## Look what we found! IN THE MAILBAG

Dear Sir:

In regard to Mrs. Elbow's letter to the Editor in the May 31 issue of the Spotlight, she is quite correct. Tri-Village Nursery School is not the only

pre-school registered with the New York State Education Department. The caption should have read: Tri-Village Nursery School is the only pre-school in the Tri-Village area registered as a "Non-Public Nursery School" with the New York State Education Department.

In the Albany-Troy-Schenectady area there are seven registered pre-schools, according to a list released by the Bureau of Child Development and Parent Education, New York State Education Department. Four are in the city of Albany, one is in Rensselaer, one in Troy, plus Tri-Village Nursery School in Delmar.

Registration as a non-public nursery school with the State Education Department is strictly on a voluntary basis. The advantages of this registration are to give recognition to schools meeting the standards of health, safety and educational requirements set by the department; to

help applicant schools evaluate their programs, equipment and materials; and to stimulate professional growth of private school teachers.

The regulations encompass all aspects of a nursery program. Includes are sections on building and facilities, fire and safety regulations, educational equipment, health, staff requirements, pupil-teacher ratio, educational program, admissions and reporting. Each of these sections set standards to be met in order for the registration to take place and to remain in effect.

Tri-Village Nursery School is a cooperative school organized and run by parents. It is now entering its 28th year in the Tri-Village area. We welcome interested parents to come and inspect our facilities and talk with us about the program offered for the children in this area.

Sincerely,  
Mrs. Maureen M. Manzella

Dear Sir:  
I would like to thank Mr. Wiggand, Mr. Metz and Mr. Hummel of the Bethlehem Rescue Squad who came to my rescue in the early morning hours of May 29. Also, my sincere thanks to the member of the Bethlehem Police De-

partment who also came. We too often neglect to show our appreciation for these services until we are in dire need.

Thanks again.

Kohinke urged all citizens, both young and young at heart, to teach, observe and practice the bicycle safety rules of the road and to promote the use of the bicycle as a practical and enjoyable form of transportation, recreation and exercise. Mr. Kohinke reports that the Bethlehem Police Department's Youth Bureau, under the direction of Sgt. Leo E. Dorsey, sponsored and directed the Bicycle Safety Program throughout the Town. Sgt. has been riding to the Communication Disorder Center daily with the Red Cross volunteers for 9 months. Since the Chapter's Motor Unit is staffed entirely by volunteers, many of who drive one day a week, Mary is usually assured of a different caller every day.

Mary's mother, Mrs. Carolyn Bing, added, "The volunteer drivers have sure been a help to me", with three other children in the house. Mrs. Bing is a police woman at the corner of Clinton Ave. and Pearl St.

Many other people are also

regularly scheduled for transportation to and from various health and educational facilities. And the requests are growing.

While the Chapter keeps its seven station wagons busy during the day, there is still a shortage of available drivers.

So that young, handicapped children like Mary Bing can continue getting the therapy required, more volunteer drivers are needed.

Individuals with a valid driver's license, some spare time, and a desire to help young people like Mary Bing

are asked to call the Albany Area Chapter, Red Cross, 462-7461 and ask for Marie Lantz.

## Question:

The veteran's marker at my grandfather's grave is almost unreadable. Is it possible to have this either repaired or replaced?

## Answer:

It is virtually impossible to have this marker repaired if it has become illegible from erosion, but under certain circumstances, it can be replaced. If you will come by our office, we will complete the forms necessary to request a replacement of this stone from the Office of Support Services.

It is the government's policy to replace all veteran's headstones that have been damaged, or that have become unsightly or illegible due to weathering. It is also the policy of the armed services to mark permanently with a stone or a bronze plaque the grave of every deceased veteran of wartime or peacetime whose last service period was terminated by death or an honorable discharge.

about how she and her husband—Two city dweller—invested in a farm and found their whole life revolving around the mystical habits of their chickens and the resultant product - the egg. As she said, "Never did she think so much could depend upon so little". They could cope with being fat during those well-clothed winter days, even under spring raincoats, but when bathing suit time came, they found there was no place to hide. They all complain about the outrageous florals or the horrible blacks in which half-size suits are made and the odd styles, all the same, with the little skirts or the little ruffles. "I always felt like an elephant in a tutu", says one of my friends. Happily, however, those days are passed for her. She's now a sweet size 14, a little round in spots, but thoroughly presentable.

## Casino Night

The Coeymans Civic Center will be transformed into a Las Vegas Casino on Saturday, June 16, for another Tri-Centennial event. Games will be set up around the center; there will be an area for dancing, and an old time saloon barroom will be in operation. The game tables will include over and under, a roulette wheel, a color wheel, black jack, dice, and bird cage. Refreshments will be available, and if you have a Tri-Centennial mug you should bring it along for the beer that will be sold for 10¢ a mug. Moderately priced mixed drinks will be sold in the saloon. Music for the evening will be provided by the Riverboat Dixie-Land Jazz Band. Admission at the door is 2 dollars per person and you must be 18 years of age and over to attend.

For the price of admission each person will receive 200 dollars of play money and one chance to be put into the lottery drum for the grand prize drawing. 100 dollars of play money can be purchased for one dollar throughout the evening, and another chance will be given with this. The grand prize is a trip to Paradise Island for 5 days and 4 nights, including transportation and hotel accommodations. Casino night will be from 8 to midnight. The Brothers of the Brush will be operating the game tables and the Tri-Centennial Belles and queen candidates will be serving for the evening.

## Fred Spencer at Rotary

An unusually and sometimes brutally frank talk by Fred Spencer at a recent Coeymans-Ravena Rotary Club meeting gave a first-hand view of the horrors of Alcoholism. Currently Director of SPARC (St. Peter's

Alcoholism Rehabilitation Center), Fred Spencer was a successful family man who drifted downward to personal lows that almost placed him in prison. Only the intercession of understanding friends helped him begin the long struggle backward to normalcy and stability.

According to Fred, alcoholism continues to be the number one drug problem in the country with almost 9,000,000 people who are victims of this affliction. As Director of SPARC he has his own personal experiences to draw on to help the more than 500 patients handled each year by this progressive and forward looking treatment center.

## Golf Tournament

The Brothers of the Brush will be holding a Tri-Centennial Golf Tournament on Saturday, June 23. The Tournament on Saturday, June 23. The tournament will begin at 7 A.M. at the Sycamore Country Club in Coeymans Hollow. Anyone interested in participating can contact Frank Nunziato.

## Two Announce Candidacy

The RCS school office announced last week that nominating petitions will be filed for Dr. James Doherty and Howard Engel for candidates for the RCS School Board. Both men are currently members of the board. There is also one board member, William Powers, who has resigned from the board since he is moving to Arizona.

On July 11, voting for the three board members will take place. However, the deadline for nominating petitions is June 27. Petitions filed must be signed by at least 25 qualified voters and must state the name of the Board Member currently holding the office.

LAST SATURDAY WAS History Day in the Town of Coeymans, a part of the 300th Anniversary Celebration. The Historic Coeymans Preservation Society, using the 1880s as the theme, transformed the gym of the Coeymans Civic Center into a beautiful piece. In the top picture, Deborah Broderick, Mrs. Carol Broderick and Mrs. Sally Davis demonstrate the workings of an old-time kitchen complete with wood-burning cook stove. The beautifully-set dining table (middle picture) is graced by Mrs. Nickole Fish, Mrs. Katherine Pape and Mrs. Barbara Perry. Mary Blaisdell and Mrs. Anthony Blaisdell show off the bedroom (bottom) complete with candles and kerosene lamp. Jim Fuller Photos

## Wandering & Wondering . . .

**BECAUSE WE ARE OF THE FIRM BELIEF** that the Elm Avenue Park is one of the finest accomplishments of our Town Board and Supervisor Bertram E. Kohinke, we feel a certain obligation to answer the following letter:

Dear Mr. Fuller:

As the parents of two small children, my husband and I were delighted to hear of the opening of our Town Park. On Memorial Day, we attended the open house.

Much to our dismay, there is no playground equipment. This means that there is still no adequate playground and we must take the children to Albany if they wish to use playground equipment. There are scattered pieces of equipment at the grade schools but nothing on the order of either Washington or Lincoln Parks.

Also, the kiddie pool area does not seem a very safe area. One of the pools has a spray emanating from four pipes sticking up from the sloped floor of the pool. There is no fence separating the kiddie area from the fifty-meter pool.

On the whole, the park looks like a delightful addition to our town. However, it does seem that we need these few additions and corrections to make it a safe place for all the citizens, including the very smallest.

Sincerely,

Carolyn M. Steadman

When we received Mrs. Steadman's letter, we immediately called our friend, J.D. Hills, Superintendent of Parks and Recreation for Bethlehem, and asked him to show us these pitfalls and inadequacies. We were fairly sure that they were non-existent or (at the most) a temporary condition.

**First, the playground equipment.** If Mrs. Steadman means see-saws, merry-go-rounds and the like — forget it! This type of playground equipment is today frowned upon by every insurance company in America. The reason is **too dangerous!** If this is what is being sought, it will still make the Albany trips a necessity. However, **safe** equipment has been ordered and is expected to arrive very soon.

What Mrs. Steadman fails to mention is the two large plots of beautiful sand provided for the small fry. We don't mean sandboxes! These are sand areas possibly 30' x 60'.

# WANDERING & WONDERING (continued)

each! Small children should have a ball shoveling, filling pails, making castles, using their own roadbuilding equipment, etc.

Furthermore, the Bethlehem Central School District has provided a playground at every elementary school. Probably there would be a greater variety if the demand for it was known — and IF it could be free of vandals. Some area districts have had to remove playground equipment because it was either partially stolen or smashed to the extent that it became useless.

We sincerely feel that the safe equipment which is on order plus the big sand areas plus a great deal of lawn plus the school playgrounds are certainly adequate. Right?

Now, the safety factor. One beautiful kiddie pool is completely finished and in use. The other is obviously not finished — and has no water for wading — this can be ascertained from some distance. The four sprayers for the "four pipes" have not come. They will be installed immediately upon arrival. Then, there is a soft doughnut-like piece which will forever keep the small fry from an accident.

Let's talk about the "missing fence." The kiddie area is completely fenced in. A 3 - 3-1/2' fence adequately separates the kiddie pool area from the diving and swimming pools. There's even a wood rail on the top of this fence to prevent a small child from being injured if he fell on the wire or fence post! The only added safety feature missing might be the blood, sweat and tears of the designer who thought of so many safety features not commonly found in like areas.

That's the end of our reply to Mrs. Steadman.

We'd like to add our own further observations. From the gate-tender to the farthest corner of the park, everyone is courteous, kind and helpful. We sympathize with the gate-keeper. In one afternoon, more than 25% of those who came had neglected to either obtain or bring with them a proof of residency in Bethlehem. This park was built by and for those who reside in Bethlehem. The cards of residency are FREE! Why should anyone try to con the gatekeeper? Let's try to do it right!

The swimming and diving pools are a swimmer's dream; the tennis courts and basketball areas are really super; the landscaping (though very new) is pleasing and will improve every day. J. D. Hills is doing a top-notch job, as are his associates and Bill Hermance is doing for the park the same high quality job he did as transportation director for BCSD.

We repeat: Elm Avenue Park Phase I is one of the finest things that ever happened in our town. It's open . . . as yours . . . have fun!

And while we're handing out plaudits, let's not forget the men who made it all possible . . . making a long-time dream come true.
