Why is it that when you run into someone who's just bursting with gossip, he's in the phone booth you're waiting for?

If a thing goes without saying, then let it.

It's easy to find a parking space. Just circle the block four times, put the car in a parking lot, look again — and there it is.

We hear Hollywood is in such money trouble that if they filmed Snow White and the Seven Dwarfs today, they'd use Mickey Rooney and six mirrors.

ABOUT THE CALENDAR

The information printed in this column is a FREE service to **Spotlight** readers. We neither charge nor receive any fee for publicizing these events. It is for this reason that we ask those who send in information, to make sure that it is complete; we **cannot** (repeat: CANNOT) make weekly changes in running announcements.

Because the Calendar condenses the coming event in capsule form, it has become one of the most widely-read weekly **Spotlight** features. It was so designed to allow for more space for additional features. Therefore, organizations should **not** expect to find a duplication of facts in another place. If we were to run all of the events **twice**, we'd be cutting down on our available space and thereby defeat the whole concept.

ST. THOMAS' school has begun a series of mini-courses for grades 1 through 5. In this first series the children could choose the course that most interested them from these five courses being offered: Cooking, Watercolor, Banner-making, Crewel and Singing. Each Wednesday afternoon the grade teachers conduct four of the courses and Mrs. Glenn Portmann teaches cooking. These subjects are being offered for three weeks, then

the next series, which will offer additional subjects, will continue for five weeks.

For several weeks the 6th, 7th and 8th grade students have been involved in an intramural sports program, three times a week. For the boys this consists of indoor hockey, basketball and volley ball, which the girls have been concentrating on basketball. Recently a faculty-student basketball game took place at the school with the faculty winning by one point, 39-38 the final score.

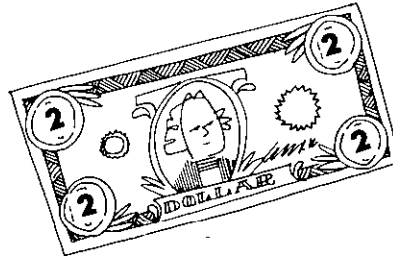

Through the Arts Center at Maryrose Academy, St. Thomas school participates in the International Film Series for children for grades 1 through 5. The children will see five films throughout the year. "The Wishing Machine" and "The Christmas Martian" have already been shown.

Beginning in March the children in grades 4 and 5 will participate in a Great Books Discussion Series. These discussion sessions will be held on Thursday mornings conducted by volunteer mothers trained for this. The children will be discussing selections from the classics and from works by such authors as LaFontaine and A.A. Milne.

THIS WINTER, the Bethlehem Central High School wrestling team completed it's finest season ever with a duel meet record of 122 over-all and an 8-1 record for first place in the Suburban Council. Losses were to Linton and Guilderland.

During the Christmas vacation the team traveled to the Tri-Valley League Christmas Tournament consisting of 17 teams, in Verona, N.Y. and took 5th place. This was a two-day affair in which the BCHS wrestlers stayed at the homes of local wrestlers overnight.

Then during the mid-winter vacation the team participated in the two day Suburban Council tournament held at Burnt Hills on one weekend and the Section II Class A

THE BETHLEHEM Central School District will observe "Music in Our Schools Day" on Thursday, March 15. On this date, all parents of pupils in Bethlehem schools and other interested persons in the community are invited to observe and participate in music instruction activities at most district schools. (Since the elementary music teachers cover more than one school, there will be no music classes that day at Slingerlands or Hamagrael. However, these parents are cordially invited

BETHLEHEM MUSIC CLASS—Pupils in Bethlehem schools regularly receive both choral and instrumental music instruction. Shown learning how to read music by playing xylophones are these Slingerlands third graders, from left, Douglas Eberle, Judy Poggi, and Tony Livoti. Their music teacher is Mrs. Virginia Spelich, who also teaches music classes at the Clarksville and Hamagrael Schools. Parents of pupils in Bethlehem schools, and other interested persons, are invited to visit music classes on Thursday, March 15, which has been designated "Music in Our Schools Day" by the Bethlehem Central Board of Education.

The following Resolution was adopted by the Bethlehem Central Board of Education at its February 28 meeting:

In recognition of the State-wide effort of music educators to emphasize the importance of music in the school program, the Bethlehem Central School District Board of Education, in conjunction with many other Board of Education across New York State, declares Thursday, March 15, 1973, as "Music in Our Schools Day." On this day, parents and other interested people are invited to visit the music classes in our schools."

DELMAR, N. Y.

Question:

What are your duties as a funeral director?

Answer:

Since the beginning of time close friends have been called upon at the time of death to carry out the necessary religious and legal requirements of burial. Our funeral establishment actually evolved from this need on the part of people to turn to someone thoroughly qualified. Although our facilities have been continually updated throughout the years, our responsibility to function as a friend has remained constant.

We are charged with arranging the details of a funeral service. Death certificates, Social Security and Veterans forms, newspaper notices, burial or transit permits, cemetery authorization forms — all are routinely processed by us.

A funeral is essentially a religious ceremony. Because of this fact we must maintain a constant awareness of the funeral policies of all religious denominations. In our present day pattern of living we furnish the place, the technical knowledge and the mobility required to assist the family and the clergyman in the proper conduct of a funeral service.

KAREN DOLID, 16-year old daughter of Mr. and Mrs. Paul Dolid of 8 Reid Place, Delmar, will be returning this summer to Belle Terre Camp for Girls, South Kortright, New York in Delaware

County for the fourth year. Karen, a Junior at Bethlehem Central Senior High School in Delmar, is enrolled as the Senior Counselor-In-Training. With her 2 summers of C.I.T. experience, certifi-

cation of swimming skills, activity in many sports including Western horsemanship, and involvement in guitar and banjo playing, Karen is preparing herself for employment as a resident summer camp counselor during her college years. She owns her own horse, Jess, who will be going to camp again with her this summer.

Since Belle Terre camp limits its enrollment and former campers may return by invitation only, the camp reports its pride in Karen's many accomplishments. At camp, Karen was elected Outstanding All-Around Camper in 1971 and Outstanding Jr. Counselor-In-Training in 1972. That year, she earned Blue Ribbon in Equitation

His topic during the lecture-workshop sponsored by the College's Peace Institute will be "Violence in American Society."

The lecture, free and open to the public, will be held in Roger Bacon Auditorium on the Siena campus.

Dr. Lewis is associate director of the five-year-old Lemberg Center for the Study of Violence at Brandeis University, Waltham, Mass.

TUESDAY, MARCH 13, is a "must see" program for members and friends of Delmar Camera Club. Harry Bagley, an active member and current print chairman of the club will offer a slide presentation entitled "Klongs and Wats." From 1965 to 1967

SGT. LEO E. DORSEY, Youth Coordinator of the Bethlehem Police Department, and Albany County District Attorney Arnold W. Proskin, discuss an informal seminar for seventh and eighth grade students at St. Thomas' School in the Town of Bethlehem. According to Sgt. Dorsey, this is the initial phase of a youth program of this type instituted jointly by the Bethlehem Police Department and the Albany County District Attorney's Office.

Mr. Bagley served as Port and Harbor Engineer designing a port and accompanying building at Sattahip, Thailand. His program is based on pictures taken in the environs of Bangkok, capital of Thailand. For most of us, this should prove a unique, once-in-a-lifetime experience.

GROSSINGERS HAS EVERYTHING: Taking a "foodoholic" to a plush Catskill resort is like escorting an alcoholic through a brewery. So, as we headed South for our midwinter vacation, my husband aired his misgivings. Could I resist the Crepes Suzettes, the Blintzes, the fruit soups and the wonderful array of desserts? I really didn't know if I could, but I resolved to try. I needed the rest and relaxation, but I didn't need to come back to 10 pounds heavier, so I tried to muster a little determination. From the moment I stepped

The girls will unload a whole barrel of fun for the benefit of the BCHS Men's Association at the High School on Tuesday, March 27, at the high school. It's all fun, especially if you buy your tickets at Mullen Pharmacy, Grover's, Gallagher's or Paul Mitchell's at \$1.25 for adults and \$1 for students. They'll be 25¢ higher at the door. Almost forgot: the losing team will be made up of members of the BCHS Men's Faculty. Poor men! Lucky men!!

Dessert time was tough, but our great waiter always managed to find me something legal like a piece of honeydew melon or a fresh grapefruit or a bunch of dark grapes, all legal on the Weight Watchers Program.

Toni' (Mrs. Richard) McGrath of Troy is directing the search for both men's and women's apparel including suits, hats, shirts, neckties, furs and shoes. She has a list of garment types and sizes but says that alterations are possible. Sportswear, business suits and afternoon dresses are needed for the most part. Wandering & Wondering . . .

NO ONE DEPLORES THE HIGH PRICES of consumer goods any more than we do. But we don't whine about them — and when it's something we can't afford, we try to substitute or wait for a better day. Yet periodically, on TV and in the printed news media, we see and read about housewives who whine and bellyache about prices, especially the choice, expensive cuts of beef. We can remember several periods during those years when we were raising our large family that hamburger, the meat loaf, the less expensive cuts of beef were all we could afford — and at that time, good hamburger was only 49¢ a lb.

So you see, it isn't the price of an article that makes it a bargain or prohibitive — it's how many dollars we have and how far they will go. We'd like to see all retail prices come down — but when they do come down, don't forget that income will also shrink — perhaps shrink even faster than the reduction of prices. That would be infinitely worse than what we now have.

* * *

THE DECREE CUTTING THOSE BILLIONS from the Federal budget with President Nixon battling a furious Congress sort of pains us too.

In 1972, governors, mayors and supervisors all begged the President to return some small part of the horrendous Federal bureaucracy to local governments and let them administer some of the failing Federal programs cheaper and more effectively at the local level. When the revenue sharing was slow in coming, these local officials berated President Nixon (mostly) and said that the only hope for local government was for them to be allowed to spend some of the Federal "fat" where it would do more good. Well, revenue sharing came about and the locals received nice slices of the juicy and tasty pie.

Congress, never seeming to know or understand that the sum of the parts still equal the whole, kept right on appropriating money for these same programs that the

local governments should now be assuming. When the President decided that the pie had only so many slices and the taxpayer was already suffering — yep, right then, Congress raised its stupid head and objected to the fact that the billions can be spent **only once**, not twice.

If you watch Channel 6 News at 6 each evening, there will be **at least** one story every night telling us how unfair it all is. People are actually complaining that taxes **aren't higher**; they are complaining that the billions are **not** being spent twice, simply because Congress said they were there to spend — when everyone, except the Congressmen, knows that if you have \$1, it cannot be spent to buy 2 one-dollar items just alike.

The whole thing gives us a rather sour-bitter taste and reminds us of the following true story in the State of New York where expedience and votes must come ahead of spending the taxpayer's dollar sensibly. This is just the reverse of the preceding story.

There's a department that for many, many years had a man whose biggest job was to set a few words in press-on type each week. When he retired, the department head replaced him (now get this!!) with two full-time men, up-graded the position and gave them fancy titles. Now there were **two** trying to find something to do. In the meantime, there was a cutback in the essential working employees so that some of the hardworking sincere people had to double-up on their productivity.

So it goes in the political arena. It seems to us that every year those in political power commit additional asinities that bring us ever closer to some kind of political evolution — or revolution.

Why?

Why is it that these over-paid, under-worked people in power keep agitating the voters? Don't they realize that suddenly, probably with no warning, a change will come — and because it will be spawned in unrest and agitation, it could be much worse than what we now have. In all probability, we'll not live to see it — but behind us are our children and our grandchildren. They may have to pay a horrible price for the Roman circus our contemporaries are running.
