tri-Village community by the Christian Science Reading Room, 397 Kenwood Ave., Delmar, as its part in the National Bible Week observance Nov. 21-28.

Open from 11:30 A.M. to 4 P.M. daily except Sunday and holidays, the Reading

Room offers to the public the opportunity to read a favorite scripture for inspiration or refreshment in its comfortable study room. The King James version of Bible may be read, borrowed or purchased at the Reading Room which is open to all.

Featured in a different window display bi-weekly, the Bible is the basis of a daily lesson-sermon study for Christian Scientists. Together with selections from Science and Health, with Key to the Scriptures by Mary Baker Eddy, Bible passages are read at Christian Science Services Sunday morning and Wednesday evening.

Conveniently located at the Four Corners, the Christian Science Reading Room is sponsored by the members of First Church of Christ, Scientist, Delmar, as an information center for the public.

A **THREE-DAY** instructor course for qualified volunteers interested in teaching

Red Cross Home Nursing will be offered by the Albany Chapter, American Red Cross, beginning Wednesday, December 8, according to Mrs. Donald MacHarg, Chairman of Home Nursing. Miss Ann DiNatale, R.N., area expert in the field, will conduct classes from 9:30 A.M. to 2:30 P.M. at the Albany Red Cross Building.

Participants will be prepared and qualified to instruct classes in ways of maintaining health, recognizing illness, positioning and body mechanics, personal services for bed patients, the proper method to get patients out of bed, and the administering of medicines and simple treatments.

Early post-operative discharge from hospitals and lack of beds available for the aged in hospitals and nursing homes, have dramatized the need for more knowledge of nursing techniques in the home.

Persons with a nursing

background or teaching skills are invited to use their talents to teach others how to care for sick family members at home.

For more information call Mrs. David at 462-7461.

THANKS!

Members of the Elsmere Fire Co. "A" take this opportunity to express thanks to the residents of the district for making this year's donation drive a success.

Any resident of business in the district who has not and would like to make a contribution may send it to the Elsmere Fire Co. "A", Popular Dr., Elsmere.

Group of the Federal Department of Transportation. Division Engineer Robert E. Kirby of Guilderland accepted the award at ceremonies held at Third Coast Guard District Headquarters on Governor's Island, New York. Presentation of the award was made by the Assistant Secretary of the Federal Department Charles D. Baker assisted by Regional Federal Highway Administrator Gerald D. Love of Delmar.

The citation was for excellence in the fields of highway safety, equal employment opportunity, and overall administration of the Federal-Aid Highway Program in New York.

The New York Field Coordination Group consists of the senior officials of the component agencies of the Federal Department. Mr. Love represents the Federal Highway Administration in the Group.

The award is named in honor of the late John A. Hanson, Regional Administrator of the Highway Administration, who had served as Chairman of the Group. Awards are presented annually to outstanding units within the six Federal agencies making up the Group.

BEFORE THE HUNT and during the hunt, a hunter should exercise planning and caution to make sure he returns safely from the hunt, according to James Carnahan, Director of Safety Services for the Albany Chapter, Red Cross.

In addition to wearing sturdy boots and warm highly visible clothing, Carnahan urges all hunters to carry a compass, small flashlight or matches in a water proof case, sharp knife, first aid kit, and map of the area he will be hunting. If a hunter is lost, he ought to have a loud whistle to summon help, Carnahan added.

During the hunt, the Safety Director cautioned hunters to walk abreast in the open field or brush and left handed shooters to stay at the extreme right of a group because of their tendency to swing right.

Finally, many accidents occur when a hunter shoots at movement or noise. Carnahan advises, wait until your target is fully visible and a good shot available before pulling the trigger... it's a sound hunting practice that could prevent shooting another hunter, and reverse the toll of wounded animals which later die, unclaimed.

For your own sake, and for the sake of continued good hunting, follow this advice.

Contact the Albany Area Chapter, Red Cross for information about hunting safety and first aid training.

THE "SPIKEHORNS," the local chapter of the Society for the Preservation & Encouragement of Barbershop Singing in America, better known as the "Barbershoppers," will host a get acquainted party at the Center Inn on Route 9W in Glenmont on Friday night, Nov. 19, at 7 P.M.

This group is well known in the Delmar-Ravena area for its outstanding Annual Parade of Harmony Show which was held last spring at the Bethlehem Senior High School and featured Barbershop style Harmony both in Quartet and Chorus form.

Their last presentation was especially memorable to many of the area's Handicapped to whom this group donated approximately 500 seats free.

The purpose of this party is many-fold according to C. R. "Tiny" Boland, President of

the Spikehorns. He points out that many men would like to sing in a Chorus or Quartet, but feel that their voices are not professional enough to qualify. This is not the case with this type of Harmony because it is the "Blending" of many voices and voice ranges that provides the balance to be proficient as a group and not an individual voice as such.

It should also be noted, states Mr. Boland, that being able to READ music is not a requisite either because reading and the technical sides associated with Barbershop style harmony are a part of the amenities in which a member is schooled on a continuing basis by the Chorus Director on meeting night each week.

Therefore, if any man likes to sing and is of good charac-

ter, he is depriving himself of many happy hours "escape" from the normal daily trials and aggravations.

After more than 25 years as a member of this society, Mr. Boland states that even though he has raised a family of five children, he has always need an avocation (in his case the Barbershoppers) where once every week for three hours he can live in a relaxed atmosphere of music and good fellowship seldom found in today's complex society.

Any adult man who attends this party will most certainly enjoy himself and is encouraged to bring his wife so that she can dispell any doubts that may concern her about the organization or its purposes.

THE COOPERATIVE Extension Association of Albany County held its 55th Annual Meeting at the Clarksville Community Church on November 4. William Seymour, President of the Association, presided at the dinner meeting.

One of the highlights of the meeting was the unveiling of a portrait of William F. Rice, Jr., County Legislator from the 39th District and the Legislature's Representative to the Extension Association. The portrait is in recognition of the efforts of Mr. Rice in securing the new Albany County Resources Development Center in Voorheesville, the new home of the Extension Association, Mr. Earl Waggoner, Vice-President of the Association, presented the portrait, which will hang in the Director's Meeting Room.

Association Directors and Division Committeemen were elected to serve for three year terms. They are: Directors at large: Henry Kunze, Delmar; Mrs. Robert Lynk, Delmar; and Earl Waggoner, Voorheesville. Agriculture Division Committee: John Gade, Jr., Guilderland; Jerry Jonas, Delmar; and Timothy talker, Ravena.

Home Economics Division Committee: Mrs. Richard H. Brown, Slingerlands; Mrs. Thomas Gallup, Clarksville; and Mrs. Mary Whelden, Albany.

4-H Division Committee: Mrs. Richard Herrman, Delmar; Mrs. Frederick Edmunds, Voorheesville; and Edward Kleinke, Jr., Slingerlands.

The Agricultural Division recognized Manley Mackey, Medusa, and Stanley Morehouse, Delmar, who have both been members for fifty years. Both were awarded Life Memberships in the Agricultural Division. Two families were recognized for having maintained 50 years of membership in the Division; they are the James Kudlack family, Greenville, and Miss Ernestine Hilt-sley, Altamont.

After the business meeting, Mr. Lewis C. Rubenstein presented an illustrated talk on "The Future of the Past."

NIAGARA MOHAWK Power Corporation has joined with six other New York State electric utilities to award a \$550,000 grant to Cornell University for long-range basic research that may lead to the generation of electric power through nuclear fusion, it was announced by James A. O'Neill, President and Chief Executive Officer.

"Development of a power plant operated by controlled fusion will probably require several decades of intensive research and development, but the effort is warranted. This means of electric power generation may well be the key to meeting society's long-range needs for abundant electric energy with the least possible depletion of natural resources or harm to the environment," Mr. O'Neill said.

The grant was awarded to Cornell through the Empire State Atomic Development Associates, Inc., a non-profit organization composed of the seven major investor-owned utilities in New York. ESADA administers nuclear research and development projects in which the utilities have a

joint interest. The Cornell grant brings to more than \$25 million the amount of research funded through ESADA since its establishment 11 years ago.

Conventional nuclear power plants derive their energy for the generation of electricity through the fission, or splitting, of "heavy" elements such as uranium or plutonium. Controlled fusion, on the other hand, produces energy through joining, or fusing, "light" elements such as deuterium and tritium, which are forms of hydrogen.

Hydrogen is one of the most common elements and the supply of fusion fuels is far greater than the available resources of fission fuels or fossil fuels such as coal and oil. Deuterium, for instance, is present in sea water and can be economically recovered to the point that a gallon of sea water would supply enough energy to generate more than 4,000 kilowatt-hours of electricity.

Controlled fusion's other potential advantage over fission is that fewer radioactive by-products are formed, leading to less radioactive waste and simpler radioactive waste handling.

Scientists have been working for a number of years to control the fusion reaction. After this basic achievement has been made, it will probably take several decades to develop the technology and equipment capable of supplying economic, dependable electric power to the utilities' customers.

Most approaches being tried to harness the fusion process involve producing the fusion reaction in a "plasma" of gaseous particles of hydrogen forms. To achieve the extremely high temperatures required — tens or even hundreds of millions of degrees — it is necessary to confine the "plasma" in a magnetic field, often referred to by scientists as a "magnetic bottle."

Scientists at Cornell have been working on the develop-

ment of this "magnetic Bottle" and the grant from ESADA will permit them to continue and extend their work. It will help finance the construction of a new high-voltage electron beam facility which will greatly increase the strength of the magnetic field used in the experiments. The new facility is expected to be in operation a year from now.

The Cornell group which has received the ESADA grant is the Cornell Laboratory of Plasma Studies, a branch of the Cornell College of Engineering.

Members of ESADA are: Central Hudson Gas & Electric Corp., Consolidated Edison Co. of New York, Inc., Long Island Lighting Co., New York State Electric & Gas Corp., Niagara Mohawk Power Corp., Orange and Rockland Utilities, Inc., and Rochester Gas and Electric Corp.

California, from 1957 to 1962. In 1967 he retired into private practice in Vacaville.

Mr. DeRonde has been instrumental in several supreme court decisions, one of which resulted in his having a street named for him at Travis. He has either been prosecutor or defender in over 500 contested jury trials and regards his new role as judge as "different," but certainly no easier than that of arguing a case.

Mr. DeRonde is a graduate of Bethlehem Central High School, and is married to the former Kathleen Doran, of Albany. They are the parents of John, 22, married and presently himself a law student, Denise, 20, a legal secretary in the San Francisco area, and Glen, 18, a student at the University of California. His mother, Mrs. Allen E. DeRonde, resides at 302 Kenwood Ave., Delmar, and a sister, Mrs. Harry C. Miller, lives at 31 Longwood Drive, Delmar.

BRUCE WILLIAMS of Delmar, failed to let a five-hour rain dampen his spirits Nov. 7 as he led the New England College cross country team through a 24-hour relay race that netted more than \$700 for the Jimmy Fund.

Williams, of 7 Brooknoll Avenue, captained this season's NEC harriers and engineered the charity run. He is a senior at the four-year liberal arts college. The son of Earl D. and Rebecca C. Williams, he covered a total distance of 24 miles, and ran two hours, 17 minutes and 33 seconds, averaging 5:43 per mile.

The event, which started at noon Nov. 6 and concluded 24 hours later, was the first ever attempted at NEC and the first competition to be run on the college's newly-surfaced track.

The race was run to the rules of "Runner's World" magazine which stipulates a relay must be run on a 440-yard track by a team of no more than 10 runners. Each runner had to follow in a pre-determined sequence and each participant had to run one mile at a time.

The oval was lit throughout

the night and runners had hot drinks and food to keep them going. Although the mercury dipped slightly during the night and early morning hours, every harrier was comfortable until 5:00 a.m. when the rain started to fall. By 10 a.m., the skies cleared and at noon a large contingent of supporters was on hand for the finish. The team marked the finish with a victory lap.

YOU'VE GOT a long-awaited day off, and you decide to spend it fishing. It's more than possible that the bed you slept on the night before, the rod and reel you use to catch the big one, the cold cuts in your picnic lunch, or the candy tucked in your tackle box are products made by industries receiving loans from the New York Job Development Authority.

Scores of product lines are represented in the list of firms to which the New York JDA has granted or approved 462 loans totaling \$61,296,296 since the program began in 1962. Significantly, these expansions, total estimated project costs of which exceed \$200 million, are estimated to have created 18,500 new jobs in the Empire State, and saved an additional 6,300.

JDA loans are a primary source of governmental financial assistance to business in the State. Made through local, nonprofit industrial development corporations, they are available for construction, acquisition, expansion or rehabilitation of industrial facilities. JDA loans are available at attractive interest rate on second mortgages up to 30 percent of the cost of land and buildings.

The JDA earlier this year completed the sale of a \$45 million bond issue, \$33 million of which will be applied to the retirement of bond anticipation notes, and the balance loaned at a 6-1/2 percent interest rate.

Thus far in 1971, it has approved 35 loans, totaling \$6,309,886. The projects which these loans are assisting have

a total cost of \$21,150,000. It is estimated that after a year of operation under these projects, 1,650 jobs will have been created or saved.

State Commerce Commissioner Neal L. Moylan has expressed confidence that with the new bond sale, JDA will play an increasingly important role in what he termed "... the vital undertaking of creating more and better jobs for the citizens of New York State."

Commissioner Moylan is chairman of the JDA and Peter J. Brennan, president of the Building and Construction Trades Council of New York State and vice president of the New York State AFL-CIO, is vice chairman.

Fund which sends our swimmers abroad for needed Olympic training experience. Swimming will start at noon on Friday at the High School pool and run continuously for 24 hours.

These Swimming Hall of Fame Swim-A-Thons being organized throughout the country, consist of hundreds of young people and adults swimming as far as they can with local neighbors, relatives and merchants and other civic-minded citizens putting up anywhere from 2¢ to \$50 per 25-yard pool length that the participant can swim. If a little 8-year old comes knocking at your door, remember, he's going to do the work and you merely get your 2¢ worth. After the swim on the 26th and 27th, he will be back to collect.

By National Swim-A-Thon Rules, the swimmer is limited to 200 lengths or 2 hours in the water, whichever comes first. 70% of the money goes to the Men's Association to be used for urgently needed equipment. Tops on the list is a closed circuit television. 20% goes to support the International Swimming Hall of Fame; 5% to the International Travel Fund; and 5% to the Delmar Dolphins AAU Swim Team.

The BCHS Men's Association has set a goal of at least \$8,000.00 and needs your support to do it!

THANKSGIVING DAY services will be attended by Christian Scientists throughout the area.

The service at First Church of Christ, Scientist, 555 Delaware Ave., Delmar, which is open to the public, is scheduled for Thursday, Nov. 25, at 11:00 A.M.

Hymns of gratitude are a traditional part of the service. One of the hymns to be sung includes the verse:

"This is the day the Lord hath made; be glad, give thanks, rejoice; stand in his presence unafraid, in praise lift up your voice."

Other music for the occasion will include a solo which will be sung by Miss Rae Kaplan accompanied by the organist, Mrs. Jeanne Gavaletz.

A distinctive aspect of the annual Christian Science Thanksgiving service is the individual expression of gratitude by members of the congregation. No collections are taken.

"To those leaning on the sustaining infinite, today is big with blessings," one of the citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states.

The service, which will be conducted by John W. Givens, the First Reader, and Mrs. Mildred Frisbie, the Second Reader, also includes this passage from the Bible: "All things are for your sakes, that the abundant grace might through the thanksgiving of many redound to the glory of God."

Local members are inviting friends and neighbors to attend.

BETHLEHEM RECREATION
by Terry Bastian

SKI CLUB

Students in grades 6, 7 and 8 interested in joining the Middle School Ski Club may do so by going to the Recreation office in the Middle School. Membership fee is \$1.00. All trips will leave from the Bethlehem Youth Center located in the Middle School on Kenwood

Avenue. Trips will begin between 6:00-8:00 A.M. and end between 6:00-8:00 P.M. A fee of \$3.00-\$3.50 will be collected on or before Wednesday when trips are scheduled, in the Recreation office. This money will cover the cost of transportation and supervision. Additional money (\$4-\$8) will be needed at the area for tow tickets. It will be the students responsibility to notify parents of the trips they go on. Supervisors for the coming season will be, Mr. Bernard Skaskiw, Industrial Arts teacher at the Middle

Now we can give you broad car insurance.

At a compact price.

Auto insurance may never be the same around here again. Because we have something special to offer you: Auto-Rite, the policy for safe drivers.

If you have a good driving record, we think you should get something out of it... such as a lower rate for your insurance.

It's not only what you pay that'll come as a happy surprise. The real surprise is in how much

you get.

Because Auto-Rite is not the trimmed-down, minimum-coverage policy you might expect for the price. It's the opposite. It's quality insurance that can give you a full range of coverages. Liability—up to \$500,000. Collision. Fire. Theft and comprehensive. Medical payments. You can even have emergency road service.

You get another advantage: Aetna's countrywide claim service. Take our word for it, it lives up to its reputation for speed and fair play. And naturally, our agency is always here to give you personal service and attention.

Find out if you qualify for Auto-Rite. Let us quote you the facts and figures. You could be in for a happy surprise.

Wandering & Wondering . .

WE BLAME IT on the book publishers that almost all of our established authors have fallen for the directive that a novel must have explicit sex or it won't sell. To name one who has complied, just read a Frank Slaughter novel written 15 years ago and then read any of his latest.

Imagine our surprise recently when we picked up a copy of the 1967 novel by Robert Lewis, "Michel, Michel." Michel Benedek is a child whose Jewish parents have died in France at the hands of the Nazis. He was saved by a Frenchwoman, a Catholic, lovingly raised, and, against all regulations of canon law, baptized. When, at the war's end he is claimed by his aunt in Israel, the foster mother refuses to give him up — and the battle begins. For 702 pages it will tear your heart and shake you to the innermost depths of your being — and the story stands on its own — no sex is needed to keep the reader's interest. This is the type of book that should be on the high school suggested reading lists — instead of some of those now listed.

We emphatically deny that we're prudish or narrow-minded. It's just that we came across something worthwhile, something we'd like to share with you.

. . .

WHILE WE'RE ON THE SUBJECT of books, we'd like to call your attention to a local author. Warren Liddle is a farmer in Delanson, New York, who has just had published a book titled "Aesop's Fables" in verse. It was published by Riedinger and Riedinger, a Schenectady publisher. Since the publisher sent only the dust jacket and a publicity release, we can't evaluate the book because we haven't seen a copy. It could be everything the publisher claims — or, it could be . . .

. . .

IN THE COURSE OF A MONTH probably an average of 25 publications come to us through the mail. Additionally, we subscribe to some dozen others including Fortune, Holiday, Ebony, Newsweek, Time, Sports Illustrated and more — some for entertainment, many for information. Every one of them, at one time or another, will contain an article on drug abuse. One beautifully written and illustrated publication devoted entirely to the subject is: "Drug Abuse: The Chemical Cop-Out" published by Blue Cross/Blue Shield. Everything written on the subject counsels discussion between parent and child — but — we haven't found one yet that can be used as a complete reference for teaching or discussion. Maybe we're missing the point, but our reaction is the opposite: they tend to make the reader curious rather than repel him.

For instance: It is said that the habit can make it necessary for the addict to steal up to \$2000 worth of merchandise a day. Is this a repellent or a challenge? It says that Americans are spending some \$100,000,000.00 a year on marijuana; a kilo that sells for \$1 in Mexico can bring as much as \$300.00 in New Orleans. Does this repel a teenager or is it a dare to get rick quick??

Lecturers seem to fall into a similar trap — either illustrating their talks with the enormity of the business — or saying that the long-time effects of certain drugs are completely unknown.

A parent can tell a child that things hot will burn and cause pain — and here, too, the child must sometimes experience the pain before he will recognize heat as harmful. What we're trying to say is: parental teaching a great many times stimulates a desire to experience rather than deterring the child. We have read nothing on drugs that is a real text for the parent-teacher. Is there such available and how is it used?

We haven't had this problem and we pray that we never do — but we are also aware that we might not be able to cope with it if it came about.

If you know something we don't — or if you can help others who may feel as frustrated as we do — how about letting us in on it?

EVERYBODY LOVES A MYSTERY! Sure we do! This week UPS delivered a very well made cardboard carton to us which bore the following return address: A Consumer Service of Campusamp, Inc., 35 Oser Ave., Hauppauge, N.Y. 11787. On the inside narrow flaps it says: "THESE SAMPLES ARE YOURS TO USE AND ENJOY . . . THEY COME TO YOU WITH THE COMPLIMENTS OF YOUR PANEL PAK REPORTER."

First thing we did was to look up Hauppauge. It's about most equidistant north and south, east and west, right smack in the middle of Long Island.

Next, open the box — and here's an inventory of its contents:

- 1 tube Chap-ans
 - 1 pkg. Diet sugarless Fruit Gum
 - 24 Sight Saver tissues for cleaning glasses
 - 80 Alligator Baggies (Sandwich size)
 - 1 bottle (15 oz.) Ajax Cleaner
 - 2 Handi Wipes plus coupon worth 10¢
 - 4 Danka Blueberry Danish
 - 2 Choc. Carnation Instant Breakfast with 7¢ coupons
 - 1 20 oz. pkg. Punch Laundry Detergent
 - 1 1-1/2 oz. Alberto Balsam hair conditioner
 - 1 12 oz. bot. Palmolive Dishwashing Liquid
 - 1 8 oz. bot. Ajax Window Cleaner
 - Folder and order blank for UNICEF Christmas Card
 - 15¢ Coupon for Viva Towels
 - \$1 Introductory offer, World of Beauty Club Cosmetic Membership Application for buying everything
- WHOLESALE!**

- Contest entry blank
- Film Processing offer
- 10¢ coupon for purchase of Punch
- Vitamin offer
- Blank for joining Helen Taylor's Consumer Sampling Panel
- 5 Panel-Pak Gift Envelopes for friends to fill out — the friends get this gift pack and we would receive a new, different one!

That's about everything. The whole thing is a little suspect because it didn't come through the mail. We're going to fill out and mail some of the blanks just to see what happens next. There must be some kind of gimmick here and we might as well find out what it is. When we receive the replies to whatever we fill out and return, we'll tell you what happens next.

It would be interesting to know how many of you received this package and what "sucker" list was used.

We'll bet you one thing: the sender never dreamed his "gifts" would get all this publicity. If you believe this is on the up-and-up, call us and we'll tell you how to get yours, but don't blame us if it backfires!

To be continued.

BUCKED AWAY IN an inconspicuous place in a recent daily paper was a tiny news story which said that the U.S. Justice Department has awarded \$400,000.00 to Miami Beach, Florida, for a guarantee that law and order will prevail during the Democratic Convention in 1972. A similar amount will go to San Diego, California, to assure the Republicans a peaceful existence.

We believe in our Democracy wholeheartedly and we believe that our Constitution and form of government to be the best yet devised by man. What we can't believe is that our forefathers who created our two-party system ever had in mind that over 3/4 of a million dollars would be spent to help keep order during the choosing of our national candidates.

Why do political conventions have to touch off a signal to riot, plunder and murder? Used correctly, look what \$300,000.00 could do for the poor and underprivileged. With all the "thinking" men we have in this country, it is a blot on our intelligence to admit that we can solve this only through a huge expenditure of money to beef up two police departments.

OUR APOLOGY to Mrs. Alice Porter for failing to give her credit for the cover portrait of Rev. Louis Chisman. Mrs. Porter does so many fine pictures and makes them available to us for reproduction that the least we can do is acknowledge her — but sometimes we slip up. Anyway, Rev. Louis Chisman — photo by Alice Porter.

...

ISN'T OUR CONCERN whether you were pro or con the transportation Bond Issue. We are concerned about the repercussions. When the Town tax rate is increased because aid to the towns is cut, when school taxes go higher because of less aid to education — we don't want to see the Town Boards and the Boards of Education damned. It will probably happen and again we point out that our

"thinking" men are capable of performing in a rational way — economies could be put into effect that would have no influence on the amount of aid. There must be a way to bring sanity to spending on all government levels without the middle-income and low-income families being persecuted financially. If government could be forced into handling the people's money just half as carefully as the small businessman has to handle his — what a difference there'd be!
