### Book Sale

On Friday, June 7th, the Bethlehem Public Library will begin its annual booksale. Books donated by borrowers and books discarded by the Library will be sold. Also available will be some records. Hardcover will sell for 25¢ a piece and paperbacks for 10¢.

This year, instead of being in

the corridor, the books will be on the mezzanine of the Library. If you don't know how to reach the mezzanine, ask a staff member.

Proceeds from the sale will be saved for something special which the Library needs. Last year the Library was able to purchase an IBM Electric typewriter with money earned from two booksales.

### Look what we found! IN THE MAILBAG

Dear Sir:

Once more it is a pleasure to express to many people in the area appreciation for their co-operation in the recent blood-mobile visit, held May 23 at the Legion Hall. Legion members, women of St. Stephen's Church, Girl Scouts, Boy Scouts, Stewart's Ice Cream, and many public spirited citizens participated. The visit was successful, resulting in the drawing of 105 pints of blood. We especially appreciate the donors' willingness to give their blood. Also, thanks to the Spotlight for giving publicity to the project.

Sincerely,  
Dorothy McCall

### DECA Meeting Held

Area 9 Distributive Education Clubs of America held its Annual business meeting on May 16 at the Mohanzen High School.

Bethlehem Central representatives who attended were: Susanne Jenks, Cathy Link and Anne Peterson. They were accompanied by Robert A. Pierson, Coordinator of Distributive Education at BCHS.

During the meeting the election of officers for President, Secretary and Treasurer was held. Susanne Jenks was elected Secretary for the coming year.

### Here's Some Answers

The following question-and-answer information has been submitted by Ann Treadway, Director of Public Information for the Bethlehem Central School District, to provide district residents who haven't attended public Board of Education meetings with answers to some questions which have been raised.

**Q:** What is the Board of Education's top priority in developing a budget?

**A:** To provide as good an education for our children as we can. All of the present Board members have, or have had, children in Bethlehem schools, and we are dedicated to maintaining — and improving — the quality of education for which this district has long been known.

**Q:** Won't the quality of education at the Middle School be impaired by cutting the staff there by eight teachers?

**A:** We are convinced, after months of deliberation, that the staff cuts reflected in the pro-

posed budget will not adversely affect (and will in some ways improve) the educational program to be offered Middle School pupils. Class size and teacher-pupil ratios will remain virtually the same. (The teacher-pupil ratio will go from 1-14 to 1-15). While the size of each team will be increased from about 100 pupils to about 120 pupils, there will be five instead of four teachers assigned to each team. The fifth team teacher will be an exploratory arts teacher, (art, music, home-making, etc.) which will allow for better integration of the curriculums in these subjects with the four core subjects.

Middle School teachers will be spending more classroom time with their pupils than during this year, but there is no extension of their school work day.

**Q:** We can expect some residents of the community to vote against the budget simply be-

cause it does call for a tax rate increase, but now you will have people voting against it because it cuts staff and they don't think this should be done. Haven't you proposed a budget that makes you vulnerable from both sides?

**A:** We have adopted a budget that is an honest representation of what we believe will maintain high quality education at the lowest possible cost to taxpayers. This is the first time in three years we have proposed a budget calling for any tax increase, and this year's increase is a lower percentage than the increase in the Consumer Price Index.

Without cutting staff, we would have had to ask voter approval of a tax rate increase of about \$15 per \$1,000, instead of about \$8 for Bethlehem residents. While some persons would willingly pay more in taxes, we are well aware that we represent the entire com-

munity and we have tried to be fiscally responsible to all segments of our community.

**Q.:** What will the Board do if this budget is defeated?

**A.:** When a proposed school budget is voted down by district residents, a Board has three options: Re-submit the same budget for another vote, adopt and submit a different budget, or adopt an austerity budget and give residents the opportunity to vote on non-State-mandated budget items such as equipment, inter-scholastic athletics and library books. The Board has not discussed which option it would choose, but believes this budget is as realistic as possible and the resubmission of another budget is not a strong possibility.

All voters should understand that when a budget is defeated, for whatever reasons people vote against it, these are the only options available. Re-instatement of the eight Middle School teaching positions could only come about by a successful vote on that as a separate proposition. As of May 31, no one had petitioned the Board to put this on the ballot as a separate item.

**Q.:** Many of us who are parents feel that discipline standards in our schools are not what they should be, and that small numbers of disruptive pupils are harming the others academically and socially. Can we help the school staff in an attempt to set up some firm and effective guidelines relating to discipline?

**A.:** Any suggestions from parents on this topic are more than welcome. This is a complaint being heard these days throughout our society, but we recognize your concern and appreciate your input. (This response came from Dr. Zinn.)

**Q.:** Will there be a Boys' Glee Club at the Middle School next year?

**A.:** Yes. (The Board made this decision after the question was raised at the May 22 meeting).

School District residents who have other questions are urged to call the Hotline, 439-4921, Ext. 268, any weekday morning, or any member of the staff who would be most knowledgeable on the specific subject. All residents are also invited and

Researchers in Michigan are looking for a drug that will lower body temperature to about 86 degrees. They say it could lead to a 200-year life expectancy.

Never store medications in an auto's glove compartment. Temperature there can reach 150 degrees, and some drugs may decompose in heat. (Of course you discard outdated prescriptions, don't you?)

You can count on prescriptions compounded at New Scotland Pharmacy. Our pharmacists use the freshest drugs and pharmaceuticals, kept at proper temperatures.

### B.C.: School Board Election

**John H. Clyne**, 16 Burhans Place, Elsmere, this week filed signed petitions nominating him for re-election to the Bethlehem Central Board of Education.

Clyne reiterated his opposition to the School budget presented for voting on Wednesday, June 12th, and urged defeat of the proposed budget. He stated that the Bethlehem Central schools already have the highest cost-per-pupil of any public school system in the area. And the proposed tax increase will raise the tax per thousand of assessed valuation almost \$10 per thousand in Bethlehem, and well over \$20 per thousand in New Scotland and Clarksville.

**Ann Patton**, who has been a member of the Bethlehem Central Board of Education for 3 years, has filed a nominating petition for a new, five year term to be filled at the election on June 12.

Mrs. Patton currently serves as vice-president of the Board and is its only woman member. She has also been the Board's delegate to the New York State School Boards Association.

Mrs. Patton and her husband, Robert, live at 57 Tamarack Dr., in Delmar. Their children are Susan, a student at SU College at Geneseo and Duncan, a ninth grader at Bethlehem Central.

**I am receiving Federal Compensation as the result of my husband's death two years ago. If I marry again, will I lose this compensation?**

## Answer:

If you should remarry you will be entitled to receive twenty-four times your current monthly compensation payment. This change was made to the old law by the 1966 amendments to the Federal Employee's Compensation Act.

If you have children receiving compensation, the amount each child receives terminates at age 18. This amount may be extended however to age 23, if the child continues to be a student in a regular full time school or college, or until marriage.

The show will be a three-day event beginning June 14, 3:30 to 9 p.m., Saturday, June 15, 10:00 a.m.-5:00 p.m., and Sunday, June 16, 12:00 noon to 4 p.m.

There is no admission charge and the public is invited to come and have fun reading their sign and help the club celebrate its 10th Anniversary and the 50th Anniversary of the federated Garden Clubs of New York State, Inc.

#### Join T.I.E.

T.I.E. (To Involve Everyone) is a community program in the Albany area for youth and a project of the Young Women's Christian Association of Albany. T.I.E.'s purpose is to contribute to positive youth development and create an on-going relationship between residents of various communities. T.I.E. matches youth 6-18 years old who live in the Albany area with volunteer families of similar human interest, with a view to insuring the youth with a profitable experience in growing up.

T.I.E. volunteer participants make arrangements with a youth participant for visits and activities alone or on occasion with a family. Because T.I.E. is an experience in human sharing, youth can often be guided toward changing their life styles and ambitions. T.I.E.'s objectives are to help youth view themselves in a positive way and further stimulate their efforts to greater achievement.

T.I.E. seeks volunteers who sincerely feel they want to participate on a continuing basis and have an on-going broad commitment.

## Booster Drive

Saturday, June 8th is Booster Drive day for the Bethlehem Babe Ruth League. The baseball players dressed in uniform will be canvassing our town distributing their 1974 programs and soliciting your physical and financial support.

Delmar Car Wash supports Babe Ruth Baseball through a special offer. Have your car washed for regular price and \$.50 will be given to Babe Ruth League. "Special" flyers have been prepared and will be distributed during the Booster Drive on Friday, Saturday and at some of the games early in the season.

The Babe Ruth League is comprised of seven teams with 15 boys on each. The season opens on June 12th and runs through August 2nd. Games are played at the Middle School.

## Workshop Scholarship Fund

Through the Heldeberg Workshop scholarship fund, many generous individuals in the tri-city area have made it possible during the last six years for young people in rural, urban, and suburban communities to attend the Heldeberg Workshop. These youngsters, whose families cannot afford the luxury of summer camp or travel to new surroundings might have spent the summer sitting around and longing for some interesting way to spend their vacation time. Instead, they were able to attend courses at the Heldeberg Workshop, where they acquired skills in pottery, or weaving, or typing, or learned more about science, or had fun in the ever-popular judo and model airplane classes. In answer to a recent letter sent to former scholarship students, many described how much they enjoyed Heldeberg experiences and expressed a desire to further their skill in a particular area or to learn a new one this summer. Each student submitted the names of other youngsters who might also benefit from the program.

In order to be able to continue the scholarship program which has helped so many youngsters to develop new talents and interests, we must turn to you for support. We are fully aware that inflation has caused many people to curtail unnecessary expenditures but we needn't point out that the government has also curtailed its expenditures and has stopped supporting educational and recreational programs that flourished with government assistance several years ago. Therefore, we must ask the public to support generously a worthwhile ongoing program like this one.

The cost of a scholarship, which includes registration fees, tuition, materials, bus transportation, and field trips, is \$70.00. Your contribution of a full or partial scholarship will be highly valued by scholarship recipients. All contributions are tax deductible.

Dear Mrs. Fuller:

I was shocked and saddened last month to read the news of the passing of your husband LeVere, and want to extend to you and your family my deepest sympathy in your loss.

While I never had the opportunity to know him well, I was always deeply grateful to him for the very generous things that he said about me in his column in the Spotlight from time to time, even though we were not of the same political party.

In fact, ironically, he had made some very friendly comments in one of the last issues of the Spotlight that he edited, and I was in the process of dropping him a warm thank you note when the news of his passing reached me.

He added a wonderful sense of warmth and friendliness to the paper, and I am sure its success in the community was due in no small measure to his leadership.

We will certainly miss him indeed in the entire Capital area.

Sincerely yours,

Mrs. LeVere L. Fuller, Jr.

afflicts between 100,000 and 250,000 Americans — tragically, in the prime of their lives — between 20 and 40. It is a progressive 'disease' of indeterminate origin which occurs more often in cool climates than in hot ones. There is no cure and very little effectual medical treatment.

A drive has commenced on the local front against this dread crippler. Local chapters will be collecting up to Father's Day. Many volunteers will be ringing doorbells in your neighborhood during that period of time.

We believe this is a drive that deserves the attention and support of every citizen.

It has been estimated that MS costs the nation \$2 billion each year. What it costs the hundreds of thousands of American patients and their families in distress and disrupted lives is inestimable.

The local MS chapters are part of the only national voluntary agency supporting worldwide research into the causes of this chronic, crippling disease.

In our opinion this is indeed

a worthwhile organization. Its cause is just, its operation sound and its need urgent.

We urge you to contribute.

#### A Typical School Day in the Life of a Pioneer Child... At Elsmere Elementary, Mrs.

Paige's 4th grade class has been busily working on a pioneer unit in social studies.

The children decided to relive a typical school day. The classroom was stripped of materials and in their place were bare walls.

Groups of children did research on the school day: lessons, behavior, games, clothing, and food. Full size stocks were built, dunce caps were made, and colonial antiques were gathered.

The program was then given for the parents and different classes.

All in all, it was a fun way to learn about pioneer life.

fast, according to Parks and Recreation Commissioner Alexander Aldrich, an accomplished boatman.

As anyone who has ever fallen while water skiing knows, water is pretty solid stuff — and pushing a boat or dragging your body through it uses a lot of energy, particularly when you are moving fast. Reducing a boat's speed can save a lot of gasoline. In fact almost a quarter of the fuel can be saved by running at the most economical speed (only a few miles per hour less) rather than at full speed. On this basis the saving boatman could make five trips for the price of four.

So the most important fuel saving advice is to avoid high speed operation. Throttle back to the most economical speed, usually just above planing speed.

Other hints for saving fuel (and reducing costs) are:

Use tides and currents to maximum advantage. Plan your trip so the current is with you, if possible.

Distribute the passenger load to permit the lowest possible planing speed.

Do not idle engines for any extended periods of time when not necessary.

Keep engine tuned for peak efficiency, air filters clean, and use the proper grade of fuel for your engine.

Check the boat's bottom for marine growths which slow operation and waste fuel.

Keep fuel tanks full as possible (avoiding evaporation and condensation).

## Shea Stadium Trip Scheduled

On Sunday, June 9, the Albany YMCA will be sponsoring a trip to Shea Stadium. An air conditioned coach will leave the YMCA parking lot located at 274 Washington Avenue, at 10:30 a.m., and journey to see the New York Yankees play the Minnesota Twins. The trip is open to both members and non-members of the YMCA.

The trip will be under the supervision of Terry Jandreau, Director of YMCA Day Camp Mohawk. The cost of the trip is \$15.00, which includes transportation and a box seat. Because the day of the trip is also bat day at Shea, every boy and

girl will receive a free baseball bat, compliments of the New York Yankees.

The deadline for registration is Saturday, June 8. The trip will be open to the first forty people who sign up. For further information, please contact the Albany YMCA at 449-7196.

## "Not For Women Only"

An exciting five-part series entitled "Smoking" on the Barbara Walters' "Not For Women Only" television show will be broadcast during the week of June 6 on WTEN it was announced today by Mr. Calvin Francisco, Public Education Chairman of the Albany Unit of the American Cancer Society.

Barbara Walters is moderator of the show and the panelists include Terrence McNally, the noted playwright whose current hit Broadway play, "Bad Habits," was inspired by his efforts to stop smoking; Dr. Luther L. Terry, American Cancer Society consultant on tobacco and health and former Surgeon General of the United States; and Dr. Daniel Horn, Director of the National Clearinghouse for Smoking and Health.

## "Hi — Goodbye"

A little boy who lives below our house,

Plays on his porch, and talks to all who pass,

His childish speech is brief, and to the point,

With pleasant grin he hollers: "Hi — Goodbye"

Sometimes we wish our friends would be as brief

When talking on the phone and dinner's in the making —

We hem and haw and stall around

When in our hearts we'd like to say: "Hi and Good-bye"

like the little boy who takes so much pleasure in showing off

his new found words!

### JOTTINGS

by  
Joni

There are thousands of women in the United States who are concerned with an alcoholic problem. If you are one of these women and would like some help, the Dominican Retreat House for Women is sponsoring a weekend program scheduled for June 28-30. This special program is designed to help each woman come to a fuller realization of her life with God, with herself and with others, so that she can handle the problems that are very real in her life.

Make reservations by contacting: Sister Madeline, O.P. Dominican Retreat House, 1945 Union St., Schenectady, N.Y. 12309 or call 518-393-4169.

### Golden Wedding Anniversary

Carroll and Irene Greenman celebrated their 50th Wedding Anniversary on June 4. Festivities included an open house at Center Inn.

The Greenmans came to this area from Western New York and have been active residents in the Albany area for the past 50 years. As members of Trinity Methodist Church, Carroll has served as Trustee, Lay Leader, Pastoral Relations Committee and Chairman of Memorials and Bequests; Irene has served as President of the Women's Society and Treasurer of the Albany District.

## MOVIE REVIEWS

### Thieves Like Us

Director Robert Altman's (Mash) entry in the Bonnie and Clyde sweepstakes, is inventively directed, visually striking and marvelously acted. It's about a young bank-robber and his girl as he pursues his craft a step ahead of the police.

Thieves Like Us recaptures precisely the sleazy, down-at-the-heels quality of life during the depression. Radio commercials are used instead of background music and the inarticulate girl says "that's pretty good" to express wild enthusiasm.

The movie is so well done that we feel surprising sympathy for these two empty people.

### Love and Anarchy

A new Italian film about a terrified would-be anarchist, and the few days he spends while preparing to assassinate Mussolini.

Most of the action takes place in an Italian bordello. One of the prostitutes is a dedicated anarchist, and she helps him, sandwiching his problems between her regular chores. It is, of course, earthy and profane but not explicitly sexual. It's also surprisingly funny.

### Book Fair

Book lovers will be glad to know that the fifteenth annual Unitarian Book Fair — the largest used book sale in Northeastern New York — will be held on Saturday, June 8, at the Delaware Plaza Shopping Center. There will be thousands of hard-cover and paperback books for sale — fiction, famous authors — all at bargain prices.

### Love In A Manger

Now is the time to think the God-way,  
Now is the time to believe and pray;  
Now is the time our love to expand;  
To extend to our brother a helping hand.  
Now is the time to think beyond self.  
Of Love in a manger, and not of self.  
Now is the time to create Peace on Earth.  
As we commemorate our Saviour's Birth.
