*Leisurely Living in Delmar's
first Condominium Community
plus the equity and tax deduction of home ownership*

The **charm** of early American coach houses nestled in the trees. The **peace** of meandering forest pathways — and picnic areas in the woods. The **fun** of over an acre of recreation area. Private patios. Swimming pools. And the **convenience** of having all outside maintenance looked after by professionals — leaving your leisure time for leisure. The **ease** of total electric living. And enclosed garaging.

The **financial** advantages of being a condominium community — the only way to enjoy the beauty, tax deductions and equity build-up of owning a home in Delmar without homeowner's headaches; no lawn to mow, leaves to rake or snow to shovel. Come see Woodgate for yourself. We can show you coach houses to suit any kind of lifestyle and each with a range of construction options to personalize them to the way you live.

Open daily and Sunday 10 A.M. until 6 P.M.

On Oak Road, just east of

Spotlight CALENDAR

ABOUT THE CALENDAR

The information printed in this column is a FREE service to **Spotlight** readers. We neither charge nor receive any fee for publicizing these events. It is for this reason that we ask those who send in information to make sure that it is complete; we **cannot** (repeat: CANNOT) make weekly changes in running announcements.

Because the Calendar condenses the coming event in capsule form, it has become one of the most widely-read weekly **Spotlight** features. It was so designed to allow for more space for additional features. Therefore, organizations should **not** expect to find a duplication of facts in another place. If we were to run all of the events **twice**, we'd be cutting down on our available space and thereby defeat the whole concept.

Tri-Village FISH — Call 439-3578 for voluntary service — 24 hours a day the year 'round — offered by residents of Delmar, Elsmere and Slingerlands to their neighbors in need of help in any emergency.

Bethlehem Jaycees meet second and fourth Wednesdays of the month, 8 P.M., Center Inn, 9W, Glenmont.

Welcome Wagon — Newcomers and mothers of new babies call 785-9640, Mon. thru Sat., 8:30 A.M.-6:00 P.M. so you may have a Welcome Wagon call.

**RE-ELECT
ROBERT H. RICE
Town Justice**

Robert H. Rice, an attorney for more than 30 years, seeks his second term as Town Justice. A graduate of Albany Academy, Union College, and Albany Law School, Judge Rice has served on the bench with distinction and has earned the high esteem of the Albany County Bar. He has been influential in raising the Bethlehem Town Court to its present high standards, and is deserving of your continued support.

Judge Rice has been a resident of our Town for more than 21 years, and presently resides at 88 Marlboro Road, Delmar, with his wife, Mary and family.

**RE-ELECT
BERTRAM E.
KOHINKE
Supervisor**

Bertram E. Kohinke — for re-election as Supervisor. During the past 14 years, under his stewardship, the Town of Bethlehem has become a model for suburban towns throughout New York State. He has attracted and surrounded himself with an efficient and experienced staff to handle the every-day complex business of the Town.

Bert Kohinke has grown with the concept of Good Government in Action which he helped found. He has given unstint-

ingly of his time and talent to encourage in his co-workers the same high idealism and dedication to principle that has guided him throughout his years as Chief Executive Officer of the Town. He has earned the high esteem with which he is held both in the Town and by the State Officials with whom he comes in frequent contact. He deserves your continued support.

Mr. Kohinke and his wife, Eva, reside at 16 Snowden Avenue, Elsmere.

ELECTION DAY

November 6 — Hours: 6 A.M. to 9 P.M.

Our new home in our old home town

We hope you'll be as proud of it as we are

Dear Neighbor and Customer,

Here's an artist's rendering of our new Voorheesville office now being built at 13 Maple Road (next to the Grand Union Shopping Center). Early in December we'll be closing our doors at 26 South Main Street and opening those at the new office.

We'll have all the services we've always had and more. Like a drive-in teller's window and a night depository. And we'll have a month-long open house. So keep an eye on us as we grow. Our new home in our old home town. Growing with Voorheesville. Growing in Voorheesville. We wouldn't have it any other way.

Sincerely,
Henry Goebel, Jr.

I'LL STAND ON MY RECORD

My opponent has been making statements regarding the fiscal situation in the Town of Bethlehem, most of which are half-truths born, no doubt, of fiscal ignorance on his part.

I want to say here and now, I will stand on my record and vouch for the integrity of every facet of my administration for the past 14 years.

We have not had an increase in taxes in the past 4 years, and only 67¢ per 1000 of assessed valuation per year during the 14 years I have been your Supervisor.

I match this record with those of surrounding Towns, and in the nearby Democrat-controlled city administration of Albany where only last year the taxes were increased 92%, and will be increased again this year.

I would only confuse you by quoting a lot of figures, which is just what my opponent is trying to do. But don't be misled, our fiscal records are open to you or to anyone for inspection at any time, the year around. We have nothing to hide.

All monies we receive are invested in interest-bearing investments whenever possible. They have earned \$482,667.00 for you over the years and this year will earn well over \$150,000.

During my administration we have purchased land for 2 Town Parks and 3 Parking Lots. We have built a new Town Garage for the Highway Department, and a new building for our Police Department and Town Court. We have increased services to you with free garbage collection three times a week and free pick-up of grass and leaf collections in the Summer and Fall, and free trash collections in the Spring.

Our accomplishments are too many to list here but they have all been achieved for the benefit of our residents **WITH NO INCREASE IN TAXES.**

We have a good, sound business administration and I stand on our record made possible by Good Government in Action.

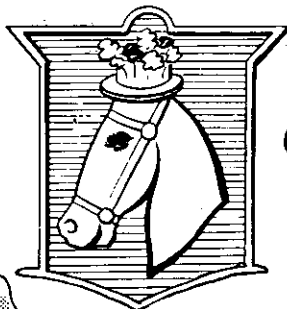

On November 6th . . . Vote Row "A" All The Way

Supervisor, Town of Bethlehem

Look what we found! IN THE MAILBAG

Dear Sir:

On Oct. 7, Michael Bergan, a candidate for Bethlehem Supervisor, appeared on television and made some statements about recreation. I did not hear all of the broadcast but I would address myself to one of his more blatant misstatements of fact. He said that it was due to the pressure of the Democratic Party in 1969 that the Town of Bethlehem instituted some efforts in starting a recreation program.

The fact is that John Oliver had initiated a summer recreation program in the late 1940's. I served on the Recreation Committee at that time.

The fact is that in the 1960's there was a recreation program conducted by the schools and partially funded by the

**MARTIN J.
CROSS, JR.**
Superintendent
of Highways

Martin J. Cross, Jr. seeks a fourth term as Superintendent of Highways, having served in the Department for 18 years. His extensive experience has contributed much to the highly efficient operation of the Highway Department, including the year-round maintenance of over 122 miles of Town roads.

He is an active member of the Selkirk Fire Department and the Bethlehem Grange.

Mr. Cross resides in Cedar Hill with his wife, Marilyn, and their six children.

Town. This program was under the supervision of Joseph Guerrero.

In 1966 and 67, Mr. Kohinke, the Town Supervisor, established a committee to select recreation sites. In the early part of 1969, at the suggestion of Mr. Kohinke, a group of interested citizens met to discuss the recreation potential. At a subsequent meeting, representatives were elected from the various areas in the community. At that meeting there was no statement from any person or group with political affiliation.

When the school district was forced to go to an austerity budget, the Town assumed the responsibility for recreation and due to Mr. Kohinke's foresight: 1) had some Town-owned basic facilities to develop; 2) arranged a written agreement to use the facilities of the School District; 3) made the transition of administration with comparative ease and without disruption of the program.

The committee has continued to function as an advisory group. To permit Mr. Bergan's statements, that give credit to the party he represents and to himself, would be a disservice to the members of the Recreation Committee who worked for the past 5 years to achieve the excellent program and facilities now under J.D. Hills' direction. Recently this committee was enlarged because of the great expansion of the program.

At no time has Mr. Bergan, ever in any way that I know

of, been present at a committee meeting or attempted to help personally. Nor has his party, as an organized group, done anything to assist the committee.

In fact, both in 1969 and at present, all we have had from him is criticism.

Mr. Kohinke has been most cooperative in the development of the Town Recreation Program. As a former recreation professional and consultant, I can say that our present program is outstanding for a community of this size in New York State due to the efforts of our volunteer committee, a dedicated recreation staff and a very supportive Town government.

Sincerely,
R. L. Carr

Dear Sir:

As a Delmar resident and Executive Deputy Commissioner of the New York State Department of Transportation, I was most interested in your column on the State Transportation Bond Issue in the October 11 issue of "The Spotlight." I am concerned that you quoted information obtained from other sources which was in error. I would be grateful if you would provide the following facts to your readers.

The proposed Transportation Bond Issue to be voted upon November 6 provides \$3.5 billion for a 10-year program for transportation capital improvements. Guaranteed in the law is the allocation of \$2.1 billion for public transportation capital projects and \$1.4 billion for highways, parkways, bike-

Town Clerk

Marian T. Camp seeks a second term as Town Clerk of the Town of Bethlehem. She has been serving in Town government for over 10 years and has amply demonstrated her ability to handle the intricate affairs of the Town Clerk's Office. Her experience qualifies her for your support for this important Town position.

Mrs. Camp has lived in the Town of Bethlehem for over 27 years and she and her family have been very active in the growth and development of the community and its civic affairs.

Mrs. Camp resides at 502 Delaware Avenue, Delmar, with her husband, Donald.

ways, and abandoned rail rights of way.

The total cost of the Bond Issue to the people of New York State is no secret — including principal and interest the cost will amount to no more than \$5.9 billion. Even at present interest rates the cost will be less than that amount. The cost to pay off the bonds, which will be sold with 10, 20 and 30-year maturities (depending upon the specific facilities to be constructed) will average out to \$145 million a year, or \$6.69 per capita, over the bonding period. The State's growing population and economy over this period are expected to produce sufficient revenues to more than make up the amount needed annually to repay the bonds without requiring a tax increase.

The \$3.5 billion from the Bond Issue, coupled with Federal aid and local participation in some projects, is expected to make possible a total of \$12.5 billion in capital projects over 10 years for improvement of transit, highways, rail and marine transportation facilities.

The Bond Issue is urgently needed to carry out transportation improvements that should be made in the immediate future if public transportation is to survive. The Bond Issue will permit us to take advantage of the newly expanded Federal assistance programs for public transportation. We need to improve and extend public transportation services and to make them more attractive, so as to attract more riders. This is particularly critical here in the Capital District.

Approval of the Bond Issue will make it possible to meet these crises. It will also provide needed funding stability so that transportation improvements can be advanced in orderly fashion rather than the stop-and-start approach we have been faced with in the past. If transportation funding is to be dependent on regular State revenues, which

fluctuate from year to year, for the solution to our transportation problems, it is likely that it will take the Legislature 20 years or more to be able to provide the same amount the bond issue will provide over a 10-year period. Such a delay will result in higher costs to carry out the same projects — \$17.4 billion rather than \$12.5 billion — because of construction cost increases over the longer period.

In addition to the capital program just discussed, upon approval of the Bond Issue there is a companion program to provide operating sub-

sidies for public transportation systems throughout the State. This will be financed from regular State revenues, not bonds, matched by local funds in areas where the transit systems operate. Using the bonds to fund the capital projects will free up regular State revenues for this assistance to public transportation.

This subsidy will meet public transportation deficits and stabilize urban bus fares at 35 cents in all areas of the State. The Capital District Transportation Authority will be able to retain its 35¢

EDWARD H. SARGENT, JR.
County Leg.
(Dist. 36)

Edward H. Sargent, Jr. — Ed seeks re-election to the Albany County Legislature based on his record. He has been a leader in the fight for the new county charter. He sponsored or co-sponsored resolutions creating the County Environmental Council, allowing Agricultural Districts to be formed, building a new county infirmary, giving support to Channel 17, requesting five-year Capital Cost plans with the

yearly budget presentation. Ed serves on the following committees: Airport, Penal, Albany County Environmental Council, Four County Solid Waste Commission, Special Committee to Investigate Cable TV for Albany County, Special Committee to Build a New County Infirmary. Ed, a professor at SUNY-Albany, and his wife Shirley, have raised four children at 15 Crannell Avenue, Elmsmere over the last 19 years.

fare despite rising costs. In addition, great strides can be made in preserving and extending service into areas like Delmar, Elsmere, and Slingerlands.

Cost and other data on the Bond Issue have been extensively publicized in our widely distributed booklet, "Facts About the Transportation Bond Issue, Proposition One." A copy is enclosed and your readers may obtain copies by writing to "Bond Facts," New York State Department of Transportation, 1220 Washington Avenue, Albany, New York 12226. Several other pieces of literature on the Bond Issue and projects it would permit funding are also available, such as the enclosed Rail Service and Bus Service folder.

Contrary to the opinion of John Galvin, President of the American Automobile Association in New York State, as quoted in your editorial, The Statewide Master Plan for Transportation, which provides guidelines for transportation development over the next two decades, is widely known and has been widely circulated.

It was prepared with extensive involvement by local agencies and citizens throughout the State. It was widely publicized when a preliminary draft was released and distributed in 1972. Public hearings and numerous other meetings and discussions with citizens groups and agencies and organizations were held in every area of the State over more than a year to help in preparing the final plan report. That final version was approved by Governor Rockefeller this past June. It has been cited by the U.S. Department of Transportation and has been used nationwide as a model by many other states.

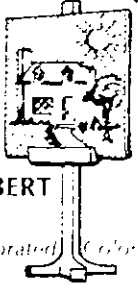

Those whose interest is only in highway transportation seem to oppose the Master Plan because of its emphasis on the improvement of public transportation rather

Dear Friends,

On November 6 you will be going to the polls to select representatives for local government. In 1989 you elected me as your Councilman on the town board. I have worked very hard to prove myself worthy of that support.

At present I am a candidate for re-election as your town councilman. It would be a privilege to serve another term in your behalf.

IF RE-ELECTED I PLEDGE -

1. to continue my vigorous work to improve town government.
2. to continue to work to make the town a better place in which to live.
3. to listen and react to suggestions and criticisms.

Re-elect Angelo Rosato

than being solely highway oriented. The 10-year program will implement the first phase of the Master Plan, so it likewise emphasizes public transportation, while at the same time meeting the priority needs of other transportation modes. With the current fuel crisis, that is bound to worsen, and the need to lessen environmental pollution, it is shortsighted to oppose alternatives to expanded use of the private car.

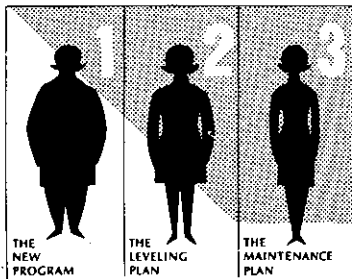

In your column you take exception to a proposal alleged to be in the Master Plan, apparently Mr. Galvin claimed that it proposed that the State takeover local zoning. This is not in the Master Plan nor does it have any relation to the Bond Issue. Our Department has neither the desire nor the power for such a takeover. Our interest is in better coordinating land use planning and development with transportation so that the 2 go hand in hand. I fail to see how anyone can oppose coordinating the two. Your own columns have noted the need that Bethlehem Downs and transportation improvements to serve it be coordinated. This is only an isolated and small, but local, example that can be multiplied many fold across the State. Obviously we would like to have local decisions on shopping centers, industrial developments, etc. take into account their transportation impacts and that they be considered in the decision process.

We appreciate your interest in providing the people of the Tri-Village area information on public issues and thank you for whatever use you make of this letter.

Sincerely,
John K. Mladinov

About A Nature Trail

Most people don't know it, but there is a nature trail behind the Elsmere Elementary School. It was started so that students could have outdoor classes in ecology, conservation, observing animal habitat, and plant life.

At this time the trail is in its beginning stages and needs much further work. Among the things that need to be done are, clearing the main trail, building new log steps; covering the trail with wood chips, and clearing an area and building benches for a bird watch station.

During the next four weeks there will be a program for improving and expanding the facilities of the trail so that it may be used to its full potential next spring. If any person or group is interested in volunteering time and/or services, please call John Howell 439-1464 or Mrs. Jan Short 439-6435.

School Emblem Contest

Glenmont School's PTA has been very busy organizing and sponsoring a contest to evoke total participation of all students, hence creating lots of school enthusiasm.

They have succeeded! The contest to design a school emblem to be used on all personalized items to be sold in

their forthcoming project, a school store, was carried out the first two weeks of October and the winner has been announced. She is Randi Frank, a fifth grade pupil of Mrs. Wiltsey.

Runner-up in the contest was Sally Sherman, a fourth grade pupil of Miss Marcia Pardoe. Her entry was entitled "Glenmont Gophers."

5th & 6th Grade Cross-Country Meets

In order to promote running as an excellent method of maintaining fitness the Physical Education Department is sponsoring some

Cross-Country runs at half-time of the home football games. The first 15 finishers in each group are presented ribbons or certificates.

Our thanks to members of the varsity Cross-Country team for their help in conducting these events. The 5th & 6th grade boys and girls meet was held on October 13 and about 200 runners competed. The top finishers were:

5th Grade Girls: Deborah Kleinke, Rebecca Horn, Kim Meinert, Susan Goodrich, Mary Howell, Susan McMillen, Kelly Fitzgerald, Randi Frank, Lynne Daley, Mary Degnan, Patricia Malone, Carol Van Hoesen, Tracy Palmer, Tracy Whiting, Laura Green, Sharon Malsan.

In the last 3 years, more than 1/4 million people have switched over to Satellite. This year we want to win you over.

We've got a lot of ways to win you over to a '74 Plymouth Satellite. Maybe it's the way it looks. Or the fact that Satellite carries as many people as a big car, yet handles like a mid-size. Or our electronic ignition might win you

over. It virtually eliminates tune-ups and helps spark plugs to last as much as 18,000 miles before replacement. Or the clincher might be that Satellite runs on regular fuel. This year, we want to win you over. So c'mon in.

The Elsmere Volunteer Fire Company opened its annual donation drive with a house to house canvas on October 7, 1973.

Since this was a holiday week-end, many people were not at home and consequently could not be contacted.

The Committee Chairman has requested that those who were not contacted directly may still contribute by mailing their donation to the firehouse on Poplar Drive.

New Wind Blowing in Bethlehem

The Democratic Party of Bethlehem has just become incorporated as a separate political entity with a charter from the State of New York granted October 16. This is not just a symbolic act of independence but gives Democrats in the Town of Bethlehem the power to write their own by-laws, elect their chairman and committeemen and in general open the party organization to more active participation by all members, instead of continuing an as adjunct of the Democratic Party of Albany.

The 1973 Democratic campaign is marked by new trends in Bethlehem:

(1) The candidates are asserting their independence and opposition to machine control and their determination to make Town government responsive to the people they represent.

(2) Campaign funds are sought from many small contributors rather than a powerful few.

(Cont. on page 35)

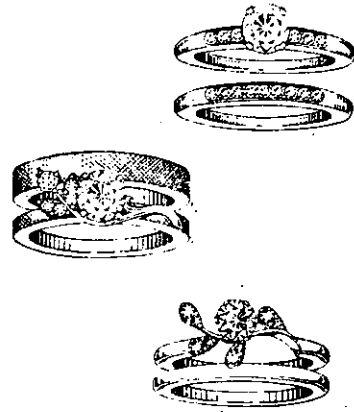

HALLOWEEN HOLLY CHECK TIME — Beginning last Saturday morning and continuing every day until Halloween, members of the Bethlehem Jaycees will be at the Grand Union, Delaware Plaza, selling Holly Checks to be given out on Halloween Night instead of the traditional "goodies." Each Holly Check is worth 5¢ and may be redeemed for candy, etc. at the Grand Union until Dec. 1. This is the way the Jaycees say, "Make it a safe Halloween this year!" 1974 Harley-Davidson X-90.

Some Big X-90 Features.

It's the only mini-bike made that carries the famous Harley-Davidson name. And here are some of the Harley-Davidson features that make it the cycle you want to ride!

1. X-90 features a 90cc 2-stroke, single cylinder oil injected engine by Harley-Davidson. And that's a lot of torque-producing power for a mini-bike! Especially when you hook it up to an easy-shifting 4-speed transmission!
2. Here's an exclusive that makes X-90 doubly useful. Fold-down handlebars! You can truck it right along to wherever you're heading in the back of a pickup, station wagon or trunk of your car.
3. And when you do hit open country, these motorcycle-type rear shocks soak up ruts and bumps.
4. The same is true of the rugged front fork. It features hydraulic dampening. That means a smoother, more comfortable ride even in really rugged country.
5. Right where it can be easily seen, a large speedometer with big numbers. You know exactly how you're doing in any gear!
6. But, that's not all! The neat angled muffler not only looks racy, it meets all U.S. Government requirements for riding on public land!

There you have it. A compact real-life adventure you can enjoy. It even has a taillight, big and bright headlight and a good sized gas tank just so you can enjoy the country more! X-90. Move on out!

IT'S NOW OFFICIAL — The Albany Area Builders Association is now a part of the National Builders Association Registered Builder Program which will allow the purchase of a new house to receive formal adjudication of any disputes concerning workmanship and materials which may arise between owner and builder. There are 14 steps in the program which apply to the formal complaints processing procedure. The new owner is presented with a booklet which specifically identifies warrantable and non-warrantable items in the house over a period of one year. Left to right, Robert D. McPeck, National Association of Homebuilders, Washington, D.C., presents the membership plaque to Kay Feily, Executive Vice President, and Ignacy Tenzyk, Vice President, Albany Area Builders Association.

Mr. Townsend, emphasized that despite the fact that there are times when the news media have severely criticized people or organizations, we must not allow ourselves to become blinded to the fact that in the long run, our nation would suffer tremendously if we were to surrender one of our most fundamental constitutional rights — freedom of the press.

Pot Luck Supper

Tri-Village FISH will hold its third Ecumenical Celebration on Sunday evening, November 4, at 5 P.M. This annual pot luck supper noting the third birthday of Tri-Village FISH will be held in the Fellowship Hall of the First United Methodist Church of Delmar. All volunteers, recipients of aid and interested people are invited to bring their families plus a casserole or salad serving eight people. Each person should provide his own sil-

verware, cup and plate as well. Reservations can be made by calling the FISH number 439-3578.

The assembled group will give thanks for the life of service to church and community of Marion Carey. Miss Carey, who was principal organizer and co-chairman of Tri-Village FISH, died on July 9. However, the spirit she gave the organization continues to motivate others.

There will be group singing and a report of FISH services to the community during the preceding year. J. Peter Walsh will be master of ceremonies. Barbara Collier and Eleanor LaBarge are co-chairmen of the supper.

Meyers Funeral Home

439-5560
DELMAR, N. Y.

Question:

What factors motivate those people who prefer cremation to burial or entombment? Does this choice alter your procedures?

Answer:

Historically cremation was either accepted or rejected as a health safeguard, as a religious or as an anti-religious custom, or as a method of disposal. Today it is the philosophy and life style of people that influence attitudes toward cremation.

Ordinarily there is nothing to distinguish a cremation funeral service from a burial funeral service except the final disposition of the body. Our procedures are adjusted to comply with instructions given to us by those we are serving. If we are told to remove a deceased person to a crematory soon after death and to dispense with a funeral service we will do so with a corresponding reduction in our charges.

of Albany County will make an historic decision as they vote on Local Law #2 which is a proposed charter for the county. The charter represents two years of effort by citizens to bring about reform and modernization of their county government.

"The charter is the first step toward good government", said Marilyn Rothstein, chairman of Citizens for a County Executive. "The charter would be far better than the present system in which the county is run by a part-time 39 member legislature. The main provision of the charter about which we are most pleased is the office of elected County Executive. It will mean at last that someone is tending the store and Albany County will finally be in step with the times."

"An example of the need for someone at the head of county government who is responsible to the people is the recent delay in obtaining \$440,000 federal revenue-sharing money because the application was not made on time. With a County Executive this kind of thing should not happen," she said.

If the vote is YES on the charter, it would become effective January 1, 1976. The County Executive and County Comptroller would be elected at the general elec-

tion in 1975 to take office January 1, 1976.

The charter must be approved in the cities of the county taken as a whole and it must be approved in the towns of the county as a whole.

Local Law #2 will appear on the ballot in the city of Albany at the bottom of the State proposition and amendments that appear on the right side of the voting machine. In the rest of the county Local Law #2 will be the last question across the top of the machine. A YES vote is a vote for the charter.

Safety Rules for Halloween

1. Keep your children in areas familiar to you and to them.
2. Instruct your children to walk only in well-lighted areas.
3. If possible, accompany your younger children.
4. Instruct your children to exercise safety when walking from house to house.
5. Check all candy and other "treats" against possible tampering.
6. Make sure your children have good vision through their masks.
7. Make sure your children have reflecting tape on dark clothing.
8. Carry a flashlight when you accompany your children.
9. Walk toward traffic on streets where there are no sidewalks.
10. Warn your children against accepting rides from strangers.

Jaycees' Charter Night

The Bethlehem Jaycees were formally chartered at a banquet held at the Center Inn on Friday, October 5. In presenting the Charter to Bethlehem Jaycee President Rick Knight, New York State Jaycee President Russell Williams forecast a bright future, with many opportunities and

many challenges for the new Chapter.

Bethlehem Supervisor Bertram Kohinke, a former Albany Jaycee, welcomed the new Jaycees and stated that he looked forward to working together with the Jaycees for the betterment of the Town.

Albany Jaycee President Robert Griffin presented a gavel to the new Chapter. David Blois and Robert Irish, co-chairmen of the Albany Jaycees Bethlehem Extension

Project, were recognized at the banquet. Representatives of other area Jaycee Chapters, as well as representatives from the Delmar Kiwanis Club and the Bethlehem Chamber of Commerce, were present.

omit one of their required slices of bread each time. True, it is only a 2/3 cup serving, but 2/3 cup is a great deal to a dieter who has given up the "forbidden food" completely. That one food is so satisfying and goes so beautifully with a variety of completely "legal" sauces and entrees.

If you want to try a really tangy treat, try spaghetti with veal sauce! To make 2 servings, use the following ingredients:

- 1 pound ground veal
- 24 ounces tomato juice
- 4 tablespoons dehydrated onion flakes
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 2 bay leaves
- 1 teaspoon minced garlic
- 4 ounces chopped scallion tops
- 1 medium green pepper, diced
- 1 cup fresh mushrooms, diced
- 1/4 teaspoon oregano
- 1 1/3 cups cooked spaghetti

Begin by cooking veal in a non-stick fry pan. Add all other ingredients except the oregano and spaghetti. Simmer approximately 1 hour. During the last 10 minutes, add oregano. Serve over cooked spaghetti. By all

means, make enough because your family will love it too!

Six Complete Course

The Farm Family Life Insurance Company has announced that six employees have successfully completed examinations in the Insurance Education Program offered by the Life Office Management Association. Gun Safety

Safe handling of guns and other hunting equipment and training in first aid can help reduce accidents, prevent injury and save lives, the American Red Cross reminds the millions of sportsmen who will be hunting wild game.

"A good hunter recognizes the possible hazards involved and takes steps to minimize them," says James Carnahan, Safety Programs Director, Red Cross. "Since a significant number of firearms accidents occur in the hunting field — far from most medical facilities — hunters should be prepared to care for themselves and their companions

in case of emergencies."

Carnahan said that while the Red Cross does not actually conduct classes in hunting safety techniques, the organization cooperates with and supports organizations which do. "Red Cross urges hunters to take every precaution to insure against fatal or serious accidents caused by firearms."

SAFE GUN STORAGE AND CARE

He recommended that when not in use, guns should be stored, unloaded in a sturdy cabinet under lock and key. Ammunition should be locked up separately from guns. Both should be kept out of the reach of children.

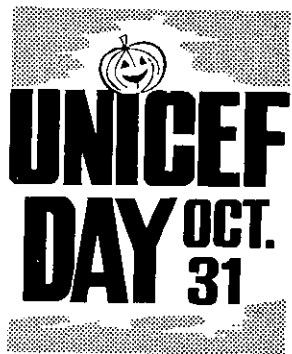

Most important items for the hunter's survival kit are maps and compass. While compasses are seldom incorrect, topographical maps also furnish important information concerning the hunting area. They may be purchased at any well-stocked sporting goods store or from the U.S. Geological Survey Map Office at 1200 S. Eads St., Arlington, Va 22202.

Carnahan says that the safety minded hunter will let someone — a friend or relative — know where he's going and when he plans to return.

ON THE HUNT

Once in an open field or in brush, hunters should walk abreast making sure no one gets out in front. Because of his tendency to swing right, a lefthanded hunter should be placed at the right end of the line.

An experienced hunter will

wait until his target is fully visible and a good shot is available before he pulls the trigger. He knows the possible consequences of an over anxious shot at movement or noise: a wounded animal wandering off to die a slow, agonizing death; or worse, a maimed or killed fellow hunter.

Carnahan urged that complete information on hunting safety be obtained through state wildlife departments, and he pointed out that local Red Cross chapters offer regular classes in first aid training.

Organic Gardening is more than a fad. It is a sound system for gardening which can provide the home gardener with an interesting hobby as well as high quality fresh vegetables during the growing season.

Home gardeners who want to know more about Organic and Companion Gardening should take advantage of the course offered at the Learn & Return Day on November 3 suggests Martha S. Brown, Albany County Cooperative Extension Home Economist. The course "Organic and Companion Gardening is designed for the home gardener interested in ecology and the desire to grow vegetables the natural way. The course includes information on how to improve your garden soil, soil Ph and nutrients, organic

vs. inorganic fertilizers, planning and planting the garden, summer care, and weed disease and insect control. The course will be taught by Mr. Alton Keller, Dutchess County Cooperative Extension Agent, Consumer Horticulture. Mr. Keller will bring a wide range of experience in organic gardening to the participants. He has been gardening organically for the past two years in a 1/2 acre vegetable garden. In addition he has taught organic gardening classes for the past three years in Oneida County and at Utica College Evening Division.

Mr. Keller received a masters degree from Clemson College, Clemson, S.C. in 1966. He was Oneida County Cooperative Extension Agent,

in Consumer and Commercial Horticulture for five years before his transfer to Dutchess County. He was a research grower for the Stafford Conservatories, Stafford Springs, Conn.

Learn & Return Day is an education program for area residents sponsored by the Cooperative Extensions in the Capital Area. Advanced registrations for Organic and Companion Gardening or one of the five other topics is necessary. The enrollment deadline is October 26. Further information on Learn & Return Day can be obtained by contacting Albany County Cooperative Extension office, Martin Road, Voorheesville, New York or phoning 765-2874.

EARLY COLOR FROM MINOR BULBS

Among spring-flowering bulbs, crocus, snowdrops, squills, and the like, known as "minor bulbs," are easy to grow.

All hardy perennials, they multiply rapidly and become beautiful each year without being replanted. One of the attributes is that they require little care and attention.

Usually in full bloom in March and early April, minor bulbs signal the end of cold winter months with a tremendous burst of color.

"They provide early display of color at a time when few other plants are in bloom," says Prof. Ernest F. Schaufler at the N.Y. State College of Agriculture and Life Sciences, Cornell University.

As with tulips, daffodils,

hyacinths, and other large spring-flowering bulbs, minor bulbs should be planted this time of year — now through the early part of December.

Schaufler pointed out that they benefit from being set in the ground early in the fall because they need time to develop their roots before the ground freezes.

With a few exceptions, most early-blooming bulbs grow only three to five inches high. To achieve a dramatic display of color, a dozen or more bulbs should be planted in informal groupings — never in rows.

The home yard offers a variety of suitable planting sites. They can be planted in front of evergreens, among flowering shrubs, or in rock-gardens, flower beds, and borders.

One advantage of planting minor bulbs is that they do

not require as much room as the late-blooming bulbs. They are planted two to three inches deep and three to four inches apart, whereas tulips, for example, should be planted six inches deep and eight inches apart. Besides, minor bulbs cost less.

"Since they thrive for years, requiring little care, minor bulbs are right for people who are looking for maintenance-free plants," Schaufler pointed out.

In addition to crocus and snowdrops, popular minor bulbs include many varieties

Wandering & Wondering . . .

JUST ONCE IN AWHILE we have so many different topics we'd like to include in this column that we don't quite know where to start — except at the beginning. So here goes!

First of all, The Garden Shoppe on the Feura Bush Road has received approval to expand its present facility to include a brand new 80' greenhouse the likes of which are not very common. This greenhouse will actually be a picture story. Instead of being the usual kind where plants are crowded together for growing — this one will be a vast area of plants on display with wide aisles and beautiful displays. Then, there'll be a new sales room, maybe 5 or 6 times the size of the present one and a shade house for display of thousands of plants for outdoor planting.

Construction on the new facility will start soon with a big grand opening celebration scheduled for some time in the spring.

Our congratulations to Jerry Jonas and Jim Howard for their foresight in seeing the need for this expanded operation here in Bethlehem.

In case you're wondering: yes, the present Garden Shoppe will be open all winter, as usual, while the construction is going on.

* * *

This column has been the vehicle for many complaints about truck traffic on our little country road. In Selkirk, truck noise has (and is) causing a great deal of annoyance as witness this release sent to us by Rich Endreny:

A watchdog citizens group concerned about excessive noise from heavy trucks was formed Wednesday, October 10. The group is called People Deserve Quiet Trucks ("PDQT") and composed of Selkirk area citizens who live in a rural-suburban community heavily used by large trucks and who thus especially suffer the ill effects of truck noise. The group will push for full applications of existing laws and techniques to quiet truck operations on public highways.

The formation meeting was held at Mr. and Mrs. Richard Endreny's home on Route 396 in Selkirk and was attended by John Blackburn, Dr. Frank Filippone, Therron Holliday, John Sigsby, Mrs. George Warner, and Nan White. A total of 19 families are currently affiliated with PDQT.

An immediate project of the group will be to inform residents in the Selkirk area of recent advances in control of noise pollution and petition for aggressive enforcement of noise control laws. The group's effort is expected to simultaneously generate active interest in enforcement of other laws intended to protect the public from careless truck operation.

The Spotlight

AND WHILE WE'RE COMPLAINING, we'd like to add this note: the two political parties in our town have nominated men to run for office who deserve the respect of our residents. Each one was nominated for a specific reason: respect for his ability to do the job if elected to office. It is our contention that these candidates should receive the respect and courtesy due them when they speak before groups throughout the town. The fact is, some members of the audience have been both disrespectful and rude. Why?

We have also heard criticism of this publication for its handling of political releases. We'd like the truth known. Every picture submitted by either party has been used; every meeting notice has appeared; every letter to the Editor has been printed; every newsworthy story has been published. In fact, the "free" space has been equally divided between the two parties. Any candidate approval you read in this column is based, not on party affiliation, but on the person and that person's ability to fill the office.

We've never delved into partisan politics, character assassination or political party endorsement — and we never will. But this is not to say that individual preference will be ignored.

* * *

THIS PROBABLY COMES ABOUT AS CLOSE to an endorsement as one can get — but it is meant to be only one person's (mine) observation of two jobs well done. Two years ago I wrote that it was my belief that Marion Camp was just about everything one could ask for in the office of Bethlehem Town Clerk. Today, we see no reason to change our opinion. Marion's been an administration of her office that is most efficient along with a ready smile and a willingness to be of extra help in just about any problem you may take to the Town Hall. If what you ask is out of her jurisdiction, she'll take the extra time to steer you in the right direction. We sincerely hope that she continues there for many years to come.

And then we turn to a man who has brought the dignity of the office of Town Justice quite a few steps higher than ever before. Over the past two years, we have seen him on the bench many times — and his every performance has been one of upholding the law — but he adds a humaness to his every act that has endeared him to the very people who had to plead before him. One way of handling a court case is to judge it solely on its law application with a completely hands-off attitude. Then there's the Judge Rice way that takes into consideration that a fine or punishment isn't all there is to it. There's also a human factor in every case that is just as important as upholding the law. And as long as every facet of the law is upheld, that extra-special touch may be the difference between breaking the law again or making a definite try to avoid a similar pitfall.

We can't sight specific cases to prove our point but this man's impeccable record is there and it stands as a singular achievement in the office he holds.

ALL ABOUT HALLOWE'EN

What: Hallowe'en Party for children AND adults.

Where: Bethlehem Coffee House, Adams St., Delmar.

When: Sat., Oct. 27 — 6:30-8:30 P.M.

All youngsters and adults in Bethlehem are invited to be guests of the Bethlehem Police Department for two hours of Hallowe'en fun. The party will include a parade, judging of costumes, cartoon movies, cider, orange drink, doughnuts, candy and lots and lots of prizes.

What: Slingerlands Fire Department Annual Hallowe'en Party.

Where: Slingerlands Fire House, New Scotland Road, Slingerlands.

When: Wed., Oct. 31 — 7 to 10 P.M.

The witches and goblins will all be there for this free party which includes movies, ducking for apples, and refreshments of cider, doughnuts and candy.

What: Annual UNICEF Drive in Delmar, Elsmere, Slingerlands, Glenmont, Clarksville and Feura Bush.

When: Sun., Oct. 28 — 2 to 9 P.M.

Youngsters from the various church groups will be collecting throughout the area. UNICEF provides maternal and child care services in needy places; they provide vaccines and equipment to produce vaccines; they provide schools and school aids. Other programs include milk processing and weaning food production equipment, and emergency aid items for natural catastrophes. UNICEF gives the American people the most direct route for touching the severe needs of persons around the world, especially the world's children.

The following are the collection points: Clarksville Community Church, Glenmont Community Church, First United Methodist Church of Delmar, Community United Methodist Church of Slingerlands, Jerusalem Reformed Church of Feura Bush, and Delmar Presbyterian Church.

Gifts may be sent directly to Rev. Thomas D. Peterson, Secretary-Treasurer of the Association, at 428 Kenwood Ave., Delmar, N.Y. 12054.

Official UNICEF boxes will be used by the children.
