The Spotlight CALENDAR

ABOUT THE CALENDAR

The information printed in this column is a FREE service to **Spotlight** readers. We neither charge nor receive any fee for publicizing these events. It is for this reason that we ask those who send in information to make sure that it is complete; we **cannot** (repeat: **CANNOT**) make weekly changes in running announcements.

Because the Calendar con-

denses the coming event in capsule form, it has become one of the most widely-read weekly **Spotlight** features. It was so designed to allow for more space for additional features. Therefore, organizations should **not** expect to find a duplication of facts in another place. If we were to run all of the events **twice**, we'd be cutting down on our available space and thereby defeat the whole concept.

THE CHILDREN'S Room at the Bethlehem Public Library is now full of activity with its Summer Reading Program a week under way. There is still room for more participants in not only the reading, but of lots of fun. If you have finished first grade, come

to the activity hour on Tuesday at 1:30. Those finished with second grade can come at 3:30 on Tuesday, third grade at 1:30 on Thursday, fourth and fifth grade at 3:30 on Thursday. There are storyhours for 4, 5, 6-year olds on Wednesday and Thursdays. These begin promptly at 10 and 11. Once you report on two books in the Children's Room any afternoon, from 1:30 to 4:30, you will become a frog and leap with each two books you report to a new spot, just made for frogs. We'll look forward to seeing you!

Look what we found! IN THE MAILBAG

Editor:

In your July 6 issue, you printed a letter from a group of parents concerning sex education. Their letter urged everyone to complain to the Superintendent of Schools of Bethlehem about the manner in which sex education is being taught (do they even know what is being taught and how?).

They say they are opposed to youth being informed about sex without being given a corresponding morals code. Yet it is probably parents groups like this one that are responsible for the limitation of discussion in school of sex and associated morals (teachers claim that they are not allowed to discuss this because of parent pressure).

This group of parents seems to be trying to shove sex education out of their way so they won't have to deal with it. They do this neatly by passing the buck to the schools saying they are responsible for teaching the moral aspect of sex if they are going to offer sex education. However, it would be impossible to determine what would be the proper morals to teach because of different opinions resulting from differences in values and religious backgrounds. Therefore they would again be objecting to a sex education program because of the failure to agree on a moral code to accompany such a program. I wonder how many of those who signed the letter would even be able to reach an agreement.

On the other hand these parents seem to advocate sex education as the parents' duty. Still they admit there are parents that don't discuss sex with their children. What they don't admit is that too many parents can't inform their children about sex properly or adequately. They must realize that their children are going to get their education in sex whether or not it is taught in school. The choices are simple. First children can receive a "street education" in sex learning the supposed facts of life from a magazine or friends' rumors, while picking up typical misconceptions. The other choice is to allow sex education in school where a student can obtain reliable facts about sex and V.D.

What annoys me about their letter is that these people speak without knowledge and criticize without offering realistic solutions or alternatives (if they offer any at all). They obviously didn't do any research before sounding off. For example, which of them has any first hand information on the sex education curriculum at Bethlehem schools. Also, which of them is qualified to back up the implication of their question: "What sixteen year old really needs sex?" Perhaps if they had checked with a psychologist who had studied the question they might have found the answer to be: many sixteen year olds need it.

What their letter really seems to indicate to me is that maybe they are afraid of their children becoming more educated on the subject than they are.

Sincerely,
Bob Nuzzo

MRS. JOHN W. POLLEY, chairman of the Golf Committee of Women's Organization of Normanside Country Club, has announced committees for the 24th Annual Ladies Member Guest Tournament, which will be held on Thursday, July 27.

Mrs. Lawrence B. McArthur and Mrs. Edward J. Carlton are general chairmen.

The play will be the popular 'shotgun' beginning at 8:30 A.M. Sixty-two member teams are expected to compete for trophies and prizes in the 18-hole, match play, 36 handicap limit event. Special prizes will be awarded for significant accom-

plishments such as closest to the pin, longest drive, a hole-in-one.

Normanside's Pro, Ralph Montoya, and his assistant, Peter Palmer, are assisting in coordinating the tournament.

New Scotland, New York.

In a light vein, illustrated by cartoons, the booklet explains the workings of the septic tank and cesspool in simplified fashion. It describes the bacterial action of the disposal system and what is necessary for its proper functioning.

Chief attraction in the booklet is a humanized "Willie Bacteria" who

is responsible for maintaining the efficiency of the disposal system. When the septic tank or cesspool user ignores the fact the "Willie" is working to keep the disposal system free from disease, and saturates him with an overdose of detergents, acids, lyes, caustics and other irritants, "Willie" is very unhappy, and more often than not, just stops working.

But there is a bright side to the story too, for "Willie Bacteria" has found a way to educate the septic tank or cesspool user, so that "Willie" can do his job under modern up-to-date working conditions, and prevent the fuss, mess, inconvenience, and expense of a clogged disposal system.

Wandering & Wondering . . .

AS WE LOOK BACK THROUGH the years, it seems as though Joe Guerrero has always been a part of the Bethlehem School District scene. He hasn't, of course, because he, like most of us, came, saw, liked it and stayed. But one day last week all that came to an end when he called to say, "Goodbye." He and Mrs. Guerrero were leaving to make their home in the South-land. Letters, post cards, Christmas cards, etc., should be addressed to 380A High Point Boulevard, Delray Beach, Florida.

Joe served faithfully and well in the Bethlehem Central School District; he has earned his rest, relaxation or whatever he chooses to do — and so we say, "au revoir," to Mr. and Mrs. Joseph Guerrero and wish them Godspeed and much happiness!

. . .

A COUPLE OF WEIRDOS — STORIES, THAT IS! — Then there's this very likeable lady, mother of two, whose energy for doing never seems to diminish — well, this time she did it! She and her husband agreed that she should deposit salary checks in the amount of \$400.00. So, she made out the deposit slip, picked up the bank book and went out to the car. Something distracted her attention; she laid the deposit on the car roof; then got in the car and took off. Four hours and much-hunting later, she and her husband finally found the last of the checks — they'd been widely scattered over a considerable distance along 9-W.

Our second story is about our daughter who lives out Loudonville way. She had purchased a book she was sure

we'd enjoy — when she left home she parked it on the car roof and took off. We haven't heard whether she ever found it or had to purchase a second copy. If she ever tells us, we'll pass it along.

. . .

WE DIDN'T SEE ANYONE from Delmar or the Spotlight area at the Senior Babe Ruth State Tournament — we thought perhaps there would be those who would enjoy the top quality baseball. Guess not. The crowds (in number) were excellent — the quality of some of the shouted remarks was very poor. Adults, unable to express their feelings with decent words, seem to gravitate to the indecent and uncouth. Add to this the fact that one of the worst is a member of the Capital District media.

The Tournament was a success; the games were great; the players exceptional. It was a great weekend.

. . .

THE FIRST TO ANSWER our "How Do You Buy Acreage?" was Bob Edwards who is associated with the Philip E. Roberts Realty office at 1525 Western Avenue in Albany. Bob lives on Thacher Park Road in New Salem. His answer: "Consult a realtor!" Simple, huh?

. . .

THE DEMOCRATS IN MIAMI left some things to be desired. The first slam at our intelligence came when they inserted the nonsensical "official film" into Larry O'Brien's

speech. The little we heard makes us sure that he had one of the finest talks that was ever delivered to a gathering of delegates. His theme (what little was made available to the TV viewer) seemed to be that it's time to take the lies, dishonesty, over-simplification of the truth, etc., out of politics and let a campaign stand or fall on the truth. If his advice were followed by all candidates, the next four months would come across quite differently.

Whatever greatness Mr. McGovern had prior to the convention shrank in our estimation when he supposedly told his delegates, "Give Governor Wallace a big ovation when he appears on the podium; listen to what he has to say; applaud when he finishes; then vote 'no' on everything he proposes!" The delegates did exactly that!

Governor Wallace has said for months that the Democrats can't hope to win in November with the McGovern platform. Even though we don't agree with him — and maybe we'd never vote for him (Wallace) if we had the opportunity — nevertheless, we believe that he's an intelligent, thinking politician. November will certainly tell us whether Wallace or McGovern is right.

We have to agree with those columnists who compare the meteoric rise of Mr. McGovern and his primary campaign with the Goldwater rise to the candidacy in '64. Senator Goldwater too, shunned the advice of the pros — to his woe!

At the present writing, it would seem to be a good guess that Mr. Nixon can carry many of the Southern states; Mr. Connally may deliver Texas for him; Governors Reagan and Rockefeller will try mightily in California and New York; labor could bring in Michigan; Mayor Daley may give him Illinois. It looks, at this writing, that if the election were held tomorrow it would be "no contest." It will be interesting to sit back and watch the see-saw, the maneuvering, horse-trading, sell-outs, etc., that are bound to be a part of the campaign.

Before we leave the Dems, we have to say that John Chancellor and David Brinkley are, in our opinion, as good as David and Chet. Perhaps David may have lost some of his sense of humor — but he's a bit more caustic — and perhaps politics and politicians need his brand of needling. He's very good at it!

SOME ADDITIONAL TRIVIA: We've learned some facts about model airplanes. Last Sunday, one landed on our lawn. The "pilot" was directing its flight from the big field at Bell Crossing when he let it get beyond his radio control. Fortunately, he must have had it on a slightly downward course, otherwise it wouldn't have come down until it ran out of "gas." The "pilot" was tracking his plane from the moment it went "native" and so arrived to claim his prize within minutes after the "forced" landing.

The "radio controlled" models are very expensive and when one just takes off for places unknown, it's quite a loss for the owner.

**PRELUDE BIKE RIDE TO
THE PORT OF ALBANY**

When: Sat., July 22, starting at 12:30 P.M.

Where: Mohawk-Hudson Wheelmen Bicycle Club and interested residents of Bethlehem will meet at the Bethlehem Central Middle School on Kenwood Avenue for a casual ride to the Port of Albany where the sloop Clearwater will be docked. The cyclists will attend the Ecology Fair at the Port. The entire ride is about 20 miles.

SUMMER BAND CONCERT

Director: Samuel Bozzela

When: Monday, July 24, 8:30 P.M.

Where: Bethlehem Middle School cafeteria parking circle. Admission is free.

(The audience is requested to bring either lawn chairs or blankets to provide seating accommodations.)

These two events were chosen because one represents a very "in" thing today: the bicycle, for recreation, relaxation, exercise and just plain fun. And since there is no restriction on participants, we believe quite a number of non-club cyclists may want to join this special ride. The Band Concert was chosen to show that "our town" has its own arts program and that fine music is available locally "for free."

The events included in this column are chosen exclusively from the Spotlight Calendar by a committee whose members base their selection on community need, public appeal and exceptional merit.

Community Corner, a public service column of important community events, is sponsored by the people of the
