ABOUT THE CALENDAR

The information printed in this column is a FREE service to **Spotlight** readers. We neither charge nor receive any fee for publicizing these events. It is for this reason that we ask those who send in information to make sure that it is complete; we **cannot** (repeat: CANNOT) make weekly changes in running announcements.

Because the Calendar condenses the coming event in capsule form, it has become one of the most widely-read weekly **Spotlight** features. It was so designed to allow for more space for additional features. Therefore, organizations should **not** expect to find a duplication of facts in another place. If we were to run all of the events **twice**, we'd be cutting down on our available space and thereby defeat the whole concept.

LIBRARY NOTES

THE FINAL FILM in the three-part Bethlehem Public Library mystery and suspense series will be shown Sunday, February 25, at 2 P.M. in the Large Community Room of the Library. Joan Fontaine, who won an Academy Award for her performance in this movie, and Cary Grant, star in *SUSPICION*. This film, produced by the master of suspense, Alfred Hitchcock, is one of his later works.

DO YOU HAVE an interesting or unusual collection which you would like to display in the glass cabinet near the Circulation Desk at the Bethlehem Public Library? We are continuously looking for new and fascinating exhibitions.

Please contact Mrs. D'Attilio at 439-9314 if you have something you would like to display.

BEHIND the quiet facade of the Bethlehem Public Library hums a veritable beehive of activity. The Library presents a placid face to Delaware Avenue, as most of the comings and goings occur through the parking lot entrance (which is off Borthwick Avenue).

On an average day, the Library charges out between 700 and 800 items (that's over 20,000 a month). Most of these items are books, but some of them are records, jigsaw puzzles, framed pictures, pamphlets, and filmstrips. About 200

applications for library cards are processed each month, and about 30 books are secured for borrowers from the Inter-Library Loan System in which the Library participates.

There are eleven story hours and clubs for youngsters of pre-school age through eighth grade which meet regularly in the Library—most of them weekly, a few of them bi-weekly. These usually keep the Children's Room Staff busy planning new activities for each group every time they meet.

And then there are all the people who use the Library without even checking materials out: the students doing research, challenging the Reference Staff with some of the strangest requests for information that you could imagine; the regulars who stop in to check on the Stock Market or to read the latest magazines or newspapers; the people who use the microfilm readers or the record players and headsets; and the people who come in just for a few minutes to use the photocopier or to see one of the displays. Also, there are the many local organizations which use the two community rooms for meetings—in January, for example, 40 groups used the rooms. Some days, as many as 4 organizations use the community rooms. That's a lot!

In addition to all the preceding, the Library itself frequently sponsors programs: puppet shows, film presentations, the Evening on the

Green Series in the summer, Bizarre Bazaar in the Fall, etc. All of these are well attended by members of the community.

So, you see, the Library is well used, but it isn't used to capacity, there's room for many more. If you haven't been to the Library lately, drop in and join the hum of activity yourself. We'd love to have you!

IS THERE A need for books in foreign languages at the Bethlehem Public Library?

What books in what languages do you think the Library should have available?

Please make your suggestions known to the Library. Thank you.

Funds for the scholarship are procured from the annual card party and fashion show which will be held this year on April 10, at the Nathaniel Adams Blanchard Post American Legion in Delmar.

Applications are available from guidance counselors in local high schools and from Mrs. Leslie Maercklein, Delmar, and must be returned

to Mrs. Maercklein by March 31.

SIX BETHLEHEM Central High School seniors have been named finalists in this year's nationwide National Merit Scholarship competition, and are eligible for National Merit scholarship assistance.

The six who were earlier named semi-finalists, are: James H. Cane, Mary C. Dorsey, Irene B. Faust, Ronald J. Kuivila, Renee C. Mancuso, and Philip C. Moore.

BETSY NORMILE AND TOM ROWLAND as they appeared recently in OKLAHOMA! The Slingerlands Community Players will score a first for Capital District Community Theatre when they present their production of OKLAHOMA! at the Palace Theatre in Albany on March 10. Enthusiastic response of Tri-Village audiences at BCHS prompted Evelyn Knoll, director of the Palace, to invite the Players to present an additional performance at that theatre. All seats for this single performance are reserved. Tickets at \$4.00, \$3.50 and \$3.00 are available at C.M. Grover-Stationers, L.J. Mullen Pharmacy, the Delmar Tavern, the Palace Theatre, Modern Food Market, New Scotland Avenue, Albany, and Time Center Jewelers, State Street, Schenectady. Tickets priced individually at \$3.00 are available in blocks of 25 or more at \$2.50 each. For additional information call the Palace Theatre, 465-3333.

Question:

We have never joined a church in the Tri-Village Area. What will we do when we lose a member of our family?

Answer:

A funeral service is primarily a religious experience of great spiritual significance. Its purpose is to conclude the physical existence of someone we love with the knowledge that God's will has been accomplished. At this time it is a priest, minister or rabbi to whom your family should turn. He is your logical counselor by virtue of his training and dedication.

The clergy of the Tri-Village Area are known for their compassion and understanding. Those who do not have a church affiliation will find many friends volunteering to help them select a clergyman. Our personnel are affiliated with many religious groups, we also can be helpful in this choice.

THE CATHEDRAL of All Saints will present in concert Galt MacDermot, composer of the rock musicals "Hair" and "Two Gentlemen of Verona." MacDermot will perform excerpts from both his secular and religious compositions.

Featured in the concert with the composer will be Gordon Edwards, Billy Nickels, Bernard Purdie, and Salome Bey.

The Episcopal Cathedral, located at the corner of South Swan and Elk Streets, is offering the MacDermot concert in conjunction with the celebration of its centennial year.

THE HABIMAH Theatre production of the rock opera, "Joseph and His Amazing Technicolor Dreamcoat" will

open at the Jewish Community Center on Saturday, March 18, at 8:30 P.M. The Habimah Theatre is supported by the New York State Council on the Arts.

The production, directed by Jessica Sherer, graduate drama students at SUNYA, is meant to be a way of getting teenagers interested in the life of Joseph of the Bible in a meaningful fashion so that what is learned in religious school comes alive and becomes vital in understanding the importance of the story of Joseph and his brothers today. Tickets will be on sale at the door. A workshop will be conducted by Miss Sherer following the presentation.

IT WAS A LARGE EVENING this past week as Roger Trautman and the Glenmont Liquor Store held a Wine Tasting party at the Center Inn in Glenmont. More than 100 of the area's wine connoisseurs and those who would like to know more about the world's fine wines were present and stayed to enjoy. In the top picture, guests serve themselves and gather in small groups to indulge in some small talk. In the bottom picture, Roger Trautman pours as Center Inn manager Rick Knight watches.

THE HEAD OF New York State's organized school administrators supports a national proposal to upgrade training of principals.

Dr. Rowland H. Ross of Delmar, executive director of the School Administrators Association of New York State (SAANYS) said his group endorses the idea recently advanced by the Academy for Educational Development of Washington, D.C.

The plan involves re-training 1,000 school principals so they can better reform the nation's schools. Schoolmen involved in the experimental

LAST FRIDAY, BCHS taught Niskayuna the art of playing basketball to the tune of 72-53 as Mark Eckhardt (shooting in top picture) scored 36 points for the local team. At the same time, R-C-S was doing about the same for Ballston Spa: the final score was 69-53. High scorer for Ravena was Lee Miller (bottom picture above) who led with 25. In Jim Fuller's shot, he pulls away from a Ballston crowd to sink one from 'way out.

Ross. "The team concept for better school management utilizes the talents of many board of education, chief school officers, supervisors, central office administrators, and the building principals," he explained.

Dr. Ross referred to the principals as "the man on the firing line" and pointed out that his knowledge and expertise should be tapped to greater degree in school management."

"A training program such as that proposed by the Aca-

demy for Educational Development would sharpen and update the principal's administrative skill so that he could do an even better job on the team," he said.

RALPH ATWOOD, Delmar Place, Delmar, is a volunteer driver for the Albany Area Chapter, American Red Cross, and transports children and adults to community health and educational facilities for needed care and treatment.

He drives Mondays and takes individuals to places like local hospitals, speech and hearing center, Association of the Blind, Association for Retarded Children and the Cerebral Palsy Treatment facility. In all, the Chapter's Motor Unit made over 26,000 individual pick-ups and returns last year, covering 175,000 miles.

Ralph has been driving for 3 years with the Chapter's Motor Unit, which began in 1941 with just one station wagon and a few volunteers. Today, this all volunteer program is manned by 60 volunteer drivers. Another 7 officers of the day schedule appointment and assign drivers for each request; much like a taxi cab dispatcher.

**"The Best Meat
on the Block"**

Ralph formerly worked for Mobil Oil Corp. in Albany. He wanted to stay active in retirement and began his volunteer work because it seemed like a worthy cause.

"Providing transportation is a helpful service for people who have problems", "and it does as much for me as for the people I drive."

Many of the Motor Unit drivers come from the Delmar-Bethlehem Area. They include: Albert Beckmann, Edward J. Broderick, Jr., J. Wallace Campbell, Carlton Gordon, Raymond Haight, John Haker, Mrs. Hugh Maclean, Martin Silver, Mrs. Conrod Spuck, Herbert Swane, Edgar Vail, James Voorhees, and Mr. and Mrs. George Walker.

The need for volunteer drivers is constant. Most of the drivers serve seasonally and usually drive once a week. There is a need for more drivers to fill in during vacations and sick days. The need for additional volunteers is even more acute this year since the Chapter purchased an additional station wagon to better meet the growing requests for transportation.

The Chapter now owns seven station wagons, all purchased in volume by the National Red Cross at considerable savings. In addition to providing the vehicles, the Chapter houses the Motor Unit and performs administrative services.

Wandering & Wondering . . .

"DUKE ELLINGTON . . . We Love You Madly!" For weeks we had looked forward to what should have been the highlight of this very mediocre TV season. Here is a man who is a legend in his own lifetime, a man who has given the world more than 2,000 musical masterpieces. Therefore, this tribute should have been one of the greatest television programs ever. And what was it? To put it mildly, it was horrible. Only four of the "mad" lovers of the Duke had respect or love for his great contributions to music: Louis Belson, Sammy Davis, Jr., Count Basie and President Nixon. (The president's part in the program was an old film segment of the presentation of the highest civilian award to the Duke.)

The others who were supposed to love the Duke madly and only succeeded in one of the biggest "put-downs" in history included: Peggy Lee, Ray Charles, Roberta Flack, Aretha Franklin, Sarah Vaughn, Chicago (really bad!), Billy Eckstine, Paula Kelly and Joe Williams.

After 1-1/2 hours of madness, the Duke finally appeared and did 8 minutes of his more famous and familiar songs with the Ellington orchestra augmented to four or five times its normal size and led by Quincy Jones.

Eight minutes of the real Ellington was hardly worth the agony of the rest no matter how "madly" they may love the lovable Duke.

PAGE A PSYCHIATRIST! We have a four-year-old grandson who has a 'way above average IQ and therefore learns easily, feels deeply and is an all-around joy to be with. Once in a while he or his little brother will ask that the TV be turned on in the morning so they can watch the old reruns of "Fury." Such was the case one morning last week. Everything went okay until the story climax: a fire involving Fury and the entire cast. At one point the billows of smoke were almost blanking out the rest of the picture — and there was our grandson very seriously trying to push and brush away the smoke that hadn't left the boob-tube!

And the psychologists try to make us believe that a child's reaction to a situation on TV is only superficial?!

Ordinarily we wouldn't consider "Fury" as ob-

ARVIS CHALMERS: "Sam Stratton For Governor!" — We had a personal letter from Congressman Stratton and his wife, Joan, which reminded us that Capitol Newspapers' Arvis Chalmers is of the opinion that Sam may be a candidate for Governor of NYS in the '74 election. We sincerely hope that Mr. Chalmers' political expertise is correct!

DID YOU HEAR OR READ the statement of the Consumers' Union representative at the hearing on Gov. Rockefeller's tough drug bill? He advocates legalizing nearly all of the so-called "hard" drugs, making them **easy** and **cheap** for addicts to buy. His concept that the illegal drug traffic would be destroyed probably has some merit. His conclusion that addicts should be allowed to legally purchase hard drugs is reached by the argument that the legalized products would be top quality and cheap.

We're sure there must be a fallacy in the argument somewhere — but how to poke holes without some out-of-this-world, crazy comparison!

We still believe that the profit has to be eliminated first — in either legal or illegal sales — and when there's no longer profit in selling an item, it disappears from the market. Life sentences for pushers will result in the "big" guys either not being bothered because they split the profit with the enforcers — or our jails will be filled with teenagers who pushed just enough to supply money for their "habit." We are **not** condoning the activity of the "little" pusher — but if the big ones were eliminated, the little guys would also disappear. Life imprisonment for these high schoolers? Maybe it's what they deserve — but not so long as Mr. Big goes on and on. For every teenager convicted, Mr. Big would find two more.

With the billions of dollars spent each year by town, city, county, state, federal governments, it would seem that some committee or group somewhere could come up with a solution to the drug problem.

Be prepared for a friend.

Your Friends and Neighbors at Atlantic Cement in Ravenna support Scouting at every level. We believe that Scouting is worth our time . . . and yours.

Did you know that most boys who get themselves in trouble say they don't have a single friend they can talk things over with — and don't know how to go about getting one? Did you know that every year, Scouting takes more than a million kids to a place that almost guarantees they'll find a friend? That it's known as "camp."

Did you know that Scouting also has a drug prevention program all its own? That Scouting has one of the most effective antipollution programs going? That new Scouting merit badges include Computers, Environmental Science, Atomic Energy, Space Exploration, and Citizenship in the World?

Did you know that when we asked boys what they thought was most fun about Scouting, they said hiking and camping outdoors? But when we asked them what they thought was most important about Scouting, they said ". . . to help you be prepared for life."

Did you know that for every boy in Scouting there's another boy who'd like to be, but can't? And that the reason most of them can't is that no adult in the neighborhood thinks Scouting's worth the time?

If you don't think Scouting's worth your time, you don't know enough about Scouting.

Even if you can spare just one hour a week, you can get involved in Scouting. Find out more. Write: Gov. Clinton Scout Council, Loudonville, New York 12211.

And it would seem that some of our college professors who are always grabbing the headlines with a solution to some real or imagined social ill, might also give drugs their attention.

Or isn't there any really sincere effort being made?

WE CAUSED A MINOR STAMPEDE last spring with an announcement that Roger Trautman (Glenmont Liquor Store, Town Squire Shopping Center) would open a simply marvelous campground back of Rensselaerville. It never did open because of those torrential spring rains last year that made it impossible to work on it. Every time a heavy truck or bulldozer tried to accomplish part of the work, it sank in the mud.

We're glad to be able to announce that **Thunderhill** will absolutely open this spring — probably in April. We'll have complete details just as soon as the date is set.

As soon as it's open we know that hundreds of our readers will want to drive up there and see the marvelous job that has been done.

Please **don't** drive up there or try to get in until we give you the "word." We don't want to cause the same panic all over again.

...

TWENTY-FIVE OR MORE YEARS AGO there was an elderly man in Albany who would write cards, certificates — anything that required fancy, script type — and he'd do it for his customers as they stood and waited. In winter, he'd set up his portable table and chair in a downtown bank lobby; in summer, you could always find him in the shade of a tall building. We were sure the art had died with the many many years ago. Then last week we had a letter from our friend, John Hall Blackburn, of Van Wies Point — and we discovered that somewhere along the way he'd not only picked up the art but practices it. Look at the reduced reproduction of the envelope our letter came in and you'll see what we mean.

Many long years ago when our oldest daughter, Kathy, went to the Albany Academy for Girls, we used to have some great times with John when we'd meet at the school's Fathers' Association get-togethers. Not many will remember, but in those days, the name Blackburn was synonymous with home heating fuel and the company was one of the largest and finest in Albany.

Every year as the days grow a little longer, baseball buffs from 8 to 80 start feeling the effects of a funny virus called Baseball Fever. It's at this time of year that presidents of local Little Leagues around the world start looking for Registration Applications. When they're found, dates, times and a place are picked to register those little baseball beavers from 8 to 12 years old. When these future stars sign up they **must** be accompanied by a parent and those not previously registered must have proof of age. Thus, for the next three Saturdays Tri-Village boys will have the opportunity to join and become a part of one of the greatest summer activities ever created.
