# Pre-Spring SALE

*The time to think about improving your lawn is now, while you're still shivering.*

### To make your lawn sparkle this year

Simply spread a bag of Scott's TURF BUILDER on your lawn and enjoy the difference it will make. TURF BUILDER is the patented fertilizer that makes grass grow greener and sturdier. It feeds slowly, steadily, avoiding the wasteful surge growth that makes extra mowing. Keeps grass greener longer too. Pick up a bag this weekend and enjoy a lovelier lawn this year.

#### Scott's Pre-Spring Sale

15,000 sq ft (58½ lbs)	<del>14.75</del>	<b>13.25</b>
10,000 sq ft (39 lbs)	<del>10.45</del>	<b>9.45</b>
5,000 sq ft (19½ lbs)	<del>5.45</del>	<b>4.95</b>

### If your lawn needs "something extra"

You'll be pleased with Scott's SUPER TURF BUILDER. It provides even more greening power than regular Turf Builder, with no increase in weight. SUPER TURF BUILDER is just the thing for the lawn that missed its fall feeding last year. Or for the lawn you may want to green up early and get the jump on spring. A terrific bargain at these low sale prices.

#### Scott's Pre-Spring Sale

15,000 sq ft (58½ lbs)	<del>19.95</del>	<b>17.95</b>
10,000 sq ft (39 lbs)	<del>14.95</del>	<b>13.45</b>
5,000 sq ft (19½ lbs)	<del>7.95</del>	<b>7.20</b>

### To prevent crabgrass as you fertilize

If there was crabgrass in your neighborhood last year, it will likely be back this year, because its seeds are in the ground. But you can stop them *before* they get started in your lawn with Scott's HALTS PLUS For Established Lawns. It sets up a barrier which stops crabgrass seeds as they sprout. Fertilizers your good grass at the same time, making your lawn grow greener and sturdier.

#### Scott's Pre-Spring Sale

5,000 sq ft (23 lbs)	<del>14.95</del>	<b>13.95</b>
2,500 sq ft (11½ lbs)	<del>7.95</del>	<b>7.45</b>

## 20% Refund on Scott's lawn seed

## Look what we found! IN THE MAILBAG

To the Editor:

This letter concerns a serious problem that came to our attention in the Fall of last year when a neighborhood youngster was hospitalized with viral encephalitis. Further investigation prompt-

ed by the concern of several doctors in the area revealed that of five cases of viral encephalitis in Albany county, two occurred within the township of Bethlehem. In these instances the mosquito is believed to have been the carrier of the disease.

A group of concerned residents of Delmar began investigating the problem and looking for a solution in the way of an effective Mos-

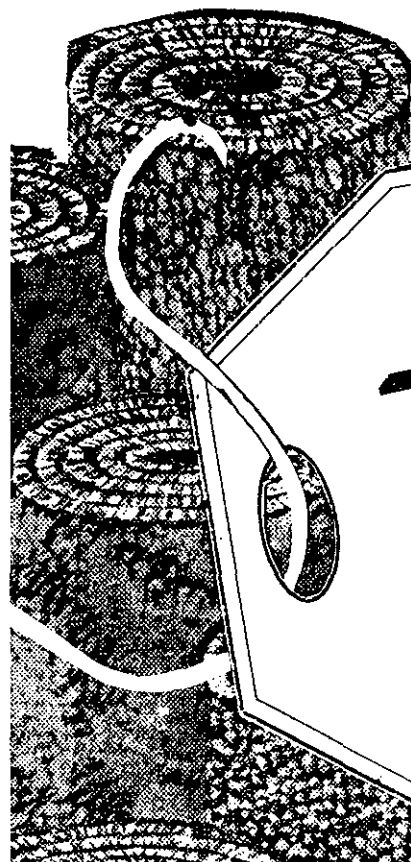

quito Control Program for the township of Bethlehem. We have been encouraged by the cooperation we have received from Supervisor Kohinke and the State Department of Public Health; but as yet there is no definitive plan for mosquito control. We are working toward the development of such a program and its effective implementation.

We should like to invite anyone interested in work-

**PRISCILLA MacDONALD**, 69 The Crossway, and James Cane, 500 Haskell Pl., have been admitted to SUNY College of Environmental Science and Forestry, Syracuse, and will begin studies there in the Fall.

**CONTRACTS FOR ALL** the booths for the Annual Future Business Leaders-Girls Athletics Association Carnival to be held on Friday, March 30, have been signed.

Mary Beth Babbitt and Kathy Farrell, the FBLA and GAA Chairmen respectively, have made booth assignments, and decorating plans are being made.

FBLA and GAA lead the list of booth leases. FBLA will sponsor the Tic-Tac-Toe, Ring Toss, Nickel Toss, and Goldfish Bowl booths, have one Basketball Throw, and the Pick-a-Pocket Clown. FBLA will also sell balloons.

GAA will direct the second Basketball Throw, have the Dart Throw and White Elephant booths, and will set up the Fun House, Cake Walk and Spoon Race. Their Pick-a-Pocket Girl will also circulate throughout the crowd selling prizes.

The Cheerleaders have rented a booth in which they will have a bake sale of goodies made by their members. The Art Club is joining the fun for the first time this year. One of their booths will have a sale of art produced by students in the art classes. The second Art Club booth will be a Paint-a-Picture booth which will provide fun by allowing each person to paint a picture which he will have

as a memento of the evening.

Oriole will have this year's Oriole pictures for sale; Chess Club's booth will be a Sponge Throw; and the Senior Class members are building the equipment to allow everyone to test his strength with the Strong Man Hammer.

This year DECA will again sell refreshments, and have the Bowling Pin and Softball Throw booths.

Key Club will provide the Coat Check. Two of its booths, the Duck Pond and the Clown Face, will be especially for the younger participants. They will have a Roll Down booth which will offer large prizes for scores under 6 and over 30, and provide prizes for all who roll the ping pong ball.

The doors open at 7 P.M. and from then until 9 P.M. the Girls' Gym and the foyer will be busy places with fun for all.

### To prevent crabgrass as you fertilize

If there was crabgrass in your neighborhood last year, it will likely be back this year, because its seeds are in the ground. But you can stop them *before* they get started in your lawn with Scotts HALTS PLUS For Established Lawns. It sets up a barrier which stops crabgrass seeds as they sprout. Fertilizers your good grass at the same time, making your lawn grow greener and sturdier.

A TOTAL OF 197 persons have spent 3,492 hours as volunteer helpers in Bethlehem schools during the first half of this school year. This is about 1,000 hours more than was put in by school volunteers during the same period of time last year, with the greatest increase at the High School.

Mrs. Joyce Strand, School Volunteer Chairman, submitted this information to the Board of Education as a mid-year report. The report also noted that more volunteers are still needed in the Glenmont, Hamagrael, and Middle Schools.

The Board of Education passed a unanimous motion of commendation for the School Volunteer Program at its March 14 meeting. Now in its eighth year, the Bethlehem Volunteer Program is one of the most extensive to be found in any public school district and it has served as a model for formation of volunteer programs in other districts.

There have been some

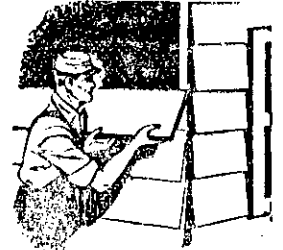

changes in individual school chairmen since the start of the 1972-73 school year, so this up-to-date list is provided for anyone who may wish to offer his or her services now:

Clarksville, chairman being sought; Delmar, Mrs. William Seyler; Elsmere, Mrs. Bert Reed and Mrs. Louis Brickman; Glenmont and Bethlehem Center, Mrs. Harold Kelp; Hamagrael, Mrs. Robert Wensley; Slingerlands, Mrs. Robert Keyes; Middle School, Mrs. Robert Foreman; and High School, Mrs. E. B. Stringham.

FOR MANY YEARS and in many ways—particularly through the School Volunteer Program—pupils in Bethlehem Central schools have been benefiting from the interest and skills of persons in the community.

In an effort to expand this enrichment of the school district's instructional program, The Office of Program De-

It is well known that in our community there are many persons with experience and knowledge in particular career fields, or who have pursued hobbies or had personal experiences that would be of great interest and educational value to pupils. Direct contact with such persons can be extremely valuable to pupils, by supplementing information available in standard educational materials.

If you can offer your services as a "human resource" — if only for one or two classroom visits a year—please fill out and return the following questionnaire. This is a good opportunity for anyone to enrich and support our local school through direct participation.

## HERE AND THERE

THE ANCIENT ART of quilting is enjoying a revival that amounts to a nationwide explosion, according to the March issue of Reader's Digest. Quilting has enormous appeal for a number of reasons: ecological—by using such leftovers as shirts, ties, towels and dresses, quilting becomes part of the recycling process; economic—quilts can last for 100 years or more; and, perhaps most valuable of all, artistic—quilts can be dazzlingly colorful in the same way that made many 20th-century artists famous. The world's record for number of pieces used in a quilt is held, supprisingly enough, by a

While most Americans agree that taxes don't go in any direction but up, few of us are aware of some of the sillier ways in which government contributes to soaring levies. Among a collection in the March Eader's Digest is this example: The Department of Housing and Urban Development (HUD) had a single 45-foot flagpole in front of its Washington headquarters. The neighboring Department of Transportation had a pair of 75-foot poles. Peeved, HUD officials had two 80-foot poles erected. Cost to taxpayers: \$26,500.

A PROPOSED increase in electric rates, designed to yield approximately \$35 million in added annual revenue, was filed with the New York State Public Service Commission today by Niagara Mohawk Power Corp., James A. O'Neill, president and chief executive officer, announced.

The filing included a request for interim rate relief of \$12 million.

O'Neill termed the increase "vital to our future plans for providing the reliable electric service to which Niagara Mohawk customers are accustomed."

O'Neill underscored the problems Niagara Mohawk

has encountered in maintaining adequate earnings levels in recent years. "Today's continuing inflationary spiral, combined with climbing wages, higher taxes and unprecedented environmental requirements, make it increasingly costly for us to conduct our business and construct facilities for future energy requirements," he said. "Most of the money needed for our huge construction program must be obtained from investors at high interest rates."

The proposed electric rates would have a greater effect

DELMAR, N. Y.

**Question:**

Are funeral expenses included in automobile insurance policies containing "medical payment" coverage?

**Answer:**

Subject to certain exceptions, funeral expenses up to the specified limits of the "medical payment" coverage — usually \$500.00 or \$1000.00 for each person — are payable upon the death of the named insured or those resident relatives of his household if death results to any one of them within one year of injury in an automobile accident. In addition, other persons not related to the insured but riding with permission in his car are likewise covered.

upon industrial and other large-use customers than upon residential customers or typical households. Overall, the annual increase for residential customers is estimated at 7.38 per cent.

Depending upon quantity of power consumed, the increase would amount to approximately 22 cents per week for average-use residential customers (about 500 kilowatt-hours per month).

The rates are subject to PSC approval and would represent an estimated overall boost of 8.38 per cent yearly in revenue from industrial, commercial and residential customers.

Affected by the rate proposal would be all 1.2 million customer's served by Niagara Mohawk in upstate New York. The firm generates and distributes electricity to 31 cities and 639 towns and villages.

New officers, elected at the recent annual dinner-dance to serve two-year terms, are: President, Mrs. Beverly Tucker; vice-president, Mr. Terry Way; secretary, Mrs. Barbara Wickwire; and treasurer, Mr. Vernon Smith.

Some years a weekend husband-and-wife tournament has been held, and Association members also encourage and support local tennis programs for youth.

The story concerns an ambitious young man and his rise in the world of big business. Scott Stringham, who plays J. Pierpont Finch, and Nancy Mullenneaux, his fiancée, are no newcomers to the stage. Miss Mullenneaux starred as Ado Annie in the re-

cent Slingerlands Players' production of "Oklahoma!" which also featured Mr. Stringham along with Steve Fallon, who plays Finch's boss, and Brad Logan, the boss' nephew. Richard Feldman, the director, and Joseph Farrell, the musical director, served in these same capacities for "Oklahoma!"

**SUMMER** in the city is great for kids if you like dirt, smog, traffic and those crowded conditions that no one can seem to avoid.

But that's not all there is. The Albany YMCA gives a boy or girl a chance to be in the out-of-doors and to discover the wonders of na-

ture that are lacking in our cities.

"YMCA camps are a special place for youngsters because it gives them an opportunity to relate to their peers through an assortment of activities while learning traditional American values," said Forbes Brown, Executive Director of the "Y".

"Often parents are of the belief that by taking their kids out for a weekend they satis-

fy the child's need for freedom and a chance to get away from the confines of home and being on the same block; playing in the same street," he said.

**PATRICK J. MCCARVILLE**, Directory Supervisor of the New York Telephone Company, has been named chairman of the two-week Phonathon Campaign to be launched by the College of Saint Rose Alumni Association, March 19-29, at the Telephone Company headquarters, Albany.

"This is one of the largest fund-raising drives ever conducted by the alumni and the first time for the phone technique," according to McCarville, who with his wife, Ann, are graduates of Saint Rose. More than 300 volunteers from the student body, faculty and area alumni groups are expected to work during the concentrated night-time calling period.

Graduate chapters in the tri-cities area, Rochester, Syracuse, Utica, and the Mohawk Valley will conduct their own calling efforts. Our aim, McCarville said, is to reach those non-givers in distant areas of the country and to re-emphasize the need for a contribution, no matter how small.

A **SPECIAL DAY** time Advanced First Aid course will be held at the Albany Area Chapter, American Red Cross starting on Wednesday, April 4 from until 5 p.m. The class will meet for four successive Wednesdays.

This is especially designed for people who have completed the Standard or Standard Multimedia First Aid course in preparation for doing First Aid in industry.

It will cover all advanced work in First Aid and will be culminated by a meeting of the group with the Heart Association during which time a special program will be given for external heart massage. Emergency childbirth will also be covered in the course. This course will be free to participants and the only re-

## Get a health checkup. Find out the lump in your throat is only emotion.

It's generally agreed that one of the best things you can do to keep yourself in good health is to have a regular health checkup.

The reason's simple. Cancer—if detected early enough—can often be cured. So even if your regular checkup does reveal a problem, in a way it's a good thing. You've probably caught it early enough to do something about it.

But the fact is, your checkup probably *won't* reveal anything serious. Most people who have regular checkups discover they're in pretty good health.

So have a checkup. And regularly. Find out you're in better shape than you think you are. It's a nice feeling.

## Wandering & Wondering . . .

**BACK IN THOSE DEAR, DEAD DAYS** of long, long ago, when we were in high school, one program stands out in our minds as we look at and read about the area prayer controversy: At every graduation we had a member of the clergy give an invocation and another a benediction. In our opinion an invocation and benediction are prayers. And last June when we attended our most recent graduation, the invocation and benediction were a part of the program. How come? If all prayers are banned from school buildings, how come?

We don't know the reason for the decision, but we understand that one of our local school administrators refused to allow student prayer meetings. This has, as usual, brought to the fore a divisive situation.

There were many high court decisions handed down during the Chief Justice Warren years that irked us no end. This was one, because it is completely inconsistent. Prayers may be said in a school building under one set of circumstances but they are forbidden under another.

It is difficult for us to see the reason for banning prayer — especially if it is sincere and might help someone through a difficult situation or day — or — if it is a prayer of thankfulness for previous blessings received. Just what kind of civilization are we to deny this right? Probably there are some carefully thought-out answers to this — if there are, we'd like to hear them.

It seems to us that our highest court found some novel ways to interpret the Constitution during the Warren days

**SOME WEEK WE'RE GOING TO DEVOTE** this column to illustrations of the decay and rot of word pronunciation and grammar. Reason: good word usage seems to be unfashionable today. For instance, time was when radio station personnel would help each other overcome queer pronunciation. Example: for some unknown reason we had a habit of pronouncing the word "just" like something halfway between "jest" and "jist." We had other idiosyncrasies but that was one of the worst.

One of the really glaring faults on local TV is the inability of so many to say "district" as in "Capitol District." The weather forecasters are the biggest criminals — it comes out "districk."

Picayune? Maybe. But because so many youngsters are influenced by so much on TV, we feel that the erosion of the language will be more rapid in the future than at present — if this is possible.

\*\*\*

**THE LARGE MEETING ROOM** of the Bethlehem Public Library had more than 30 registered players in the Bethlehem Recreation League at a meeting last Thursday night. This is the 16-60 group we've been promoting.

Sam Capone was chairman of the meeting which was

devoted to an explanation of the league objectives, uniform discussion, ways of financing and game officiating. Many of the questions remained unresolved since those attending were asked to give some thought to how the league was to operate and come prepared to make hard decisions at the next scheduled meeting set for 7 P.M., April 18, at the Library.

If the enthusiasm generated by the men at the meeting means anything, it ought to be a good season!

\* \* \*

**WE HAVE A SUGGESTION FOR THOSE HOUSEWIVES** who have the facilities and want to do a little extra work to beat the high meat prices. If you have a large freezer and some extra dollars, it can be worked like this: locally grown pig, lamb, beef and chicken are available at prices almost anyone can afford. This winter we bought a whole pig for less than 60¢ per pound. We had every imaginable cut of pork plus delicious home-smoked ham and bacon plus wonderful sausage. Then we purchased a side of beef (250 lbs. plus) and we have every kind of steak, roast, etc. There were almost 40 lbs. of the most delicious hamburger you ever tasted; soup bones for making all kinds of soups, stew beef, you name it. And all for less than 70¢ a pound.

We don't feel that we've done anything wrong — and we haven't tried to boycott anybody. We did deprive Western farmers of a few cents of income — but at the same time we helped Albany County growers; we have a better grade of really tender meat than is available in most stores.

We know that this is no solution for a great many families: they don't have the freezer room and the Delmar Freeze Locker had to close for lack of patronage. It is, however, a solution for some.

\* \* \*

**THIS PRESENT PRICE SQUEEZE** could turn out to be as drastic a rationing during World War II. Then, it was the lack of available products; today, the price has made some things almost as difficult to obtain. It was during the 40s that the Freeze Locker was built; too bad it couldn't have weathered the storm for these months ahead.

\* \* \*

**DO YOU HAVE INCOME TAX PROBLEMS?** Get a hair transplant and deduct it as a **medical expense**. That will help. Senator Proxmire did it!

How do you cast your vote to eliminate these things?

\* \* \*

**ONE MORE, THEN WE'LL QUIT!** Did you know that you no longer own your car — and you may **not** do as you please with it? Did you know, also, that **all** shopping center parking lots are a **part of the highway** instead of private property. Are you familiar with the **NYS law** that makes it a violation to leave your car running while you run in and out of a shopping center store? To break this law it is **only** necessary to step outside your car with the motor running!

Think that one over!

**Where:** Large community room at the Library in Delmar.

With the opening of its new building, the Bethlehem Public Library has diversified its services to area residents until it is one of the busiest places in the Tri-Village area. Its meeting rooms must be reserved well in advance, as demand for space is ever on the increase.

The movie this Sunday is one of the classics in the sport of boxing and stars Kirk Douglas, Marilyn Maxwell and Ruth Roman.

## ONE MORE TIME

**What:** Pancake Supper: pancakes, sausage, applesauce, coffee, tea or milk, ice cream — by the BCHS Key Club.

**When:** Thursday, March 29, 5:30-7:30 P.M.

**Where:** BCHS Cafeteria

Whether you've missed the rash of pancakes that have been served lately by organizations in the area, here is another opportunity to have a fine meal and this time you'll be helping one of the finest clubs at the high school.
