IN THE MAILBAG

Dear Sir,

On behalf of many neighbors and friends in and around Bethlehem, I wish to say "Good by" to Mr. & Mrs. Charles Lanigan & Family and to extend best wishes in all their future endeavors.

After an outstanding career in public service as Mayor of the City of Rome N.Y., then as Oneida County's first County Executive, Charles Lanigan moved his family to Colonial Acres, Glenmont, six years ago to continue public service as a member of Governor Rockefeller's cabinet and Director of State Planning Coordination.

Interested and progressive members of our community, the Lanigans were always concerned and helpful in neighborhood matters. They were also well represented in our school system. Julie, 7 yrs., is in Glenmont School. Catherine, 12 yrs., attends Bethlehem Middle School; and Valarie, 18 yrs., is graduating from BCHS this June and will enter St. Lawrence in the fall. 19 yr. old Mary Kay will be a junior at Wells College. 22 yr. old Charles III attends Syracuse Law School.

As a mother of five, Mrs. Lanigan is, of course, kept busy. She is also an antique buff frequenting all the dealers in our area; and is an avid fan of golf. She has always taken an active interest in her husband's career and genuinely likes people. This is evident. For when one meets Mrs. Lanigan, he is immediately impressed by her

We wish them well in the future. Mr. Lanigan has accepted a position as Vice President of Government Relations at the Metropolitan Life Insurance Company in Manhattan. The family will reside in Briar Cliff, N.Y.

LIBRARY NOTES

New Display

First editions of the A.A. Milne Pooh books illustrated by E. H. Shepard; a gilt-edged first edition of Lang's "Green Fairy Book"; an 1815 "Arabian Nights;" an 1807 New England Primer; and a facsimile of the horn book worn by children on a thong around the neck - these are some of the items on display at the Bethlehem Public Library during June. From the collection of Mrs. Robert Deily of Slingerlands, these first editions and facsimiles of first editions tell a tale themselves about the history of books for children in the English language. See them this month at the Bethlehem Public Library in Delmar.

The "Why" of the Purchase

Provision for the future; rising property costs; to make a dangerous corner safer and protect library users—these are some of the reasons the Bethlehem Public Library Board of Trustees is asking to acquire the property at the corner of Borthwick and Delaware Avenues, next to the Library.

Purchase price of the property which houses a store and, two apartments, is $47,500, though the Library has to ask for permission to borrow $60,000 to include unanticipated costs and site improvement. Since New York State law does not permit libraries to own rental property, only the current leases (expiring in 1975) will be honored, with rent money deposited toward purchase price and interest. The Library expects to repay the indebtedness from income over the next five years, using as much of the requested sum as is needed, at no year adding more than $13,700 for this purchase.

With this year's budget causing little change in taxes, the Library Board hopes to be able to grasp this opportunity to protect the present property.

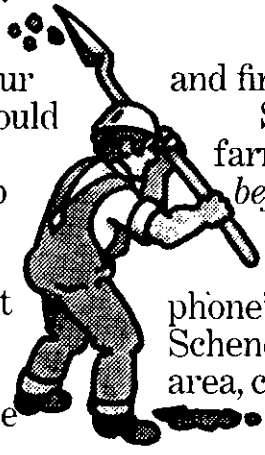
Before you break ground, call us. It'll save you (and us) a lot of grief.



If you happen to dig up one of our telephone cables by mistake, it could be a costly mistake.

It means you'd have to stop work and call us. That's bad enough.

What's even worse is that it also means a lot of people could have their phone service disrupted, including hospitals, police and fire departments.

So, if you're a contractor, farmer, welldigger, please call us *before* you start to dig.

Question:

I have several cemetery grave spaces which our family no longer needs — how do I go about selling them?

Answer:

Since we don't know the specific cemetery in which you own property we will answer your question in general. There is always a market for the sale of property in well managed cemeteries, but many factors control whether these graves may be sold or to whom they may be sold.

Basically there are two types of cemeteries — one grants a right of burial for a specific or limited time — the graves are actually rented or leased. The sale of space in this type cemetery is rigidly controlled by those who own the cemetery. In other cemeteries a deed or other legal conveyance transfers ownership. These spaces can usually be sold but they are subject to the rules, regulations and by-laws established by the owners.

Before you try to sell your cemetery property investigate the racial, religious, fraternal and veterans restrictions which apply. If you give a warranty deed to an ineligible buyer you may be involved in considerable litigation.

Art Exhibit Cancelled

The art exhibit of work done this year by pupils in Bethlehem schools—scheduled for June 4 through June 14 at the Bethlehem Public Library—has been cancelled.

District art teachers voted to cancel the annual event in accordance with a decision made by the BCTA (Bethlehem Central Teachers Association) on May 31 to reinitiate a "work to rule" policy. The BCTA took this action, meaning that teachers will not spend any time or do any work not specified in their contract, as a tactic "to speed up the negotiation process."

Negotiations on next year's contract between the Board of Education and the BCTA are now at the fact-finder stage, and the Superintendent of Schools has indicated that the Board is just as anxious as the teachers to reach settlement.

The 11-day art exhibit was to have included display of more than 300 pieces of art work, demonstrations of various art techniques taught in Bethlehem schools, and two evening music recitals.

On the 23rd, Tom Hotaling led the D.L. Movers to a 11-7 win over the Elsmerian and the following night Kaki Markel did the same as Fireside took the Curlers 11-7.

When the two Fire companies met on May 25, it was Ray Elmore, pitching for #1, who chalked up the 8-3 win. Mike Essex and Ray Elmore repeated their winning ways on the two following nights. Then, on May 31, Bob Shultes pitched Selkirk #2 to a 2-1 win over Bradt's as Mike Essex took his first loss.

Fund Drive

The Capital District Chapter Multiple Sclerosis Society under the leadership of Francis S. Rivett of Albany is currently engaged in its annual hope chest fund drive. The 1973 goal is $60,000 an increase of almost $9,000 over last year's total. The drive which extends from May 13th to June 17th is being conducted by over 6,000 local volunteer workers.

According to Mr. Rivett, "Money raised will be used to provide patient service care and for research into the cause of this chronic disabling disease." Most of the money contributed locally is retained in the Capital District area providing for local patient care. If the drive is successful this year it will mean extended and expanded service to those patients in the local area afflicted with multiple sclerosis.

Chairman Makes Appeal

Do more to "help humanity through spiritual means."

This was an appeal heard in Boston, Monday (June 4), by some 12,000 Christian Scientists from around the world, including a number from New York State.

David E. Sleeper, the new Chairman of The Christian Science Board of Directors, said at the Annual Meeting of the denomination that interest in Christian healing is growing in various countries but much more remains to be done.

"The whole human race," he said, "needs the ministering, healing, saving support of the Christ. And we can serve that Christian purpose better than we're doing."

According to Arthur R. Davies, the Committee on Publication for New York State, the five-year goal of the denomination -- increased

emphasis on spiritual healing -- is being vigorously emphasized at the local level.

A milestone in the history of The First Church of Christ, Scientist, in Boston, Massachusetts, the Annual Meeting was the first to be held after the occupancy of the new Christian Science Center by the headquarters of the denomination. The theme of the meeting was "Every Church Activity a Healing Activity."

Mr. Sleeper in this keynote address said that right in the middle of a "problem-prone, trouble-ridden society God's everpresent love and care can be known and experienced."

The world needs a "more spiritually enlightened sense of brotherhood and unity," he said. "This calls upon us all to progress in expressing the Christian qualities of Love (God) throughout our churches — more patience, gentleness, compassion, understanding. It is not enough that we talk love and equality. We must show we mean it."

Commemorative Stamp

The Northeastern Golden Hambletonian Committee working to bring the Hambletonian trotting classic to Saratoga Springs has proposed that a commemorative stamp be issued to honor the race on its Golden Anniversary in 1975.

In a letter to the Philatelic Division of the United States Postal Service, the Golden Hambletonian Committee noted that the United States have never honored the sport with such a stamp.

Even more significant of the holding of the 1975 Hambletonian in Saratoga Springs is the fact that it will commemorate the 50th Anniversary of this prestigious American Harness Racing event", the appeal says.

The Northeastern Golden Hambletonian Committee is directing the non-profit venture to bring the race to Saratoga's famed 110 year old thoroughbred race course through the sale of $5.00 medallions and certificate of admission, if it is awarded to Saratoga. The $5.00 is refundable if the event is awarded to another site. In either event, the medallion will be kept as a souvenir.

Harness horses have been the subject of postal issues of at least 11 countries, but no North American stamp has honored the sport which was developed in this country.

The earliest harness racing stamp was issued by Greece in 1896 to commemorate the first modern Olympic Games. It depicted an ancient chariot race, forerunner of the modern sport.

Since then, several nations have issued stamps honoring the sport itself or individual champions. An example is a New Zealand issue of 1970 marking the return of the great pacer, Cardigan Bay, to its native country.

Gordon Morison, Director of the Philatelic Division, told the Committee the proposal would be placed on the agenda of the Citizens' Stamp Advisory Committee for consideration.

The Navy pays off.

Now you start off at $307 a month... earn more than $340 a month in four months.

The new Navy wants the kind of men it pays off to train. So now the Navy pays off with more money. If you think you've got what it takes to make it in today's Navy, see Chief Petty Officer, Prince Wilson at U.S. Navy Recruiting Station, 74 State St., Albany, N.Y. 12207 or call him at (518) 463-3467. Find out how you can make the Navy pay off for you.

that strikes our fancies; tough to keep a tight rein on impulses rather than giving in to every whim and desire. And summertime is one of the hardest times of all.

Here we are facing graduation parties, engagement parties, showers, weddings, barbeques, cookouts, etc. and all that stands between our appetites and obesity is the resolve to stay on the Weight Watchers program. We can have macaroni salad and potato salad in moderation. We can have hot dogs and hamburgers in prescribed amounts. We can have salad (and we can bring our own dressing.) We do have to pass up the Tom Collins, the Sloe Gin Fizzes, and the beer (and to be on the safe side, we should tote our own diet soda). We definitely can have the strawberries but not the shortcake and the watermelon. It's not easy; we didn't say it was. But let's not overlook the compliments we'll get for slim trim figures - those "oohs" and "aahs" are very easy on the ears.

How & When: Mulch

Using an organic mulch such as straw, old leaves, compost, and sawdust to conserve soil moisture and suppress weed growth in the vegetable garden is a great idea, but don't apply the mulch too early in the season.

Soils this time of year are still quite cold, so wait until crops have been well established with good growth, advises Prof. Raymond Sheldrake Jr. in the Department of Vegetable Crops at the N.Y. State College of Agriculture and Life Sciences, Cornell University.

Take tomatoes, as an example. Mulching should be put off until some of the fruit have reached the size of golf balls.

Any organic mulch, if applied too early in the season, will block the sunlight from warming up the soil; thus an organic mulch can actually slow up plant growth, Sheldrake points out.

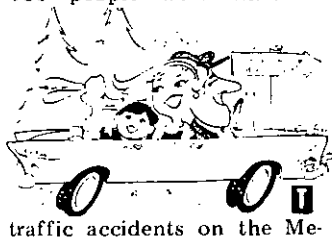
When the soil becomes fairly warm, put a two-inch layer of mulch around the base of the plant; this type of mulch also helps control a tomato disorder called blossom end rot.

Travellers Cautioned On Memorial Day Trip

Memorial Day, the first big holiday weekend of 1973, is expected to draw more Americans to the highways than ever before.

Caution, according to the National Association of Insurance Agents, should be the by-word of all weekend travellers. The agents note that short tempers due to traffic jams and crowded highways are a particular hazard. They also caution drivers to be especially careful about drinking over the weekend.

Drivers are reminded that 585 people were killed in



traffic accidents on the Memorial Day weekend in 1972.

To help make this a safer trip, the NAIA suggests the following:

- Start out later, waiting until the first rush is over is better than trying to beat it by starting out early.
- Break up the trip with frequent stops for sightseeing or coffee, it will make the trip more enjoyable for all.
- Don't overload the car. This not only saves in gas mileage and tire wear, it also saves wear and tear on the driver.
- Make sure your car is in top operating condition. Have it checked by a qualified mechanic.
- Use your safety equipment. Have everyone buckle their seat belts, front and back, and keep them buckled.

The National Association of Insurance Agents also suggests moderation upon reaching your destination. It reminds fun seekers that overdoing things can take its toll in fatigue. The return trip may put drivers under great stress as they join the crush to get home.

Day of History

Mrs. Sally Davis, publicist for the Historic Coeymans Preservation Society, has indicated that the era of the 1880s will be the theme for Tricentennial Day of History, on Saturday, June 9, at the Coeymans Civic Center.

Society members will transform the gym of the Civic Center into a home of the 1880s. An elegant dining room in the fashion of the Empire period will be on exhibit, along with a living room which will show family entertainment forms of the period — music boxes, stereopticon and phrenology. The kitchen will feature a cookstove, ice box and zinc covered work table. An original "recipe" for washing clothes will be found in the laundry room. The bedroom will consist of a rope bed with an heirloom quilt and coverlet, wash set and stand. Flowers, plants and herbs from the Hudson Valley Garden Club will be displayed throughout the rooms.

A special exhibit will be prepared by sixth grade Girl Scouts — a sculpture of the Coeymans Stone House. The Tricentennial Committee of R-C-S Junior High School, coordinated by Mrs. Charlotte Benson, will assist in various areas of exhibit.

The Society will sell reproductions of an 1865 map of Coeymans and stationery illustrating the Coeymans-Westerlo Turnpike Toll Booth, the Coeymans Castle, Baren Island, and the Coeymans Civic Center.

Day of History exhibits will be open from 11 A.M. to 4 P.M.

Country Fair

The Coeymans Hollow Country Fair of the Coeymans Tricentennial will take place on Sunday, June 10, at the Town of Coeymans Highway Building on Route 143. The Fair begins at 1 P.M. There will be refreshments as well as game booths for both children and adults. Competitive activities for the children will include wheel barrel and potato sack races, and an egg tossing contest. Ribbons will be awarded to the winners. Also, a pie-baking contest will be open to all Town of Coeymans residents. A main attraction will be the Farm Zoo located on the Fair grounds, featuring a wide variety of farm animals.

Other Fair activities include a softball game at 1:30 between Chapters of the Brothers of the Brush; horseshoes from 1:30 to 3:30; and at 4 P.M., a bucket brigade competition between three fire companies.

One of the Fair booths will display Tricentennial souvenirs, which will be sold by local Senior Citizens.

A Block Dance will be held from 7 to 11 P.M. at the Coeymans Hollow Fire House. Live music will be provided continually throughout the evening. A 50¢ donation will go toward the evening's 50-50 drawing.

Admission to the Fair is free.

Round and Square Dance

Tickets are still available for the June 15 Round and Square Dance, sponsored by the Ladies' Auxiliary of the Ravena Hose Company. Music will be provided by the "Music Makers" and refreshments will be served at 11 P.M. Tickets are $5 per person.

In Parade

Members of the Ravena Hose Company joined in a firemen's parade on June 2 in Ballston Spa. The "Hairy Hosemen" marched with their old-fashioned hose pull-cart as the Fire Belles tossed flowers to the bystanders to advertise the Tricentennial, of course. Also to bring the spirit of the Tri- into other communities, the Hairy Hosemen and the Fire Belles will have a bowling match at Del Lanes on Friday, June 22, at 7:30 P.M.

Pot Luck Supper

Following a six thirty Mass on June 4, the Altar-Rosary of St. Patrick's held its final meeting for this year. Plans for the Pot Luck Supper were discussed. The Supper will take place on Monday, August 6, at 6 P.M. at the St. Patrick's School Hall. Members of the Society will bring a variety of covered dishes for all members and their guests to enjoy.

To Be Confirmed

Mr. John F. Driscoll, Jr., son of Mr. and Mrs. John F. Driscoll, Sr., of 26 Central Avenue, Ravena, and Mr. Jeremy Hrbek, of R.D. Ravena, will be among the confirmation class of St. Stephen's Episcopal Church, Delmar, on Thursday, June 21, at 8 P.M.

Wandering & Wondering . . .

POOPEY PUPPIES PREVENT POSH PSUBURBAN PLIV-ING! We received a copy of a letter written to the Bethlehem Supervisor which expressed the feelings of many an area resident with regard to his neighbors' canine. We've had complaints of this kind of thing before but this is the first letter on the subject. Here it is — with a simulated reply from Bert:

Shoulder Place
Delmar, New York

Mr. Bert Kohinke, Supervisor
Town of Bethlehem
Delmar, New York

Dear Bert:

I wonder if you could give me a little help with Mary. You know we moved in here to the suburbs so we could get rid of that sweet, permeating smell from the boots in the shed and that occasional mess on the rugs which dropped from a cuff well filled in the barn.

Well she's mad as hell at me tonight because I traipsed some of that into the den and then she found my new double knits all splattered up to the knees with it. You see, Bert, with all the rain, I really had to break my clavicle on the lawn tonight, and that's how it happened.

It took me a half hour to scoop up those delicacies, and the ones I missed, I am a little bifocalled now, are the ones I hit foot and blade along close to dusk.

You see, Bert, I'm really upset that Mary's upset, but I'm a little bothered too that the fifteen feet I paid for and so carefully and devotedly nurse for the Town is what's causing my problems. You know, it's that fifteen feet your fellows plow into and throw stones on and make me pile neatly tied three foot bundles and judiciously filled baskets on.

That fifteen foot strip turns out to be a regular morning and evening target for local dog walkers who stand patiently while their various types wind up or whatever it is in straining deposit. Of course the neighborhood mastiffs

who have no supervision have even more capacious output, but at least they are self-guided.

Now, Bert, Mary has a three times a day illustration of regularity in her spaniel, but you know, she has made sure he knows how to share evenly among the bushes within his own fence.

Mary wouldn't deny the dogs who share — the apartment dweller, the supervising neighbor, or the let 'em run owner a response to nature's demand. But, Bert, what she would like is some instruction to be given about that famous advice on "curbing" your dog.

Now, Bert, please believe Mary is first in my thoughts, but you know, Bert, it's almost as bad when it hits the blade as when it hits the fan, particularly if it's laid there by some sheep dog or massive shepard who really belongs out there on the farm.

Poli-tickly yours,
Joe

Here's our reply:

Dear Joe:

Your problems get me right here — and my concern for Mary is uppermost in my mind as I write this. We want you to continue to live in suburbia and we want you to be reasonably happy.

We could give you a lot of suggestions for shielding your lawnmower — or going over the lawn with a poopey geiger counter — but this isn't a very good suggestion.

As unpleasant as the thought may be, there's only one solution to un-thinking neighbors. We have a justice department on Adams Street where they accept and the follow-up on problems like yours. Go there and file a complaint. I'm sure your problems will be over.

Sincerely,
Bert

PROBABLY NO ONE HAS FORGOTTEN this year's Memorial Day weekend. We hoped to have a picture record of the Elm Avenue Park opening — but between the rain mist and lack of light, the results were as poor as expected. We do have this picture of the flag raising with Supervisor Bertram E. Kohinke running up the flag as the Color Guard stands at attention — and also a shot of Master Chef John Geurtze cooking chicken for the Delmar Kiwanis Club Barbecue. The crowd was both large and hungry — and the chicken was sold out at 4 o'clock.
