# From One Gas Customer To Another

Niagara Mohawk provides 419 thousand homes, businesses, and industries with natural gas.

But—Niagara Mohawk has no gas of its own.

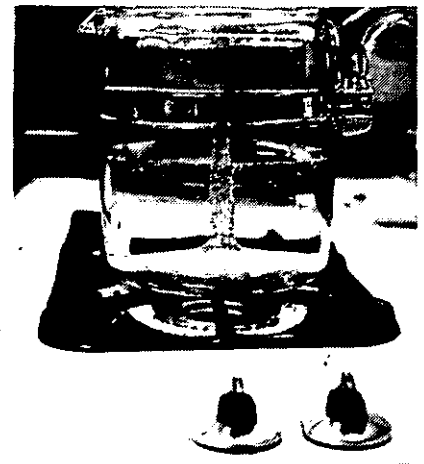

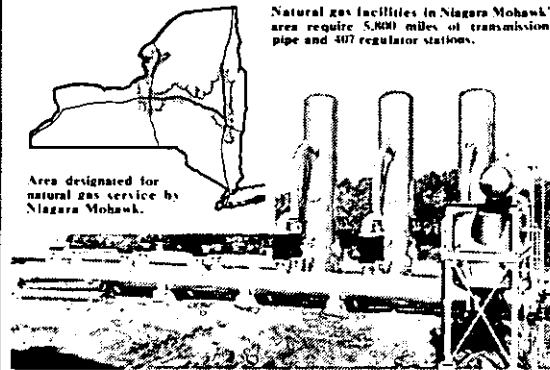

**We have to buy it too.**

We buy all our natural gas from Consolidated Gas Supply Corporation which in turn has varied sources of basic supply. By contracting with them, we assure our customers of a reliable source.

Our responsibility is to purchase this bulk natural gas and re-deliver it efficiently and safely to heat the homes and serve the businesses in an area designated by the State's Public Service Commission.

Industrial needs account for 11% of Niagara Mohawk's natural gas sales, vital to the area's economic health.

63% of Niagara Mohawk's natural gas supply is for residential use.

Being a major customer for natural gas in bulk presents both advantage and disadvantage to Niagara Mohawk:

**Advantage:** By contracting with a dependable supplier who constantly and aggressively seeks new natural gas supplies, we in turn have historically been able to support area growth.

**Disadvantage:** Prices for natural gas are outside our control. When a price increase is authorized by a Federal regulatory body, we have to pay it, and then recover the increased costs from our customers.

**Disadvantage:** Niagara Mohawk is not always permitted to sell all the natural gas it can get. We are bound by strict and changing government regulations which determine how much gas can be provided for certain types of customers and even for what purpose. Limitations of supply cause problems for builders and industry, with area business and industrial growth and jobs often adversely affected.

The complexities of natural gas supply are often hard to understand. Why do some areas have shortages while others have an excess of supply? Answers depend on many factors, such as *performance of the supplier, demand in the area, the weather, the economy, and, even the public response to conservation efforts, among others.*

**Niagara Mohawk emphasizes three points:**

1. We serve only as a distributor for natural gas, completely dependent upon others for supply
2. Our costs for natural gas are based on supply-and-demand factors, together with U.S. Government price controls. Some pricing has been permitted to rise to encourage exploration and development of new gas sources.
3. Niagara Mohawk will continue to provide all the gas it can get and is permitted to distribute under Federal Power Commission end-use restrictions or within guidelines established by other regulatory bodies.

**Natural gas is essential to comfort and health. It's pollution-free and efficient, and, because of those advantages, it contributes to the area's economy, employment, and future prospects.**

**We are fully aware of the importance of a continuous natural gas supply. And, as one customer to another, you can be sure we'll continue to buy and deliver all we can get.**

## NM NIAGARA MOHAWK

Because of the complexity of the subject Niagara Mohawk's 210 thousand shareholders will periodically discuss supply, controls, and prices of natural gas for better customer understanding.

## Bethlehem primary a real yawner

A five-way race for the Democratic nomination for U.S. Senate and the first Republican primary contest for a major office in many years hit Bethlehem voters with the impact of a falling leaf.

Only 1,475 registrants were moved to cast ballots, less than 10 percent of the major parties' enrollment in the town and a far cry from the 11,800 who pulled levers in last November's local elections.

The apathy was evenly distributed: 744 Republicans and 731 Democrats turned out in the town's 21 election districts for last Tuesday's voting. Local Democrats, who made substantial gains in both numbers and enthusiasm in the last two town elections, stayed away from the booths in droves despite the excitement of Bella Abzug and Daniel Patrick Moynihan. As it was, Moynihan carried Bethlehem by six votes, 286 to 280, in unofficial returns, but Ms. Abzug won 10 districts to Moynihan's eight

with three districts tied. The dead heats were as much symbolic as mathematical as poll workers tried to stay awake.

For the record, incumbent GOP Sen. James L. Buckley won by a 2-1 margin against Rep. Peter Peyster, and the Democratic also-rans were inconsequential: Clark 126, O'Dwyer 27 and Hirschfield 12.

#### Diet Workshop session

Mary-Anne Bush will speak on "A Four-Letter Word for Love — Food" at a meeting of the St. Matthews Altar Rosary Society in Voorheesville Monday, Sept. 27, at 8 p.m.

#### Brewers transferred

Maj. and Mrs. Jack Brewer of the Salvation Army's Albany divisional headquarters have been transferred to Tulsa, Okla., where Maj. Brewer will serve as city commander and his wife as director of women's services.

The Brewers have lived in Delmar since February, 1975. Maj. Brewer has served as divisional secretary for the Albany division's 23 counties. They have three children, Mrs. Martha Jewett of Las Vegas, Nev., Rebecca in the Salvation Army Officer's Training School in Suffern, and David 15, all involved in the Salvation Army service.

#### 393 DELAWARE Project deadline facing planners

Bethlehem planning board is expected to formalize approval of the preliminary plan for a 13-lot section of the sprawling 148-lot Bicentennial Woods subdivision at next Tuesday's session in the town hall board room.

Officially the developers' plan is tabbed Section I of Bicentennial Woods Extension No. 1, which represents, in effect, the tip of the iceberg. The BW subdivision has dragged through more than six months of procedures, revisions and hearings, but preliminary grading and clearing has been underway for some time.

The newest flap came when the developer, William Ragnella of Douglaston, L.I., sought to start construction on a small segment instead of the whole plan. This brought the planning board's attorney, Earl S. Jones Jr., to center stage. As a result, most of last week's session was devoted to Jones' interpretation of what the board's prerogatives are when a developer petitions for piecemeal approval of a vastly larger overall plan.

Jones told board members he felt the board could grant conditional approval to sectional applications provided the overall plan had been conditionally authorized and filing deadlines satisfied, and provided the sectional plan was, in effect, compatible with the overall plan. Because Ragnella's sectional plan appears to differ little from the original configuration, the board is expected to waive any further public hearings on the project.

#### Top officials here for Job Corps

High-ranking officials of the U.S. Labor Dept. and the Job Corps were expected in Bethlehem earlier this week. A report from Washington indicated that they would visit the vacant Our Lady of Angels seminary for an inspection of the water and sewage disposal situations, and possibly confer with Supervisor Harry H. Sheaffer at the town hall in Delmar.

The contingent was expected to consist of Pierce A. Quinlan, director of comprehensive employment development for the Labor Dept., John H. Stetson, national director of the Job Corps, and Reuben Friedman, associate administrator of the Job Corps' New York City regional office.

#### GLENMONT

#### Heluva decision by zoning board

Cheese Joint Inc. of Sodus, Wayne County, has been granted a variance to go ahead with construction of a cheese products distribution center at the junction of Rts. 9W and 32 in Glenmont.

The Bethlehem board of appeals approved the firm's petition to construct the proposed refrigeration, storage and distribution center with a 10-foot side yard instead of the required 25 feet. The board determined that the narrower strip would not hinder use of the Niagara Power Corp. property next door, and granted the petition on condition the building be completed within one year.

The firm manufactures the Heluva Good Cheese product line.

## Heirloom Day' appraisals set

Tri-Village residents among the 2,500 persons who took advantage of Heirloom Discovery Day last year will have another opportunity Oct. 1-2 to find out just how valuable their family treasures are.

Seven professionals from the noted Sotheby-Parke-Bernet auction house in New York will be at St. Pius Church School, Crumitie Rd., Loudonville, from 10 to 4 on Oct. 2 to evaluate heirlooms and acquisitions for \$5 per appraisal. A patrons' cocktail party will be held Friday evening, Oct. 1, at the home of Mr. and Mrs. Thomas Wheeler, Springgate Rd., Loudonville, under the auspices of the event's sponsors, The Albany League of Arts and Historic Albany Foundation.

Last year a Slingerlands woman, Mrs. William Graves of Bullock Rd., discovered an English hunting bowl she had valued at below \$100 was worth \$500. Another woman considering the purchase of an oriental rug borrowed it for an appraisal and was informed it was of little value.

For information and reservations call 449-5380.

Ellen is a graduate of Bethlehem Central High School and State University College at Geneseo. She is a member of the First Reformed Church of Bethlehem in Selkirk. She will be teaching children of American missionaries in grades 1-3 and will help teach English to 120 Japanese children, ages 4-8.

**Paquin outlines cost reductions**

Guy Paquin of Clarksville, Democratic-Conservative candidate for Albany County clerk in the November election, has proposed a centralized photocopy/repro section using Senior Citizens staff people as couriers as a cost-saving device.

Paquin said his plan "calls for a drastic reduction" in the number of copying machines being used countywide by consolidating them into a central section in each county building. He estimates that the cost of the system can be reduced from the present \$90,000 to "less than \$50,000 annually."

In his statement Paquin also declared he would not seek or accept any increase in salary if elected to the post. He is opposed in the balloting by Paul Cardamone of Albany, Republican candidate.

## Sophomore back brightens Eagles

Bethlehem Central's football team is looking for two in a row when it goes against Catholic Central in a non-league game at Troy Saturday, but it won't be easy. Catholic Central beat Linton, 21-6, Saturday and showed one of the area's better backs in Mark Galuski, who scored twice and intercepted two passes.

The Eagles have something to cheer about also. They took a 20-8 victory at Niskayuna Saturday in the season's opener. Sophomore fullback Mike DeAngelis was a pleasant surprise when he scored two touchdowns while rushing for 67 yards in 12 carries.

Coach Art Ritchko said, "I was pleased with everyone." Ritchko felt that the attitude on the team this year is better than it has been in several seasons.

Bethlehem's defense was impressive considering the Eagles do not have enough players to scrimmage against themselves. Because of this, Ritchko felt that the defense may be slow getting started. One area of trouble that didn't show on the scoreboard was the secondary. On a couple of occasions a receiver was open behind the defenders but poorly thrown passes resulted in incompletions.

They won the top trophies Sunday afternoon at the middle school courts. The tournament's various events attracted 230 entries. (Details in next week's Spotlight).

**Bethlehem Central soccer players loosen up with some clowning before a pre-season practice: from left, Lorren Elkins, Steve Steele, Bill Brooks, Andy Waugh, Rick Mereu, Bruce Morgan.**

Bethlehem Central's perennial soccer powerhouse, nudged out of the Suburban Council title by Colonie and the Sectionals by Burnt Hills last year, is expected to be strong again this year. Coach Dale Walts and the Eagles' enthusiastic followers will find out just how strong when they face their moment of truth this afternoon (Thursday) in the home opener against Burnt Hills.

The real opener was on the road Tuesday against Scotia, not expected to be dangerous unless the boys were concentrating too much on the test against the '75 Sectional champions.

After losing nine of 11 starters from last year, Walts is not as badly off as most coaches confronted with such a disaster. The depth he has built up through the years is going to come into play this year: almost

the replacements are veterans of at least one year on the varsity. Although not starters, any of these boys have put in considerable playing time.

Offensively, Walts looks for strong scoring attack with a forward line of Bruce Morgan, Dick Mereu, Lorren Elkins, Dave Kuk and Vic Nerses. This group, he feels, could equal the output of the 1973 Section 2 championship forward line. Midfield will be handled by seniors Steve Steele, Bill Horn and Andy Wall as well as Dan Weinberg, a junior. The defensive backfield will contain John Meany and senior Bill Brooks at fullback and junior Tim Fitzgerald in the goal. Walts, having already built a strong attack, feels that the key to his season will be "the ability that everyone has to make the transition from offense to defense rapidly when the ball is lost."

State American Revolution Bicentennial Commission (NYSARBC) will assume his new position Jan. 1.

Originally from Connecticut, Dr. Tucker received a Ph.D. in Colonial American history from the University of Washington, Seattle, in 1957. He has taught at the University of California, the College of William and Mary and the University of Cincinnati. From 1966 to 1976 he was with the New York State Education Dept. as assistant commissioner for state history and state historian of New York.

### Youth employment hours resumed

The service is a referral employment service for young people aged 14 through college age. Would-be workers sign up at the Youth Employment offices, in the old town highway garage on Adams St. next to police station. Calls for jobs

Among 4-H members who made items for display were Susan Parker, Judith Parker, Pam Osterhout and Michelle Safford of Delmar, Diana Kleinhans, Debbie Kleinke and Terry Kleinke of Glenmont, Heather Dunkerley, Nancy Stahl and Ralph Stilan of Slingerlands, Kathy Mineau of Feura Bush and Melinda Hoffman, David Carver, Kenneth Hunter, Cassandra Lockrow and Phyllis Kendall of Voorheesville.

## Dolphin natators in state meet

Delmar Dolphins brought home medals and ribbons from the New York State AAU championship swim meet at New Paltz, the last big splash of the summer season. The busy swimmers and divers now get a rest until late October when practice starts for the winter meets.

Robin Neff added two golds in the state meet, taking the 50-meter freestyle and 200 individual medley in girls' 9-10. Donna Schulz won a silver in the 100-meter backstroke and an 8th in the 100 butterfly.

The Dolfin 9-10 boys relay team of Scott Apicelli, Tom O'Connor, Doug Schulz and David Young was second in both the 200 free and 200 medley relays. Scott had a 6th in the 50-meter butterfly and Doug had a 3rd, 4th, 6th and 7th in four other events.

Delmar's 13-14 boys relay of John Nyilis, Drew Hyde, Sam Neff and David Propp placed 4th in the 400 meter free (4:36.15), David also placed 6th in the 100 meter breast.

## Job Corps will activate Glenmont

After a 20-week moratorium purported to allow community opposition to cool, the U.S. Dept. of Labor has decided to proceed with plans to establish a Job Corps youth rehabilitation center in the vacant Our Lady of Angles seminary in Glenmont.

The department has set Oct. 7 for action on a contract expected to be approximately \$1,750,000 to administer the center for 275 youths of both sexes between the ages of 16 and 21. The bidders are the Singer Corp., American Technical Assistance Corp. and International Telephone and Telegraph Corp., all private corporations.

The Spotlight learned Monday that the decision to activate the Glenmont project was made last week in Washington by Assistant Secretary of Labor William Kolberg. The Spotlight's information came from a Job Corps official who requested that his identity be protected, and after part of this week's issue had been printed.

Bid specifications call for a staff of 92, including nine security guards for round-the-clock surveillance, nine kitchen staff, four counselors and the remainder making up the administrative, instructional, maintenance and dormitory monitoring staff, the source indicated. The center is expected to be in operation by March.

### Camera Club open house

Delmar Camera Club will start its fall season with an open house Tuesday at St. Stephen's Church parish hall, Elsmere, from 7-10 p.m. The program includes color slides, an exhibit of black and white and color prints, and a showing of camera equipment.

Delmar Postmaster Henry Betke said this week recent late-arrival of local mail was due to a realignment of postal delivery routes assigned local carriers.

An occasional Spotlight  
commentary on the world of  
radio, TV and newspapers

By Perry Galt

This edition of occasional doggerel under the heading above was intended to be on an entirely different theme. Instead, it has been preempted by the strange attitude of the Knickerbocker News' editorial hierarchy on the Glenmont Job Corps donnybrook. Despite the continuous concerns of the neighbors in the river communities, an overwhelming majority of Bethlehem citizens are either weary of the whole business or indifferent to it, mostly because it's far enough removed geographically from Delmar and Slingerlands to be easily dismissed.

In the midst of all this, where the battle lines have long been clearly defined and solidly stalemated, along comes the Knick with a journalistic naivete that hardly befits a once-respected journal in a major U.S. capital. Hence the prose originally intended for this space must wait while we have a little fun with the Knick's knack for making itself so vulnerable.

There were two texts last week that caused the paper to look so funny. On Thursday there appeared a by-lined report by Sam Stratton that Knick editors billed as "excerpts" from the trial-run proposal script Stratton had issued to the press eight days earlier. The proposal got scant attention from the press originally mostly because it was a bit moldy from a previous exposure a month earlier, when it was disregarded not only by the resident constituency but by the U.S. Dept. of Labor in Washington. Just why the

Knick chose to regurgitate this week after Bethlehem Superior Harry Sheaffer had dismissed it as "showboating" remains a mystery.

Then, apparently unaware of how silly it looked to espouse a position everyone else had left for dead, the very next day the Knick stubbornly came out with an editorial that led off with this pronouncement: Representative Samuel S. Stratton has come up with an eminently sensible solution to the dispute in Glenmont . . .

If the government changes its mind — not unlikely — and takes Stratton's suggestion, the Knick will look golden and it will be the Labor Dept.'s turn to look sheepish — pouring some \$2 million of taxpayer money into an experiment with a 50-50 chance at best.

Top-level Labor Dept. and Job Corps officials were due in Bethlehem this week, presumably including the town hall in Delmar on their agenda. It will be interesting to see whether the Knick, which has not sent reporters to cover spot developments all summer, will assign a reporter — or the editorial policy-maker — to the Job Corps official visitation this week.

Overall, the Knick seems to

have made an interesting choice: deciding to espouse the moral concept of the Job Corps over defending the sentiment and interests of its own community. All the while it has swallowed whole the government's tailored story instead of investigating the accumulating evidence of Job Corps mismanagement, waste and inability to achieve even a small percentage of its goals.

**Short takes:** One of the best lines of the month was WABY's on the GE-PCB river pollution settlement, "The legal action is over but the malady lingers on" . . . Linda Rosenblatt, the Times Union's Bethlehem reporter for the past two years, has resigned to take a job with the Albany Service Center of the New York Educators Assn., a teachers' union . . . Rip Rowan of Channel 10 Action News reporting on Charley Finley's reaction to Minnie Minoso's activation by the Chicago White Sox: "Finley, not to be undaunted . . ." which might be the classic non-sequitur of the month (is John Maguire listening?) . . . alongside the NBC network commentator who described a "new scientific innovation" on the Viking lander. Let's be thankful it wasn't an old innovation.

### That famous curve

Editor, The Spotlight:

Once again someone has driven too fast down New Scotland Rd., missed the Bridge St. curve, and mowed down grass, reflectors and a fire hydrant. This most recent person pulled away Sunday night (actually Monday morning), drove off up the wrong side of the street and barely made it around the Maple Ave. curve.

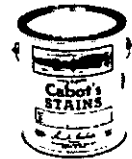

As a resident of this neighborhood whose reflexes are now patterned to hear the squeal, wait for the crunch and call the police, I urge that a self contained blinker light unit be installed at the approach to this curve. It is too bad that a few drivers have so little self-control that they can't safely negotiate what hundreds of others do manage safely every day. Since there are several accidents in this area every year, we who live there ask for additional protection for ourselves and our property, the pedestrians who use the sidewalks and other drivers whom only fate protects against collisions.

Reflector poles have just been replaced by the state, but a caution light might contribute that extra amount of warning so obviously needed by the too-fast driver.
